School bus drivers study latest road regulations at forum

Sixty-three school bus drivers and custodians of Edson School Division spent last Thursday in panel discussions and forums on how to more efficiently do their important jobs. The meeting took place in the Evergreen elementary schools.

Directors of highway safety education MacKay and Jones of the Department of Highways gave pointers on highway rules. Later the drivers, prospective drivers and prospective bus owners sat down to write a test on their familiarity with the regulations.

The custodians held panel discussions on how their work could be streamlined and joint discussions on individual problems brought forth group answers to the problems raised.

Mr Harry Quarton, assisted by trustees and administration staff of the division participated in all the discussions.

One highway problem that particularly intrigued this newspaper was that presented by a bus driver who is trying to get a truck following him to pass BEFORE the bus has to stop.

Quite often drivers reported that truckers followed them and speeded up to pass just as they were prepared to stop. Most drivers say they slow ahead of their stop allow following traffic to pass as far as possible from the bus stop.

THE MORE THE MERRIER and so it was at the McCallum house on 8th West this Christmas. Mrs. McCallum we are sure will always be remembered by these children for the time they have spent at her house—and vice versa. From l to r are the Lawrence children from Niton, Jimmy 9, Johnny 12, Sonia 11, Henry 5, Linda 8, Peggy 10. Under the tree is Carl Ostlund of Ft. Nelson 4, Kenny Lawrence 6, Karl's sister Lorna Ostlund 3, and Garry McCallum. The Ostlund children have been at the McCallum's since last April and will remain there indefinitely. The Lawrence children came to stay with them early in December. "We have a gay time," says Mrs. McCallum, "it's not often you hear a clock tick in our house." Your fellow Edsonites are proud of your hospitality, Mrs. McCallum.

First baby of year waits till January 4

The first baby of the Year was a girl born to Mr. and Mrs. Ed Barbaszuk (nee Ann Allwitor) on January 4th at 4.30 a.m.

The merchants of Edson have been very generous with their gifts and the 7 lb. 11 oz. little girl will be well supplied with the things a baby make use of.

Gets radio from Calgary Power

The Calgary Power Office was entered over the New Year weekend and a Sony Transistor Radio was taken.

Would the youth who "borrowed" this please return it before charges are laid.

No accidents over holidays

In spite of the festive celebrations and the slippery road conditions there were no serious accidents or injuries reported in the Edson district.

MAYOR W. E. BRUNELL hopped the polls during 1960 election

HIGHLIGHTS OF THE YEAR 1960

Probably the highlight of 1960 for the district was the opening of the Parkland Lodge for senior citizens. Another notable thing about the year just past was that our local economy pretty well held its own. Some businesses report a modest increase, but most show a slight decrease or say they were about the same as last year.

Job seekers had a little tougher time getting fitted in, but unemployment at the end of the year did not vary too greatly from the previous year end. The nearly 100 jobs abolished or transferred from Edson by the railway during mid-1959 had some effect on the town, but Edson seems to have rolled with that punch and even gained a little. Tax collections were about the same as '59, in spite of business being a bit pessimistic.

During 1960 there were human interest stories like the following:

Robert Stittsenberger 7 lbs 2 oz. the son of Mr. and Mrs. J. Stittsenberger was the first baby of the year at St. John's Hospital. Ins put in his appearance at 3.10 Jan. 1st. Harry Wilson retired from the CN service New Year's day.

The first rock was thrown on Edson's artificial curling rink ice by A. R. Murrell don. Norm Willmore claims "misquoted" on 100 card poly quota cut. Province announces money available to pave five blocks of Edson streets.

At end of January Obed Lumber Co. suffer loss of garage and cats. Funeral services were held for Melville Hearns and Jonas Johnson who died in January.

FEBRUARY

Edson Town is in good shape the ratepayers were told by Mayor Kaskewitz and Council at the annual meeting. Donald Alan Taylor, 22, killed in car accident near Edmonton. Funeral service held for Mrs. Joe McNaughton. 68 Mrs. Mary Anne Wynne, 80, dies. The Western Signal ceases publication and absorbed by The Leader.

MARCH

Lands and Forest Minister tells pulp cutters they can't expect living from the "Edson corridor" — a strip 30 miles deep from Marlboro to the Mc Leod River. Macaro rink double winner in Edson bonspiel. Department of Transport think airstrip here all right.

John N. Raley 77, dies. Ed son Hotel and Owen's Service Garage destroyed by fire within four days. Kin Karon val well attended in spite of cold weather. Bill Antoniuk, last Edson carman, retires from CN. The Stan Brennens won the "Irish" and Ukie G's Evergreen elementary school was officially opened.

APRIL

Town budgets for $15,000 deficit in spite of a 9 mill increase. Funeral services held for Walter Heabi Dar lene Weywitka wins Oddfellow Rebekah oratorical contest. Community pays tribute to Mrs. M. Proffit, 64. J.R. Lisle, 23, killed in Coalspur car ac cident. Harry Hollings re tires from CN service.

MAY

Edson Gold Club makes start for season. Thomas Gow die, 80. James Walker 43, die in Edmonton. Arena modern ization tops poll for recreation grant use. Harry Dickout, 71 buried at Camrose. Funeral services held for Mrs. Annie MacKay 68. Gary Rybicki top boy orator for third time. Preliminary discussion on Windfall road reports Hon. N. Willmore. Thomas Dwyer 64, dies at coast. A. H Dahlin presented life membership in Athletic Association. Sandy ed Construction low tender on west highway stretch.

JUNE

Mt. Robson picnic again suc cess. Largest grade 12 grads seing class in Edson history honored. Mrs. Gelnicki wins car at Legion open air bingo. Kinsmen swimming pool open ed for second year. Raising school roofs unbearable Utili ties Commissioners told at hearing. Search parties fail to find Ernest Drumm, 62, lost in bush north of town. Funeral services for V. Kulig 66. Wil liam Puff 91, dies in city. Business men decide to Edson race track. Teacher wage talks reach impasse of local level Mr and Mrs. Bill Welch mar ried 50 years. Announce per very for Windfall road.

JULY

Hinton take first money at Edson's July First tourney. Funeral services held for George T. Harrison 63, and John Varadi 54, Frederick C. Hoppe, 73, and William Bol ton, 77. Mr and Mrs. Geo Stelter of Beaverlair celebrat ed 50 years of marriage. Hundreds of swimmers using Edson pool. Edson all braced for rodeo week coming up. Storm sewers started on Main.

AUGUST

Grounds and new race track get final touching up for rod eo. The rodeo itself proved to be a crowd pleaser and cost three previous years, by far. Community shocked at tragic death of Ernest Bokey, 41. Edson fans enjoy after noon of stock car racing. Health Unit dental clinic op erating in town for first time. Optimist International presi dent visits Edson. Mayor Kaskewitz presides at last Council meeting before ren ted to city. Young Edson swimmers win 18 ribbons at Jasper.

Diary of a Vagabond

By DOROTHY BARKER

Another gay, noel, exciting yuletide season has added into the limbs of memories. Weeks of shopping, cooking, trimming the house, wrapping presents and of fun summed the identity of all Christmases past. The smell of spruce, pine and stuffing still hangs in the draperies. Now and then the vacuum cleaner picks up a bit of broken glass from where a tree ornament was shattered by the too eager hands of the newest member of the family, or by the collie Holly's great bushy tail which knocked it sailing into the farthest corner of the room, un-noticed in the hilarity.

I became aware once more of the split personality of this memorable time of the year when, after all the hubbub of preparation was over, I slipped into the last empty pew in our church and bowed my head in a prayer of gratitude that another year had come and gone and bestowed on our family the blessing of peace and plenty. Stained glass windows, reflected the glow from a myriad candles while the pungent fragrance of cedar and pine mingled with the odour of burning incense.

Only the squeeky sound of overshoes on newly fallen snow had broken the silence as Christmas eve as I walked home at midnight along our country road. I watched the gaudy colored lights that flicked every home dance in the reflection of sparkly snowflakes. As I trudged along, I reviewed the contents of a letter I had received which, I felt, gave purpose to my work as a columnist.

A year ago I wrote rather wrathfully about the tremendous popularity of war-like toys as reflected in a survey of purchases across Canada. At the time I made this plea to parents, I asked them to consider more constructive toys for their children rather than nature a taste for destruction. My correspondent reminded me of this column and asked if I had heard the result of this year's toy sales survey. Guns and all manner of military toys were at the bottom of the list. Constructive toys, sewing sets, art supplies and books headed the survey. "You had you can never assess what good your editorial might have done to awaken parents across Canada to the harm they might do in cultivating a warlike desire in the bosoms of their offspring, merely through their choice of toys. I know I, for one, returned a gun after reading your column." This letter was a gift I had not expected though every writer hopes, at some time during his or her career, to make a contribution through the space at their disposal toward influencing a better way of life.

And speaking of gifts, there was one under my tree that settled forever a family argument regarding the degree of respect children should show their grandparents. Or in my case, me. With the advent of the new baby girl into the family circle, my younger son claimed he wanted his daughter to early learn that she must respect fully call me "Grandma."

The three brims in the eldest son's family have always called me "Dot." I have been called worse.

Another gift, more tangible, was a letter from the majesty of "Silent Night" in the hallelujah joy of "Hark the Herald Angels Sing."

Following sweet, and familiar carols, sung by this large choir of parishioners, drifted from the majesty of "Silent Night" in the hallelujah joy of "Hark the Herald Angels Sing."

The slide rule

Williamson attributes much of his success to his having inherited a body-worn slide-rule which he lacks the intelligence to operate. He has long carried this around with him, taking it out casually and laying with it when it might do the most good. The thing having obviously been slid back and forth through years of complicated figuring, Williamson says that it has quietly established him as having a powerful intellect. Of course there has always been the danger that somebody might ask him to use the slide rule to make some calculation, but this was a necessary risk.

A couple of times, when somebody looked as though he would ask, Williamson has had to drop the thing on the floor and once he kicked it while going through the motions of picking it up. What actually went him, however, when a question of mathematics comes up at a meeting, is that some really bright fellow will produce a newish side-rule of his own and do the figuring, looking over at Williamson for confirmation.

A strange development is that, from the success he has had, based a good deal on his possessing the slide rule, Williamson now feels that he might some day actually learn how to run it. The slide rule has given him confidence.

This parcel I speak of was a grandparent has never entered their minds.

This parcel I speak of was a bulky creation held together by fifty or more Scotch Clans gummed seals and tied with yards and yards of red tinsel string. Hanging from it was a crayon image of the great Satan himself created by eight-year old Susan and in wobbly letters an inch high was written "For our Darling Dot from Ricky. Susan and Janet." The parcel contained bright paddy green postcards size "L".

I had hardly snapped the seals when I was urged to model my gift by a chorus of excited childish voices. Little did it matter that the garment hung off my toes like a pair of aquanauts' flippers, hugged my arm pits and fold ed in stretchy spirals draped around my knees and bum-el dairy. This was apparel I was crazed according to them. They had remembered for almost twelve months that I remarked, as I watched the girls dress a year ago, I wish ed I had a pair of leotards as warm and cosy as theirs. Their mother told me they had saved their pennies for this gift.

This is the kind of love thought that makes it easy to face the unknown, challenge of this New Year. What more could anyone wish for, than that they might always remain, in the opinion of their grandchildren, young enough to sport leotards.

LUCKIEST FAMILY BY FAR IN '60 WERE THE BRONSONS (they won the "Irish")

Rode in Edson Rodeo honored at home town

One of the featured riders in last summer's Edson Rodeo was honored by his fellow townsmen recently. The account of the affair which we noticed in the Provost News is:

Leo Brown, of Czar, the Canadian cowboy having the most successful year was honored at a dance in Czar recently. Leo won the High Point Championship with 7003 points, each point representing a dollar won at a C.P.A. approved rodeo. He also did some riding in the States. Leo was top winner in both Brahma bull riding and in bareback riding, winning trophy saddles in both events another saddle for taking first in high point and another from the Central Alberta Stampede Association for his prowess.

On display at the dance were seven saddles Leo has won, including the four this year.

George Myren of Viking, Canadian all-Round Champion who was given a close run by Leo was master of ceremonies at midnight, telling stories and introducing all the local cowboys present. They made an impressive group. Ed. Garstad of Veteran, last year Bull Riding Champ who was displaced this year by Leo, was present as were the Laye brothers, Alex and Albert of Sounding Lake. Alex has been on the Cliff Vanderpyll team for two years helping win Calf Roping and Wild Cow Milking championships.

Don Kosilnki was introduced as the cowboy who didn't stop even for a broken neck, suffered two years ago at Wainwright. Don is still wrestling wild steers, the event in which he was injured, and is back in rodeo competition.

Wayne Tattersal of Wainwright, a young amateur was introduced along with his fiancee, Dick. Tribute was paid to Red Bullock, one of Canada's best chuckwagon drivers who met an unfortunate death while racing last summer. He placed in the Canadian Top Ten this year.

Bob Fisher for many years a top winner at rodeos also was introduced, as well as other old timers, Bill Robinson and Billy McLean. Some of the finest pickup men in Canada, Bud Brooks and Jim Todd also received tribute.

A "Brahma bull" was brought into the hall and managed to buck off his rider. Reality was provided by a real live clown, our wonderful Adell Brooks.

Bob Beckman who is still recovering from injuries suffered while outriding at Calgary was also given tribute.

KEN WATSON ON CURLING

Simple strategy beats the pebble!

Distributed by Toronto Telegram News Service

One day some ingenious ice-maker will devise a method of applying a pre-grooved pebble that will not cause a variance of 30 to 40 feet in draw weight between the first and final ends.

The present spot pebble applied via sprinkler provides a never-ending source of annoyance to new curlers who find that it is troublesome enough to fathom the intricacies of the in-turn and out-turn without having to unravel the mystery of drawing to the rings on ice that is constantly changing the weight requirements as the pebble is worn down.

To make matters worse the five-inch cup on which the stone rides blazes a very narrow trail over the pin-points of frozen moisture so that it may take several ends to provide here an all parts of the sheet. Side ice particularly is seldom if ever ground into sub-mission. It takes a pretty smart skip with a photographic memory to recall the smooth as well as the rough areas of the ice as the game grinds on. What chance has a novice then to gauge the exact amount of weight for any given draw, guard or raise that his skip signals?

This winter at our own club the executive decided to purchase a brand new set of granites to replace the old faithfuls whose running surfaces had worn smooth with wear after many years of ungrudging service. The fresh icy bound rugs of those smart, polished stones, not long off the lathes of Manchline, Scotland, accentuated the difficult in draw weight and during the early ends of a game an unusual number of rocks ran out of pan and stall at short of the rings.

The strategy employed by a skip with any sense of self-preservation during these early ends is vitally important. Hint: Never attempt to save the day. Instead preserve his sanity and his players their self-confidence.

For a team of average or even better-than-average rank inserts it is imperative that the skip keeps the strategy simple during this breaking in period.

Forget about fancy draws behind the opponent's stone. Even if by some miracle a draw is made and it still exposed you will set up a hit and roll behind short for your adversary. Hitting is much easier on early ice when draws are of the "guess and by golly" variety. Keep your draws in the open to one side of the rings in such cases. If they fall short the centre ice may still be open for other attempts. And for John's sake, never ask for a lay-up shot or a guard from any but a proven curler at this point. Call for a removal with light back weight and at worst you should get a draw.

If by chance the fortunate flip of the coin gives you last rock on the first end and your opponents manage to get shot and guarded, go for the front and let the sir is so that you will at least have a shot at a chance with your last stone.

Play both turns during the

Optimist 'Search for Talent' show announced

The Optimist Club of Edson is to hold its Second Annual "Search for Talent" Show on Friday, February 3 at 8:30 p.m. in the Edson High School Auditorium.

Residents of Edson and district were very pleased by the entertaining "Search for Talent" show held by the Optimists last winter, and will be looking forward to the 1961 show.

"Bar Seats", a rock and roll quartet from Edson, was first place among the 16 contestants last year, with a Hinton trio led by John Majewech, placing second, and top dancer Ted Young of Peers winning first two ends, not only to study the topography of the surface but to beat the pebble into submission on both sides of the ice. Too many skips stick to one turn and wear down one side of the sheet to easy draw weight then find themselves suddenly confronted with a delicate shot on the other half where accurate weight is a matter of a prayer and a promise. A skip does not have to be a student of psychology to know that if he wants to inspire confidence in his team mates and get a creditable performance from them, they must make a fair percentage of their shots during the crucial early ends.

Common sense alone suggests that simplicity in strategy and play during the first stanza will avert the demoralization that can set in when you and your team get off to a bad start.

ANNOUNCEMENT

Mr. and Mrs. Jonas Pullo are happy to announce the engagement of their daughter Florence Margaret to Constable Walter H. Glover of the RCMP, son of Mr. and Mrs. Harold Glover of Roland, Man. The wedding will take place on February 18, 1961 at the Norwood United Church in Edmonton.

TO THINK IT MIGHT HAVE ENDED LIKE THIS

Primitive man had it tough—most of the other animals were bigger and stronger. Fortunately, man had brains . . . and a wife . . . or he might have ended up on the wrong side of the plow.

In the early days man competed with earth's other creatures—today man competes with other men to develop energy sources. In the process our standard of living has sky rocketed.

Competition has helped Canadians achieve one of the world's highest living standards. Take the way it works in the oil business—Imperial Oil and hundreds of other companies compete to supply Canadians with oil. As a result, oil is available at reasonable prices wherever it is needed — and Canadians have turned to oil for more than half their energy needs.

Esso IMPERIAL OIL LIMITED
... for 50 years Canada's leading supplier of energy

Things that need changing

While things in the district weren't too bad during the past year there are several policy changes that could improve our future prospects. -

Confirmation, for instance, was given that Edmonton considers Edson to be the edge of the pulp reserve for the Hinton mill. After considerable bealing around the bush and an arbitrary quota cut in the "Edson corridor", finally brought the admission that there is only a 4000 cord annual growth in this section of the Edson forest.

Therefore a lumberman or farmer who lives in this corridor can not expect to get any great amount of income from cutting pulp. An alternative to this is the Lands and Forests Department should now review possible farm land in this area with a view to opening the better farm type land up for settlement. Edson district cannot afford to remain a satellite area indefinitely on the edge of the pulp reserve. The mixed farming possible on much of this land can do a lot to balance our big town economy with a farm economy for the benefit of all.

After having a connection with Windfall under consideration for several years, we now hear that Edson is to get a road hookup with this new industrial site over a three year period. We think that a passable road should be pushed through not later than early spring. From what we can learn the development is going to take place at Windfall THIS year. Let's not lose out on this extra development too.

In our town the quarter million dollar sewer extension with lagoon system faces local taxpayers in the new year, plus the possibility that school taxes will rise too. Last year Edson Council budgeted for a $15,000 deficit to hold the tax rate down about five mills. The deficit was made up from reserve money held in trust (at interest) from the sale of the light department to Calgary Power.

While the town overspent the budget for streets and other improvements to the town there would seem to be no place the budget can be trimmed without cutting out essential municipal services. Especially if the salary negotiations now underway bring a higher scale of teacher pay with no help from the provincial Department of Education.

Something in the neighborhood of five mills is now being given as a tax discount to Edson taxpayers who pay their taxes in the first six months. We think the Council should have another look at this situation. People who are able to take advantage of the discount will still take advantage of the opportunity at considerably less than ten per cent. Other taxpayers who are not in a financial position to do so, lose ten per cent PLUS six per cent at the end of the year. Sixteen per cent is a terrific penalty for being six months behind in taxes, that must be paid sooner or later in any event. The discount saved could help hold down the mill rate for well-to-do, so-so and hard-up taxpayers alike.

That's all we can think of for the moment, but you'll be hearing our views every week for the next 12 months. In the meantime bring on your '61—we can use another year!

You can't make a silk purse out of a sow's ear, but many a girl has got a mink coat out of an old goat.

LETTERS TO THE EDITOR

The Editor,
Edson Leader
Dear Sir:

Will you kindly insert the following in The Leader.

Parkland Lodge,
Edson, Alberta.

The residents of Parkland Lodge are taking this opportunity to thank the people of Edson for their generosity and kindness in striving to make the long dark days less wearisome for them.

The cinematograph display was interesting and educative, with beautiful scenery that they will long remember, followed by a sing song with the accompanying of Mr. Cooper and his accordian, and finished with a splendid luncheon supplied by the Ladies' Auxiliary for which the aged inmates are tendering their thanks. Also thanks to the Old Timers Association.

Thanks Gentlemen.

THE SECOND COLUMN

One great obstacle to marriage these days is the increasing difficulty in supporting the government and a wife on one income.

☆

A junk dealer was driving his dilapidated horse and wagon across the Triborough Bridge and was horrified to discover that he had to pay a twenty-five cent toll. "A fifth-leyce yet they think I am," he muttered angrily. When he returned the following day the old horse was sitting in the wagon and the junk dealer was pulling it.

"Where's your quarter toll" asked the guard.

"Don't come to me," and the dealer "Ask de driver."

☆

The teacher was testing her pupils' knowledge of proverbs. "Cleanliness is next to what" she asked.

A small boy replied feelingly, "Impossible."

☆

And talking about giving, the way we figure, the best way to keep your friends is never to give them away.

☆

The two survivors of a ship wreck, a seaman and a stockbroker, had clambered on a raft.

"If a ship doesn't sight us soon," said the seaman, "we'll starve."

"Don't talk nonsense!" snapped the stockbroker, "I've got plenty of money."

☆

A missionary traveling in the jungle met a lion. Flight was hopeless, so he fell on his knees in anxious prayer. A moment later he was greatly comforted to see the lion kneeling beside him. "Dear brother," said the missionary, "how delightful it is to see you join me in prayer, when a moment ago I was fearing for my life."

"Don't interrupt," said the lion, I'm saying grace."

TAKING THE PASS

CAPITOL REPORT

Alberta only recedes a little

By KEN MASON

EDMONTON — The year 1960 has gone into the record books generally as a year of recession.

This is true in Alberta as well as in other provinces, but there's a difference. In Alberta the economy receded only slightly. And — what's even more important — consider what it receded from. It receded from a boom period of fantastic economic buoyancy.

Net result was that while things were not as good in Alberta as they have been in recent years, they were still mighty good in comparison with conditions in other provinces.

The pace of industrial development remained practically unchanged during the year; labor income was higher than in any previous year and employment continued near 1959 levels (although there was more unemployment, too, because the labor force was bigger).

Farm income was practically on a par with that of the last two years (although farm costs were up, too) and there was an increase in mineral production. Shipments of manufacturing firms in the province were valued at more than $800,000,000.

Alberta's economic behaviour in the past year provides a good illustration of the way in which diversification of industry is benefitting the province. Fifteen years ago farming accounted for more than 50 per cent of the province's wealth-producing activity. Today agriculture, minerals, manufacturing and construction share almost equally as wealth producers. The result is that when one industry slows down temporarily the others soften the overall effect on the economy.

How do things look for the coming year? According to all the experts, the outlook is fairly bright.

There's little hope of any startling increase in farm income, but there's no sign of any decrease, either. Manufacturing plants worth nearly $150,000,000 were under construction last year, and when they go into production the value of manufacturing will easily top a billion dollars for the first time in Alberta's history.

Probably Alberta's biggest cushion against recession is the impending large-scale export of natural gas to the U.S. During the coming year it will result in massive injections of new capital into the economy to finance pipelines and gas processing plants.

So far as the provincial government is concerned, the year coming should be much the same as the one just past. The treasury is somewhat worried because there is no sign of revenues showing any great increase. But inevitably there will be increases in expenditures. Hence the recent rumblings from the capital about the possibility of increasing taxes to finance the ever-increasing cost of government services.

Other than that, things look fairly good. As Premier Manning said in a review of the year just past: "We go into the New Year in a spirit of quiet confidence."

☆ ☆

The provincial cabinet ended the year with another attempt to outlaw retail trading stamps under provincial regulations.

Ministers passed an order amending the general code of fair competition and business practices. The amendment removes specific reference to trading stamps and includes outlaws any "gift, premium, service, commission, prize or other benefit" being given away.

The government hopes that by removing the specific reference stamps it will not be infringing on the Criminal Code of Canada. A previous regulation, under the Licensing of Trades and Businesses Act, was recently ruled ultra vires because it infringed on the Criminal Code. Whether the new regulations will be any more valid is anyone's guess. It may take another court test to answer the question. But for the time being, at least, trading stamps are once again illegal.

A few seconds later the elevator descended, the door opened and a beautiful young lady stepped out.

"Pegasus," said the old man blushing his eyes. "I should have brought the old lady with me."

The teacher wrote on the blackboard: "I ain't had no fun all summer." Then she asked a smallboy in the front row, "William, who should I do to correct that?"

"Maybe get a boy friend," he suggested helpfully.

As an old man from the hill country took his first trip to a large city. Walking into one of the skyscrapers he saw a doorman standing by a special kind of door. An old woman stepped in, a light flashed red and she was gone.

HATTONFORD

Christmas over once again and with it a lot of pleasant memories of the various concerts and Christmas Tree Parties. The concert at Niton Central on Dec. 16, sponsored by the Elementary teachers and pupils was really enjoyed by a large crowd. The choral singing was a feature of the program and Mrs. Miller deserves great credit for her able training of the group.

The Young People's concert held at the Church at Niton Junction on Dec. 20th and sponsored by Mr. and Mrs. Swanson was also well attended. Mr. and Mrs. Swanson were presented with a gift in appreciateon from the young people who have been going to the Club since last July.

The Hattonford W.I. group held a Christmas party on Dec. 23rd. All children and young people received a gift and treats. Mrs. D. Christenson won the box of apples donated by the Co-op store.

Congratulations, to Mr. and Mrs. Alex Vido Jr. (nee Ida Christensen) who were married on Dec. 17 in Edson. On Dec. 29th Mrs. Wm. Wiebe and Mrs. H. Lawton were co-hostesses at a miscellaneous shower to honor the popular young couple. There were about twenty ladies gathered and enjoyed a social afternoon. The bride received some very attractive for their gifts. the afternoon came to a close with the serving of a delicious lunch.

Mr. and Mrs. P. Wright from Picture Butte, Alberta spent the Christmas weekend with Mrs. Wright's mother, Mrs. B. Cundiff. Miss Sharon Cundiff, niece of Mrs. Wright who has been attending school at Picture Butte was also home for the holidays with her parents. Mr. and Mrs. Ted Cundiff, she returned to Picture Butte on New Year's Eve.

Mr. and Mrs. C. Stolling and baby from Edmonton spent Christmas with Mrs. Stolling's parents. Mr. and Mrs. L. Cundiff.

Mr. Wm. Wiebe is still a patient in the Royal Alex Hospital in Edmonton.

Mr. and Mrs. H. Mayantire and Johnnie from Edson visited Mrs. Maguire's brothers, Jim and Lloyd Dendall on Christmas eve to Christmas.

Christmas day visitors at Mr. and Mrs. Wiseman's were Mr. and Mrs. Pete Wiseman and boys from Edmonton, Basil Wiseman and B. Baltzer from Whitecourt, also Mr. and Mrs. P. Slater and family and Mr. and Mrs. P. Wiseman from Niton.

Miss Muriel Wiseman spent last week visiting her sister Mrs. Nicky in Whitecourt.

Mr. and Mrs. L. Cundiff entertained a group of their friends at a New Year's Eve party.

ANNOUNCEMENT

Mr. and Mrs. B. W. Wentz of Haddock Alberta wish to announce the engagement of their youngest son Lorne Allen, to Miss Barbara Pearl daughter of Mrs. G. Douglas of Red Deer, B.C. The wedding to take place in the Edson United Church at 4 p.m. Saturday, January 7, 1961.

THANK YOU

A hearty thanks, to all the milk customers, for the nice old Christmas gift and trust that in 1961 I'll be of greater service to you all.

L. W. Baron

EDSON CRAFT CENTRE MAINTAINED ITS REPUTATION FOR ARTISTRY DURING THE YEAR

HANDYMAN ABOUT THE HOUSE

A small crater in the centre of my backyard remains as a reminder of the awful day when first we rolled the lawn.

I had rented a roller from the hardware store for the day, determined to make an almost roll and flatten every thing in sight.

Dreamt of sprinkling and mowing had reduced the needed sod to a state of rolled acceptance. I rumbled and thumped the roller over it, testing grass, soft footprints.

Then it rained—I mean, really rained. I ran for cover. An hour later, in torrents of water flushed in it from neighboring gardens I heard the roller slowly sink in the middle of the lawn.

A moral here seems to be that a little gentle rolling from time to time does more good than an all-out one-day assault. So you need to have a roller of your own.

And anyone with the ambition and energy to do his own rolling can make his own roller.

A garden roller need not outweigh the anchor of the Queen Mary; nor does it have to be very large to be effective.

The type that you fill with water is handy for carting around in the trunks of cars, but if you merely want a quiet domesticated roller that'll sit around the garden when not in use, concrete is no good as anything.

An oildrum at least 30 inches deep can be used. Find the centre of the bottom end and drill a hole to take the half-inch pipe axle. Cut out the top of the drum and fix a cross of one-by-twos across it, with another hole in each centre to take the other end of the axle.

Take the axle-pipe—which should stick out at least three inches at either end of the drum—and drill six holes in it. Stick four-inch nails loose through the holes at right angles to the pipe. These will be embedded in the concrete and stop the axle turning and working its way loose.

Place the axle in position—making sure it's dead centre—and fill the drum with ready-mixed concrete. As with all concrete jobs, tamp it down to keep out bubbles and keep covered with damp rags for two or three days to allow it to cure slowly.

Another method is to mold the roller inside a piece of terra-cotta piping. For this you'll need a solid wooden base on which to stand the mold, centred around a vertical hole which supports the axle, and a cross-piece on top. The piping mold can be broken off with a hammer when the concrete is set.

You'll probably need the help of a machine shop or welding shop in making the handle, if only because of the large holes that have to be drilled in it to take the axle.

A simple loop handle made of a flat bar one and one-quarter inches wide will do. Slip big washers made of larger-diameter piping over the axle ends and secure the handle with split pins.

To prevent the handle sides scraping against the roller it may be advisable to put in a cross-brace of one and a half inch square hardwood, fixed across the loop handle with 3½-inch screws

Save by sewing '61 resolution

It has become the fashion in recent years to scoff at the old-fashioned idea of New Year's resolutions. Nevertheless, few of us will deny a secret feeling that January 1 is the ideal date to turn over a new leaf.

Perhaps the most common resolution made by housemakers is to be more economical. Another feminine resolution is to be more attractive, to take better care of our complexions and hair, to diet back to our long-lost svelte-ness, to wear more flattering clothes. When combined with that other resolution about saving money, it's a clear case of wanting our cake and eating it, too! However, a third resolution can make this possible — the decision to do more home sewing in the coming year.

Besides being an interesting hobby, sewing your own clothes will both save you money and allow you to dress in the exact style that suits you best. More attractive clothes for less money—what could be a wiser New Year's resolution?

Like most resolutions, this one requires some immediate action, in this case, the presentation of a few essentials to get you off to a flying start. Professional results require the best tools you can afford, kept in A-1 condition. Here is a list of inexpensive equipment regarded by local sewing center experts as essential to any sewing nook: good steel cutting shears and pinking shears; lens measure, six-inch ruler and yardstick; dressmakers' pins; assortment of steel needles and sewing machine needles in sizes most frequently used; thimble; marking chalk and colored threads for marking seam lines and notches; magnet for picking up pins; pressing cushion, for pressing darts, curved seams, sleeve crowns and shoulders; sleeve board and cardboard for making hem gauges.

In these days of crowded living, organization is essential if your sewing is to get started — let alone finished! Mount under a shelf a board to which the tops of several screw-top jars can be nailed. The jars, which will screw off and on readily, are useful to hold small findings, such as hooks-and-eyes, buttons, seam bindings, tapes, trimmings and dozens.

As for your faithful machine, it too should be kept handy to look after the duties of little weekly needling jobs, as well as the big sewing projects. Have it carefully gone over occasionally by a representative from your local sewing center, and keep it oiled. This too is a New Year's resolution worth making and keeping. For a good sewing machine will serve a family for generations.

WITH THE CHURCHES

THROUGH THE
Study Window
By Rev. C. C. Armstrong

The well-known psychologist, Sigmund Freud once wrote to a Swiss clergyman about his patients, to say: "You are in the fortunate fortunate position of leading them to God — fortunate at least in the one respect that religious piety stifles neurosis."

This rather grudging admission of the value of faith as a preventative of mental illness should be taken further. Dr. James E. Means, Chief of the Medical Service at Massachusetts General Hospital and professor of Clinical Medicine at Harvard Medical School has said "I believe the patient should send for his minister when he gets sick, just as he sends for his doctor."

Cabot and Dicks, the former a doctor and the latter a minister, have collaborated in the writing of a book on "The Art of Ministering to the Sick." This is what they say. "We are persuaded that the minister has a place in the sick room, a place not that of the doctor nor of the psychiatrist, of the social worker or of anybody else. The minister's duty there is to rouse the great energies, certainties and faiths of the Christian religion."

Biblical references to Jesus speak of Him as one who taught, preached and healed. This surely indicated that we are not to focus our attention upon only one aspect of His ministry and that each of these three things (teaching, preaching and healing) are part of the full Gospel of Christ.

A glance at the Scripture will show us that Jesus did heal people, and that their faith was a factor in their restoration to health. It also shows that the followers of Jesus, after a period of preparation and discipleship, were also entrusted with the healing power. But at this point we must not be led astray. Jesus never healed to make people believe, nor to impress others with this sign of his extra-ordinary power.

People who profess to be healers should be judged by two things. The first of these is the standard of their ability both to diagnose illness and to heal it. Otherwise we may fall into the error of believing that they have healed the cases that were actually non existant. The second aspect of faith healing is more significant. In faith-healing undertaken in order to signify that the healer has been entrusted for the welfare of the sick person.

Whenever faith-healing becomes a demonstration of the healer's power, need a means of enlisting God on our side, then it is a corruption and a degeneration of true faith healing. When we seek to make God the means to an end this is blasphemous. When, on the other hand, our faith helps us to understand and accept the will of God for us, and when our chief end is to glorify God, then faith will be the handmaiden and companion of truth and healing cosmic.

Tourists Lured by Ja'ita underground wonders

Some of the spectacular stalactite and stalagmite formations of the Ja'ita Caverns.

Less than an hour's drive from Beirut, Lebanon, near the sparkling-blue bay of Jounieh, is found one of the underground wonders of the world.

Sightseers and archeological sleuths for years have been left breathless as they paddle small boats slowly into Magharat Ja'ita, the Dog River caverns, and behold the wondrous colors and exotic shapes of the stalagmites and stalactites, eroded-rock formations and growths of moss.

Still much less commercialized than the famous "Blue Grotto" of the Isle of Capri, Ja'ita has an unsullied grandeur reminiscent of an Oriental temple. The black waters of the subterranean river, on which the curious enter, reflect its shimmering elegance the wonders of the artificially-illuminated formations which transform the depths of the earth into a wonderland.

Ja'ita has been known to the modern world only since 1836, when an archeologist by the name of Dr. Thompson first stumbled on the cavern while exploring the remains of ancient life and civilization which pervade the Lebanese coast. At the entrance he discovered a mass of bone breccias composed of bones and teeth and chipped flints. The components had been gradually cemented together into a hard, rock-like formation, a lasting reminder of the primieval beings who once inhabited the cavern.

Dr. Thompson's find was left alone for nearly 40 years until revisited in 1873 by a party consisting of President Emeritus Dr. Daniel Bliss, founder of the American University of Beirut, Dr. E. W. Bridgeich, and Messrs. W. J. Maxwell and H. Hanley, engineers engaged in constructing the Beirut water works.

Forging beyond the entrance on a raft of planks and lashed goat skins, the team penetrated the Ja'ita cavern to a depth of some 200 yards before being halted by a huge boulder. Even at this depth the candle-lit cavern suggested to the explorers the interior of a cathedral.

Returning a week later, Dr. Bliss and his companions clambered over the boulder carrying a small boat, and went deeper. They passed a maze of mammoth, eerie-white stalagmites, but finally were halted at a depth of about 1,000 yards by rapids.

Since then many have taken up the challenge of the Ja'ita caverns, and to date the quest of eye-filling beauty and adventure has carried explorers to a distance of over 6,316 yards. Not only have the wonders been more fully recognized and photographically recorded through the years, but also, in the early '50s, topographical maps of the interior were drawn.

In 1958 a further, higher cavern was found which is said to be older and even more breathtaking. There is no water in the higher cavern, but the few who have ventured it maintain that it is full of stalactites and stalagmites of all shapes and sizes, even more attractive than the delightful lower sections.

Construction plans for the upper cavern are currently being made, while improvements are constantly carried out on the facilities of the original Ja'ita cavern. The newly-found cavern will be electrified, and here paths will be paved for the sightseers to allow an ease of entry provided by small aluminum-sheathed boats on the black waters below.

Plans are also being discussed for the purchase of about 30,000 square yards of land surrounding the Ja'ita caverns to be turned into a park, parking area, and shelters for the public.

The upper cavern will be opened to the public in September, 1961.

While the Ja'ita caverns are a recent addition to the tourist's list of "must-see" places in Lebanon, their attraction is gaining a momentum far surpassing expectations. The world-renowned temples of Baalbek are even feeling the competition as the dazzling underground wonders of Ja'ita gain a reputation as one of the world's outstanding sights of natural beauty.

Last Council meeting of year is heavy too

The last meeting of Edson Council now a considerable amount of business transacted as the town started into the Christmas season.

Present for the Dec. 20 session were Mayor W. R. Brunelle, Councillors, W. F. Kortstaal, L. A. Mahon, W. Mills, F. Resek, J. Scott and P. Wells, in addition to Sb Clerk Irwin.

It was moved by Councillor Scott but request of the petitioners, on petition presented by John Hnoh on behalf of certain retail merchants, be referred, and no action taken. Carried. Mayor Brunelle opposed to motion.

It was moved by Councillor Wells that, on basis of petition placed before Council on behalf of retail merchants, that the Secretary be directed to proceed with required advertising and indicate intention of Council to amend Early Closing By-Law No 602 to provide for late closing on Saturday of each week at 8:00 p.m. Carried. Mayor Brunelle opposed to motion.

Adrian Marie addressed Council on matter account thawing culvert in warehouse premises.

Messrs A. W. Leonard, Chairman Edson School Division Board, and A. Jardine, Superintendent, A d d r e s s e d Council submitting that area required for erection Junior High School indicating preferred area being 4B th Street from north side 7th Avenue to Lane in Block 48 plus westerly portion of Block 42, part of 6th Avenue and westerly part Block 46 south of lane. It was agreed that the matter should be developed by the co-operative endeavors of Councillor Scott, School Division officials and Town Manager with the guidance and direction of the Town Planner, Mr. Dant, as soon as possible.

Approval of Council was granted to placing overhanging signs by Mills Furniture and Appliances Ltd. at premises on Lot 2, Block 21, Plan 1494 AG on filing proper indemnity undertaking.

The Secretary was directed to extend the congratulations of Council to Deputy Fire Chief W. Cosh and Constable Cruddock and Constable Smith for the successful completion of First Aid course offered by the Workmen's Compensation Board and that congratulations be extended to Chief Constable MacDonald on successful completion of Constables School course.

A submission Alberta Gas Trunk Line Co. Ltd. to acquire for residential purposes; Lots 4 to 6 inclusive and the east half of lot 9 in Block 141 lot 7 and the west one-half of lot 4, lot 6, 7 and 8, lots 13 to 20 and the west half lot 12 in Block 142, and lots 14 and the east half lot 15 in Block 143, all Plan 6394AC and for industrial purposes either Block 4, Plan 1084C or Block 131, Plan 6394AC was placed before Council.

It was moved that the Alberta Gas Trunk Line Co. be advised that the residential lots, as specified are available to the company on standard lease-option basis to September 30th 1961 at price land sale $1.00 plus cost of servicing area (not including sidewalks), the maximum price per lot to be not above $500 and that either those parts of Block 131, Plan 6394AC held by the Town or all of Block 4, Plan 1084AC excepting the westerly 30' throughout of the said Block 4, are available to the company on lease and option basis at $720.00 land sale plus necessary cost of service extensions.

A petition form of submission complaining of taste and odor of Town water supply with Avenue West was placed before Council.

The Secretary was directed to advise complainants that water, 4th Avenue West, has been tested and proved fit for human consumption and that Town staff has been instructed to follow a program of flushing and periodic chlorination to attempt to reduce odor and unpleasant taste complained of.

Councillor Mills reported cost main extension to serve premises Block 2, $1,390.00; cost of service box on present water main approximately $200.00 and that negotiations going ahead to find convenient tap for residents concerned on First Avenue West.

As it is of the opinion of Council that Town to be justly responsible of city strip roadway the request of the Forestry Department for approval was referred back and it be indicated Council does not feel impelled to take action at the present time.

Secretary directed to open tenders for proposed heating Town works garage. The following tenders were opened: Kuzyk Plumbing & Heating Ltd., $490.00; Koebel Co. Ltd. $815.00; Alberta Mechanical Contractors Ltd., $542.25.

Moved by Councillor Kortstaal that Council accept the tender of Kuzyk Plumbing & Heating Ltd., at $490.00 complete with full warranty on damaged unit. Motion lost. Voting in favor—Councillors, Mahon, Scott and Kortstaal.

Moved by Councillor Wells that the tender of Koebel Co. Ltd. in the sum of $815.00 be accepted. Carried, Councillor Mahon and Kortstaal.

Secretary was instructed to open quotations on supply of desk and chair, the following quotations being opened, Mahon Electric and Furniture, $189.50; Mills Furniture and Appliances, $204.50. The quotation of Mahon Electric and Furniture for supply of desk and chair, in sum of $189.50 was accepted.

The Secretary was instructed to place Christmas greetings from Mayor and Council as well as Fire Department greeting and tree warning Christmas issue of The Leader.

According to usual practice, the hourly employees of the Town were granted regular pay for Christmas and New Year's as Christmas bonus.

The matter of disposing of old Town dodge truck was tabled for later consideration.

The matter of the establishment of prices on industrial and commercial lands was tabled for further consideration.

Mr. G. A. Gourley is to be employed, on a temporary basis, at $1.40 per hour as meter reader, gas and building inspection and clerical work.

Letter from Mr H. J. Reid complaining of traffic conditions Main Street and 5th Avenue was read. Mr. Reid's letter was referred to the Police Committee.

The Secretary was directed to have phone placed in Mayor's office.

Council authorize the attendance of Eric Stopford at Provincial Waterworks and Sewage Operators School Edmonton, February 1 2 and 3.

The following accounts were passed for payment: Tony Anderson, 36.10; W. H. York, $1.32; Domenico Perrino, 36.22; W. T. Cash, 43.18; Harold Bacon, 39.60; William Gichuie, 104.94; John W. Ernst, 116.06; Jim T. McNaughton, 104.31; Anton Ramirez, 105.14; Jones Pallo, 109.10; Kurt W. Angus (Alberta) Limited, 308.85; Imperial Oil Limited, 25.37; Town of Edson "Sundry Accounts" 10.96 The report and recommendations of Building and Plans Committee re Skaletz building permit application was approved and accepted.

The Secretary was directed to write to the Provincial Secretary's department, to ascertain if the recreational grant was available to purchase and install water tank and record player for Arena.

Tenders are to be called for supply and installation of water tank and record player for Arena.

Mr. and Mrs. Geo. Marshall of Vancouver were visitors at the home of Mrs. G. Harrison during the holiday season.

Corporal Peter Kolbe, who is presently serving with the Canadian Army was home for the holidays.

FRANK BOYS HAD THIS SANDHILL CRANE come right up and say hello to make on the pictures of the year.

IT STARTED AT LACHINE

Canadians, whether Frenchhinterland, and for the same or not, are naturally interested in the late Bernard de Voto's statement that the imaginative explorations of the American hinterland began in this country. "The Far West," he said, "the first stirrings of the continental mind, began on the rapids of Lachine."

It is a bit strange that de Voto, who wrote only a few years ago, appeared to feel there was no necessity for defending the westward sweep of the US, taking the Indians' lands away from them. The imperialism of the English, in India, for instance, was quite another matter to most US minds. Even with imperialism out of fashion elsewhere, the US expansion was still considered high romance, the Winning of the West.

A much better case for ethics could be made out for the French in America, as they did not fill up the land with their own people; but, compared to most other imperialisms, let the hinterland natives alone, to keep the fur trade going. Spreading out so far and thin was inferior strategy when it came to fighting the English for this continent; but the French can now claim, in an age when imperialism is a sin, that their penetration was of a relatively painless nature, at least in the area of the upper lakes and the Mississippi. After 1763 the English followed the French policy of keeping settlers out of the

East District Doin's

By FERN ICE

Mr and Mrs. Ken Thomas and family and Mr. and Mrs. Tom Silk and family called on the Cappie home Wednesday p.m.

Mrs. C. A. Durston has been quite sick the past few weeks.

Pulpwood haulers and cutters are having more than their share of trouble the past few days. As one man remarked it's all in the game but it is a game one soon tires of.

A Christmas party for pre school age children was held in Peers, Wed. Dec. 28th in the school auditorium. All children present received a treats.

We were told that a couple of 1930 past graduates got into the wrong building and waited for hours for Santa Claus but he failed to put in an appearance. Quite a disappointment. They had to drown their sorrows—poor guys.

Christmas dinner guests at the home of Mr and Mrs. E Birkenshaws included Mr. and Mrs. Emanuel Birkenshagen and Sigmund and the Lowtons.

Ruth, Bob and children attended at the Birkenshaws home Monday to spend a part of the holidays with Ruth's family. Mrs. Heintz family reunited on the Birkenshagens Monday evening.

Mr. and Mrs. Ian Shantz, Edwin Thorin and a friend spent Xmas at the home of Mr. and Mrs. Alan Shantz. The Shantz family and guest called on the Heintz family Christmas eve.

Noticed Mrs. Bergland in Mrs. Procter driving Thursday p.m.

Mr and Mrs. Bob Wood and Harvey drove from Whitecourt New Year's Day to call on relatives and friends in the district.

New Year's dinner smorgasboro style was enjoyed by the entire family at the home of Mr. and Mrs. Ray Thomas.

Harold Anne and family Ken, Shirley and family enjoyed Christmas dinner at the home of Grandpa and Grandma Thomas and Bird.

Claude Heikkenen had dinner with the Bradford family and called at the R. Thomas home later in the afternoon.

Mr and Mrs. Terry O'Toole and family and Terry's brother, Pat, called at the home of Harold and Anne Thomas and enjoyed dinner before returning to Edmonton.

A local lad was rushed to Edson Christmas eve to a result of a friendly competition wherein he suffered a damaged twisting finger. You kids play too rough.

Floyd and Mary Thomas and Ronnie spent Christmas in Whitecourt with Mary's parents Mr. and Mrs. Bob Wood.

Bert and Daisy Radcliffe were out Saturday calling on district bachelors with Christmas pies, courtesy of a Peers women's group.

The Ice family called at the Heintz home Friday evening and found them making preparations for a family get together Christmas day.

Mrs. Herb Heintz Jr. was released from hospital, Friday, Dec. 23rd.

A wedding of special interest to our community took place Dec. 17th in Devon when Marion Baier, youngest daughter of Mr. and Mrs. W. Baier became the bride of Matt Matejka. The wedding took place in the Devon United Church and was attended by family only. Following a wedding party the happy couple left for Vernon, B.C. to spend Christmas with the groom's parents. Mr. and Mrs Art Peterson of Edson attended the wedding.

Tuesday visitors at the home of Mr. and Mrs. Harold Thomas included Mr. and Mrs. Martin Saxauer and son, Mr. and Mrs. Saxauer Sr. Mr. and Mrs. Ed Beasley and Patrice.

Belated congratulations to Herb Miller of Hilton, second place winner at the speech for talent show at Wildwood.

Mr and Mrs. M. Cressman called at the home of Mr. and Mrs. Ray Thomas and Mr. and Mrs. Harold Thomas Monday evening. Sorry to hear that Chris has been on the sick list.

Mrs. Mooserapp and Louis called Monday at the Bradford home.

The Bradfords spent Tuesday evening at the home of the Ice family.

Joe Ice went to work Tuesday at Coalspur going to try his hand at the mining industry.

Mr. and Mrs. Bob Wood and Harvey called on relatives and friends in the district New Year's Day.

Mr and Mrs. Fred Petrun and family moved into the house formerly occupied by Mr. and Mrs. Henry Kehl, Isaacs.

1960 received a cheery all too and the new year was greeted with traditional optimism when upward of 60 guests congregated at the home of Ken and Shirley Thomas. An enjoyable time was had by all.

Mrs. Ken Walsh was admitted to hospital recently.

THE NEW STEEL AND CONCRETE "BIG EDDY" BRIDGE CARRIED ITS FIRST TRAIN IN 1960

WHAT'S DOING AT
Parkland Lodge

The first holiday season for our new home was a big success. In addition to the many visitors who called with good wishes for everyone, the Junior Choir of the United Church entertained with caroling and lunch to intro duce Christmas, and a group from the Old Timers Association spent a very pleasant evening last week with the showing of colored movies by Mr. Nadurak and many old time songs getting a going over before lunch was served.

Due to so many of the guests spending their Christmas and New Years days with friends and relatives, the big party in the Lodge was postponed in each case to the Monday, but suffered nothing by that. Everything from soup to nuts took a beating and a party atmosphere was everywhere.

We have now been inform

Loses life in woods accident

HINTON—

A tragic accident took place during the holiday week that claimed the life of a man 39 year old Metro W. Porech of Hinton district. The accident occured at the camp of Hubert Schmar camp 40 miles north of Hinton.

Mr. Porech was struck by a tree while cutting right-of way. He is survived by his widow and three children in the Hinton district and by parents at Smoky Lake Alberta.

Funeral services were held Tuesday, January 3 at Smoky Lake.

Flying Club to elect officers

Edson Flying Club will hold their meeting Friday, Jan. 13, at 8 o'clock in the Commodore Hotel banquet room.

As many as possible are urged to attend as an election of officers is to be held.

Mr and Mrs. A. Girard of Edmonton were visitors at the R. Binette home for New Year's.

Mr and Mrs. Iverach and daughter Evelyn spent the holiday season at the home of Mrs. Iverach's mother, Mrs. Geo. Harrison.

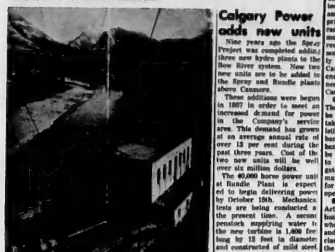
A section of the 760 foot woodstave pipeline from Whitemen Pond to the surge tank above the Spray Plant. The woodstave section com-

prises the half mile of penstock system which inclines 1,400 feet at special 71 steel.



View overlooks the Rundle Hydro Plant, now housing two generators totalling 62,000 h.p. To the left of the plant is the extended substation and the tailrace canal which discharges into the Bow River near Canmore, Alberta.

Calgary Power adds new units

Nine years ago the Spray Project was completed adding three new hydro plants to the Bow River system. Now two new units are to be added to the Spray and Rundle plants above Canmore.

These additions were begun in 1957 in order to meet an increased demand for power in the Company's service area. This demand has grown at an average annual rate of over 12 per cent during the past three years. Cost of the two new units will be well over six million dollars.

The 40,000 horse power unit at Rundle Plant is expected to begin delivering power by October 15th. Mechanical tests are being conducted a the present time. A secon penstock supplying water t the new turbine is 1,400 fee long by 12 feet in diameter and constructed of mild steel

The Spray Plant is the larg est of the Company's hydro plants and will have a capac ity of 154,000 h.p. after the second unit doubles its capac ity. The stator of the new generator weighs some 75 tons.

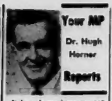
The Spray Plant has a head of 668 feet. The water reaches the new turbine from Whiteman's Pass forebay by way of 1,000 feet of wood stave pipeline and 1,400 feet of special high tensile 71 steel penstock anchored to the mountain rock. The plant itself is located at the base of Chinaman's Peak above Canmore. Steelwork for the plant addition weighs about 80 tons.

The Spray and Rundle plants, along with the Three Sister Plant, obtain their pow er from the man-made Spray Reservoir over 1,200 feet above the Bow Valley. This storage area, a favorite haunt of sportsmen, is 20 miles long and has a maximum capacity of 310,000 acre feet. The storage and power potential of the Spray Basin was first recognized as early as 1911, Calgary Power began to study the development possibilities in 1951.

The new extensions will add 103,000 h.p. to the hydro capacity of the eleven plants on the Bow River and its tri butaries. Ten of these, in cluding Spray and Rundle are operated by automatic and remote control from the Scebe Control Centre. Once completed, the additions will

Located at the base of Chinaman's Peak above Canmore, the new extension at the Spray Plant will operate under a head of 765 feet. The surge tank seen above the penstock is a protective device against shock loads of the water.

Your MP



Dr. Hugh Horner Reports

It has always been my con tention that development of this country can be helped by giving the small businessman the opportunity to expand.

As you know, much of my efforts have been to achieve easier credit terms for busi nessmen to improve their premises and to assist them generally.

Many of the other Members have had the same interest and we are most pleased that our efforts have resulted in the passing of a Bill which I am pleased to give a resume of below:

Purpose of Act — Provision of intermediate term credit through the Banks and guaran teed by the Government to assist small business enter prises in financing a wide range of capital improve ments. It was intendened in response to numerous repre sentations and has been warm ly welcomed in all parts of Canada as a further step in ensuring that the small busi nessman may share fully in Canada's economic progress.

Government Guarantee — The Act provides for loans to be made by the banks and takes advantage of the ex isting network of branch banks. In order to encourage bank lending, each bank will be guaranteed against loss up to 10 per cent of the aggre gate of loans made by it. The maximum limit of all loans for the first three years of operations is $200 million.

Eligible Businesses — The Act covers four classes of business — manufacturing, wholesale trade, retail trade and service businesses. The classifications established by the Dominion Bureau of Sta tistics will be used as a guide to determine what businesses fall within these classes.

Purposes of Loan — The loans must be for the pur chase, relocation or improve ment of equipment or the renovation, improvement or extension of premises. The loans are not intended for the purchase of a new business or the purchase of stock-in-trade or goods described in invent tory.

What is a Small Business — As a reasonable and equitable definition, a small business is defined as one with a gross revenue of less than $250,000 in the year of application. Gross revenue means the ag gregate of all amounts receiv ed in the period or receivable in the period (depending on the method regularly followed in computing profit) otherwise than as or on account of capi tal. Approximately 340,000 businessmen will qualify for loans or 85 per cent of all business in the eligible classes

Amount of Loan — The maximum amount of a guaran teed loan is $25,000.00.

Interest Rate — The rate cannot exceed 6 per cent per annum, but is expected in be the prime bank rate prevailing from time to time or slightly better. The prime rate at present is 5½ per cent per annum. No fee, service charge or charge of any kind other than interest is payable, ex cept a charge for insurance where applicable.

Terms of Payment — The maximum term of a loan is 10 years. In general, the terms and conditions of lend ing will be flexible and con form, as far as practicable, to the individual circumstances of the borrower, taking into account the aim and purpose of the loan.

Procedure to Secure Loan In the near future, all branch banks will be able to provide detailed information and will have forms of application for loans. The borrower must complete this application showing the purpose for which the loan will be expended, file it with his branch bank, which will scrutinize and check the application and upon approval of the loan, advance the pro ceeds.

GREEN ACRES

By DICK BOCKING

HAPPY NEW YEAR

1960 has been an eventful year. In retrospect, the inter national scene seems to have been one of chaos, with the world moving from crisis to crisis. Here in Canada and in our own district we live in one of the most peaceful parts of this earth.

In spite of occasional tra gedy and many individual pro blems, we are among the most fortunate of people. Even those of us who do not have a great deal of the world's goods are immeasurably better off than the vast majority of the people of the world.

In the coming year we must strive to solve our own prob lems and to improve upon our achievements of 1960. All of us connected with agriculture will continue to work toward a sounder position for agricul ture as a whole.

But while we are doing these things, it might we well to keep our problems in perspec tive. There is much that we must and can do, but let us keep ever in mind that our troubles are minute in com parison to those of most of the world's population. Let us be thankful for that, and ex pend at least part of our ef forts in ways that will be in some way of benefit to those masses of humanity that have nothing.

To every farm family in the district which it is my privi lege to serve, I extend best wishes for 1961, and the hope that it will be a most satis fying and successful year.

Mange in Hogs

Mange accounts for twenty per cent of the rejected hogs inspected by Provincial Ve terinarian Inspectors at live stock auction markets.

The problem is accentuated during the winter months due to more inside living. If the condition is neglected the pigs become unthrifty and stunted. One farmer, who had a bad infestation of mange in his herd during the winter of 1958 took from four to six weeks longer than his aver age marketing time to get his pigs up to market weight.

Mange is caused by a mite scarcely visible to the naked eye, which borrows into the skin. It is usually spread by contact but may be transmit ted by brushes, brooms infec ted bedding, rubbing posts etc. Rubbing may be noticed before the skin shows any change and the first lesion is the form of reddened a reas, usually appear around the ears, eyes or nose. From here the condition may spread over the entire body if un checked. These reddened areas eventually darken (turn to) and become wrinkled and scabby

There are several effective drugs such as Lindane, on the market to combat mange They should be used strictly according to the manufactur er's directions and should not be administered within thirty days of slaughtering. Treat ment should be accompanied by a thorough cleaning and disinfecting of living quart ers. Unused crude oil is very beneficial in curing the little pigs.

One teaspoonful of raw lin seed oil per one hundred pounds of pig is a good tonic to help get the skin back in order. For a positive diag nosis consult your veterinar ian.

Growing Legumes

Most farmers in this area seed their forage crops with a nurse crop of grain. One of the reasons is to provide competition for weeds, and this the nurse crop does. But it also provides competition for the legumes, and a weak forage stand often results. In this district we have seen excellent results from seeding without a nurse crop—unless the field had a lot of weeds. In that case, the stand should be mowed high to be sure that no weed seeds mature.

A more recent way of re moving weeds from the young legume stand is through the use of chemicals.

Acetic and butyric forms of 2, 4D and MCP have provided satisfactory control of lamb's quarters, stinkweed, wild mus tard and Russian pigweed.

Tom King presides at first meeting

At the regular meeting of the Farmer's Union held in the IOOF hall on the 3rd of January, Mr. Tom King newly elected President of this lo cal presided over the meeting.

Mr. King in his opening ad dress asked that the members work in full harmony and unity to help build a better and stronger relationship for the betterment of everyone.

With over 40 members in attendance Mr. King was given a wonderful vote of confi dence to carry him through the coming year. Jiddy ac claimed Mr. King with his sec retarial work is the well known local businessmen and past farmer, Mr. George Cul lin.

This was a very lively meet ing and a lot of interest shown towards the goings on of the local and it is felt with the report of the membership for mon, Mr. Bergeron that the in crease in attendance will con tinue.

Mr. Wadley reported that the members of the executive are planning in the near fu ture a meeting with the Ed mon Rodeo Association to lay out plans for continuity be tween the two groups. Con vention wise Mr. Albert Strongman gave a very inter esting report on how other lo cals are planning for greater development and striving for more convenience for the farmer.

He urged that farmers should talk more about their business of farming and let the people know that they are running a business, one of the largest businesses in the world.

A vote of thanks goes to Past President Paul Weisser and all his executive for the spark and inspiration that they set forth last year.

Next meeting Tuesday, Feb 7.

The legume is then freed from competition of both emulsion crop and many of the weeds, and a stronger and more quickly established stand results.

Seeding alfalfa, red clover alsike clover and white clov er may be safely treated with 2, 4D or MCPA at 3 to 4 ozs per acre. Also satisfac ory is MCPA sodium salt at 3 to 6 ounces per acre. Red clover however, has proved much more sensitive to hor bicides and should be sprayed ed only where weed competi tion is very severe. In this event MCPA amine at 3 to 4 ounces per acre is suggest ed.

Comparison of the service with the more recently dev eloped butyrics shows the ba (ester 4-(MCPA) and 4-(2,4 DB) effective against the same weeds as the acetic MCPA and 2,4-D. On seedling alfal fa, 24 to 32 ounces of 4-(2,4 DB) at the same rate has pro ved effective. Neither 2,4-D esters nor MCPA esters should be used on legume stands.

While alfalfa and clover ers are unaffected by these high doses of the butyrics, the weed control is similar or very little better than with low doses of 2, 4-D or MCPA. The least effective butyric done in 16 success ears are compared with a high of 4 or 5 ounces of the acetic. Since the butyrics are more expensive and about four times as much material is re quired, cost can be a deciding factor in comparing the two.

ROBERT STITZENBERGER, son of Mr. and Mrs. J. Stitzenberger, was the first baby of 1960 at St. John's Hospi-

tal. The baby's father was the first baby born in St. John's when it was first built.

You NEVER Saw Your HOMETOWN PAPER

Thrown into the gutter or a waste basket before it was read, did you?

But waste baskets and gutters are constantly being filled with unopened expensive direct advertising, sales ammunition shot into the air.

A newspaper always commands an audience with prospective customers. It is never thrown aside without first being read from "kiver to kiver."

Then it is borrowed by the neighbors.

That's why intelligent, attractive newspaper advertising is accepted as the most effective form of advertising your business.

An advertisment in this paper will reach over 90 per cent of the buyers in the local trade territory. The cost is very small, and besides, we do the mailing and pay the postage.

EDSON LEADER

Bringing city batsmen here for game

Joe Pohorelich former Edson hockey promoter is bringing the "Grosmear Batsmen" of the Edmonton to our town on Jan. 14 and 15 to compete against the Edson Balsam team.

The Edmonton boys will be staying over night. Anyone who would like to take a bed for the night please contact Gleny Schultz, manager or Joe LaBelle, coach.

Let's all support our team and give them the encouragement which they and their promoters deserve.

Highlights of the year 1960

NOVEMBER

Council probing sewer disposal problem. CNR's water tower torn down. 50 bed chronic hospital announced for Edson. Parkland Lodge senior citizens home officially opened. Funeral service held for Mrs. A. Morris, and John Wyhowski, 58. Charles Yuill again named standard bearer for federal Social Credit. Ice making starts on local rinks. Retail closing by-law comes under fire by Edson retailers. H & S district meeting well attended.

DECEMBER

Division decides on schools at Edson, Wildwood and Caledonia. Consolidation of elementary grades discussed at various meetings. Council give green light to new Edson Hotel building start. Many call at new Imperial Bank for official opening. Large gallery feature of Council meetings since election. Sewer project to cost $210,000. Police install radio phone in cruiser. Gas Trunk Lines ask price of large piece of Town property. Businessmen out to welcome first baby of 1961. Churches and local institutions wish everyone festive greetings.

MEANEST EDSONITE OF THE YEAR WAS EDSON'S DOG POISONER

Scout bottle drive and bulb sale announced

Saturday, January 14 is Bottle Day for the Boy Scouts as their 1961 fund raising drive gets under way.

Members of the First Edson "Beaver" Scout Troop and the two Cub Packs will be calling from house to house between 9:00 and 12:00 in the morning of January 14. Everyone is requested to save saleable bottles for the drive.

It was also announced that the bulb sale would be conducted by a youth light sale of light bulbs in February during Boy Scout Week.

Group committee discuss Boy Scout Week

At a group Committee meeting held January 4 at the home of Mr. Wigelsworth Boy Scout Week was discussed.

Plans were made for the annual Scout Father and Son Banquet. It will be held in the Legion Hall on February 21 or 22. Reydon Mahon is in charge of arrangements.

A new member, Mrs. Richardson was welcomed to the Group Committee.

It was also announced that there is a very good possibility that Edson will get its Mrs. John Grosko and girls first Rover Crew in the near future.

Mr and Mrs. Ian Barry of Edmonton spent Christmas with Mrs. Barry's family, Mr and Mrs. Charbonneau, Mrs. Morgan and Hugo.

MARLBORO

The concert at the school was well attended and the children did very well. Santa delivered gifts from the teachers, and treats to all the children of the district. All were little children this year so not as elaborate a program as last year.

The teachers took the children out caroling on Friday and then served them lunch and treats at noon. This was something new but enjoyed by all.

The New Year's dance was held in the hall. Judd Cochenlra played. It was well attended and all had a good time. $35.00 was cleared. Mrs. L. Gladue and Mrs. T. Plesie were the committee this month with Mrs. Lovell as the officer.

Mr and Mrs. Gerrit Elsinga (nee Betty Lovell) from Mount Vernon, Washington, visited at Mrs. Elsinga's home for the Christmas vacation returning Sunday evening.

Margaret and her husband and children from B.C. visited her folks Pat Desjarlais and family over the holidays.

Eddie and Rose Lesiuk spent Christmas with his parents W. Lesiuk.

Billy Franklin had their second New Year's dinner with the relatives present.

Shippy's were at Lovells on Thursday for a turkey dinner.

Gauchies spent Christmas at Reggie's in Edson.

Paul Wahl from Edmonton spent Christmas with his folks, Mr and Mrs. A. Wahl

Mrs. D. W Milner returned home to B.C. with Colin for a visit.

The lighter side

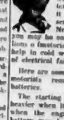
Thank heavens there is a lighter side on national and international goings on. There is enough of the serious stuff to weigh a man down but a little humor is a most acceptable tonic. There is a story going around that Lumsmiths and Kasavubu and perhaps some others who had made the odd "boo boo" were having a little chat. The subject got on the names of various nations. The two, actors, got to the story, got quite a chuckle out of a man by the name (to them) of Diefenbaker.

Then last week we read where some member of parliament with no doubt, good intentions, suggested that we make it up to Scotland to do away a national flag for Canada. "If such were done," he said, "it would be a gauge of the "warp" and "woof" of the Canadian people." Well, as the honourable proper of the Canadian." All we can make of this is that it might suggest that Canadians are "warped" in their thinking and that "going to the dogs" has something to do with the "woof" part of the matter. In any event such sides hosted the bill out of the house.

Another popular pastime going the rounds is to select a national bird for Canada. One way suggested a "Dodo" as it would represent some of the parliamentarians now sitting at Ottawa! All these are, of course, not to be taken seriously. They do, however prompt a smile or two and a ray of sunshine on what is otherwise a pretty drab and dreary scene of national and world happenings. —Hanna Herald.

Tips on Touring

By Carol Love
Women's Travel Authority



Your car's battery works extra hard in winter. Take care of it and it will serve you well. Neglect it and you may be one of the millions o motorists who call for help in cold weather because of electrical failure.

Here are some things smart motorists remember about batteries.

The starting load is much heavier when it's cold. Even when the engine's off, the battery may be called on to work the radio, heater blower, cigarette lighter, power windows, horn and lights. According to General Electric there are more lights in the average late-model car than in the average home.

With the engine running, your generator must supply current for all these things, plus electricity for the motor and other power equipment.

So keep an eye on the ammeter on your instrument panel. It shows whether or not the battery is being charged by the generator. Normally it should show some "charge" except at very low engine speed.

When you stop for gasoline, have the service station attendant check your battery. How's the water level? Are the connections firmly anchored and corrosion-free? Does the battery need charging? Do you need a new battery? Any Shell service station dealer will be glad to help you.

Mystery Tunnel Puzzles Digger

Almost any day now the world may hear news of one of the greatest archeological discoveries in history—the finding of more than 50 day's excavation in a long, narrow tunnel in Luxor's famed Valley of the Kings.

For the past two months a weirned Egyptian living only a few miles from the burial ground of the ancient Pharaohs has been shuttling dig gings into a rock known locally leading from the tomb of the mighty and famous Pharaoh Seti I. Hussih Ali Abdel Rassoul believes the tunnel will lead to treasures and relics which may even outpass the fabulous riches of King Tutankhamen, discovered in 1923.

Abdel Rassoul and his 21 workmen, having reached a depth of 143 yards on the approximately 6-by-8-foot subterranean passage, believe they are nearing the end. They expect to come across the door of Seti's real burial chamber any day. Abdel Rassoul thinks that the burial chamber presently discovered was a decoy, built to deceive grave robbers.

When Abdel Rassoul will reach his goal, and what the secret chamber, if found, will contain, is a bit of a guessing game among Egyptologists.

Dr. D. Mayler, professor of Egyptology at Munich University, mentions that the tunnel leads to a temple of the p Osiris, because King Seti was held this "God of the Underworld and Judge of the Dead in great veneration.

Egyptologist Dr Mohammed Abdel Kader holds that t subterranean passage was designed as the spirit's route to the underworld, and expects stone solar boats to be discovered.

Abdel Rassoul, who also is financing the diggings, claims he learned about the passage from his grandfather, who worked with some European archeological missions at the turn of the century. He says he kept this revelation a secret until he had enough money to undertake the diggings.

There are altogether 1 tombs in the Valley of Kings across the Nile from Luxor, the ancient Pharaonic capital of Thebes.

King Seti's tomb is one of the biggest in the valley, extending 165 yards into solid rock. The tomb contains four corridors and six side chambers, including the burial chamber, whose a well is drilled to mislead robbers. The big burial chamber at the e

of the room contained a m ble sarcophagus where t King's mummy was kept.

The subterranean passa discovered by Abdel Rassoul begins beyond the burial cha ber. Seti's tomb, which about 3,500 years old, was apparently known to the Romans during their conquest Egypt. It was mentioned Roman historical writings.

The tomb was rediscover by an Italian circus clo called Belzoni who came Egypt in 1817 to entertain t Khedive. Belzoni succeeded getting the Khedive's permission to excavate in the regi of Luxor.

With the help of Abdel Rassoul's grandfather, Belzoni succeeded in opening the tomb but apparently all its contents, except for a huge marble sarcophagus, were alr ady grave robbers many ce turies ago. The marble coffin now in the British Museum

A mystery tunnel being excavated in the Valley of Kings at Luxor may lead to treasures of the Pharaohs even greater than those found in the British Museum's tomb of Tutankhamen's tomb in 1923.

TIPS FOR PARENTS

By EDITH HENRY
Parent Education Associate

HOLIDAY meals can be happy occasions.

Things To Remember: A hungry child will eat. Hungry comes when a child is in good health, has plenty of exercise in the fresh air, and sufficient rest.

All children have "off" days or "off" meals. Do not worry about them. A rest, or a few minutes of quiet play before meals is good practice, as it also a reminder that the meal is soon to be ready.

Serve meals regularly . snacks of fruit juice and cookies halfway between Dinner time hours. Between spoon, gum should be very rare treats.

Young guests will feel rest and some ... hate eating as close as visiting.

Food Equipment: Color dishes, mug, light and ... buttoned; spoon with short, straight handle, shallow bowl; adult sized fork— bowl for young children.

For them a plastic washable bib or apron, placemat and, if necessary, floor coverings are efficient.

Parent Attitudes: Try for a quiet, easy, relaxed atmosphere . Conversation happy rather than critical of either the child or the food served. Accept accidents calmly.

Remove uneaten food as unobtrusively and no pressure. The child will probably make up at the next meal.

Be content to have the child pick up bites in morsels gradually.

They learn better eating habits more quickly if they eat alone at first.

It is also well to remember that dr ... is just how fast ... and grow fat ... word.

Easy win

One of the advantages of youth is cheerful ignorance about the dread difficulties of life. A recent example of this is the adventure of a young lady seeking her first job. She stood in line at the employment bureau and applied for a job. They had no listing of a possible job for her, but there were so many applicants to look after that the bureau took her on its own strength.

At the end of the day, the young lady returned home, naturally pleased that she had a job, but unimpressed by her clever approach among the perils of this world.

Department of Lands and Forests

Sealed tenders to purchase the following buildings located within Cadomin townsite in Sec. 21, Twp. 46, Rge. 22 West of the 5th Mer. will be received by the Director of Lands, Department of Lands and Forests, Natural Resources Building, Edmonton, Alberta on or before 5 p.m. Friday the 27th day of January 1961.

From a cottage window

By ALICE HOLLINGTON

Happy New Year! Happy New Year to all.

Christmas is over and so too soon we forget the great event that started all the New Year festivities. We so easily forget that we were given Christmas so that it would stay in our hearts and daily lives all through the coming year.

We liken New Year's to a fresh new start and this is quite right. We make resolutions and take inventories and hope the new year ahead will be better financially? or spiritually?

Financially better for many because that will be the most important thing to them in their new year ahead. Their main efforts daily during the year will be towards the making of profits for profits will represent their good-will to wards men. Every good deed they will do during the coming year will have the all important dollar sign attached. Unless the good deed act has a rebounding back into their money bags, the love for their fellow men is pushed behind them and ignored. They say that their brother's keeper any longer than it takes to coundict whether this brother is sure fat profit somewhere along the line.

Spiritually better—for those others who will not forget that Christmas was celebrated because a babe was born in a lowly manger, a miracle and a wonder but to outward appearance no different than any other baby. The Bible doesn't tell us very much about Jesus growing up but enough is that we know He did grow up just as God planned He would.

The many people who think about Jesus at all these days consider His life as being magic and different. God didn't make it easy for Him because He was a very special person. He had to grow up and learn just as we all must learn, through good and bad experiences today. We know what it meant to be hungry and alone, without friends many times.

The difference in Jesus's life was in His closeness to God. He knew in being close to God, that all people were important. The rich, the poor the good and the bad. Having been born and having grown up in mankind among all people and having shared their lives and their troubles He knew how all the people lived and felt. He could not learn this any other way, but to be born as other babies were and to grow up through years of joy and suffering, mingled with many, many disappointments. Though a very special person in God, He mingled with the rich and the sick and the dying people in all walks of life. How else could He know how people all the people lived and felt.

As each one of us come to understand and accept the plan made for us, then we will not be too concerned a financially better new year, but about one which a spiritually better.

EDMONTON, Alberta.

PROVINCE OF ALBERTA

American College brings sports to Lebanon

A.U.B. soccer field, track, basketball court and tennis courts, as viewed from an upper-campus vantage point.

The American University of Beirut, formerly the Syrian Protestant College, is credited by the sports authority in Lebanon with introducing modern sports to his land.

In fact, according to Nassif Majdalani, "Dean of Lebanese Sportswriters," the college campus was the site of the country's first track and field meet on March 23, 1870.

Given this impetus, it was not long before Lebanon throughout the country were giving full-rein to their quick-silver and villagers continued playgrounds; that annual sport conferences be held; and, perhaps most important, that a Sports Department be established, attached to the Ministry of Education, in order to coordinate sports activities throughout the country. The presidential decree was issued on December 7, 1944.

Since 1946 Lebanon has participated in all regional, Olympic and other international games. In the fall of 1959 the Mediterranean Games were held in Beirut's new Camille Chamoun Memorial Stadium, as Lebanon played host to its first major international sporting affair. And in 1960 Lebanese athletes carried their country's colors to Squaw Valley for the Winter Olympics, and to Rome for the summer games.

Sixty years after the AUB started the ball rolling, Lebanon has reached maturity as a sporting country. Not only are its younger people enthusiastic about many sports but also many of its leaders are former participants who continue to be sports-minded. Prime Minister Rash Hilan was an AUB boxer in 1922. Minister of Defense Amin Majeed Arsalan was a cyclist in 1928. Minister of Finance Pierre Gemayel was associate captain of the "Circle" basketball team, and former Premier Rashid Karami was a soccer and table-tennis player and other leaders in the sports in 1937.

Edson School Division No. 12

NOTICE

Nomination and acceptance forms (Forms G and H) may be obtained from the secretary of your School District, or from the undersigned.

H. S. BLUNDELL,
Secretary-Treasurer
Edson School Division No. 12
EDSON, Alberta.

Optimist Bantams edged by Junior High team

The Jr. High All-Stars edged the Edson Optimist Bantams 9-8 on the last afternoon of 1960 at the Edson Garden before less than 100 enthusiastic fans. The scoring was opened by Ronnie Knutson, Bantam persistent forechecker at 2.05 of the first period. While Reed LaBalbo was sent off for kneeing at 9.40, Jr. High Louis Stupar at 11.00 tied it with a long shot which deflected off a players stick gave Bantam goalie Paul Brand no chance. It was Louis Stupar again at 11.50 on a neatly completed pass from the 60-minute man Eddie Owen that sent the All-Stars with a 2-1 lead into the second period. Donald Sarin on a Mark Irwin break pass evened it all up for the Bantams until Stupar set up Ed May at 10.01. On one of the finest sweeping motion plays of the game stalwart forward Randy Pysar set up Connie Kenny Walker to tie the count at 10.20. Three minutes later the regular defence man Wayne Gurding set up Flash Gordon Wells to send the Bantams ahead into the third period with a 4-3 count. The Twin Speedster Ed May scored twice on a fine set up play off Louis Stupar at 3.30 and again on a break away play of Eddie Owen while Reed LaBalbo was sent to the pen for roughing at 6.00. The only All-Star penalty went to Peter Dupree for illegal interference at 12.00 of the final stanza.

Bantam Line Up—Goal, Paul Brand, Defence, Wayne Gurding, Reed LaBalbo, Mike Evachuick, Terry Kratzman. Forwards, Garry Dirk, Mark Irwin, Kenny Walker, Cliff Romeneth, John Maguire, Dennis Calvert, Gordon Wells, Donald Barth, Randy Pysar, Ronnie Knutson. Coach, Joe LaBalbo; Asst. Coach, Nigel Aspelet; Stick Boy, Grant Shultz; Manager, Glenn A. Schultz.

All Star Line Up— Goal, Dale McIntyre; Defence, Ken Selezyk, Peter Dupree, Eddie Owen, Bill Somers; Forwards, Ted Green, Rich Stakich, Ed May, Bill Mahon,. Rodney Strasch, Louis Stupar, John May, Wayne Mallet, Keith Switzer, Wayne Larsen, Sandy Joy, Evan Garber; Coach, Norm Epp; Asst. Coach Red Lanigan; Stick Boy, Chris Davidge; Manager, L. Heckman, Officials, Bob Smilanich and Nick Antonenko, Time Keeper, Art Kratzman. Score Keeper, P. Serdiuk; Goal Judges, Gary Rybicki and David Kratzmann.

WORD HAS BEEN RECEIVED that Douglas Wells has been awarded an University Limited graduate Queen Elizabeth Scholarship of $180.00. These awards are given to assist and encourage University students of high standard to continue with their studies. Douglas received the grade XII scholarship from the Edson High School in 1959 and is now taking his second year at University of Alberta in Edmonton. He is the son of Mr. and Mrs. Percy Wells of Edson.

60 young people gather in Edson Baptist affair

Edmonton and Hinton Young People's Groups were the guests of the Edson Baptist Young Peoples' on Sunday and Monday, Jan. 1 and 2.

The Edmonton party arrived Sunday night where they were welcomed by the Edson Baptist Young People and took charge of the evening gospel service. This very inspiring service with several musical numbers was enjoyed by the congregation.

After church the girls were billeted in various homes and the boys settled down to a motion night in the church.

Early Monday morning breakfast was served in the basement of the church by the ladies of the congregation.

After breakfast the Young People, joined by a group from Hinton left for an early morning tobogganing party at the K. Fossheim farm. After two hours of hilarious fun they returned to town and indulged in a delicious dinner, again served in the basement of the church.

Tobogganing was again the order of the day, when 4-H teenagers set off for more fun.

At three o'clock they returned to the church to be met by cake and cookies. After a snack and a song-fest the Edmonton and Hinton groups each set off for their respective homes.

On behalf of the out-of-town guests, w e Edson Young Peoples would like to publicize our grateful thanks to each person who in any way contributed towards making our outing the success it was. Our only hope is that we may have many more of this kind of activities and that more Young People will join us in our fun.

Mr. and Mrs. Don Williams (nee Ina Petty) proudly announce the birth of their second son, born Christmas Eve. A brother for Dennis Jr.

Lions donate $100.00 towards Christmas hampers

The Lions last meeting of the year for 1960 was held in the Commodore Hotel banquet room on Thursday, December 8. Lion president Paul Jacobs was in the chair.

It was unanimously decided to donate $100.00 in cash towards the setting up of Christmas hampers in co-operation with the local Red Cross. It was also decided to send financial aid to Lamont where assistance is needed because of the recent school bus accident.

As the regular dinner meeting would come too close to Christmas, it was voted to cancel that one.

Robins honored at evening party

A party was held in the United Church basement on Monday, January 2 in honor of Dr. and Mrs. K. F. Robins who retired recently. The evening was spent playing cards, the honors going to Mrs. Dorothy Burleigh and Mrs. A. Haslet, Mr. Geo. Maclean and Kenneth Haslet.

A delicious lunch was served. Then a presentation was made by Manley Burleigh on behalf of the guests. The evening concluded by singing "Auld Lang Syne" and "They are Jolly Good Fellows."

MURRAY'S Perfect Calendar For 1961

Always looking for something new to help us serve our Customers and Friends better, cheaper and more efficiently we have at great expense developed this Modernized Calendar. Study it carefully and you will see that it will help you live a fuller life with less effort and expense.

MURRAY'S Modernized Calendar

SUN	SUN	SAT	THUR	WED	TUE	MON
7	6	5	4	3	2	1
14	13	12	11	10	9	8
20	19	18	17	16	15	1
½	26	25	24	23	22	21

You only need the one month calendar which is always good

1. Every order is wanted yesterday. With this Calendar you can order your needs on the 8th and you will get them on the 4th.
2. Since all bills are due the first of the month, there are two giving you twice as much time to get them paid.
3. There have always been superstitions regarding Friday, so we have dropped Friday the 13th . . . In fact there has always been something fishy about Friday, so we omitted it altogether.
4. There are only 26 days, so there will not be so much month left over at the end of the Month's working Capital.
5. A half Day is provided for those jobs you have been putting off.
6. The 30th is eliminated. Thereby doing away with all those disagreeable end of the month reports and bills.
7. There are two Sundays giving you a longer weekend.

Kincycles to again provide entertainment for Edson and District

After a lapse of a couple of years the Kinsmen are again going to sponsor their popular "Kincycles of '61" in the Edson Arena as a two day affair. Dates set for the big local extravaganza are Friday and Saturday, March 3 and 4.

Over 60 students are taking figure skating instruction under the experienced direction of Mrs. E. Herring. The contagious enthusiasm being engendered by the figure skating classes has led to the joint participation by Mrs. Herring's classes and the Kinsmen in the planning of the ice spectacle.

It is hoped to have town and district carnival queens sponsored by other organizations to give this long time Edson winter event an extra push.

Edson and district have had a long tradition of these ice carnivals and through the years many of our young people have gained poise and grace through their training by devoted adult enthusiasts.

During the mid thirties when the depression was at its lowest, Edson ice carnival started to gain a reputation. It was to Edson that many of Edmonton's promising young skaters used to come to gain more experience before going on to greater acclaim in the skating world. Edson's own skaters gained grace and beauty of movement they could have got in no other way.

The carnivals continued on through the war and into the post-war years. Several years ago Mrs. Laura Mahon, who had been the centre figure around whom so many carnivals had been built, found she could not devote so much time to this community effort. As a result the carnivals gradually dwindled in scope and size.

Devotees of the winter spectacle are again delighted at having Mrs. Herring to sparkplug this fine climax to a winter's figure skating. We hope that community organizations and people with a little spare time to help will volunteer their services to again build up this fine local winter entertainment.

FIRST BABY OF THE YEAR honors went to Mrs. Ed Barbaruk (nee Ann Affolter) who gave birth to a daughter on January 4 at 4:30 a.m. The 7 lb 11 oz. daughter of the Barbaruk's will be welcomed by generous Edson merchants with gifts in honor of her being the first 1961 baby at Edson's St. John's Hospital.

H&S to discuss ungraded grouping

Parents are urged to attend the Home and School meeting on Wednesday, Jan. 25, in the High School.

The main topic of discussion at this meeting will be the grouping of pupils by grades in the elementary schools.

It is hoped to have a good turnout so that this proposed change can get a thorough discussion.

The Week's Weather

As reported by the Edson weather office:

Date	High	Low
Jan. 5	41.6	19.6
6	36.1	16.9
7	14.8	-5.6
8	44.8	6.3
9	39.0	19.3
10	37.6	16.0
11	36.0	16.4

The unusually mild weather this winter has given us higher than average temperatures thus far. Old man winter may get tougher and colder, but his time is running out. Come the middle of March we'll have spring fever and then it will be too late.

Pan Am - Fina buy rights at Windfall

Confirmation of the interest in the Windfall area fall area 45 miles north of Edson came with the sale of rights to the companies who have been exploring, drilling and conducting pilot plant operations in the area north of Edson for the past several years this week.

A combination of Canada Fina Oil Limited, Pan American Petroleum Corp., and Hudson's Bay Oil and Gas Company Ltd., paid the Provincial Treasury $503,000 for 5,000 acres in the Windfall area.

The companies have had a working agreement on the field for some time. Pan American are reported to be considering building 60 houses at Whitecourt. Edson is out of the running due to lack of road construction with Windfall.

Council plan meeting with town planner

With practically all the serviced residential lots in town being negotiated for, a new school site needed, new sewer extensions in the offering and so on, Edson Council Tuesday, Jan. 3, arranged a meeting with Provincial Planner Noel Dant to discuss Edson's problems.

Mr. Dant has previously discussed the necessity of Edson drawing up a long range plan for orderly development of the townsite. Following a meeting with a committee of the whole Council further discussion will take place on Mr. Dant's recommendations.

Present for the meeting Jan. 3 were Mayor W. R. Brunelle and Councillors W. F. Kerik, Comm. L. A. Mahon, W. Mills, R. Rosek, J. Scott and P. W. Walls as well as 10 citizens. The latter seem to be becoming a welcome feature of the present Council sessions.

Council granted approval to the issuance of a licence to Mr. Heinz Zehren for operation of a restaurant in Al's Esso Service, premises Lot A Block N, Edson.

A letter from the Edson School Division with regard to the nuisance created by dogs at large was read and it was agreed that publicity should be given with requirements of By-Law No. 776 and steps should be instituted to bring dogs under control.

Letters From Mr. Noel Dant Town Planner were read.

Continued on page 12

Town meeting set for Feb. 13

The annual meeting of Edson ratepayers has been set for Monday evening, February 13 in the Legion Hall.

As in recent years, it is expected that there will be a heavy turnout of burgesses to hear the new Mayor and Council try to predict what's to come for '61.

The reports of the Councillors and the School Division Trustee will be eagerly awaited. Traditionally it is the question period where private citizens have an annual chance to question Council policy and get their backs off their minds.

Two nominations in for school division trustee

Two nominations for school trustee, one for Sub-division No. 1 and one for No. 6, have been received by Division Returning Officer H. S. Blundell as we go to press.

Nominated for Sub-division No. 6 is A. W. Leonard, of Edson, who has been acting as board chairman for the past several years. For Sub-division No. 1 A. L. Fennik, of Evansburg, has been re-nominated for that area. Trustee Fennik has served one previous three year term.

Nominations will be received by Returning Officer Blundell up until five o'clock Saturday afternoon, Jan. 14. If no further nominations are made the trustees will be declared elected by acclamation following a five day waiting period.

CHECKING OVERLOADS

This week RCMP patrols have been checking pulp trucks heading for Hinton for overloading. Warnings have been issued about 4 cracklown, we understand.

The average truck will now be able to haul only about 24½ cords to keep under the weight restriction.

RECEIVING GAVEL from Mrs. B. Goldstick, past-president of the St. John's Hospital Auxiliary, is newly elected President Mrs. E. Belson. Other members for this year's term are 1st vice president, Mrs. M. Morrison; 2nd vice president, Mrs. B. Radbourne; treasurer, Mrs. A. May; and secretary, Mrs. T. Guenette.

Scanning The Sports Scene

Hinton Optimist Bantams lose to Edson Counterparts

The Edson Optimist Ban tams racked up their first victory of the 1960-61 hockey season on Sunday last before some 300 cheering fans to the Edson Gardens by downing the Hinton Optimist Bantams 5-3.

The scoring was opened by Garry Dirk on a long pass from Curly Maguire at 8:20 Eighty four seconds later Simmons, True impressive looking Dropsea, tied it up for the Hinton Optimists for early seconds when Le ballio came through with a hot brick.

Hinton's big Mike Evanchuk, at 12:33 was assessed a two minute penalty for tripping Maguire on his second time out up the hard hitting right winger Garding to send the Edson Bantams into the second period with a 2-1 lead. The lone Hinton goal by west to Simmons for roughing at 19:23 of the first period. The two clubs checked hard and clean for the minutes of the second period when big Mike was rewarded for his second tripping in duction of the game

The Edson Optimists opened up at 14:06 of the second with 2 fast goals, one coming from Barin on a fine set up play of Flash Gordon Wells and the other off the stick of Wells on a break away pass off the broad and bold performer Reed LeBalbo One of the finest plays of the game saw Hinton's combined play ed Dropsea to Simmons give Hinton second goal past the Edson net minder Paul Strand

In the third period the ot fielde didn't miss much when they rolled LeBalbo for trip ping at 1:38 The three goals scored in the last period came off the stick of Simmi Walk ur assisted by Simmons at 9:04

Randy Pyzer who never gives up when chasing an op posing puck-carrier, came through with his first hat trick of the season beating Hinton's Fleming at 17:34 and at 18:12 Dirk concluded the scoring on a rush pass play from Garding

Edson line-up goal, Brand; defence LeBalbo, Evanchuk; Kratzmann, Ramsworth, for wards: Garding, Dirk Walker Maguire, Calvert, Wells, Sa in, Pyzer, Knutson and Irwin Coach Joe LeBalbo, assistant coach and trainer, H Aspen let, stick boy, Grant Schaub manager, Glenn A Schultz

Hinton line up Goal, Flem ing, defence C Keil, Gittel Drapeau, Cherniak Surowy Schaeffer, Switzer, Simmons, Morris, Lewis, Arm strong, Brainard, Williams, Appleyard, Anderson, Dempsey Coach, Pat Thervien, As sistant coach, John Hickey; stick boy, Rickey Dempster; manager, Paul Chernisk.

Officials: Gary McWhirter Guy Columbe timekeeper; Art Kratzman; scorekeeper Nash Maillet; goal judge David Kratzman, John May

The officials, Guy Columbe and Gary McWhirter kept the game well in hand by apply ing the rules of the game They tell us that the CAHA emphasizes strict enforcement of all playing rules, particul arly in regard to high stick ing, boarding, holding so op ponent and deliberately hold ing the puck against the boards.

The hockey fans were also recognized with Mike Evanchuk getting the $2.00 award from the Optimist Club, Dun nis Stupar a book of theatre passes from the Metro Theatre, Mariner Motors Ltd awarded Anita Garbutt a grease job and Mr H Kouz ma of 10449 108 St Edmon ton was awarded a $10.00 merchandise voucher from Mills Furniture & Appliances Ltd

The Edson Theatre will be sponsoring the three-st ar awards this week end when the Edson Optimist Pantom host the Edmonton Grovenor Bantams at the Edson Gard ens at 8:00 p.m Saturday and on Sunday at 2:00 p.m

Hinton team to enter Provincial playoffs

It was decided at the North Western Hockey League ex amination meeting held in Jas per on Sunday, that the Hin ton Hawks would this game rep resent the newly formed league in the Provincial Play offs. The team will be regis tered in Intermediate 'B' class

Players from the Edson Ath letics and the Jasper Pioneers will also play for the Hawks to strengthen the team and with this in mind the coaches of the three teams Ray Pu fier of Hinton, Nino Chiesa of Edson and Tom MacCreadie of Jasper will get together short ly to decide on the all-star team.

District rinks play in Legion ‘eries

Forty Sunday morning now Legionnaires and rooters bowling for the Drayton Valley to take part in the Zone 3 na tional bonspiel A total of nine rinks were entered from Edmonton Hinton Edson Whit wood Evansburg Parkland and Drayton Valley

One rink was entered from Jasper, comprising skip Bill Lamerth, third Bill Robinson, second Don Robinson and lead A Barley with J McWhinnie as alter One Hinton rink entered skipped by Er win Reinke with Cecil Pearly second John Wood and lead Norm Stewart

Two Edson rinks were en tered Skip Cal Crowe's rink included A Goldstick, B Walsh F Lankham, John Walker's rink included H Dirks, Norman Graden, Ed Edwards and spare B Tur cotte

All the games were rinse with the Drayton Valley rink skipped by Mayor Adrien Meier winning the "A" event and Lamerth of Jasper taking the "B" event

If one of the above rinks wins in the District playoffs they will then go to the Pro vincial playoffs at Vellow knife

The Dominion finals will be held in Trail, B C

Three club hockey league organized

A meeting was called at Jasper on December 8, for the purpose of organizing a north western Alberta Hockey League which, this year, will include Jasper, Edson and Hin ton Hockey clubs

The meeting was called to order by Mike Bugaiak of Jas per and nominations were call ed for the floor for the re cruitve of the new league Roland Mesmacque of Hinton was elected president with Frank Gooley of Hinton as secretary treasurer

League statisticians were ap pointed at the meeting as fol lows: Les MacLachlan, Jasper Calvin Rowan, Edson; Marc Couture, Hinton.

Jasper suffers defeats in opening hockey games

Hinton Hawks playing their first game of organized hockey for this season defeated Jasper Totems in an exhibition game at Jasper last Saturday night. Past hockey and close scoring kept the score than 400 fans on the go as they watched the first game in their new arena. The first two periods were very close with Hinton surging ahead in the third period to score five times and win by a 7-3 margin.

Hinton Hawks lineup: B Bradford, goal; S McLeod, D Pares, A. Bjork, R. Malinski, L. Ishtie, L. Brett, J Hickey, F. Fortier, D. Lewis, R. Brett, D Johnson, R. Mesmeau, Frank Lewis.

Jasper Totems lineup: Norbery Brumberger, Stan McLeod, Chris Anderson, John Chesser, Ray Peterson, Tom McCready Mike Bugaiak, Aal den Bradley, Harold McDonald, Bill Nichol, Ewart McQueen, Doug Glenn Sunsey Anderson, Dell Hinton Doug Murdoch.

Hawk scorers: L. Brett, assist, Malinski; A. Bjork, A Bjork, assist Ishkw and Malinski; Bjork, assist Ishtie. In five twice unassisted. Totem scorers: A. Bradley unassisted; D Glenn assisted by Mc Queen and Nicholls. Jasper received 5 penalties. Hinton received 7 penalties.

Edson 7 - Jasper 3

Sunday's game with Edson Athletics left the Totems tasting defeat for the second time in as many games by a score of 7-3.

Edson Athletic lineup: Pet er Smilanich, goal; Ed Vellick ka, Nino Chiesa, Ken Anderson, Grant MacMillan, Cal Rowan, Bert Rowan, David Anker, Stan Partridge, B Cey ler, Bruce Mahon, Ron McVey en, Bob Smilanich and Boyd Helps.

Edson scorers, were B Helps, Anker, assist Chiesa; C. Rowan, assist Anker; Dave Glen Chiesa, assist Partridge; McViven, assist Anker; B Mahon, assist Smilie.

Ten penalties were handed out to Jasper in the Sunday game Edson collected a total of 13 trips to the sin bin Officiating at the games were E Dunphy, referee, linesmen B. Townsend and D Meshiti Les MacLachlan was official time keeper assisted by W Kortzman.

He's Your Man...

At regular intervals, an A.B.C. circulation auditor visits our office to delve into our records on your behalf.

He's thorough, exacting, complete. He leaves no stone unturned to get the circulation facts.

When he has finished his audit, he tells us what we have. He produces the facts on the quantity and quality of our circulation.

He's your man, actually—he works for you.

The A.B.C. report, based on the auditor's findings, is your guide to more productive advertising. The facts he reports are your protection.

They tell you, in the precise language of an accountant, exactly how big a circulation audience you are buying, where members of that audience live, and some of the reasons why they chose to be a part of that audience.

Ask to see a copy of our latest A.B.C. report.

From a cottage window

By ALICE HOLLINGTON

To every man there open'th
A way, and ways, and a way
The high poet thinks the high way.
The low poet gropes the low.
And in between, on the misty flats,
The rest drift to and fro.

—John Grantham.

As the first week in the new year comes to an end, I find there is no lessening of work that must be done daily. Yet it is in daily work that the way is opened for each of us to help each other or those less fortunate. Those of us who have every day filled to overflowing with tasks we must do often forget those others who are idle and lonely We do not often under stand the long hours these others must let drag by some how because we have not a found time long and summer eating

Yes, you often hear busy people grumble and lose their temper Mostly it is because of their impatience with others, for not being busy too But it is not the fortunate l of the idle to derive happiness and comfort from being busy This is a special blessing given only to those who have learned how to be busy through a lifetime of work ing and giving to others.

The white haired grandfather or grandmother who have spent a lifetime loving and caring not only for their own sons ad daughters, but help with their love and pa tient understanding to make life easier and more interest ing, are some of the examples of busy people with special blessings They keep on be ing busy by loving and help ing their grandchildren with the knowledge they have learned through the many long work filled years.

I'm thinking particularly of one such white haired grandfather, who lived an enjoyed his special blessing Having had little schooling himself as a boy, with a good long history of his younger years spent in Welsh coal mines before coming to Can ada he well understood the long lonely hours a little boy spends when trying to play alone It was heart warming to see this old grandfather taking his small grandson on walks along the laborhorse or just along the street explain ing the many things they saw along the way and answering the lad's innumerable ques tions

Stormy days would see grandfather and grandson working side by side with pa ail and paper, with the re sult that by the time the grandson was old enough to enter school, he could go in his grandmother's home alone and make out a mirsby to readily as his own fath r who managed the shop for his grandmother Bedtime was a time for stories, some of them real from grand father's long years of living This boy grows now to man hood, grew up with the feel ing of security of some one loving and helping him and the old grandfather was re warded by seeing his grand son grow up healthy and well adjusted to many problems not always learned in school classrooms.

"Love over gives—forgives —and outlives—and over stands with open hands" While it lives—it gives—for that is love's prerogative to give—and give and give

Cleaning Problems
One aftermath of the holiday season is the laundry stain removal and dry clean ing which has to be done.

When you are building up the garments for the dry cleaners, remember that dry cleaner is not psychic—also say stains. The initial in formation will be beneficial to both you and the dry cleaner It is a good way to en sure long life for your clothes The fabric tags and labels from clothing at the time of purchase. Then, you have them for easy reference when the time for cleaning arises Pass any specific information on to the cleaner

Should you be in doubt about the cleanability of certain fashion trims such as buttons or belts, ask your cleaner's advice on these points. Even with the most careful cleaning there is much here negative or bead ing.

Brushing and airing your clothes between cleanings will give longer wear. Dust and soil harden and become im bedded in fabrics.

"Cheer" stains are another problem. Perfume, cologne, shampoo, and permanent sol utions may leave stains which are not visible at first but do make an appearance later. Let your dry cleaner know if clothing has been in contact with one of these

Home treatment of stains can be saving for you. Pro ceed carefully, and keep a good reference handy. A bulletin "Stain Removers" is available free of charge by writing to us at 10302 - 107 Street, Edmonton.

General rules for stain re moval include these points 1 Treat stain while fresh 2. Blot up, brush or scrape off all excess 3 Identify stain by scratchin—if built up on surface it could be wax, glue, paint, nail polish: if it turns light and powdery it might contain starch or sugar; feel ing it smelling it: 4 Know your fabric and finishes whether colorfast washable ups to shrink a synthetic or blend of fibers 5. Know your stain remover They are clas

THANKS
To You Edson

The Edson Chamber of Commerce Christmas Hamper committee wish to sincerely thank all those who con tributed money, food, clothing, toys and miscellaneous items thus enabling the above committee to distribute to the less fortunate of Edson and District. Also a special thanks to those who helped to pack and distribute the hampers.

BERT HEMING,
Chairman of the Committee

JOHN WATSON ON CURLING

Even I have tried the alumnus play!

Distributed by Toronto Telegram News Service

There comes a time in ev ery curling game when a skip is tempted to gamble by sub stituting for or playing a shot where the odds are prohibit ive.

Some strategists are by birth and temperament con firmed optimists who drool over the prospect of making a stratifying double kill or negotiating a dangerous port to eliminate an opposing stone that stands between them and a big end These characters are a menace to the brotherhood of the ice lads, for they can demoralize in a few short seconds the team mate they are supposed to assist.

In 1956 Brier play at the Toronto Granite Club I was guilty of trying an Alumnus Play in an important game a gainst the Northern Ontario entry skipped by Emmett Smith of Haileybury The de tails of the play will live out our first Canadian curling title.

Two down playing the tenth with last rock to throw, we had succeeded for the first time in building a good end with our anticipated Montreal grantee friend Emmett who he played his last stone Smith tried a freeze to our number one shot inside the four foot and his rock stop ped a couple of inches short of the tee line of our own tar get.

It had taken ten hard play ed ends to build up this big one as the Northern Ontario crew had out-curled us up in this point The temptation was too great. I wanted 3 or four points badly and Smith's near freeze was not going to deny me so I insisted on trying a running shot to kill the opposing stone even if it meant sacrificing one or two of our own. Bonnie's My runner greased by the On tario stone, stirred and our shot and presto - they were three up!

Granted that hindsight is better than foresight but a draw to the four-foot for two would have tied the game if I had managed to curb my impulsiveness An even screw after the tenth is a good tac tical position Fortunately, Reg Brittnell New Brunswick team lost a game as well and we were lucky to save them out in the last round

The greater the stakes, the later the end the more im perative it is to abstain from the gambling instinct This also applies in the 4Sp in the 12th or last end in a tie game when the opponent has the final shot Don't make the mistake of dreaming up a fancy shot for yourself so as to make it difficult for Mr Opposition to win the game

In so doing you are only increasing the possibility of landing like a donkey with your own attempt The in evitable result is that Mr Nibbs will not even have to afford an absorbents. deter gents, lubricants and bleaches to detect correct remover for type of material and stain Test stain remover on some unexposed part to make sure it will not effect fabric or dye 7 Work rapidly but gentl Light brief applications of r remover are better than long strong ones.

"Offense is the best defense," holds true Constantly resist the temptation to change your game at least until the last end If you find yourself a head keep drawing, for a draw is an offensive maneuver re in the roaring game If behind, aim your draws with opposing shots

Use short guards, raises, freezes and wait for a break. Matt Baldwin is a brilliant strategist in this respect He can dare to be different and by so doing confuse and con found his opponents. But he reserves his Alumnus Play only for such occasions

Next The Running Game

SOME ARE

Some "Do It Now" is being done in Edson this week. Work on the provincial building is proceeding both inside and outside (under polyethylene wrap) and other smaller projects.

One we have been watching with interest is the roofing job being done to the extension to Mahon's Electric store. There are not too many winters when workmen can put a hot roofing on a building, let alone put up cement blocks, complete with footings.

While the mild winter has helped there are many jobs that can well be done even in much colder weather. There are also advantages for the individual or business firm in getting the work done at this time of year. There is no waiting for skilled workers. Some contractors are offering discounts on jobs ordered during the winter.

Edson town, the provincial government, and so on, have had plans laid for winter works since earlier last fall. The new roof on the arena was completed during a time of year when previously outside work would not normally be undertaken. Some brushing and clearing work is planned on Edson streets this year.

The provincial government are doing survey and clearing work on the Windfall connection with Edson this winter, in preparation for construction work this coming spring according to assurances given by the Hon. Norman Willmore, our local MLA.

Then there is the gas line clearing being done east of us. The workshop set up by Dutton-Williams in the old CNR roundhouse has created considerable local employment as well. Individuals with small renovation jobs inside their homes can also help by doing it now.

With planning and organization by governments and big and small business, winter slowdowns in the employment picture can be eased

Whatsa matter you

How often we hear the complaint "My neighbors don't like me. I haven't a true friend in the entire district What is wrong with them any way?" This attitude brings to mind the old lady who with her husband, was watching a platoon of soldiers on parade. Finally, with a great show of exasperation, she remarked," Would you just look at that dear, Every one is out of step except our son."

The individual who can see no fault in himself is indeed a sorry soul and a lonely person. Such a one needs help, but woe betide the layman brave enough to offer such a suggestion For all his good intentions he would in the mind of his poor deluded friend, be relegated to the intellectual level of the rest of the offending neighbors

Parents guilty of discussing their neighbor, the school teacher, bus driver, etc., in uncomplimentary terms, in the presence of their children, are laying the ground work for bigoted, self centered adults who think they are the most important creations on God's earth and should be treated as such.

NATIONAL PARKS

It was the privilege of this writer to listen to the new Superintendent of Jasper National Park address 150 ski enthusiasts at Jasper on New Year's Day. The skiers mainly through the efforts of the Edmonton Ski Club and the co-operation of the Canadian National Railway spend an inexpensive three day holiday indulging in their favorite pastime on the slopes at Mount Whistler.

The Superintendent who has devoted 40 years of his life to the development of national parks all over Canada was emphatic in his welcome to the skiers. He spoke of the national parks as their heritage and the heritage of all Canadians and he invited suggestions as to how more people could make use of them

One suggestion which could be made with regard to Jasper and Banff and particularly Banff is that they should be made more accessible to the average income Canadian Even the average Albertan hesitates to spend a holiday in Banff because of the expensive charges in the park even for the necessities of life

The ski train which makes the trip to Jasper twice a year is a good example of how a large number of people are able to take advantage of the beauties of the park and the facilities offered at a price which almost everyone can afford This is done because a few interested and almost dedicated people spend a good part of the year planning and organizing the annual treks

The same thing should be possible for excursions of all kinds under the sponsorship of the federal government so that more people can enjoy the national parks

THE SECOND COLUMN

Mrs. Belcheiner warned her new maid, "I never waste words. If I wiggle my finger, it means you are to come to me immediately."

"Yas'm", Agreed the new maid cheerfully, "but if I waggles my head back it means I ain't coming."

☆

Following a lunch on the door of a college room at a university, a voice asked: "May I come in? This is the room I had when I was at college." He was invited in.

"Yes," he went on musingly. "Same old room. Same old view from the window. Same old cupboard."

He opened the cupboard door. There stood a girl, looking scared.

"That's my sister," and the present occupant of the room.

"Yes," replied the visitor "Same old story"

☆

The hunky young high school graduate applied to the freight terminal manager for a job. He was asked to fill out a four-page application form.

Finally, after much scratching, he found an item on the form he could answer To the query, "What machine can you operate?" he wrote confidently Eliot and Pie Rail."

☆

Mrs. Jones: "I thought you said your diet allows you to have dessert only once a week."

Mrs. Smith "That's right, and I'm sticking to it. This piece of pie happens to be the one for the first week of May 1962."

☆

A candidate for sheriff over Arizona was badly beaten Out of a total of 2,500 votes he received only 15 The day after election he walked down Main Street with two guns from his belt

"See here," a fellow citizen told him "you weren't elected Sheriff you have no right carrying guns like this."

"Listen," he replied, "a man with no more friends than I've got needs to carry two guns."

☆

"It's scandalous for that farmer to charge us $10 for towing the car only three or four miles."

"Never mind, dear" said his girl friend, "he's learning it I've got the brakes on"

☆

Applying for a scholarship a graduate student at the University of Colorado expressed as follows why he needs assistance: "My wife and I are now separated, which has left me as my sole means of support"

☆

If at first you don't succeed, that makes you about average.

☆

A little boy was attending school for the first time and the teacher was asking him a few questions in order to classify him as to his general intelligence

"Who gave us this beautiful school?" asked the teacher

"Mr Manning," answered the boy

"Who gave us our wonderful highways?"

"Mr Manning"

"Who makes the trees grow and the flowers bloom?"

"God," answered the boy

Immediately a voice from the rear of the room piped up "Throw that Conservative out!"

CAPITOL REPORT

School costs to be helped

By KEN MASON

EDMONTON — It won't be long before members of the Legislature are embarking on their annual seven or eight-week session here in the capital city. The way things appear to be shaping up, the major issue in the session (for the second year in a row) will growing financial problems faced by the province's hard-pressed municipalities.

If all goes according to schedule Municipal Affairs Minister A. J. Hooke will be ready to introduce his much-discussed program designed to redistribute the money now in the municipal revenue pot and perhaps add something to it by allowing rural areas to tax power lines and pipelines. Judging by the length of time taken up with studies and by some of the statements government officials have made, Mr. Hooke can be expected to come up with something pretty revolutionary. Whether it will satisfy all the demands of municipalities is another matter in all likelihood it won't.

According to government officials, the program as finally worked out by the provincial municipal advisory committee is quite different from the one the government was all set to enact last session. At the same time, though, it embodies many of the principals of the earlier program. Presumably this means there will be a redistribution of industrial tax revenue and a rural tax on power lines and pipelines. Mr. Hooke won't say what else has been added, but he can be surprised if it's a scheme which in some way is aimed at easing the heavy burden of local school costs.

These school costs probably constitute the No. 1 headache troubling both municipal and provincial governments. Stripped of complicating angles, it's a simple problem

governments are finding it harder and harder to raise the cash they need to meet the ever increasing demand for services. The answer is simple — raise more money by increasing existing taxes or imposing new ones

A retail sales tax probably would solve the problem nicely. But it also might be political suicide for the government which imposed it. An increase in the gasoline tax might be easier to get away with.

But what the government seems planning its hopes on for the time being the proposed power line-pipeline tax and tax and municipal districts. Presumably government feels this will bring an additional revenue to calm the trouble fers for the time being.

However, it's highly unlikely the al tax will be brought in without a argument pro and con. Power companies gas companies will undoubtedly say the tax will be reflected in higher utility The tax would be imposed in country, but the great majority of gas and power owners live in cities and towns. The will be argued, urban dwellers are being ed to bear the cost of a rural tax.

Gas and power companies already said any increase in their operating will have to be passed on to consumers they'll want to present their argume the Legislature before any final action taken. Chances are a number of tax cations, chambers of commerce, and indu concerns also will want to make submis If this is the case there likely will repeat of last year's House agriculture session hearing on industrial taxation.

The gas and power companies could the situation somewhat unclear for the ernment. Increases in natural gas rates year hoisted up into an issue in the last ion, with more than one local Credit Bencher hinting darkly that they the government might have done somet to keep rates down. Then Premier ssing a government will have to trend fully.

What else is in store for the forthcom session? Probably another heavy volum routine legislation, and the usual relen round of speeches and resolutions. The no reason to believe the forthcoming ses will be any shorter than usual. Social ters used to grumble about Opposition virtuous' tactics prolonging session. rior with practically no Opposition, hop and themselves a talkfest which dragge session out to eight weeks, made it the longest on record.

FEDERAL HELPS NURSING STUDY

Recent reports concerning a federal grant of $18,175 towards the cost of surveying nursing care in hospitals in Alberta have brought to light the work of a committee that has been working for the past year on this project. In this important survey the four groups primarily interested in good hospital patient care have joined forces to assure Alberta residents of a high standard of hospital care in all areas of the Province. The Committee was activated by an Order in Council in late 1959 and is composed of representatives of the Associated Hospitals of Alberta, the Alberta Association of Registered Nurses, the College of Physicians and Surgeons of Alberta and the Provincial Department of Public Health.

The prime objective of the Committee is to find the standard of nursing care presently available in all of our hospitals, the minimum standard of care that is acceptable and if possible the ideal standard that might be established in hospitals of each size group with the funds available from federal, provincial and local sources.

During the past ten months a quantitive study of nursing care has been done in every hospital in the province to determine how many hours of care the average patient receives each day in each of them. This is now being followed by a study of the quality of care, to young fellas who just tried on a light sweater "Would you like to step outside and try it for whistling before you decide?"

She: "If you kiss me I'll scream."

He: "Not with all those people around."

She: "Well, lets find a quieter spot."

Just allow child to die?

By G. E. MONTGOMERY

Should a child be allowed to die, because it is against a parents' religion to allow blood transfusions?

Yes, says W Glen How, (C well known Canadian law Parents' rights and re freedom are more im portant than individual live No, says the province of ntario, which has seized a number of children from their parents on medical advice over provinces may do the thing The cases involve the Jehovah's Witnesses ct, which regards blood ransfusions as sinful

"Parents will make some mistakes and children will die Mr How in an article ost appears in Canadian Fa rnal and Canadian Doctor "But the genius of our law the centuries leaves this responsibility with the par They will suffer most such errors, and there are those who will give greatest love, thought and attention to the welfare of their own children."

Welfare authorities in Ontario have power to take away a child if parents fail to provide "proper medical treatment." But (argues Mr How) doctors disagree about medical treatment Blood transfusion and other tech niques may be just medical fads.

"It is an outrage for the law—to punish bodies a home and snatch away a child largely because the community does not agree with the religious views of the parents

"This is being done to a minority, Jehovah's Witnesses, while majority groups, such as Roman Catholics who also have disagreement with medicine in other fields are left unmolested

Mr How is plainly in earnest, and he has built a pleasantly argumentative case I think there are some holes in it

He says "The genius of common law over the centuries leaves this responsibility with the parents" But principles of law change to fit changed conditions of society.

At one time for example, the law considered a female issue as criminal conspiracies The law allowed parents to do virtually as they liked with their children

Nowadays, society meddles far more in private lives than it did formerly The law forces parents to send their children to school The law no longer allows parents to beat their children unconscious

In the days when parents were allowed to do virtually as they liked, many children died of cruelty and neglect We simply are not prepared to tolerate such neglect to day I don't think we are prepared to liberate parents to kill their children by refusing them emergency medical aid If a child is crippled for life by neglect of medical treatment the Lawyers may have to foot the bill, in well two payments. I think the taxpayers should have a chance to prevent such waste of life, health and money regardless of whose religious beliefs are violated

Should we let lawyers debate while a child's life hangs in the balance" Surely there is only one proper court to hear such arguments a panel of doctors empowered to reach a decision in a few minutes

Should we attend school board meetings?

School Board meetings are public meetings But you could not tell that by the attendance At the two meetings covered by our reporter *no one else* attended and by all indication not one of the general public has attended one in a long time

The school trustees have the heavy responsibility of providing for your children's education and they have say the spending of nearly a quarter of a million dollars of the public money Granted the meetings are dull and lengthy, but the non attendance of the public is what makes them dull and lengthy

With no one to watch the meetings week after week, the meetings become sloppy and many hours are wasted on petty wrangling that should have been done in committee

We think the PTA is especially derelict in its duty by not having a representative at every meeting and reporting back to the PTA If the PTA is really interested in better schools and better education how could they miss that important facet of the educational picture? And how can people, who profess to be vitally interested in education go out and vote for a school trustee when they have never seen the man in action or know his voting record or what he stands for?

We have been at two meetings and we will attend more, but we do not have the space to report verbatim what the public should hear for themselves At present there is a wide area of misunderstanding between some school trustees and this editor on reasonability of the press We believe that anything said at a public meeting is legitimate to print but admittedly some of the things discussed at present meetings should be discussed in the privacy of a committee meeting

In fairness to the board who is not used to having an esquire press at their elbow we will print only their insipid press release at this time But beginning next month in fairness to our readers we will print what we see and hear at the school board's meeting

TCA'S TURBINE TRIO

The three aircraft of Trans-Canada Air Lines' planned turbine fleet on the ramp at Montreal International Airport following the arrival of the first of 23 ordered Vickers Vanguards Dash. In the foreground is the inimitable Viscount, one of 69 of these turbo-prop aircraft in use on TCA's short-range routes; in the centre is the turbo-prop Vanguard, designed for service on medium-range routes, beginning in February; and in the background the Douglas DC-8 jet, one of five in service on long-range routes. Eleven have been ordered. TCA expects to retire all of its piston-powered aircraft by mid-1961, to become the world's first major intercontinental airline operating an all-turbine fleet.

Arena opens at Jasper with youngster treats

Jasper's new arena was opened on the afternoon of January 3rd with the Kiwanis Club giving free hot dogs and soft drinks to all the young stars

In both the afternoon and evening skating periods, the ice area was jam packed with skaters It was an entirely new thing for many of the Jasper residents to be skating inside an arena and it was enjoyed immensely by one and all.

Hockey practices for the school teams started on January 3rd and the Jasper Tuxis Senior Club worked out that evening under coach Tom McCready Fancy skating instruction will be given in preparation for the annual Winter Carnival.

Hockey games have been slated for Saturday, Jan. 7th and Sunday Jan. 8th when the Jasper Totems will play host to the Hinton Hawks on Saturday and the Edson Senators on Sunday Admission will be 75 cents for adults and 25 for children Turn out for these games and give the Senior Club your support It is understood that a number of Edmonton teams have signified their willingness to come to Jasper this season

The splendid arena is something that the Jasper residents can be very proud of and all are invited to turn out and enjoy its facilities.

"I don't mind givin' out all the advice I have — I can go home to my wife and get plenty more."

AS I SEE IT

Reverend E. HURD — Pastor

We are living in a day when every thing is done wrong according to those who never help to do it otherwise.

We read in Matthew 12:7 where the Pharisees found fault with Jesus disciples. They even wanted to accuse Jesus Himself (Mark 3:2). A spirit of censoriousness should be prayfully avoided. Thomas Fuller gives good advice. "Search others for their virtues and thyself for vices." He who is critical toward himself will be charitable toward others. While he who is know-eyed to discover the faults of others will be blind to his own.

A father assisted his little daughter until she went to recess, in trying to help mother, she fell and broke a plate. Soon he told his wife to hurry with the dinner, because he had been "a little careless" and broke his plate, and must hasten to have it mended. His carelessness in breaking the plate was more costly than his child's, in breaking the dish, but he ensured himself and rebuked the child.

Faultfinding is not difficult. Isaac Murray illustrates this, in his story of how a dog, hitched to a lawn mower, stopped pulling to bark at a passerby. The boy who was guiding the mower said, "Don't mind the dog, he is just barking for an excuse to rest. It is easier to bark than to pull this mower."

It is easier to be critical than correct; easier to bark than to work; easier to hurt a human than to build one; easier to hinder than to help; easier to destroy reputation than to construct character. Youth finding is as dangerous as it is easy. Anyone can grumble, criticize or censure, like those Pharisees, but it take a great soul to go on working faithfully and lovingly and rise superior to it all, as Jesus did.

HANDYMAN ABOUT THE HOUSE

By GORDON DONALDSON

Pal of mine who makes up in brains for what he lacks in energy was faced with the job of laying a few flagstones to make a path along a worn bit of grass.

Rather than prepare the ground or dig spaces for the stones, he just turned the stones on it, dropped the stones into the muddy mess where they embedded themselves comfortably, sprinkled some grass seed around and went back to sleep.

Pation can be FAR almost as easily — or EASY can be elaborate jobs, result of weeks of preparation.

Either way they're far less trouble to maintain than nature's product, the grass lawn.

My wife, who tends our miserable wood-bed, claims wall-to-wall concrete is the answer. And maybe it is.

The simplest kind of patio can be as cheap as the same area of sodded lawn, if you make your own stones.

One bag of cement, costing about a dollar fifty, should make a dozen blocks 12 inches square and about 1½ inches thick.

First hammer together some frames of two-by-two inch lumber. Lay them on a flat surface of newspaper or polyethylene and prepare the mixture.

Mix one part cement to one of sand and two of gravel, add some coloring material if desired—red and yellow are the cheapest colors—and ladle it into the frames. Seal it down with a piece of wood.

After an hour or so, smooth with a steel trowel or, if you haven't got one, hammer down on a piece of wood.

Cover over and keep slightly damp so that the concrete "cures" slowly. After three or four days—not come blocks. (They'll come out easier if the wooden frame has been oiled first.)

A gimmick used by patio builders who yearn to leave their footprints in the sands of time, is to press little plywood cut-outs into the concrete when wet, leaving cute impressions which look attractive at the time but doubtless drive them mad after a year or two.

Dig out the area to be patioed, make sure it is reasonably level, then tip in a layer of sand. This should be a good three inches thick to allow for drainage.

Tamp the sand down, lay the blocks, then sprinkle some more sand on top and brush it into the spaces between the stones.—TCS.

East District Doin's

By FERN ICE

Pandemonium reigned for a few moments around the Ice farmstead Sunday morning when Ted went out to milk his favorite cow and found her in a manger on her back. A few deft cuts with a power saw and Bossy was pulled from her prison but minus one horn and a quantity of blood. The cow reason able for Bossy's downfall spent the night in solitary confinement and given a chance to repent at leisure.

Sorry we missed the jam session at Durstons' because of the above mentioned incident.

Ronnie Reichbeach has returned from Camrose and hopes to find work in the district.

We know one man who proved that where there's a will there's a way. His car refused to start so he hitched the tractor to the bally vehicle, headed it down the lane, jumped off the tractor and into the car, got the car going and hailed out, made a quick dash, climbed onto the tractor and stopped it.

Robert Hill has joined the RCAF and is impatiently awaiting orders to report for training at St. Johns, Quebec. Robert hopes to realize a long cherished ambition to finish his education.

Mrs. Hank Gilroy is helping out at Meyers store at Niton while Mrs. Meyers and small daughter are enjoying a holiday in Germany.

Mr and Mrs. Charles Batey tell us they will never forget their 25th wedding anniversary. Returning to their home after enjoying dinner with friends, Charlie and Mary found their home packed with friends and relatives in test on an anniversary party deluxe and according to Mary that is exactly what it turned out to be. To highlight the occasion Margo and Fred were present Alan Vera and Elmer Walsh. A total of 53 attended to wish Charlie and Mary many more memorable anniversaries.

Ted Ice celebrated his 16 birthday Monday, Jan. 9

Dick Hemmit, assisted by Joe Hemmit are sawing lumber from Current Creek. Hell bend for leather. The lumber will be sold to pay in part any outstanding bills connected with the subdividing project.

Bennett dealer Mr Walters, of Walters Sales and Service, Brownberg, having chalked up the largest sales of Rambler cars in Canada, has received as a bonus, an all expense paid trip to Europe for himself and Mrs. Walters. The happy and deserving couple plan to begin their trip in the very near future.

Mr and Mrs. M. Hay of Peers live by the truth that there is always room for one more, as is evident in the fact that they have taken into their home ten underprivileged children. With one of their own, plus ten small guests, the Hay household suffers never a dull moment! The Lawrence children from Niton, seven in all, are the latest additions to the Hay family. Five Lawrence child ren started school in Peers after Christmas holidays.

Due to the distance from the bus route Mrs Fitz drives the children to and from school in the family car. Their many friends and neighbors wish to congratulate Mr and Mrs Fitz on a job well done.

Ed White spent Christmas with his parents in Maple Creek, Saskatchewan.

Ed Sharpe called at the Ice home Friday sporting a good healthy beard and tells us the whiskers got the axe when his pulp contract is filled.

A local hanley rolled his load on a bush road a few days ago. No one was injured in the mishap nor was his truck damaged to any serious extend.

Mr. Mervyn Rose has signed up for a lengthy session in the DEW Line and plans to leave in the near future.

Sid and Leonard Smith are working for Jack Rogers in his lumber camp.

Mr. and Mrs. Marvel Nash by were holiday visitors at the home of Raymond Mosby.

Had a short visit with Floyd Mosby Sunday evening at Durston's store.

Mr. and Mrs. Jos Fairbairn were in the district Monday on business concerning the FUA. Due to the serious business of earning a living those chaps to canvass for 1961 members, have fallen down on the job, so Mr Fairbairn has kindly offered his services in that department.

A comparatively new, but narrow bridge near Peers was the scene of a collision between a loaded truck and a stalled vehicle recently. The truck, unable to stop because of the ice on the hill approaching the bridge rammed into the smaller conveyance causing extensive damage to the latter. No one was injured in the mishap, although the occupants of the stalled car were forced to safety. The highway department was notified and the hill gravelled.

Two visitors from Saskatchewan walked to the Thomson home Monday and had a look at the contested cougar eaten Bed's room. They decid

Youths sent to pen for holiday break-ins

EDITOR—

A series of holiday week break-ins resulted on Monday in three Hinton youths being sentenced to one year in Fort Saskatchewan penitentiary. A fourth member of the group involved in the break-ins received a six month sentence.

Involved in the break-ins one of the break-ins, that of and removing one year each were Dale Armstrong, Don Armstrong, and Clarence Calhoun all of Hinton. George Phillip Howells, 22, of Calgary received a six month sentence.

He had been involved in only of they had better go home before dark. Could the sight of the mantel have been a deciding factor in their decision to reach home and safety before nightfall?

Another Hinton youth also appeared before Magistrate P. L. Kaye in Hinton court on Monday as a result of a break-in at the Mountain View School a few weeks ago. The youth, Larry Borzenski, was sentenced to one year in Fort Saskatchewan.

Doors not wide enough

By G. B. MORTIMORE

This is a tough world for people who are the wrong size or shape. Extra-tall men knock their heads in doorways. Short girls strain their backs reaching up to wash the dishes.

But these are minor annoyances compared to the troubles that plague people in wheel chairs.

A disabled man in a wheel chair is constantly running in to barriers — steps that he can't climb doors that are too narrow for him to go through. He lives in a kind of Alice in Wonderland World without the magic potions that made it possible for Alice to grow or shrink.

People in wheelchairs have as much right to enter public buildings as anyone else, but often they just can't get in.

A multiple sclerosis victim who rides in a power wheelchair told me of a frustrating experience he had trying to enter a post office.

The doors were just a fraction too narrow to let him in.

A passer-by went into the post office and asked a clerk to bring some stamps and money orders to the door. He, said the clerk. Regulations didn't allow him to do business that way.

The wheelchair that won't go through a door is a symbol of the plight of all people who suffer from physical and mental handicaps. These people are constantly reminded that they are different from others. They tend to be shy—afraid they won't be accepted.

Much of that feeling of a partition vanishes when they find that they can earn a living.

In some Canadian and American cities there are depots that run under the name of Goodwill Enterprises where handicapped people are employed cleaning and recondi tioning donated clothes, shoes toys furniture and other articles to be offered for sale. The stores salvage depot for goods and for human beings. They turn relief cases into taxpayers. Some of the workers will never be able to work anywhere else But ex people. The mentally retarded who sorts out second hand magazines, classifying them by dates. He never makes an error. And the store earns a profit on his work. Where else could he have got a job?

Other Goodwill employees do not so well. Some outside firms. They don't ask for sympathy. Often they must outsmart a barrier of prejudice. One cerebral palsy boy hired a trained bookkeeper who knocked on dozens of doors but could not convince an employer of his worth.

He had to work as a janitor and a messenger before he was able to drag attention to his ability and prove himself. Now he is a bookkeeper at last.

These are the things that the handicapped need: confidence, training and a chance to prove themselves.

Richard Fabrion has left once again for Toronto. On after being home for a 14 day Christmas holiday. He has been attending the DeVry Technical School for electronics in Toronto since October.

Cliff Wiley to convention

Mr Cliff Wiley, owner of the Marshall Wells Store in Edson left on Wednesday to participate in the Marshall Wells Stores Convention and Hardware Show being held at Calgary Jan 12 and 13. Mr Wiley tells us that this is the largest Convention of its kind in Western Canada, and is attended by Marshall Wells Store owners from all parts of the Western Provinces.

In line with Marshall Wells policy of keeping dealers abreast of the very latest developments in modern hard ware retailing, outstanding speakers will introduce the best of new lines products and merchandising methods from Canada and the United States.

The theme of the 1961 Convention is developed from the recognition that a dealer's most valuable assets are "time and money." Mr Wiley will be accompanied to the Convention by Mrs Wiley.

Hospital Aux. install officers

The St. John's Hospital Auxiliary held their first meeting of 1961 in the Health Unit January 2 with 16 members present. Plans are being made to hold a Sunday night show soon.

Installation of the 1961 officers was conducted by President Mrs. Bessie Fedchishin.

The following officers were installed: Honorary President Mrs W Brunelle President, Mrs R Hudson First Vice President Mrs M Morrison Second Vice President, Mrs Redbourne Secretary Mrs T Gamache, Treasurer, Mrs. A Bain.

The following committees were appointed by the new president: Telephone committee Mrs J Jakeman; Mrs Wault Program Committee; Mrs Reid Membership committee Mrs Hook, Mrs Hurst. Publicity and enrolment Mrs M Sparks

Mrs F Betson won the January raffle Lunch committee the evening. The next meeting of the Auxiliary will be held Monday February 6th in the Health Unit Office at 8 p.m.

INTO THE GROUND go the first sections of Pacific Gas Transmission Company's 36 inch diameter pipe in southern Oregon, part of the 1,400 mile Alberta-California natural gas line. Work on the $300 million project is continuing through the winter and is scheduled for completion by the Winter of 1961-62. Principal sponsor and ultimate distributor of the Canadian gas in northern and central California is Pacific Gas and Electric Company.

SCOOPING DITCH through snow along the central Oregon portion of the 1,400 mile Alberta-California natural gas pipeline is a big mechanical trencher. Work on the $300 million project is moving ahead rapidly in spite of winter weather. The Idaho-Washington-Oregon part of the line is being built by Pacific Gas Transmission Company, that in California by Pacific Gas and Electric Company.

American cousin?

HINTON—

The prosperous little western town of Hinton, named after an early settler of the district is at present making an earnest effort to attract new industries. They have in the very near future that some company will start a pulp mill near the town. We are speaking of course of the town of Hinton, West Virginia U S A.

Our American namesake has a population of 3700 and is situated on Lake Bluestone at the confluence of the new and Greenbrier Rivers. It is surrounded by 600,000 acres of pulp-grade hardwood forests comprising 16 common varieties of cordwood trees such as red oak, beech, maple, birch etc

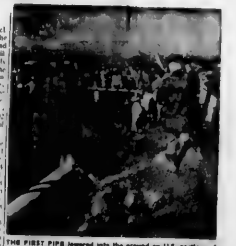
Miss Connie Ann Thomson of Vancouver and Orley Thompson from Hinton were home for Christmas. Mr R Welburn was also a guest of Mr and Mrs Orley Thompson.

Mr Hugh Aspinall has a new '61 Comet. Seems like our 'Gas Hogs' are going all out for Comets this year.

The town has unlimited electrical power being near the Bluestone Federal Dam, and unlimited water, some 4.7 billion gallons available daily. They have natural gas and the town is served by the Chesapeake and Ohio railroad. There are 100 miles from a major airport and adjacent to Bluestone State Park There is a rural population of 11,320 within a radius of 30 miles of the town.

The present average wage for men is $1.40 per hour and for women 75 cents per hour. They have a tax rate of 16 1/4 mills, a daily paper now called the Hinton Daily News, but at one time called the Hinton Herald. This Hinton at one time had a coal mining boom the same as Hinton, Alberta. Their southern temperature and rainfall are much the same as ours, and the pulp town have a club called the Rotary and Chamber Club.

Things all in all we seem to have a lot in common with our American counterpart, let's wish them luck in their efforts to establish a pulp mill



THE FIRST PIPE lowered into the ground on U S portions of the Alberta-California natural gas pipeline was installed recently at the Oregon-California border. Here workmen make a weld on the first Pacific Gas and Electric Company section on the California side of the boundary. Beyond the crowd at the border Pacific Gas Transmission Company pipe is being lowered into Oregon soil.

Provincial travelling art exhibition coming here

24 works from the Art Department Provincial Institute of Technology and Art will be on exhibition in Edson, Jan 21 to 26 inclusive at the Edson Craft Centre.

This is a small cross section of work done by students in various years and courses, selected from the Annual Student Exhibition held each spring in the Art Department's gallery and studios. Many phases cannot be represented — particularly the crafts, ceramics and sculpture.

After First Year, which is basic for all courses, the student may specialize in Fine Art (4 years), Commercial Art (4 years), General Crafts (3 years) or Ceramics (3 years).

The above are diploma day courses, and they have a present total enrollment of 140 students. There are also about 40 part time Specials Evening classes have over 300 students and Saturday Morning Children's classes 270. Now, with a large new building and excellent equipment, the Art Department of the Institute has become one of Canada's major art schools.

Intensive training is given in realistic drawing and in a variety of techniques and media. But equal stress is laid on abstract principles of design and development of the imagination. History of art is taught in all years, linking the traditional with contemporary modes of expression.

Most of the students have grade 12 standing, and it is a point of interest that a talent for drawing is not enough. Intellect, imagination, drive and sound character are as essential to progress in art as in any other field.

The students conduct their own Art Discussion Group. They now have available a fine library and art gallery handles about thirty exhibitions a year, including museum pieces, ceramics and crafts.

MAD'S

THE WORD FOR

Teen and Herd

Hinton came down last Friday and the boys were victorious though the girls lead their game. An exchange game will be played the weekend with Hinton travelling to Hinton. By the way heads those are the playoffs and winning or losing might make front hall.

Teens are already talking of the dances that are coming up in the near future with the various bands playing for them that make the kids kind of feel a little more excited about their dances. Better, that's one real mixed up paragraph but then that is what they say about us.

Nice to see that Gerry has his arm out of the cast he has been wearing for quite some time.

See that all the grade two's have made their 1961 New Year's resolutions and so far they are sticking to them as they don't seem to be going but very much answer and we take it for granted that they are all studying.

The basketball team has added two more players to the team and if we don't mind saying so ourselves, we think that they make a pretty good pair. We'll see you out there, Fred and Jack! (Come to think of it they don't seem to be very good "pals" but then sure make up to one another's shortcomings!)

I see those two girls, at it again—they sure do get around those days doing all the stupid things that they can always be caught doing.

No place for enmity

In an age when the word re-evidence has passed into public usage to describe a desired state between ideologies the Christian Church remains divided into various denominations. The members of each denomination share a belief in the same God; it is in the method of worship and in the question of doctrine that the rifts appear.

Between the different faiths there have been bitterness and enmity, things that have no proper place in Christianity. It is obvious that the chasms of Catholic and Protestant becoming reconciled to each other's viewpoint are as remote as ever, but there appears to be a growing feeling that the two can at least respect each other's ideas.

The Archbishop of Canterbury, spiritual head of the Church of England, ran into some opposition among his own followers when he announced that he was going to Rome to visit the Pope. Here ever he stuck to his guns and the meeting between the two great religious leaders took place Friday—First Vatican meeting between the Catholic and Anglican church heads for nearly six centuries.

According to a statement issued after the meeting, it was never intended that this should be an occasion for the consideration of particular problems or issues, and the meeting retained throughout the character of a visit of courtesy. The statement said "His Holiness expressed to the Archbishop his great desire — as he did on many other occasions to increase brotherly feeling among all men and especially among all Christians, and the Archbishop confirmed out of his own

Injured cutter regained consciousness

HINTON

People at Cutoy 20 were very happy to learn that Roy Pontoire has regained consciousness after being in a coma for twelve weeks Roy or was injured at Camp 20 on October 25th, when a 90 foot green tree was blown down and struck him on the head and back

For quite some time his condition was so serious that there was little hope for him At this time he has not only regained consciousness but has also been able to stand on his feet Temporarily unable to speak, he will regain his power of speech as his condition improves somewhat to his doctors

Roger came directly from France to work in the Western's bush His parents who still live in France have no other children and Roy's remarkable progress towards recovery will be wonderful news for them

It shouldn't happen to a dog

When we first especially sensitive towards members of the human race we are at times inclined to say, they are like animals: but when we stop to think about it, we are being very unfair to our dumb friends.

Just show us an animal perpetual neglects abuses or starves its offspring in fact we have seen dogs that are entrusted with the care of children, no parents can go about the important business of catching the latest hockey game, or playing off their coffee at bridge.

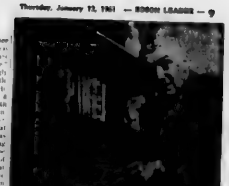
We have yet to witness his slaughters in the animal kingdom become of greed and a wish to prove a point.

Survival of the fittest is the law among animals this we admit, but it is carried out as nature intended and not in the sneaky under hand method devised by man's super brain.

Yes, indeed we are not writing our animals credit they deserve when we suggest our pet pooch shows almost human intelligence We are merely trying to boost our cause.

"Pa, why can't I go out in the fresh air and get some healthy exercise playing basketball like the other kids"

"Oh shut up and don't



AUSTIN WILLIS browses through his library researching material for his new CBC radio show A Touch of All Things. Willis, one of Canada's best-known actors, has recently returned to Toronto after two years abroad, during which he appeared in seven feature-length motion pictures made in England and Europe. On his new radio program, heard Tuesdays and Thursdays on the Trans-Canada network he recalls some of the people, places and events he's met with in his travels to many different parts of the world.

MR. AND MRS. FRANK P. SESSUYEN

Photo by Grant

The Edson United Church was the setting of the December 3 wedding of June Elizabeth Bengtson, daughter of Mr and Mrs Gustav S. Bengtson, Edson and Frank Peter Sessuyen, son of Mr and Mrs Peter Sessuyen of Edmonton.

For the occasion the church was decorated with potted mums and white and yellow daisies. Rev C C Armstrong performed the double ring ceremony. Mrs. Matheny played the wedding music and soloist was Miss Kathy Kendall who sang "I Love You Truly."

Given in marriage by her father the bride was lovely in a floor-length semi-train gown of white sorgana, accented with appliqued sequin flowers. The slimly fitted bodice, styled with lily point sleeves accented the fullness of the bouffant skirt. A sequin coronet crown held her shoulder-length veil and she carried a cascade bouquet of red roses. Her only jewellery was earrings and a pendant of sweetheart.

Mrs Liz Davies, matron of honor, wore a red velvet dress with matching red shoes, a rhinestone tiara and carried a bouquet of white shasta daisies. The bridesmaids, Mrs Mildred Chibri, Miss Carrie Ann Kendall, and Miss Lauren Bengtsen, sister of the groom was flower girl and wore a full-skirted frock of white organza with white accessories. She carried a basket of red roses and lily of the valley. Ring-bearer was Dennis Pessler. Sponsor of the bride

For her daughter's wedding, Mrs. Bengtsen chose a slender dress of beige lace. Complementing her ensemble were black accessories and a corsage of red roses.

Following the ceremony a reception for 100 guests was held in the Parish Hall Mr Barry Davies proposed the toast to the bride which was ably answered by the groom

For her wedding trip to Edmonton after the wedding dance the bride changed to a green wool jersey dress with matching green and brown accessories and a corsage of yellow roses to accent. The young couple are now residing in Edson.

Out of town guests at the wedding included: Mr and Mrs. Dan Pessler, Mr and Mrs. Rodney Jensen and family, Miss Melda Jensen, Mr and Mrs. Oscar Pessler Mr and Mrs. Ben Nagel, all of Penoka, Mr and Mrs R. Sessuyen, Mr and Mrs W Fenwick, Rimbey; Mr. and Mrs Ed Bengtsen, Drayton Valley, Adrian and Hans Bengtsen, Edmonton, Elmer and Derry Fineland Wetaskiwin. Mr and Mrs Armstrong, Lacombe, Mr and Mrs Neil Holmes, Fransburg; Mr. and Mrs Mel Klassen, Hinton, Mr and Mrs Gary Pahlman, Valleyview, Mr and Mrs Carl Brown, Mr and Mrs Ben Sjurlund, Paton.

WORLD'S FIRST FUEL DELIVERY

The first man who picked up a burning faggot and carried it into his cave was making a delivery of fuel. A bit unreliable, perhaps, but it was a step in the right direction.

Man has taken many steps forward since then. One of the greatest was when he learned to use oil.

Because oil products have been made available at reasonable prices everywhere in Canada, oil heats more than half our homes. And speaking of reasonable prices — over the past 10 years the price Imperial receives for home heating oil has risen far less than the cost of other things — only one-third as much as the general cost of living.

ESSO IMPERIAL OIL LIMITED

GREEN ACRES

By DICK BOCKING

Breeding Gilts

Swine producers are well acquainted with the fact that sow litters are usually larger at birth and weaning than are litters from gilts. This is partly a reflection of the influence of age of female on the number of eggs she produces and partly an indication that gilts are unable to meet their own nutritional requirements for growth and at the same time carry a large litter.

Additional information on this point has been obtained at Lacombe where it was found that the critical breeding weight of a gilt is about 300 pounds. Gilts bred at less than this weight proved not notably inferior in litter size at birth and weaning. For maximum production from gilts it is recommended that they be bred at weights not less than 300 pounds and at ages not younger than 8 months.

Pasture Management

At this time of the year it is well to remember that the coming season, and increasingly the carrying capacity of cultivated pastures is a good place to start that planning. Establishing a stand of suitable pasture mixture is important, but pasture management does not end with the planting of the seed.

The first step is to keep your cattle off the new grass until it is 6" high. Never let it become shorter than 3".

Rotational grazing on an area such as this will do much to increase production. Rotational grazing means confencing but with the advent of electric fences this does not mean a heavy outlay of capital or much additional labor. A rotational grazing system using four fields is ideal, and the size of the fields should be such that the herd can graze it off in about a week in this way each field is grazed for one week and then given a three week recovery period. If growth is too rapid and some of the grasses start to head out the pasture should be clipped so that the grass is kept at the right stage for maximum feed value and maximum digestibility.

After the fields have been grazed they should be harrowed to break up and spread the droppings. Additions of fertilizer in the fall will also help to increase production the following year. A fertilizer such as 16-20-0, applied at the rate of 100 pounds per acre, will give good results on a grass legume mixture 21 0 could be used on gray soils.

House Plant Problems

Due to the dry atmospheric conditions under which most of our house plants are grown the possibilities of infection by fungus or bacteria are very much reduced Little alteration need be paid to the control of house plant diseases except to remove infected leaves of flowers.

Insects, however, thrive under these conditions, and will require more attention.

Aphids (plant lice) and mealy bugs (look like small balls of cotton) can be controlled with Black Leaf 40 (nicotine sulphate) A solution of ¾ tsp. Black Leaf 40 and ½ oz of soap in 1 quart of warm water may be sprayed on the plant or the plant may be immersed in the solution to kill these pests.

Scale insects on palms and other broad leaved plants can be controlled by scrubbing the leaves and stems with soft tooth brush and soap and water The plants should be sprayed with clean water after the scrubbing. This insecticide when found on other kinds of house plants can be killed while young by spraying for 5 times a week with derris dust.

The red spider, a very small 8 legged mite, is very common on house plants. The leaves show the result of its sucking by becoming bleached with pale yellow or reddish brown spots and gradually drying and dropping It can usually be held in check by syringing plants with a forceful water Maximum when applied according to the directions on the package is effective

Remember most insecticides are poisonous and should be handled with extreme care Put them out of reach of children and be sure they are clearly labeled

Vendor burglars get five years

HINTON—

Two men who had been apprehended by Town and RCMP when they attempted a Christmas night entry of the Alberta Liquor Store, appeared in court on Monday at Hinton for sentence

The two, Lawrence Delorme and John Trottier, had earlier appeared before Magistrate F. L. Keyes in Edson court and were remanded for sentence

They received identical sentences. Three years for breaking and entering and two years for being in possession of burglary tools. The sentences run concurrently and are to be served in Prince Albert Penitentiary

Gas president talks education at Hinton

HINTON —

Northwestern Utilities' General Manager, Murray E. Stewart was guest speaker at the regular meeting of the Hinton Kiwanis Club on January 3. On that occasion Mr. Stewart gave a talk on the topic "Where Do We Go From Here?"

Mr Stewart was introduced at the meeting by the president of the club, Mr. L. A. C. Rogers Also at the meeting as a guest was Northwestern Utilities' Supervisor of Local Agents, Fred M. Purdue.

The Herald publishes Mr. Stewart's talk below as it is a real though provoker:

Gentlemen, it is a very real pleasure for me to be back with you this evening. I think it is appropriate that I am speaking tonight to a Kiwanis Club - perhaps this will partly get me off the hook for missing my induction as a Vice-President of the Edmonton Kiwanis Club today at noon

I was asked by your committee to discuss very much with you This I am very pleased to be but I must hasten to add that I am very much an amateur educationalist and far from being an expert.

Modern education takes a bit of keeping up with, or maybe it's the modern young star. The night I was invited to build a pontoon bridge. After they had all crossed, they looked back and saw the Egyptian tanks coming. Moses radioed headquarters on his walkie talkie to send bombers to blow up the bridge and saved the Israelites."

"Bobby!" exclaimed his mother. "Is that really the way your teacher told the story?"

"Not exactly," Bobby admitted, "but if I told it her way, you'd never believe it."

I have entitled my talk "Where Do We Go From Here?" I think it appropriate that we hesitate, in our flight so to speak, at this time of year to do a little stock taking - not so that we may know where we have come from, though this is important, but more importantly so that we can more effectively plot a course into the future.

The Aim of Education

Every day in Canada, in Russia, all over the world, tremendous amounts of money are spent on "education", much of it on compulsory public education. What is the basic purpose or aim of this expenditure of money and effort?

The Manitoba Royal Commission on Education in their November 1959 report have put the basic aim of education in as clear form as seems possible to me This is what they say (page 128):

"In any education imposed by the state there is some legitimate except that of developing in each child the desire and the capacity to become an acceptable and worthy member of a society of free men For the furtherance of this aim many laws are necessary or helpful. Amongst these tools certainly are greater ability to think, capacity to earn a living and critical appreciation of our cultural heritage But above all there must be the stimulus that comes from faith that life itself there is some noble purpose that requires and justifies effort, strain and struggle for self-improvement. Without such faith, why learn to think, why earn and not steal a living, why trouble with culture? Whatever else it does, surely compulsory public education must, above all, teach that man's search after a better society is in such man worth his effort — Education should stimulate in each man the will and the power to grow in his humanity to make judgements as beneficial to him and to society that they warrant ever more freedom for each man.

"Good and evil in man have always only in the main been that he is free to choose between them Adherence to moral principles is virtuous only amongst free men. He displays no virtue who has no alternative but to be good It is only when a man is a straight jacket that he does not steal.

"The ultimate aim on education must be that each man to make his own choices, his own judgements, his own decisions — the heart of any program likely to move us forward that aim must be a curriculum designed to impart knowledge, cultivate ability to think, train for a vocation, transmit the cultural heritage, and inculcate moral principles."

All too many people believe that the primary aim of education is to cram the student with enough subjects that he will acquire some mystic diploma called breadth.

The breadth of a student's interests, the extent of his wisdom, and the fullness of his life activities are not related to the number and range of the subjects that he is taught, they are simply related to the enthusiasm of the student, the inspiration of his teachers and the co-operation of his peers.

A student is no better educated, is no better balanced for being taught a multiplicity of subjects On the contrary he is probably so harassed, confused and tense that he is unable to acquire for himself the breadth that no teacher can give him (These last thoughts courtesy of Dr J C Parr and the Alberta Professional Engineers).

At the same time the student must be challenged, not coddled or spoonfed I have heard it said that if you take a course in which the butter fly has just started to emerge and you slit it open very carefully, the butterfly can not fly The student needs the struggle a bit for his future But if he is to later fly

The Search For Truth

The man on the street is more aware of education today than ever before I think it would be quite fair to say that an agonizing reappraisal is underway in the area of education Each of the provinces of B.C Alberta and Manitoba, have had a recent Royal Commission on Education.

It seems to me that out of all this deluge of emotionared [illegible] there should be a good and sorer group of problems. A number of jewels emerge which will have a real impact on the Alberta educational system.

Way thus search for truth in the area of education.' At the root of the why, is the realization that our free society is going to remain free only if its people are well and fairly educated. It has been said that Russia's present lateral error to date was the successful launching of the first satellite This single act precipitated the re-evaluation and reappraisal that is taking place.

Criticism of the School System

There appears to be a growing loss of confidence in the teaching profession and in the old school boards. The growth of teachers' unions failed to stem largely from two sources, firstly, the often drawn out, often contentious, usually publicly fought wage negotiations between local school boards and teaching staffs. It seems quite possible that the teachers may well have completely misinterpreted by the public sympathy which they have traditionally enjoyed and which is a vital part of public confidence in the profession.

Secondly, there is a great deal of justified worry over the rapidly rising cost of education. In Edmonton the mill rate for school purposes has risen from 33 mills per cent from 1955 to 1960

In a special study for the Alberta Royal Commission on Educational Finance by Dr E. J. Hannen, it is surprised that about 3 per cent of the population of Alberta will presently goes toward education costs and that this figure will rise 5 per cent by 1980

Alberta, by the way, spends more per capita on education than any other province and nearly 50 per cent more than the average of all the others

Economists Heard For Education

Let's look, for the moment at the economic need for education from the point of view of the student for an education

Everyone appears to agree that it is desirable, both from the student's point of view and from society's that each student should receive as much education (be it academic business or vocational) as he or she can properly absorb But the student himself often doesn't appear to agree All too often economic pressure, or more often lack of motivation, impels drop outs at too early a stage of education

Approximately two out of three of the unemployed have grade eight or less education But do our students know this?

Not only education and scholarship is important. Fifteen years after graduation those in the top tenth of the class are earning about 20 per cent more than the average Thirty years after graduation they are earning about 60 per cent more Do our students know this?

Stephen Leacock is credited with the comment "I am a great believer in luck and I find that the harder I work the more I have of it."

Does the student of today realize that the ability to obtain an education is taken to reflect the ability and therefore educational qualification in the first test of job applicants"

Our foremen tell us it's a worker who has had practical learning at school usually turns out to be better at learning on the job He catches on more quickly not only in the 'how' but the 'why' of his job. He has a quicker [illegible] lots who have ever lived are alive today?

Businessmen and educators were alarmed at the results of a recent survey by the Opinion Research Corporation of Princeton, New Jersey. This survey showed that 61 per cent of the high school seniors interviewed did not believe in the need for profits, 62 per cent thought workers should not produce all they can, 69 per cent estimated business profits at around 50 per cent

Democracy is not perfect, the free enterprise system is not perfect, the profit and loss type of economy is not perfect (If it were, 20 per cent of the firms in Canada would not have operated at a loss in 1958). But let's not forget that the free enterprise system fails only when it is disabled and burdened and hampered by government intervention. No system is perfect, but our economic system has given us the second highest standard of living in the world and businessmen believe the schools have a responsibility to tell the students about it.

Democracy is a comparative. As stated at the objective of this separate, select institution. "We are not interested in producing well rounded men, but men with sharp, incisive edges rebels with clear minds and uncowed consciences critics of society, not slaves to it."

It's a wonderful world that we live in Doesn't it startle you just a little to think that 90 per cent of all the scientist that ever lived are living today?

What authority should reside in the majority, that the first duty of government should be to preserve civil liberties. "It is a fatal mistake to believe that democratic education consists of teaching children to think clearly, to decide intelligently, to cultivate their curiosity and to release their powers of creativity.

"Other systems of living call for uncritical acceptance of a dictatorships' propaganda. our democratic system seeks reasoned conviction Canada needs broadly educated men and women in all fields of endeavor, so that sound judgement operates upon sound knowledge."

The magnificent schools of today are not a product of our 'masses' urge to educate our children in a course of the 'masses' choosing They are a part of our own search for the best for our children and our grandchildren not to produce scientists to make hydrogen bombs, or mathematicians to calculate the path of a missile, but to educate Joan or John or Tom or Harry so Tony so that he or she may perhaps do a better job of running the world than we are doing

You NEVER Saw Your HOMETOWN PAPER

Thrown into the gutter or a waste basket before it was read, did you?

But waste baskets and gutters are constantly being filled with unopened expensive direct advertising, sales ammunition shot into the air.

A newspaper always commands an audience with prospective customers. It is never thrown aside without first being read from "kiver to kiver."

Then it is borrowed by the neighbors.

That's why intelligent, attractive newspaper advertising is accepted as the most effective form of advertising for our business.

An advertisement in this paper will reach over 90 per cent of the buyers in the local trade territory. The cost is very small, and besides, we do the mailing and pay the postage.

Tips on Touring

By Carol Lane
Women's Travel Authority

Bad way to discover car trouble is with your children running to be child's play

Bear boredom from your itinerary and you'll discover car trouble will run a close second.

Travel tips designed to keep youngsters happily quiet in a limited space For the tot 2 to 7 years of age, picture books blocks paper and crayons are always welcome diversions. Inducing the little girls in this age group will enjoy wonder wearing looms and dolls with travel wardrobes in small suitcases Boys to be a favorite is a doctor or nurse kit Days of the same age will be delighted with tiny rubber or plastic cars Either boys or girls will find kaleidoscopes, playing or picture cards and hand puppets an endless source of amusement Tinker toys 2 to 4 love to cuddle and play with small dolls and woolly animals

Older children from 8 to 12 years of age are easier to keep entertained and retain their interests in a particular toy or game longer than younger fry Keep these interests up throughout the trip with activity books coloring books drawing pads and pastels Children this age are also enough to enjoy automobile and number games which you can make up as you go along Remember not to select toys which might distract the driver such as pop'n balloons and balls Above all don't forget that a little fun and nonsense can save the day when traveling with children

COMING EVENTS

EVERY SUNDAY — Service for Redemption at the High School Gym, at 7:30 to 10:30 p.m Racquets available

EVERY WEDNESDAY — Art meetings at the Art Craft Centre

EVERY WEDNESDAY — Commencing Wed Oct. from 2 to 4 p.m. a new pretrial clinic series will begin at the Edson Health Unit of fice

2ND THURSDAY — Regular meeting of the Edson Branch Canadian Legion at 8 p.m

FRIDAY, JAN. 13 — Bingo in Silverwood Hall starting at 8 p.m

FRIDAY, JAN. 20 — Rebekah Lodge Whist at 8 p.m

SATURDAY, JAN. 21 —Silver Moon Electric club bake sale in Eaton's mail order office from 2 to 5 p.m

FRIDAY, FEB. 3 Second annual "Search for Talent" show in the Edson high school auditorium at 8 p.m

MONDAY, FEB. 6 - General meeting of the Ladies Auxiliary to the Canadian Legion will be held in the Legion Club Room at 8 p.m

SATURDAY, FEB. 11 — Ladies Auxiliary to the Canadian Legion will be holding a bake sale and Valentine tea from 2 to 5 p.m

Do It Now! increase your winter sales

Traditionally in Canada winter has meant a slowdown in business Years ago there was a very good reason for this but in recent times we have overcome many of the difficulties presented by winter weather not the least of which has been the introduction of efficient snow removal equipment keeping the roads open between the customer and those trying to sell goods and services

However, in spite of great social and technological changes habit is strong, and the Canadian habit of putting things off until spring has persisted even where there is no real reason for it This applies, not only to the customer but to businessmen

During the last few years, a vast, nationwide campaign has been run to encourage Canadians to up-date their thinking, in connection with winter Running under the slogan Why Wait for Spring — Do It Now — this campaign was first started by the Federal Government but has now grown to a point where the government effort even in winter represents only about one tenth of the total amount expended by business and other non-governmental sources It has been estimated that $3 000 000 is spent or contributed on publicity and advertising alone in one way or another, to promote increased winter business and jobs

The "Do It Now" idea is extremely simple It merely suggests that it will pay to have the job done in the winter when skilled workers and materials are readily available

Inherent in all this vast publicity is the suggestion that it is in the selfish interests of the customer to have jobs of renovation repair and maintenance done in the winter, and it is in the selfish interests of business to exploit the home-plant and business renovation market which is still largely untapped This market has been estimated to be more than six hundred million dollars That is the amount needed to be spent on existing Canadian homes to raise them to adequate modern standards of livability

It should be emphasized that those organizing the "Do It Now" campaign at the present level, and those coming forward with the tremendous public service support both nationally and locally believe they are supporting a program based on sound business principles

Are they right?

MAIL DAY

It is Friday today and mail day at the store:
There'll be standing room only and not an inch more.
The heat from the stove and the cold from the door,
The kids and the dogs and the feet on the floor,
The looking about for a good place to lean,
The looking for mitts and no mitts to be seen,
The tales that are told of the old and the new,
The stories of accidents, injuries 'flu,
The rover that's flooded, the ferry ice bound,
The bridge in the building — no steel to be found.
All these are a part of the glamour galore
That hangs in the air on mail day at the store
But still it's a pleasure to hear all the folks
Recounting their troubles and cracking their jokes.
You wish to buy groceries' Friend, don t be funny.
There's no one to serve you or pick up your money
You'll wait and you'll wait till the smoke clears away
And the dust settles down if you're buying today
There's nothing like mail day to make you feel good
In your own little home with the stove full of wood.

CONSTABLE AND MRS. JOHN T. WOOD
—Photo by Grant

HINTON—

A very colorful wedding took place in the Hinton United Church on Saturday, December 17 when Miss Doreen Marilyn Muney R.N., became the bride of corporal John Taylor Wood RCMP The bride is a 1957 graduate of the Royal Alexandra Hospital in Edmonton and assistant matron of the Hinton Hospital Corporal Wood is head of the RCMP detachment here

Rev Wm McCosh performed the ceremony for the daughter of Mr. and Mrs. A T Stratton of Hinkturk, Alberta, and the son of Mr and Mrs S T Wood of 328 Dorin Vista Rd., Ottawa, Ontario For the occasion the church was decorated with red gladioli and white mums Mrs P Marshall played the wedding music and soloist was Constable E Kelly of Wetaskiwin

Given in marriage by her step-father, Mr A. T Stratton, the bride was radiant in a floor length gown of white satin brocade styled with lily pin sleeves The simple rounded neckline was outlined in seed pearls and pearl-sequined sequins A shoulder length veil of embroidered tulle illusion matched floor length lace tiara trimmed with pearls and sequins. Her bouquet was of red Sinsere roses and pure pom poms set off by spiked dracena leaves

Maid of honor, Miss Margaret Chorney and bridesmaids the Misses Bonnie Wood and Carol Mair RN, were match ing cocktail length gowns of royal blue velvet designed with full skirts and three quarter length sleeves bloused at the waist matched the satin bows flowing from the waistline of their gowns They wore flat bows of blue velvet as head pieces and carried bouquets of blue and white carnations

Groomsmen was Cpl. J Pippos of Edmonton. Guests were ushered to their places by Const. R. McLaren of Edson and Const H Ross of Edmonton The men in the wedding party all were the dress uniform of the RCMP

Following the wedding ceremony the bridal party left the church through an archway formed by a guard of honor composed of six members of the Hinton Elks Lodge Adding to the color of the wedding the honor guard were their purple and white Indian coiors and formed the archway with purple and white lances

For her daughter's wedding Mrs Stratton chose a navy embossed taffeta sheath dress with red accessories and a corsage of pale pink sweetheart roses Mrs Wood wore a sheath of pale green peau de soie with matching cocktail hat designed in flowers of the same material Her accessories were also in green and her corsage was of yellow sweetheart roses.

A wedding reception and dance followed in the Legion Hall for ninety guests. The head table was centered by a three tier wedding cake flanked by gold candelabra and baskets of red gladioli and white mums Toast to the bride was proposed by Constable Wm Scissons, and responded to by the groom Leaving immediately after the dance for a honeymoon in Great Falls, Montana, the bride donned a suave navy suede sheath topped by a fur jacket and accessorized by matching feather hat and black accessories Her corsage was a yellow sweetheart rose.

Corporal and Mrs. Wood are making their home in Hinton

Businesses 'over-canvassed' Hinton Chamber learns

HINTON—

A complaint that Hinton merchants are "the game" for anyone soliciting donations was aired at the January meeting of the Hinton Chamber of Commerce in the Timberland Hotel January 4th

It was urged by one member that the chamber consider establishing a committee similar to the Better Business Bureau to investigate canvassers. Such a committee could issue cards approving all bona fide solicitors deemed worthy of public support.

Recent canvassing of local merchants by three different solicitors in one day led to the matter being brought to the chamber's attention A committee was formed to study the matter and offer recommendations

At the same meeting the Chamber went on record as supporting the proposal that a Yellowhead route be started in the Pacific coast to link Jasper Prince George and Prince Rupert

Previous support of the Yellowhead route has urged federal aid for improvement of the present route linking Jasper, Kamloops and Vancouver However it was pointed out that federal authorities do not favor this route but might look more approvingly at a northern route passing through Prince George and Prince Rupert Should this road be constructed it was felt that residents of British Columbia would desire a provincial highway to link the federal road with Kamloops and Vancouver

Secretary of the board Chamber Mrs Ben Kirkland of Nelson Act on the arrival of a son born to St John's Hospital Edson Mr H Lawton was a business visitor to Edmonton on Wednesday of last week.

Creating jobs

By O.S. MORTIMORE

"Here are you?" I asked as I sat down at a restaurant table

"Feeling a little better, thanks," said my friend the waitress And she coughed a deep rumbling cough that made several people turn around in alarm

"Ah better I said "I didn't know you had been ter, that I'm glad to hear you're on the mend."

"Thanks," she said. "Ahself thought I was."

"Eh?" I asked.

"I think so," she said. "Aam ahself!"

"Just back at work, I suppose?"

"I never stayed home."

"That's where you made your mistake," I suggested. "The wisest thing is to rest."

"Oh, I managed," she said "Ahself!"

I leaned away from her, fortifying behind a menu card

"Any of your customers begun to sicken?" I asked

This enquiry brought on such a spasm of coughing that she was unable to talk

"Pour yourself a glass of water," I urged I must have any of them begun to look pale and spectre-thin? Just parked listlessly at their hamburgers? Collapsed with their faces in the custard cheeches? Pee gee-ceased?"

"What do you mean?" she asked suspiciously "Ahself built" cherry-ade"

"Aren't you afraid of spread ing germs?" I enquired

"I have to eat," she rasped "In a way, I suppose you're helping relieve unemployment," I said "Some of the customers who catch your flu will develop pneumonia and stay away from work The employers may have a few people to replace them.

"A few of them may die "

continued "thereby creating jobs that can be taken over by some poor fellows with families to support "

"Kell! Kell!" she answered "But then a lot of the sick people will keep right on reporting for work like true office heroes and heroines " I said "They'll spread more germs and create more employment in a way, they are doing a public service Yes, I see your point This is your winter work project "

"Kell! Kell! Now, what would you like to eat?" she demanded

I looked at the lunch menu, and then I looked at her

"Just coffee, please," I said "You don't look strong enough to carry anything heavier "

And I scrunched myself down into a corner of the booth and wondered how long it would take for the microbes to do their work

Conditions here in 1910 were not what were promised railway workers

We are indebted to the current issue of "The Labour Gazette" for the following bit of information about our neck of the woods in the fall of 1910. The correspondent for the Gazette from Edmonton reported as follows:

From Edmonton came the following: "One hundred men who shipped from Winnipeg about October 1 to work for Foley, Welch and Stewart, contractors on the Grand Trunk Pacific grade east of Wolf Creek, refused to go to work after they arrived in Edson, and the majority walked back to this city (about 125 miles.)

"Ten of these men were arrested at Entwistle by the Royal Northwest Mounted Police, and brought to this city at the instigation of the contractors, who claimed the men had broken their contract. The men were tried before Inspector Worseley who dismissed the case, the costs to be paid by the prosecution. Out of 120 men who shipped from Winnipeg October 3, a large number deserted before Edson was reached, 14 were arrested for breaking their contract they were found guilty by Inspector Scarlett, and sentenced to 14 days in the Royal Northwest Mounted Police barracks at Fort Saskatchewan."

The same correspondent went on to say "The Trades and Labour Council is endeavouring to have conditions improved in the railway construction camps west of the city. Among the improvements asked is that restrictions be placed on employment agencies binding them to give more explicit information as to existing conditions to those seeking employment."

The Edson Leader

The Voice of Edson Constituency

Vol. 9 | Edson, Alberta, Thursday, January 19, 1961 | No. 3

One acclam - one vote

At the close of the nomination deadline Saturday afternoon at 2 p.m., A W Leonard was automatically elected trustee from Sub-Division No 6 of Edson School Division Mr Leonard has served several terms on the divisional school board and has been acting as chairman of the board

Two nominations for the position of trustee for sub-division No. 1 were received by Returning Officer D S Blundell A L. Fasiak of Evansburg was renominated for the position he has held for the last three years and Adam Wolosyuk a newcomer to school affairs, was also nominated An election will be held for sub-division No. 1.

Besides Mr Leonard other members of the board are: W Williamson, of Wildwood, J. H Lawton of Hattonford, G Monsma of Peers and M McLeod of Hinton

TYPICAL OF WHAT CAN BE DONE DURING THE WINTER MONTHS is the Provincial Building in Edson. The right side of the building has been faced up with attractive stone and brick work and the north side is now getting the same treatment. Plywood and polyethylene sheeting provide non-freezing working conditions underneath. Apparently no ill effects are suffered when the wraps are taken off and the mortar gets its first taste of frost. Business has gone on as usual in the Treasury Branch and the vendor's as well as the Forestry office upstairs in the old building. The new building has just been built over top of the old.

CBC to broadcast "Search for Talent"

The Optimist Club of Edson announces that the Canadian Broadcasting Corporation will re-broadcast the "Search for Talent" Show it's to be held at 8:00 p.m. Friday Feb 3rd in the high school auditorium.

Optimist Peter Kendak, entertaining promoter of the show, has received confirmation from Mr Dirk Claring bull, manager of the CBC station in Edmonton that the show will be recorded for re broadcasting later.

BOB MOIR TO BE COMMENTATOR

Popular CBC announcer Bob Moir is to be commentator for the radio broadcast, which will originate on stage at the Edson High School Auditorium.

The novelty of the broadcast and top calibre of the competing artists on the "Search for Talent" Show promises to make this an outstanding event for the entertainment of Edson and district residents

The Optimist Club is staging the show as part of the 50th anniversary celebration of the Town of Edson Proceeds will be used to further the Boys' Work in which the Optimists are engaged

Walter Hinchey dies Friday

Walter Graham Hinchey, 72, a long time resident of Edson, died Friday Jan 13. Funeral services were being arranged for 2 p.m. Tuesday from Edson United Church.

Mr. Hinchey is a well known Fullrender and has been living in Edson since his retirement as a machinist several years ago.

He leaves to mourn his loving wife, Agnes; four sons, Walter, of Winnipeg, James, William and Douglas all of Edson; three daughters, Mrs. O (Elizabeth) Mathers and Mrs J (Margaret) Sanders of Edson, Mrs. T. (Marion) Coughlan of Crossfield, 20 grandchildren and one great grandchild; also one brother, Harwood, Edmonton; two sisters, Mrs' Jane Davies, Edmonton and Mrs. Reid King, Calgary.

H & S executive plan elementary discussion meet

The first executive meeting of the Home and School Association took place last Wednesday The principals of the two elementary schools stated that the skating rink had been made and were very much in use and much enjoyed by the children

Among matters discussed was a letter from the Federation, who are drawing up a submission to the government regarding the safety of school buses. All present felt that the ability of the driver was of prime importance and that drivers should be tested in the bus they were going to drive rather than other vehicles.

The next Home and School meeting on Wednesday, Jan 25, at 8 p.m. will deal with the re-allocation of pupils in the elementary schools. Everybody was invited to attend and express his opinion.

Asst. Supt. A. Kristmanson will be representing the School Division. The meeting will start at 8 p.m. prompt Mr Garber offered the use of his public speaker to assist auxiliary reception.

Craft Centre holding basic design course

A course in basic design is to be held at Edson Craft Centre Feb 8 to 12. It is available to all adults and youths who have reached the age of 16 The course is useful not only in handicraft but in developing our creative abilities The registration fee is $2.00 per student

Also at Edson Craft Centre are workshops in copper tooling on February 20 to 22 and leather February 23 to 25 All those who have basic knowledge in these crafts are welcome There is no fee for the workshops

There is to be an 8 week children's course in leather each Monday after school

DEADLINE JAN. 21

Now is the time to enter the Optimist Search for Talent Show Jan 31 is the deadline last entries should be made prior to that date to Bill Owen, Ben 160 or phone PA3 2280

Show times 8 p.m. Friday Feb. 3 in the high school auditorium.

March 2, 19 and 23

Commencing January 30, children's classes in weaving basketry, copper tooling and pottery will also be available Watch The Leader for dates involving these crafts For further information please contact Mrs H F Thursby phone PA3 2287 or Mrs M Gourley PA3 2264 All classes are held 9 hours daily

Mrs. F. D. Stevens 85 years young

Mrs. Fred D (Lillie M) Stevens celebrated her 85th birthday at the home of her daughter Mrs Frank Marshall on January 3. Many relatives and friends gathered to wish her good health and happy years.

Mrs Stevens came to Edson 17 years ago from the Lloydminster district.

She was born in Pennsylvania in 1876, migrated to Canada in 1903 Mrs. Marshall has five children, nineteen grandchildren and 26 great grandchildren.

'Fun on Ice' coming Feb. 10

"Fun on Ice" will be the theme of a Kinsmen sponsored affair for young and old to be held in the Edson Arena Friday, evening Febr 10.

The event proved very popular last year and gave children from brownbaillers shorehours and parents a chance to provide an interesting evening of entertainment

Watch for further details in next week's issue

Monday now Leader deadline

To get the Leader out to you earlier in the week we are moving our deadline for news and advertising up to Monday afternoon each week.

This will in turn help us to get your favorite newspaper to you earlier in the week. We are aiming at Wednesday noon.

Copy brought or sent in well ahead of the deadline helps us do an even better job for you.

BUY FOR NOW! BUY FOR LATER!

What's doing at Parkland

The headline event this time of course, has to be the filled wedding anniversary of that popular couple, Mr and Mrs August Kolbe. They received congratulations from th a lot many friends including a tele gram of good wishes from the Hon. Norman Willmore.

Combine this event with Mr Kolbe's 81st birthday and Mr Deakin's 80th birthday and the answer has to be parties and there were. An anniversary and birthday dinner was held on Sunday, finished off with a large cake supporting a bridal couple and decorated on one side with "Happy Anniversary" and on the other with "Happy Birthday".

The three honored guests all took part in cutting their own side. Monday evening about forty friends and oldtimers dropped in for a social evening and a good old sing song. The evening ended with lunch and also produced two more gorgeously decorated anniversary cakes. Rather a memorable weekend.

Not to be overshadowed in interest is the new T-V set Mrs Harward brought with her and which is now being set up in the recreation room. Everyone is looking forward to many evenings of fine entertainment with this addition to our homes.

Did you ever try some of the old games that were popular in the past—both recent and distant? A revival of a number of them proves that they are just as much fun now as they were then—and we noticed our new matron getting as much enjoyment from them as anyone else.

Three new guests have taken up residence since last report and have become a part of our happy family. The more the merrier and merry it has been lately.

Taxation on outgoing dividends

Dividends paid by Canadian corporations to foreign stock holders will be subject to a tax of 15 per cent. The Flaming budget provided for this increase and it is expected that some $60 million will be obtained in this way.

This is a first step to get some financial returns from the vast holdings of Canadian equities by corporations and individuals in other countries. The investment of United States capital in Canada is around $16 billion.

There is likely to be retaliation on the part of other governments and holders of Canadian stock in foreign lands will probably have to pay increased taxation. The result might be a repatriation of Canadian money.

The inflow of capital into Canada which has been proceeding at the rate of a billion dollars a year will be slowed down in all likelihood. In turn the value of the Canadian dollar will go down which is all to the good, as it will encourage exports.

KEN WATSON ON CURLING

Tips on how to beat the old running game

Distributed by Toronto Telegram News Service

As I stood at one end of the ice at the Falkirk Ice Rink, flanked by many Scots watching the Canadian Curling champions crush the Scottish draw game with their aggressive hitting style of play, I could not help but feel sorry for Willie Young of Airth and his team.

The Scots champions did not know how to cope with this Canuck cannon ball attack and after three setbacks at Edinburgh and Perth, gave up the ghost and tried playing the Regina boys at their own game by trading rock for rock.

With the Scotch Cup and the international Series in the bag, there was a strange feeling of compassion welling up within me and a strong urge to try out to Willie, "You can beat this running game!"

It took a good deal of control to subdue those emotions because as an exponent of the quiet chap and lie game over 20 years of competition the Watson rink had been involved in numerous clashes with outstanding teams who favored the robust striking game.

Jimmy and Alex Walsh of the Winnipeg Deer Lodge club gave us some many splendored lessons, over the years in the World's Largest Bonspiel and we learned through bitter experience how to parry their merciless pounding at our granites. Johnny Franklin of Hawtrey Sask. treated us to a display of rock busting in the 1962 Strier that almost deprived us of our second Canadian title.

In that memorable game Franklin ordered everything blasted that we put in the playing area between the hog and the back ring. Johnny laid his broom on the offending stone and his men reared back and blustered a 40-pound bullet at it. When the game was over the ice-makers collected two pails full of ice chips as a result of those block busters ricocheting off the scuttings after they pounded our stones out of the way.

For those who are expound

The addresses on each letter and parcel should show

- the full name of the person who is to get it.
- the correct apartment number, street address, rural route number or post office box number.
- city, town or village, and postal zone number where necessary.
- your name and complete return address in the upper left-hand corner.

A correct postal address speeds accurate delivery.

Planners look at 1961

Business may be fairly flat this winter, but look for gains before next year it out That's the overall view of 1961 reflected in statements prepared by Canadian business leaders

Most top Canadian planners see 1961 production schedules and capital spending below 1960.

They say prices should be stable and wages slightly high er. They are stiff sales competition at home and abroad They also think that efforts to pep exports may pay off, stimulating business across the country

Several top executives believe that another round of industrial expansion may be near, bringing with it more jobs.

—Vermilion Standard

In a good hitting team may f cter those sedatives

Never let a team sung an effective running game get a big jump on the early ends or you may as well call a cab and go home Those ends are important. If you can get a few points ahead, they will be forced to quieten their weight and play your game to save their stones Incidental ly the second time we played Johnny Franklin in an exhibition game in Regina we were lucky enough to score a five on the first end

If your opponents do get a count or two ahead you have no recourse, but to play long Guards then try to draw in behind them. You may have to try five or six times durin, an end until they hit one of your rocks on the nose. then you can smash in behind for cover. To be more explicit —put your guards in front, first then draw for shot behind them later. Keep doing this all night if you have to.

—Now let's assume that you have shot rock guarded and the guard is rammed through without molesting the stone in the rings — draw for second shot — but be careful to sweep it into position exactly opposite Number One bey so that a double kill is impossible. If you find it cannot be swept to that point let it die in the front rings so that the angle is too sharp for the twin on re-entry.

—The trickier or the swingier the ice the more difficult it is to play the running game accurately. Study the runs or fallbacks carefully during the first few ends then be courageous enough to draw to that portion of the house most favorable to foul hitting Lorne

Watch opposing deliveries for any weaknesses in throwing in turns and out turns. If your opposition is deadly on out turns switch to the other side of the ice

Be careful not to use too much of the "soft stuff" and forget about soiling your playing ice Sooner, and yes, against this type of attack. Resort to such manoeuvres only if you are well in arrears and the hour is late The game may blow up in your face if you employ this type of brinkmanship too soon

A sound draw game based on the principles of common sense and a dram of ingenuity will still beat a good running game Two important ingredients, the patience of Job and refusal to push the panic button, are required by the team that wants to prove it

Hear about the firefly that hooked into an electric fan and was de-lighted.

Drosten News

Mr. and Mrs. Joe Pulisho and Margie, Mr and Mrs. A Working, Mr. Jerry Beale, Dr. R. P Robins, Wendy and Joanne Pulisho. Mrs. A Hauth and Freddie all drove to Hinton on Tuesday evening.

Hit the right control

By BILL BLACKIE

I was sitting in one of our oilfield cafes a few days ago, slowly down a cup of double strength battery acid while idly listening to the low of conversation — suddenly a thought penetrated the fog and I began to listen with more interest.

There or fellows sitting at a table to my right were vying with each other on the time it took them to drive to Ed monton. They were describing the next minutes they had had on their fingers.

The two old hands behind me were talking about a rig that they had worked on where the crown was hit and the block piled up on the floor At no one table, two fel ers with me were talking about pulling a drill stem test and describing how some of their friends had been knocked out by HIS.

All these people were talking about their luck - or the lack of their friends under certain hazardous conditions. Let but one of them succeed to give much thought to the original cause for these ovations.

The more I thought about it the more I began to realize that we all spend a lot of our time describing a narrow escapes but seldom have the interest to figure out why we were on the spot" in the first place!

Why does a man nearly crack up trying to make time from one spot to another? Likely because he was driving too fast for road conditions in the first place.

Why did the block hit the floor" Because the driller and helper were not alert

Yes if we were to spend as much time prling in the bottom of our narrow escapes in order to define the cause there would be far less chance of us, being involved in another one. Let's try this system The next time someone starts telling you of his hairy escape, ask him a few questions The answers will surprise you!

Three-eyed monster

The three-eyed monster of the South Pacific lives on a few remote islands north of Auckland New Zealand

This rare animal is named the Tuatara and is the sole survivor of an ancient reptilian stock.

It has a Lochness like a dinosaur ribs like a tortoise, a skull like a lizard an overhang ing beak and a third eye in the middle of its forehead

Today the tuatara can barely distinguish between light and dark with its third eye Ancient ancestors of the tuatara used the third eye to watch for danger from above while the other two eyes were busy searching the ground for food

It must have worked those animals are all that have survived from a reptilian stock of over 200 million years ago!

Why did we mention this? No reason we just thought that it made interesting reading.

Did You Know?

THAT WE

1. Give free check-up on your watch
2. Give free estimates on repairs
3. Give same day service on crystals, mainsprings, stems and crowns, etc.
4. Carry a stock of 1000 of the necessary watch parts.
5. Use the latest in tools, cleaning machines, electronic timing machines.
6. Guarantee all our work.
7. Will check the clears on your engagement ring free (don't lose that diamond, they're expensive)
8. Do all ring sizing, rebuilding, etc., on the premises giving 24 hour service.
9. Carry a large stock of diamonds, watches, jewellery.
10. Pick-up and deliver (town only, if requested)

Do your business with your jeweller, the man who knows the products he sells and services

Gelmici Jewellery

"WITCHCRAFT"

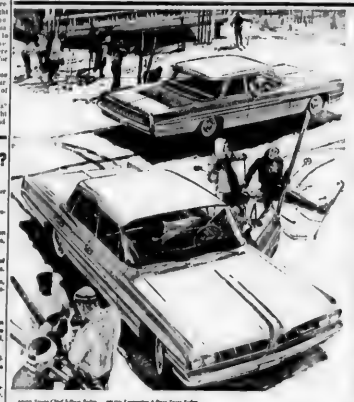
The man in California who filed for divorce on the grounds that he was deceived into thinking his wife beautiful by her skilful (and great) use of cosmetics claims that she and all other such women are guilty of false pretenses and should be charged accordingly.

A drastic remedy to be sure and not one we think likely to commend itself to most other men. Still, it is interesting to note that the disillusioned Californian is not the first to propose severe penalties for those of the fair sex who seek to improve on Mother Nature

Face painting and the like calculated to put a fresh complexion on the features, was it seems, so prevalent back in 1770 that a Bill was introduced into the British Parliament providing that "all women of whatever rank, profession or degree, that shall impose upon, or seduce or betray into matrimony, any of His Majesty's subjects by the scenic paint cosmetic washes artificial teeth false hair, iron stays, hoops, high heeled shoes, and bolstered hips, shall incur the penalty of the law in force against witchcraft and like misdemeanours and that the marriage upon conviction shall be void."

The Bill, it need hardly be said did not pass

FISH AND WILDLIFE OFFICERS of the Alberta Lands and Forests Department recently attended a three day conference in Edmonton at which they discussed such items as area office administration, the department's game management policies, fish and game regulations and enforcement of regulations. Biologists of the Fish and Wildlife division reviewed research programs carried out during the past year and also reported on plans for the future. Shown at the conference, left to right are: M. D. Warren, Athabasca; W. E. Willows, Edson; M. J. Peett, assistant superintendent of the Fish and Wildlife Division, Edmonton; Ronald Sale, Evansburg, and formerly of Edson Division, and D. A. Clark, Barrhead.



STYLING
Meet the car that's no much a part of '61 Pontiac with its clean, trim, sleek exterior that moves you miles ahead of the rest in elegance and sensible taste . . . a balanced combination of dignity, prestige and youthful good taste that tells you that Pontiac is undoubtedly the finest car in its field.

ENGINEERING
Here's a car that's soundly engineered from the tires up! You're cradled in comfort and security because Pontiac's rugged frame foundation means a lower centre of gravity for safer driving smoother handling and cornering. And Pontiac's superb suspension gives you a full-free ride on any terrain.

LUXURY
Step into a new Pontiac doors are wider, open further so you can slide into luxurious deep loam-cushioned front seats with greater ease. Seats are higher with all the headroom, legroom, foreroom and shoulder room you could wish for. Sparkling upholstery excites the admiration of all. Yet these features barely start to spell out the Pontiac luxury story.

AND VALUE
Critical engineering, quality construction, superior new materials and finishes combine to make Pontiac a car that will give you better performance longer . . . with less maintenance and greater gasoline economy. You'll never realize how much value a car can give you until you own a '61 Pontiac.

If Illustrated does are optional at extra cost

PONTIAC ... so much a part of '61

Optimist Bantams take city team at weekend

A total of 400 minor hockey fans witnessed the Edson Optimist Bantams defeat the Edmonton Grovenor Bantams 7-2 on Saturday night and again on Sunday afternoon 10-6 at the Edson Gardens For 7.07 minutes of the opener the two clubs checked close and clean Edmonton's outstanding performer, Dale Gouchee, banged in a hat trick.

Twenty - five seconds later, Edson's, Wayne Gerding came through with a nearly set up pass from Barry Dirk to tie it up. The Edson Comet, Kenny Wallace was handed a two minute tripping penalty at 7:07. At 11:58 the sportsender right winger Wayne Gerding set up the regular hold defence man Reed Lobalbo to hand the Optimists ahead 3-1 into the second period where the determined Ronnie Knutson on a smart passing play set up the Comet to give the Edson Bantams their third counter at 4:42.

The second Edmonton hat trick was hammered off the stick of speedster Don Reever in the final period of the game it was Edson all the way On a short handed play at 4:22 Gerding set up Garry Dirk while Flash Gordon Wells was serving a two minute penalty for tripping.

At 7:16 the Comet on a pass off Ronnie Knutson got Dickson their fifth marbor The third Edson tripping infraction went to the big stalwart defender Clifford Ramsorath While Edmonton's only penalty of the game was being served by Dale Gouchee for hooking. Flash Gordon Wells on a Lobalbo blue Dot pass scored at 10:08 and 15 seconds later Wells hoonswogged a similar play to Lobalbo to end the game with a 7 - 3 count.

Sunday's game saw the Starry performer Don Sarin open the scoring at 8:47 on a perfect shot pass off Lobalbo After Edmonton's penalty for tripping was completed by Terryl Rhind, Edmonton scored two in a row — at 6:38 Lynn from Stalkuhl and at 12:05 Gouchee from Mitchell Then Edson regained with Dirk scoring from Gerding at 14:02 and at 17:36 the hard hitting right winger Wayne Gerding made it unanimated.

Randy Pryor was sent off at 19:31 for slashing, he came back on upon the scoring in the second period off a pass of the Comet at 6:11 Edson went on to flicker the red light three more times when John Maguire got his first goal of the season from Dirk.

It was Pryar again from Walker and then Sarin from Gerding to send Edson ahead 7 2 into the third period For Edmonton it was Gouchee from Stachuk at 2:10 and at 4:43 the Blue Line Performer Reed Lobalbo went on Edmonton's net minder Mike Gamble to hit the mark unassisted

One minute later while Lobalbo was off for tripping Edmonton hit back with 2 fast goals Myrk from Gouchee Myrk again from Lyons and Edmonton's Mr Outstanding Gouchee from Mills.

The fired up forward Don Sarin took a rush pass from Reed Lobalbo at 12:17 The final penalty went to Wayne Garding for boarding at 15:38

Rounding out the weekend, Ronnie Knutson in the dying seconds of the game fashioned off with a hat trick, making the final count 10-6 for the Edson Optimist Bantams. The two games saw some cute and brutiser which were predominantly needed by our Mrs Helen Appealet

The Edmonton management was very impressed with the condition of the ice and the hospitality received from the rink curetaker Mr William MacDonald The three star selectors Reg Gerlitz, Ted Hicks and Norm Epp present ed the combined three star awards from the Edson Theatre and the Optimist Club on Saturday night to first Kenny Walker, second Reed Lobalbo; third, Michael Gamble On Sunday the first award went to Randy Pryor, second to Dale Gouchee and third to Donald Sarin.

The stars are chosen for their playing merit, showing good sportsmanship observing the rules of the game and displaying at all times co-operation and a respect for the abilities and rights of the other players and for the hard work and aggressiveness for the team.

The fan awards went to Myron Clowes from Joe's White Store a grease job and from the Nova Theatre passes to Kenneth Jarvis and Willy Hillmarlow Motors also awarded grease jobs to Roy Kiehlbusch and Archie McLeod while the Edson Theatre presented passes to Elston Graham and Norman Mailhot.

LINEUPS:

Edson. Goal, Paul Brand; Defence, Terry Kretsmar, M Evachuk, Clifford Ramsorath, Reed Lobalbo. Forwards Dennis Calvert, Kenny Walker, Ronnie Knutson, Randy Pryor, Mark Irwin Don Sarin Garry Dirk, Gordon Wells, John Maguire and Wayne Gerding.

MAD'S THE WORD FOR Teen and Herd

The biggest news in the Edson teen-agers life is that again Edson holds the basket ball trophy for the Jasper Hinton Edson schools So our trophy is back decorating those cupboards that were especially built for that purpose It seems to me though that when people win trophies that that is the last thing they want to forget to take home with them, but then during the excitement maybe they would be a wins area and wait until they are out of town before they remember it and make the bus turn around and get it back

Couldn't help but notice how Susan pulled a real sneaky and reverted to the long forgotten style of crawling when she stepped on the icy intersection between an old truck and a school bus and did her best to get out of the road as quickly as possible

The Edson senior girls basketball team has suffered a slight embarrassment some time ago. The GUILTY grade nine boys beat them at a game of bas Ketball

Of course they only won by one point and I understand that they had a slight advantage over the girls. Their advantage just happens to be a boal 6'9".

Who were the people talking about recently when they said that she was driving down the road looking at the scenery and ended up driving down the scenery and watching the road. That's okay hood. I'm no squealer!

Since this is mostly about basketball I might as well add that the girls have but one game to go and that game means the cup or not the cup

A busy weekend is scheduled for the Edson teens as the bonspiel and The Mad Rams are arriving the same weekend. The Madrams are a rock'n'roll band from the city and I understand they are the real band for the teenage crowd to dance to and there fore let's hope that all the Students Union members get out and supports this dance

By the way you do not necessarily need to be a high school student to attend these dances, but you must accompany a high school student or have a high school student

Edson Rink comes out on top at DV

The Edson Ladies Curling Club travelled to Drayton Valley to play in the Western zone playdowns and came out the top team after playing off a tie with Drayton Valley for the fifth game of the day.

The victorious team was skipped by Dawn Prempeat third Helen Deakin, second Rose Nadurak lead Mary Stalich The rink will go to Wetaskiwin to play in the semi finals on January 31st Feb ruary 1st and 2nd

It is hoped that the ladies playoffs will be played on Edson ice next year

years for you or be a graduate of the high school in the last three years

So let's see everyone out to dance and to hear the band that the whole town crowd is talking about hearing

It's nice to see Bruce Lamberth back, on leave and enjoying himself in his old hometown

Lots and lots of people are looking forward to seeing Ron Johnson home on leave from the Navy for about a week and I think that Ron is looking forward to being home from the way all his buddy's talk about him coming home Oh there will be a good time on the old town then (that is if Ron has his say)

Darlene travelled to Hinton to speak to the high school students about her trip to New York and I understand that the topic was met enthusiastically.

Doing a little moralizing on the side we see a couple of drivers not paying too much attention to the icy road conditions and we would like to remind them that it is rather difficult to stop and if you are driving very fast it is impossible So let's be careful and keep the population at its present showing and not decrease it because of a careless moment behind the wheel of

CLIFF CONDIN OF EDSON thinks this jackfish is a "beaut" and so do we. Caught at Pickell Lake on Wednesday, January 11, it was still wriggling, almost, when Cliff brought it in to The Leader office. The fish weighed 16 lbs. 6 oz. and was 40 inches long. Cliff reported a good catch of whitefish as well.

Listing nurses for emergency health services

Nurses with initial registration in any province, state or territory, but not necessarily Alberta registrants, who would be willing to volunteer for emergency disaster nursing in their area, are request-ed to submit their name, address, phone number, hospital and year of graduation to the Alberta Association of Registered Nurses Provincial Office, Edmonton.

It is the intention of Emergency Health Services, Department of Public Health, in cooperation of the AARN, to set up a provincial roster for use in the event of emergencies or disasters

Tips for the Parents

By HELEN R. HEWSON
Parent Education Associate

"If is an excellent example of train and trust." Uncle Jim stood on the steps of the cottage and watched his nine-year old nephew row smoothly into the cove, tie the skiff to its moorings, and jump ashore.

He had spent most of the morning fishing off the far shore of the bay and as he came up the path he held his catch of five bass.

"I'll clean them Mum, and we'll have them for lunch."

Uncle Jim went back to his porch chair and turned to his brother. "Bob, Ellen and I have tried many times to tell you how much our annual visit with you and your family means to us.

"Having no children of our own we do enjoy our week with you and Mary and your three boys. We don't know very much about the business of bringing up children but the results in this family look mighty good to us.

"Those words 'train and trust' slipped out just now but if I had thought long and hard I don't believe I could have expressed it any better.

"You've taught the boys how to handle themselves in a situation and then left them free to do it.

"I know you have set limits but they seem reasonable and sensible to me. The boys must think so too, because they rarely overstep the mark.

"Jimmy knows he can't take the boat out of the bay when he is alone and I have never heard him cross or complain about it.

"When John took us down the lake yesterday he handled the boat like a veteran. We traveled at a good clip but there were no stunts or shoving off.

"And young Bob's brand new driving license doesn't seem to have created any serious problems.

HORSE PLAY TOO

At that moment all three boys dashed from the boat house and with a whoop and a yell, dived into the water. They scrambled to the dock where they scuffled and wrestled in good-natured horseplay.

Their mother smiled. "You see, they do have their foolish moments, but on the whole they are dependable boys.

"They have good judgment for boys of their age, probably because we do trust them and they are free to test themselves in many situations, to learn their own strengths and weaknesses.

GREEN ACRES

By DICK BOCKING

What's Ahead for 1961

Around the world, the out look for 1961 is uncertain This is certainly true in the case of international relations It is also true when economic conditions are considered and that's what concerns us here

The recent Dominion Provincial Outlook Conference predicted an increase in agricultural production. There will likely be an increase in demand for food also, due to increasing populations and fairly favourable business conditions in most industrial countries.

Let's look at the possibilities right here. It is likely that the wheat surplus will continue to grow in Canada. In Alberta, however, the switch from wheat to more feed grains and hay and pasture has been quite rapid This trend will likely continue, so that it can fairly be said that Alberta farmers are feeding the rest of Canada's milking adjustments needed to develop a diversified farm economy which is not based on one crop.

Cattle marketings are expected to increase in 1961 Prices will likely be moderately lower but no sharp break is expected. Probably the lowest point in cattle prices will be reached in 1962 or 1963.

There will continue to be more sheep on Canadian farms in 1961 although the largest ranch flocks continue to decline The expansion is taking place in farm flocks in the mixed farming areas. The world price of wool will be down, but this should not affect returns to Canadian producers if the present 60 cents per pound deficiency payment remains in effect

Hog prices are expected to remain the same during most of 1961 as they are at the present time. But by fall it is likely that hog prices will begin to slump, due to increased marketings both here and in the U.S.

Egg prices are expected to suffer the usual seasonal decline during the first quarter of 1961. But the price break should not be so great or for as long as it was in 1960. A trend observed already this winter toward increased hatchings may mean lower prices in late 1961 and early 1962.

The good turkey prices of 1960 will likely mean that a lot of turkey poults will go out to the farms in 1961 So likely prices for these birds won't be so hot in 1961, a condition quite usual every second year in this boom and bust business of turkey raising.

Start learning to grow old

Age is a condition that is not measurable by years, but by attitudes. A life should be appraised on the level of at titudes—what qualities has a person — rather than by the crude quantity measurement of the calendar—how long has he lived A survey reported a few years ago pointed out that 65 per cent of the world's great achievements have been accomplished by men who had passed their sixtieth year Johann Von Goethe, who was 33 when he started his great dramatic poem and 83 when he finished it, put these words into the mouth of Faust: "I am too old to trifle; too young to yearning wish to nurse "

There is ample evidence that the years have little enough to do with initiative determination, daring and accomplishment Not rarely the

Chairman by acclamation

A W Leonard, an Edson business-man, has again been returned to serve a three year term as school trustee of Edson School Division No 12 from subdivision No 6

Mr. Leonard is eminently qualified to act on the school board for the Town of Edson and has applied himself diligently to the onerous tasks of this public service His sound business background and his experience on the board have made him an ideal chairman

In conversation with Mr Leonard following his acclamation he expressed the view that he would have welcomed an election such as seems to be the rule for straight town affairs There hasn't been an acclamation on the town council for a number of years. It seems strange that citizens do not seem to get as worked up about who shall guide the affairs of their school division

The school division has a budget of over a million dollars annually A little over half of this revenue comes from the towns and villages, and local improvement districts in the division

The acclamation for divisional school trustees added to the traditional acclamations for the five members of the local district school board, would seem to indicate that the ratepayers are completely satisfied with the way their school affairs are run

Parents alarmed at distances

Probably no switch in pupils from one school to another has had so much discussion as the proposal put forward by Assistant Superintendent of Schools A Kratzmann last fall. Briefly the idea was that pupils from grades one to three should be taught at the A H Dakin school and those from three to six at the Evergreen school

We have had a detailed explanation of the proposal in this newspaper We have also had letters from alarmed parents Chief objection seems to be the extra walk by pupils in some parts of town

Chief benefit of the proposal as we see it is that the so-called "streaming" or as the educationalists call it, "ungraded grouping" of pupils can be carried to its logical situation. All the pupils coming to the Edson elementary schools can be grouped according to their learning abilities Side benefits, it is claimed, -re pooling of library and other instructional facilities for the concentrated grades under one roof

Parents must dispassionately ask themselves if the greatest good for the majority of elementary pupils can come about through this change The proposal should not be opposed only on grounds that it is something new and different

The best chance for a full discussion of this question will be the Home and School meeting scheduled for the high school auditorium next Wednesday evening, Jan 25

THE SHOPPER'S ANGLE

From The Camrose Canadian

There is one group that we do not envy this time of year, and that is the group of so-called big city bargain hunters, who will leave this community, for instance, travel to a much larger centre spend hours fighting crowds and believe us, in those Christmas shopper crowds one almost has to fight to survive—to save a few cents on a few items We suppose there are some people who love crowds, and would not dream of shopping where they had plenty of "elbow room."

Many people are attracted to the large city by voluminous advertisements in them and the daily newspapers, over television and radio It is true that, in many cases, they do not know that their local merchant has the same item which they drove to the large city for and the simple reason for this is that the local man has not used the local advertising media and if this merchant is losing out to the man who advertises then, of course, he has no one to blame but himself

And while we're on the subject we heard a comment the other day by a Camrose lady which local businessmen might think about

She said "I wish some of these stores would advertise their stock I'd like to know what they have but I'll be darned if I'm going to walk into each and every place every few days to find out "

LETTERS TO THE EDITOR

The Edson Leader,
Edson, Alberta.

Dear Editor and Staff,

May we extend our sincere thanks for the consideration you have shown Craft Centre during the past year

With your generous support in publicity we are happy to say there is an increase interest in cultural activities in our community.

Yours truly
Mrs H P Thursby, Secty.
Edson Craft Centre.

THE SECOND COLUMN

All girls just love to help with the dishes until they get to be about seven or eight.

Business forecasts are generally good, which is fine except for people on fixed incomes who can't afford much more prosperity

A ballad exists that there may be intelligent life on nearby planets Which probably accounts for the space streets in flying saucers buzzing off again after taking a quick look round here

"Son I'm 80 years old, and I haven't got an enemy on earth."

"That's a real accomplishment"

"Yes, sir the last one died almost a year ago."

A dress manufacturer's summer sunsuit woman shrunk two 44 per cent dress to please mom, 42 per cent to please women The remainder, one assumes just haven't got a single thing to wear

A woman wrote to a daily paper from a very lonely spot in Indiana

"My sister and I aren't exactly lonely out here We have each other to talk to But we need another woman to talk about."

Two old maids grew up their apartment in Brooklyn to make a dream come true when they bought a little farm way out on the tip of Long Island While ordering 150 hens and 150 roosters they were told "Ladies 150 hens to just right for that new place of yours but you're not going to need that many roosters"

"Oh, yes, we do" insisted one of the old maids. "We know what it means to be lonely"

The Texan rushed up to the airlines ticket counter "Give me a ticket" he boomed

"Where to?" asked the agent

"Anywhere son" the Texan shouted, "I've got business all over"

A travelling salesman who went out to see a farmer encountered a horse standing at the gate "I suppose you're looking for the farmer" the horse inquired "He's out by the barn."

The salesman was amazed "Where did you learn to talk" he inquired "Oh," said the horse, "I used to be the fastest race horse in the world and learned to talk to boots at the track."

Later, the salesman told the farmer he'd like to buy that horse to which the old farmer replied "You wouldn't want him He's just lying about his track record."

CAPITOL REPORT

Farmers attack private power

By KEN MASON

EDMONTON — Private power companies and the rates they charge drew a blast last week from the influential Farmers' Union of Alberta.

In a 13 page brief presented to the provincial cabinet, the FUA asked the government to take over the generation and distribution of power in Alberta. Cabinet ministers were non-committal, but in view of policies laid down in the past it seems unlikely the government will go along with the request

But it gave the farm union a chance to get a few gripes off its chest and into the public prints.

The FUA brief singled out Calgary Power Ltd., which generates much of the electricity carried over rural electrification lines. "In various splits of stock of the Calgary Power Co since 1933 the original stockholders have increased their holdings by 33 to 1 without any additional cash contribution," the brief said. "While the stock exchanges is currently quoting common shares of Calgary Power at approximately $34, any original shareholder has only about 67 cents per share invested as a result of the stock splitting."

This, said the brief, is an increase of more than 3,000 per cent in share value and "would indicate to us that rates must be considerably higher than can properly be justified."

The brief said the government will eventually have to take a more active part in power and water resources development, and that any delay may increase the cost to the public "very substantially."

Furthermore said the brief, the Bramora River water storage and hydro power project serves as a good example of the need for government produced power On this case the government is helping Calgary Power with the financing, in return for an early start on the project which is urgently needed for river control).

Said the farmers in their brief: "We cannot condone the use of provincial funds, interest free to give any private concern an opportunity to continue making the kind of profits indicated above."

The farmers also expressed some concern over the government proposal to permit rural areas to levy a property tax on power lines and pipelines. Their brief expressed the hope that farmer-owned rural electrification lines would be exempt.

Another part of the brief asked support for farmers' efforts to snag a greater share of world markets. It claimed Canadian farmers could compete "quite effectively" with any in the world if the competition were on a free market basis.

The brief also contained a long list of resolutions passed at the FUA's annual convention here in the capital. Among them were requests for recreational grants for municipal districts, and for measures to reduce the tax load on rural residents.

Also requested was an easing of the current laws governing establishment of producer-controlled marketing boards. As the law stands, farmers can't set up a board without a "yes" vote from 51 per cent of all those eligible to cast ballots. The FUA wants it changed to require approval of 75 per cent of those who actually cast ballots. The brief also asked for a program of insurance covering crop damage by wildlife, and for stiffer penalties for cattle rustling

Watch for a lively battle in the Legislature when the committee headed by Hon. F. C. Colborne submits its report on proposed redistribution of House seats.

Last week Mr Colborne said committee members feel the present 65 seats in the provincial House are quite enough, and blasted they may even recommend a reduction in representation.

If there is a reduction, he said, it may be in rural representation. If the cities are to be given more representation and the total number of seats is to be increased, there will be no other choice

Of course, no one has yet said that the cities will be given more seats, but they have been putting up a strong case for increased representation. As it stands now, each city member represents a far larger number of voters than each country member. It will be argued that a country member can represent fewer persons because he covers a larger area and has to travel long distances. Of one thing you can be fairly certain — if the committee recommends a reduction in rural representation, there will be an outcry from the country members; if it goes the other way, city MLAs will be unhappy.

More Alberta centres convert to dial telephones

Telephone service in four Alberta centres will be converted to automatic dialing in November and December to bring to 30 the number of centres having dial service in the province

The community of St. Albert will be converted to dial on November 6, Hanna on December 4, and Lacombe and Drayton Valley will do so December 18. With the conversions automatic dial telephone service will have been extended to more than 88 per cent of telephone users in Alberta.

Also being adopted with all future dial conversions and telephone facility expansion programs is all number calling. Eventually all telephone numbers in the province will have seven numerals rather than the two or three five digit numbers that presently exist in many areas

Alberta Government Telephones is adopting the change along with telephone utility companies across North America.

The great demand for service has been the motivating factor behind all telephone numbering changes. When telephone service first began, calls were put through by customer name Later, numbers were assigned, and then central office names were added

The two-letter, five number system was devised as standard across North America

Since the war with greater and greater emphasis on land-scaping of homes and new factory locations the growth and shipment of nursery stock has become big business Factories for 1960 alone ship 695,321 ornamental trees shipped, of which 381,000 were domestic and 114,000 imported.

In 1951 At that time it was felt that this system would meet all future expansion needs. Expansion and demand for service was greater than anticipated and another change became necessary to take advantage of additional number possibilities

The return to all-number calling also eliminates confusion of the letter "O" with the number zero and the letter "S", with the number, one.

The change-over of present 2 letter 5 digit areas will be gradual because this system is still operative in Alberta Initially, stations assigned seven numbers will be those being converted to dial, or being expanded NTT officials are also taking into account the cost to business and individuals who would be required to change numbers on office stationery and advertising The change-over in Alberta will make available 800 stations or 10,000 lines each, compared with 240-10,000 line stations or exchanges under the present system

Dial service will be extended to nine additional areas in 1961. Conversions in Alberta will affect Wainwright, Two Hills, Red Deer (all-number dialing) and Penhold, Stirling and Edmonton International Airport will receive service in August, Crossfield in September Olds in October and Fischer Creek in November

The Best Used Cars Are at Waterloo Motors
Why?
1. Each unit is checked for defects, and required by experts before being placed on the lot.
2. Every unit over $1000.00 is fully guaranteed.
3. Each unit is fully winterized and reconditioned.
4. Units requiring so much reconditioning that the final price is out of line is sold for junk price.
5. Used car prices are based on city prices to insure low value for your money.

LOOKING for BARGAINS?
Why not do your sleuthing in your own home town?
When you add up travelling costs, not to mention road hazards, parking problems and jostling crowds and affix these items to the "bargain" you got in the "big city" you'll probably find it wasn't such a good deal after all
Think about it Quality, style and values are pretty good right in our own town, and remember that your support of local business helps build a better community

TOWN OF EDSON

NOTICE

Notice is hereby given that a petition has been presented to the Council of the Town of Edson under the provisions of the Earth Closing Act praying for the passing of the following amendment to Closing By-Law No. 892 of the Town of Edson.

A By Law of the Town of Edson, under the authority of the Earth Closing Act of Alberta, to amend Earth Closing By-Law number 892 and the hours of closing on Saturdays.

That Clause 1 of By-Law No. 892 be and hereby is amended by striking out the figure "six" in the 5th line thereof and substituting therefor the figure "eight".

That all retail stores shall be closed for serving customers on Saturday evening at the hour of eight o'clock (8 p.m.) Standard time.

That existing regulations under By Law No. 892 shall apply on the other days of the week.

Notice to further hereby given that objections to the petition presented to the Council praying for the passing of such amendment to the By Law on the grounds that such petition is insufficiently signed or otherwise affecting the validity or sufficiency thereof must be filed by 10th day of February 1961, and that if no objections are filed before the said date the Council will forthwith proceed to pass the said amendment to the Closing By Law No. 892.

IMPROVEMENT DISTRICT NO 71 ESTABLISHED AS A RESTRICTED AREA FOR THE ERADICATION OF BRUCELLOSIS.

Edmonton, Monday, October 30th, 1960. His Honour, the Lieutenant Governor, by and with the advice of the Executive Council, has been pleased to order (pursuant to the provisions of Section 3 of the Livestock Diseases Act, being Chapter 182 of the Revised Statutes of Alberta, 1955, and amendments thereto) that the Improvement District No 71 be and is hereby established as a restricted area for the eradication of Brucellosis

NOTE Brucellosis is Bang's Disease 2-3t

GARDENING TIPS
By EDNA CAPT

After ten weeks of silence we are resuming our tips given on the subject of propagation Besides propagation by cutting there is one more way which is lots of fun and interesting and this is layering The definition is a method of propagating plants in which roots are caused to form on stems that are a part of the present plant

Simple layering is done by bending and covering branches with soil and holding them down with pebbles or pegs until well rooted The tips of branches must be kept uncovered to maintain circulation. For better and quicker results, branches are often twisted, scraped, cut or s s by wounded on the under side at the points where rooting is desired.

Serpentine laying consists of bending flexible stems in series of ups and downs where the "down" sections are kept in contact with the soil The "ups" staying in the air

In these two methods, some pay cut the newly rooted plant from the parent plant, paying attention to cut at earth level where the stem enters the ground. Another method is air or Chinese layering It is used mainly on stiff erect growing plants such as rubber plant oleander, etc., which have become leggy or unsightly for one reason or another The new plant climbs up on the bare part to a ring of about a quarter of an inch wide at the base where roots are wanted on the leafy top of the plant Girdling or notching is satisfactory if a chip is placed in the cut to keep it open The wounded place is then bound with soil wet peat or other moisture retaining material held in place by a bandage of burlap raffia cloth or better plastic until roots have formed and protrate or filled the material The whole top is then cut off below the new roots and pot led.

Sometimes the lower part tends shoots and develop a new head to give a very attractive plant as it is especially the case with rubber plants

Morning-after conversation "Get me an aspirin — and won't slam the lid!"

PUBLIC NOTICE
Town of Edson

MINOR HOCKEY WEEK IN CANADA

WHEREAS the Canadian Amateur Hockey Association has set aside the week of January 21st as a period to focus public attention on the physical, character-building and other benefits of hockey for our youth, and

WHEREAS the game of hockey is recognized as Canada's National Game which teaches our youth to develop a competitive spirit, co-operation with others body-building, and respect for authority, and

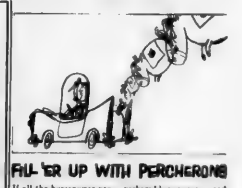
WHEREAS Minor Hockey is the foundation from which accomplished hockey stars develop, and

WHEREAS this community has long been noted for its active minor hockey participation

NOW THEREFORE I, as Mayor of the Town of Edson do hereby declare the week commencing January 21st be observed as "MINOR HOCKEY WEEK IN CANADA" and request that all parents and others support this observance by attending games during Minor Hockey Week and thereafter until the hockey season ends

W. R "Bud" BRUNELLE
Mayor

Don't send — TAKE your boy to the Arena



FILL 'ER UP WITH PERCHERONS

If all the horsepower produced today had to come from horses, there wouldn't be much room in the world for people

Fortunately most of the world's horsepower comes from other energy sources Man has learned to appreciate the "packaged" horsepower Oil is the hardest form of packaged horsepower and because oil has been made available at reasonable prices everywhere in Canada, Canadians use it for more than half their energy requirements And oil prices are reasonable— Imperial Oil receives less for a gallon of gasoline today than 10 years ago

IMPERIAL OIL LIMITED

"...buried an extra acre today"

Now that he banks by mail at the BNS, Farmer Brown has more time for his farm. Used to be, he'd spend several hours a week just going to town to bank—hours he couldn't really afford. Those days the mail man does the travelling for him.

Mayor Brunelle asks hockey week support

Mayor W. R. "Bud" Brunelle rallied upon all citizens to support Minor Hockey Week in Canada, which commences Saturday, January 21st.

In voicing his support of Minor Hockey Week His Worship said. "Minor Hockey Week has become an established part of our Canadian sporting year. Observance of Minor Hockey is the best way I know to direct attention of the public to the benefits of Minor Hockey to our youth and to us.

"We are proud of the fact that Minor Hockey here in Edson has the support of many public spirited citizens, service clubs and other organizations whose love of hockey and boys prompts them to contribute much time and effort to the local minor leagues. We should direct our appreciation and recognition to these outstanding citizens who are making a valuable contribution to the community in which we live, as does our great Canadian game of hockey contribute entertainment and recreation right across Canada.

"Hockey is Canada's National Game. It is one of our great heritages, and participation by the youth of our town should be encouraged at all levels. We are proud of our game, for its ability to develop character, citizenship and respect for authority, as well as for its physical and body-building benefits.

"We should also encourage attendance and support by parents and other adults, for only in this way can the minor hockey program here in Edson prosper. The young people play better knowing they have the support of their families.

"For these reasons, I am happy to endorse Minor Hockey Week in Canada, and call upon all citizens to keep in step with Canada by joining in the observance of Minor Hockey Week. This can be done by supporting Minor Hockey, and by attending games with their sons. I com-

CONGRATULATING MR. S. VOLSTAD on the opening of the Poplar Plaza Trailer Park, Mayor W. R. Brunelle adjusts his hand in front of the striking sign located at the entrance to the new trailer park on the Granite Prairie Trail a quarter mile north of Edson. Plenty of accomodation for pipeline and other families says Mr. Volstad.

Alberta Trunk corfirms block and lot purchase

Best news to hit Edson last week by far was the confirmation by officials of the Alberta Gas Trunk Lines company that they intend to take up their option on one full block and 20 residential lots in Edson.

The full block, known as block 4 on the town plan, is between 1st and 2nd Avenues immediately south-east of the Worthing Transport building. The company propose to build an office building on the block and use the remainder for open storage.

The 20 residential lots are grouped in the east central area around 6th Avenue. The company plan to build homes for their personnel who will be stationed in this district when the gas line comes into operation.

Officials of the company were in town this week doing preliminary surveys on the property prior to a start on construction this spring and summer.

At least one other petroleum industrial concern is looking to the town for possible residential lots. Town officials supplied all possible information on available lots and other data to them this week.

In a statement to The Leader Mayor W. R. Brunelle expressed his optimism for Edson's future. "You may quote me" said His Worship "saying that in my opinion at least 50 new homes are entirely possible for Edson this year." Mayor Brunelle hinted that news of another development in the Edson area shortly would promote greater interest in attracting people to live here.

'Fun on Ice' family affair say Kinsmen

"Fun on Ice" sponsored by the Edson Kinsmen Club to help celebrate Edson's 50th year promises an ideal occasion to bring the whole family to the Edson Arena on Friday evening, Feb 10.

There will be races for all ages starting at 7 p.m. The main show will start at 8 p.m.

A hilarious attraction will be a broom ball game between the Kinsmen (past champions) and the local Lions Pearl Lassies (ah so tame).

Feature attraction will be a chuck wagon race on ice with all the thrills of the Calgary Stampede and then some. Many other lively numbers are planned in which as many as possible will join.

Kiddies are urged to bring their skates — It's a night out for the whole family.

Bantams to play city again

After no small amount of endeavoring former Edson Hockey promoter Joseph Pekovich has made it possible for the General Motors Bantams A Schools to bring great news to the Creek Joseph Lebedin, and Trainer Nigel Appadoot that their Optimist Bantams will be given the opportunity to again meet the Edmonton Grovenor Bantams at the Grovenor Rink, 142nd Street and 105th Avenue on Saturday, January 28th, at 2:00 p.m. and on Sunday, Jan. 29, at 11 a.m. they will be playing in the Edmonton Gardens.

This is great news to the management and especially to Edson's only team entered into the Provincial Play downs, to have the opportunity to play on ice where the prowess of the Western Hockey League portsmen.

Municipal inspector says Council can't deny license to businesses

After congratulating Edson Council on the expeditious manner in which the meeting Tuesday, Jan. 17 was conducted, Chief Municipal Inspector Bruce Ramsay pointed out some of the limitations imposed on local governments by the Provincial Town and Village Act.

Speaking of licensing, Mr. Ramsay was critical of the existing Edson by-law and its application. He recommended modification, pointing out that Council does not have authority to deny a license or delay an issuance of one.

His department he said did not approve of deficit budgeting. He said he thought the Town should have a reserve fund in the neighborhood of $100,000 to carry on the business of the Town from year to year.

Mr Ramsay particularly emphasized the need to abide by the provisions of the Town and Village Act and other relevant Acts. He also pointed out the responsibility of the individual councillor to see that this was done. A general discussion of the various aspects of municipal administration followed between the Council and the inspector.

Other business conducted included:

Present were Mayor W. R. Brunelle, Councillors W. F. Kortzman, L. A. Mahon, W. Mills, F. Bondi, J. Scott and P. W. Wells and H. Chisman.

Mayor Brunelle introduced Mr. Bruce Ramsay, Chief Municipal Inspector and Dominion Stanley of Stanley, Grimble and Robb.

Messrs. A. W. Leonard, A. Jardine and P. O'Hara addressed Council with regard to federal request for site, reporting on soil samples taken and indicating Federal Division preference for site Block 77.

Back on job after accident

The many friends of George Singer, who along with his family, miraculously survived a car accident last August, is back at his old stand at Weber Motors body shop.

George says it's real good to be back after five months in the University Hospital and invites his many friends to drop in for a chat.

CWL [illegible] TOURNAMENT

The new Whist tournament sponsored by the CWL, will commence at the end of January.

Anyone wishing to play in this tournament please phone Mrs. M. Koebel, PA3 - 2822, or Mrs. Joe Lemmky at PA3 - 4778.

Town to have plan prepared

Following the recent visit by Provincial Town Planner Noel Dent and discussions with the Council it was decided at the regular Council meeting last week that a master plan for orderly development of the town should be authorized.

To cost $2000 (with half borne by the Provincial Government) the master plan would provide for orderly planning over the next two to twenty years.

Such matters as residential zoning, commercial and industrial areas, as well as provision for church, school and park areas would be planned with the long haul in mind.

Edson has never had a master development plan and in present Council has become increasingly conscious of the need for such a plan.

As new residential lots have to be opened up and commercial and industrial plots planned,

Local employment picture better than average

At the end of December 1960, unplaced applications totalled 422 male and 170 female on file at Edson Employment Service office. This represented a decrease of 13 per cent during the month and a decrease of 5 per cent from the December 1959 figures.

Figures as of January 25th, 1961 showed 474 male and 154 female applicants registered. This represents a 6 per cent increase over December figures and a 4 per cent increase over registrations at the end of January 1960.

During 1960 benefit payments to unemployed workers in this area amounted to $464,844.00, an increase of 11 per cent over the 1959 payments of $420,275.00. During this period the Prairie Region payments increased by an average of 22 per cent over 1959.

During 1960 the Local Office placed 1191 men and 89 women in employment. At present skilled tradesmen including carpenters and painters are registered. Such tradesmen are scarce in summer and many repair and renovation jobs might well be done now while men and materials are readily available.

The Edson Local Office of the Unemployment Insurance Commission serves the area from Niton to the British Columbia boundary and the following statistics should be considered with this in mind. The major centres are Edson, Hinton and Jasper but registrations are received from all points in the area.

The Week's Weather

As reported by the Edson weather office:

Date	High	Low
Jan 18	30	6
19	38	7
20	45	1
21	45	17
22	44	9
23	34	8

To start using new building

The new provincial building will come into use shortly following the unveiling of the second brick and stone facade last week.

The Treasury Branch are scheduled to move into their new quarters about February 6. The vendor staff will be moving into their new south side about February 8.

The Forestry staff will move into the back of the north bay with a temporary entrance on the east side of the new building.

Following the move by the three departments workmen will commence tearing out the remnants of the old building around and over which the new edifice has been built.

Scanning The Sports Scene

Edson Junior High pucksters take Hinton

In a fast skating hockey game Friday evening, Edson's Junior High scored 10 goals to Hinton's single goal, although Hinton's goal tender Appleyard allowed 10 goals, the score could have been a lot higher if it hadn't been for the many screw shots.

Edson's fine defensive and offensive play was too much and too often for the Hinton puckstars. Score at the end of the first period was 5-0 at the end of the second, 11-1 Edson added 3 goals in the last period to make it 14-1.

Eddie Owen was the big gun of the evening, scoring 5 goals, all unassisted, most of the goals being scored with powerful shots from the point. Louis Roper scored 2 goals. Both May brothers turned in a fine effort Jake May scored 2 goals, assisted on two more for four points. His brother Eddie scored twice and assisted on another for 3 points.

Other Edson scores were Bill Mahon one goal, Ted Worton scored two goals and Alex Kubek scored a single. Ray Macey assisted on two goals, Peter Dupre and Ricky Gardener both assisted once.

Hinton's lone goal was scored by Kell, on a fine pass from Armstrong, which Edson's goaltender Duke Hetherington had no chance to stop. Duke stopped many shots to belied for a goal. One penalty in the game went to Eddie Owen, two minutes for tripping.

Lineups, Edson: Duke Hetherington, goal, P. Dupre, Ed Owen, T. Worton, B. Mahon, Ed May, J. May, L. Roper, T. Green, R. Bardresar, A. Kubek, E. Switzer, R. Macy B. Christie, B. Kwochenik.

Hinton: Appleyard, goal, Stinson, Kell, Armstrong, Scragg, Schaeffer, Lewis, Tredwin, T. Switzer, Williams, Anderson, Dempsey, Charleth, Cozat, Fleming.

Next hockey action for the non Junior High team will be this coming weekend against Whitecourt. Both Edson teams will be playing. The Midgets at 6:30 p.m., Friday and 3 p.m. Saturday. The Edson Junior High team plays Whitecourt 8 p.m. Friday, and at 2:30 p.m. Saturday afternoon.

All parents and hockey fans are asked to support Minor Hockey.

Coaches needed for minor hockey

This league consists of four teams comprising pupils in Grades 3 and 4 from the A. E. Dakin and Brewster schools. Two teams have 13 players and two teams have 14 players each.

Their schedule playing times at the arena are: Friday 6:00 to 6:30 p.m. and Saturday 11:30 a.m. to 1:30 p.m At the present time three of the teams are tied for top honors.

We are in great need of adults to coach the boys in the rudiments of hockey. Certainly, if no families represented, it is not too much to expect to have the help of our regular coaches. These beginners will be our future hockey players.

Make minor hockey a family affair. Take your boy to the arena, don't send him.

Bantams take Jasper in new Park arena

The opening new arena at Jasper on Saturday, Jan. 21 was the scene of a contest where the Edson Optimist Bantams dumped the Jasper 'B' Bantams by a 7-2 count before a crowd of 150.

In the first period Edson scored twice with Saris from Wells, and Walker unassisted Jasper's lone counter came from Burnett assisted by Wilderman. In the same period the only penalty went to Edson's blue line boomer Rod Labelle for roughing.

In the second period Jasper tied the score by a Wilderman from Burnett combination. From then on it was starry left winger Ronnie Knutson from Walker, and Walter from Knutson to run plete the second period with Knutson set up LaBelle over Jasper receiving therein two penalties, Caddy for holding and Kirchoffer for tripping and Edson going ahead with a 4-2 count.

In the third period Edson outskated the Jasper 'B's' by three markers. Ronnie Knutson was upped in a hard shot from the bald Boomer Labelle, also the young Hickey nestly for a counter, and finally the afternoon scoring Comet Walker came through with a very neat stick-handling performance to add with a hat trick.

The Edson Optimist Bantams were taken in Jasper by Mr Henry Brand, Mic el Awender, Glenn A Schultz and Art Krutzman. These men have taken added interest in Minor Hockey.

Edson line-up goal, Peter Brand; Garding, LaBelle; Kwochenisk; Krutzman; Ron perech; Dirk Maguire Cyl wart, Irwin, Wells, Saris, Walker; Pyne; Knutson.

Coach Henri Aspudt, manager Glenn A. Schultz

Jasper lineup: goal, Malone Kirchoffer; Spence; Minken sky; Burnett; Caddy, Wilderman, D Hart, Tweedie, Warbler; Warshild; R. Hart; Sigurdsson; Clifton; Kelly.

Coach: Bill Nicholl.

Official Bleedman: Henri McQueen; referee Bob Dunlop; time-keeper, John Chase red, scorekeeper, Art Krutzman.

The same two teams will be meeting in Edson Gardens on Sunday, Feb. 5 at 2 p.m.

Coming events

JASPER TOTEMS at Hinton, Thursday, January 26 at 8 p.m.

HINTON HAWKS at Jasper, Saturday, January 28 at 8 p.m.

EDSON ATHLETICS at Jasper, Sunday, January 29 at 1 p.m.

WHITECOURT JRS. at Edson for doubleheader, Friday and Saturday afternoon 7:00.

City Bantams take locals in narrow count

Some 300 Bantam hockey fans witnessed one of the best played games of the season, when the Edmonton Bantams defeated the Edson Optimist Bantams by a narrow 3-1 score in the Edson Gardens Sunday afternoon.

The two clubs skating fast and checking very closely rended the first period scoreless, each receiving 2 minutes penalties, each Griffiths, Garding and Dirk. In the second period there were nine penalties handed out by the officials Guy Columbo and Gary McArthur, 5 went to Edson and the balance went to Inglewood.

Scoring was opened by Mc-Kay star of the game, Ronnie Knutson assisted at 5:01

At 6:37, Edmonton tied the score with McKillicon setting up Hoffman, and at 11:26 the No. 3 star of the game, Gordon broke through Edson's defense going in all alone on net minder Paul Brand to send his club ahead 2-1 into the third period.

At 2:34, Morken from Duke Hetherton the last red light of the contest to give the Inglewood Bantams a 3-1 score. The three star selectors, Walter Kretzmann, Andy McEvoy and Ted Hicks presented the Edson Optimist Club Star Player awards to first Inglewood goalie Fraser S. Murray, second Edson's Ronnie Knutson and third to Edmonton's K. Cadger

On Saturday, February 4th, these two clubs will be meeting in Edmonton.

Lineups, Edson: goal, Paul Brand; Garding, LaBelle, Kwochenisk, Krutzman, Bosworth, Dirk, Maguire, Calvert, Wells, Irwin, Barth, Walker, Pyne, Knutson.

Coach, Joe LaBelle; trainer, Nigel Appleby; manager, Glenn A. Schultz.

Edmonton: goal, Fraser S Murray, Tom Wagrod, Gary McKillicon, Gary Pafiryman, Neil Ramsey, Dave Duke, K Cadgery A Brunard, D Smith, K Cumella, R Hays, D Marben, D Cyrilhouse, B Hoffman, C McOsen

Coach, Bud Kevsley

Linesmen, Gary McIlvree; referee, Guy Columbo; scorekeeper, H. Mollbet; timekeeper, Art Krutzman; goal judges, Robert Williamson and D. Krutzman.

At the end of the second period of the game between the Edson Optimist Bantams and the Edmonton Inglewood Bantams the awards were presented to Terry Knutson receiving a $5.00 bill from Edson Leagues' Supplies, Mr. Andy McEvoy a free groom lob from Joe's White Rose and Larry Irwin was presented with a book of Gumby poems from the North Pioneer.

Members plan Saskatchewan journey

The local badminton club plans to invite the Jasper and Edson clubs to participate in a tournament here on Sunday afternoon, February 19th.

The club needs more players. Anyone interested in playing, please come out any Sunday evening at the Crestvale Valley School 57th st

Hawks take Totems 9-5 in second league game

The Hinton Hawks played the Jasper Totems on Tuesday, January 17th in the Jasper Arena defeating them by a score of 9-5. The Totems are giving more resistance every game they play and the Hawks really played hockey to defeat them.

Totems were leading the Hawks by a score of 2-0 in the beginning of the first period. Hawks came back and scored one goal in the first period and scored six goals in the second and one in the third to soundly trounce their opposition.

Hinton lineup: R. McLeod, A. Bjork, D. Fecco, J. Passmore, J. C. Richey, R. Lovoin, L. Brett, L. Ishiw, R. Porter, V. Milinski, B. Bradford, F. Lewin.

Goal getters were first period: 16-00, R. Lewin; 17.20, Milinski. Second period: 2-12, L. Brett from L. Ishiw; 9-08, F. Lovoin from B. Lewin; 14-56, L. Ishiw from A Bjork, 18-32, L. Ishiw from E. Milinski; 18-50 A Bjork from D. Lewin, E Milinski. 19-26, R. Lewin from F. Lewin. Third period; 12-31, F Lewin.

Penalties were handed out in first period A. Bjork, and L. Ishiw Two to B Lewin in the second period; A. Bjork and R. Porter in the third period.

Jasper lineup. Brassenberg, Chesser, Johnson, McLeod, Lorman, Evans, Bagnido, McCready, Nichell, Bradley, McQueen, Weeks, Wheele, Anderson, Desjardine, Bartlett.

Goal getters were first period: 8-18, Nichell from McQueen; 13.38, J Chesser from Nichell. Second period: 1-34, Bagnido from Chesser. Third period: 11-30, Evans from Lorman; 13.19, McCready from Nichell.

Penalties to Bagnido and Lawson.

Hawks continue wins take Edson 10-5

The Hinton Hawks moved into first place in the newly formed North Western Senior League by posting the home town Athletics 10-5 Saturday night. The defeat, coupled with Edson's 12-3 romp over the hapless Jasper Totems on Sunday left the high flying Hawks four points ahead of the Athletics in the league standings. Both games were played in the Edson arena.

Saturday's game saw the Hawks thoroughly out-skate a sometimes rather disorganized Edson squad. Facing the referees were Bill Hickey who blasted four goals behind a much overworked Peter Saul assist. Other Hinton marks men were Frank Lovoin and Al Bjork with two goals each while Mike and Don Lovoin added singletons. The lone-some Ike Edson was handled by Dave Ashker, Stan Davidge

PUBLIC NOTICE
Town of Edson

MINOR HOCKEY WEEK IN CANADA

WHEREAS, the Canadian Amateur Hockey Association has set aside the week of January 31st as a period to focus public attention on the physical, character-building and other benefits of hockey for our youth, and

WHEREAS, the game of hockey is recognized as Canada's National Game which teaches our youth to develop a competitive spirit, co-operation with others, body-building, and respect for authority, and

WHEREAS, Minor Hockey is the foundation from which accomplished hockey stars develop, and

WHEREAS, this community has long been noted for its active minor hockey participation.

NOW THEREFORE, I, as Mayor of the Town of Edson do hereby declare the week commencing January 21st be observed as

"MINOR HOCKEY WEEK IN CANADA"

and request that all parents and others support this observance by attending games during Minor Hockey Week and thereafter until the hockey season ends

W. R 'Bud' BRUNELLE
Mayor

Don't send — TAKE your boy to the Arena

MR AND MRS. A. BLUM

The Sacred Heart Church at Edson was the scene of a pretty wedding on Dec 17 at 10:30, when Helen Marie Blondeau, daughter of Mr and Mrs. V Riendeau of Edson became the bride of Albert Blum, son of Mr and Mrs A. Blum of Edson.

Father J C Naphin performed the wedding rites. Mrs. Marg Sabourin was the organist and Mrs. K. Whidden was the soloist.

The bride, given in marriage by her father, was lovely in a floor length dress of white organza over satin with short sleeves and a scoop neck line Sequins decorated the neck line and skirt. She wore no jewellery and carried a bouquet of red roses.

The bride's attendant was Miss Helen Lederer, who wore a pale yellow organza over satin and carried a bouquet of pink carnations.

The groom's attendant was Gordon Lederer of Edson. The usher was Peter Paschal.

For her daughter's wedding Mrs. Riendeau chose a pale blue dress with a corsage of white carnations, and black accessories.

The groom's mother wore a navy blue suit with blue accessories and pink carnations.

The reception was held in the Sacred Heart Church basement. The toast to the bride was made by Mr K. V Bellock and ably answered by the groom

Out-of-town guests included Mr and Mrs L. Madan and Mr and Mrs F. Farnham of Edmonton.

The newly wed couple plan to reside in Edson

Optimists to honor boys with hockey week

Ronald Rosmo President of the Optimist Club of Edson would like to inform the public that Peter Serchuk Boys Work Director with his Minor Hockey Committee wish to honor those, who by their activities as volunteer workers for Minor Hockey contribute to the advancement of Canada's National Sport.

This season, the Optimist Club is sponsoring the Bantam team which is entered in the Pee cwtal Bantam Hockey playdowns This is Edson's only Club represented in the Alberta Amateur Hockey Association competition

These competitions have been run off each year since 1907 The Association recognizes and conducts competitions in amateur hockey in Major, Senior, intermediate A, B, C, Junior, Juvenile, Midget and Bantam teams This organization is the governing body of Amateur Hockey in Alberta in accordance with its affiliation to the Canadian Amateur Hockey Association

It is the hope of the Edson Optimist Club that through the promotion of hockey, the motto "keep a boy on ice and you'll keep him out of bad water," helps to illustrate the purpose

It is of utmost importance to the future of freedom that we aid and encourage the development of youth This is vital to our growth and stature, locally and internationally The Optimist Club of Edson supports and asks that we look into this Minor Hockey and the many other activities in this — your community by being a "Friend of the Boy."

Chance to talk over town affairs

Annual meeting time is coming up shortly (Monday, Feb 15) for Edson ratepayers. This is the time that policy is discussed by citizens interested enough in town affairs to come out.

Annual meetings provide a two-fold purpose in our local government. The initial part of the meeting is devoted to reports by the Mayor and Councillors and representatives of the School Division.

As our town gets larger, quite often the only direct contact on Town affairs between local officials and taxpayers is at this once a year meeting — the place where changes in policy are tried out for citizen reaction. This is important in a grassroots political democracy, as fresh viewpoints are always coming to the fore the more problems are discussed.

By reason of gas activity in this area there is to be an opening up of new serviced lots for dwellings. This is going to involve a considerable sewer, street, utility and sidewalk program. More than average this year apparently

On top of this a two hundred thousand dollar sewer system with lagoons is now being considered by the Council

The School Division are planning a minimum junior high school on a site north of the water tower. Will this building program be possible without increasing the school requisition? Trustees and councillors hope so. The odd bird from Edmonton says rumour indicates more help with school costs from the Provincial Government this year. But there is nothing definite until the Legislature sits.

Is this the year to cut out the generous ten per cent discount on taxes? Many think it is Advocates of the cut point out that the discount does not particularly bring in money in the early part of the year. That the discount favors the people with ready cash and penalizes the taxpayer who may not happen to have his tax money in the early part of the year The discount also inflates the mill rate Three or more mills must be added to the school requisition for example to raise money for school purposes

Plan now to discuss these and other growth problems with your fellow citizens You may have an idea no one has thought of as yet

Post Office Mailing Hours

(Slip for future reference)

(1) HOURS OF LOCK BOX LOBBY
Monday through Friday — 8:00 a.m. to 6:00p.m.
Saturday — 8:00 a.m. to 2:30 p.m.

THE SECOND COLUMN

Yes, I broke the engagement. My feelings toward him have changed completely."

"But you still wear his ring."

"Oh, my feelings toward the ring are the same as ever."

☆

We know that a fool and his money are soon parted, but what would be interesting is how a fool can get together in the first place.

☆

A prim little lady was telling a friend about her consternation upon finding two empty whiskey bottles in her garbage can.

"You can imagine my embarrassment," she said. "I got them out fast, because I didn't want the garbage man to think I drink."

"What did you do with them?" asked the friend.

"Well, the preacher lives next door," was the reply, so I put them in his can first-lowly knows he doesn't drink."

☆

Harry "How do you get your little girl to find so many worms for you when you want to go fishing?"

Larry "There's one! Out of every ten she digs up, I let her have one to eat."

☆

The pretty young teacher was instructing her grammar class in the conjunction of the verb "to love."

"Bobby," she said, "can you tell me what it is when I say 'I love, you love, he loves'?"

"That," said the precocious little fellow, "is one of them triangles where somebody gets shot."

☆

North American men are now two inches taller and five pounds heavier than men were in 1959, says the National Geographical Society Men now average five feet ten inches in height and 162 pounds in weight. Women now average five feet five inches and weigh 137 pounds

☆

A new trend may be started by the Grey Nuns in Edmonton who have opened an asthmatic room in their hospital It gives asthma sufferers considerable relief say the sisters It has special air filtering equipment, bedding, pillows, drapes, floor coverings are all non-allergic. There is also electrostatic equipment for removing dust.

☆

MORE DOCS IN RUSSIA

According to the Department of National Health and Welfare, Ottawa, there are substantially more doctors in Russia than in either Canada or the U.S.A. In Russia there is a doctor for every 618 people, says the department. In the U.S. there is one doctor for every 750 persons and in Canada a doctor for every 918 people. These quarters of Soviet physicians are women. Hospital bed availability is about the same as in Canada 10-11 general or specialized beds per 100,000 population.

CAPITOL REPORT

S.C. still strong in Medicine Hat

By KEN MASON

EDMONTON — On two occasions now Albertans have had the opportunity of making slight adjustments to the rid4culous imbalance they created in 1959 when they elected 61 Social Creditors to the 65-seat Legislature.

And on both occasions they bypassed the opportunity. I'm referring, of course to by-elections held last fall and last week in Didsbury and Medicine Hat ridings. Social Credit retained both seats.

Don't get me wrong. I'm not quarrelling with the right of voters in any constituency to choose members who will sit in on the government caucus. But as a matter of principle I believe democratic government needs an effective opposition and that the party in power should be stopped over the wrist every once in a while if for no other reason than to remind it of the fact that it is in power at the pleasure of the people who elected it.

A by-election offers a golden opportunity for people who want to carry the party in power a bat without defeating it. Opposition electors in Didsbury and Medicine Hat could well have shaken any complacency there might be among Social Credit ranks. Then, when general election time rolls around again, the voters could go back to electing government supporters if they wished and no harm would be done.

In addition to that, if Conservatives or Liberals had been elected in either of the by-elections, the Legislature might have an "official" opposition. At present there is no such thing in the House. There are four opposition members — each with a different political affiliation.

In a way you can't blame the voters in Didsbury and Medicine Hat. The Opposition parties, still leaderless and not yet recovered from their 1959 defeat, haven't convinced anyone they can provide an effective alternative to Social Credit.

Mr. Watkins challenged the premier to a public debate in Medicine Hat. The premier was to argue the proposition that there is no need for an official Opposition in the Legislature.

This, naturally, played right into the Premier's hands. Mr. Manning is always the first to agree that an important function is served by Her Majesty's Loyal Opposition.

His reply to Mr. Watkins. "---can no purpose in debating a proposition on which there is no conflict of opinion and would therefore suggest you devise a less abortive and more constructive method of seeking political publicity."

Looking at the results of the Medicine Hat vote, they may not be too gratifying so far as Social Credit is concerned. Elected Harry Leinweber polled nearly half of the popular vote for a total of 4,527. This is a considerable drop in the SC popular vote from the 1959 returns, when the late Mrs. E. G. Robinson received 8,000.

The non-Social Credit vote was a hefty 4,691 — but it was split up among three other candidates. The results should be somewhat discouraging for the Conservatives. Their vote plunged to 1,938, far down from the 1,700 votes cast for the Tory candidate in 1959.

The Liberals, on the other hand, have reason to be encouraged. Their candidate polled 2,475 votes, which is a healthy increase over the 507 racked up by the Liberal candidate in 1959.

Even the New Party — which is ruled out as a dead issue in Alberta by most political pundits — finished ahead of the Conservative standard-bearer. The New Party man placed third in the counting with 1,336 votes.

So far there has been comment from Conservative and New Party officials on the results. Premier Manning issued a quiet statement saying he was confident the voters would continue to show "sound judgement and confidence." Earl Hastings, president of the Alberta Liberal Association, said the results clearly indicate "a continued resurgence of the Liberal Party in Alberta."

Finding the truth

When, in his Christmas message to the world, Pope John XXIII appealed to leaders of thought "not to counterfeit truth," veteran newspapermen in countries still blessed by a free press knew also how nearly impossible it often is to discover the truth.

"Is this the final, rock-bottom truth of this matter?" This is the haunting question that has privately bedevilled every philosopher throughout the ages. The same question nags at the mind of every scientist today. It bothers political leaders if they are basically honest and sincere — and there really are politicians who are honest and sincere.

For the leader or reporter of thought who deliberately counterfeits or twists truth, there is little excuse if the truth consumed in sun that can be established. That is the problem that tortures honest minds. What one man may consider absolute truth, another man may consider only part of the truth or a complete falsehood. Each may be sincere and honest.

COPERNICUS VS. THE WORLD

Throughout the world until after the death of Copernicus in 1543, the edicted and accepted "truth" about the sun and earth was that the sun revolved around the earth —"as any fool can plainly see," to quote Lincoln Abner. Copernicus proved that the earth revolved around the sun. He was quickly placed under house arrest for heresy and finally had to recant-not in public that his new theories were all wrong.

Can you blame those who pressed heresy charges against Copernicus? Can you imagine anything causing more certain and self evident than the sun revolving around the earth?

Copernicus had nearly stripped away an optical illusion and shown the truth behind it.

How certain can we be that many of the things presented to us today as unquestionable truths may not sometime be shown as mere illusions?

We have deep respect for the person who says humbly: "In the light of my present knowledge, this appears to me to be the truth."

Sometimes getting at pure truth is something like peeling an onion. You can peel off layer after layer. Each is in a sense outer, but not the onion.

COMMUNISM VS. TIME

A powerful force in man, that science has never been able to pin down and explain in a satisfactory way, is a desire for truth and understanding. Even the most ignorant savage can not stand an unexplainable mystery. He will observe, ponder and try to explain it in reasons he can understand. When he acquires more knowledge, he gradually changes his original explanation of the mystery to keep pace with his understanding.

For this second and proven reason, the Communism of Karl Marx is doomed by time. The communists are speeding the creation and abandonment of their present basic doctrines by their speeding up of education—especially in science which demands the observation of facts and a truthful explanation of them. It will not be long before the growing masses of Russian scientists will see through the false propaganda they have been conditioned in.

Truth is the ultimate weapon. More powerful than H-bombs or any other contrivance men may put together.

But let us be humble. We would be nothing for serious trouble if we took the stand that we alone have the full and complete truth on any subject—all neatly filed away and indexed Through our freedom of religion, speech and press, we are ahead of many peoples—far enough to have some understanding of how much there is yet to be learned and how powerful pure truth is.

—Prentice Herald

HATTONFORD

Mild weather still prevails for which everyone is truly thankful With an early Easter it makes spring a little closer too

Mr. and Mrs. E. Strauss were business visitors to Hinton while in Wednesday of last week.

The sympathy of the district is extended to Mr Guy King Jim and Helen of Foley Tim her in the loss of wife and mother Mrs. King was well known in the surrounding districts, being a teacher at McLeod Valley before her marriage and residence at Foley Timber She also taught for a time at Hinton Central School and was greatly interested in the forming of the First Home and School at the Central School She will be greatly missed by a host of friends and neighbors.

Funeral services were held at Niton Junction on Saturday, January 21 Interment was in the Edson Cemetery

Miss. Beth Miller of Hinton, who sang on CFRN-ATC "Search for Talent" at Wildwood on Dec. 11 and won second place will be seen on Channel 3 CFRN-TV "Kiddies on Koncern" at 4 p.m. Friday, Feb 5 Let's all try and watch our local girl, and give her the head she so well deserves and wish her continued success in what may in future prove to be a career

Mrs Wm Hilliby from Edmonton spent a few days visiting her daughter, Mrs S. Gill here and family, prior to leaving for the west coast for a holiday

Mrs. F Rosenhalt and Mr. B Winton are still patients in the Edson hospital Speedy recovery folks.

Mr and Mrs. H Setzer from Niton visited Mr and Mrs. E. Strauss on Friday of last week.

NOBODY BEATS MILLS ON PRICE

WITH THE CHURCHES

THROUGH THE
Study Window
By Rev. C. C. Armstrong

A company, known as Long Fa'el Mills, claims that it can not make sufficient profit unless its workers work on Sunday. Fifty workers have gone on strike as a result of this demand.

The Government Conciliation Board, in an appalling and misguided ruling, having apparently upheld the side of the firm, although they probably only ruled on the question of profit or loss.

There are those who believe that the strikers should be supported and that they should be given financial assistance in order to enable them to hold out.

There is another course of action which seems much stronger. This would be to ensure that appropriate legal action is taken to uphold the Lord's Day Act.

Neither the company nor the strikers have the legal right to enter into any agreement about Sunday work that is in violation of the provisions of the Lord's Day Act. Section 4 of the Act states that "It shall not be lawful for any person on the Lord's Day, except as provided herein to sell, or for gain to do or employ any other person to do, on that day, any work, business or labour."

The issue is not whether the Laugherd Mills can or cannot make "sufficient profit." The issue is not whether the strikers want to go to Church on Sunday or go fishing rather than work on Sunday, but "what is the law of the Lord."

The hours of work, and the days to work are not determined simply by mutual agreement between employer and employee. They are governed by certain specific laws outlined in Dominion Statutes and Provincial Acts.

Some laws are foolish and

AS I SEE IT
Reverend E. HURD — Pastor

Fulfilled prophecy, of Holy Scripture provide testimony to prove that God lives and reigns. Indeed the Bible literally abounds with predictions concerning men and nations — predictions that have been so exactly fulfilled that they bear upon them the stamp of Divine inspiration.

Certainly the Prophets could not have foreseen the future themselves, that is beyond the power of man. Even with the latest scientific instruments. It is not possible to foretell the nature of the weather more than a day ahead — much less the fate of empires. Ability to describe the future with accuracy demands supernatural vision, and a sequence of predictions fulfilled to the letter provides without question, the strongest possible evidence of the existence of God and His guidance and control in the affairs of men.

More than a century before Nineveh was sacked and burned by Nebuchadnezzar, while Assyria was still the greatest power in the world, that city was thought it would never be overthrown, Nahum the prophet wrote: Nineveh shall be "empty and void, and waste" (Nah 2:10).

While Babylon was in its prime and all the world may rolled at its wealth and might, Jeremiah dared to foretell its doom in these striking words "Babylon shall become heaps without an inhabitant" (Jer. 51:37).

In the days of Tyre's supremacy in the Mediterranean when her island fortress still proudly defied the world and her ships ruled the waves, God declared through Ezekiel "They shall destroy the wall of Tyrus, like the top of a rock. It shall be a place for the spreading of nets in the midst of the sea" (Ezek. 26:4-5).

While Egypt was still a power to be reckoned with in world affairs, the same prophet announced "it shall be the lowest of the kingdoms, neither shall it exalt itself any more above the nations" (Ezek. 29:15).

Of the beautiful Temple that was standing at Jerusalem in the days of our Lord, He Himself foretold, "There shall not be left one stone upon another that shall not be thrown down" (Matt. 24:2).

As for the city itself, He said: "Jerusalem shall be trodden down of the Gentiles, until the times of the Gentiles be fulfilled" (Luke 21:24).

A glance over history down countries how every word of these predictions has come true. The site of Nineveh is now a sandy waste. All that remains of Babylon is a heap in the desert. Fishermen today spread their nets on the rocks where Tyre once stood. Certainly Egypt has never again exalted itself above the nations. As for Herod's Temple, it was thrown down within forty years of the prophecy, and to this day Gentiles still tread Jerusalem.

No wonder H. L. Hastings once wrote, "So long as Babylon is in house, so long as Nineveh lies empty, void, and waste; so long as Egypt is the basest of kingdoms; so long as Tyre is a place for the spreading of nets in the midst of the sea; so long as Jerusalem is trodden under foot of the Gentiles; so long as the great empires of the world march on their predicted course, so long we have proof that one Omniscient Mind dictated the predictions of that Book and prophecy came not in the old time by the will of man."

And we know that there is a prophecy to be fulfilled according to the same Book, such as the Lord's return and the home going of the saints, also the Great White Throne Judgement. God's word never fails. The only failure is when men take from or add to that which is already written

Appreciative crowd sees film

A good sized congregation last Sunday morning heard a timely message at the first any Baptist Church when Rev Jack Purdie of the Alberta Temperance Forces spoke and showed a motion sound film on the drink problem includ ing the social drink.

Rev Purdie pointed out that his religion was not one of don't - don't do this and don't do that but being a Christian was the acceptance of Christ as Saviour and when this sin question is taken care of it is up to the Christian to live a life that is as the up and out for Christ at whatever cost.

At the evening service the Pastor spoke on, "Why follow Christ?" What is the motive of following Christ,' pointing out the need of accepting the cost of becoming a Christian, but also reason having that there is a price to following Satan too. "The way of the transgressor is hard".

COMING EVENTS

THIS IS AN OIL FIELD ?

Both whales and men would be in a sorry fix if whales were still the main source of oil.

But man is ingenious, and has developed oil resources from the earth to meet his energy needs. If he hadn't, getting a handful of fuel for the family car would be one whale of a job!

Here in Canada, where we average almost one automobile for every family, the right quality gasoline must always be available, and at the right price. Over the last 10 years, Imperial has spent $70,000,000 on equipment to improve gasoline quality—while over the same period the amount Imperial receives for a gallon of gasoline has gone down.

ESSO IMPERIAL OIL LIMITED

Mr. Pete Grenbka returns d from Chapman on Sunday evening were he was visiting with his niece and husband, Steve Kleinhid.

Mr Nick Grenbke from Id monton is visiting with his relatives in the district again

Some ten folks gathered at Mr and Mrs Mike Pulisbe on Tuesday evening to help Fred Hambl celebrate his birthday Dr Robins showed pictures on the screen during the even ing

dry clothes
SUNSHINE CLEAN
indoors with gas

It's like having built-in sunshine in your basement, no fooling! Save the sunny days to enjoy yourself outdoors — leave the dull days to do your laundry, using the sunshine-clean heat of gas. Matter of fact, gas is better than sunshine for drying clothes! You control the heat to suit the fabric; you never worry about fading or discoloration with gas and you save wear and tear on your clothes, with the gentle tumble action. All this for 15¢ a month or less, for the average family. To be sure of the best value, pay a little more, and buy a gas clothes dryer!

HOCKEY IN GRADES 5 & 6

Since the beginning of December the boys of grades 5 and 6 have been playing hockey. There are four teams playing a league schedule for the MacDonald-Trophy. The boys are under the general supervision of M. A. Harrand coached by C. G. Smith and M. Wiglesworth.

In addition to the regular schedule a number of games have been arranged against other towns. So far the team has played four games, winning two thirds one and losing one.

During last weekend two games were played against Hinton on Friday and against Edmonton Inglewood Mites on Saturday.

Against Hinton Edson scored three goals in the first

TOWN OF EDSON

NOTICE

Notice is hereby given that a petition has been presented to the Council of the Town of Edson under the provisions of the Early Closing Act praying for the passing of the following amendment to Closing By-Law No. 602 of the Town of Edson.

A By-Law of the Town of Edson, under the authority of the Early Closing Act of Alberta, to amend Early Closing By Law number 602 and fixing the hours of closing on Saturday

That Clause 1 of By Law No 602 be and hereby is amended by striking out the figure "7th" in the 5th line thereof and submitting therefor the figure "8th".

That all retail stores shall be closed for serving customers on Saturday evening at the hour of eight o'clock (8 p m) Standard time.

That existing regulations under By-Law No. 602 shall apply on the other days of the week.

Notice is further hereby given that objections to the petition presented to the Council praying for the passing of such amendment to the By Law on the grounds that such petition is insufficiently signed or otherwise affecting the validity or sufficiency thereof must be filed by 10th day of February 1961, and that if no objections are filed before the said date the Council will forthwith proceed to pass the said amendment to the Closing By Law No. 602

R C GREIG,

Drastan News

Mrs G Woolston went to Edmonton Thursday to visit with her daughter Mrs Jim Seigman.

Mrs E Taylor and Mrs G Norton are baby sitters at Mrs A. Hoshi on Wednesday afternoon.

We are all glad to hear that Mrs Mike Yelichko is home from hospital.

A nice crowd attended the dance in the Drastan Hall on Saturday evening.

Mr and Mrs. Walter Drastan moved into their new home on Monday Welcome to our district Shirley and Walter

Mr and Mrs Walter Ivan cevski from Hinton were visiting with relatives and friends in the district on Sunday

We are sorry to hear Mr John Sitzenberger, who is an old timer to the district had the misfortune to cut his head quite badly. Hope it heals quickly.

Mrs R. Wershing and children, and Mr. and Mrs. Ken Hoshi were all home on Sunday

Opti-Mrs pick Queen candidate

The January meeting of the Opti-Mrs was held in the United Church basement with the ladies of the church serving a delicious supper 25 ladies were present with four guests Mrs. Klein, Mrs. Field, Mrs Roberts and Mrs McNamara

Sharon Street was voted in as candidate to run for Carnival Queen, sponsored by the Opti Mrs of Edson Mr Street is a brown eyed blond charming young lady of 14 who has taken all her schooling in Edson, and has chosen to stay and earn her living here She is now employed as a clerk at the unemployment of fice.

Sharon's favourite sport is badminton. On Saturdays Sharon helps with the local dancing classes. She is a keen Church goer and sings in the choir at St. Catherine's, Edson.

Sunday Feb. 5, is to be set aside for the Opti-Mrs at the morning rink where 23 Opti Mrs will be out with broom, and Optimism to offer an enjoyable afternoon.

Mrs. Klein then finished off the evening by shooting her pictures she took in Holland while on holidays last year She also gave an interesting and informative talk on the Dead clothing and banner of Holland.

PROPRIETOR SIG VOLSTAD indicates that there is plenty of room for the trailers that are expected to pull into Edson any day. Mayor Brunelle looks on with interest this opening day at Poplar Place Trailer Court.

U.I.C. ADDS STAFF

Recent additions to the U. C. staff are Burton Davidge Insurance Section, Miss Sharon Street, Employment Section, and Mrs. June Baker, casual clerk.

The Opti-Mrs are to hold their meetings in the Boys Centre every first Monday of the month the next meeting to be at 7 p.m., Feb. 6 Girls 12 to 18 are welcome.

Photography save Caribou by modern conservation

Canadian caribou can thank an aerial survey just completed by Spartan Air Services for their survival. Once counted in hundreds of thousands, these native Canadians have gradually driven north by the advance of civilization. During severe winters, when thick snow covers all accessible fodder, the caribou are reduced to eating the bark of trees and many of them starve.

The Wild Life Service of the Department of Northern Affairs in Ottawa wants to protect the caribou from extinction — which can be done by dropping bales of hay from aircraft at points where food is most scarce.

But where are these points?

Unless they are accurately spotted, the hay will go to waste and hundreds of caribou a few miles away may still starve.

Casual inspection from the air does not solve the problem, for by the time the caribou got hungry the vast expanse of the north is blanketed with snow. Even in the summer it is difficult to see lynx vegetation by just flying over. But the magic eye of the aerial survey camera, aided by camouflage detection film, infra-red film and other devices, can see far more than any human observer.

Spartan Air Services which has surveyed more than 200,000 square miles of forest all parts of the province are expected to visit the 150-acre over Canada, has developed methods of assessing with amazing accuracy soil and vegetation characteristics. Analyzing its aerial maps, Spartan tells the Wild Life Service exactly where vegetation conditions require additional fodder for the animals. Such pinpointing of the help is essential, as hay dropped more or less at random would not do much good for the starving caribou.

Thus the wild animals, victims of our technical civilization, saved by the same technology, which enables a camera flown at 10,000 feet to spot details invisible to the man on the ground.

Varsity Guest Weekend dates announced

Dates for the forthcoming Varsity Guest Weekend have been announced by the University of Alberta Students' Union scheduling committee. This year, Varsity Guest Weekend, with the theme: "Out with the Old, in with the New," will be held from February 23rd to the 26th on the Edmonton campus.

The Weekend is designed to acquaint the general public and, in particular, prospective University students with the academic life at the University of Alberta, as well as the many extracurricular activities in which a student may participate.

Nearly 15,000 persons from all parts of the province are campus, which borders the southern bank of the North Saskatchewan River.

The annual event, which was first begun in 1955 under the sponsorship of the Physical Education and Agricultural Faculties of the University of Alberta, is unique in that it is the only event of its kind in Canada.

This year, as in years gone by, the students in the various faculties have gone all out in planning many elaborate and interesting displays which will be found in all major buildings on the campus.

Special glass-topped tour ing buses, leaving the Students' Union Building at regular intervals on Saturday, February 25th, will provide the thousands of visitors with a "birds-eye view" of the rapidly expanding Edmonton campus.

The public will also be invited to visit the various Fraternity houses on Varsity Guest Weekend. These fraternities will be holding "open houses" during the Weekend, in addition, various campus organizations have scheduled a number of informal coffee parties for the Weekend.

A nursery, which will be located in the Students' Union Building, and supervised by student nurses of the University Hospital, will enable parents to bring their little ones along.

The theme of this year's Weekend, "Out with the Old, in with the New," coincides with a number of new buildings and additions to existing structures which have recently been completed on the campus, at least two Ao

KNOW Your rules of the road

As a public service to the interest of highway safety this newspaper will run excerpts from driving regulations as a feature to remind our readers to be ever cautious.

Any person over the age of fourteen years may qualify for the operation of a motor vehicle in Class "D" and "C" categories.

Any person over the age of seventeen years may qualify for Class "B" category.

In the case of Class "A" category the licensee must be at least eighteen years of age and must possess a medical certificate within thirty days prior to his birth date in order to retain the Class "A" license.

The four categories of operators' licenses are outlined below.

CLASS A: Class A operator's License permits the licensee to operate all classes of motor vehicles including passenger bus, school bus, taxi cab and ambulance. The class A Licensee must file a medical report annually.

CLASS B: Class B Operator's License permits the licensee to operate all motor vehicles except passenger bus school bus, taxi cab and ambulance.

CLASS C: Class C Operator's Licenses permits the licensee to operate all motor vehicles, registered as farm trucks and includes the operation of motor vehicles designated under Class D.

CLASS D: Class D Operator's License permits the licensee to operate any motor vehicle up to but not exceeding 6,000 pounds gross weight but does not permit the operation of passenger bus, school bus, taxi cab or ambulance.

The signature of parent or guardian must appear on the application of any person under the age of eighteen years.

Learners Permit

Any person over the age of fourteen may make application and obtain a learner's permit, provided they are successful in satisfying the driver examiner as to their primary qualifications to learn to drive.

LOOKING for BARGAINS?

Why not do your sleuthing in your own home town?

When you add up travelling costs, not to mention road hazards, parking problems and jostling crowds, and affix these items to the "bargain" you got in the "big city" you'll probably find it wasn't such a good deal after all.

Think about it. Quality, style and values are pretty good right in our own town, and remember that your support of local business helps build a better community.

GREEN ACRES

By DICK BOCKING

VITAMIN A IS NEEDED

Not so long ago, vitamin A was something remote and seldom mentioned by stockmen. In recent years it has become an important part of any livestock feeding program.

No one knows why our livestock are showing more evidence of vitamin A deficiencies each year. But this is a fact. And so we find that thinking stockmen are feeding vitamin A as a matter of routine — just as they add proteins and minerals to their rations.

Not only is vitamin A deficiency showing up more in our stock but it is showing up earlier in the winter. A few years ago it seemed that February was soon enough to begin feeding vitamin A. But now signs of deficiencies are showing up as early as November. So it would seem that livestock do not store vitamin A obtained from summer pasture for as long a time as thought. This is particularly true in dry years when pasture is not good or when cattle have been running on bush or other poor pasture.

It seems that to be safe, vitamin A should be added to the ration about three months after pastures have started to decline in quality. This means November as a rule.

How do you feed vitamin A? Well, good quality alfalfa hay will normally take care of part of the needs, but even this cannot be trusted. It's best to add a stabilized dry form of vitamin A to the ration. It can be mixed with grain or with your mineral mixture. A handy way to use it is by mixing the dry A with some linseed oil meal and mixing that with the grain.

Cattle need about 10,000 to 20,000 units of vitamin A per day, although breeding stock should have 20,000 to 30,000 units. As a one pound container contains 5 million units and costs about $1.50 this means it will cost less than 1 cent per head per day to avoid all the problem associated with a vitamin A deficiency. Sheep require 4,000 to 5,000 units. Dry vitamin A is usually purchased from a veterinarian. It's cheap insurance.

DAIRY CATTLE RECORDS

"Good Cows Pay More" That sounds like common sense. As you would expect studies in Alberta and elsewhere have proven that each cow must produce a lot of milk to be profitable. In fact there is no profit at all in a cow that produces under 200 pounds of butterfat per year.

How are you going to know which cows are producing above this 200 pound line? Good records are the only answer. Only with accurate records can you weed out the boarders and keep only the profit making cows. The cow testing service of the Alberta Department of Agriculture is set up for just that purpose.

You probably know how much grain or hay you grow on each of your fields but how much milk or butterfat each cow produced? Each cow is production unit in herself and may produce much more or much less than a good cow which looks the same and eats the same feed. You can only pick the good ones from the bad with records.

If you would like full information on cow testing and keeping production records, let us know. We'll send you full details.

Ski-ing good at Willmore Park Edson

The Willmore ski area, 3 miles south of Edson, proper only donated to the Town of Edson by the North Western Pulp & Power Co last August contains excellent ski slopes, which are being developed by the Edson Ski Club.

The Edson skiers report that snow conditions are now very good, and extend a cordial invitation to Hinton skiers to enjoy the fine skiing in Willmore Recreational Park.

Last Fall the Edson club members cleared a very good slope which faces to the east, and it has not suffered too much from the bountiful Alberta sunshine we've enjoyed this winter. Light powder snow on a good base makes conditions just about perfect for the ski area. Hinton skiers wishing directions to the hill, could call at Cruiers Service Station corner of Highway & Main.

CALGARY POWER LTD.

SERVING THE PROVINCE OF ALBERTA

When the first settlers came to Alberta, they had no idea that electricity would someday be carried for hundreds of miles. The first hydro developments were small water-wheel plants to serve individual operations. One of these was the old Calgary Water Power Plant on the Bow River just west of Calgary's Centre Street bridge.

Over the years Calgary Power has grown with Alberta, developing power to serve Alberta towns, farms and industries. The Bow River hydro power system in southwestern Alberta, strengthened by storage developments, permits the careful use and re-use of all available water and is assisting in meeting the future power needs of Alberta — Canada's "Province of Opportunity!"

Mom's chores interrupted

By PEGGY ICE

There were times when Mom would rather have taken a good beating than head out in knee deep snow to do the chores, at least that is what she used to tell us kids. but as a rule she made a chore of liking the job, we could hardly wait till we were old enough to get in on the fun.

Looking back we realize the reluctant spells could have stemmed from some of the pranks we pulled while she was out on the job. Like for example, the day the three of us lined up on the limb of a poplar and poised forces in a series of our splitting screams that could be heard a mile away.

Mom being a mere half mile from the house, pulling water for the cattle, heard the ruckus and thinking the worst dropped everything and ran for dear life to save her brood from what ever dismay her had befallen them.

When she arrived all out of puff and red in the face we calmly explained the emergency that had necessitated her immediate attention. A small china elephant had fallen from a shelf and was beyond all to smithereens.

When she sat down and cried like a baby we were glad we hadn't waited to break the news. We knew she was fond of the trinket but never for a moment did we realize, the loss of it would set her back to that extent.

When Mom finally got control of herself and had calmed down enough to hold a cup of coffee without spilling it, we told her she could go back and finish the chores while we looked in the cats' home for another elephant.

DO you know what she did then, after all the fuss? She scooped us up and could hardly breathe and said, "I don't care about the darned elephant." It took us several years to figure that one out.

PEERS NEWS

The W.A. of Peers United Church will hold their regular monthly meeting on Feb. 6. Rev. Armstrong will be in attendance.

Four of the local town-ager hockey players namely Ed Townsend, Bob and Dave Reddon and Ted Young are seen in the MacKay hockey team line-up which is under the able coachmanship of Andy Shand. The past two Sunday afternoons they have journeyed to Wildwood and there the winners 7-2.

Mr. and Mrs. P. Young celebrated their twenty-ninth wedding anniversary on Feb. the 12th.

Watch for the definite date and place of the Variety Show which is being sponsored by the W.A.

The young people of the locality enjoyed a skating party on the river by Ansems Saturday night. All report a very good time.

A three hour movie of a European travelogue will be shown at the Peers School on Tuesday, January 31 at 8 p.m. sharp. This movie will be shown by Miss Frances Christoffel of Edson who compiled it during her trip through European countries. Everybody welcome. A silver collection to be taken. Sponsored by Peers Home and School Association.

The sympathy of the community is extended to Mr. Guy King and children of Wilson in the death of his wife Gerda. Mrs. King is one of the old timers in the district having been a resident for over thirty years.

Due to the re-organization of the Forestry Dept. and Messrs. Nielsen and McGarry, the school rink has been flooded. A sincere thank you to all on behalf of students and their parents.

Mesdames R. Arvin and M. Young attended the Regional 4-H Leaders' Conference at Mayerthorpe on Friday, January 20.

Lots of activity at the gravel pit on N. Assen's where the government is having gravel hauled and stock piled north of Medley.

Don't forget the Smorgasbord supper at Peers School on February 21, sponsored by the W.A. of the United Church.

Children's courses at Craft Centre

Commencing Monday, Jan. 30 children's courses will be given at Edson Craft Centre.

The following courses are available to children from 8 yrs. of age and there will be 8 lessons of each course basketry, copper, leather, pet toys, and weaving.

All those interested are asked to register at the Craft Centre Thursday, Jan. 26 at 7:30 p.m.

Children wishing to apply must be accompanied by one or both parents.

For further information please contact Mrs. H. Gaupp at PA3 3264 or Mrs. H. P. Thursby at PA3 3287

Peers 4-H News

McLeod Valley 4-H Grain Club held their re-organization meeting in the Peers school on Friday evening with nearly all members present.

Election of officers for the year with Paul Milsch as president and Peter Velichko, vice-president and Ted Young as secretary treasurer.

Mr Redding, District Agriculturist from Stony Plain was present to show some very interesting pictures on farm tractor safety and others.

The next meeting will be held on February 10 at 8:30 at the home of Mr. and Mrs. Assen.

Recent bride shower guest

Mrs. Steve Stupar entertained at the home of Mrs. Szabo on Wednesday, Jan. 18 in honor of Miss Sharon Payne Approximately 27 guests spent a pleasant evening playing games after which a delicious lunch was served. Miss Payne's marriage to Johnnie Ostashek of Edmonton took place Saturday, Jan. 21

INQUIRE NOW
about a
HOME IMPROVEMENT LOAN
available through your bank under the National Housing Act for the following:

Alterations or repairs to an exterior or an interior of a home, including the addition of one or more rooms, storeys or family housing units; also a garage or outbuilding; and demolition or moving of buildings.

Also the purchase, installation, repair or improvement of heating systems; of electric light and power systems, and plumbing; of built-in cooking, refrigeration, and garbage disposal equipment; septic tanks and connections to public sewers; of storm doors and windows, screens and awnings;

Also painting, paper hanging and general decorating including an overall floor covering; the sealing or improvement of walls and all types of water supply systems and other home improvements.

RENTAL DWELLINGS NOW QUALIFY FOR N.H.A. HOME IMPROVEMENT LOANS

$4,000 for a one-family dwelling, or $4,000 for the first unit of a multiple-family dwelling, or apartment house, plus $1,000 for each additional unit.

Improvement Loans are repayable in monthly installments, together with interest, for periods up to ten years.

For more details—Inquire at your bank, and have the job done this winter when men and materials are available.

FARMERS — Inquire about Government-backed Farm Improvement Loans available through your bank up to $7,000 and with up to 10 years to repay. Loans for equipment, livestock, as well as a wide range of Home Improvements.

Why Wait for Spring —Do it Now!

OF EDSON

Response good for "Search for Talent"

Optimist Ball Owen, Talent Scout for the coming Optimist "Search for Talent" show reports an enthusiastic response from talented performers in the Edson area. Entries have been received which assure an evening of varied and enjoyable entertainment for everyone attending the show which is being held at 8:00 p.m. Friday, Feb. 3rd in the Edson High School Auditorium.

Entrees wishing to appear on the show can still book the Jan. 31st deadline for entries by writing Box 30, Edson or phoning either PA3 3285 or PA3 [illegible]

ALSO NEED TO HEAD CBC CREW

The Canadian Broadcasting Corporation announcement that the "Search for Talent" show will be recorded by their technician for re-broadcasting over the Edmonton station has aroused great interest in the event. Alex Matz, CBC announcer of Edmonton will be in Edson to act as commentator for the program.

BAD BREAK FOR UNKNOWN TALENT?

It is an interesting thought that appearance on the Optimist's Search for Talent show with subsequent appearance on the CBC re-broadcast could be the "break" needed to start many talented performer in the Edson area on the road to fame and fortune as was recent happened [illegible] of Edmonton.

The statement that is appearing in an Edmonton paper to a sponsor on the show, is untrue. Wholly some of the colorful pioneer history of the Town, for the "Search for Talent" show is part of the 30th Anniversary Celebration of the Town of Edson.

MARLBORO

The Jarkniffe family have moved to MacKay

Mrs. Roy Lambert has been ill and in the Edson hospital for a week.

The little girl of Miles Cullihoo had to be rushed to Edson for an appendicitis operation last week

The Bush family have moved from the Imperial pioneer mill to Niton Junction where Mr Bahow is working

Miss Judy Lovell spent Sunday at Sheran Lyphky's home in Hornbeck.

There's to be a dance in the Marlboro Community Hall on January 27, 9 till 2. The Ottenlin Sisters will be playing. Come and have fun

Edith Belvaart, Isobel Longmore and August Herman are the committee for January.

The brush has been cut on both roads into town and looks much better.

The store on the highway, Hoffman's Trading Post was broken into and quite a bit of groceries and clothes taken, also a number of pennies

Norman Cush was married in Calgary on Jan. 14. He is with the Army stationed there and his wife is from Calgary where they will reside. His many friends from here send him congratulations and best wishes

Mr and Mrs. T J. Jacobs of Edmonton and Mr and Mrs. Dan Klinkhammer of Alberta Beach were brief Saturday visitors at the home of Mr and Mrs. Carl Abel.

Funeral for long time MacKay man

Funeral services were held in Edmonton Saturday, Jan 7, for a long time MacKay resident Mr Carl Sofus Larsen, 65, who died on January 2

Mr Larsen was born in Denmark and answered the call of the sea in his younger years. He also spent some time in Scotland. He was a life-long member of the Anglican Church and, with the late Canon J. C. Matthews, built the little Anglican church at MacKay which still stands.

He was a member of the Edson Masonic Lodge and the men Lodge members formed the pallbearers at the Legion sponsored funeral at West Lawn Cemetery in the city

Trustee election at 'Burg Feb. 18

Two candidates are contesting the position of school trustee for subdivision No 1 in Edson School Division No. 12 at Evansburg for the election which has been called for Feb 18

Running are former school trustee Alfred L. Fossel and Adam Wawrechuk, both district farmers.

Deputy returning officer is Frank Schroeder and poll clerk is Ivor Pruland.

Trustee A. W. Leonard was returned by acclamation for subdivision No. 6, which comprises the town of Edson.

Take Your Boy

Your Edson Chamber of Commerce being a body of community minded citizens planning for the betterment of this community and district for today as well as the future, heartily endorses Minor Hockey Week Jan 21 to 28.

Hockey stands for healthy minds, body and sportsmanship. Your boys need your individual support at hockey games so their ego will receive personal reward. Are their hard earned triumphs worth recognition from those whose hearts are nearest or should we let them forget their own recognition as participants of unsavory actions"

Will you, the adult, consult your conscience regarding your continued support towards Minor Hockey and the men of the future it will help to forge

"Don't send — Take your boy to hockey!" Minor hockey is a family enterprise.

PAUL JACOBS,
President, Edson Chamber of Commerce

SHOWING THE TRAILERS NOW PARKED on the lot and the ample space for 15 more this picture also shows the washhouse which contains, washers, showers and will contain dryers in the near future. Space for 40 more trailers is available without water and sewer. Poplar Place Trailer Court, Edson.

A Recipe for the New Year
This is not my first newspaper column in 1961 but the year is young enough that the following recipe is still timely It provides some food for thought for 1961 as it gets started.

"A Recipe for a HAPPY NEW YEAR

Take twelve fine, full grown months see that these are thoroughly free from old memories of bitterness rancour, hate, and jealousy; cleanse them completely from every clinging spite; pick off all specks of pettiness and bitterness, in short, see that these months are freed from all the past — have them as fresh and clean as when they first came from the great Storehouse of Time

Cut these months into 30 or 31 equal parts. This batch will keep for just one year Do not attempt to make up the whole batch at one time nor many people spoil the entire lot this way!, but prepare one day at a time as follows:

Into each day put 12 parts of faith, 11 parts of patience 10 of courage 9 of work nine parts of music this to goodness and as spoil the flavor of the rest, 8 parts of hope, 7 of fidelity, 6 parts of liberality, 5 of kindness, 4 of zeal, 3 parts of prayer, 2 of meditation and 1 part of well selected resolution.

Put in about a teaspoonful of good spirits, a dash of fun, a pinch of folly, a sprinkling of play, a cupful of good humor or Pour into the whole, love and kindness and mix with

Farm Safety Award given farm women

International recognition has been given the Farm Women's Union of Alberta for its work in farm safety

The award was made by the farm division of the National Safety Council in the United States It was passed on FWUA leader's work in traffic safety and in their run of accident reporting program

In granting the commendation, Maynard Cox, director of the US council's farm division said the Alberta group's record is "excellent."

At a ceremony in Edmonton last week, the certificate of commendation was accepted on behalf of the FWUA by Mrs C. R. Braithwaite of Red Deer, FWUA president and Mrs P. A. Sissons of Clive, first vice-president and safety convenor. It was presented by William Perkins, field service manager for the Alberta Safety Council

Mrs. Cook thoroughly in a favored heat; garnish with a few smiles, serve with an unlimbarass and cheerfulness, and a Happy New Year is a certainty

I see that Fidel Castro's mum, mustaking friends for enemies, have shot down one of their own planes That is no surprise But are they sure?

Kinsmen sponsoring double dose of ice entertainment

The Kinsmen are sponsoring two separate ice affairs for the close of the winter entertainment field this month and next

An evening of "Fun on Ice" for the whole family is being planned for Friday, Feb 10 Then on Friday and Saturday, March 3 and 4 the Kinsmen will again sponsor their popular "Kin-cycles of '61" in the local arena.

"Fun on Ice" will start with races for all ages at 7 p.m. The main show will be started at 8 p.m. The Lions Club have challenged the Kinsmen to a fun packed broom ball engagement

Another novel attraction of the evening will be a chuck wagon race on ice with all the thrills and spills of a rodeo event. Kiddies are urged to bring their skates and join in the family type fun

The extravaganza of the season — the Kincycles show — has started to shape up this week with four comely queen candidates in the running for this popular honor

Over 80 students are taking figure skating instruction under the experienced direction of Mrs. R. Herring. The young people are coming along fine and it looks as if this year's ice spectacle will come up to a high standard.

A count of votes for queen candidates appears elsewhere in this issue

Stage set for "Search for Talent" Friday

On Friday evening, Feb. 3, the Edson High School Auditorium will host he described as the proverbial "beehive of activity," as the Optimist "Search for Talent" show nears the starting time of 8:00 p.m.

The talented entertainers who have registered from Wildwood, Niton, Peers, Edson, Hinton and numerous other points in the District will be tuning up their acts and trying to settle those "butterflies" before going on [illegible]

[illegible] commissioner Alex Richmond, Dr. Hamilton Grand costing Corporation engineer will be busily checking microphones, recording equipment, program details, etc., while Optimists by the score will be busy with seating, lighting and sound, ticket sales, and countless other details which need attention

Acts scheduled to appear on the show are many and varied, and it promises to be a most enjoyable evening of entertainment for young and old, and one deserving of public support.

Proceeds from the Search for Talent will be used by the Optimist Club of Edson to further their Boys' Work which includes sponsoring and coaching of Bantam hockey teams, Scouts, Junior Forest Wardens, Ontarioal Club, Radio Club and operation of the Boys' Centre located in the old Town Hall

Former Edson resident honored

A long-time resident of Edson Mrs. Marie Blanton, was honored recently on her 80th birthday by friends and relatives in Edmonton.

Coming to Alberta from Kentucky in 1916, Mrs. Blanton [illegible] late Mr Blanton homesteaded north of Entwistle, later moving to Edson and lived here for 16 years.

She has a family of 10 and has 25 grandchildren This latter has fond memories of Mrs. Blanton as we boarded in her home when we first came to Edson in 1936

Mills on mills

Councillor W. Mills says he would like to get on the propaganization wagon with His Worship who predicted at least 20 new houses for Edson this year in last week's Leader.

The Councillor says he doesn't think the School Division is going to ask for more mills on the tax rate for this year. He feels the trustees will try their level to hold the line

Meeting postponed

The social meeting of the Edson & District Oldtimers Ass., which was to be held Friday the 3rd of February, has been postponed until further notice

Send in birth announcements

A change in policy at the local hospital makes it so birth announcements can not be given out by phone.

Parents wishing to announce the birth of their child will now have to phone, send or bring in their notices to The Leader office.

We are happy to offer this announcement service, but we will now have to depend on the families concerned to give us the particulars

Other personal news is always welcome too We have a fair sized staff, but we don't get to hear all the local news. Just pick up your phone and dial 3 3301

Local girl to appear on TV

Beth Miller, 12, of Niton who will be appearing on the Edson "Search for Talent" Show Friday Feb 3, may be seen on "Kiddies on Kamera" TV show at 4 o'clock on Feb 5.

Blocked chimney discovered in time this week

A home with a blocked chimney was discovered in town this week. This dangerous condition is always possible during the heating season the gas company reminds us.

It is most dangerous in bracket chimneys where there is no place for precipitated soot to gather. As a result it comes up past the vent pipe opening and sends dangerous fumes into the home.

Your gas man urge homeowners to check their setups.

MAHON ELECTRIC "ARE DOING IT NOW" as this sign says. This week R. E. Mahon announces that his store will be back to normal shortly now that the cement work on the interior which has been constructed since Christmas nears completion. Taking advantage of the fine weather we have been enjoying this winter [illegible] cement block walls and roofing have been possible. A perfec illustration of what can be done during the normal off peak season to stimulate employment in the construction field.

Scanning The Sports Scene

Junior High team take two from Whitecourt

In two fast moving games with identical scores, the high flying Edson Junior High team crushed by Norman Epp and Red Flanigan took two games from Whitecourt visitors by 6 goals to 2. Sparked by the league leading trio of Louis Stupar and the May brothers, and supported by the fine goal tending of Dale McIntyre, the local team turned in a bristling attack against a team that displayed fine positional play and extreme courage.

In the first game Edson opened quickly with two unanswered goals, the first by Dupree, a standout player for the game, and the second by Stalish. Shortly after the five minute mark the nimerable Mays made it 3-0, and they added on Stupar's goal at the 14:00 mark of that period to give the Edson team a four goal leadr at the break. Dupree caught the eye of the referee for charging during the first period.

For a few minutes in the second period, it appeared as if Whitecourt might even the score, as the fast flying Junior high brothers rapped in a quick double during the 12th minute of play. They seemed ed for the only scoring in the middle frame.

But the Mays were not to be outdone, as each scored in the third and final period, Johnny from Stupar, and Eddie from Owen,- to round out the scoring and give Edson the final victory with a 6-2 score.

Things went very much the same way on Saturday afternoon; except that the Mays and Stupar went really wild Edsu scored 3 and Johnny with Stupar assisting on all four! Unassisted goals by Owens and Dupree rounded out the Edson scoring with the two Whitecourt counters going to Brattwaite and Jorkach.

Edson players participating in the two games were D. McIntyre, P. Dupree, R. Owens, T. Worton, W. Mahon, P. May, J. May, L. Stupar, S. Stalich, K. Switzer, W. Lesson, E. Garber, W. Mathers, K. Partridge, R. Oliver, L. Straub, K. Nebsyk, R. Reid, A. Nolyk, N. Gardener and T. Green.

The Whitecourt lines consisted of S. Hoey, E. and R. Jorkach, W. and L. Braithwaite, P. Wagner, A. and G. Waitrey, P. Jones, D. Woodward, T. Yeremiuk, R. and D. Knapp, G. Poppa, A. Kramer, and M. Dyrda. The Whitecourt team was coached by Wes Cartwright.

The staff of the Edson Jr. High School wish to thank sincerely all those persons who have helped in any way to make this such a successful year of hockey for the Junior Fifth boys. Special praise goes to the coaches, the Optimist Club, the many persons who have helped with keeping time, scores, etc., and to Mr. W McDonald and his staff for their courteous cooperation. Also the parents and other spectators who have attended the games are to be commended for their support

Bantams to meet 'Court

Manager Glenn A. Schultz announces that the Edson Optimist Bantams are scheduled to play the Whitecourt Bantams in the Provincial Bantam "B" playoffs in the first round. This is a two-game total-point affair.

If Edson should win, they would advance into the next round against the Fort Saskatchewan-Vimy winner On Sunday, February 8th, at 2:00 p.m. in the Edson Gardens you will be given the opportunity to cheer your only local entry in the AAHA play downs to victory

Make it a family affair and support your organized Minor Hockey Team, the Edson Optimist Bantams.

Coach Joe Lobelle, with Trainer and Assistant Coach Nigel Aspeslet tell us that their boys are ready and they assure us that you can expect some of the finest hockey here. Take your whole family to the game on Sunday afternoon Keep Canada First - Support Minor Hockey

Jasper still winless after week-end encounters

The Jasper Totems just don't seem to be able to pull one out of the bag. After meeting Hinton and Edson on Saturday and Sunday in the Jasper Arena, they still remain winless and at the bottom of the League

Saturday night's game between Hinton and Jasper ended with an overwhelming 14-3 win for Hinton It was a very fast game but Hinton's playmaking was just too much for the Jasper boys Mc Quinn of Jasper was hurt during the play and was taken to the hospital

Scoring Jasper, Evans from T Reed in the second period, McLeod from Bartlett and Johnston from McLeod in the last period

Hinton: Milinski from Jones; two more by Milinski unassisted; Hickey from Short and Brett, and Lovsin at from Lakie all in the first period. 2nd period Lakie from Lovsin and Milinski; Milinski from Lovsin and Lovsin unassisted Third period Millie shi three goals unassisted. Lovsin unassisted; Hickey from Farce; Lovsin from Milinsky and Milinski from Lakie

Penalties, 1st period, Jasper, Johnston, Bunn and Burt 1st. Hinton, Farce and Brett. 2nd period, Jasper Wheeie. Hinton, Passmore.

3rd period, Jasper, Liban and Bartlett. Hinton, Brett, Lovsin and Hickey.

Referee was Ted McGuire and Aubrey Anderson Timekeeper L. MacLachlan assisted by Peter Jeffery

Mites play three during week-end

Encountering very strong opposition in their games with Stony Plain and Whitecourt over the weekend, the Edson Mites, under the enthusiastic coaching of Mr Nell Horne, came up with one tie and two losses in three games.

They dropped the first game on Friday night to Whitecourt 5-3, the second to Whitecourt 11-1 on Saturday, and then held Stony Plain to a 1-1 tie on Sunday afternoon. The two Edson goals were scored by Knutson, assisted by Rutherford, and by Erickson, assisted by Irwin. They scorer in the two Whitecourt Edson encounters was Lee Braith waite who notched five goals and an assist.

In this series the Edson players were outskated by an opposing scoring team. In Sunday's game with ages, size and speed matched evenly, the local boys were unlucky not to come out with a winning score.

BANTAM POINT GETTERS

After the Week-end in the Edmonton Gardens and the Greyvenor Rink, here is how Bantams rate according to the latest release from the Club Statistician

Bantam Point Getters	GP	G	A	Pts.
Walker	8	10	5	15
Knutson	8	7	7	14
Schaffer	8	5	5	10
Garding	8	3	6	9
Sarra	8	4	4	8
Dirk	8	4	2	6
Wells	8	3	3	6
Fryer	8	2	4	6
Maguire	8	1	2	3
Kwachniuk	8	0	1	1
Irwin	8	0	1	1
Goal Keepers Records	GP	GA	Ave.	
Paul Brand	8	20	2.5	

Hinton rink scene of District Elks bonspiel

Drayton Valley rinks walk off with the first prize in the two top events of the Elks Lodge District Bonspiel over the weekend when the Hinton Lodge was host to fourteen outside rinks. There were seven Hinton rinks entered in the spiel with Len Williams keeping the top prize in the third event at home.

Winner of the District Deputy's or Switzer Trophy was an outside rink skipped by Ralph Bittorf of Drayton Valley Second place also went to a Drayton Valley rink skipped by John McKenzie Third and fourth places winners were the two Edson rinks skipped by Dan Switzer and Mike Roop of the Edson Lodge

Second event winners of the Commodore Hotel Cup were Bill Davis and his rink from Drayton Valley with other winners being the Dave Dylan dee Rink from Entwistle; the Elmer Patrick Rink from Hinton and the Odin Field Rink from Edson

Third event winners of the Pembina Hotel Trophy were

Jasper penalties McLeod, Liban and Peterson in the 1st period, Bartlett in the 3rd

Edson: Beebeh Cheles and Antonenko in the 1st; Hollis ton in the 2nd and Mylillan in the 3rd

The Len Williams rink from Hinton, The Bill Switzer rink from Hinton; Boris Wisniuk from Gainford and Buddy Watkins rink from Drayton Valley.

There had been 24 rinks entered in the spiel, but three cancelled their entries.

Saturday evening a delicious hot turkey dinner was served to all curlers in the Canada Coloring Building followed by a hilarious social hour as the host Lodge went all out to ensure that everybody had a good time Later in the evening there was a public mock dance in the skating rink that was quite well attended in spite of the muddy to frigid weather

Jasper skiing star breaks leg

JASPER — Alberta's chances of winning the Canadian Junior Downhill title here in February took a sharp nose-dive last Saturday when Don McGregor of Jasper fractured a leg while skiing the class assembly course.

McGregor has been regarded as the west's hope in the down-hill. He piled up downhill a regular practice session in preparation for the all Canadian junior classic at Jasper February 26th to 28th.

In addition to the double fracture, the young skier also received severe bruises, a badly cut face and lost a tooth.

Edson Bantams split weekend games in city

The Edson Optimist Bantams split a two game home and home series with the Edmonton Greverner Bantams in Edmonton On Saturday, a windy, miserable chinook night of 30 degrees below, the Edson boys lost 5-1 at the Greverner rink before getting in 2 goals and 2 assists.

Saturday evening a delicious hot turkey dinner was served to all curlers in the Canada Coloring Building followed by a hilarious social hour as the host Lodge went all out to ensure that everybody had a good time Later in the evening there was a public mock dance in the skating rink that was quite well attended in spite of the muddy to frigid weather

Lineups for the three teams were as follows

EDSON C. Doridge, T Caswell, H Dirk, T. Erickson, H Smith, F Baker, L. Irwin T Bevan, D Bergman, B Rutherford, A. Knutson, K. Hill D Kehler, R. Salisbury, T Owen, A. Garber, R. Wigsworth, D. McLeod, and D. Mahon

WHITECOURT: F. Reeves, S. Hoey, K. Wagner, G. Waitrey, R. Tyworuk, P. Jones, L. Braithwaite, Y. King, R. Jorkach, G. Poppa, R. Knapp, L. Cartwright, R. Cartwright, D Woods

STONY PLAIN: R. Michaelson, L. Webber, G. Brown, D Sleeph, J Dinnerbeikle, D Nielsen, R. Coyan, L. Sleeph, Donnie Sleeph, G. Bughabar, B. Miller, M. Kulak.

Assisting with officiating duties were Emilanchi, Calvin Rowan, Mickey Murrell, Lawrence, Radcliffe, Art Kraiyenann, and the May Brothers.

Step by step best

BY PERK ICE

Not long ago I was highly flattered when a friend asked for my recipe for chicken fried in cream, but elation turned to chagrin when I tried to write it down.

The chicken itself was not too big a problem When I reached the place where I roll the pieces in ready mix pancake flour I was still hold ing my own.

BUT, from there on I was beat How on earth can one measure a gob of butter, a smidgen of salt, a dash or two of pepper, enough sour cream to almost cover the pieces of chicken?

How could I ever estimate the length of time it would take for the cream to turn into butterfat? If it made the mistake of browning butter before the meat was tender, more cream would have to be added, but if the chick was especially tender it might be cooked before the butterfat put in an appearance.

My friend, being a town girl, had to know how much cream to buy so I was really stumped Actually I just pick up a jar of sour cream and spill a few glugs into the pan, but as my friend pointed out her glugs and mine could vary in size and anyway her milkman is old ashioned and sells his cream in pints, half pints and gallons.

According to her, even the best supermarkets don't sell gobs of butter so to save face I invited her to dinner, went out to the chicken house topped off a head and gave a step-by-step demonstration. It was much easier that way

Your MP
Dr. Hugh Horner
Reports

The "Baby" Budget brought down in December made a number of changes in our tax laws All of these changes were to stimulate the economy and to give to Canadians greater control over their own industries.

The smaller companies who have paid a lower percentage of tax on their first $25,000 income have had this limited extended to $50,000 This will extend these tax benefits to an additional 4,600 companies Together with other policies proposed by the government at this session to assist small business this measure will have a significant impact

Companies, especially those which are not large enough to have ready access to the security markets, are in a position to enlarge the scope of their operations and to create more employment if their immediate needs for cash to pay taxes are relieved.

This tax change is expected to reduce revenues by $25 million on a full year basis It will have no material effect on tax revenues for the remainder of this fiscal year but the stimulus will of course be immediate

The most important of our immediate objectives is to deal effectively with the problem of unemployment An other of the objectives of the government is to achieve a wider measure of industrial ownership in Canada of our own raw materials and natural resources

As a powerful incentive to these ends the Government announced measures to fulfill three major purposes: First to assist new industries in areas where there is a substantial degree of continued unemployment over the years; second to aid the development of new products from processing operations; and third to encourage the production of new types of goods.

Double depreciation will at the option of the taxpayer be allowed in respect of capital expenditures incurred in the first year for those purposes, but may be applied to any of the first three years

There were other tax changes made in the budget speech Ones particularly dealt with concessions granted new investment corporations or subsidiary corporations in Canada Now all non resident share holders of a Canadian subsidiary whether or not they happen to be controlling parent corporations shall now pay the full 15 per cent tax on dividends they derive from their investments in Canada This brings Canadian subsidiary companies on a par with fully owned Canadian companies, and may produce shareholders in the same category as resident shareholders In addition the budget created a great deal of interest and some concern in changing the taxable income earned through interest on bonds

In recent years, increased use has deliberately been made of a device to pay bond holders the equivalent of interest in a form that is tax free The method in which this was accomplished, bonds were being issued at a discount Per some organizations it has been a matter of financial indifference whether they pay the cost of borrowed money in a form of interest or discount

The government has decided to plug this loophole in the income tax law and has drawn out that the whole of the discount shall be considered as income The final tax proposal concerned university education From now on students attending university will be allowed to deduct their tuition fees, when computing his taxable income

The next result of the budgetary changes in outside report coming into Canada has had a tendency to reduce the demand for the Canadian dollar which has brought the Canadian dollars to a point where it is on par with the American dollar

To persons engaged in agriculture in Western Canada this will have a very beneficial result Our prices for our export grain will naturally be reduced in terms of American dollars Any cattle or livestock moving across the border to the United States could move at less expense and therefore have a tendency to strengthen Canadian

Edson flying club elect temporary slate

A very successful meeting of the Edson Flying Club was held Tuesday evening, Jan 3d at the Optimist Boys' Centre Attendance was very good

Temporary slate of officers was elected President Ron Ramsay, vice-president, Gerald Carter, secretary- treas. Don Kuger The directors were also named A permanent executive will be elected as soon as the club is registered

The problems of starting a Flying Club were discussed and it was agreed that work should be started on the airfield, so there did not appear to be any problems too difficult to cope with

A work party will start clearing brush from the air strip, Sunday afternoon, Jan 25th and each Sunday until the work is completed Alex Garbig and Elmer Pendelton are in charge of the works department, and anyone wishing to help out should contact one of them

The next meeting will be held Wednesday Feb 18th, 8 p.m., at the Optimist Boys' Center Anyone interested in flying or wishing to learn are invited to attend

MAY PETERSON hopes he won't become dissatisfied with his wife's cooking after tasting some of the mouth-watering dishes made by Madame Benoit, cooking guru on CBC-TV's Open House. Madame Benoit's recipes are a regular feature on this afternoon program for women. Max Ferguson, who hosts the show, watch. Max is also known as the voice of characters in Rawhide, heard nightly on CBC radio. Open House is seen Mondays, Wednesdays, and Fridays on CBC television.

Government in the past

The Government in the past three years has attempted to bring the Canadian dollar on a number of times through various steps and measures and it now seems that our dollar will remain on par with the American dollar which will also be a big boost to pulp and paper exports These along with resupplied make up a Canada's largest export pro-

SHOULD BE TRIED

The results of the Home and School discussion on the extending of the ungraded grouping (streaming) system in our elementary schools has only confirmed this editorial opinion that the proposal should be given a trial next September

As a letter in this week's letter to the editor column again states the main objection has been made by parents who do not want their children to walk more than a mile and who want their kiddies home for a hot meal at noon. This part of the program was foreseen by the educational officials from the start. A survey shows that this disadvantage applies to only a few and the school authorities propose to bus them to the other school where any hardship exists.

We (this editor that is) have kiddies spread over the grades from one to eleven this year. We want our children to have the benefits of this ungraded grouping or streaming. Why? Because we think it will bring out the best in them. If our child is a slow reader we know that he will have a better chance of getting extra instruction. If he is an average reader and learner he will not have to repeat or listen to other children repeat what he has already learned and with which he has become bored. We think the danger area in our school system is in the middle grades before a pupil gets to high school. From our own experience we have watched our own and our neighbors' children bring home high average report cards in their earlier years.

Later in grade eleven and twelve they start having trouble because they were bored and ahead of the class in the lower grades. Their confidence in the lower grades allowed them to shirk along with the result that when they were in the higher grades they had never learned the work habit. The most important thing in our opinion is that children should be challenged. When they are they work. If they do not work in school they are going to have to learn when they leave school or they will starve.

Our letter writer this week asks who calls the shot! In the case of the elementary school change both the local school trustees elected for the Town of Edson and the School Divisional Trustee had the proposed change explained to them last fall No trustee at that time raised any objection other than the distance problem Quite the contrary the superintendents were encouraged to go ahead with their plans.

If the representatives of the ratepayers (the trustees) are not aware of the wishes of the people they represent then they have only themselves to blame.

Let's not rook them

We have an influx of men and their families to our town with the present boom in pipeline and other gas line activity in our area.

The impression these welcome newcomers get can be formed to Edson's detriment if people providing services they urgently require — to use a common expression — rook them. Prices charged for accommodation in spare rooms should be reasonable and in keeping with the facility offered

Right now many of these people are driving quite a few miles to stay in Edson. If Edson people don't make them welcome and show their appreciation for those extra dollars then chances are some of them will decide to make their temporary homes elsewhere

Let's keep Edson's reputation for friendliness. It's one of our best assets

Trustees are elected for two and three year terms are thought to be wrong then the voters should elect some other citizens to fill these positions. In local democracy it is the citizens who call the shot or allow the trustees to call the shot when they don't bother to nominate enough trustees for an election. School trustees for Edson have been elected by acclamation for years now Just the reverse of what had happened in Town Council elections

As we have said before, we do not think the proposed change should be condemned just because it is different We think it should be given a fair trial If it has weaknesses they will show up in operation

LETTERS TO THE EDITOR

WHO CALLS THE SHOT?

Dear Editor:

I do not think that our Edson school board is run right. We are the ratepayers and they are our children that attend the schools. But the school board tells us how our money is to be spent and to what school our children are to go to. This does not sound like a democratic system. It sounds more like dictatorship.

Our grandmothers fought hard for a vote to make all people equal. Are we going to let her down? What do you say? I think that we the ratepayers should have a right for a public vote.

We live in town so our children don't have to go by bus and can come home for a hot dinner.

A child's health is more important than his education. It can't learn if it's tired and hungry.

Why should a child walk to one school when it could attend the school which it has walked by?

Also I don't see why one teacher should have all the smart pupils and the next teacher all the poor pupils. One teacher works hard and the next teacher with the smart pupils doesn't have to work so hard and they both get the same pay.

An Edson Ratepayer

☆

Dear Sir,

What has happened to the Hospital news? I feel like cancelling my subscription to The Leader for do some other people that have missed that column as much.

Do you realize, Mr. Editor, that that is often the only way we hear that some of our neighbors and friends, both in town and districts are in the hospital? Surely you won't deprive them of the opportunity of having visitors to make the long hours seem shorter

Next week when I get my Leader I do hope to be able to read the "Hospital News."

Neighbor.

A change in policy by the Sisters at St John's Hospital has decided against giving us the Hospital's admissions and discharges and the births. We too think they should be in The Leader Would complies wishing birth announcements please bring or send their items in to us at the office.

THE SECOND COLUMN

And then there is the doctor who, not feeling well, remarked to some friends "I am not feeling very good and would consult with myself normally, but I'm so expensive I don't think I could afford it."

☆

Auto races were held in Prague recently with only two cars entered — an American Ford and a Russian Moskovich. The Ford won—way ahead of the other Prague newspapers reported: "The Soviet Moskovich placed second, while the American Ford came in next to the last "

(The story was lifted from Calgary Power's nifty little book, The Rising).

CAPITOL REPORT

Industrial tax awaits legislation

By KEN MASON

EDMONTON — In bits and pieces, more information dribbled out last week about the provincial government's proposed municipal taxation program. But the overall picture still remained somewhat clouded.

Premier Manning, speaking to reporters, at a press conference, all but ruled out any possibility of an overall reduction in taxes. What the government hopes to do, he said, is broaden the tax base and iron out inequities in the existing tax structure.

When you do this, he said, you're bound to have increases in some instances and decreases in others. As for an across-the-board reduction, he said it is "just not in the picture."

Mr. Manning's statement appears to be somewhat out of line with pronouncements attributed recently to Municipal Affairs Minister Alfred Hooke, the man behind the new taxation proposal. Addressing a meeting in Jasper Place, Mr. Hooke said the government is taking a "new approach" to municipal taxation with the hope that property taxes can be reduced.

If property taxes are to be reduced without lowering the overall sum of municipal tax revenue it would almost have to mean an increase in industrial tax This probably is where the proposed rural property tax on power lines and pipelines comes in.

But Premier Manning indicated he isn't too happy about the idea of increasing industry's tax burden If the burden is too heavy he said industrial expansion is discouraged And Alberta needs continued industrial expansion, he said, to produce payrolls and keep the economy buoyant.

Furthermore, the premier warned, if taxes on industry in Alberta are out of line it will just encourage further centralization of industry in eastern Canada.

Statements by the premier and Mr. Hooke look slightly contradictory on the surface, but this may be only because the whole program has not been made public.

At any rate, cabinet ministers seem pretty well agreed on the major points of the program they will place before the Legislature during the forthcoming session. Mr Manning said the program is "pretty well whipped into shape, although it is still subject to revision. Lately the cabinet has devoted quite a number of its meetings almost exclusively to discussion of the tax plan.

Without a doubt the tax proposal will be the most contentious issue of the forthcoming session, and it will generate hours of talk. Premier Manning said he doesn't anticipate another House agriculture committee hearing into the pros and cons of the plan, such as the one held last year. But there are quite a few matters still to be ironed out.

Mr. Manning said he wouldn't be surprised if the program doesn't come before another hearing of the committee of the whole, in order for members to hear the views of municipalities and industries on the new proposals.

☆

Premier Manning last week announced the names of the men he has chosen in how by appointing them to move and second the reply to the Speech from the Throne Friday, Feb. 17, the second day of the 19 session.

The reply will be moved by Ambrose Holowath, member for Edmonton Calder riding, a former member of Parliament who lost out to a Tory in 1958 and bounded by provincial politics the following year. The man who will second the motion is Robert Clark, 34, the newly-elected member for Didsbury riding and the youngest member of the House.

Moving and seconding the reply to the Throne Speech is a formality which always takes place on the second day of the session. In effect, the speakers move and second a motion putting the House on record as thanking the governement for its proposed legislative program.

Being chosen to do the job is considered a high honor. Usually, the mover and seconder use it as an opportunity to praise the government for the things it has done and is going to do, in addition given the unlimited time to ramble and cover nearly any subject they wish.

THOSE HIGH SCHOOL COSTS

Judging from reports out of Edmonton, provincial cabinet ministers are showing an increasing awareness of the province-wide concern over rising school and particularly construction costs.

Municipal Affairs Minister A. J. Hooke has gone to considerable length to throw cold water on the notion that the municipalities can expect much more in the way of direct financial help from the province

His colleagues, the provincial treasurer and education minister, have backed up this stand.

One suggestion to stem the rising cost tide Cut out frills in construction Most citizens would agree, providing the quality of the schooling or school experience is not harmed And it seems to us that some of the "frills incorporated in our latter - day schools contribute little to either. Similarly a long hard look might well be taken at the relative costs of the low-slung, sprawling buildings that are blossoming today and [illegible] communities.

The problem might be eased a bit but it certainly won't be solved completely by adopting more modest construction standards.

This question of runaway school costs must be of particular concern to a young, swiftly growing city like Grande Prairie. We can be sure that the problem is going to be with us, in acute form, for many years to come

Crux of the problem, it seems to us, is how much longer one class of taxpayer—the real property owner — can continue to carry a disproportionate share of school costs.

THE BIG MOMENT of the Burns Day Banquet was the piping in of the traditional platter of haggis. Bearing the haggis is proudly piper Dr. Ian Reid who preceded by piper Gary Anderson in the procession around the room to the head table. In the background Scotsman-for-the-day, Jack Craig awaits the serving of the Scottish national dish with interest. Several Edson Scots attended the Hinton affair.

Robbie Burns Banquet Honors Scottish bard

EDITON —

Robert Burns, Scotland's bard whose birth date is honored each year by Scots and scholars throughout the world was a poet of universal appeal, those attending the Burns' Day Dinner at the Athabasca Valley Hotel, Jan. 25th were told by Wm Neerie, chairman for the evening.

Though considered by some to be a national rather than an international poet, Burns was a great internationalist and understood and wrote on rural truths. Robert Kerr pointed out in his address on Burns prior to toasting the "Immortal Memory".

Nothing was too big or too small for the poet to write about, he observed Quoting freely without reference to masters he cited some of Burns simple truths, many of them arrived at while the poet toiled in the field or reflected on nature, commonplace things in the social order of his day Among these were the fallow mouse, the noblest work of God" — "The best laid schemes of mice an' men gang aft agly" — "O wad some Power the giftie gie us to see oursels as ithers see us!" — and his heartfelt conviction "That man to men the world o'er, shall brithers be for a' that."

Speaking on "what Burns meant to the Scotsman and what he means to me," Mr. Kerr pointed out that to fully appreciate the poet one must understand the times in which he lived Scotland he recalled had been reduced to a very poor state following the 1745 rebellion, and the country was suffering greatly at the hands of its oppressors Through his writing Burns was able to give back to Scotsmen, a feeling of pride and self-respect which grew and grew and helped to defeat the aims of those whose desire was to utterly crush the country and its people.

Though of poor and humble background and having only four years of formal schooling Burns was an avid reader, and understood and remembered what he read.

Mr. Kerr declared. Between the age of 15 and his death at 37 a continual stream of poetry and song (320 in all) issued from the poet He had an eye for beauty and the fairer sex, and many of his love songs are among the most beautiful we have today, he said.

Approximately 85 guests including Scots from Jasper, Edson and Marlboro attended the dinner and social evening. Dinner featured the traditional haggis, made for the occasion by Dr Anne Reid. It also included Scotch broth, chappit tatties (potatoes) and chappit neeps (turnips), as well as more anglo sized dishes.

Rob Galbraith gave the Selkirk Grace, while Bill Denholm delivered the "Address to the Haggis." The toast to the Queen was proposed by Dr Duncan Murray, and the toast to the lassies by Jock McBride. Appropriate reply was given by Mrs Wm Neerie Charlie Young proposed the toast to "The Two Lands," pointing out while doing so the many links between Canada and Scotland

Taking part in the musical program which followed the dinner was Mrs Graham Glass who sang two of Burns' songs, "Ye banks and Braes o' Bonny Doon," and "Ye Gently Sweet Afton." Mrs. "Scotty" O'Brien of Jasper who gave a moving recitation of Burns' "O Bairnies Cuddle Doon," and Archie Miller of Marlboro who entertained with vocal renditions of "The Star of Bobbie Burns," "A Man's a Man for a' That," and "My Love is Like a Red, Red Rose."

As evening of dancing followed with a number of the Scottish dances being performed to the accompaniment of the bagpipes.

Out-of-town guests included Mr A. W. (Sandy) Scott, Mr Aldred Sherriff, Mr. and Mrs T. A. Ross Sr., Mrs J. Hart and Mrs. O'Brien, all of Jasper; Dr. and Mrs. I. hewis and Mr James Mundell of Edson and Mr A. Miller of Marlboro.

What's Cooking

When you stand in heaven's gateway,
And your color's not just so,
Will St. Peter say, "Please go away;
You're black; you go below"?
Or will you be a white man,
And will St Peter say,
"You did too well on earth: in hell
You may not feel so gay.
"I do not go by color
Your name's not on my book;
So go below and try to show
The devil how to cook."?

S. G. Cl[illegible]

Wipe that grin off your face

One of the saddest stories we have heard in a long time concerns the poor devil who was given a handsome hand in salary and being the cheerful type, instead of wondering why he hadn't been given more he started going around downtown New York with a big smile on his face. The unusual sight made one man offer to watch him in the hope and make a wager he could strike him in the face with her purse If you know any thing about the wrinkle of we people, human you know that it would the give of his last punch.

To go a step further, since the fellow had a load of weight [illegible] either reward or suspicion And where A Good Samaritan contributes to a restaurant a public smile or grin is often hailed to be the forerunner of half witticisms The other day we were on this along the street and saw a chap chuckling to himself over something Behind him were two individuals of sour disposition if their faces told one anything at all. As we came level with them, one said: "That guy over there laughing — you know, he's crazy." It is a sad commentary on this life that a person is judged to have had his marbles lost because he finds something is amusing Still, if things are really so bad that nothing is funny, may be he has lost his marbles.

—Hanton Hoss

When food it?

The Grenfell flash) has come out with this one a few weeks back A minister down the line recently paid a visit to one of the Sunday School classes and interrupted the teacher to ask. "Who here does the Walls of Jericho?" One boy answered. "Not me Sir!"

The Minister turned to the teacher and asked "is this the usual behaviour of this class?" to which the teacher replied "I've known this boy well, he is honest and I honestly don't think he did it."

Leaving the room, the minister smoke and a board monitor and explained to him what had happened The monitor told the minister, "You know both the boy and the teacher for years and neither of them would do such a thing"

By this time the minister was heart-sick and reported the whole incident to the Director of Christian Education Commented the director "There is no point in getting disturbed over it Let's just pay for the damage to the walls and charge it to us boys!

WITH THE CHURCHES

AS I SEE IT

Reverend E. HURD — Pastor

The apostles of Paul bring to the Christian the explanation of the relationship he bears to the death of Christ. "I am crucified with Christ" (Gal 2:20), or perhaps better "I have been crucified with Christ," for Paul is talking about something which has taken place.

This is the background of the apostle's exhortations in Romans he states that the truth of the Christians death to sin and then adds the exhortation "Reckon ye unto God through Jesus Christ our Lord" (Rom. 6:11).

Some old-time writer has pointed out that the ancient Romans had two methods of punishing their captives. When the captives were taken out of warfare they caused them to pass under the yoke. The yoke was formed of two spears standing upright with a third spear crossing the two. The captive passed under the yoke as a sign of subjugation. This was indeed degradation, but they were still alive.

The second form of punishment was crucifixion, and slaves. This was more than degradation. This was death.

The believer has been identified with Christ in His death therefore the exhortation is not to subjugate but to mortify, to make dead, the deeds of the body which bet lie against the new life. Death to sin as well as death for sin is written over the Cross. So far as He was concerned it was a death for sin. But for every Christian it should be a death to sin. Let us reckon it so. There is a difference between a dead Christian and a Christian dead to sin.

NO WITCH HUNT

In response to several inquiries from parents in the Clairview School Division, Supt erintendent Dr Stan Hambly has prepared a most comprehensive review of the situation as it applies to the operation of school buses in the division.

Naturally the hues interval suddenly built up derives from the recent tragedy at Lamont, and which seems in explicably to have been re peated in a number of corners of the country in recent weeks. Possibly, of course there have been such disasters just as frequently in months gone by, and only the sudden shock of one almost on our doorstep has brought home to us the impact of these more remote accidents. The survey will be printed in next week's Canadian, and we hope it will be read with interest.

Last week's issue of the Canadian carried an advertisement from the provincial government calling for an inquiry into the situation, which of course, had been promised earlier. There is not much doubt that part of the inquiry will centre on fixing the responsibility for the loss of 17 lives at Lamont. However, we hope that the inquiry will not take the form of a witch hunt, so much as finding answers, to reduction. If not situations of the chance for such collisions.

We are sure that the railways will co-operate with such an inquiry for there is nothing they would rather eliminate. The feeling of the bus driver, in this instance, or any driver in other cases, are one thing. Consider, on the other hand, the feelings of the engineer, who sees all the earmarks of just another such disaster rapidly building up in front of him, and yet is relatively powerless to do anything to avert it. With the immense juggernaut that is the modern day train, the engineer can do nothing but lay the straight truth ahead, of him—no swerving right or left or up or down.

We have heard from engineers themselves of the horror that builds up in the terribly long seconds, just prior to a crash, or a near crash, or when there is a crash, the nightmare impression it has on the train raised. By all means, let us help them find ways to eliminate this problem.

ANNOUNCEMENT

Mr and Mrs Steve Kopiy take pleasure in announcing the birth of their daughter at the University Hospital, Edmonton at 12:30 a.m., Wednesday, Feb. 1. Mother and daughter both fine.

MR. AND MRS. AUGUST KOLBE, long time district residents, celebrated their 62nd wedding Anniversary and Mr. Kolbe's 91st Birthday recently at the Parkland Lodge. The popular couple received congratulations from all their friends in the district and enjoyed a pleasant evening of sing-song and chatting. The evening ended with a delicious lunch and cutting of the anniversary cake.

—Leader Photo

From a Cottage Window

By ALICE HOLLINGTON

"Heavie Hes mercy and hast-ings"

This week our Hinton Municipal Hospital celebrates its First Anniversary, adding daily to the links on the chain of "togetherness," to aid the sick and pain ridden that come to its doors.

Before the hospital was a year ago, it was ably, must to realize, there would be such a heavy demand for its services. One wonders how we managed without its services before, when we are so much activity and work being carried on in all sections of the hospital.

Under modern practice, the sick are spending less time in hospital then before. Hospitals do not have the space to accommodate patients in long convalescence. This means that a greater number of those in hospital are really sick.

As our busy doctors chase out the infectious germs, our angels of mercy, the nurses are busy upgrading other germs. These are the kind that cannot be caught beneath a microscope. Our nurses know that these germs must be upped constantly if the doctor's work is to be successful.

These are the little unseen germs of cheerfulness and hope that all nurses bring to a patient's room with her fine rolling waves of health and happiness to encourage healing as the snow on her rounds of mercy. Here is an endless task repeated day after day, always sharing the brightness of herself with her patients.

The admittance and administration office is always a busy department. The detailed paper work is tremendous alone. Long hours of concentrated and tedious work must be done to keep this department in good order.

With demand for hospital services high, the kitchen, laundry and cleaning staffs are kept busy daily, cooking and serving, washing and ironing, cleaning and doing the many odd jobs that someone's hands must do.

Our hospital too, is fortunate in having an active and ever willing Auxiliary which plays its part in bringing comfort and cheer to the patients. They practice the Golden Rule and so doing help tremendously in making our hospital a brighter, more cheerful place of healing.

Let us not forget our nurses and the many demands on her time She it is, who is the guardian angel of our sick and pain ridden She who must enforce obedience both with the staff and with the patients She who must be here, there and everywhere. It is under her capable supervision that the staffs in all departments, co-operate so that the functioning of the hospital as a whole, operates smoothly Here is demanded a special type of qualification. Authority with diplomacy.

And as we look towards the hospital on its first anniversary, may we all who may one day have need of its services, stop and seriously consider the real hard work and effort that is being made daily within its doors — to bring comfort and healing to the people of our town.

Sources of Credit

Credit is a necessity in any business, and farming is no exception With the trend to larger farm operations and increased mechanization credit is needed more than ever on our farms. Following is information on the various sources of credit for farmers in Alberta.

The Farm Credit Corporation, a Federal Government Agency provides loans for any agricultural purpose at 5 per cent interest The maximum loan is $37,500 and repayment can be spread over thirty years. Loans secured on land only cannot exceed 75 per cent of the appraised productive value In some cases however part of the loan may be secured on livestock and equipment as well The Corporation has appointed approximately 45 representatives throughout the province

The Provincial Farm Purchase Boards, established by municipalities and councils loan money for the purchase of farm lands. The maximum amount which can be financed under this scheme is $24,000 or 80 per cent of the purchase price. The interest rate of 5 per cent includes life insurance on the purchaser The loan must be repaid with in twenty years and before the borrower's 65th birthday

The Veterans Land Act provides for loans (2 per cent on the initial loan and 5 per cent on subsequent loans) to veterans who satisfy the minimum service requirements. These loans can be used to buy land buildings, livestock and equipment The maximum initial loan is $6,000 which must be repaid within 25 years The V. L. A. holds title to the property until the loan has been repaid

Farm Improvement Loans for equipment livestock, and buildings or other improvements, are available through chartered banks, universe, at 5 per cent and terms of repayment extend to 10 years (4 some cases. The borrower is expected to pay from 10 to 40 per cent of a down pay ment The maximum loan under this scheme is $7,500.

Under the Provincial Farm Home Improvement loans Act some up to $2,000 are available at 5 per cent interest for improvements to the home These loans are processed by treasury branches and terms of repayment may extend up to 10 years.

The major sources of short term credit are chartered banks and treasury branches They provide farm credit for operating expenses and other needs at 6 per cent interest Repayment terms may extend up to 3 years

The Feeder Association Guarantee Act provides for a guarantee to loaning institutions who make credit available to organized groups of farmers for the purchase of feeder livestock for fattening Loan limits for individual members at present, are $3,500 for a new feeder and $5,500 for a feeder who has fed one or more years through a government guaranteed feeder association.

Other sources of farm credit include credit unions, agricultural processors, feed companies, commercial finance companies, retailers and insurance and trust companies Interest rates and repayment terms vary.

ANOTHER BIG ONE. Mrs. J. Lingitz of Edson who had both a lemon tree and a Christmas Tree decorating her house at Christmas came in to show the Leader Staff an even bigger lemon than the one she grew last year. The lemon weighed 1 lb. 8 oz., was 6½ inches in diameter and had a circumference of 13 inches. Mrs. Lingitz has been very successful in raising the sub-tropical fruit as she had 54 flowers last summer and six now.

Hinton Scouts and Guides to sponsor Electrical Fair

HINTON —

Representatives of the Calgary Power Co have met with officials of the Boy Scouts and Girl Guides Association to complete arrangements for an Electrical Fair to be held in the Community Hall Auditorium, Wednesday, Feb ruary 15th All proceeds derived from this venture will be divided equally between the two Associations to help complete their respective halls.

Local electrical appliance dealers will have on display in the Auditorium the very latest lines of electrical appliances for the home and farm Numerous door prizes will be drawn at both afternoon and evening representations. These prizes will be presented through the courtesy of the appliance dealers, the sponsoring group and Calgary Power Ltd

Starting at 2:30 in the afternoon, Miss Hattie Purves, Calgary Power Home Economist assisted by Miss Mary Ellen Bradley will present an outstanding cooking school of interest to all ladies All dishes prepared during this representation will be given away to the audience The very latest methods of electric cooking will be demonstrated.

In the evening from 7:30 to 10:30, a very interesting electrical show featuring such items as Automatic Wiring in the Home by Mr. Rade Wallace, Advertising in Reason, by Phillips Electronics Ltd., some sayings by the very popular Calgary entertainer, Mr Ray Davidson, and a fascinating electrical wonders show will be presented to entertain the whole family.

The electrical wonders will include; the Van de Graff electrostatic generator, channel light, luminescence, polarized lighting, black light, the mighty magnets, the color detector in action, microwave transmission of sound over a light beam, microwaves in the home and finally the very spectacular Tesla coil sending 25,000 volts through a human body

The Scouts and Guides are hoping for a record turn out These Fairs have been premiered very enthusiastic audiences throughout the Province

1960 RESULTS OF COMINCO DEMONSTRATION FARMS ARE ANNOUNCED

During the past season, five Alberta farmers worked closely with Cominco District Supervisors in carrying out field scale demonstration work with Elephant Brand fertilizers. The results of this demonstration work using recommended application rates on cereals, grassland and flax crops are summarized on this page.

CLYDE DEMONSTRATION FARM No. 1

Gayle Ewen.

Oil Barley on stubble land was fertilized with 30 lbs. of Elephant Brand 16-20-0 per acre This application gave an increased yield of 15 bushel per acre over the unfertilized check strip, resulting in a net profit of $6.11 more per acre after paying the cost of the fertilizer.

On this same farm a bone established brome-alfalfa field was fertilized with 150 lbs. per acre of Elephant Brand 27-14-0, an increased yield of 1.6 tons of hay per acre resulted from this fertilizer application. Valued at the hay at $20.00 per ton, the use of fertilizer returned an additional $12.80 per acre — a net profit after deducting the cost of the fertilizer of $24.82 per acre.

VERMILION DEMONSTRATION FARM No. 2

H. Stewart

An old stand of brome was fertilized with Elephant Brand Ammophos at 200 lbs. per acre. The fertilizer application increased the hay yield 1 ton per acre, resulting in an increased profit of $16.00 after deducting the cost of the fertilizer. Also on this farm a fertilizer treatment of 125 lbs. of Elephant Brand 27-14-0 on a grass-legume mixture increased the yield by 1 ton per acre. This gave an extra net return of $12.27 per acre.

Oats seeded on second crop stubble gave an increased return of $5.72 per acre after paying for a fertilizer application of 125 lbs. of Elephant Brand 27-14-0 per acre. In this demonstration the yield was raised from 67.7 bushels to 80.4 bushels per acre, an increase of 20.7 bushels.

FORESTBURG DEMONSTRATION FARM No. 3

Rod Tell

At this demonstration farm barley grown on stubble land benefitted from an application of 50 lbs. of Elephant Brand 16-20-0. The $1.27 per acre spent on fertilizer returned grain worth $10.25, a higher profit of $8.98 per acre.

Also on this farm the yield from a three year old brome alfalfa field was raised from 45 bus where no fertilizer was used to 57 bus per acre with the application of 150 lbs. per acre of Elephant Brand 27-14-0. Extra profit after deducting the cost of the fertilizer was $1.90 per acre.

Yield was raised from 60 to 68 bushels per acre when wheat grown on summerfallow was fertilized with 80 lbs. per acre of Elephant Brand 11-48-0. The $2.21 per acre spent on fertilizer returned extra grain valued at $10.85 giving an extra profit of $8.70 per acre.

CONRICH DEMONSTRATION FARM No. 4

E. W. Johnson

On this farm the fertilizing of barley grown on stubble land gave an increased return of $18.20 per acre. The fertilizer treatment consisted of 150 lbs. of Elephant Brand Nitrophos prior to seeding and 50 lbs. of Elephant Brand 11-48-0 at seeding time. Yield was increased from 38.5 to 64 bushels per acre. The value of the extra 25.5 bushels was calculated at $25.52. The cost of the fertilizer was $7.32.

An application of 100 lbs. of Elephant Brand 27-14-0 per acre to an alfalfa-brome mixture increased the yield by 1 ton. Valuing the increase at $20.00, the extra profit after deducting the fertilizer cost was $12.55.

Yield of a brome hay field fertilized with 150 lbs. of Elephant Brand 27-14-0 per acre was increased by 2 tons per acre giving an extra return of $31.55 after accounting for the $4.47 cost of the fertilizer.

VULCAN DEMONSTRATION FARM No. 5

R. S. "Pat" Walker

Despite damage due to hail Redwood flax fertilized with 50 lbs. of Elephant Brand 16-20-0 per acre yielded 3.6 bushels more than when not fertilized. Yield was increased from 12.9 bushels to 16.5 bushels, giving an extra profit due to fertilizer of $4.06 per acre after deducting the cost of fertilizer.

A three year old brome mixture was fertilized with 150 lbs. of Elephant Brand 27-14-0. The hay yield from the fertilized acreage was 1.1 tons compared to .4 tons from the check strip. The increased yield due to fertilizer was valued at $17.60, resulting in a profit of $7.58 per acre after accounting for the fertilizer cost.

Elementary reshuffle gets good airing at H & S

The proposed reshuffle of elementary pupils has created interest in town comparable to the pasteurization by-law a few years ago and fluoridation arguments. The proposal has something in common with those things because the changes are advocated by experts to help kiddies. The idea, like the other issues, is being opposed by quite a number of parents

A record crowd of close to 200 people attended the Edson Home and School meeting Wednesday, Jan. 25. The meeting was mainly devoted to explanations and discussion on the proposed elementary school extension of junior-senior grouping. Following is a report of the meeting which saw advantages and disadvantages freely looked into.

President H. Wortman mentioned that the Alberta Provincial Convention of Home and School will take place on March 24 and 25 The meeting was handed over to the program convener Mrs. R Knetsman, who introduced Mr. A Kratzmann the assistant superintendent of schools to address the meeting The following is a summary of his talk

The issue in question was the re-organization of the two elementary schools in Edson. Whereas now both the A. H. Dakin and the Everyreen schools are arranged on a grade 1 to grade 6 pattern, it is suggested that the Dakin School become a grade 1 to 3 unit and the Evergreen school a grade 4 to 6 unit.

Mr Kratzmann then explained the legal administrative framework of this proposal. Decision as affecting the running of schools including such matters as to which school in the division a child should attend are made by a majority vote of the elected divisional school board. In making most decisions, but especially those affecting student placement and instruction the board relies heavily on the experts in the field, namely the superintendent and the assistant superintendent of schools.

These experts are employed in two capacities As experts in the field they advise the board on policy instruction, organization etc of the schools. After the board decides on their advice it is their function to implement such a decision The principals of the schools both individually and through their organization also play an advisory and executive role for the board.

ENROLMENTS 10 1957

The actual groundwork for the present proposal was laid in 1957 when Edson adopted the plan of integrated primary grouping in education Edson is one of the pioneers in this field of instruction which is rapidly spreading across the Province and the nation and Edson can be proud of this fact said Mr Kratzmann Since adopting this method of instruction it was found that the new approach worked better where larger numbers of pupils were involved.

For instance in our Division it works far better in Edson and Hinton than in the smaller centres like Wildwood and Peers and the logical conclusion was the present proposal of still further increasing the numbers of students of one age and instructional level at a given school

At the November meeting of the Divisional Board in Wildwood with the superintendents and principals in attendance, the present proposal was discussed and it was unanimously decided to adopt it if further investigation by the administrative staff made it feasible to do so.

As in any new plan advantages and disadvantages can be foreseen but no progress at all would be possible if nothing new were ever tried, and this applies just as much to the field of education as to any other scientific endeavours

ADVANTAGES

Teachers: Teachers meet to discuss their problems It is fairly obvious that as more individuals attack one problem the easier the solution would be A teacher teaching grade 1 or 2 would have very different problems from one teaching grade 5 or 6. Hence a larger grouping of teachers doing similar work would be a decided advantage

In the integrated primary group method of instruction the larger a group of child ren of similar ability to be instructed, the better the plan works. There are children, who though intellectually able to cope with the work for some reason fall short of their anticipated educational level. If special attention can be paid to these children in a remedial room and their individual problems attended to they will very likely be able to rejoin their peers and continue in normal school progress.

OPPORTUNITY ROOMS

Then there are some children, who through mental or physical disability are unable to learn at average speed. These children would in an ordinary classroom keep back all the other pupils or get very little benefit from schooling them selves. If such children are placed in an opportunity room they could be taught to the full extent of their capabilities. This however would become very expensive if small numbers are involved. The proposed reorganization makes such a room a practical innovation

Supervision would be easier. As with the teachers, the principals' problems, also vary tremendously between the administration of grade 1 and grade 6 institution. By having only three grades to supervise a principal could do a much better and more thorough job

Report Cards: When testing a larger group of children a much truer individual standing will be arrived at than only marking with a small number. thus report cards takes home would more correctly express the child's standing in his school society. Also teachers could use shared materials and work along these more lines for instruction.

Pooling of physical resources: Like libraries, etc., for example there might now be the required minimum of three encyclopedias in one school These would only be used by the older pupils. If there were six sets in one school instead, a whole class could be set to work on some project and be able to use these reference books at the same time and there would be no extra expense involved in buying more books.

Play areas: Supervision of children of similar groups and physical abilities would be simplified. e.g. A good hockey organization could be established by having a large group of children between 10 and 12.

DISADVANTAGES

The single largest disadvantage is distance from the school The Department of Education recommends a distance of not more than three quarters of a mile walk for elementary school children. Mr Kratzmann showed some statistics and a very excellent map of the distance to school from any area in Edson. For the majority of school children the change would make little difference. But out of town bus children would still disembark at their respective schools There would be only one out of four town children who would have to walk any appreciable greater distance said Mr Kratzmann.

For the children living in the east end of town it should not be a burden for them to walk the extra distance as they are the older children Thus the only area really seriously affected would be the homeowners and junior grade pupils living at or near Sable Island. It has been suggested that a bus shuttle service be arranged between the schools. Expenses for all the children affected would be at the Dakin and the Evergreen School at 9 00 a.m There would leave at 2 55 p.m to take the children to their respective schools by 3 a.m. They would again be at the school at 3 30 and take the children back to their living centre The cost of this excursion would be about sixty cents a day to the Divisional Board With this modification no child would be required to walk a step further than at present

ASST. SUPT. OF SCHOOLS A. KRATZMANN addressing the meeting

Traffic hazards: It is true that with more children crossing main street the danger of traffic mishaps may be increased.

Lunches: More children would have to spend the lunch hour at school and take their lunches. This might affect families giving inspection to the brief time the children spend at home during this period.

Children get home later after school: With the proposed bus service this would only be a matter of several minutes.

The break up of the family unit: Both for their walk to school and their lunch. This point would have to be attended to by special arrangements being made for lunch time supervision

SCHOOL PIONEERING

To sum up Mr Kratzmann said that he for one was proud to work in with the Edson School Division which has been pioneering methods of education which had been followed by schools all over the country and that it would be a shame to stop progress As an administrator and committee he could see no instructional disadvantages arising out of the new scheme and it is the instruction in the schools that really counts. After all we, as parents accept the decision of other professional people such as doctors, dentists, mechanics etc., in their fields. Why should we single out the educator, who is also a specialist in his field, for a vote of non-confidence?

Mr Kratzmann also mentioned the public reception received up to this time by the Divisional Office since December when the new plan was first published. The Divisional office has had two phone calls and two delegations, one consisting of two individuals, one of one single person. There were two letters to the editor both written by people involved in the phone calls and the delegations as well as one essay in The Leader attempting to verify the various points but with a definite opposition tinge.

MORE PIONEERING

Mr Kratzmann, himself, kept a diary of unsolicited comments made to him parents kiddies in the proposed elementary school regrouping. Busses would be used where distances were too great.

Generally during the last two months and found the favorable comments outnumbered the unfavorable by 37 to 11.

The meeting was then taken over by Principal M D Meade who invited public discussion which proved to be lively and the numerous questions were very ably dealt with by Mr Kratzmann and Mr. A. W. Leonard, chairman of the Board, who was also present.

Some of the points raised and discussed were as follows:

Costs: The only additional cost foreseen would be the cost of bus service (at 50 cents a day) and the rent of moving equipment from one school to the other during the summer holidays This small outlay would be more than worth while if even one child received a more appropriate education

Procedure: As far as Mr. Kratzmann knew Edson will be one of the first places in Canada where this particular method will be implemented. It has been tried with success in a few areas in the States

Local Boards: Contrary to expressed opinion it was brought out that the local board had been informed of this proposed change when it was first considered.

Teachers: That new arrangement would NOT interfere with the classroom instruction of any teacher

TUMBLING DISPLAY

Mr H Wortman's tumbling class gave an exhibition of their ability Eight children showed the audience what they could do and gave a very creditable performance The tumblers were Shirley Longston Barbara Cronkite Marilyn Cochrane Ruth Gardiner, Donald Hudson Tommy Erickson, Robert Wichsworth and Larry Polk Assisting with the apparatus were Jimmy Rukavina Allan Ronnoseth and Jay Wortman.

Mrs Knoleman thanked Mr Kratzmann for his able presentation and Mr Garber for the loan of his public address system which greatly facilitated the meeting which concluded with the singing of The Queen.

"SUZZUMS"
Well! The staid old Financial Post took a look around last week and decided to keep abreast of trends with the following article
Brassos are getting smaller in Canada reports The Financial Post)
Thats the word from three whose special interests concern mercial, that is — requires them to keep abreast of shifts in feminine measurements. Reason for the trend, it is thought, is that Canadian women have become more weight conscious. In the slim swing process comes and inches may be trimmed any place
Canada's slimmest and trimmest women are the Quebecoises Besides sportswear smaller sizes, French-speaking women buy lacier, frillier bras than other Canadians In the Maritimes, on the other hand, plain tone undergarments are in biggest demand
On the average, Canadian women buy five to six bras a year Averages in a little higher than this in Ontario and Quebec a little lower in the Maritimes Almost 2 per cent of bras sold in Canada are padded, about 15 per cent contoured Almost all women wear them (compared with 60 per cent who wear girdles)

Minor Hockey Week praised

Hockey is thought of throughout the world as Canada's National Sport and certainly it has contributed more to the Canadian sports scene than any other game From the youngest players on the street in front of your house to the professional players in modern arenas hockey adds something to the daily life of Canadian boys

Edson especially owes much to hockey Minor hockey and junior hockey helped integrate the sports life of the Coal Branch in the past and today Edson and district Hinton and Jasper still depend upon this winter sport to knit our communities together

Minor hockey is the most important phase of hockey since that is when the great and number of young Canadians are playing and learning sportsmanship in a practical way.

It is in the interests of every person in Edson to support Minor Hockey this week and throughout the winter Encourage sportsmanship in young Canada — Encourage Hockey.

Slips . . .

THAT PASS IN THE TYPE

As we entered up the office yesterday in the lodge last week, we couldn't find a little scrawl which stated that Gordon Legge, phone 189w3, had 20 weaner pigs for sale, so we figured it must have been passed somewhere along the line and arranged to have it printed this week

It wasn't long after the paper was printed that a friend dropped in to tell about the pigs which were advertised for sale in the Presbyterian Church card. He wanted to know whether they were in the mail before or after the morning service, or at the Ladies' Aid meeting

Our apologies to Gordon Legge and to the church If Gordon can report that the pigs were sold, despite the fact that the advt was misplaced, we can only say it proves people read the advts.

This thing intrigues us It was a United Church chap who told us about the pig advt What was he doing reading the Presbyterian Church card . . . Cheeky Cuss Enterprise

East District Doin's

By FERN ICE

Herds of elk are creating havoc among an protected hay stacks the past week or so, and local farmers have begun the task of moving their feed supply to their barn lots. Some of the braver members of the elk family have gone so far as to snitch the odd meal from hay barns on isolated meadows.

Mr and Mrs. Pete McCormack were out Sunday interviewing farmers interested in having Calgary Power installed in their homes.

Several district folk have been bitten by the pesky "flu bug" the past week or two.

Ray Thomas was rushed to hospital Wednesday morning for medical attension, but was passing comfortably when members of the family called Wednesday p.m.

Ben Wiseman was released from Edson hospital Wednesday p.m. following a nine day confinement due to sciatica.

Charles Irwin is a patient in University hospital where he spend two weeks before undergoing a very serious operation.

We were confused Wednesday upon entering the former women's ward in the local hospital to find it occupied by male patients, until we learned the gals had been removed upstairs to make room for an influx of flu victims.

How Come ?

The pulp companies don't pay four foot sticks, thus eliminating waste of our fast diminishing forests

☆

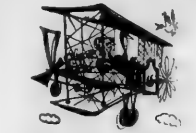
District Nurses are not provided with small oxygen tanks to ease the suffering of cardiac patients. We know one conscientious young woman who believes so strongly in the merits of oxygen, that she has purchased a small tank with her own money. With a Garret inverting bandcock at potential patients we are of the opinion our unsung heroine, the District Nurse should be equipped with whatever tools of the trade she deems feasible.

☆

Misfortune seems so much harder to take, when it over takes some 36 the stark of night.

☆

Parents prone their off spring when they imitate their good traits, but berate them when they pattern after the old fella's faults.



IT WAS ENOUGH TO MAKE A BIRD WALK

Some of man's early attempts at flight might well have left the bird population shaking their heads.

But man has made amazing progress in aviation and today it's the birds who are left behind.

Here in Canada, with our vast distances, we rely heavily on the aeroplane. And reliable air transportation depends on having the right fuel when and where it is needed. Imperial Oil makes aviation gasolines and jet fuels available anywhere at all times at lonely fuel caches are, ... Archer, or at busy inte national airports.

Esso IMPERIAL OIL LIMITED
... for 80 years Ca ada's leading supplier of energy

SAFETY

Farming is one of the na tions most hazardous occupations. A recent survey by the Agriculture committee of the Canadian Chamber of Commerce has pointed out some interesting and alarming facts that should make us take stock of our safety practices.

The farm accidents were divided into two categories—"On the Farm" and "Off the Farm." Accidents that happen right on the farm are far more prevalent accounting for over 60 per cent of the total number.

Where did these accidents take place on the farm?

Farmyard ... The farmyard was the major Danger Zone, and accounted for 20 per cent of the accidents occurring on the farm.

Are fires ... The next most dangerous area was in the field where 38 per cent of "on farm" accidents happened. Farm house may be shocked, and rightly so, to learn that 11 per cent of the accidents happened inside the farm house. The serious ness of this situation is fully emphasized by the fact that nearly 4 per cent of these proved fatal. Almost 80 per cent of these injury required hospital care.

Farm buildings: The barn was the location for about 19 per cent of mishaps and other buildings on the farm accounted for 9 per cent.

What months accounted for most accidents.

July stood out glaringly as the most "dangerous" month. It accounted for 12 per cent of all accidents. Next came August with a high rate and then May.

February had the lowest accident rate, following closely by January. Looking over the survey statistics it is indeed surprising to find that the number of work days lost due to accidents, during these two months was only slightly lower than those lost in July, the peak accident month. This makes it apparent that July casualties suffered less severe injuries than those hurt in the first two months of the year.

The accident rate in December was comparatively low. It had the lowest number of

Young SC's to hold seminar

A Federal Leadership Seminar will be held by the Young Social Creditors on February 17 and 18, in the Alberta Social Credit League in Edmonton. Registration will be limited to two delegates per federal constituency. A dynamic schedule of events has been slated to give Young Social Leaders an advanced program in economics, effective public speaking and campaigning techniques. A desire to learn and lead others is being stressed.

Young Socreds will be competing for a trophy to be presented at the seminar. However, there is little room for optimism because the fatality rate was one of the highest. In every 22 accidents that happened in December resulted in death in 7 days. The highest frequency of accidents took place in the afternoon. The percentage was 67%. This is possible due to fatigue. After working from early morning people become tired and consequently less alert. The morning hours accounted for 35 per cent of all accidents.

The weather?

The survey revealed the startling fact, 75 per cent of "off the farm" accidents happened in clear weather, compared to 15 per cent when snow was falling, every 9 per cent in rainy conditions, and only 5 per cent when it was foggy.

While the extremely high rate of accidents during good weather conditions suggests that people tend to be over confident when weather conditions are ideal.

This survey is available in booklet form from my office, 11202 - 107 Street, Edmonton.

Career opportunity as Dental Auxiliaries

A new and challenging area of professional training will soon be available in Alberta. A two-year university course of training for Dental Auxiliaries will be offered for the first time (anywhere) at the Faculty of Dentistry, University of Alberta, beginning September, 1961.

"Dental Auxiliary" means a person other than a dentist who is trained to perform certain dental services specified in the regulations pertaining to the Dental Auxiliaries Act as being services that a licensed dental auxiliary may perform in the Province.

Such services shall be rendered under the supervision or direction of a dentist, who is at all times responsible for the services.

In addition to the intricate clinical skills and knowledge, this course provides a interesting variety of studies in the arts and basic sciences including among others such subjects as anatomy, office management, pathology, psychology, histology, bacteriology, English, chemistry, sociology, and educational methods.

Some of these courses will be shorter than the regular courses, providing the necessary background, but still fitting into a two-year course. In its initial stages the course will be patterned after the Dental Hygienist course being taught at the University of Toronto.

Additional clinical and field training may be arranged during part of the summer recess between the first and second academic years. The dental auxiliary will be working with members of the health teams, dentist, physician and nurses) teachers and community groups, in the clinic the services will be largely with children.

Dental Auxiliary students will have their own special training area in the Faculty of Dentistry, but some subjects will be combined with other student groups, as much of their clinical training will be carried out in the new main dental clinics, alongside with the undergraduate dental students.

Dental Auxiliaries will fill a real need in Alberta by increasing the services of the dental profession. They will work with the dentist in providing examinations, surveys, dental health education, x-ray service, scaling and cleaning teeth, polishing fillings, providing topical fluoride service and assisting with and providing many other office and laboratory procedures for which they have been trained during the course of formal training. The diploma will be awarded at the end of the second academic year.

Dental Auxiliaries will then work under the supervision or direction of a dentist in a local Health Unit or a City Department of Health, to be defined by the Dental Auxiliaries Act. However, for the first two years after receiving their diplomas, the areas in which they can work will be designated and these areas will be selected on the basis of need. After this period of time they will be free to seek service in any Health Unit or any City Department of Health. The recommended beginning salary scale is in the neighborhood of $270 per month.

The course will be open to men and women but is particularly suited to young women. Additional requirement for this program are to be a high school graduation diploma (senior matriculation) with B or higher standing in the required courses of grade 12, and an average in three courses of at least 65%. The required courses are as follows English 30, Social Studies 30 Chemistry 30 and three of Mathematics 30, Physics 30, Biology 33 and a foreign language 11 is strongly recommended that Mathematics 30 be taken by prospective students.

Successful applicants, farmstaff enrolled in the Dental Auxiliary training program are eligible to receive (at a subsistence allowance of $75 per month during the first and second academic years and during that period of the summer recess between the 1st and 2nd years that may be required for additional teaching or field experience in) tuition fees for the first and second years, of training, which will be paid by the Government on behalf of each student accepted for enrollment (by a book allowance of approximately $25.

Further information may be obtained by writing to Dr. H R. MacLean Dean. Faculty of Dentistry, University of Alberta, Edmonton, Alberta.

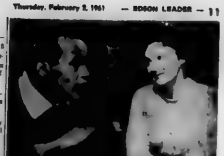
"Search for Talent Show"
8.00 p.m. Friday, Feb. 3rd.
Edson High School Auditorium
To be Recorded by Canadian Broadcasting Corporation for re-Broadcast at 11:15 p.m. Sat., Feb. 4th on CBC, Edmonton
Proceeds to Aid Boys' Work of Optimist Club of Edson



FOLK-SINGER HARRY BELAFONTE is interviewed by Jay Davies for the CBC radio program, Assignment. Belafonte discussed American politics, his plans to make a movie about the Russian poet Pushkin, and his strong dislike of Madison Avenue advertising techniques. Assignment is heard each week night on the CBC Dominion network and interviews with celebrities are a popular feature of the show.

Drayton News

Mr Nick Grushka returned to his home in Edmonton after visiting with relatives and friends in the district on Tuesday

Mrs John Grushka and children also Mrs A Hashi were visiting with Mrs Worthing and family on Tuesday afternoon.

Mrs Ken Hashi and Mrs A Hashi were visiting with Mr and Mrs Art Madge on Thursday afternoon.

Mr Ken Dahmus and boys, Mike Jabour and Joe Bonanoski and Joe were visiting with Mr and Mrs Mike Iwanowski on Thursday evening.

The evening was spent playing bingo and cards after which they were presented with a lovely picture for their home from the Drayton community

Mr and Mrs Mike Jabour and Mrs. Jabour's two brothers and their wives, one from Lamont and one from Edmonton also Mrs Jabour's mother were the weekend

We are all so glad to hear that Mr L. Lee is home from hospital

Mr. Bonanoski and Joe were visiting with Mr and Mrs Mike Iwanowski on Thursday evening.

CARD OF THANKS

We would like to thank the merchants of Edson for all the beautiful gifts received by our daughter Linda and our selves

Mr. and Mrs V Barbaruk

BUSINESS PROPRIETORS
DO IT NOW—WITH A SMALL BUSINESS LOAN

Small business proprietors in the manufacturing, wholesale and retail trades and service businesses, can now obtain intermediate and short term credit for improvement and modernization of equipment and premises. Businesses with a gross annual income not exceeding $250,000 are eligible. The loans, applicable to both fixed and moveable equipment as well as the improvement of premises, are available in amounts up to $25,000 for periods up to ten years.

Businessmen should have their projects fully planned and estimated before approaching their bank for these government-sponsored small business loans. Business associations can provide advice and assistance, especially in the store planning area.

Winter is the very best time to carry out improvements to equipment and premises when men and materials are available.

You are more likely to get a better and better job.

For Full Details on the Small Business Loans Regulations, see your Bank Manager.

Why wait for spring?

Issued by authority of Hon. Michael Starr, Minister of Labour, Canada.

Tips to Homemakers

To make salad-bowl garlic, an aroma-masking layer in the odour of the bread, simply rub several cloves into the bowl's lacquer, or preserve wooden bowl with boiling water and let stand for an hour. Then season and use bowl as usual.

Following in the footsteps of sporting housewives to the Grand Prix from the pits has not cut off the frozen chicken to thaw under the grill. The oven should be covered with foil when the ferns are re-potted. Ferns should be kept out of drafts and not exposed to strong sunlight.

The schools buy, rent or borrow sets to receive the telecasts, which are planned by the National Advisory Council on School Broadcasting. In the CBC-produced show Miss MacFarlane will teach Rhythm and Melody every week.

FENDER DENTS USEFUL

By G. E. MORTIMORE

With a display of phoney air of being helpful? sympathy, people sometimes No I have had another ask about the dents in my car bottle of wits.
"You had," they say (grinning all over) "How did it happen?"
But a car with a conditioner fender can be an advantage in traffic. when I'm trapped in a side street and the high way heavyweights are swooping arrogantly past in close formation, never yielding a foot of space for me to get in.
"It happened a year ago," I answer lamely, "and my wife did it. I haven't bothered to get it fixed."
When they are a crumpled At this retort, a disbelieving smirk spreads over the questioner's face "Ah, yes," he says. A lot of unpleasant skepticism can be packed into those two words.
"It's true" I snap back. The men nods wisely, and turns to go.
This is the moment when I should knock him down with a verbal kidney punch, such as: "Remember that time in 1939, when you cheated in a game of dominoes?"
Unluckily, I can't think of his weak points. Is his shirt hanging out? A splash of paint on his coat? Any obvious sign of poor grooming or sloppy living. To which I can draw attention with the

Check Your Chimney
It has come to the attention of the Gas Inspector that some brick chimneys (particularly old bracket types) are in danger of being blocked, by falling old soot or mortar, at the gas pipe flue entrance This can create a most dangerous hazard from gas furnes and it is recommended that you have your chimney checked at the first opportunity
R C GREGG.

TRIPLE 40 is on the books for P. W. Hatfield this year this well known citizen hails us. Mr. Hatfield has been in Edson for 40 years this Thursday; 40 years a Legion member for 40 March 4 and an Odd fellow for 40 years on May 16

Anglican Parish dedicate vicarage

HINTON —
The vicarage built by the Parish of St. Francis of Assisi for their resident priest, Father James Hoeper was formally dedicated on Thursday evening, when the Rural Dean of the Pembina Deanery Father Hooper from Edson asked for the blessing of the house in the work of the Church and for all those within its portals.
Rev. Canon G. A. Robinson, St. Mary's Church, Jasper was also present. Friends from Edson who came for the occasion were Mrs. Gregson and Mrs. Malet, with Mrs. Hooper.
Parishioners and friends of Father Hoeel presented him with gifts for his home and in thanking them present Father Hoeel remarked that if it had not been for the persistence of the man from the Bay, who insisted on bringing the things in they probably would not be there

☆

The house which is modern and convenient was constructed by Contractor, J Danek who was also present at the dedication ceremony and received congratulations from the parish for a job well done.
Friends of Father George Robinson also learned that he will be leaving the Diocese in the early spring for British Columbia. Diocese of Calgedonia.
During the informal "open house" which followed the dedication service, Father Hoeel was assisted by some of the ladies of the parish in serving refreshments. The Parish Family wished Father Hoeel happiness in his new home

Tips on Touring

By Carol Lane
"Woman's Travel Authority"

Every woman enjoys a change of wardrobe after hairdo, of facial tone, and the family car
When is the best time for a trade-in? Statistics show that for low-priced cars the best time is when the car is about 31 months old and has a retail value to consider when thinking of a trade-in for maintenance costs and depreciation On the average a car that costs $2,500 when new, if driven 15,000 miles a year, costs about $80 for maintenance the first year about $112 the second. The maintenance cost jumps to $180 in the third year. It reaches a top of $280 at 60-000 miles.
Even in its first year, a low price new car depreciates about 37 per cent—just because it's not "new" any more. In the second year depreciation averages 16 per cent, then 12 per cent, then 10 per cent
When your car is 3 and a half years old, figure carefully by what its costing you, and how much its worth It might be false economy to keep the old car.

It is rumored that a new simplified income tax from for 1960 this year contains just four lines.
1. What was your income last year?
2. What were your ex penses?
3. How much have you left?
4. Send it in.

HANDYMAN ABOUT THE HOUSE

I have always been against the idea of throwing junk in the yard, thinking that some day I might want what they want to throw away.

This is the trouble with big, makeover shopping-bag paper carrier, who watches his crowd playing military games in the living room, somewhere, planning it into a fort and knocking the stuffing out of it, may fancy they'll prefer his model fort to play with.

Actually they wouldn't. All they want to do is knock the stuffing out of the chesterfield.

Hence the failure of these terribly intelligent toys designed by psychiatrists who have been specially trained to think like children. They take a kid who is happily knocking holes in a plasterboard wall, give him some colorful round pegs to hammer into appropriate round holes and wonder why he quits in disgust.

They underrate his intelligence—he can tell the difference between real destruction and phony. He knows.

So this week we'll discuss building a large toy that has no pretensions, but can absorb a considerable amount of surplus energy.

It is a slide for children up to six. Kept in the basement, surrounded by cushions and supervised from time to time it can be one of the most successful of large toys.

It is 7ft. 6 ins. long, 4 ft. 3 ins. high and can fold up to be stowed away in a cupboard or against a wall.

The vital part is made of hardboard, which gives a real an. smooth, just sufficiently slippy surface for ... fancy sliding.

The hardboard slide, which must be at least 2 ft. 6 ins. wide, is cut to the pattern shown in Fig. 1. The sides are nailed on to the two outside battens, as shown in Fig. 2.

These sides should be of clear wood free of knots and well seasoned, otherwise they'll fit it badly.

The hardboard is supported by 2 cross members at each end, made from formed plywood and fixed to the sides and ends.

The cross pieces three inches at either end. The ladder is made of one by three members five ft. six inches long with one by two cross struts. The legs will be two feet three inches apart at their base, tapering in to 10 inches where they meet the slide.

The three ladder steps should overlap the legs slightly for additional strength.

The ladder needs the slide at right angles to it diagonal and is fastened by two supporting bolts which bolts still wing nuts.

The struts are one-inch-beech stock, five ft. nine inches long, secured by coach bolts with wing nuts and washers. They can be detached when the slide is folded up for storage.

When the structure is completed, mark and cut off the tops of the ladder and slide so that they fit flat on the ground.

Now go over the whole thing carefully with sandpaper, paint or varnish the wooden parts but leave the hardboard as it is. The hardboard should not be allowed to get wet as this ruins the surface.

Celebrities at Jasper Sportsman Dinner Feb. 4

JASPER —
A Sportsman's Dinner will be held in the Asterix Hotel and Andrew Motor Lodge on Saturday, Feb. 4th

Guest speaker at this dinner will be Herb Capozzi, manager of the B.C Lions A native of Kelowna, B.C., he attended the U.B.C. where he received his Bachelor of Arts degree and Bachelor of Commerce degree.

He played football at U.B.C and following graduation, rejected an offer from the New York Giants to play professional football, in order to study in Italy on a Rotary Fellowship.

On return to Canada in 1952, he was employed by the Shell Oil Co. Ltd in Calgary where he played with the Calgary Stampeders In 1953 he accepted a position with the C.B.C International Service in Montreal and subsequently was appointed Program Director for TV Station CBMT

While in Montreal, he played with the Alouettes from 1953 to 1955 and was a member of the Alouette team which played the first game in Empire Stadium against the B.C Lions He took the position of General Manager of the B.C Lions in February 1957 He is married, has a daughter and son, and lives in West Vancouver

Other speakers will be Ralie Miles, one of the Edmonton outstanding players, Mr Herb Vinery, sports announcer from Calgary and acting as master of ceremonies will be none other than Glen Bjarnason from the "World of Sports."

Other visiting sports personalities accompanying these speakers will be: Al Sterrer from CFRN-TV, Hal Pawson, Sports Editor from the Journal, Brian Hall from station CHED, Gordon Hunter, Sports Editor from the Calgary Herald and Keith Mathers, Sports Editor from the Calgary Albertan.

Tickets at $10.00 a plate are now on sale and can be obtained from either Bob Dowling or John Macaroz Tickets are limited so get your ticket early Proceeds from this dinner will go towards the Canadian Junior Ski Championships which will be held in Jasper on February 24, 25 and 26

Approximately 20 outside contestants will compete for honors and will come from all parts of Canada They will be lodged at the different motels and hotels in Jasper

On Thursday, February 23, the official opening will take place with a smorgasbord dinner being held at the Ski Chalet Following this will be a Fire works display and Torch Light Skiing. This will be about 7.30 in the evening but this Time will be confirmed later as that not only those on the ski hill may witness this colorful sight, but the town of Jasper will be able to see it very clearly

PUBLIC NOTICE
School Bus Operation Enquiry
Notice is hereby given that the Committee appointed by the Government of the Province of Alberta in connection with the above enquiry will hold public hearings at the times and places as set out below to consider submissions from interested groups and individuals

DATE	TIME	PLACE	ADDRESS
Feb 9	10 00 a.m	Lamont	Lamont High School
Feb 13	10 00 a.m	Edmonton	Jubilee Auditorium

Each individual or group wishing to appear before the Committee is required to deliver to the Secretary at least one week before the pertinent hearing five copies of his or its submission, typewritten, double-spaced, on 8½ x 11" paper, using one side of the paper only, with recommendations numbered serially.
All persons and organizations wishing to appear before the Committee, including those who have already made submissions, should inform the Secretary at least a week in advance of the hearing at which they intend to appear, in order that time may be scheduled for their appearance.
Dated at Edmonton this 18th day of January, 1961.
J W Chalmers,
Secretary
720 Administration Building,
10820 98 Avenue,
EDMONTON, Alberta.

Return of the Stuarts

It cannot have escaped the notice of unreconstructed Jacobites, although there has been little newspaper comment on the fact, that two of the Queen's three children have been given Stuart names. The third is named for Scotland's patron saint. This may be a mere coincidence, but it may also be a farsighted attempt to cement Scottish loyalty to the Crown by stimulating ancient causes for grievance.

Scottish nationalism is accustomed to become vocal on the occasion of British anniversaries. There were objections raised by some Scots to taking the oath of allegiance to Edward VII Remembering the Battle of Bannockburn and the Pintagenet Edwards they objected just as much to the same as to the nonsense? To take the oath to be loyal to Edward VII Nonsense it seems to be instrument to aid uniting that six previous Edwards, including the loser at Bannockburn, had ruled England.

There was a similar object lesson in the removal of Queen Elizabeth II, for the great Elizabeth I had not been Queen of Scotland and had signed the death warrant of Mary Queen of Scots, who became in her Tudor successor's view her apparent to the English throne

No fun will appear in the title of Prince Charles when, as Charles III, he succeeds Queen Elizabeth II, an event that all loyal citizens of the Commonwealth hope may be long delayed. The two previous kings of that name raised both England and Scotland and the second was among the most astute rulers that England has ever had

It may be worth recalling that, although the Stuart line has been in eclipse for some centuries, the Hanoverians and Windsors derive their claims to the throne from their Stuart descent There is good family as well as political reasons for a revival of Stuart names.

Back on job after accident

The many friends of George Ringer, who along with his family miraculously survived a car accident last August are happy to see that he is back on the old stand at Waiorise Motors body shop.

George says it's real good to be back after five months in the University Hospital and invites his friends to drop in for a chat.

TIPS FOR PARENTS

By BERYL MICHEY
Parents Education Association

"YOU may be thinking of it now, for Junior this summer. If you are, consider carefully the possible benefits.

Perhaps you live in a community where there is already a day-camp near you. It will provide some of the facilities of a residential camp — outdoor living, trips, crafts, swimming and other sports. Why go further?

● Summer in a well planned summer camp is a child's view of life is broadened.

He is transplanted to a world where there are more than people, where his permanent-bound feet now touch another earth.

He hears the wind and the trees, the songs of birds, and the silence.

He sees growing flowers, and if he is lucky a bear, or a young deer — at home.

DIFFERENT WORLD

Early in his life, he learns the satisfactions and happiness to be had in this different world — a world to which he will return with pleasure all the years of his life.

He learns to cause home, his shelter may not reveal his new-home feelings. He may not have love to put them into words.

But he will recognize them in the verses written by Mary Edgar. He may have sung these each day at dawn and sunset, with his brother campers

"God who touchest earth with beauty,
Make my heart anew;
With thy spark re-create me.
Pure and strong, and true"

● Junior's camping experiences will benefit his skills, and his own specific interests, perhaps his music, or his collecting hobby

HIS GROWTH

● Camp should develop him physically He is consolidating or increasing growth Activity spurs with rest in his need

● Socially he is with others at a time when he is beginning to realize himself

He is given the opportunity to live away from mother in an environment that encourages the growth of his independence and responsibility.

He learns somethin about really living with people—a variety of them.

Summer camping has come of age Parents should hesitate to have Junior enjoy its benefits as pa of his education

Special Council meeting discusses expansion plans

With expansion of sewer and water services and other problems facing them, Edson Council held a special meeting last Tuesday evening to evaluate the report from the Town's engineering consultants.

It was decided to get a second opinion on this important matter which includes sending most of the town sewage south west to a lagoon system a mile south of the west rail crossing. First estimates for the project put the cost at over $300,000

Two residential areas are to be developed shortly it was decided by Council. One around East 7th Avenue and another block of lots on East 10th Avenue.

Present were Mayor W. R. Brunelle, Councillors W. F. Kwiatkowski, L. A. Mahon, W. Mills, R. Resch, J. Brett and F. W. Wells and town officers.

Account of Haddin, Davis & Brown Ltd in the sum of $1,- 921.80 for professional services rendered in connection with preparation of report on proposed extension of sewage disposal system was ordered paid.

It was decided Stanley, Grimble and Bobbs Ltd. be retained by the Town to examine the report of Haddin, Davis and Brown Ltd. on proposed sewage disposal and to make an independent report as outlined in submission of Company of January 17 on the basis of a maximum fee of $1,103.00.

Council indicated its approval to proposals to develop and service 7th Avenue from 42nd Street to 46th Street, 12th Avenue from 47th to 48th Street, that plans be developed for the same, that in preparation of Town general plan building restrictions be estimated on 7th Avenue and that Calgary Power Ltd. be requested to place power lines in lanes in new development areas.

Approval of council was granted to issuance of Provincial License to Mr. A. S. VanKeulenhoff for operation of a mobile restaurant unit.

Council approved issuance of a Provincial license to Mr. Howard Hutchinson, of Hutchinson Sunset Service, to operate as a retail dealer in motor vehicles at Lot 1, Block 124.

Council approved the placing of "No Parking—Passenger Loading Zone" signs 25 feet apart at entrance to the Baptist Church in conformity with section 207 of By-law 262. Standard signs are to be supplied at cost to the church.

Lots 1 to 4 (incl.), Block 77, Lots 1 to 16 (incl.) and Lots 37, 38 and 39, Block 78, Subdivision Plan 6304AC and Lots 1 to 24 (incl.) in Block 4, are to be offered to Edson School Division No. 12, for the proposed Junior High School site, at land sale sum of $4,140.00, being $150.00 per lot for lots in Plan 6304AC and $60.00 per lot for lots in Plan 2071AC. (These lots are being held by the town under tax recovery) and subject to school Division paying cost of servicing school site with sewer, water, road way and walk. This site is north of the water tower north of 12th Avenue.

A discussion took place on the matter of tax discounts and it was finally agreed that the Council would meet as a Committee of the Whole at 7.00 p.m. Tuesday, January 31st in the Council Chambers to further consider the matter.

The Voice of Edson Constituency

Vol. 9 | Edson Alberta, Thursday, February 9, 1961 | No. 6

"WHATEVER WILL BE WILL BE" was the song 13 year old Beth Miller of Niton, sang for her entry at the Talent Search for Talent Show. Most of us probably had the opportunity to hear her twice as CBC's announcer Al Muir and a technician were on hand to record the show and it was rebroadcast over that network the following evening at 11:15 p.m. Earlier in the day Beth appeared on CFRN-TV. This happy bunch consists of the winners in the Optimist Search for Talent Show held February 3 at the High School Auditorium. From left to right are Walter Daubie, Kathy Kendall, of Edson; John Majoruch and John Walker of Hinton. In the foreground is Beth Miller of Niton.

Local young men in plane mishap

A local light aircraft returning from the Big Smoky and Sharp Creek area was flying low to survey Hay Lake about 25 miles out the west highway and 2 miles off the road, for future landings Saturday, Feb. 4

Both the pilot John Bardar and the passenger Alex Gering thought that they were just checking to see if it was possible to land, but due to the bright afternoon sun they could not judge the height and depth of the snow and the light craft hit the lake taking off the undercarriage and badly damaging the left wing. The propeller caught the ice and "twisted" it up like a piece of wet spaghetti" reports pilot Bardar

Bardar the pilot and part owner of the plane, suffered only slight hand lacerations and a bruised mouth and several loose teeth along with slight shock. He noticed that the front gasoline tank was leaking on to the motor and proceeded to remove Alex Gering his passenger who had a badly broken leg, from the plane making Alex comfortable on the seat of the aircraft he walked on to the Highway about three miles south for help.

He caught a ride to Medicine Lodge Forestry Station and a motorist phoned his urgent message into town from Marlboro.

Three men walked into the bush to try to help Gering while waiting for the other men to arrive The local Forestry man called out and Glen Schultz, a Edson bush contractor and Gering's partner aided the party with the use of a bombardier

The Forestry men prepared themselves for the waist deep snow and proceeded into the bush with a toboggan, but had to turn back as the toboggan was too small

They returned with a big toboggan and horse which went in with several Forestry personnel. Dr P W Cohen and the Edson Ambulance Service which had pillows blankets and hot water bot tles ready for the long trek out of the bush.

By the time Schultz's horse bardier arrived they were bringing Gering out by toboggan and the bombardier met them half way The last half of the journey out of the bush was made faster and a little more comfortable

Gering was brought into town by the Edson Ambulance service at approx 1 o'clock 10 hours after the accident. Gering near the scene of the ride, and who regards his mishap as another experience, is now in Edmonton Hospital were he was taken Monday He had only recently taken the cast off his other leg which he broke in a pulp loading accident

John Bardar and his partner Jerry Carter, are undecided as to what they are going to do with the plane, but they do estimate the damage to the aircraft as possibly $2000 or more Carter with the exception of a few friends brought the plane out on Wednesday

The accident was investigated by the Department of Transport with the co-operation of the Edson RCMP Detachment on Monday.

"Fun for All" event for family weekend

The whole family is invited to come out and enjoy an evening of loud boisterous activity at the local arena Friday night.

Sponsored by the Kinsmen, the evening of family fun will start at 7 p m with races for all ages. The main show will start at 8 p.m.

The Lions Club will wield aswod off brooms against a Kinsmen aggregation in a hilarious exhibition of this curious sport

A chuck wagon race on ice with all the thrills and spills of a regular rodeo event is also in the cards.

Kiddies are urged to bring their skates and join in the family night fun.

The first week in March will see the extravaganza "Kinsmen of '61", but this preliminary ceremony on Friday is just straight "Fun for All."

Knocked under car 6 year old escapes

Marvin Soltys, a six year old Edson lad, dashed out in to the busy traffic at the corner of 3rd and Main, late Monday afternoon to retrieve an elderly man's cane when he was hit by a slow moving car and limme unscrewed.

Passersby lifted the vehicle to remove his body to find the child was apparently not too badly hurt but was taken to the St John's Hospital to be checked

The lad lives with his grandmother, Mrs Soltys.

You have a date Monday

Ratepayers of the Town have a date Monday evening with their fellows to discuss municipal affairs.

The 8 string around your finger or get your wife to remind you both to come.

Monday night, in the Legion Hall at 8 p.m.

Housing project could help 50 guesstimate

The 50 new homes for Edson in 1961 predicted by Mayor W. S. Brunelle got a big boost from a tentative proposal to start a 28 house project on 7th Avenue East presented to Council on Tuesday night.

Messrs W. Mills and Sound Paterson outlined a proposed housing development that could run to 30 or more homes this year.

This together with a commitment by Alberta Government Treasury for homes and the normal new home construction could conceivably pass the 50 homes for '61 prediction.

Over 700 pack school auditorium

The second search for talent show sponsored by the Optimist club of Edson played to a packed high school auditorium containing well over 700 people A short address of welcome was given by Mr A W Leonard

He told the audience of some of the activities of the local club, such as boys work including a club for radio hams oratorical contests, the uncle plan, in which member took individual boys to club meetings Sponsored activities such as youth appreciation week, the fiddlers' ball the Search for Talent show the Edson rodeo as well as welfare activities and the sponsoring of the female counterparts the Opti-Mrs and the Optimettes

He then introduced Mr A J Kratzmann, Lieutenant Governor of Zone C of District 18 who was to MC the the show Mr Kratzmann introduced Mr Alec Muir from the CBC who had been busy in Edson interviewing individuals The show was being taped for CBC for future possible nation wide re broadcasting. Mr Muir expressed his happiness in being allowed to associate with this show

Mr. Kratzmann then introduced Mayor W S Brunelle of Edson and asked him to officially open this Search for Talent show as being the first major event to mark the jubilee year of Our Town Edson now being 50 years old

His Worship Mayor Brunelle expressed his gratitude at being asked to open this first major event of the year and congratulated the Optimists and the participants for all the work they had put in to the show

He also expressed special congratulations to the Edson Old Timers Association who had co-operated in presenting the show.

Mr H A Butters, who has lived in Edson for 30 years and during this time held just about every public office available (Mayor, president of the Chamber of Commerce, Chairman of School board etc) gave a short and very interesting resume of the history of Edson during the last 30 years

President K. V Bullock of the Edson Old Timers Association then told of some of the pioneers living in our area during the century of the Grands, Prairie Trail

Mayor W Brunelle then

Convicted on UIC fraud

Armin Knechel of Edson was found guilty of making five false statements to the Unemployment Insurance Commission in Edson in Police Court on Feb 7

Mr Knechel had reported himself as unemployed during April, May and June 1960 when he was cutting pulp. He was fined $600 and Costs or in default 30 days in jail

Scanning The Sports Scene

E. May scores 5 "in hustling Jr. game"

The Hinton Junior High Hockey team were hosts last Friday evening to their Junior High neighbors in the east. Goals were plentiful with Hinton boys getting seven points, losing to the Edson team by only one goal.

Things looked bright in the first period for the hosting team as they scored three points to Edson's one. Goal getters were G. White from Morris, St. Jean unassisted, and Cholik unassisted with the lone Edson marker coming from the stick of prolific scorer, Eddie May.

The end of the second period saw Hinton still leading by two points after the Edson boys had gone ahead by one. Three points each were scored in this period with E. May from Owens, Owens from J. May and Sieper unassisted getting three goals in as many minutes for the visitors. Coming back strongly the Hinton boys then collected three in a row, scorers being Earl Ilnu St. Jean and Clark, Harrison from Drapeau and White and Simons unassisted.

Two Edson goals came within five minutes of the third period opening from the sticks of Eddy May from Stop ping and Stahlke from Owens and Sieper. Hinton again went into the lead with a goal by Drapeau from Harrison at the 14 minute mark. How ever their lead was short lived as sticky Eddy May cop ped his 4th and 5th goals of the game unassisted, to bring the score to 6-7 in Hinton's favor.

Hinton took the lion's share of the penalties with Cholik and Morris each collecting two while St. Jean and Watt brought the total Hinton trips to the sin-bin to six. Edson's Johnny May collected the lone penalty for his team.

Hinton lineup: D Applegard, goal; Morris, Watt, Harrison, White, Drapeau, Chol ik, St. Jean, Schaeffer. Lyons, coach, Kost. Simons, Clark and Lindsay.

Edson lineup: D McIntyre, goal; Eddy May, John May, Louis Sieper, Richard Stahlke, Billy Mahon, Randy Hinton, Ricky Owen, Peter Dupres, Ted Worton, Keith Bertrand, Peter Pelletier, Dennis Goosewitz, Wayne Larsen, Rusty Simmons, Billy Strashinsk.

Referee was R. Brown, Timekeeper was M. Kell.

Edson Racquets combine to hold Jasper

The Edson Badminton club hosted an open invitation tournament against Jasper on Saturday, February 4. Junior looking for a repeat performance of last November, had trouble holding down a determined home club.

Many games went to extra points and competition was keen all afternoon. The results of the Open Challenge Tournament were as follows: Men's Doubles, Edson 10, Jasper 8; Ladies Doubles, Edson 4, Jasper 5, Mixed Doubles Edson 8, Jasper 13.

In a total of 66 games play ed the clubs ended even-up each winning 33 matches. The meet was concluded with play ers and guests attending a most excellent banquet, yes it was a most excellent banquet.

ACCEPTING THE TROPHY ON BE half of his rink Calvin Rowan receives the championship from skipper Jack Lebedynsky of Universal Motors. The presentation took place in the school auditorium on Friday, February 3 following the High School Bonspiel the weekend before. In the photo Larry Lonsdale, second Brian Schofield, third; Ted Worton, lead. Runners up in this event was the rink skipped by Bruce Mahon.

—Leader Photo

Woywitka rink takes Opti-Mrs weekend spiel

Winning the Grande Challenge and rounding off what was an eventful Opti-Mrs meet was the Woywitka team. Rounding off with a lovely trophy donated by Louis Jay from the Glenwood Store.

On the team and backing Mrs Woywitka were: Skip, Kay Woywitka, Gladys Wortman, 2nd; Ruby Wadey, lead and Barbara Page as third.

The McMillin team took the second and the Fowler team took the third in the Grande Challenge.

Fourth and by no means least was the Ryhanen team in the 'B' event Lehariski, lead; Lindgren, Owen was third and Field, fourth.

All ladies had a buck breakfast. Mustered hand, brought knee, broom sweeping time.

The Optimists used the day, however, by feeding their wives from the corner counter under the supervised guidance of Cherl E. Reeves and kept the amenities wet with the aroma of coffee and hamburgers.

Next week Sunday Feb. 12, the tables will be switched when the men will be curling and the women will be at their best on the rocks.

Historic plane at Calgary site

Calgary airport may have somewhat startling attraction waiting the eye of visitors, if the efforts of members of the 403 (City of Calgary Squadron) of the RCAF Reserve and some private individuals succeed. They are endeavoring to raise sufficient funds to purchase a World War II Lancaster Bomber now resting at the hangar at Fort Macleod. They would have it on display at the airport and mechanics at the RCAF Station Lincoln Park have volunteered to donate time and labor to its restoration.

The Lanes were declared the best bomber developed by the Allies during the war. They were capable of carrying 20,000 lbs of bombs and were powered by four Rolls Royce Merlin Engines.

The aircraft at Calgary would recall that Calgary was the centre of the British Commonwealth Air Training scheme when 130,000 aircrew men here were trained during the war.

Civil Service candidate heads poll

The race for Carnival Queen is going on at full speed and the standings at present are Thelma Radcliffe, 200 600 votes registered by the Civil Servants Sharon Street, 120, 000 votes, sponsored by the Opti-Mrs Club of Edson Caroline Field, 115,000 votes registered by the RCMP Detachment and Pat O'Leary, 80,000 votes, sponsored by the Kinsmen Club of Edson.

Local FUA discuss picnic

The regular meeting of the FUA, BSS was held in the 10 (P hall on Feb. 7 and presided over by Mr Tom Klar.

A delegation was appointed to contact the School Division to further discuss the new suggested movement between schools. It was felt this may cause extra time that the children would have to spend on buses.

Mr Geo Collin asked for a meeting allowing him to correspond with the Canadian Broadcasting Corp. requesting them to re-broadcast the Optimist Search for Talent which was such a success.

Messrs Carl Stutzenberger and John Nixon offered their services to handle the Parent's picnic this coming year and it was hoped by some of the members that it could be held in Edson this year instead of Peers.

The next regular meeting on March 17 is already shaping up to be very interesting and we hope to see all the farmers in the district attending.

It isn't hard to meet experts. You meet them every where.

Bantams win first game in play-off series

[illegible] Glenn Schultz's [illegible] Joseph Labelle and Alfred Anselet were rightful [illegible] he second of the defencers of [illegible] Edson Optimist Bantams [illegible] showed remarkable [illegible] ease and ability when they [illegible] ested a true Bantam Code [illegible] on Sunday in the Ri [illegible] Gardens by pestering an [illegible] n out of Whitecourt [illegible] n in the First round of [illegible] North Section, Zone 3. [illegible] Athletic Hockey Association Bantam 'B' Provincial Playdowns.

A bantam player qualifying in the AAHA Bantam (weight) Series is soon to any player born after July 31 1946. No player may take part in any match unless he holds a CAAHA Players Card for this season. All game results are reported to the Registrar AAHA immediately after each game.

The little Australian born Terry Kratzman was above average time and again Sunday afternoon as he sparked the Optimists by opening the scoring at 4:08 of the first period. Terry slapped in a neat drive pass from the ever improving John Maguire. The Squirts came in at 6:06 on a back checking play from the first and aggressive winger Randy Fryer setting up a combined play. Walker from Kratzman to turn the rubber for Edson.

Whitecourt's Murray Dyna broke through to give them their first counter at 12:05 of minute and thirty-eight seconds later Whitecourt star performer Don Woods tied the count for one minute and twenty-one seconds when Edson's speedster Mark Brule went on to score unassisted

Ralf Olin top Alberta skater

Ralf Olin, a resident of Hinton for a few years, now living in Edmonton, was three out of four events in the Alberta European Style Speed Skating championships held at Clarke Stadium last Saturday and Sunday.

Mr. Olin was captain of Canada's crowd skating team at the 1960 Winter Olympics, official scorer Nash Mallard, goal judges Gary McWilliam and David Kratzman.

For the fun records Norm Thursby recorded books of theatre passes to Mrs Mary Field and Mrs Mary Kozyk. Scotsman's Drug Co Ltd gave a $5 cash award to Bev Shannon and a $5 merchandise voucher to Ann Kosbel while Jim Allen received a $2 bill from Edson Leagues' Supplies.

By Rev. C. C. Armstrong

A scientist, writing in Maclean's, "speaks of every man's final right — the right to die in peace." It is worth noting that his point of view is upheld by doctors and theologians alike. In fact, he closes with a quotation from Ecclesiastes.

I am entirely in agreement with Mr Borrill As he states "To a truly old person, death comes as a friend bearing the gift of peace Let him come as such, without rebuff, and allow the one he calls on to leave with quiet dignity."

There is no question that the desire to live longer, coupled with the fear of death, has resulted in efforts to prolong life But when there is no fear of death, it is a crime to keep worn out bodies alive

There is one sentence, among others that caught my eye it reads as follows: "An overwillingness to meet death is but one extreme however The other could be a fear of death so great that any amount of suffering would seem preferable Perhaps then the individual has the right to suffer and postpone a little the final reckoning.

The fear of death should not be modified or alleviated simply by the prospect of staying alive a little longer This is a situation that does not call for medicine, but for the minister or priest "Where the doctor is most needed — the minister is least needed When the minister can do most as in chronic or "hopeless" disease and in convalescence the doctor is most important"

What is it that makes people afraid of death? Is it simply the fear of the unknown, or the fear of an endless nightmare "Fire in that drop of death what dreams may roam." Is it based on the fact that our life seems incomplete and that great deal of enough time on earth it would reach completion? Is it based on a fearful expectation that our life is marred by sinfulness that it merits only punishment of unbearable intensity?

It would be wrong to let a person suffer just because this would "postpone a little the final reckoning." It would be right, to interpret in the light of the Christian faith the ultimate meaning of life and death and of the nature of "the final reckoning."

Methuselah lived to the age of 969 but what comfort or hope or blessedness was that for him or for us? Jesus life at about 33 years, and then was put to death, but this life and death is taken to be the interpreter of life and death speaks comfort and hope in the revelation of God's forgiveness, of God's power and of His gift of life "For I am sure that neither death, nor life, nor angels, nor principalities nor things present, nor things to come, nor powers, nor height nor depth nor anything else in all creation, will be able to separate us from the love of God in Jesus Christ our Lord

A baby daughter was born Feb. 3 to Mr and Mrs. L. Bader (nee Beth McKenzie) New Westminster B.C. Proud grandparents are Mr and Mrs. Bob McKenzie, Edson.

REVOLUTION IN A TEA KETTLE

Trumpets in teapots are fairly common, but it is not often you find a revolution in a tea kettle.

James Watt did—and the world took a giant step forward, for in his tea kettle Watt envisaged the steam engine that started the Industrial Revolution.

Canada, more than most countries, has benefited from that revolution. Our industrial growth has given us one of the world's highest standards of living. Modern industries depend to a great extent on oil. Because companies like Imperial have made oil available at reasonable prices wherever it is needed Canadians are oil for more than half their energy requirements.

Monday's the night

We presume most citizens interested in affairs of Our Town have already made arrangements to attend the annual meeting of ratepayers this coming Monday in the Legion Hall. For those burgesses who haven't reserved the night we make another pitch urging their turnout.

Annual meetings provide a two-fold purpose in our local government. The initial part of the meeting is devoted to reports by the Mayor and Councillors and representatives of the School Division. The reports are followed by a question period at which time Mayor and Councillors are available to answer publicity, questions and suggestions presented by ratepayers interested enough to attend the meeting.

A full discussion will doubtless take place on the sewerage, water and street situations needed to keep up with Edson's development. The prospect of more than a quarter of a million dollars of this type of work is facing the Council this year. How are they going to meet it without increasing taxes?

One project we hope gets the annual meeting's endorsation is the one Councillor Walter Kertzman has been advocating each of the several years he has been on the Council . . . a start on a curbing program in the residential areas. This project has been included in the preliminary budget estimates. Then taken out as the Council sat down to shaving here and there to hold down the tax rate.

We think this one project could gradually transform the looks of Our Town more than any other improvement. The start does not have to be grandiose. Several standard steel forms to provide a curb and gutter could be purchased. Then the Town Works crew could pour cement into them when they were not rushed on some other job.

The coming sixty-odd Edson's 50th anniversary could make this a big year. An alert citizenry can help Edson soar even more. See you there!

HANDY SCAPEGOAT

Politicians are periodically in trouble and just as periodically they seek a scapegoat.

Often it turns out to be the newspapers, on which you can blame anything, if you have that turn of mind.

Mr Gaglardi, during his visit to Vernon last week, provided a shining example of that type of politician in a jam himself, he quickly found somebody else to blame

He blamed "the newspapers" for the Peace-Columbia controversy, for the little recession of 1960, and for a number of other things

He didn't say so, but you got the impression newspapers might also be to blame for Mr. Gaglardi's speeding tickets and his contempt of court fine.

"Don't believe what you read in the newspapers," he told anyone who cared to listen, and the implication was there instead, we should believe Mr Gaglardi

What politicians and others sometimes fail to realize, is that newspapers don't make the news they merely print it Politicians among others, make the news for better or for worse

And, if they do say things that don't look good in the cold light of printers type, it is hardly the fault of the newspapers

It's like the politician who tased a newspaperman with "making him look like a darned fool," because of a quotation used in a newspaper story

"But you did say it, didn't you?" queried the reporter

"Sure I said it, but when you print it you made me look like a darned fool," was the reply

If last week's speech is a sample, we can understand why Mr Gaglardi doesn't like newspapers, especially when they quote him correctly

And if there were many speeches such as his to report we might even go along with him when he . . . It I believe what you read in the newspapers.

The agent thought for a while, then said "Go ahead"

The actor opened one valise extracted a small rock held it in his forehead, then took a hammer and smashed it, breaking it to pieces

"Great!" the agent said, beaming forward in his chair. "That's nothing," the actor said casually He then lifted out a much larger rock from the valise, held it on his fore head, struck it with a ham mer and again it crashed to smithereens.

"Wonderful!" the agent said, now really impressed

"Nothing," assured the actor, "nothing at all." With that he reached down into the valise and with great difficulty extracted a small boulder which he placed on top of his head. With one mighty wallop he broke it apart!

"Marvelous!" shouted the agent, "I'll sign you."

As he started to fill out the contracts, he said, "By the way, what's in the other valise?"

The actor replied. "Aspirin"

CAPITOL REPORT

No one checked up at Lamont

By KEN MASON

EDMONTON — They held an inquest last week into the Nov 20 school bus-freight train disaster which took the lives of 17 high school students at Lamont.

And the situation was summed up very nicely by the chief coroner, Dr. Mac Lasker, as he addressed the six man jury. He said: it seems the barn door has been closed now that the horse has run away."

He was referring to the regulations which have been imposed and the precautions that are taken SINCE the cold November morning when the speeding freight locomotive sliced the loaded school bus in two.

Evidence given at the inquest concerning the hiring of school bus drivers and the standards they are required to meet were mighty revealing Not that the regulations weren't on the books They were there — but enforcement was lacking.

It was established in evidence that the driver of the bus, Frank Budney, did not have a class "A" driving license as required under Alberta law to drive school bus drivers.

But the startling thing was that no one had ever cared or seen to have his license. Even when the school division board voted to place Budney's name on the list of approved drivers, it didn't occur to anyone to demand that the driver produce his license.

Budney was employed by the owner of the school bus Gregory Mosbanski of Lamont, who had a contract with the school trustees board to provide bus service. The contract specified that Mosbanski must drive the bus himself or provide a properly licensed driver.

Evidence was that Mosbanski never demanded to see Budney's license. He apparently took it for granted Budney had an A license So did a previous employee who found Budney's driving satisfactory and recommended him to Mosbanski.

Another previous employer told the jury that before he hired Budney he gave him $5 to pay for a medical examination as he could qualify for an "A" license. He said Budney reported back to him that he had "no trouble" obtaining it. But the employer didn't actually see Budney's license.

Budney himself testified that he didn't recall anyone asking him if he had a class "A" license. But others — including Mosbanski — said they asked him and were sure he was properly qualified to drive a school bus.

THOSE HIGH SCHOOL COSTS

Judging from reports out of Edmonton, provincial cabinet ministers are showing an increasing awareness of the province-wide concern over rising school and particularly construction costs.

Municipal Affairs minister A. J. Hooke has gone to considerable length to throw cold water on the notion that the municipalities can expect much more in the way of direct financial help from the province.

His colleagues, the provincial treasurer and education minister, have backed up this view.

One suggestion to stem the rising cost tide Cut out frills in construction. Most citizens would agree, providing the quality of the schooling or school experience is not harmed. And it seems to us that some of the "frills incorporated in our latter - day schools contribute little to either. Similarly a long hard look might well be taken at the relative costs of the low-slung, sprawling buildings that are blossoming today and yesterday construction.

The problem might be eased a bit but it certainly won't be solved completely by adopting more modest construction standards.

This question of runaway school costs must be of particular concern to a prosperity-crowing city like Grande Prairie. We can be sure that the problem is going to be with us in acute form, for many years to come.

Part of the problem, it seems to us, is how much longer one class of taxpayer—the real property owner — can continue to carry a disproportionate share of school costs.

If anyone had demanded to see his license, it would have become known that he had a class "2" permit — which allows him to drive passenger cars and trucks with a gross weight of less than 6,000 pounds.

In fairness, even though Budney didn't have a proper license all the people who employed him said his driving was completely satisfactory.

Chances of the same sort of situation developing again have diminished since the accident Officials of the Lamont School Division testified that they now must file with the Highway Traffic Board a list of all bus drivers, complete with driving license numbers. In addition, drivers have been called in to produce their class "A" permits.

And a Lamont school bus driver who testified said that since the accident drivers have been opening their bus doors before crossing railway tracks — not necessarily for better visibility, but to be sure they can hear an approaching train.

The jury came in with the best verdict it could in view of the conflicting evidence over such things as whether the bus stopped before it moved onto the tracks The driver couldn't say because he lost his memory.

It said the driver moved onto the tracks when it was not safe to do so, and said the speed of the train (around 80 m.p.h.) was "in excess of what we consider safe" at an unprotected crossing near a community.

The jury also recommended a number of safety measures, including flashing lights for trains height colors to make them as conspicuous as possible, and some sort of distinctive auditory whistle or horns on trains for emergency use only.

It also recommended that drivers be required to open the doors of their buses when they stop for railway crossings. And, perhaps the most significant of all, it recommended that school bus regulations be "rigidly enforced."

The most striking thing about the inquest evidence was the apparent situation of no one being in a position of final authority to see that the regulations were obeyed. The regulations were there, but everyone left it to someone else to enforce them.

Probably school bus operation in Alberta will be safer as a result of the accident and the investigation. But as we said once before, it seems an awfully high price to pay.

What's Cooking

When you stand in heaven's gateway,
And your color's not just so,
Will St. Peter say, "Please go away,
You're black you go below"?
Or will you be a white man,
And will St Peter say
"You did too well on earth - in hell
You may not feet so gay
"I do not go by color
Your name's not on my book:
So go below and try to show
The devil how to cook"?

S. G. Clark

LETTERS TO THE EDITOR

Sir:

It has been said that if we look far enough we can always find something to complain about; but judging from all the confusion concerning the much publicized Farm electrification Program, it would appear one need not look far

From the view point of potential customers, the entire set up is nothing but one huge mystery

A recent rumor to the effect that there is at present a shortage of power poles lends one to doubt the efficiency of those responsible for materials Why with the current power drive in full swing, should there be such shortage?

There seems to be a definite lack of co-ordination between the "powers that be" with the unhappy result that we are getting nowhere fast.

Everywhere along the line, full are becoming so hopelessly entangled in red tape They are beginning to wonder why they bothered in the first place

Farmer

☆

Dear Editor,

I am one of the group of parents who is very much against the further streaming of the elementary classes Although declared as "not a very radical move" it is still another step towards a mass production type of education, whereby it loses sight of the individual rather than singling him out for special help

At the recent Home and School meeting, Mr Kratzmann stated in effect that Edson was among the first to try streaming and certainly the parents would not regret it now As far as this parent is concerned he is very strong I would like to see the good old Grades 1 to 12 come back, where there didn't seem to be quite so much distinction between the "slow" classes and the "fast" classes When streaming system was first introduced one very pleasant idea was that no child would actually be "failed" a grade which might be had psychologically for that child be it better, then, for a child to be branded as "Slow grade 1 Slow Grade 2 and Slow Grade 3" as some do now.

After all, one year's failure in Grade 1 (as an example) would probably be a blessing on a competitive level with the next year's Grade 1 and the one falling seem to forgotten With streaming, the slow child is continually reminded that he is just that. Probably if he were in with the class with a faster learn ing ability he would automatically be striving to reach their standards, and I imagine the teacher would be striving to teach him up to those standards.

When I went to school, a very advanced student was "skipped" a grade There weren't very many of them then and I don't think there are so many of them now. Not enough to warrant a revamping of schools The greatest damage seems to be done to the "slow" child and isn't there a far greater percentage of "slow" children now than the few who failed one grade in a few years ago ? If the child isn't 'failing', why is he spending four years taking Junior Primary Grades and being separated while doing so?

This proposed to further streamline classes has been called progress by those who supervise our schools Possibly it is a progressive move for the principals and superintendents and other administrative people, but what of the student, who should have first consideration? It was stated at that particular Home and School meeting that the administrative staff had found that minimum work better for larger more conventional courses Works better for whom?

Hasn't our standard of education been gradually declining over the past few years? Aren't we learning a lot and reading a lot—with facts and statistics to prove the point, about the little learning students are expected to achieve now in comparison to the same age level several years ago?

Perhaps progress isn't good for all things Certainly it doesn't seem to be effective in replacing good old learning—and being taught to work at learning Pupils in top many classes are just not being made to work and study enough to put forth their best effort except where they have been fortunate enough to have a teacher who began teaching when teaching ought to be, because they had the earnest desire to instill knowledge into their pupils and not only to do so.

Pertaining to these years it couldn't have been dedication to their pay cheque or the desirable hours Although the curriculum was also their guide then there weren't so many printed workbooks and teachers laid out a very good deal of the work themselves requiring extra work after school Extra time was always found to spend with a child who was having a problem but found some things a little hard to learn

Those teachers worked at teaching and expected pupils to work at learning Perhaps relatively some of them are still in circulation The horror of too many of the teachers of recent years is to be relieved by follow the set pattern of the curriculum and the printed workbook, without adding too much of their own ideas of learning

Is it because they don't have the desire to help the students learn more or perhaps because they don't have the ability? A child will generally try to do what is expected of him but child life will not take the initiative Therefore if he has a teacher who expects his best efforts and will herself put forth her best effort to bring out the best in the pupil that pupil can't do any less than his best.

However on the other hand is the outsider disrupted teacher who doesn't expect too much of her pupils and has just children I don't like to be too hard on them I don't want a teacher to be hard on my child but discipline and work go hand in hand with school and there is too much laxity in both in a good lot of cases

The teachers and parents are supposed to work together for the good of the child but I for one don't have too much success getting my daughter's teacher to cooperate with me on the one point that I know as a parent to be my daughter's right busy hour This particular teacher seems obscure and very likeable but something is lacking I do believe the brighters are on a spot with the dissatisfied parents like myself on one hand, and a curriculum so full of extras on non-essentials, as to limit the time allowed for the primary purpose of school Children can skate after school or go to dancing classes if their parents so desire Reading is wonderful for children but not as important as spelling

Pupils with real artistic ability will need to have a better qualified teacher than we have with us in order to make a career of it These things make a save school day for both student and teacher. I expect but I wonder if the teachers don't sometimes waste a little more time for readin', writing and arithmetic spelling These are the subjects that build a good foundation for future learning

My personal opinion is that the administrative powers are overestimating their knowledge, training and practical experience in the wrong direction I believe they are concentrating too much on progress not enough on the essentials of school systems and are overlooking the basic reasons for schooling Perhaps those people would do a better service with their excellent qualifications if they were to start a crusade for bettering teacher methods

Perhaps in any other field an incompetent worker is out of a job Why aren't we discouraging for a really good teacher to have brought out the highest standard possible, in her pupils only to pass them on to someone who cannot or will not carry on that standard Does an intelligent child suddenly become 'slow' as a natural course of events?

It would seem to me that a back to work and do it now 'slogan' is more what we need than further streamlining and the former doesn't sound as though it would have as much ill effect as failure Mr Kratzmann says "We want to try new may have to repress a bit, but please let us experiment" Mr Carlson says "I'll give it a try see how well show up in operation" Haven't we experimented with the primary grades enough? Must we experiment with these same children again this summer except the room covered parents stepped in and said while this report sounds interesting and possibly progressive in taking place the years used by the students cannot be replaced to have a second try

The pattern has been set in these formative first years and if it's the wrong pattern it's the child who is the loser

I expect my opinion should have been voiced at the meeting with Mr Kratzmann this year. I found that when the notices from the Home and Greed with or questioned the proposal the meetings were very rather confusing and unreasonable time to answer This is very effective way of Boosting too many voices of dissent as not too many people are anxious to become a public issue Besides I have devoted too much as I wouldn't have been allowed to have my say My hat's off to the few who had the courage to speak out

I think in all fairness to both pupils and parents this proposal should be put to a plebiscite and should not be allowed to be decided upon by board members

By DICK SOCKINS

A State of Mind?

The real price squeeze is a very real thing. The economic position of farmers relative to the rest of the economy has deteriorated over the past number of years. But as we have pointed out on other occasions in this column there is a steadily widening gap between the incomes of neighboring farms which a few years ago were in roughly the same position. From a similar starting point, one farm family will steadily advance and improve its position, another will with difficulty maintain its position, or perhaps slip backwards. Why?

Many possible reasons suggest themselves. It is, of course a matter of management. The well-managed farm is the one which progresses. Good management, which is the making of good decisions makes the difference.

But why is one man a good manager, and another a poor one? Education has something to do with it, however a well-educated person probably has the training that enables him to make better decisions than his less well educated neighbor but formal education is only part of the answer. We all know people with limited schooling who are good farm managers. It would have been easier for him had he had the advantage of more education. But to some extent he has overcome this by educating himself. He has read quite widely. He has absorbed all the available information about better farming that is useful to him—attending short courses and meetings, using the services of the Department of Agriculture, reading farm publications, hearing farm broadcasts on radio and TV. Perhaps he has attended a farm management course in his district.

Why has he made this effort? It has obviously paid off for him. Perhaps we should ask, why has his neighbor not made a similar effort? I suppose it is a matter of personality, or perhaps we might call it a "state of mind". Perhaps it depends upon self-confidence or lack of it, optimism or, pessimism, a faith in his own ability to succeed or attitude of defeatism.

At any rate, it is usual to hear the more successful man say, "That sounds like a good idea, with a little alteration it might work well for me." The unsuccessful neighbor retorts with, "That's alright for the rich guy, but it's no good to me." The successful operator sees a problem and sets to work on it; his neighbor thinks the Government should do something about it. And so on.

All of which doesn't prove anything very much. But perhaps it shows that an essential ingredient of success in farming is optimism, a faith in oneself and the future, and a determination to use one's own ability to make that hope of future success come true. Perhaps you could call it "A State of Mind."

Hear about the termite who entered a cocktail lounge and inquired "Is the bar tender here?"

BUSINESS PROPRIETORS

DO IT NOW—WITH A SMALL BUSINESS LOAN

Small business proprietors in the manufacturing, wholesale and retail trades and service businesses, can now obtain intermediate and short term credit for improvement and modernization of equipment and premises. Businesses with a gross annual income not exceeding $250,000 are eligible. The loans, applicable to both fixed and moveable equipment as well as the improvement of premises, are available in amounts up to $25,000 for periods up to ten years.

Businessmen should have their projects fully planned and estimated before approaching their bank for these government sponsored small business loans. Business associations can provide advice and assistance, especially in the store planning area.

Winter is the very best time to carry out improvements to equipment and premises when men and materials are available.

You are more likely to get a faster and better job.

For Full Details on the Small Business Loans Regulations, see your Bank Manager.

Why wait for spring?

Issued by authority of
Hon. M. Sauvé Minister of Labour, Canada.

What Color Shall I Choose?

Have you a redecorating program scheduled for spring 1961? Consider your choice carefully and plan ahead

Let's look at some characteristics of the colors we will be contemplating. What red or shall I choose" The answer to this question, of, etc The answer to this question is dependent upon many factors among them these

—What room is it? Room you room, kitchen, bedroom or living room" Colors which are suitable in one need not be happy in another

—What side of the house is it on" Usually rooms facing south or west are warmer than those facing north or east

—Who uses the room? One boy or one girl or everybody

—What is the furniture drapery, and floor covering like in the room? Do they suggest a definite color?

—How much time have you for upkeep? Do you have children and or pets, who make it necessary for you to scrub walls and doors often?

—How long do you expect the paint job to last? If you plan to leave it for several years, be more conservative with color so that you aren't likely to get tired of it

The Use Of Color

There are two general color groups:

WARM: Colors with red, yellow and orange in them. These colors advance toward you, they are exciting and consequently are not restful

COOL Colors with blue, green and sometimes white in it (some purples) These colors tend to recede away from you so can make a room appear larger While these colors can be restful, one must be careful because they can also be depressing As the general names suggest, warm colors make a room feel warmer; while cool colors make rooms feel cooler.

So, a general rule is: Use warm colors in rooms facing north and east and use cool colors in rooms facing south and west!

ANNOUNCEMENT

Mr and Mrs Allan Mah are happy to announce the arrival of Corrie Marie, 6 lbs., 2 ozs., Tuesday, Jan. 31 at St John's Hospital, Edson.

ELEPHANT BRAND FERTILIZER PAID FOR THIS TRACTOR

This is how we illustrate a basic principle — "It doesn't cost, it pays to use fertilizer." Fertilizer can provide the money for those many things you need to make the job easier or your family living better

You make more money in two different ways when you fertilize with Elephant Brand. You grow better grade crops which sell for higher prices; you get greater profit from each basket because it has cost you less to produce each bushel.

GROWING WHEAT?

You can make extra profits of $9.75 per acre and even more by fertilizing your wheat crop.

Here is an example of how fertilizer increases profit from wheat.

Increased yield per acre with ELEPHANT BRAND	10 bus.
Value of increase (Wheat valued at $1.25 per bushel)	$12.50
Approximate cost of fertilizer (90 lbs. per acre of 11-48-0 on summerfallow)*	$ 2.75
EXTRA PROFIT PER ACRE	$ 9.75

*Based on stubble, when properly fertilized can show equally profitable returns.

ELEPHANT BRAND PLUS VALUES

- Rainbow blue granules
- Free flowing
- Palletized
- All fertilizer highly water soluble
- Strong, weather-resistant one-ply bags
- Fast, reliable service assured by adequate stock

Ask your dealer for your copy of the ELEPHANT BRAND NEWS BULLETIN

ANNOUNCEMENT

Mr and Mrs Allan Ehantz wish to announce the January 18 arrival of their second grandson, Vincent George, son of Mr and Mrs Ted Chaychuk (nee Lisa Ehantz) of Cedar Springs Ranch, Sorrento, B.C The 7 pound, 6 ounce baby was born in the Crown Nest Pass hospital, where his mother had served for three years as a nurse, prior to her marriage

An open and shut case for an airtight car

Pick a Volkswagen. Any Volkswagen, old or new. Watch the owner get in. Chances are he's in the habit of opening the window before he shuts the door. The reason. His Volkswagen is airtight. We're keep hearing that the VW actually will float!

When a Volkswagen leaves the factory, everything fits. Every part stays as tight as a drum for years and years. Volkswagens don't do valve rattles, even in their doings. And they don't rot away beneath you.

The Volkswagen is a solid car. It was designed that way, and our factory employs three thousand inspectors to keep it that way. Completed cars are rejected for faults and blemishes you couldn't spot with your naked eye. We take pride in the Volkswagen's finish, inside and out. Lap and bottom, the VW is dipped and sprayed through five coats of paint.

When you buy a Volkswagen, you make a lasting investment. An investment that we go to great lengths to protect.

Because of the way the VW is designed, your running costs are cut way down. Because of the care with which it is constructed, it stays new longer and grows old more gracefully. That's why you see air and seven-year-old Volkswagens running around like two-year-olds. And that's why they hold their trade-in value better than any other car.

But we don't think the VW is so good it can't be improved. We are constantly finding ways to make it a better car.

For example, the ones now in the showrooms have a new engine that produces 30% more passing power, but with the same gas economy. Near all four gears are synchromesh. You can change into first without stopping. There's more space under the front hood. You can take most batteries, the VW is dipped and sprayed through five coats of paint.

When you buy a Volkswagen, you make a lasting investment. An investment that we go to great lengths to protect.

This is your nearest Volkswagen dealer. He is part of a network of 321 efficient VW service centers right across Canada.

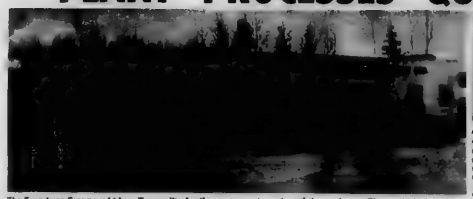
PLANT PROCESSES QUALITY "VALLEY BRAND" DAIRY PRODUCTS



The Evansburg Creamery Ltd. — Top quality for the consumer, top prices of the producer. The result: high standard "Valley Brand" dairy products everyone can enjoy.

A 22-FOOT REFRIGERATED VAN now operates to distributing warehouses at Drayton Valley, Edson, Hinton and Jasper. Low temperature maintains the quality of the product in transit direct to low temperature storage at the various distributing points. Fast service and low temperatures is the key to maintaining and delivering a quality product to Mrs. Consumer. The "Valley Diary" is again driven by Mr. Fred Craft, now a familiar sight on our We t Highway, reminding "Valley Brand" customers of it ... making a regular supply of their daily milk requirements

Consolidation:

On June 29, 1950, the actual processing of milk products at the Edson Dairy Limited was discontinued, as was also decided with the same operation at the Sangudo Creamery Ltd on August 15 1950. The processing of milk was consolidated at the Evansburg Creamery Limited as it was the central point having the necessary facilities for expansion. Consolidation made it possible to provide new up-to-date equipment and methods to provide the variety of quality products necessary on a competitive market.

Local milk shippers were in no way effected by the consolidation since provision was made to handle their output on a daily basis through the Evansburg Plant

Valley Dairy Ltd. one of largest independent groups of Creameries

EDMONTON — Valley Dairies Limited with head office in Edmonton now operate one of the largest independent groups of creameries and dairies in Western Canada, with branches at Athabasca, High Prairie, Lac la Biche, Sangudo, Evansburg, Drayton Valley, Edson, Hinton and Jasper

In 1944 the Athabasca Creamery Limited manufactured butter, distributing milk and processing eggs and poultry in season, was purchased and since disposing of the Edmonton operation to the Alberta Poultry Marketers in 1952 Mr Smith and associates have expanded their creamery and dairy operations acquiring the Sangudo Cream ery Limited in 1950, High Prairie Dairy Ltd. 1951, Edson Dairy Limited 1950, Evansburg Creamery Ltd 1950 Lac La Biche, in 1950 the Park Dairy Limited in Jasper

The rapid expansion of this organization in comparatively few years testifies to the confidence placed in the development of our rural areas particularly west of Edmonton.

The new plants at Evansburg and Edson, the new distributing warehouses at Drayton Valley and Hinton and the renovated premises of Park Dairy Limited at Jasper now provide facilities most modern and up-to-date so as to process and distribute dairy products of the highest standard and quality

PETER CHERMEN of the Edson Plant who in his position as manager-supervisor is in charge of sales promotion for the district.

RECEIVING ROOM: Only top quality milk accepted

Valley Brand Products From Selected Producers

Only raw milk of top quality is accepted from milk shippers having facilities that are subject to inspection and approval of the Local Department of Health. The Milk Producers of Edson, Evansburg and Sangudo are inspected each year through the Department of Health and are subject to periodical ... At which time samples of raw milk are taken for laboratory analysis and temperature which on arrival at the plant should not exceed 50 degrees Fahr ... Creamery Ltd has installed cooling and raw milk storage facilities to maintain the quality of raw milk until ready for processing. With the equipment all milk is cooled at 40 degrees on receiving and is held in an insulated refrigerated storage tank of 15,000 lbs capacity

Valley Dairies Ltd are proud of the manner in which its many milk and cream producers have continued to improve both the quality of their product and their farm facilities so as to provide a raw supply necessary to produce "Valley Brand" Dairy Products of the best possible quality

Full market value to producers for Cream, Milk, and Eggs

The plant at Evansburg, manufacturing butter, processing dairy products and grading eggs serves a real need to the community, offering to the producers of the district full market value for their cream, milk and eggs and a supply of high quality products to the stores and consumers in a vast area

The new creamery and dairy built after fire gutted the old Frame building in July 1947, is equipped with the finest up-to-date equipment with cooler and freezer facilities to ensure the distribution of top quality products at all times. The creamery has now installed the latest in pasteurizing and milk treatment equipment which permits higher pasteurizing temperatures for shorter holding periods and provides a uniform quality and flavor the year round. Automatic cooker type bottle-washing equipment has been installed along with equipment to provide a bottle sealing cover or hood for consumer convenience and protection against contamination

The creamery and dairy distributes its products north to Sangudo and Whitecourt, east to Carrot Corner including the resorts of Alberta and Lac La Biche, south to Drayton Valley and Ledgepole, and to many all points west to Jasper

The name "Valley Brand" identifies all products distributed. The new slogan "Quality Perfection for Your Protection" exemplifies the confidence and pride the dairy places in its products.

The creamery operates a sizeable fleet of trucks including a 22-foot refrigerated van which delivers products for redistribution to refrigerated warehouses at Drayton Valley, Edson, Hinton, Jasper and Sangudo.

The Evansburg staff numbers 12 to 15 employees all of whom are most efficient in their respective work and anxious to be of service to producers and customers dealing with the creamery and dairy

The creamery is serving a real need to the producers and to business outlets of the district serving in many areas a door-to-door consumer dist "Valley Brand" quality at all times

ADDED PROTECTION FOR "VALLEY BRAND" CUSTOMERS

Sealon hood on milk bottles eliminates re-contamination

"Valley Brand" milk products are first with the much demanded milk bottle hood or cover. Mrs. Consumer no longer feels it necessary to wash the opening of each bottle of milk delivered, before it is placed into the refrigerator

The new Sealon Hooder seals the plasticized cover at a temperature of 450 degrees Fahr This high temperature not only sterilizes a bottle already clean and germ free, but seals in the bottle opening against re-contamination and dust which is so often a problem during the hot summer months Another feature for consumer convenience, and to protect the "Valley Brand" quality at all times

New High Temperature Short Time and Vacuum Treatment Equipment Installed At Evansburg

The new HTST (High Temperature Short Time) pasteurizing permits the processing of milk at much higher temperatures for shorter holding periods. Formerly milk was pasteurized at 143 degrees Fahr and held at this temperature for 30 minutes before cooling and bottling

The new process permits much higher pasteurizing temperatures for a minimum holding period of 16 seconds Temperatures vary depending on the type of product processed however in accordance with regulation this cannot fall below 162 degrees for 16 seconds hold The new equipment automatically controls pasteurizing routine and ensures treatment of all milk so as to provide a product more uniform in flavor and has a much longer keeping qualities The Vacuum Chamber for treatment of milk provides more uniformity of flavor since it removes characteristic milk flavors as evident at various seasons of the year due in part to changes in feed conditions

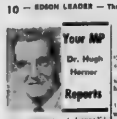
EDSON DAIRY LTD.

ALBERTA



Your MP Dr. Hugh Horner Reports

[illegible] Jasper-Edson

[illegible] to review with you some of the achievements [illegible] to date. There [illegible] program outlined in the Speech from the Throne [illegible] now a number of [illegible]

[illegible] Small Business Loans [illegible] to protect it gives [illegible] to the investment business environment looks very [illegible] Farm improvement loans [illegible] The maximum loan is $25,000 over 10 years and are available through the banks. From the response I am sure that this will do much to help us replacement as well as allow the small business man to compete better with the larger companies.

The second important act are the changes in the National Housing Act. These are four fold:

1 Lower down payments on houses, 5000 loan on a $ 9,000 home.

2 More help for cities in revitalizing land and using it for housing development.

3 Help to urban areas to rehabilitate older sections

4 Help to municipalities for sewer and water systems to keep our water resources pure. Here the Federal Government will make loans up to 2/3 per cent the cost of sewage disposal at government interest rates to municipalities. If they have these projects finished by March 31, 1963 one quarter of the loan and interest will be written off. In effect, this means a direct grant of 16.6 per cent of the total cost. Many of our towns are having sewer and water trouble and I hope this will enable them to proceed with their projects

Prior to Christmas the Minister of Finance brought down the baby budget. There are many provisions here to stimulate the economy and I would like to tell you of them

It is proposed that effective January 1 1961 small companies will be allowed a lower rate of income tax on the first $35 000 income in place of $25 000. Companies and especially those which are not large enough to have ready access to overseas markets are in a position to enlarge their scope of operations and provide more employment if their immediate needs for cash to pay [illegible] are lessened.

Further to promote more jobs and more processing of our raw materials in Canada, the Government will allow double depreciation on capital costs. This will apply to [illegible] industries using new processes not hitherto used in Canada and likely to [illegible] which will produce new types of goods.

The other important source of hole budget were those associated with non-resident investment. The direct withholding tax has been increased to 15 per cent on non-resident dividends payable outside of Canada. This will have the effect of foreign owned subsidiaries spending more in Canada for Research and the like which before they got from their parent company free. This will help to keep our trained research workers

FENDER DENTS USEFUL

— By A. MORTIMORE

With a display of plenty [illegible] on new cheapie in a [illegible] gasoline cans tinny [illegible] cans of dominoes?

[illegible] plaud the desire in my car [illegible] I don't think it [illegible] Too loud," they say [illegible] sort of evil "How did it happen?"

[illegible] happened a year ago," [illegible] answer lethally, "and my wife did it. I haven't bothered to get it fixed."

At this retort, a disbelieving smirk spreads over the questioner's face "Ah, you" he says. A lot of suspension exaggeration can be packed in to those two words

It's true! I stop back. The dent is ready, ornery, and turns to go.

[illegible] to the room as when I should knock him down with a vertical kidney punch, such [illegible] "Remember that time in [illegible]

I come in Canada. It will also [illegible] train non resident Canadian companies will now be on a par with non-resident companies, something which I believe we needed, particularly in the development of our raw materials.

Another result of this budget was to bring the Canadian dollar down to par with the American This will mean a great deal to our exporters and will by 2 - 4 per cent add to their competitive position. This means that our farmers will be in a better position also, our value of wheat, in the hog, egg and produce markets, and as costs of imported machinery from the United States.

The real highlight for our rural areas will be the rural redevelopment program now being introduced by the Minister of Agriculture. I am hopeful that this program will lead the way in giving to our rural people a fair share of the good things of our economy. Better land utilization, rural industrial development and new products will give an opportunity to our towns, villages and farm people that they have never had before.

I would appreciate hearing from any of you who would like more information or have some advice to give

H. H. Horner, M.D.M.P.
Jasper-Edson.

MR. LLOYD MAHON made the presentation of the Edson Motors Trophy to Second event winners in the High School Bonspiel, Joe Replach and his rink. Rink members are, from left to right: Fred Mazurin, third, Rowan Goldsmith, second and Lynne Leavin, lead. Second place winners in this event was the Lenny Bazarsky rink.

Calgary Power extends expansion program

Calgary Power Ltd completes [illegible] per cent at the end of 1960 35 per cent [illegible] square miles. The Company has served the Province for fifty years next which per [illegible] 75,000 square miles. The Company has served the Province for fifty years next which percentage [illegible] of low cost electric ser[illegible] who purchase the principal [illegible] of the Province.

The Company's load reached over two billion kilowatt hours in 1960 — over twice what it was in 1954. To meet this rapidly growing load, further expansion of plant and distribution facilities was completed during the last year

Extensions to the Spray and Bundle hydro plants, on the Bow River added 102,000 horsepower to the system bringing the Company's total generating capacity to over 630,000 horsepower. These [illegible] were made during the [illegible] of the Spray and Bundle plants.

The [illegible] and remote Control Center at Seebe was extended to accommodate the new units at Spray and Bundle. With this addition the total plant capacity remotely controlled from this center totals 404 000 horsepower located in ten plants on the Bow river.

In recent years the Company has developed a combination of hydro-electric and thermal power plants which supply its customers with power at the lowest possible cost The hydro plants are designed to carry the system's peak load and the thermal plants the base load. In 1956 the system was principally hydro, however at the end of 1960 35 per cent [illegible] the Company's generating [illegible] was from thermal units and [illegible] per cent from hydro. [illegible] 1960, construction commenced on a third unit of 200 000 horsepower capacity at [illegible]

G. H. Thompson, President of Calgary Power Ltd., has announced the appointment of Fred Y. Gale as the Company's new General Manager succeeding A. W. Howard, former General Manager and now Vice-President of the Company. Mr. Gale, like his predecessor, is an Albertan by birth and an electrical engineer by profession. He is well known throughout rural Alberta as Manager of Farm Electric Services, the organization set up by the Company for the electrification of Farm areas. In addition to his new duties, Mr. Gale will retain a direct interest in the Farmers' problems and their electrical operations.

THE 60MW CONTROL CENTRE, LOCATED NEAR CALGARY POWER'S first hydro plant at Horseshoe Falls, is the complete and remote control headquarters for ten of the eleven plants on the Bow River system. These combined plants provide a total capacity of 630,000 horse power. From the Control Centre one man can regulate power going to serve farms, homes, cities and industries. Control extends to the Wabamun Thermal Plant near Edmonton which supplies the Edson and Hinton districts. Remote control equipment installs automatic sequences at the various hydro plants and indications are received by the operator of equipment condition at each location and in the transmission area. Photo includes new panels recently linked to new units at Spray and Bundle Plants. Because the Control Centre is unique in the percentage of plants under automation, the Company tells the story of the system in a recently completed film "Behind Your Cloth."

Edson publisher guest speaker at C of C meeting

HINTON—

Members of the Chamber of Commerce attending the monthly meeting last Monday in the Timberland Hotel banquet room learned from their guest speaker, Mr Doug Cotton of Edson, what it takes to produce a weekly newspaper in this area.

Mr. Cotton, a former printer of The Herald and who is the publisher of the Edson paper, said that upon coming to the district in the "hungry thirties" as a line operator for the Edson-Jasper Signal operating at that time, he felt he had really come to God's country. One reason was that most of the residents in his area district in Saskatchewan were on relief while at that time Hinton's railroad and the Coal Branch wages seemed like paradise in comparison.

He said that during the war, wherever he went in Canada and overseas, he met people comparing his adopted home town with those he now and he wanted to return to this part of Alberta. A few years after the war he opened up his own printing business which is a comparatively short time began to publish a paper in competition to the one then in business.

Mr Cotton told Chamber members that a small town weekly's also was the same as many other business in town, that of meeting a living, at the same time acting as a medium through which news and advertising of local interest could reach all members of the community.

He said this district has one of the brightest futures in Alberta. He said he felt he was a member of the Hinton Chamber also as he had established The Herald with the boom which had led to the need to play with the town's development. What is good for Hinton is good for The Herald also. The paper's aim is to make Hinton a better town in which to live and work.

The business part of the meeting included the reading of a letter from Mr C. R. A. Rice of CFRN regarding TV. Mr. Rice said that the booster project would need to be completed at Edson before proceeding to Hinton.

At present plans for a TV satellite north-east of Edson about one mile. The beam would be picked up east at Current Creek and micro waved into Edson, but it was not known whether it would help Hinton or not, according to Mr R. K Mahon, a member of the Edson Chamber who was also a guest at the meeting. It was decided to have Mr. Rice attend the April meeting of the Chamber if possible to let members know what may be expected TV wise from that source

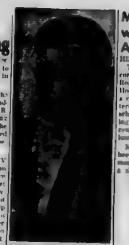
A summary of the map sign that is to be erected at either end of town was passed around by Dexter Champion. These signs are to be proceeded by 200 yards on the high way by "Welcome to Hinton" signs so that motorists will have time to slow to reading speed by the time the sign has been reached

Mr Champion said he was always being asked why the Chamber was on sentence to use the road to Grande Prairie brought on to standard width. He said that hauling was the most issue it, because the B.C. provincial government is doing all it can to have the main north-south highway built through their province.

Stan Smith told the Chamber he had attended a meeting recently of the Cadomin Development and Tourist Association which was made up of land owners surrounding Cadomin. The Association is boosting the development of the Coal Branch as a major tourist attraction This could in the future, mean a great deal to Hinton, located as we are on one point of the Hinton, Edson, Coal Branch triangle.

CANCER FUND

The following have donated to the Cancer Fund in memory of the late Nathan Tayler R. W. Young, James Rush and Family of Penn.



CANADIAN ACTOR JOHN DRAINIE, who reads stories by Canadian writers each weekday on CBC radio, is bloodily noticed for his role as a reason tour. He has a reputation as a man of many voices for radio and has had leading roles on television and in the theatre. As a high-school student in Vancouver, Drainie switched interests from athletics to acting after suffering a hip injury in an automobile accident. He joined the CBC in 1938 after gathering considerable experience as an amateur actor.

Musical show will aid Hockey Association

HINTON—

The cast of the musical comedy being produced by Roger Dutton for the Hinton Hockey Association will boast a cast of 71 hard working entertainers The show is scheduled for Saturday even ing, February 18 in the Crescent Valley School Auditorium Show time is 8 p.m.

Members of the cast have been practising for the past month and a half and have a show lined up that should be enjoyable for all age groups.

The entire proceeds of the show will go to the Hinton Hockey Association who have made a rare start in their initial few months of existance.

The Week's Weather

As reported by the Edson weather office:

Date	Low	High
Feb. 2	7.9	46.2
3	7.0	39.7
4	-1.2	30.6
5	10.6	42.0
6	30.4	37.8
7	32.0	47.1
8	13.8	44.2

Do tulips freeze?

HINTON—

Mrs. G Leeuth of Cadomin Square phoned in to The Herald office on Monday with a problem A rather nice one to be sure

It seems Mrs. Loveth has a bed of tulips at the front of her house and the bulbs think long the warm weather means spring is here have come through the ground and are a half inch high by now

The problem is, will the tulips get their tops frozen off the temperature takes a dip to normal or will they become hardy enough to grow to maturity and blossoms

It would certainly be nice to have tulips blooming in the middle of March

Let us hope

Reading the old books o'er, it seems the themes
Were oft' the triumph of the poor. The dreams
Of poets were of peace, goodwill on earth
Freedom from bondage and a great rebirth.
These are the things we write of, long for still:
But they elude us, or perhaps God's will,
Grinding so slowly as it does they say,
Will compass all in its deliberate way.
Till scarcely knowing what has come to pass,
We suddenly awake reformed en masse.

MAD'S THE WORD FOR Teen and Herd

As a result of the last Students Union meeting on Wednesday the "Kedanna" will be running back on March 18th. The Midsomo were out a couple of weeks back and the band is raring tops with the Edson Town So we will see you all there.

Speaking of dances, the Dominoes, consisting of the Kerkhoff family will be playing on Feb. 17 at the High School Auditorium. You should hear Dixie blow that horn and little Bergie sure can go at those drums, with big sister Judy at the piano If you haven't heard the Dominoes yet, get out and swing to some of their real swinging music.

I can't help but hear every

SEEN ON THE MAIN DRAG

—Fr J C Naphan driving his Falcon following a collision he had with a moose on a drive home from Hinton Passengers in the car at the time were Mr and Mrs. Fred Hindle Fortunately no one was hurt except mostly to a broken wind shield.

—Grandfather A. W. Lunn and still bragging about his first grandson, Brent Maddison Leonard, who arrived on Friday, January 13. You couldn't make Grandpa Leonard believe Friday the 13th is unlucky Baby Brent's parents are Mr and Mrs. Dennis Leonard (nee Mary Schur)

—Hugh Grant telling one and all about the Credit Union banquet next Friday to which one and all are invited

—Allan Mah, just arrived at work from talking his wife and new daughter home from the hospital and telling us that "It's pretty nice to have a daughter He admitted that the little man would likely get spoiled seeing as the first two junior members of the family are boys.

—Pete Rybicki, figuring it would be about ten days before he lost the shell on his foot. Pete broke his heel a few weeks back and has been getting "done out" of his curling games since then

body talking about the coming Kinsmen Banquet Noticed a group of girls at a coffee discussion about whether or not they should have a pajama party.

The runs for Karnival Queen is going of high swing and it does not look like the teenage boys are giving their candidate any support, so we suggest that everybody get out and sell some tickets for their choice.

Notice various members of the grade twelve class start ing to worry about their marks and whether or not they are going to be able to go to their chosen careers Better get at those books kids it's Yvonne time isn't very far away anymore.

Feels like spring and we better a certain cowgirl around town that makes it look like spring But look out you guys that's dirty weather way to catch a cold Nothing very specific here but I think that some people will understand what we are talking about

CARD OF THANKS

I wish to express my appreciation to Pat Cronin who accompanied me on the piano and to the Optimist Club for giving me the opportunity to appear on the "Search for Talent" Show on Friday

ROSEVEAR

Congratulations to Mr. and Mrs Ian Farrell (nee Gisela Sauter) of Edmon., on the birth on a daughter on (or via ordinary) Mr. and Mrs. Ian Farrell (both in Edmonton) Mr. A. Sauter of Edmonton and Mrs. Rosevear

Mr. A. Sauter attended the birth and is all his friends are saying he was very proud

A large crowd gathered to help Mrs. Fred Rosevear celebrate her birthday on Saturday when about 40 friends and relatives were present

Mrs. Rosevear received many lovely gifts and enjoyed herself very much

Happy Birthday Mrs. Rosevear

Edson Locals

Does anyone recall last February 29? Well all the news from nine months here in town there is certainly a marked increase in activities throughout the whole town generally speaking

Mr Ray Vinstad proprietor of the new Popular Place Trailer Court put up the Grande Prairie trail is also quite a busy man these days with all the trailers coming to town — but there is still room for several more in his spacious Park

Mrs Don McArthur celebrated her birthday last Monday We can't say which one, but she did say she is now eligible to vote. At any rate Lillian we wish you many more

Miss Connie Thompson, daughter of Mr and Mrs Ken Thompson of Edmonton, formerly of Edson, is also quite a busy girl these days with all the trous

ventured to forecast the future and predicted that by 1971 Edson would be a major city of 65,000 population, with the coal branch revitalized to utilize the coal here in the production of electricity for local industries.

The show proper then began with Mr A Kratzmann briefly introducing each act. A short recess was taken after every six acts in order to give the audience a chance to vote for their favorite candidate.

The program presented a pleasing variety and there were 22 contestants taking part. They came from Edson and the surrounding area as well as seven acts from Hinton.

The acts were as follows:

1) Mrs E. Petty and daughter Eva playing a duet on the piano accordion.

2) Lauren Vondin of Edson western vocal. 3) Ben Van Gunst giving a funny monologue entitled "It's in the Book", he also is of Edson.

4) Beth Miller from Niton a 12 year old girl who that same day appeared on "Ed-die on C'mere" on CFRN TV sang "Whatever will be will be" 5) John Meintzch and Jim Waler of Hinton with guitar and solo song 6) Oliver Kallio from Edson who played a mouth organ and a guitar simultaneously.

7) The singing Callaghans of Edson Twists age 6 Peggy 10 and Wayne age 12 sang two songs. 8) Shirley Langston, 11 year old Edson girl played the piano. 9) Billy Falk of Edson, 13 year old played the piano accordion.

10) James H. Smith of Edson gave a very amusing monologue on his 'Vaccination' in Paris. 11) Eddie Blake of Hinton sang "Why are you so curvious with my heart" 12) Ted Young a high school student from Peers, gave a top d ary performance which was very much appreciated 13) The Dominos from Hinton, an orchestral group consisting of 2 saxophones, guitar, piano and drums.

14) Susan McCrae a high school girl from Edson, 16 years old sang "When I am looking at you" 15) Walter Daeble, Edson High School student played the piano accordian 16) Roger Dolron of Hinton gave an amusing monologue 17) Kathy Kendall a 15 year old Edson High School student sang "The Village of St Bernadette" 18) Rudi Reichel of Hinton who only decided to start singing two months ago sang 'That lucky old Sun' accompanied by the Dominos 19) Billy Otterson a 13 year old boy from Hinton played the piano accordian 20) Carl Watson and Scotty Stephens gave united a black faced musical comedy act. 21) Reg Gauthier of Edson, western vocal

22) Ed Kamaniuk and Elsie Fryer a brother and sister team from Edson sang a duet.

This concluded the program. Voting was quite brisk and the following were the winners:

The for first place with 9000 votes Beth Miller and Ted Young each received a prize of $20.00 tie for second place with 6000 votes Kathy Kendall and Walter Daeble each received $15.00, third place was won by the Dominos with 5425 votes. Everyone present was very satisfied with a well planned and full evening.

THE TOP CONTESTANTS at the Search for Talent show, first place winners, were Ted Young of Peers, already quite noted for his top dancing and our popular little Miss Beth Miller of Niton.

RECORD TURNOUT AT ANNUAL MEET

The Edson Leader
The Voice of Edson Constituency
Vol. 9 | Edson, Alberta, Thursday, February 16, 1961 | No. 7

250 ratepayers out to hear Town reports

250 citizens crowded Edson's Legion Hall Monday night to hear the annual reports of the Town Council and the School Division to see what is probably a provincial record for such meetings. The meeting was partially auspicious because this is Edson's Golden anniversary since the Town's incorporation in 1911

Many of the citizens seemed to be expecting fireworks but were treated instead to sober statistics about Edson's projected expansion due to gas pipeline activity.

Mayor W. R. Brunelle, who chaired the meeting spoke about Council's planning on what could exceed a half of a million dollars worth of sewer, water and other extensions on a five year projection of Edson's needs

Consensus of the reports was that Edson was in good shape and had a bright future Mayor Brunelle assured the meeting that the Council was thinking of pensioners and others with limited means in facing this expansion The problems of the Town will be approached with intelligence and caution he said

MANAGER'S REPORT

Secretary Manager R. C. Gregg reported that the Council last year had budgeted for a $14,000 deficit, but that with overexpenditure in most departments this tentative deficit had actually been $18,675 Total expenditure for the operation of the Town for the year amounted to $347,868.75.

More oiling and gravelling of streets had been done than had been budgeted for. Wallace payments this year were up noticeably.

Mrs Stanchell asked if it was not about time the sewer system got a new diaper For the benefit of the meeting Mr Gregg explained that the new or being very shallow in front of Mrs Stanchell's home, the heaving of the manhole by the frost broke the pipe to the Stanchell home and that the brush had to be wrapped with cloth as a temporary measure

COUNCILLOR GORTZMAN

As chairman of the Works Department committee Councillor W. F Kortzman made his annual plea for a start on a curbing program for the residential area. Three important improvements can be done from current revenue, but it will take several years.

"We'll never have a good looking town," said Councillor Kortzman, "until we start curbing our streets." He estimated that the whole town could be done by borrowing about $200,000

Total works expenditures for 1960 amounted to $70,072 82 which put works next to school costs in size in the town budget This expenditure provided for new streets and alleys, concrete sidewalks ditching and an extensive gravelling and oiling program

A secondhand air compressor was purchased for $2,700, a loader for $3,530 and a snow bucket for $300 during the year.

Winter works program subsidized by the senior governments includes a sewer line on 48th South, an addition to the works garage, 700 yards

Continued on page 12

See left of page for School Division report and editorial page for full text of Mayor Brunelle's speech on the occasion of Edson's Fiftieth Annual Meeting.

School requisition probably not too much greater

One of the reasons for the big turnout at the annual meeting Monday evening was that the ratepayers who crowded the Legion Hall were expecting some kind of fireworks on the controversial elementary school program.

The proposed changes in the elementary schools are so controversial that between five and six hundred signatures have been obtained on a petition asking that the School Board take into consideration the wishes of the people before making a decision.

Solicitor L. P Kroetch stood up in the meeting and stated that he wished, on behalf of the petitioners, to inform the School Board representatives that the petition was to be presented to them.

School Divisional Board Board Chairman A. W. Leonard who shared the meeting with the Town Council, expressed the Board's appreciation to Mr Kroetch for bringing the matter of the petition to the attention of the Board

Mr. Leonard took the opportunity to tell the meeting that a questionaire for parents and interested citizens of the district was being distributed by the School Division to establish opinion on the subject of the elementary changes that had been proposed. The Board will be guided by the opinions of the people said Mr. Leonard.

Chairman Leonard in his opening remarks said that the Divisional Board, in carrying out its duties and responsibilities is dedicated to a specific purpose that of providing the highest caliber of instruction for the greatest possible number of pupils at the most economical cost to those who foot the bill.

The Board he said appeals to the tax payers, public, to evaluate the improvements and advances which have been made in recent years, and to look with confidence, but constructive, forebearance at their efforts to provide our child ren with an even sounder education than they are now receiving

Breaking down the revenue of the School Division, Mr Leonard pointed out requisitions from local ratepayers in the division accounted for 50.5 per cent, grants from the Provincial Government provided 41.7 per cent of the revenue and 3.8 per cent came from other sources.

Instruction takes 53.7 per cent of the revenue, debt charges 12.8 per cent, convey ance of pupils 12.2 per cent plant operation 11.2 per cent surplus (last year) 4.6 per cent and administration 1.5 per cent.

SECRETARY'S REPORT

Secretary treasurer D. S. Blundell gave a synopsis of the financial position of the Division giving a comparison of budget estimates with actual

Continued on page 12

Questionaire to survey adult opinion

To more accurately determine the thought out opinions of adults in the Edson District a questionaire is being prepared by the Edson School Division for distribution through the schools to parents and other adults interested.

Opinion and reaction to the proposed regrouping of elementary pupils will be sought An advertisement announcing this questionaire appears on page 11 of this issue.

No "U" turn signs on left

We wonder how many motorists have noticed our "No U" Turn signs posted along our Main Street.

We can safely state that these signs are posted on the wrong side of the street. If we were in England now, they would be just fine

For the motorists who have not noticed them yet they're on the intersections of 2nd, 3rd and 5th.

Otto Bellman marks 87th birthday

Friends and neighbors and the family of Mr. Otto Bellman joined recently in extending congratulations on the occasion of his 87th birthday.

Mr Bellman was born, February 12th, 1874, and came to this district from Germany in 1914.

He homesteaded north east of Edson in the Pioneer district for a number of years and moved to Edson in 1929 and worked for the CNR until his recent retirement in 1959.

Following his retirement he went to live with his son George for a number of years.

Mrs Bellman Sr. passed away in 1956.

MAYOR W. R. BRUNELLE gives keynote address for Fiftieth Anniversary annual ratepayers meeting.

To speak on women in Africa

Dr Pearl Price will speak to Edson United Church Thursday, Mar 2 at 8 p.m.

Dr Price was granted the honorary degree of LL.D. for fine service in Africa as a missionary nurse.

She will speak on Women in Africa. Everyone welcomes.

Hawks down Hulburd 4 - 3; now to advance against Hardisty

By NEIL BOLTYE

HINTON—

The Hinton Hawks, thanks to some sparkling individual performances, advanced further into the Alberta Intermediate "B" Hockey Playoffs by turning back the Hulburd Cranes 4 - 3 in the Edmonton Gardens last Sunday. The victory, coupled with Hinton's previous 7 - 6 win over the same club in Jasper, gave them the rugged but crowd-pleasing total-goal series by a 11 - 9 margin.

Ray Fortier's Hawks, an all-star team chosen from Hinton's and Edson's rosters in the North Western Alberta Amateur Hockey league, now meet the Hardisty Stampeders in the second round of the playdowns this Sunday and Monday at Hardisty. The coming series, also a two-game total-point affair, should prove to be a real test for Hinton as the Stampeders who polished off the Camrose Maroons 7 - 3 and 9 - 1 in their opening round, are considered one of the better Intermediate "B" clubs in the playoffs.

Getting back to last Sunday's encounter against Hulburd, the roles played by Peter Smilanich, Al Bjork and Dave Pierce were major factors in Hinton's 4-3 win. Smilanich came up with some sensational stops in the Hawks, playing with only two regular defencemen and 7 forwards, withered at times on the fast skating and hustling Edmonton team. He sent shifty Dave DeGraise every shaking his head on three break away attempts and came up with the pick on numerous goal-mouth scrambles.

Bjork, who possesses one of the hardest and meanest slapshots many a hockey fan has seen, rifled in two goals and drew an assist on another while Pierce always a steady blue line performer, came up with a good game on defense. Cranes Grab Two Goal Lead

Hulburd grabbed a two goal lead in the first period when Morchand backhanded a screened shot past Smilanich at 7:35 and Norm Horne, a former player in and around these parts, waltzed right in on the Hawk goalie to make it 2-0 on a picture goal. His pal got on the scoreboard twenty seconds later when Bjork took a pass from Reg Gerlitz, rounded over the blueline, and let go with a slap-shot which found the lower right-hand corner

Quick Goals Give Hinton Lead

Constant pressure by the Hawk in the Hulburd zone resulted in the visitors scoring two goals within one minute and fifty one seconds to take a 3-2 lead. Bjork on a pass out from Ed Milinski, scored

Soccer players needed

The Hinton United Soccer Club has started training in readiness for the coming season.

Last year, in its first term as organized football, the team performed creditably both at home and away and is hoping that this year will be better still. There is, however, a shortage of players and this association council sees trouble and loss of points last season.

It is felt that there are good calibre players in this area and team members would be pleased to see them with a view to their joining the club.

More information can be obtained by contacting Jack Craig, Box 2084, Hinton.

his second goal at the two minute mark in the game and Reg Gerlitz, left unguarded in front of the Edmonton net, slammed the puck home on Dave Asher's pass. The Cranes got that one back at 19:58 when a combination play by E. Erwin, Al Barnhill and Peggy Campbell sent Barnhill in home-free on Smilanich and the only right winger made no mistake as his 15 foot drive caught the right corner of the net.

The third and final period proved the most interesting to watch as the Hawk's dominated the play in the first two minutes and then fell back to a checking game in order to protect their one goal tilted point lead. Hulburd came close to tying the score at the 14:38 mark when Dave DeGraise, thwarting on two previous occasions by Smilanich, broke into the clear only to have the Hinton custodian rise to the occasion with the key save of the game.

With forty five seconds remaining in the game the Cranes pulled their goalie in favor of another attacker but Al Bjork and Ed Milinski broke in on one enemy defender with Milinski who had the goal post early in the first period bring the puke with a shot into the empty Edmonton net

Lineups: Hinton Hawks Peter Smilanich, goal; Al Bjork, John Hickey, Dave Pierce, Reg Gerlitz, Dave Asher, Frank Lovelin, Lloyd Isbrucker, Don Lovelin, Ed Milinski.

Hulburd Cranes Larry Andrushew goal; Norm Smith, Len Gibbs, Al Barnhill, Lyall Wright, Elmer Erwin, Harvey Marchand, Jim Rathwell, Peggy Campbell, Norm Horne, Dave DeGraise, Cash Webster, Lyall Kortzman, Jim Paul, Lloyd Driscoll.

Summaries

First period scoring (1) Hulburd Marchand (Paul 7 35) (2) Hulburd, Horne unassisted 11-41. (3) Hinton, Bjork (Gerlitz) 13-58. Penalties — Barnhill 10 10, Barnhill, 19-20

Second period Scoring (4) Hinton, Bjork (Milinski) 2-06. (5) Hinton Gerlitz (Asher) 3-15. (6) Hulburd, Barnhill (Erwin and Campbell) 19-38. Penalties, Paro, 9-18, D Lovelin 15-34.

Third period scoring (7) Hinton, Milinski (Bjork) 13-08. Penalties, Webster, 2-14, Paro 11-00 Smith 14-00, DeGraise 12-39

Shots on Goal

Hinton	6	7	9	- 22
Hulburd	7	6	4	- 17

THE GREEKS HAD A WORD FOR THIS TOO

It was Archimedes who said "give me a lever long enough and a fulcrum strong enough and I can move the world." It is a good thing to know in case things ever get that bad!

With devices like the lever, primitive man multiplied the power of his own muscles. Today he puts other energy sources to work.

Only a small fraction of work in Canada is done by man's muscles—the rest is done by machines. Oil to power these machines and to fill other energy needs has been made available by companies like Imperial at reasonable prices wherever it is needed. Because of this, Canadians have turned to oil for more than half their energy requirements—they use it at the rate of more than 1,000,000 gallons an hour.

ESSO IMPERIAL OIL LIMITED
... for 80 years Canada's leading supplier of energy

Hinton Bantams split three at weekend

Hinton Bantams won one, tied one and lost one in a 3 game series against Jasper and Edmonton last weekend.

Starting with a win on home ice against the Jasper trims the local boys out-scored their opponents by six goals to four on Friday. Top scorers for this and the following two games were Stu Cox and Kell as they racked up a total of nine goals and five assists.

First game scorers for Hinton were: Simons from Clark and Kell. Simons unassisted, Kell from Clark and Watt, and Simons from Kell Jasper goals were scored by Watcher from Tweedie, Wildman from Gaddy, Burnett unassisted two times. Hinton collected six penalties in this game with none to Jasper

Referee was R. Dobrin with J. Appleyard as timekeeper

In their first Saturday against Jasper, the Hinton boys held their own, but couldn't quite win as the game ended in a 5-5 tie. Kell was the star of the game as he collected three of the five goals. Hinton goal getters were Kell from Watt, Kell unassisted, Kell from Simons, Schaffer from Armstrong and Scragg and Clark from Kell. Jasper scorers were Tweedie unassisted, Burnett from Tweedie, R. Hart from Tweedie, Watcher twice unassisted. Single penalties were handed out to Hinton's Clark and Watt and to Jasper's Spencer.

Hinton met an Edmonton Bantam team for their third encounter for the weekend and came out on the losing end by a score of 4-2 Scorers in this game were: Simons from Clark and Kell and Clark unassisted for Hinton. There were two penalties handed out to each team.

Lee MacLachlan was timekeeper; R. Dunphy refereed and D. Nesbitt linesmen.

A Scotsman was leaving on a business trip, and he called over to her was leaving.

"Geordive oil: and dinna forget to tak' little Donal's glasses off when he kiss' hoh to at anything."

HATTONEDDN

Mr and Mrs Ted Cundiff here taken the two little Mc Queen girls and are pleased to give them a foster home Roselle is now attending Mrs Evelyn Bebout

Mr Lloyd Brodall is at present a patient in the Edson Hospital We all wish him a speedy recovery

Mr and Mrs Ray Wiseman and children from Edmonton visited Ray's parents, Mr and Mrs. R. Wiseman last Saturday

Mr and Mrs O Pare's home will soon be ready for occupancy Mr Pollock has had very favorable weather conditions for his carpenter work at the Pards

Several local men went to Fish at Chip Lake last Wednesday Some were lucky others were not so lucky, but what they got were reports! to be good eating

Mrs Sworchuk has not been too well again since being released from hospital and has been confined to bed Mr and Mrs H Bolzer Mrs. E Peterson and Mr and Mrs. P Setzer from Hinton visited her Thursday evening

Mr. and Mrs A. Vida Jr were Edmonton visitors last weekend

WOMEN DON'T LISTEN

By G. E. MORTIMORE

Why aren't women interested in world affairs? Why don't women listen to what men say? They pretend to listen. They look alert, and sometimes they remark "Yes, dear," and "How interesting." But—quite often—their minds are elsewhere.

I think there is a simple explanation. Children. In the presence of children, it is hard to listen or think for any length of time. Over the generations mothers have developed a trick of slipping their minds into neutral, to avoid stress.

All women can do it. That is why a conversation with a woman often seems fey and disjointed. Women know how to rest their minds at frequent intervals.

I gained this insight into female nature one Sunday morning when I had temporarily taken over a woman's job. I happened to be home with two little boys. I was trying to listen to the radio while baby sitting.

The Canadian Broadcasting Corporation had hired a panel of wise men to bring the listeners up to date on events in Europe, Asia, Africa and Latin America.

"In Cuba going to export its revolution?" the Latin American authority was asking him self. "Well that depends on several factors. Must import food."

"Daddy," a shrill voice broke in. "John took my old mail book. Make him give it back."

"It isn't his book. It's mine. One or every?"

By the time I had separated the boys confiscated the book and put it on a high shelf the Latin American man had finished talking and the expert on Russia had taken over.

"Have China and the Soviet Union truly settled their differences?" he enquired. "To begin with —"

Daddy the door is chewing th— from my Noah Ark. Ouch help me get them back."

That was all I heard about Russia and China. I had a fair in much the same way. Then came arguments raised musical distrust the man was saying. "The head of a nuclear holocaust that might destroy the world —"

And then there was a crash from upstairs followed by wails and screams.

"Oh see me! John pushed me down and I hit my head."

"Michael hit me first."

"John kept knocking my train off the rails. He's hurt like my arm. Yaaaaa-aaa."

That was all I heard about peace and disarmament. When I came back to the living room the whole program was over and they were playing house I felt queer.

I went to the kitchen for an aspirin. A woman wouldn't be needed one. Women have formed the habit of not listening.

Drastan News

Our deepest sympathy to Mrs L. Lee and family in the death of husband and father on Tuesday.

Mrs. Mirk Milnick and Paul were visiting with Mrs. A Hauhs and Freddie on Monday afternoon.

There will be a whist drive in the Drastan Hall on Sat Feb 16 at 9 p.m.

We are sorry to hear that Mr Joe Romanish is a patient in no Edmonton hospital. We hope you are better soon Joe

Miss Betty Setzer from Cadomar was visiting with Mrs A Hauhs and Mrs Mike Pelishke Saturday evening

Mr Mike Velichko and Peter drove to Edmonton to visit with Mrs Velichko who is in hospital there

Mr and Mrs Alf Beeker and children are looking after the place for Mr. Velichko while they are in Edmonton

Mr and Mrs. Ken Haubl, Mr and Mrs. Mike Pelishke and girls and Mr and Mrs. John Prodha were visitors at the Haubl on Sunday

We are sorry to hear that Mr Sam Butler is back in st. John's hospital again

The regular meeting of the McLeod Valley 4 H Grain Club will be held at the home of Mr and Mrs. Avers at 8 p.m. on Friday evening, Feb 17th

We are all sorry to hear that Mr Mike Jukabow is on the sick list

"What was that explosion on Cooper's farm?"

"He fed his chickens some lay or bust feed, and one of them was a rooster."

Right off the boat

The Volkswagens arriving in Canada these days are quite a bit different from earlier arrivals.

For one thing they've got a new engine that delivers 10% more acceleration and passing power. And a new heavy duty transmission (that will stand up to almost any abuse), with new gear ratios selected to deliver every ounce of the extra engine power to the driving wheels. (The gas get better performance, with the same gas economy.)

The first gear is synchronized. Now you can slip into first on the move, just as easily as you engage any other gear.

There have been many other improvements too. Among the most recent, a better heater, and fully adjustable seats.

We're constantly seeking ways to make the Volkswagen more efficient. And when we find them, we build them in. So far we haven't discovered how we can improve the basic design of our vehicles. That's why the latest arrivals look just like the ones that came over last year, the year before, and the year before that.

Try us we might, we can't upset the logic of putting the driver up front and the engine at the rear. It provides better traction in mud and snow, and the load rides cradled between the almost.

Look at the vans. Big, double side doors, and a rear door make them easier to load than any van ever built.

Volkswagens still deliver the goods for less. Less living and unloading time. And less running cost. Your dealer has the facts to prove it.

Come and drive one of the new Volkswagens this week.

VOLKSWAGEN CANADA LTD.

These are your nearest Volkswagen dealers. They are part of a network of 326 efficient VW service centres right across Canada.

HUTCHINSON SUNSET SERVICE

EDSON

Trade between nations is a two-way street. West Germany is one of Canada's best customers. And every Volkswagen sold in this country helps Canada to sell Germany more Canadian goods.

EDITORIAL PAGE

The next 50 years

(In the place of our regular editorial this week we are reproducing in full an important policy statement by Mayor W. R. Brownlie on the state of our town. The address was delivered at the annual meeting of ratepayers of Edson Monday evening, Feb. 13th, our Fiftieth Anniversary Year.)

Ladies and gentlemen, the Electorate of Edson, visitors and members of this evening's panel, on behalf of The Town of Edson I bid you welcome here tonight.

If time permitted me to hold up this meeting tonight for a fifty second pause you would feel that it were a long period of time. In terms of time there are many in this room tonight who waited 50 years to see this memorable evening become a reality. The town of Edson has come a long way since 1911, Edson is 50 years old this year.

It is only fitting and right that we pay tribute to past administrations, mayors and Councellors, town employees, members of the School Board and the people who pioneered this town and area.

The past history of Edson shows how these valiant people struggled upwards from a mushrag loaded railroad point that was established here in 1911 by mere chance. This town should have been at Wolf Creek, but because of promotions and speculation the railway was forced to move further west.

Edson started as a very small town of 400 to 450 people without any of the conveniences that we enjoy today and take so much for granted. So you can see that we who are here today must acknowledge our debt to the people who had the courage and determination to open up this wonderful frontier area. It is only right and proper that we pay tribute to the pioneers in this year of 1961

My own father and mother had a small place in the history of Edson as they, along with my uncle, in the early years owned what was once known as The Old Commercial Hotel, long destroyed by fire. I stand before you tonight with a personal interest in Edson's past history and with my feet firmly planted in the Edson of today. My heart and enthusiasm are projected far into the future seeing Edson as a model city of tomorrow

Getting back into focus on the prime purpose of this meeting tonight, an accounting of the administrative stewardship of this town, I would like to give you a few of my impressions since being elected by you as mayor

It would be a wonderful thing to do, I am sure, to present all incoming mayors of this or any town with a plaque bearing the first verse of Rudyard Kipling's "If "

> If you can keep your head when all about you are losing theirs and blaming it on you;
> If you can trust yourself when all men doubt you, but make allowance for their doubting too.
> If you can wait and not be tired by waiting or being lied about don't deal in lies
> Or being hated don't give way to hating and yet don't look too good nor talk too wise

[illegible] that will really count in giving you the kind of administration that this town deserves. In public life one is subjected to cranks and critics this is normal, but I can assure you that the enthusiasm in no way lessen my desire and determination to press on in the things that I believe should be to the proper operation and administration of the town.

My concern in the handling of town affairs is not with with the well established and the influential but also with the average person who is not quite get up if his rights and privileges It is my interest at all times to see that your rights and perogatives shall be maintained and honored, no matter what your position in this community

[illegible] papers have probably been wondering who he is appointed at town hall since the last election and whither are we going

[illegible] of people have attended Council [illegible] I as many as 42 attending This [illegible] the halls of Edmonton where they [illegible] many matters by the millions I would [illegible] for the benefit of all so that you will [illegible] The Town Hall is your property the [illegible] matters are your business and concern I [illegible] with the Councillors and Town Manager, sincerely wish that you would attend - you are most welcome

Those who attend Council meetings will probably agree with one man who states that he had learned more about his town's operations from attending one Council meeting than he had learned in merely living here for over fifteen years

There are good reasons why you should attend Council meetings and why delegates should submit proposals Large attendance indicates a healthy interest in your town affairs, you, your Mayor and Council, rise to the interest and strive with renewed vigor to give you our finest efforts and considerations

Delegations are at all times welcome and treated with courtesy and respect. We have had an unprecedented number before us during the last four months because of your indicated wishes and desires, attention is given quickly to various town problems.

Because of this consideration is now being given to putting sewer services in up on 10th Avenue. Sewer and water extensions are being considered now for Spike Island and the north end. Attention has been given to water conditions that were not ideal in the west end of town. Not all requests can be granted but all requests will receive our careful consideration

CLOSED MEETING NOT GOOD

Mr Ramsay, the Municipal Inspector, addressed Council one evening and was most enlightening It was Mr Ramsay's opinion that the holding of closed meetings is a bad thing for any municipality. His point was "What is there that you can discuss that is not the business of every ratepayer in your town?"

Council meetings under the present administration took over have at times been rather stormy, there have also been some relatively peaceful ones with only the odd dissenting vote

Tonight I do not go on record as commending the councillors of this town, neither do I offer any criticism. I feel that it would be most presumptious of me to tell you what a wonderful bunch of people we are or are not Over a period of time and through the good graces of The Edson Leader you will know whether we are giving you good civic administration

I would like to say that we will more than likely still have clashes of personalities at the Council table but that I sincerly believe that we are giving you some of the best government this town has ever seen.

Mr Gregg, our Town Manager, and I have had our differences of opinion, which we have resolved as man to man and I must say that working with him has become a pleasure I can assure you that Mr. Gregg is giving this town fine executive management. Our aim at all times is to give our best to this town The Auditors who were here a few weeks ago tell me the Edson records are the best kept and maintained in all the towns in which they work.

I believe, as we have survived the initial shock of meeting the growth pains of this administration, that we now have a high powered smooth running organization that is working well in your interests. Under my direction, various changes in the handling of Council meetings and town affairs have been instituted; after the initial misgivings they have been found working smoothly and to the benefit of all.

My position in relationship to the Councillors and the Town Manager is this that it is my responsibility to give leadership and direction and in this we agree I do not make the decisions at the council table, the Councillors actually decide the issues and initiate all motions and By-laws

INFORMATION BROUGHT TO COUNCIL

Mr Gregg and I co-operate in bringing before Council factual information and evidence We see to the implementation of rules and regulations and procedure Incidentally I must remark back into Edson's past history and give credit to the administration of 1947 who drew up By-law No 17, setting out all Council procedure rules and regulations and community functions This By-law No 17 also states that it is the duty of your chief executive, the mayor to encourage and invite industry to locate here, also undertake town promotion This rule has never been revised nor rescinded it is still a tribute to solid organizational thinking

Contrary to some viewpoints your Town Manager does not act as a seventh councillor He supplies the facts and the figures on all points under consideration and only gives his opinion when requested The matter of decision is upon the councillors, not your Town Manager so please let's keep the records straight

Some are wondering what we are going to do in you taxnique as we have been discussing a sewer project amounting to $210 000 a water program for approximately $175 000 a curbing program, the opening up of new streets, the hiring of a town planner, the hiring of another consultant engineer to review the report of Haddin Davis and Brown on the sewer expansion paving on main street, a cutback on the discount on tax prepayments and so on.

Ladies and gentlemen if you are concerned, I do not wonder we also are concerned We hope this evening to be able to present for your consideration the answers for these problems The various councillors and members of the school board will go into all fine points for your enlightenment

WHY PROBLEMS NOW

Why these problems today, when a few months ago you didn't know that your town had any major headaches Well it boils down to this and this is not given as criticism, the accumulation of time has caught up with this town. I suggest to you that former Administrations did not do the things that should have been done at the time required to avoid the situations of developing to day.

This, because of many reasons, many factors had to be considered and because of them and because of you and their concern for you, the taxpayers, these things did not get done. Under similar circumstances we may have done the same

You may well ask, then why the change today? It is as I see it this way You, the people, have elected an administration with a great deal of determination and courage and we are facing up to this problem of today fairly and squarely We feel that we can no longer avoid the problems that loom before us and shuff them off to another generation to solve.

Conditions of your town have changed when you consider that the CNR which was once the economic backbone of this community has slipped to approximately 30 per cent of its former prominence economically in this area Railway people did not as private citizens make large investments in railway towns and in their precarious positions I cannot say that I blame them. However in spite of this cutback your town has grown [illegible] and economically Never before has there been such an investment in homes and businesses on this town than is there is today

SLEEPING GIANT ARISING

Ladies and gentlemen the sleeping giant of an industrial Edson area is arising out of its long sleep of last The impact on this area will be tremendous. Some from and upon the coming of the pulp and paper industry to this area and in some ways it hurt, but now that we are beginning to feel its long range impact we can see that it will be a stabilizing influence on this community on an economic basis. The petrochemical industrial development is beginning to make rapid strides in establishing itself in Edson's own back yard, the best is yet to come

One major problem facing this community today is that of a new sewer system it is of paramount importance This serious situation was known to council some three and a half years ago, in fact in 1958 your council was so advised Need it that they gave final reading to a by law for the expenditure of $85,000 to modify the sewage plant For some reason this was never carried through

However your present council is aware of this grave situation which has deteriorated further It is the opinion of Mr Hogg the Provincial Sanitary Engineer, that we have a serious problem that must be rectified quickly, as the creek flood through which this sewage flows is loaded with disease carrying bacteria As other words raw sewerage Raw sewerage Ladies and gentlemen is closely related to outbreaks of Polio and various epidemics

FIFTY YEAR VERDICT

As the Chief Executive Officer of this town it is my duty to bring this matter to your attention I do believe that you are business minded enough to know that the dollars required to correct this situation can not be measured against the impact of disease and suffering that their curtailment could bring We have been most fortunate up until now and I would not like to be responsible if our luck ran out and I had not placed this issue before you for you to resolve

We have other serious problems with our water supply and also with growing bacteria content in our water system These problems are to be given full and careful consideration as we feel our obligation of responsibility to you, the people

Fifty years from now in the year 2011 a new generation will stand and judge you and I as to our worth as citizens and leaders Ladies and gentlemen, we have the courage and determination to face up to our obligations and commitments and to attack the issues intelligently and fearlessly

The onus of responsibility does not rest lightly upon this administration's shoulders I sincerely hope that those who appraise us 50 years hence will say as we have said tonight of past administrations: we salute you for a job well done

Thank you Ladies and Gentlemen.

Letters to the Editor

Dear Editor,

As a recent graduate of the Edson High School I feel qualified to comment on the present educational system

I am in favor of streaming. I think it would be one of the wisest moves, toward a higher standard of education that a school division could make It would not be compulsory said, in a recent letter ill the editor (issue of Feb 2) here the teacher of the slow class working any harder than the teacher of the smart class.

The smart pupils keep a teacher working on new lessons steadily in order to be ahead of them The teacher of the slower group would have to devise ways and means of making her lessons interesting as she would be repeating them over and over in class.

It is true that some parents and pupils would be likely reluctant by streaming because of the distances involved However, the school division has offered to provide transportation. I do not think that the distances are so great that the child will be tired by the time he or she is at school

Nor do I think that going without a hot lunch is going to make him or her tired or overnourished, as the ratepayer or implied in his or her recent letter I know I did not suffer From not having a hot lunch and I rode a school bus 36 miles a day when I was in grades one and two and I wasn't tired either

The ratepayer also states, that 'grandma' fought hard for the right to vote which would make all people equal Fine and dandy How everyone is equal everyone has the right to vote the right to elect the person they think will best represent their interests Now most people take the attitude 'let someone else do the work of nominating and voting' I say, I won't make an difference anyhow'

The ratepayer states, 'what (she) does not like the way money is being spent The school division is referred to as a dictatorship Are you going to do anything about it, Ratepayer? Are you going to get out and mention who and vote for the trustee of your choice? Or is it going to be like last time when there was one nomination and the trustee put into office by acclimation?

Working Gal

☆

Dear Editor:

It must have been an accident; but just try to condemn the lady who had lost her coat so thoroughly splash at with gutter slush Monday afternoon.

Actually we do not believe every smart man, woman or even enough to manipulate such a refreshing feat, intentionally He would have to be a good driver and it goes without saying he above all is a good driver; in a true sense of the word, Yes, lady it must have been

an accident and you are struck with a streaking ball We know it no offense, strongem able folk are, not allowed to drive HA!

Mothers will tell you and we quote 'My child knows how to drive' We taught him ourselves We know for a fact he is responsible dear Sir So if he gets into trouble it was not his fault'

The fault usually lies on the roads, the car, the back seat driver, the pedestrian and even with the Patrol man Never with the one behind the wheel

Until we as parents face facts and realize our young driver is as likely as not to take advantage of our trust and show-off now and then, to impress his buddies, we are going to have more and more dented fenders, splashed clothes broken bones and worse, juvenile delinquency.

The more excuses you make for the teen ager you honour at 8 and the better you get the more he rolls on you to get him for hurt and allergies

As parents ourselves we know others—if we speak [illegible]

Mrs P Ivo

☆

Dear Editor

I see no point in filling columns of your valuable space in trying to convince people that Mr Krutzmann's best professional thinking was dedicated to improving learning conditions for pupils of all levels of ability

'Anxious Parent' has a perfect right to disagree with his proposal but is unfair in suggesting that he was not thinking of the greatest good for the greatest number of pupils She wrote "Possibly it is a matter of convenience for the principals and superintendents and other administrative people but what of the student who should have first consideration"

I have understood eight years of complaints about completely unfair statements in the letter from 'Anxious Parent' but the above sample should be sufficient to illustrate how little credit is given the professionally trained educator who attempts to look objectively at all sides of an issue

In this same letter I was accused of having been sarcastic This I deny I had warned the audience that unsorting of box matters in any grab-bag would not be tolerated You will recall, Mr Editor, that the only occasion on which I was sharp last night was with a gentleman in the audience was when he told me to shut up and 'Anxious Parent' wrote in the quotation given in the first paragraph of the letter Mr Krutzmann was accused of disregarding the interests of the pupils

Instead of assuming is to say sauce that I was prejudiced in favour of Mr Krutzmann's proposal why did not 'Anxious Parent' ask me to leave the moderator's chair and give my opinions pro and con—as a professional educator who is not directly concerned either as a principal or as a parent? She might have been surprised

In closing Mr Editor, might I suggest that you give Ed son another flyer by refusing to publish letters with name and address not sent? Are you a long post when people need to hide behind anonymity for fear of physical or financial or economic retribution?

M D Meade
Principal,
Edson High School

☆

Dear Sir:

The letter in last week's Leader by "Anxious Parent" has made me decide to give my views on a matter that has bothered me for over five years.

I have a daughter who will be going to school in 2 years to waste 12 good years of her life Years that should be spent learning the three R's and not after school activities such as baton twirling and ice skating

Reading over teacher graded school work of pupils from grade 3 up the spelling takes the position first and one what the subject is about I am sympathetic for the pupil and of the pieces from teen age correspondents in the past 6 years I've been here there are 4 of those that are a pleasure to read the rest are of strainning of what is left of ability

Why do parents have to send their high school pupils to the city to learn how to study in order to make their grade 12 credits and yet have to pay taxes in this division to keep teachers just because their teachers have a high letters behind their names I remember when I received letters in brag about that could teach 30 pupils from grade 1 to 10 and turn out men and women who were ready to meet the world equipped with learning that has earned them the place we are here

Ask some of our grade 12 graduates and those that have just school what they think? You might get your eyes open

In a thriving business an unsatisfactory employee is discharged in order to make that business thrive and prosper Isn't it time the employees (taxpayers) in this case elected boss in their best boss and get rid of unsatisfactory employees in all phases of their business and be able to show profits to our children There are plenty of good employees in this school to form a good school that can be built up

You won't have a plebiscite on the moving of our young ones around but will have to the investment in school construction and teaching proved by these schools? How about some pertinent questions on these matters in the plebiscite

Mrs Louise Field

"I'm beginning to think my husband is tired of me"

"How so?"

"Well he never buys me any candy or flowers He never takes me out any place And he hasn't been home for seven weeks."

MLA's get ready for opening

By KEN MASON

EDMONTON (Staff) — As the report goes to press politicians from all parts of the province are gathering here at the capital to open the second session of the 12th Alberta Legislature

Several rural members of 61 of them arrived here two days prior to the Thursday opening to attend their annual pre-session caucus, during which government ministers heard them on the proposed legislative program

Indications are that a fairly heavy session is in prospect Usually, the pre-session caucus lasts only one day The fact that it is two days this year could mean the government has a lot in toll the backbenchers

Chances are a great deal of the routine discussion will be on the report of the House committee which has been studying a redistribution of Legislature seats Country members, in particular are going to have a lot to say about the report

This hasn't been confirmed yet but we have it on good authority that the committee will recommend the dropping of four rural seats and the addition of one seat each to Edmonton and Calgary Net result will be a drop to 62 from the present 65 in total House membership

When you consider Edmonton and Calgary have nearly 50 per cent of the province's population there's strong argument in favor of amending these House representation But country members, with some justification point out that city MLAs can look after a few constituents with ease and don't faced with the problem of travelling great distances to reach their constituents

According to reports, the constituencies to be abolished will not involve any sitting [illegible]

FAULTY LAWS NOT THE CAUSE

We afree that it is a good and necessary thing that the tragedy such as occurred at Lamont should call for an inquiry into the matters of school bus operation, and should be followed by a general checking not only of drivers but of bus routes and of operation all standards and of the buses themselves. This investigation is not and will not merely be conducted on a senior government level... it is already being energetically carried out on school division and county levels all over the province now and it is here that we may do the most good to arise

We live in an age when the multiplicity of things is somewhat akin to those which are listed under various dropsotions of the past. Whenever all excuse was found, whether large or small, some law or restriction seems to have been passed for its control Some of the strictest rules and regulations appear pretty humorous to us today but were no doubt written in utmost seriousness At time went on and the man in the street was given a greater measure of responsibility so did the law books diminish in size, and our great [illegible]

Race results of "Fun for All" night

Everyone out to the "Fun for All" program sponsored by the Kinsmen club in the Rec Hall last Friday night enjoyed themselves Members of the three service clubs the Lions The Optimists, and the Kinsmen with the Kiwettes serving lunch made a real night of fun out of it

COLOR SCHEMES

Three kinds in General Homefurnishings: all the colors used belong to the same hue or color family—various shades and tints eg brown—dark brown, warm brown (tan), rosy beige, mushroom etc. It's all brown. These color schemes are dignified and restful, but could become monotonous. Must be very careful.

Analogous: these are schemes involving colors which are neighbors on the color wheel, eg blue green and yellow. An analogous color scheme is also quite restful, though more interesting that the monochromatic scheme. Striking effects can result from the use of the color schemes. Again, be careful with it to avoid getting a scheme which is too glaring. The use of shades and tints of these colors is what makes it interesting.

Complementary: In the strictest sense this is a color scheme in which colors directly across from one another on the color wheel are used together, eg. Red and green; yellow and purple or blue and orange. One rarely sees a true complementary scheme using strong colors, rather we more often use neutralized colors, such as a moss green with brick red or perhaps a dark palm color.

The complementary scheme is possibly the most colorful or striking scheme but when used with care it can produce a fairly neutral restful effect.

This is by no means a complete discussion of color but rather it is only an outline intended to make you aware of the factors involved in selecting colors for your home.

Remember that no matter how correct, technically your scheme may be, if it isn't what you want then it's no good. You must satisfy your own personal likes and dislikes.

What will it Cost?

The cost depends on how it is done who does it and what kind of paint is used.

WOLF CREEK

The many friends of Miss Shirley Starrs will be interested in hear of her marriage to Mr Gerald Wynne of Calgary which took place in Edmonton on Saturday, Feb 11. We all wish her a long and happy wedded life.

Mr and Mrs Chris Starrs are in Edmonton attending the wedding of their daughter Shirley Ann.

Mr Gordon Cherry has returned home from the Coast where he spent the last month visiting friends.

Little Jimmy MacDonald was released from the Edson Hospital where he was confined for the last few weeks with rheumatic fever.

We were pleased to see

To calculate the amount of paint required, one can get a general idea by finding the area to be covered and then dividing this by 300 or 350. This figure is for interiors and suggests that one gallon will cover 300 sq. ft. of surface. However, this figure varies widely according to the kind of surface being painted, the method used and the kind of paint used.

Help will be given to any individual color problems. Just let me know

Ted Futh around again He's visiting with his mother and brother for a few days.

Not all keen crib players reside in the city according to late reports. We know some good players in this district, and one of them is Jack Smith who had a perfect hand while playing a three handed game with his wife and Mrs. Norman Delanz. He had three fives, the jack of hearts and the five of hearts came up. This being his lucky break in all the years of his playing.

Miss Irene Halloway is back home from Edmonton where she was confined to Hospital. We hope you are quite well again Irene.

Mrs Jean Hutchinson has taken a position as cook in Wimpy's Coffee Shop

Mr Dennis Starrs visited home one day last week. He is employed by the Fort Saskatchewan police force as per usual.

SUCCESS

is being able to take it easy . . . in the years ahead!

WILL YOU BE ABLE TO TAKE IT EASY? One of the nicest things about success is knowing that when the time comes to retire, you will be able to enjoy the carefree leisure you so richly deserve. But this kind of leisure requires money. That's why so many men *guarantee* it with life insurance.

It's a good feeling to know that your financial future and the future of your family is secure . . . to know that regardless of what happens, you have built a *guaranteed income* that you cannot outlive. How about you? If you don't have *enough* provision for your later years . . . maybe it's because you don't own *enough* life insurance with valuable savings and income features. Look into it. Your life insurance man is a most important person to talk to regularly on your road to success. *Some one he safe with life insurance.*

47 item agenda sets night session record

Setting what will probably be a record, Edson's Councillors put through 47 separate motions at their regular meeting on Tuesday, Feb 7. Probably the item of greatest impact to the Town in this year was the submission by Alberta Mechanical Contractors and Associate Builders outlining a 29 house project for the community this year if present plans materialize.

Present were Mayor W R Brunelle, Councillors, W F Kortman, L. A. Mahon, W Mills R Brook, J Scott and P. R. Wells and Sec-treasurer Surrey Bonde of Town Manager and Assistant were present on the table

A letter from Edson Trail Service Rodeo and Exhibition Association requesting Council to declare a part holiday on August 6 from 11:00 a.m to 6:30 p.m. and permit stores to open 6:30 p.m. to 9:30 p.m was read.

It was moved by Councillor Mills, that the request of the Edson Trail Service Rodeo Association be rejected. Motion lost. Mayor Brunelle Councillors Kortzman Mahon, Brook Scott, Wells opposed

Moved by Councillor Mahon that the matter of the proposal of Edson Trail Service Rodeo Association be tabled until next meeting of Council for further consideration

A letter from Edson Flying Club was read. It was moved by Councillor Brook that Council approve sale of pulp wood to be taken off area of widening at air strip, by the Edson Flying Club, to North West Pulp and Paper Co. and the retension of proceeds of such sale by Club on basis of the Club clearing pulp and debris off site with in 90 days

It was moved by Councillor Mills that Piggott Pipe Line Ltd., be permitted to place mobile shop, office, warehouse storage tanks and truck park ing area in available space south half Block Y on month ly rental fee $25.00 on its undertaking to prepare and maintain site

A letter from Alberta Mechanical Contractors Ltd re questing 30 day option on part Lot 11 and Lots 12 to 20 inclu. Block 141 and Lots 1 to 8 and part of Lot 9 block 140 both in plan 4330 AH and proposal to correct boundary was read It was moved by Councillor Scott that option be granted to Alberta Mechanical Contractors Ltd for 90 days on basis to erect erections as proposed and on basis of agreed maximum purchase price of $500.00 per lot including servicing, less walks Carried, Councillor Mills excused from voting

A letter from Director of Surveys requesting signature on survey of perimeter road in Plan 601AJ was read It was moved by Councillor Scott that matter of decision on survey be tabled to permit discussion with Town Planner

It was moved by Councillor Kortzman that Calgary Power Ltd. be requested to move light poles at intersections of 6 to 11th Avenue on Main Street to permit proper location curbs.

Councillor Scott moved that Haskins, Davis and Brown Ltd be instructed to call for tenders for Main Street paving as required between end of February and beginning of April, when they can fit.

A letter from Mr Noel Dant, Director of Town and Rural Planning, confirming Government undertaking to pay 50 per cent of cost of general plan preparation for town was read.

The account of Haskins, Davis and Brown Ltd. in the sum of $1,625.00 for services rendered in connection with design, preparation of plans, etc for reconstruction of Main road was approved and paid

It the matter of the possible extension of block 7 and other CNR land was discussed and Secretary directed to write CNR to ascertain company's terms.

A letter from Assistant Director Industrial Development Branch regarding the proposed highway signs was read and matter discussed Councillor Wells was delegated to develop matter with the assistance of the Chamber of Commerce

A service call arrangement for annual or bi-annual service of instruments in heating system at Corse building be made with Johnson Controls Ltd was approved.

Councillor Mahon was appointed Deputy Mayor until the first meeting of Council in May.

The firm of Clarkson, Gordon and Co were re-appointed auditors for the Town of Edson for the year 1961 at a fee of $1,000.00

Mr A F Caloma was re appointed Solicitor for the year 1961 at a retainer fee of $250.00 be paid

R. L. Gregg was appointed Assessor to make the annual assessment for 1961 for taxation purposes in 1962 as well as business tax assessment

Mr G A Gourley was appointed tax Inspector for the Town of Edson

The Town Manager was appointed delegate to attend a meeting of Alberta Municipal Financing Corporation March 27th.

The Finance Committee was directed to endorse the tax arrears list and that the committee be given power to act in instituting action for collection.

A meeting of the Council as a Committee of the whole will be held on Tuesday February 14 in the Council Chambers to discuss salaries wages and hours of work of staff

By law No 899 providing for no parking west side 51st 5th to 6th Avenues amending Traffic By law was given three readings and passed This is

A HEART FUND

VALENTINE for EDSON

This week a Heart Fund Valentine goes to every householder in the Edson area

Use this Valentine to make your gift to the Heart Fund. A gift that sustains the search for the basic causes of heart disease — a disease which causes one out of every two deaths in Canada.

The cause of 90% of all heart diseases is unknown. The need for heart research is evident.

No canvasser will call. Make your gift with the Valentine or through your bank. Whichever way you do it support Canada's most important medical project the defeat of heart disease

Canadian Heart Fund

67 lb Zero-Zone Freezer Two Swing-out Shelves Two Fixed Extra Quarter Shelf Removable adjustable Door Shelves Magnetic Safe-T-Door Food Pedal Door Opener Automatic Defrost Refrigerator Section Twin Vegetable Crispers Special compartments for Butter and Cheese Juice Can Dispenser Ice Cream and Egg Racks and so many more exciting features

Dimensions: Height 64". Width 30½". Depth 28". No minimum door clearance required (Door stop)

Reg. 469.00 Sale **399.00**

Here's how the exclusive G-E Filter-Flo System gives you cleaner, more lint-free washes.

1. Clothes are washed piece by piece and dirt is loosened by the Three-Zone Activator Washing Action
2. Lint and soap scum are carried out of the washbasket as wash water continuously overflows into the outer tub
3. Heavy sand and silt are forced out of the bottom of the wash basket by the exclusive G-E Sediflector System
4. Water is continuously pumped up and through the non-clog filter pan
5. Lint and soap scum are caught in the filter. There are no by-pass openings to let lint slip through to your clothes. Clean sudsy water flows back into the washbasket

How the exclusive G-E hi-speed automatic drying system works...

1. Room air enters the dryer from the front and is then warmed entering the clothes basket from the back
2. The properly warmed air flows rapidly through the tumbling clothes so that they are dried quickly and naturally
3. The moisture-laden air then passes out of the clothes basket through a metal lint trap and is exhausted out the rear of the cabinet
4. Clothes are never baked against a hot clothes basket nor are they exposed to direct heat. They cannot be overdried as a Thermostat measures the moisture in the dryer and cuts off the heat immediately the clothes are dry. A brief tumbling period follows to cool the clothes for comfortable handling

By FERN ICE

A pair of Blue Birds were welcome but unexpected vis itors at the farm of Mr and Mrs. Alan Shantz Saturday Feb 4. Were the little fel lows taken in by our unusual ly mild weather, or are they really and truly harbingers of an early spring?

Weekend visitors at the Shantz home included Mr and Mrs. Ken Walsh and fam ily who called Saturday ev ening, and Edson Shantz ac companied by Miss Kay Wor about who called in for a quick visit Saturday Jack Irwin also called on Jessie and Alan and family Sunday p.m.

Charles Irwin arrived home Saturday feeling much better since a recent operation in University Hospital

Rolly Field was released from St John's Hospital last weekend

Bud Shelton is back on th daily hauling job following a couple of days on the sick list.

They say a bath is only as strong as its weakest link unless some too but never to fouled out a truck is only as strong as its weakest point We refer to the constant point stone our loaded pulp truck spent a night on the road because of three insensitive and leaking gaskets

Congratulations to Herb Miller of Nisku and Ted Young of Peers who won top honors in the recent Search for Talent Show in Edson Both and Ted tied for first place with 9456 votes.

Congratulations to Mr and Mrs. Bert Radcliffe on the occasion of their 25th wedd ing anniversary, Saturday, Feb. 4.

The sympathy of the com munity is extended the family of the late Mr Sew who pass ed away recently at his home

Mr Brodall of the Hinton feed district is a patient in St John's Hospital

We extend wishes for a speedy recovery to Mr Pol lock of Marlow Valley, in hospital recuperating from a stroke.

GREEN ACRES

By DICK BOCKING

Feeding the Young Flock

Good feeding as a must if egg production is to be pro fitable. When egg production slumps so do profits. Lay ing hens must eat enough feed of the right kinds to avoid these costly production drops

The mash grain system is most commonly used in pou lry feeding today. A laying mash usually about 18 per cent protein is fed with grain. The mash can be bought ready mixed or can be made up on the premises by mixing 100 pounds of 20 per cent laying mash concentrate with 300 pounds of ground grain (100 pounds wheat, 75 pounds oats and 75 pounds barley) A good rule to follow for scratch feed is to give the birds all the grain they can eat in thirty minutes at night and one third of this amount in the morning. The total feed con sumption is more important than the exact proportion of grain to mash

The amount of feed requir ed depends upon the weight of the birds and their rate of production. A flock weigh ing five pounds a piece and laying at the rate of 80 per cent should eat 20 to 30 pounds of feed per 100 birds each day. If they are getting 12 pounds of grain per 100 layers, they will eat 18 pounds of mash to bring their total feed con sumption to 30 pounds per 100 birds a day. Since cold weather often puts the birds off their mash it is a good prac tice to increase the grain ra tion during very cold weather so that the total feed consump tion does not drop. If it drops too low the body weight of the birds decreases and egg production goes down. When the situation prevails over a prolonged period the birds are unable to develop a new moult Such will put them out of production for a month or more

The usual method of feed ing is to feed it dry in open hoppers. Feeding a wet mash or pellets however offers some ad vantages in preventing waste, production during cold weather in January and Feb ruary and also helps to keep feed consumption up in the cold winter months. The rec ommended amount per 100 birds is two or three pounds of either the wet or the pel leted.

Good feeding will not make a poor laying strain of birds pay well. But poor mash and layers cannot lay well unless

Are you a loyal parent

At a meeting of Nation ex tral Home & School Associ tion Mr Ferguson (ex tive secretary for the province of Alberta was invited to a dress the public teachers and parents of Hines and to show two films, one on the Cal gary fire in 1927 which burn ed school resulting in the death of 87 children and some nurse due to inadequate fa cilities. The other film d picted a two storey school and the loss of life and panic of parents and onlookers be cause of the complacency and unwillingness of everyone always ignoring their obligations to the teachers.

There was a painfully small attendance at this educational meeting and Mr Ferguson felt he was wasting his time and supervisors However at the be ginning of March the teachers are having an "open house" at the school After this lately coffee and a meeting of Home and School will be held Mr Ferguson has asked me to speak to show those 2 films and give his talk to parent and other interested people Notices will be sent home transportation arranged if necessary and a notice in the paper

Kindly make every effort to attend

They are fed well A reason able supply of oyster shell or lime stone grit is essential for strong shells

First Step in Weed Control

As much as 25 per cent of the seed used by Alberta farm ers grades "rejects" Part more is of this grade when there is no municipal seed cleaning plant

Every approximately 11 million bushels of rejected seed are used in this province every year about 4½ million bushels are planted with a weed count as high that it ranged next the rather lowered standard for the lowest official grade

Many farmers believe they because the land is weedy there is no point in using clean seed This of course is the worst kind of delusion as it applies that a weed problem cannot be solved to any fight at Nothing can be further from the truth It is because one of the first st in a weed control program should be to stop plant weeds"

There are over 50 good seed cleaning plants in the province whose average charge for cleaning is about 8 cents per bushel Some farmers used an average of two bushels per acre they can sow clean seed at a cost of less than 20 cents per acre Compared with the cost of spraying cultivating etc. this is a very economical weed control measure

Reverend E. MURD — Pastor

THROUGH The Study Window

By Rev. C. C. Armstrong

At times, after I have writ ten another article in this column, I find that many people than usual feel moved to comment about it. Inci dentally, the one that brought forth most comment was the one that dealt with the pro posed re-shuffling of students in the public school. Yet this is not a religious issue at all, and this leads me to do a little wandering out loud.

Are we too outspoken or too silent about our religious convictions? Has discussion about religion too often been a monologue when it should be a dialogue. When I write on CHEC and 9.30 on CKRD Red Deer

them! If we say one thing openly and think quite an other thing privately, what happens to us? If the church is to be a place where we can ask questions that people are not asking, and asking questions that people are not answer ing, is this good? If people are asking questions, but are heedless about who provides the answers or bother asking questions nor listening to an swers, is this good? If curses are not given to the sick, nor the sick coming to be cured, if the shepherds are not seek ing the lost sheep for the loud sheep looking for the shep herd, what then?

Baptist YP visit Hinton

Three car loads of Young people of the Edson Baptist Church enjoyed the privilege of being with the Young Peo ple of the Bethany Baptist Church Hinton Tuesday even ing, Feb 7 for a program put on by the latter

They also showed the film "The Way that" Lunch was then served by the Hinton Young People and then we motored back to Edson

Many thanks to the gentle men who supplied cars to make the trip possible

Old movies never die they are re-played on TV.

NOTICE

Edson School Division No. 12 will be conducting an opinion survey regarding the proposed reorganization of elementary schools in Edson. Questionnaires will be distributed through the schools or may be obtained from the Divisional Office from February 22nd to March 1st.

All Questionnaires must be returned to the office or to the schools by March 1st to be of value.

All interested adults in the Edson area are invited to answer this Questionnaire.

D. S. BLUNDELL,
Secretary-Treasurer,
Edson School Division No. 12,
EDSON, Alberta

ELEPHANT BRAND FERTILIZER PAID FOR THIS TRUCK

This is an example of what can be bought with profits from the use of fertilizer. The money could have been used for a new car, home im provements or any one of the hundred things that make for better living.

You make more money in two different ways when you fertilize with Elephant Brand. You grow better grade crops which sell for higher prices; you get greater profit from each bushel because it has cost you less to produce each bushel

GROWING OATS?

You can make extra profits of $6.25 per acre and even more by fertilizing your cut crop.

Here is an example of how fertilizer increases profit from oats

Increased yield per acre with ELEPHANT BRAND	10 bus.
Value of increase (Oats valued at 50 cents per bushel)	$5.00
Approximate cost of fertilizer (60 lbs. per acre of 11-48-0 on summerfallow)*	$2.75
EXTRA PROFIT PER ACRE	$2.25

*Rate on stubble, when properly fertilized can also equally profitable returns.

ELEPHANT BRAND PLUS VALUES

- Delivers size
- Free flowing
- Pulverized
- All fertilizers highly water soluble
- Strong, weather-resistant one ply bags
- Fast, reliable service assured by adequate dealer stocks

Ask your dealer for your copy of the ELEPHANT BRAND NEWS BULLETIN

It pays to choose from the Elephant Brand line

Record turnout at annual meeting

Continued from page 1

of pit run gravel and a cleaning project.

Councillor Kortzman explained that brushes for the six blocks of Main Street scheduled for paving under the Provincial Government's five year plan will be called for shortly. This project was postponed on the recommendation of the engineers to allow the sewer and water lines to settle.

Councillor Kortzman expressed his thanks to the Department of Highways for their co-operation during the year as well as paying tribute to the works staff.

COUNCILLOR MAHON

1961 seems to promise a considerable increase in new er and water connections, Councillor L. A. Mahon, chairman of the health committee reported. Chief reason for this is the proposed housing development this year.

Sewer connections here increased from 322 in 1956 to 480 last year. Revenue has climbed $600 from $14,000 in 1956 while operating costs have increased $1800 in the same period.

One major right each line was run from 1st to 2nd Ave nue on 48th street. Eleven new services were added.

Edson Health Unit's requisitions during the year was for $3 250 . Councillor Mahon acted as chairman of this board Hospitalization cost the town $10 344 requiring a levy of 6 mills.

Welfare increased during the year with $4 120 being required against $1 800 for 1959. Establishing Parkland Lodge cost ratepayers $3 811 reported Mr Mahon. Police accompany would cut this be felt There are 12 residents in the lodge at present

A chronic hospital is slated for 1962. During the past year a nuisances by law was passed to control unsightly buildings

COUNCILLOR BESSEK

Reporting for the parks committee Councillor P. Bessek said the usual program of grass cutting, clearing and breaking at the swimming pool, spreading of black earth and seeding were carried out. Some repair work was done on the grandstand at Memorial Park which was loaned to the EAAA.

During the year Wilmore Recreational Park was given over to the town from the Hinton Pulp Mill. Edson Ski Club did a substantial amount of ski dune clearing in the park during the fall season and even with the minimum amount of snow, crowds of people have been using the hills.

The arena saw a successful operation under the control of W MacDonald assisted by H Armstrong

The Council used part of the $22,270 recreational grant under the Provincial Plan, your plan for construction of the arena roof $14 485 was spent for this purpose The remaining grant amounts to $17 784

There were 80 interments in the cemetery - 13 Town residents and 38 out of town people. Cemetery grass was regularly cut and a further 5 area south of the present development graded and markers and trees erected A tree planting program is to be carried out As part of the winter works program it is proposed to do preliminary clearing in the area west for ultimate development as the need arises

The remaining pool had a first full year of operation with a total pool attendance of 15 806 against 8 000 in 1959

Before the pool came into operation for the season a new 6 inch main water service was installed and alteration made to the perimeter piping. Two new gate valves successfully protected the pool basin for two winters and it kept level and for an average cost of $15 per month.

Construction on the pool cost $8025 during the year Receipts for admission amounted to $2 732 against operating costs of $7 175

COUNCILLOR SCOTT

52 building permits were issued to $140,385 were issued during the year reported Councillor J Scott, chairman of the buildings and plans, residential construction and alterations account for $85 700 of this sterling total. $4 000 church $5 000 school and $14 000 commercial construction $10 085 and new Imperial Bank $46 000

This building permit figure is a very substantial reduction from 1959's $910,352. The previous year's figures include $414 000 for public buildings including the Provincial building the home for the aged and the Forester's new home

A rinse watch was kept on construction during the year by Building Inspector W York to the great advantage of the Town and the builders It is reported and Councillor Scott that Mr York found it necessary in one or two cases to disapprove with the Town Councillor Scott also mentioned the general plan of the Town which Council has authorized being prepared through the offices of the Provincial Town Planner Norbert Mr Dan Mahale, an expert in the field, is engaged in preparing a plan of the town

23 by-laws were passed during the year of which three were regulatory, including a general nuisance by-law a no "P" turn by law for main street was passed due to the heavy traffic

COUNCILLOR MILLS

There were 29 fire calls during the year with four in the district Fire reported Council W Mills Utilities committee chairman The major fires included the Edson Hotel Universal Motors Owen's Service Garage and the V McLeod residence

Seven fires commercial and dwelling were brought under control by Edson's Volunteer Fire Department Councillor Mills took the occasion to congratulate the men who run tribute to work to Edson's protection.

We still have a reserve of water but alternative sources must be found for future supply Water pumped last year amounted to 61 million gallons as against 45 million in 1945 Over-all daily consumption during the year was 168,000 gallons Capacity of the six pumps is 385,000 gallons daily Maximum demand last year was on July 29 when 336 600 gallons were pumped

Thirteen new services for water were installed and 14 services replaced during the year Out of 777 services 625 are now metered

Council is doing consider able thinking about alternate water sources said Councillor Mills He expressed the opinion that possibly the time would shortly be at hand when the Pembina River can be tapped to give way to a program of going to the McLeod River for water

COUNCILLOR WELLS

A budget of $301,605 was adopted in 1960 which represented a mill rate of 66 mills This was an increase of nine mills over the previous year reported Councillor P W Wells chairman of the finance committee

This mill rate increase was in consequence of an increase in the school requisition from $95,470 in 1959 to $129 697 in 1960 This amounts to a 36.1 per cent increase whereas the assessment increase was only 2.2 per cent

A brief was submitted to the Provincial Government pointing out the increase of school requisition of 1793 per during the period from 1956 to last year and asking the government to examine our plight

Councillor Wells mention ed that the Municipal Government last fall asked for a man date of 25 mills for school purposes the rest to be made up by the Provincial Government This would enable municipalities to plan their budgets more effectively

Tax arrears outstanding during the year increased $10 000 to $55 000 Councillor Wells thought this a danger ous trend when industrial ratepayers were having trouble paying their taxes with out any increase

We must look carefully at this increase in tax arrears said Councillor Wells, as during the year an abnormally high amount was paid on old taxes

With reference to financing the $300 thousand sewer pro ject he said the Town can borrow ⅔ thirds of this amount from the Dominion Government and qualify for a 25 per cent rebate if the project is completed before 1963

Mentioning the major fire in the discount rate Councillor Wells felt this would help people who have difficulty paying their taxes The new rate is 8 per cent dropping to 2% per cent compared to the 6% per cent discounting to 5 per cent

MEDICAL OFFICER

Dr J E Lewis Medical Officer of Health for the Edson Health Unit told the meeting that he was there to offer his services for the expected lures for the Unit

Child health clinics are well attended and the immunization program has provided protection for 90 per cent of local children There were 103 visits to local schools during the year

Infant mortality is high in this area Dr Lewis reported No active TB cases were found in last year's X ray clinic in Edson The gold mine clinic only got out to Fo mos once last year and the doctor would like to see it come more often

Reporting on the dental health program he mentioned that this is one of the limited in the province and the whole dominion. An average of seven decayed teeth was found in district children months

The presence of iron bacteria which causes a sloggish slog in our water system may make a new water system necessary in the near future he reported

"Edson's sewer system stinks." said Dr Lewis. "It is objectionable smell and I am glad to see the Council is proposing corrective action

CRIME RATE UP

Due to shortness of time, Mayor Brunelle did not give a statistical report on the Police Department at the meeting However there was an alarming 40 per cent increase in all phases of crime during 1960. The increase of juvenile offenders was particularly disturbing he stated

Mayor Brunelle paid tribute to the Police Department headed by Chief J Mason and for efficiency and attention to duty

Mr C E Cullin rose in the audience at this objection to the Mayor's statement in the Council and School Board

Taxes not much higher

Continued from page 1

revenue and expenditures Total expenditures for 1960 were $1 430 300 including a surplus of $83,525

In answer to a question from Mr J. Thomas Mr Johnson requested that the monies not plan was in cash and would be taken into account in setting this year's budget

While on his feet he thanked those who had made a plea for the adoption of the county system and deplored the uncooperating of Edson School District into the School Division setup Mr Thomson said that the assessments in the School Division would be much higher and that it was essential that the people who pay taxes should have control of their own schools He also made a plea that where possible small children should not be required to cross Main Street in town.

SUPT'S REPORT

Superintendent of Schools A D Jardine told the meeting that they were now 111 and two full-time teachers in the Division compared to 96 in 1956. Pupil population has climbed in the same period from 1927 to 1955 to 3,500 this year.

Departmental examinations in the Division showed that we are slightly below the provincial expectancy in both grades nine and twelve.

The Divisional staff are particularly proud of Carole Blaine Svedberg of Edson who was declared the winner of the Governor-General's medal for the highest standing in grade nine in the Edson Jasper in sportcharts.

The Coal Branch School Division had been amalgamated with the Edson Division and the surplus funds invested so that the debenture debt can be retired without cost to Edson Division There was some shifting of subdivision areas that

The Edson United Church was the scene of a pretty wedding when Helena Blum daughter of Mr and Mrs Albert Blum of Edson became the bride of Gordon Isam Lawrence son of Mr and Mrs Frank Lederer of Edson on November 10 at three p.m.

The church was decorated with yellow and white mums and the organist was Mrs Mc Rae Rev C C Armstrong performed the ceremony

The bride, given in marriage by her father looked lovely as a floor length gown of lace over taffeta decorated with sequins, featuring lily point sleeves sweep of neckline and a princess waist line Her shoulder length veil was held in place by a pearl and sequin tiara and she carried a large bouquet of red roses and white mums Her only jewellery was a pearl cross.

The bride's attendants were Miss Lorraine Sperung of Edmonton maid of honor who wore a lilac satin length dress of silk over taffeta and Miss Irene Lypkie, of Edson, bridesmaid who wore a pink waltz length gown of net over silk taffeta Both girls wore white sequin tiara and carried bouquets of white roses.

The groom's attendants were Ernest Lederer, and Joe Lederer of Edson and the ushers were Herman Preer of Edmonton and Menslaw Pauchak of Edson

For her daughter's wedding Mrs Blum wore a navy blue suit with a navy blue and white hat and pink and white carnations corsage Mrs Lederer wore a navy blue dress with matching accessories and a pink and white carnation corsage

The reception for 80 guests was held in the Sorrel Heart Hall basement The head table was centered with a three layer fruit cake and was decorated with white candles and yellow, red and white roses.

The toast to the bride was made by Rev Armstrong and ably answered by the groom.

Out of town guests were Ernest Schmidek, Mr and Mrs Walter S Schmidek, Mr and Mrs Wilfred Schmidek all of Hinton and Rudolf and Herbert of Edmonton

A wedding dance was at the Hinton hall with the music being played by Prod and his Mountaineers

The newly wed couple are residing in Edmonton

IN MEMORIAM

In loving memory of my dear husband Frederick Hodges Passed away February 17 1959

I do not need a special day to bring you to my mind For the days I do not think of you are very hard to find I think of you at sunrise and often speak of your name.

But there's nothing left to answer Except your photo in a frame Sadly missed by loving wife Hazel

First Baby "If I had my life to live over again I would be a bottle baby."

Second Baby "Why do you say that?"

First Baby "I'm tired of having cigars ashes dropped in my open."

Local families joined in marriage ceremony

The Edson Sacred Heart Church was the scene of a double ring ceremony when Gemma Semanistic young daughter of Mr and Mr Semanistic of Edson became the bride of Ronald Christie son of Mr and Mrs Christie, of Edson on February 4 at 10:30 a.m

Father J. C. Naphen performed the wedding rite and Mrs R. Whidden sang the solo

The bride given in marriage by her father looked lovely as a waltz length gown of lace over satin featuring satin bow scooped neckline and lily point sleeves Her shoulder length veil was held in place by a pearl and sequin tiara held in place carried a white orchid mounted on white Bible Her only jewellery was an Aurora Borealis necklace and earrings.

The bride's attendant was Miss Elda Semanistic who wore a blue lace over taffeta waltz length gown with matching accessories and she carried a bouquet of pink carnations

The groom's attendant was Gordon Christie and the ushers were Dennis Hill and Ken Antonenko

For her daughter's wedding Mrs Semanistic wore a black dress with matching accessories with pink and white carnations corsage

The groom's mother Mrs Christie, wore a beige dress with matching accessories and pink and white carnations corsage

Immediately after the ceremony a dinner was held for the immediate family. The toast to the bride was made by Gordon Christie and ably answered by the groom. The honeymoon were boats to approximately 80 guests during the day

Out of town guests invited Mr Pat Nelson of Edmonton and Mr Ivan Walker of Jasper

The newly married couple are to reside in Edson

At Your Call in Your Time of Need

This is a complaint often heard by mothers shopping at local sewing centers for fabric or notions to make dough ter a brand new dress To replace the perfectly good one he's outgrown? a mother will usually add.

Such situations remind me of the old adage about the worth an ounce of prevention in this case, the ounce of prevention rests in always making allowance for growth when fashioning children's garments

For instance when sewing for a growing daughter, all seams must be made for the letting down of the hem 2 to 3 times A rather ingenious shirt breathening suggestion devised by local sewing experts is as follows When the dress is made the lower edge of the skirt is trimmed with a row of can rickrack time or two more rows of rickrack in contrast in color perhaps are placed above the bottom of the skirt at intervals of one to three inches A band of rickrack trim may also be applied to the collar The hem itself should be extra deep

The generous hem allowance will permit Mother to let down the skirt several times, without having to employ extra pieces of fabric What to make the rickrack trim will allow her to match another row of it to the skirt color to conceal the stitching, the demarcation line of the hem will be covered by the border fabric see trim, should be of a color either the same shade as the main fabric or one that contrasts nicely with it

Plenty of room allowance is another smart idea when sewing for children Hems for the letting out of seams and tucks the practical Mother will make her garments of pleated or patterned fabrics Stitch marks after all don't show in a print!

Distributing heart valentines
Distribution of Heart Fund Valentines commences throughout the Edmonton area The Heart Fund residents no residential canvass but relies instead on the return of Heart Fund Valentines mailed to over 221 000 homes in Alberta

This year the Heart Fund is seeking $85 000 to finance its heart research and educa tion program in Alberta

While dramatic advances have been made in the last ten years by open heart surgery in the correction of congenital heart defects and the damage caused by rheumatic fever heart disease still claims half of all deaths in Canada

Hardening of the arteries and associated high blood pressure accounts for 50 per cent of heart disease mortality The causes of these diseases are unknown As a result the Heart Fund continues to devote to raise funds for heart research

For morale building purposes remember that such gifts as eyelet ruffling around the neckline will give an old dress a new lease on life and on your daughter's affections

Edson Bantams getting fine hockey experience

The Edson Optimist Bantams advanced into the second round of the two game total point series by taking the first round from the White court Bantams by a 2 game total point score of 12-6.

On Saturday afternoon the Bantams were transported to Whitecourt by Guy Columbo, Bob Maguire, Nigel Aspinall and John Walker where they edged the Whitecourt Bantams by a 4-2 count.

The Edson marksmen were Mark Irwin from Columbus who met Walker from Knotwood, Aaniston from Walker, and the Squirt line performer Randy Pysar from Don Baron, Heathwaite and Woods were the Whitecourt scorers. White court was assessed 6 and Ed son 5 penalties.

On Sunday afternoon the Fort Saskatchewan Bantams took the lead in the second round of the 2 game total point series in the A A A A Provincial Bantam Playoffs by a 5-3 count in the Edson ice. pleas were the Edson Optimist Bantams

Checks was hard and close by both clubs There were 7 penalties handed by Guy Columbo and Ken Baron The officiating was some of the best we've ser served here yet We thereby recommend Messrs Columbo and Beamish 5 penalties sent to the Fort and 3 to Ed son

EDSON AT FORT

The Fort Saskatchewan Bantams opened the scoring by Don McIntyre from M Turn or at 3.45 Sixty-five seconds later Fort's G Bruchamp scored unassisted.

Edson's big John Maguire on a neat long pass from Gloetzner Terry Kratzmann gave the Optimists their first goal The only goal scored in the second period came off the Fort Speedster M Turner from Don McIntyre at 8.55 sending these Club into the last stanza with a 3-1 lead

Edson's star performer Gary Dark took a neat pass from Wayne Garding to give Edson's second counter at 7.15 Fort came back with 2 more counters at 10.15—R Hays from G. Lachlanand Don McIntyre unassisted at 12.23 With only 53 seconds left in the third frame.

Edson's repeat performer Dark from Garding sealed the scoring with Fort Saskatchewan capitalizing a 5-3 win over the Edson Optimist Bantams.

The second game is to be played at Fort Saskatchewan to decide the victors, who will move on to meet the winner of the Zone One Bantam "B" 1961 Playdowns

The lucky ticket holders in Sunday's game were Jacky Mendisich, Nova Theater pass, Mrs Walter Kartzman, grease job, and Mrs. Ed Garding, wash job from Edson Royalite Service

The officials at the Sunday performance were Guy Columbo referee in-charge, assistant Ken Swanson, timekeeper, Cy Smith, official scorer, Nash Maxfoot, goal judges Gary McNiven and Ike old Armstrong

ATA local discuss bonspiel also teaching aids

The Edson ATA sub-local held a meeting on February 9th at the Junior High School The business pertained to the held on Feb'uary 10th and curling bonspiel which will be 17th and the local Institute which is to be held on March 17th.

The meeting was then turned over to Mr Garber chairman of the socio-visual and committee After giving a brief report on the benefits of audio visual aids, Mr Garber introduced the committee members who spoke on the different types

Mrs. Blaney continued the advantages and disadvantages of school movies in an attempt to answer the question "Is the teaching value of school movies worth the instruction time."

Miss Ashwell informed the group of the uses that could be made of recording services, such as the International Tape Exchange

An informative report was then given by Mrs Cutts on the use and place of the film strip in the school Miss Bendell reminded the teachers of the free and inexpensive materials which are available including the picture collections at our town library.

To conclude the program Mr Bruchell, a representative from McKean Camera Shop demonstrated the Overhead and Opaque projectors.

MARLBORO

Stock piling of gravel from the McLeod River is being done here near Marlboro They are getting it now Levy and stock piling it on the Thomas farm

The dance on Friday was a huge success in every way The Valentine Inn was won by Allen L'Hirondelle of Marlboro Judy and her Committee wish to thank everyone who helped make it a success.

Mrs White Sr., is in the hospital also heard Mrs. Loy or fell and broke her arm

Georgie Plante has an eye injury He had the accident while working at pulp for Mr Lutnick.

A farewell party for Mr and Mrs. Ray Gideon was held a week ago on Saturday at the Robert Smithorp home Gideons are moving to a farm at Bentley They will be missed by their neighbors, but the wish them the best of luck

Doilies donated

The doilies donated by Mrs Nicholson to be raffled at the Ladies Auxiliary to the Canadian Legion Bake Sale and Tea on Saturday, Feb 11 will be drawn for at their next tea.

Birthday honors

Friends gathered at the home of Mr and Mrs Harry Freeman Tuesday evening in honor of Mrs Catherine Christensen whose birthday falls on Feb. 11

A presentation was made to Mrs. Christensen of a lovely planter and flowers. A sing song and cards were enjoyed as well as a delicious lunch.

Most youngsters think there are only three seasons in the year—baseball, football and basketball.

ACTIVITY JUST SOUTH OF THE EAST CROSSING connected with the gas pipe has been drawing a considerable amount of interest for the past couple of weeks. Piggott Construction have been welding the extra thick 3/4 inch through pipe for use this fall in piping sour natural gas to processing plants north of Edson. The pipe has to go through a lot of welding and processing before it is laid in the field. The pipe is preheated to 250 degrees, welded, buffed and then X-rayed.

Profitable Farming possible in Edson district C of C told

Profitable farming is possible in the grey wooded soils around Edson the regular meeting of the Edson Chamber of Commerce were told last Wednesday evening

Guest speaker at the luncheon meeting, Dr. Fred C. Bentley, Dean of Agriculture at the University of Alberta, told of the experiments at the university's Breton farm over 20 years, with soil very similar to the most of the grey wooded soil around Edson.

Asking his audience to recall the forecast of things to come in Canada agriculturally by a recent royal commission survey, Dr. Bentley told the meeting that there would be a 50 per cent increase in demand for agricultural products in the next 15 years

There will be a great increase in acreage under cultivation but this increased production will come from higher yields and more efficient farming operations. There will be no change in cereal production but a very heavy trend to more livestock production

During the same period it was forecast there would be a 15 per cent reduction in the number of farms and a 20 per cent reduction in the number of workers on the farms as machines become more economical. The number of workers will level off and remain at that figure with full labor

Experiments at the Breton experimental plots showed the speaker said that there is a thousand per cent more returns from producing livestock products than as feed grains. Dr Bentley stressed time and again to emphasize that fertilization was the key to the efficient production

The livestock products fed from fertilized crops were considerably more nutritious and matured sooner for market, hairy he added. The use of fertilizers was not with the aid of lots of Breton and other experiments would show

Addressing himself to Edson's business community Dr Bentley said there was nothing a businessman can do to help himself more than to encourage his farm customers to need to acquire knowledge

Continued on Page 11

Gas Trunk opening office

Alberta Gas Trunk Line will be opening an office this week in the Barnett Canadian Propane Bldg on 6th Avenue West

Mr Jack Innes district superintendent has arrived in Edson and will take up permanent residence here soon

Kincycles of '61 shaping up to spectacular show

With only a week to go the big extravaganza on the ice at Edson Arena is shaping up nicely Chief Instructress Mrs E Herring reports The ice show is scheduled for two nights Friday and Saturday March 3 and 4 with a matinee for the kiddies Saturday afternoon

Just ahead of the matinee Saturday there will be a parade up Main Street headed by the Edson Elks Junior Band, a cutter with the karnival queen candidates and skaters.

Mothers of the skaters and the Alberta club have been busy getting the colorful costumes ready for the 100 local skaters Members of the Kinsmen club who are sponsoring the big show have been working on the scenery that has always been an attractive feature of the annual ice show

Cups for skilled local figure skating have been donated for singles and pairs competition There are also door prizes for lucky ticket holders

Running for queen honors this year are four Edson beauties; Patsy O'Hara sponsored by the Edson KinTavis Thelma Radcliffe sponsored by the Edson Civil Servants Association Corinne Field sponsored by the Elks and Royal Purple and Sharon Street sponsored by the Opti Optimists Club.

Mrs. rish

It is still not too late to buy a ticket and vote for your favorite queen

Kinsmen take Tri-S 'spiel

The Tri-Service Bonspiel hosted by the Edson Lions Club on Feb 4 and 5 saw 16 rinks competing for top honors

First place went to the Kinsmen rink skipped by Joe Kaiya, in the A event and second place was captured by Frank Knorr of the Optimist Club The B event was taken by the Norm Zap rink

A good time was had by all and next year the bonspiel will be hosted by the Edson Optimists Club.

Mayor Brunelle calls meeting to plan 50th

At the Council meeting Tuesday night Mayor W. H. Brunelle issued a call to all organizations and interested individuals, both male and female, to come out to a meeting Monday, Feb. 27, in the Town Hall at 8 p.m.

Purpose of the meeting will be to discuss, how best to celebrate the golden anniversary of Edson's formation as a town, as is hoped to have a whole series of events commemorating this milestone in Edson's history.

The assistance of nearly everyone in town will be needed if the job is to be properly tackled His Worship emphasized.

Edson Band re-activation suggested

Mr Mark Albert appeared before council on Tuesday night with a suggestion that the Edson legion band be reactivated

Mr Albert had with him minutes from the old band dating back to First World War days and suggested to the Town Council that Edson's golden anniversary year would be appropriate the time to get this community organization going again

Impressed with the suggestion Mayor Brunelle told Mr Albert that he would be further contacted at the end of the week and let us know how we stand

The question of the organization purchasing the band instruments was brought up. The organization would have to be legally incorporated before any instruments could be purchased by the Town, some brought up. However, some band members returned from Expo that they had been returned to custody of town officials

If anyone has knowledge of the whereabouts of any of these instruments would they please tell Mr Albert The use of other band instruments would be appreciated as well

Stimulating Milk Production

An effective pre-milking stimulus will prove invaluable from the point of view of increased milk production and decreased milking time. R. P. Dixon, Supervisor of Dairy Cattle Improvement with the Alberta Department of Agriculture, made this statement in connection with an experiment which was carried out on dairy cows in New Zealand.

The experiment showed that a substantial increase in milk production and decrease in milking time resulted from a thirty second wash and hand stimulus of the lower udder and teats of a cow before she was milked.

The thirty second hand stimulus, as against a system where the machine is relied upon to produce the let-down stimulus, resulted in a milk production increase of 23 per cent in the well stimulated group in the test. The experiment also revealed that the production of some cows is very considerably reduced when no pre-milking stimulus is used while others, in comparison, are little affected.

The cows with a poor let down response appeared to be the most affected in their production by lack of stimulus. Unfortunately it is not yet possible to really distinguish in the field, between the cows which really need pre-milking stimulation and those that can get along without it. It is hoped, however, that tests will be devised for field use.

The experiment showed the reduction in milking time, for the well stimulated cows more than made up for the extra time spent on the wash stimulus.

Mr. Dixon stresses that adequate stimulus to milk let down is just as important an Alberta conditions as it is in New Zealand.

Chemicals and Wild Oats

Cultural control, including the use of an early barley preceded and followed by proper cultivation, is still the best method of controlling wild oats. But the new chemicals, Avadex and Carbyne, are an important aid in the controlling of wild oats.

Tests in 1960 showed yield increase through the control of Wild Oats with these chemicals. And it appears that good results can be obtained with rates of application lower than were first thought necessary. It is very important that the correct rate of application be used, that it is used at the right time, and that a good uniform cover, age is obtained.

Avadex (a pre-planting application) has received full recommendation for flax and barley crops at a rate of 1 and one half to 2 pounds per acre for the flax and 1 and 1 quarter to 1 and 1 half pounds per acre for barley. The recommended rate for rapeseed is 1 and one half to 1 and one quarter pounds per acre. Avadex is recommended for trial use only on wheat at rates up to one pound per acre.

The higher rate of Avadex has given better wild oat control on heavy clay soils. Under some conditions, thinning in barley may occur but the possibility of this happening can be offset by increasing the seeding rate. Five gallons or more of the chemical solution should be used at a spraying pressure of 30 pounds per square inch. Treated area should be worked the same day at a depth of not more than 3 inches. Seeding may be done immediately or as soon as is convenient.

Carbyne (used after growth has begun) has been recommended for wheat and barley at a rate of 5 to 7 ounces per acre in both cases. Five to seven ounces is also recommended for rapeseed. Carbyne has been recommended for trial use only on flax at

12 Alberta Juniors picked on ski team

A total of 15 top rate Alberta Junior Skiers four girls and eight boys, have been named to the Alberta Junior Ski Team by officials of the Canadian Amateur Ski Association, Alberta Division.

They are, Barbara Brown, Bev Steel, Wayne Henderson, Scott Henderson, Bill Wesmacott, Bill Jeffery, Garry McGregor, Bill Jeffery, Mike Vennes and Don Kronstedt all of Jasper.

This squad will compete at the Canadian Junior Ski Championships in Jasper Feb 26 - 28th. Doug Robinson of Banff has been named Alpine coach for the team along with two former Olympians, Irvin and Clarence Servold of Edmonton and Cameron, Nordic coachest.

Highly favored for the championships are Barbara Brown, Garry McGregor, Bill Jeffery, Scott Henderson and Bill Wesmacott, all members of last year's Alberta squad, who performed well and gained valuable experience at Thetford Mines, Quebec.

Jasper is having it's problem, which at this time is magnified due to the Canadian Championships, with having not too much snow. However, the show will go on. According to officials, should Whistler Mountain be too bare of the white stuff, the slalom and giant slalom races will be held at Mount Edith Cavell.

If the local cross country terrain is in the same fix, then this will move to Pyramid Lake. Jumping events will be held on Whistler, regardless. Should more snow be needed for the event, it will be trucked in.

More than 100 entries from almost every part of Canada are expected for the meet, which is assually a highlight of Canadian skiing. The Alberta team will reach Jasper on Feb. 19th; the eastern teams on Feb. 20th and B.C.'s team on Feb. 21st.

Again—
a Dividend Increase to Policyholders!

For the twelfth consecutive year, Sun Life of Canada announces new dividend scales which will result in an increase in the total amount to be paid in dividends to its participating policyholders. In 1961, over $41 million will be paid out in the form of dividends, an increase of nearly $3 million over the corresponding amount in 1960.

For the second consecutive year, Sun Life's representatives sold over $1 billion of life insurance, more than any other Canadian life insurance company, and thereby protected the lives and futures of thousands of families.

And for the ninetieth consecutive year Sun Life has offered its policyholders up-to-date policy plans and the finest life insurance service.

1960 — Another Record Year for Sun Life

New Life Insurance	$ 1,054,745,577
Total Life Insurance in Force	$ 9,572,881,199
Paid to Policyholders and Beneficiaries	$ 185,170,670
Assets at December 31st, 1960	$ 3,389,212,642

A copy of the Sun Life Annual Report for 1960 will be sent to policyholders; copies may also be obtained from any of the 150 offices of the company from coast to coast.

EDITORIAL PAGE

OH, BROTHER!

This week is Brotherhood Week. The sponsors of Brotherhood Week have some high an commendable ideals and some attractive slogans to back those ideals.

Their aim in promoting Brotherhood Week is stated as "that people shall live as one family of man."

And that doesn't exactly go hand in hand with the slogan: "To Thy hood for peace and freedom."

We suppose the copy writers were never members of large families. Or were the one son in large families of doting sisters.

Certainly the slogan writer who idyllically proclaims that brotherhood is a tender thing, a peaceful way of life never lived in our neighborhood. The large family of boys next door seemingly spent their every waking minute pounding one another. The only interruption in that Donnybrook Fair was when an outsider entered on the scene. Invariably at that point hostilities ceased, but only long enough for a realignment of forces, when the intruder would find himself facing a united family front. Once the foreigner was driven from the field, the normal state of siege would be resumed.

One observant writer in promoting Brotherhood Week has a more realistic approach when he compares mankind as not brothers but cousins. On that basis we suspect, Brotherhood Week has a better opportunity of getting the ideas across.

Tolerance and understanding among faiths, races and ethnic groups is the vital need of mankind today, in order that mortals may raise their sights to the dangers that threaten from their own intelligence, research and inventiveness.

Just as the family next door called a truce when ever they recognized the threat from the clan across the street so must humanity realize that in our developments of physical sciences we have created a monster which could destroy us all.

Mankind cousins, brothers or what have you is going to have to solve the problems of creating a society living in harmony with itself.

That, or face the prospect of total destruction.

The Time of Year

There comes a crack like a rifle shot
That makes the old house quiver
I old in the shack the stove is hot
I hear forbear to shiver
As a nail is drawn from its ancient bed
By the axe's heavy f ce
The heater's glowing cheers red
And I know it's thirty below
there more in here the time of year
When outdoor ar the living well sear

THE SECOND COLUMN

A motorist was driving through the country when suddenly his motor stopped. He got out of the car and raised up the hood to see if he might locate the trouble. All at once a voice from behind him said ... "The trouble is in the carburetor."

Quickly the motorist turned around in surprise but no one only an old horse standing on the other side of the fence watching him. Hardly daring to believe his ears, he asked "Did you say something?"

"Yes, I said you'd better check your carburetor," the horse replied.

Rushing down the road to the nearest farmhouse, the motorist excitedly related his experience to the old farmer who answered the door.

"Was that an old bay horse with one flop ear?" asked the farmer.

"Yes, you that's the one." "Well, don't pay attention to him," the farmer scoffed. "He don't know anything a bout automobiles."

☆

The visitor was trying to make friends with the young son of the house as he waited for the older sister.

"I think I've met all your family except your Uncle Harry," he said. "What does he look like—I mean which side of the house does he resemble."

The little boy considered. "I guess," he finally said. "the side with the hay window."

☆

"Tell me," complained the husband, "why do you sniffle and cry at a movie when the characters are not real and you wouldn't know them if they were"

"I guess," replied his wife "its the same reason you pull and holler when a man you don't know steals second base."

☆

While grass-hunting in the meadow a fellow was s mazed to see a nude girl flash before his eyes, closely fol lowed by two men in white A third man in white carry ing a pail of sand brought up the rear

"What's the deal here?" the fellow asked the sand -carrier

"This girl just escaped from the asylum and we're out to catch her" the man panted as he ran along

"Yes" persisted the fuzz "but why the sand?"

"Oh," came the reply, "i ought her yesterday. The y my handicap."

☆

You'll never be popular if you spend all your time tak ing advantage of your right of free speech.

Having noticed that his Scottish guide usually went barehanded in all sorts of weather, the London sportsman made him a gift of a fur cap the kind that has the hoary ear flaps for extra warmth. On his next visit to the hunting lodge in the mid dle of winter in the Highlands he asked the old Scot how he liked the cap.

"I has not worn it since the accident" was the gloomy reply.

"What accident?" queried his benefactor

"Och MacLeod offered to buy me a drink," sighed the guide, "and I didna hear him."

FROM THE LEGISLATIVE PRESS GALLERY

Rocketing education cost to be stopped

By RUSS SHEPPARD

EDMONTON — The skyrocketing costs of education and the taxation burden on real property will receive a thorough study by the Alberta Legislature when new legislative programs are submitted at the second session of the fourteenth Legislative now underway.

Lieut. Governor J. Percy Page read the speech from the Throne Thursday afternoon, February 16th, outlining the government's proposed program. There were few entrails but the speech highlighted the fact that a new system of school financing could in a more equitable manner and to provide more effective control over such costs. Legislation will also be introduced designed to broaden the tax base and establish a more equitable basis for real property taxation throughout the Province. Of major interest to municipalities was the reference to the fact that every effort will be made to restrict borrowings to essential capital projects.

Premier Manning has commented on all three of these legislative proposals in the past. He has said not one single dollar of unnecessary debt would be permitted and that "skyrocketing education costs have to be stopped" and that "a broader base of taxation on real property would be introduced in remove inequities".

Also in the field of education, amendments to The School Act and The School Building Assistance Act will be presented to the Legislature, while approval will be sought for appropriations for construction of the Northern Alberta Institute of Technology in Edmonton and the new school for the physically handicapped (other Public Works projects outlined in the Throne Speech included the new Provincial Hospital at Calgary and Diagnostic and Referral Centre as well as a start on the Auxiliary Hospital program at points throughout the Province. These projects are the third year phase of Alberta's five year program. The Calgary hospital will be a Mayo Clinic type estimated to some to cost in the neighborhood of fifteen million dollars. The Auxiliary Hospital program will cost about sixteen million dollars and will be four years in the making.

Construction of homes for senior citizens will take place in Edmonton and Calgary this year, while the program of paved streets and sidewalks in town villages and hamlets will be continued — both phases of the five year plan. Other continuing projects to go before the Legislature will be appropriations for major highway construction construction of trunk drainage systems in the St Mary and Milk Developments and the Bow River Development irrigation projects.

The Throne Speech took note of the recessional and unemployment problems nationally, pointing out that while this is a national question Alberta pledges to do all in its power to bring about economic and financial reforms that may be necessary.

In the field of agriculture, the Government proposes increased services to meet the needs of the livestock industry, further development of community pastures programs to and in the control of livestock diseases, a new Soil Act to encourage practices aiding construction of soil resources and amendments to the Eastern Irrigation District Act and the Water Resources Act. A new Expropriation Act will also be introduced providing for more uniform and equitable procedures for expropriation of land.

The Speech from the Throne also outlines amendments to legislation dealing with natural resources to revise such legislation in the light of present day circumstances thus ensuring the continuation of a sound and efficient development program in the interest of the people.

Legislation dealing with Welfare Assistance, approved at the last session of the Legislature but not proclaimed will be enacted out this year. The Welfare Assistance Act is related to individual need and gives recipients of Mothers Allowance, Disabled Persons Pensions, Widows' Pensions and supplementary Allowance, the option of continuing their present pensions or receiving the social allowance benefits. Amendments to the Child Welfare Act clarifying admission procedures will also be considered during this session.

A capital works program for parks, research relative to conservation of fish and wildlife, a major expansion of the Alberta Government Telephone System and further steps on forest protection and management will receive legislative consideration.

The Speech from the Throne paid tribute to the late members of the Legislature, Mr. F. G. Robinson, MLA for the Medicine Hat constituency and James Owens MLA for Delahurty who died last fall.

Sympathy of the Legislature was extended to families of victims of the Lamont School Bus tragedy of November 20th that claimed seventeen lives. The Speech from the Throne said "special attention will be given to the elimination, as far as possible of the hazards created by level and unprotected railway crossings".

Two special committee reports still to be studied by the Legislature this session — one related to the Workmen's Compensation Act and the other concerning the redistribution of electoral representation in the Legislature.

Prior to the opening, Lieut. Governor J. Percy Page swore in the two newly elected Social Credit members of the Legislature H. C. Leitzenberger, member for Medicine Hat and Robert Clark, member for Didsbury took their oaths standing side-by-side in the Lieut Governor's office. Mr. Page, when introduced to Mr. Clark said "What, the school boy?" Mr. Clark, at twenty-three years of age, has an extremely youthful appearance and is the youngest MLA to be elected to the house.

Friday afternoon the formalities of moving and seconding the reply to the Speech from the Throne took place with Ambrose Holowach, SC Edmonton Central the move and Mr Clark the seconder. Both commended the Government on its proposed program with pleasure expressed that the tax burden would be on a more equitable basis. Mr Clark in his maiden address, spoke of his inexperience but proceeded to speak there in a very commendable manner for those minutes. He warned that education standards should not be lowered to save money and called for action in removing the rail car crossing hazards.

A similar event also took place Friday when Premier Manning moved a motion, seconded by Mr. Hinman, approved permitting opposition members two opportunities to speak during the Throne Speech and Budget debates. Until now all members have been permitted to speak only once. Reason for the change is the fact that only four members, one representing a different political affiliation, are the whole opposition.

FREE RIDE

According to news reports the decision of federal authorities to commence the collection of income taxes from the Hutterites will be opposed by that group, and there is a suggestion that they will, if necessary, use legal means to retain their exemption from the tax, which they claim on the basis of their colonies being religious and charitable organizations.

To the average Canadian citizen, who is forced to contribute a substantial proportion of his earnings to the federal coffers through this form of taxation, any exemption given to the Hutterite colonies seems pretty unrealistic. Moreover the people in the colonies derive the benefits that accrue to the rest of us through being privileged to live in this free democratic country.

That there should be any unwillingness on their part to contribute a full share in the operation of the country which gives them its protection, and even excuses them from helping protect it indicates a most greater willingness to receive than to give. It is an attitude that can hardly be expected to win them friends.

Letters to the Editor

Dear Sir:

I wish to give you an opinion of mine on what I deem a plan for Edson's near future.

We are all aware that tour ist attractions will be a strong point right about us and as we are on the right road to this fir I will only say here let us keep it in mind

Agriculture in the district as a whole will be overcome by the general growths so bring the prosperity of the district forward and buy local farm produce and you are helping yourself just one more little remark here in case of War, one bomb on Highway 16, one bomb on the CNR and you will need us won't you?

Keep your hunting laws in force, it will bring you in cause so long as the big game flourishes.

Coal may come back in our time, but we can not wait for I am dealing with the now future.

As you plan for the town you must make daring decisions now! Very daring.

Your water supply is far more critical than the sewer I will insist here why the decisions of the day of today are the most crucial ones.

The day has come when you must act if this town is to become the city it has the right to be

Water is your bottle neck the McLeod River with its tributaries has all the potential if the flow is controlled

Since you cannot swing the coal issue you must play your cards right

Alberta to take part in Resources conference

The Honourable Norman Willmore Alberta's Minister of Lands and Forests announced today in reference to the forthcoming national Resources for Tomorrow Conference that Alberta will be taking a full part in conference all fears along with other Canadian provinces.

The Resources for Tomorrow Conference will be held in Montreal during the week of October 23rd to 28th, 1961. It was conceived in discussions during 1959 and 1960 of renewable resource problems between the provinces and their senior government and has developed under the guidance of a Canada wide steering committee composed of natural resource ministers from each province and the federal government Mr Willmore is the Alberta steering committee representative.

The conference will be preceded by the publication of over 30 scientific papers on renewable resource subjects and the part played by these resources in Canada's economy Attention is being di-

HON. N. WILLMORE

rected to regional as well as national situations. The conference itself will operate with discussion workshop groups which will make use of the published background paper as a basis for the full est possible study of resource problems.

Alberta representatives of government universary and industry will along with similar delegates from other parts of Canada will explore many features of renewable resource administration Studies will be conducted under such broad headings as 'Agriculture and Land Use', 'Water' and 'Regional Resource Development'

The objectives of the conference have been defined as follows: to expose problems, compare experiences and seek solutions, to permit resource administrators to review regional problems in the light of information provided on a national scale; to permit natural resource administrators in a field to learn something about the other fellow's problems, and to create a public awareness of resource situations and capabilities, in order that the Canadian people may properly endorse salutary resource administrative policies and reject harmful ones.

Mr Willmore emphasized that studies by the conference of both quantitative and qualitative water supply questions will receive close attention by Alberta delegat

Mr Willmore urges Alber ta citizens to take a keen interest in subsequent reports of conference affairs and all discussions dealing with natural resources.

"A great deal of earnest thought and planning must be done if the nation is to maintain the widest possible use of its land, water, forests and wildlife," he said

COMING EVENTS

THURSDAY, FEB. 23 — Parkland Lodge Auxiliary meeting at the Lodge at 8 p.m.

THURSDAY, FEB. 23 — Whist in Glenwood Community Hall immediately following bingo. Come and have a good time

FEB. 23 - 25 — A work shop in leather will be held at the Edson Trail Centre

SUNDAY, FEB. 26 — All those interested in beekeeping are invited to attend a meeting at 2 p.m. at the home of Mrs. H. Wadley on the branch highway.

THURSDAY, MARCH 2 — St Catherine's evening group W.A. will meet at the home of Mrs. Norman Smith at 8 p.m.

THURSDAY, MARCH 3—Dr. Pearl Price will speak in Robson United Church at 8 p.m. on Women in Africa. Everyone Welcome.

SATURDAY, MARCH 11 — Parkland Lodge Auxiliary will hold a bake sale at Simpsons Sears from 2 to 5 p.m.

FRIDAY, MARCH 17 — Willing Workers invite you to "Irish Stew" in the United Church Basement from 5:30 to 7 p.m. Adults $1, child ren 50c

MONDAY, MAR. 20 — Red Cross 'Blitz' campaign for funds. A canvasser will call at your home

SATURDAY, MAY 6 — St Catherine's WA will hold a Spring Bazaar and Tea and Bake Sale in the Parish Hall from 2.30 to 5.

SUNDAY, MAY 14 — CWL will hold a show at the Nova Theatre.

"Alberta recognizes its heavy responsibilities in this regard, acquired through its unique position along the eastern slopes of the Canadian Rockies. The primary stewardship of headwater streams which feed the fast pictorous and Mackenzie river drainage system is by no means a light burden Alberta's natural resource administration is prepared to shoulder its obligations in this regard and views the Resources for Tomorrow conference as a source of valuable comment toward achieving the best possible water use both reasonably and beyond provincial boundaries"

Mr Willmore urges Alber ta citizens to take a keen interest in subsequent reports of conference affairs and all discussions dealing with natural resources.

"A great deal of earnest thought and planning must be done if the nation is to maintain the widest possible use of its land, water, forests and wildlife," he said

Farm Women studying Alberta Dower Act

EDMONTON— The Farm Women's Union of Alberta is making a special study of the Dower Act this year and their studies to date are recorded as follows

The original Dower Act only applied to the interest of a married woman in the homestead registered in the name of the husband or personal property exempt from seizure The Act now extends the protection to the husband where the homestead or such personal properties is held in the name of the wife.

"Homestead" means the parcel of land on which the dwelling house occupied by the owner as his or her residence is situated, consisting of up to one quarter section of and, or in a city, town or village, up to 4 lots

Before a transfer, mortgage or other dealing with this land can be registered, either one of three things is necessary; an affidavit that the person is making the transfer or mortgage is unmarried or one that the land is not the homestead and stating where the homestead is or the wife must sign her consent and there must be a certificate of a commissioner or notary that she appeared before him apart from her husband and also stating that she signed of her own free will and with the full knowledge of what the document meant

If the husband dies no will or other document can take away her life interest in the home place and in that case she also has a life interest in any personal property, which under the Exemption, Act is exempt from seizure That includes furniture and money all farm machinery and a fair amount of livestock.

The weakness of the Dower Act lies in the fact that no matter how considerable the husbands land holdings may be, he can dispose of everything except the home quarter without the wife's consent, and during his life time can sell all livestock and farm machinery without that consent.

The question also arises as to whether a quarter section of farm land is an economic unit for the surviving spouse to engage in farming Since the Dower Act was passed, many changes have taken place in the economy of Alberta Laws must be studied and reviewed from time to time so they can best serve the interests of the people.

NOTICE TO RESIDENTS OF ALBERTA

The Alberta Gas Trunk Line Company Limited has announced plans to raise the sum of $10 million by the sale of 344,8, $100 par value preferred shares of the Company. The sale price of the shares to the public has not been definitely fixed but will be announced when the securities are released for sale on or about March 7, 1961.

There will be no common shares warrants attached to these securities and no right will be given to convert them to common shares at any time.

The issue will be underwritten by a group of Canadian investment houses (all of whom have offices in Alberta) under the joint management of Tanner Bros. Ltd. and Dominion Securities Corpn. Ltd., and the underwriters have agreed to conform with Alberta Gas Trunk Line's policy that every opportunity shall be given to residents of Alberta to purchase these securities. Although the actual public offering will not be made until on or about March 7, 1961, this advance information is being released by the Company in Alberta to give Alberta residents ample opportunity to make inquiries concerning these securities.

Arrangements have been made whereby interested parties may make inquiries to and obtain information from Investment and Broker Dealers, Treasury Branches, or Chartered Banks in Alberta. Any person interested in purchasing the securities is requested to get in touch with one of these institutions as soon as possible and not later than Tuesday, March 7, 1961.

Local Red Cross group plan "blitz" canvass

On Monday, March 20th a "blitz" type campaign will be made in Edson to raise funds for the Canadian Red Cross Society.

Mrs A Krasmanus and Mrs R. Mahon will organize a house-to-house canvass in Edson and Mrs J Smith will head a committee to canvass the Glenwood area Volunteers to aid in this campaign will be most welcome. Anyone willing to help are requested to contact the above mentioned Red Cross workers

The Canadian Red Cross Society performs many fine services. some of them not too well known One of the most interesting of these is a sick room loan service whereby the Red Cross loans free of charge such items as crutches, hospital beds, wheel chairs and other sick room needs for a two month period

The Enquiry Bureau of the Red Cross also performs valuable service to Canadians aiding in locating and re-uniting families separated by wars and other catastrophies This Bureau has served enquiries from persons seeking relatives in cases of illness and family deaths, secures information concerning persons who are ill or in adverse circumstances in other provinces or countries sends down on requests of Canadians to relatives in Iron Curtain countries.

The Red Cross also aids veterans in hospitals through a program of arts and crafts by regular visits to hospital patients and with gifts of candy, smokes and other comforts The Red Cross also provides welcome recreation through a regular film service, showing the latest movies, which are available on 16mm film.

Many Edson youngsters learned to swim last summer thanks to the Red Cross Water Safety Program, when free swimming lessons were given at the Edson swimming pool

The Red Cross Blood Transfusion Service is perhaps the most utilized service of the Red Cross, last year some 18 000 Albertans received an average of 2 blood transfusions. This blood is provided free to all who need it, and is yearly and available only because of the Red Cross blood program It is interesting to note that each pint of blood provided costs the Red Cross $7.25 to collect, process and distribute to hospitals in Alberta

All of these are vital services available to each of us, and a donation to the Red Cross pays off in lives saved guaranteed protection for loved ones and provides the opportunity for you to aid those who are less fortunate

Attention Ratepayers !

Do you rent or own a house or apartment in Edson?

If so, you undoubtedly use light bulbs. Light bulbs wear out and your Edson Boy Scouts who are always ready to do a good deed, know this and have made plans to help you.

On Monday Feb 27, the scouts will be making a house to house sale of lightbulbs. 40 and 100 watts

So count the light sockets in your place and be ready to support the boys by buying replacements

Remember the finest motto

Cameron Report study continues

A public meeting will be held in Peers Auditorium on Tuesday Feb 28, at 8 p.m when Messrs. R. C. Fleming, chairman and Earl McCuaig, Superintendent of Agriculture, Divisional Board will speak on "Community Children and their need in rural areas"

Edson Niton Fulham, 4-H groups, are especially asked to send delegates to this meeting Everybody Welcome Silver collection

Be prepared Monday Feb 27th.

Brr . . . remember what it was like crawling in between icy sheets on a cold night. Wasn't it a nuisance fighting to keep heavy blankets tucked in, and then waking in the morning feeling like a "pressed flower". Now with a wonderful automatic blanket you can pre-warm the bed before you retire for the night. What's more, you can dial the exact warmth you want.

The new electric blankets are amazingly feather-light You'll wake in the morning comfortable and refreshed. Modern electrical appliances create pleasure — by making work easier, by saving time, by adding comfort, convenience and glamour . . . to everyday living. Powered by Calgary Power — these ingenious and varied helpers let you — LIVE BETTER ELECTRICALLY.

MR. EVANSBRIDGE

Coal Branch mine manager dies in city

Louis George Chavignaud, a prominent figure on the Alberta Coal Branch for many years, died in Edmonton on Feb 14. Funeral services were held Saturday with the Rev C McPhee officiating.

Mr Chavignaud served in many of the towns in the mining area of the Coal Branch including Hinton Brule Mountain Park Luscar, Mercoal and most recently as mine manager at Robb.

Born and educated in Turon Mr Chavignaud served overseas with the 10th Battalion and the Royal Flying Corps in the First World War On his return he joined the British American Oil Company as a draftsman He came west in 1921 and worked as a junior draftsman in Brule and in 1922 he went to Mountain Park as junior engineer and surveyor

He married the former Miss Marguerite McKinney Hicks in 1926 and in 1930 moved to Cadomin where he stayed until 1951 as mine superintendent He then worked in Hinton Mountain Park and Coal Valley at Mercoal for seven years and at Robb His last seven years were spent in Edmonton as a consulting engineer and chief draftsman for Con Force Ltd

Mr Chavignaud was a member of the Canadian Mining Institute and the Professional Engineers of Alberta He at one time managed the hockey teams at Cadomin and Luscar

He is survived by his widow and one sister Miss Christine Chavignaud of Brampton Ont

Edson Bantams play nice hockey at Fort Sask.

The outdoor rink at Fort Saskatchewan was the scene of a hard fought contest between the Fort Saskatchewan Bantams and the Edson Optimist Bantams A 10 below Saturday afternoon before a handful of fans saw the locals bow out of contention by a 7-6 count

This was played the Fort Bantams in the AAHA interzone Provincial Playdowns

Merel Aspesett tells us that he was very proud of our boys It was an exceptionally fast tussle even though we were on the losing end of it Doc Ken Bobins, who along with Steve Radomski Merel Aspesett and Jim Mundell transported these lads to the Fort said that it was a near perfect passing and hard checking contest They said that it was a game played to short opportunism and deadly shooting by both clubs

Jim Mundell said they practically froze but after the game the Fort Saskatchewan Ladies' Auxiliary fed the hungry crews and sandwiches galore thawing out the chill This was very much appreciated by the boys and drivers

The Fort Bantams opened the scoring with two fast goals Malcolm Turner got both—one assisted by Randy Rostig and the other assisted Edson's Revel Labbe and Wayne Gardiner each scored unassisted tying the score 2-2 at the end of the first period

In the second period it was Malcolm Turner from Rostig and Rostig from Big M Turner for the Fort Coming back fast for the Edson Optimists was Comet Walker from Rudson and Knutson from Walker tying up the count Fort's Donald Pisell from Bill Hare set the Fort ahead by a 5-4 count

Postmaster attends Prince George confab

R Watson Postmaster at Edson is one of a group of eleven senior Postmasters from Alberta Northern British Columbia and the Yukon who attended a two-day conference with Regional and District postal officials at Prince George this week

Among major items discussed were mail handling procedures Christmas operations personnel management relations with the public letter carrier delivery service and new developments in the Postal Service

W Ronald V Cathro Regional Director for Western Canada brought to the meeting details of the electronic letter sorting machine which has been developed entirely in the workshops of the Canada Post Office and is the most advanced automatic letter sorting device yet developed This machine is undergoing a final testing period before being installed in the Montreal Post Office for actual use

Also described was a British machine being installed in the Winnipeg Post Office which automatically separates letters from bulky articles creates local and out-of-town letters faces the stamps all in one direction and stacks the letters ready for the cancelling machine

From a Cottage Window

By ALICE HOLLINGTON

Don't expect the sunshine and the roses all the way.
Even of you have no woes or worries of your own
Someone else's troubles will create an undertone
That spoils the melody of life and breaks the harmony —
But that's how God planned the world: the way it has to be
If we always had our will and everything went right
We'd soon grow soft and weak for we'd never have to fight
And never have to study other people's point of view.
There'd be no mountains to be climbed, no devils to subdue.

PATIENCE STRONG

So many exciting words and are necessary for life on earth that they could not possibly exist in proper relation ship by chance The monstrous fullness of life to accomplish its purpose is a manifestation of an all preceding intelligence

What life itself is no man has fathomed It has neither weight or dimensions but it does have force A growing rose will attack a rock Life the sculptor, shapes all living things An artist, at designs every kind of every tree, and colors every flower Life is a musician and has taught each bird to sing its love song, the insects call to one another in the music of their multitudes, and sounds Life is a sublime chemist, giving taste to fruits and spices and perfume to the rose, changing water and carbonic acid into sugar and wood, and in so doing, releasing oxygen that animals may have the breath of life

Animal wisdom speaks of creativity of a good Creator who infused instinct into all creatures Provision for all living is revealed in such phenomena as the wonder of geese, the tiny are these genes that of all of them responsible for all living people in the world could be put in one place there would be less than a thimbleful Yet these genes inhabit every living cell and are the keys to all human animal, and vegetable characteristics That the ultimecm genes can absolutely rule all life on earth is an example of profound provision, that could emanate only from a Creative Intelligence

By the economy of nature we are forced to realize that only Infinite Wisdom could have foramen and prepared with such astute husbandry the chorda and balances provided universally Why have not fast breeding insects dominated the earth" Because they have no lungs such as man has, they breathe through tubes When insects grow, their tubes do not grow in ratio to the increasing size of their bodies This limiting factor on growth has held them in check otherwise man could not exist. Imagine meeting a mosquito as big as a moose? Or black flies the size of a lion.

Man has something more than animal instinct, the power of reason Where instinct is like the single note of a flute beautiful but limited the human brain contains all the notes of all the instruments in the orchestra Thanks to human reason, we can contemplate the possibilities that we are what we are, only because we have immortal a spark of Universal Intelligence

The vista that the power of reason opens up is unbounded We are still in the dawn of scientific discoveries Each new discovery reveals an increasingly brighter light on the handicraft of an Intelligent Creator With this faith grounded in the knowledge of stupendous discoveries, we approach ever nearer to an awareness, of GOD We discern in all the evidences of design and purpose the Great Truth that Heaven is wherever and whatever That God is everywhere and in everything but nowhere so close as in our own hearts

The Psalmist said, "The Heavens declare the Glory of God and the firmament showeth His Handiwork" Adopted from "Men Done Hid Stand Alone" A. Cressy Morrison, former President of the New York Academy of Sciences

After the physician checked the patient over, he asked, "Have you been living a normal life?"

"Yes, doctor"

"Well, you're going to have to cut it out for awhile"

Entertainment plus on University campus guest weekend

A raft of top-notch entertainment awaits visitors to the University of Alberta campus in Edmonton during Varsity Guest Weekend, February 23 to 26.

Feature attraction of the Weekend promises to be the lively Varsity Varieties production of "Not With A Bang" to be presented at the Northern Alberta Jubilee Auditorium, February 23, 24, at 8:15 p.m. Tickets for this colorful production are now on sale at the Allied Arts Council box office at Hemmingway in Edmonton.

A scintillating humorous, sometimes satirical musical production, "Not With A Bang" revolves around John Smith a student at Dalhousy College, who writes a musical play for Varsity Lost Week end". The play is eventually criticized by both the Administration and the Students' Union of the college.

The play was written by Chris Evans of Calgary, and will be directed by Barry Hyatt, well known young Edmonton lawyer

The production includes more than 20 original songs, composed and arranged by Edmonton's "Mr Music," Tommy Banks.

Included in the cast of some 60 students, which has been in rehearsal two weekly since early last October are Don Tallen who plays the part of John Smith, author of the controversial play, Scotty Mark, who takes the part of his friend's girl friend Rhoda Rubberband, Principal Pauline, the head of Dalhousie College, will be played by Don Clyburn. Others taking leading roles in the two-hour production include Carol Ball and Jim Currey

Other events planned for Varsity Guest Weekend 1961 include the presentation of the Shakespearean drama, "The Merchant of Venice" by Studio Theatre on Friday and Saturday February 24 and 25, in the Education Building Auditorium at 8:30 p.m. The University Mixed Chorus and the Symphony will hold their annual Varsity Guest Weekend concert in Convocation Hall on Saturday, February 25 at 1:30 p.m. And the Ballet club concert will be held in Convocation Hall at the conclusion of the previous concert The Weekend will come to a close with a concert sponsored by the Musical Club, to be held in Convocation Hall at 8:00 p.m on Saturday, February 25.

Varsity Guest Weekend is unique in Canada is designed to acquaint prospective university students and the general public alike with the academic life of the university and some of the many extra curricular activities in which a student may participate

50 rinks entered for Edson 'spiel

The men's annual Bonspiel opening up this weekend sounds as though it should be a real success there 50 rinks entered but the three sheets will only accommodate 40 rinks in the four day bonspiel There are 20 Edson rinks entered

Curling starts at 8 o'clock Thursday morning with curling around the clock until Sunday evening

The ladies of the Curling Club will be entering at the rink all during the spiel as well as for the Smorgasbord to be held in the Parish Hall Saturday evening

Credit union reports good year in 1960

The Edson Savings and Credit Union held their 13th annual meeting on Thursday evening Feb 16, in the Sacred Heart Church basement A good crowd was in attendance and enjoyed a fine turkey supper after which a business meeting was held under the Chairmanship of H B Grant President

Mr Grant read the report for the Directors He stated the Credit Union had improved in every way during 1960 and was giving free service to the members

Secretary Mrs Phillips read the minutes of the last annual meeting Mr K Wheldon gave the report for the credit committee Mrs Grant reported for the Supervisory Committee Mrs June Bahrer read the treasurer's report A dividend of 4 and a half per cent was declared on shares Elections followed Messrs H B Grant D Fisher and Ken Perkins were elected to the board of directors Mr H B Workman was elected to the supervisory committee

Mr H B Grant to credit committee

The meeting was then addressed by Mr H Milner chief examiner of Credit Unions and Co-operative for the Government of Alberta, who gave a very interesting talk on Credit Unions and how they work for the benefit of everyone After which there was a question and re union period

His Worship, Mayor Brus Wylie then addressed the meeting and stated he had a great admiration for Credit Unions and their useful work

Films were shown, bringing a very successful meeting to a close.

Serious car truck accident on Robb road

HINTON

A head-on accident last Wednesday evening on the Hinton-Robb road sent four persons to hospital seriously injured The accident occurred about 7:35 p.m. Wednesday February 15, 15 miles south of Hinton as a Hinton bound car, driven by Mrs Vaclav Sandarti of Hinton collided head on with an empty pulp truck driven by John Rak

Injured in the accident were the driver of the car, Mrs Sandarti, her husband and parents Mr and Mrs Wilhelm Schmidt The accident victims were brought to Hinton Hospital in serious condition where they were treated for their injuries All four are still in hospital but out of danger at this time A three year old grandchild of Mr and Mrs Sandarti was also a passenger in the car

Mr and Mrs Schmidt have only recently arrived in Canada from Europe

Weekly papers are well read: survey proves

LACOMBE, Alta., (CP) Weekly newspapers are read with unmatched thoroughness, a study carried out here shows.

The survey among readers of the Lacombe Globe underscored that stories are just as likely to be read if they appear on an inside page as on page 1

There was relatively little difference between the read ing habits and interests of men and women, rural and urban subscribers

The size and makeup of ad vertising appeared to have little effect on the number reading it However there was a significantly larger readership of local advertising than national ads

The study among a random sampling of readers, of the Lacombe Globe was made for the Canadian Weekly Newspapers Association It was planned and analyzed by Ra bilver Toronto public relations counsellor Field work and sample preparation were under the direction of Dr Gordon Hirabayashi of the University of Alberta sociology department.

"The Alberta study has definitely shown that when the advertiser speaks in the week ly reader's language and terms of interest he gets attention" said William Telfer CWNA managing director "And where he doesn't, he doesn't get reader response"

A report on the study says 71 per cent of those polled noted the advertisements in the issue used in the survey while 31 per cent read the ads A dozen of the 80 display ads got better than 25 per cent readership But none of the dozen were national advertisements

"No page in this paper appeared to be of sufficient interest to one sex to the exclusion of the other An many women turned to the sports page as did men About the same proportion of men and women read the editorial page"

On the average women not ed 50 items in the news and read two-thirds of what they noted Men noted 36 items but read the same portion

Half the male readers looked at the birth notices, social "personals" ranked among the best read items and police court news buried on an in side page, got readership from nearly two thirds of those who noted it

Your MP
Dr. Hugh Horner
Reports

Prior to Christmas, Parliament passed an Act respecting Technical and Vocational Training Assistance In this Bill the Federal Government provides assistance for the construction and operation of Technical and Vocational Training Schools.

This is a big step forward in Federal help for education and will provide the means by which many of our young people can be trained or re trained. It is a fact that the majority of unemployed today are unskilled Too many of these unskilled unemployed are young people who have left school early without any trade or profession

The Act provides that the Federal Government will do the following in this regard

1. Pay 75% of the cost of training or retraining programs for the unemployed

2 Pay 50% for other types of programs in technical education

3 75 per cent of the capital costs of training facilities in 1961 and 50 per cent thereafter with the other 25 per cent being allotted to repair alterations, new equipment etc

4 Federal research program into the problems of educating our population for the automation age.

I would hope that these technical schools will not be confined to the large centres but that decentralization would be used and special schools established in those areas that would have the local and type of industry suited to them This is what the Canadian Commission had in mind when they recommended community colleges—specialized vocational training schools

MAD'S

THE WORD FOR

Teen and Herd

The Canteen are busy plan ning the Queens Tea and the Queens Ball that is going to be held in the near future. The following girls are run ning to represent Edson at the Teen Conference to be held in Hinton this April From Grade 12 Elaine Wyshnski, Darlene Woywitka, The Sethel Carrie Ann Zeddell, and from Grade 11 Jean Overton, Pat Cyston Peter O'Hara and Sharon Johnson

We are looking forward to seeing one of Edson's girls take top honors at the Alber ta Teen Conference and from the selection of the girls that are running it just goes to show that the Edson Kinsmen Club hasn't got all its tasks in their mouths.

Well, well we see that that steady couple on the local scene is still going quite steadily and they don't seem to be having much trouble judging from the banter that passes back and forth between them.

It was nice to see so many university students home this last weekend We hope that a good many mothers and fathers and older people from Edson are going into the Varsity weekend this Friday—and if you do have a good time and lobster from the program that was print ed in the "Journal" that is exactly what the University Students have planned for all their guests

It is nice to see the teen scene so busy as we haven't been seeing so much of all the people that we used to see around now But of course it is getting to be that time of year again when ev erybody decides that they should crash down and get in some pretty hard studying before their finals that are just around the corner

Notice all the girls sitting around discussing what they are going to wear to the Queens Ball and what they are going to wear with it and who would make the best been Queen and why and all the other things that girls talk about when something important is coming up

COLOR SCHEMES

Three kinds in General

Monochromatic all the col ors used belong to the same hue or color family—various shades and tints, eg. brown—dark brown, warm brown (mud), rosy beige, mushroom etc It's all brown These color schemes are dignified and restful, but could become mon otonous Must be very care ful

Analogous these are schemes involving colors which are neighbors, on the color wheel, eg. blue, green and yellow. An analogous color scheme is also quite restful, though more interest ing than the monochromatic Very striking effects can re sult from the use of the color scheme Again, be careful with it to avoid getting a scheme which is too glaring The use of shades and tints of these colors is what makes it interesting.

Complementary: In the strictest sense, this is a color scheme in which colors direct ly across from one another on the color wheel are used to gether eg Red and green, yellow and purple or blue and orange One rarely sees a true complementary scheme using strong colors, rather we more often use neutralized colors, such as a moss green with brick red or perhaps a dark palm color.

The complementary scheme is possibly the most colorful of the striking scheme, but when used with care, it can produce a fairly neutral, restful effect

This is by no means a com plete discussion of color, but rather it is only an outline intended to make you aware of the factors involved in selecting colors for your home

Remember that no matter how correct, technically, your scheme may be, if it isn't what you want, then it's no good You must satisfy your own personal likes and dis likes.

What will it Cost?

The cost depends on how it is done, who does it and what kind of paint is used

To calculate the amount of paint required, one can get a general idea by finding the

Teacher salary schedules adopted at Board meeting

The last Edson School Divisional Board meeting at Hinton on February 8 adopted a new teachers' salary formal as presented to the meeting The schedule is retro-active to September 1 last year. More details will be published in an early issue

Present at the meeting were Messr A L Pasnik M Nikolopuk, J H Lawton G Messma, M N MacLeod, A W Leonard Trustees Superintendent of Schools A D Jardine, Assistant Superintendent of Schools A Kratzmon Superintendent of Works P O'Hara, Teacher Representative R A Binette and Secretary Treasurer D S Blundell

1961 Building Program: Mr G. Pfeil, Architect reviewed sketch plans for the Edson Junior High School, with all members present Suggestions were offered and the changes are to be incorporated into the final plans As yet sketch plans for the Wild wood addition are not com plete and will be discussed in the very near future Estimated cost of the two structures and the necessary equipment were also tentatively agreed upon.

The next regular meeting of the Board of Trustees will be held on Friday, March 3rd in the Board Room, Edson.

Hinton School Site: It was moved that the completion of the Mountain View School site at Hinton be placed on a three-year program basis and that the Superintendent of Works, Mr O'Hara investigate the method of costs of such a program

Acceptance of Tenders: The following tenders were received for the buildings as directed Entrance School G Watt, $830.00 One roomed Marlboro Treasurer D Messma, $910 00 G A. Gour ley, $87 00; Mrs M Letnik $75 00 Moved that the ten der of Mr G. Watt be accept ed as the sole tender on the Entrance School and the high tender of D Messma in the area to be covered and then dividing the by 500 or 550 This figure is for interiors and suggests that one gallon will cover 300 sq ft. of surface However this figure varies widely according to the kind of surface being painted, the method used and the kind of paint used.

Help will be given to any individual color problems Just let me know

amount of $91 00 for the one roomed Marlboro teacherage

Reorganization of Subdivisions: Moved that the following school districts be added to the Subdivisions as indicat ed pursuant to the ministers approval which has been received Subdivision No. 4 the following districts are added to Subdivision 4 from Subdivision No 5 Marlboro School District No 2020, Big Eddy School District No. 4070 Moose Lodge School District No 4784; Erith School District No 3005; Weald School District No. 3004 Subdivision No 5, that the East Bank School District No 3002 be transferred from Subdivision No 4 to Subdivision No 3

Other matters discussed were: Sale of the Merrosa School to the MacKay-Chip Lake St Faith's Mission; site for the new Edson Junior High School; Evansburg dormitory; report of Assistant Superintendent of Schools, auditor; report of Superintendent of Works; acceptance of the buildings built under the 1960 building program; portables at Caslanis; budget estimates for the coming year transportation of pupils; Wildwood accident; parent - teacher interviews; correspondence; report of Superintendent of Schools; payment of accounts; business of individual trustees.

NOTICE

Edson School Division No. 12 will be conducting an opinion survey regarding the proposed reorganization of elementary schools in Edson. Questionnaires will be distributed through the schools or may be obtained from the Divisional Office from February 22nd to March 1st.

All Questionnaires must be returned to the office or to the schools by March 1st to be of value.

All interested adults in the Edson area are invited to answer this Questionnaire.

D. S. BLUNDELL,
Secretary-Treasurer,
Edson School Division No. 12,
EDSON, Alberta

ROWS AND ROWS OF 3/4 INCH THICK PIPE has to be welded within the next three weeks by Piggott Construction at their yard just south of the east rail crossing. Your photographer noted several familiar faces among the crew. This pipeline subsidiary activity helps relieve the employment picture in this neck of the woods as well.

Farming in Edson profitable

Continued from page 1

about scientific farming. He thought something could be done about allowing incentives to farmers on getting a better education.

In answer to a question Professor Bentley said that farm yard manure was the best single fertilizer, but that it was even more effective when used in conjunction with commercial fertilizer designed for the specific soil on which it was used

Asked if he thought pulp cutting could affect our elk cattle, Dr Bentley said that he personally felt much more research should be done on clear cut of Alberta's forest cover He pointed out that forest fires were responsible for more denuding of forest cover than any other factor

Accompanying Dr. Bentley, and introducing him to the meeting, was District Agriculturist Dick Hocking President Paul Jacobs of the Chamber acted as chairman of the interesting meeting

EVERY CARGO CALLS FOR BANKING

Its destination may be Bombay, or Oslo, or even Tombouctou.

But wherever it is bound, chances are that a chartered bank is helping to smooth the journey.

Services provided by the chartered banks simplify the task of those who live or work in distant lands, who often deal in unfamiliar markets, languages and currencies

With a network of representatives around the world, the banks provide on the spot counsel and useful facilities wherever Canadians want to trade or travel.

Every day, services of the chartered banks help to move the cargoes that mean so much to so many Canadians.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

WITH THE CHURCHES

THROUGH THE Study Window

By Rev. C. C. Armstrong

This morning while thousands of snow are falling in and around Edmonton, some three inches of it, everything was on television. Some three hundred and fifty delegates, registered over three thousand scraps of paper cigarette butts and all the other litter that seems to go with our Western type of living.

There are areas of the world that never see snow and never such a white blanket to cover over their ugliness I am thinking of tropical and semi tropical Africa where under the stress of sun, passions rise and where tribal strife threatens to break out into hostile warfare Granted that they will heck pay for all of it at a time other than a million at a time as is the way of civilized people but it is still a sad fate that brings suffering starvation misery and death

Yet this is not the only story of Africa It is also a land of Reformation and the hospital at Lambarene Mary Slessor of Calibar and of a host of others missionaries doctors teachers agricultural experts who have opened the doorways of freedom in a land of slavery and shown the way of mercy healing and of love Even the time of Philip the Evangelist to the present hour the spirit of Christ has been found in Africa

I have mentioned Warren Mosier who was a white woman What about the black shinned women of Africa What is their place now, and what will it likely become? Is there any who can tell us?

Yet there is, and right here in Edson too Dr Pearl Prue LLD now living in Edmonton but for many years a missionary nurse in Nigeria and Nigeria will be the theme on Thursday March 2 when all speak twice, at four o'clock and especially for town ears, and at eight p.m particularly to women Both meetings are in Edson United Church

We read much about apartheid in South Africa Here is a way of neutral is a prayer regularly used in Zululand:

"O Lord Jesus Christ who was born of a Hebrew mother yet rejoiced in the faith of a Syrian woman and of a Roman soldier who welcomed the Greeks who sought thee and suffered an African to carry the cross help us bring men of all race to be fellow heirs in Thy Kingdom Amen"

AS I SEE IT

Reverend E. HURD — Pastor

His very quietly we have all come to expect the mercies

If we doubt it think back to the last time not very long ago when you sprained your ankle or broke your leg how desperately brought and how before God's throne of grace Remember how carefully you prayed how all the faded into nothingness You felt and man have that if God would only touch this one request other things would not matter And God said no —

What happened then Quickly so quickly the situation that had been a mountain to you a hill and the hill melted quite away In its place however a new problem loomed so large and so important that other things seemed of no consequence and seeing was doubting If God would only deal with that situation within the world matter

We see ourselves so plainly as we read how he healed the lame in the wilderness again and again forgot God's power in spite of a few days' sickness months before And in spite of the greater necessity of grace which is ours we too tend to forget the past as we face a new emergency There is a place there for the backward look in thinking of ourselves and our fellows we do well of course to forget those things which are behind But in thinking of God's dealings with us a backward look from time to time should help our faith As we thank again of God's favor towards the years our hearts will say with the psalmist (Ps 23) "All the paths of the Lord are mercy and truth unto such as keep his covenant and his testimony"

Light up with Boy Scout Bulbs

Electricity was a marvelous invention in order to get all the light you need in your home you have but to turn things to do first push the button or pull the chain or second be sure there is good bulb in the socket

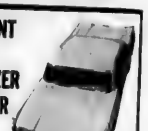
The first is easy a very young child can turn on a light The second also should be easy Light bulbs are a available readily quite inexpensive and they're easy to carry home However people often forget to buy them

The moral of the story is that the Boy Scouts of Edson have realized your need and have decided to make everything about bulbs easy for you This will be common for your shop Monday evening at 7 30 p.m. they will have bulbs of all sizes Stock up now and before you have a dark room or in the house again

Light your way with bulbs sold the Boy Scout way the Brands are always prepared are you

Remember keep your pocket light on Monday Feb 27 and be ready for your Boy Scout salesman

Paradoxical is a healthy state of mind



ELEPHANT BRAND FERTILIZER PAID FOR THIS CAR

This is not an exaggeration. By the proper and effective use of Elephant Brand fertilizer, thousands of farmers have been able to buy something they wanted, such as a new car or new farm equipment.

You make more money in two different ways when you fertilize with Elephant Brand You grow better grade crops which will for higher prices; you get greater profit from each bushel because it has cost you less to produce each bushel

GROWING BARLEY?

You can make extra profits of 25% or more and even more by fertilizing your barley crop.

Here is an example of how fertilizer increases profit from barley

Increased yield per acre with ELEPHANT BRAND	16 bu.
Value of increase (Barley valued at 75 cents per bushel)	$12.00
Approximate cost of fertilizer (150 lbs. per acre of 11-48-0 on summerfallow) *	$2.75
EXTRA PROFIT PER ACRE	$9.25

*Barley on stubble, when properly fertilized can show equally profitable return

ELEPHANT BRAND PLUS VALUES

- Uniform size
- Free flowing
- Pulverized
- All fertilizers highly water soluble
- Strong, weather resistant new 4 ply bags
- Fast, reliable service assured by adequate dealer stock

Former kindergarten pupil writes letter from Greece

Miss J. Tarbet has written a letter from Patras, Greece, to her father, Mr. J. Tarbet, employed with Geophysical Associates Ltd.

Her father has lived on Edson since two periods in the [illegible] seismic crews [illegible] moving a tent in the Saddle Hill. Mr. Tarbet returned a couple of years ago with pictures of the countries which were kindly shown around town and enjoyed by all.

The letter to Mrs. Stether follows. We imagine letters from any former Edson friends would be welcome. The address is Miss J. Tarbet c/o Geophysical Associates Ltd. Box 14 Patras, Greece.

January 29, 1961

Dear Mrs. Stether

I hope the new year is a happy one for you and all the boys and girls in kindergarten. We think it will be a good one for us now Daddy is out of the hospital and back to work.

For three weeks we were in Sabotska where we went every day to visit Daddy in the hospital. When he was discharged we flew in a big airplane to Athens. We were in Athens for ten days while Daddy saw a doctor there. Then we had a train ride to Patras where Daddy is working.

The hotel in Athens was right by the seashore. Mary and I used to play on the sand and throw stones in the water but it was too cold to swim. When we were there on the train we saw many trees, grape vines, lemon trees and olive trees. The orange and lemons are still on the trees. Hundreds and hundreds of trees.

Please give my love to all the boys and girls. I surely miss going to kindergarten. Mummy has a spoon with a picture of the Acropolis on it that she is going to bring home to you.

Lots of love
Jenny

Jackpot winner

Mrs. Alphonse Bouillard was the lucky winner of the $25 jackpot at the R. C. Church bingo Wednesday evening. The jackpot starts again at $25.00.

Ice spectacle to feature local skating talent

Winter carnival tradition coming back

Friday and Saturday evening will see Edson with an ice carnival again. There's a matinee Saturday afternoon too. Over 100 young figure skaters have been taking instruction from Mrs E. Herring, who is directing the extravaganza of color and motion, entitled the production "Around the World on Ice."

Just prior to the matinee a parade will move up Main Street behind the Elks Junior Band. Feature of the parade will be a cutter load of queen candidates and colorful dressed skaters

Mothers of the skaters the [illegible] have been busy on the costumes for the local skaters. Scenery and a secret act are being arranged by the sponsoring lionesses.

Numbers will be based on the themes from Around the World As part of the 40th Anniversary celebration for Edson Trans. as Scotland Holland UK & Mexico Central Canada Spain Prairie Arabia part Brazil Ireland and Hawaii will be depicted

Anyone with souvenirs of the coal days from 1910 on towards the Kanawa Jam days and also any old photos of the early pioneers

Proceeds from the affair will be used to make payments on the new skating rink and to assist the swimming pool

Pictures and relics needed for pageant

40 rink bonspiel tries stamina of local curlers

Judging by the number of curlers just barely getting around after one of the biggest bonspiels to hit the Edson Curling Club's ice in the day and night curling produced some spectacular [illegible] playing.

Going through to win the Grand Challenge and the Edson Motor Co. trophy was the Macara rink from Strathmore.

Macara had eliminated the J Switzer rink Sunday morning and met the Walker rink at 8:15. Walker had put the Ernst rink out of the running during the afternoon.

In the "B" Event for the Tri Top Trophy the Phillips rinks from Wetaskiwin came out on top after eliminating the Taylor rink and meeting the Osborn crew who had knocked the Herbert rink of Drumheller City out of the fours.

The Dr Ranch rink from Edmonton took the "C" Event for the Mahon Electric trophy. From barrier after eliminating the Goldstick in the fours Hartley had taken the Mercer rink in the fours.

The Dawe rink from Edmonton took the "D" Event and the Edson Hardware trophy from the G Switzer rink in the final game. Switzer had eliminated Michalchuk from Wildwood and Dawe had knocked out the Rykanen crew.

During the informal banquet in the Parish Hall Saturday evening Edson Club President Al Grant presented oldest curler George Hewitt with a wallet. Mr Hewitt's 82nd birthday fell on Friday.

H. A. SWITZER nr., named chairman of the [illegible] committee for arranging Ed son's 50th Golden Key and presents at a meeting Monday night.

GRANDSON DIES AT BRANDON

Mr and Mrs T Williamson received word on Monday evening that their grandson Robert Woodward 6 had been drowned in a tragic accident near his present home.

Council splits on grant for curling rink debt

Council [illegible] split this week on the question of [illegible] the Edson Curling Club for [illegible] Wells recommendation that the club [illegible] Provincial Recreational grant [illegible] February 21 meeting Mayor Brunelle cast his vote in favor with Councillor [illegible] Councillor Mills Scott and Mahon opposed the recommendation.

The recommendation came after a committee headed by Councillor Wells had examined the financial affairs of the Curling Club. President Al Grant of the club headed a delegation to talk the matter over with Council at the last meeting.

$14 000 was expended last fall from the recreational grant of $32 000 in rebuilding the roof of the arena. Ice conditions at the skating rink this year are reported to be considerably better due to the new roof and in spite of the unusually mild winter.

Present were Mayor W P Brunelle, Councillors W F Kortmann L A Mahon W Mills, F Brook J Brett, and P W Wells and 24 citizens.

Secretary was directed to have appropriate signs prepared and placed at intersections 4th and 53rd for cross walks.

Messrs Griffiths and [illegible] addressed Council on behalf of Edson Tri Service Radio Association requesting permission to hold parades on August 6 and 8 matter of a proposed civic holiday. Delegates were requested to wait on Council's decision.

Mikhail Gonarko was granted lease and option, to Sept. [illegible] December 30, 1961 Block 37 on [illegible] $700 land sale $200 cash of [illegible] servicing and [illegible] place building [illegible] cost $5 000 [illegible] Henry Gerhard [illegible] Mrs Gladys [illegible] and lease and [illegible] [illegible] $10 000 [illegible] Wilbert and Pauly Herring were granted a first opportunity to enter into and exercise a lease and option on lot 8, block 75, on terms and

Skiers converge on Park for big weekend; good attendance at carnival

The Town of Jasper became alive last Monday with skiers and team officials arriving from across Canada for the 1961 Canadian Junior Ski Championships being held here February 24th to 28th

From Monday through Thursday, these Junior Skiers were familiarizing themselves with the slopes on Whistler and the course for the cross-country of Pyramid.

On Wednesday evening, a film by Hans Gmoser "Of Skiers and Mountains, was pre senting in the High School Auditorium and was sponsored by the Jasper Kinsmen Club

Thursday evening, a Smorgasbord Dinner, sponsored by the Jasper Ski Club was held at Whistler Chalet Following this was the official opening of the Canadian Junior Ski Championships with Pyro Works display on the hill and a Torchlight Ridown on Whistler Mountain This was a real sight, not only to those at the hill but to all who were watching from the Town

Friday saw the commencement of the Championships with the Slalom runs starting at 10:00 a.m.

ARENA OPENED

At 7:30 Friday evening the Hon. Norman Willmore, Minister of Lands and Forest, opened the grand new Jasper Arena The building was to have been opened by the Hon Walter Dinsdale Minister of Northern Affairs in the Federal cabinet under whom the Parks are administered However a flight delay in Ottawa prevented his arriving on time

Following the ceremony Jasper Park Superintendent J H Atkinson declared the carnival open.

For the next two hours the audience was treated to plays and pantomimes on ice, featuring 102 skaters of the Silver Blades Figure Skating Club of Jasper Three Edmonton skaters Brenda McCuaig and Jean ne and Peggy Welsh also took part

A huge replica of "Jasper the town's friendly bear dominated the ice extravaganza Music was supplied by the 30 piece Jasper Park Band

FINANCE PROBLEMS

Financing of the arena was arranged through a loan to the Jasper School District Board headed by Art Andrew The grand new edifice has been in operation since January

Financing has been strung out with the help of grants, loans and it is hoped winter works appropriations by both the Federal and Provincial governments.

Saturday afternoon the Board met with the Hon Walter Dinsdale, Minister of Northern Affairs, requesting help and pointing out the financial problems still facing the committee. Also in attendance was Dr Hugh Horner MP for Jasper-Edson.

CARNIVAL WELL ATTENDED

The carnival was held in conjunction with the Canadian Junior ski championships. Several nine of Canada's top young skiing stars are participating, and officials of both events expressed satisfaction with turnouts, time and weather — which is warm.

The carnival is sponsored annually by the Kinsmin and Kinsmen clubs and the Canadian Legion Directing events is Arthur Andrews chairman of the Jasper recreation committee Mrs. Vivian Kohar is carnival committee chairman and Mrs G Johnson is chief skating instructor.

Mrs A. Anderson directed 25 members of the Wee Blades who also performed.

The name "Silver Blades" was caused by Frank Darling, president of the Skating club from 1940 to 1950.

Following the arena show a mercenin dance was held

Concluding events Saturday was the crowning of 16-year-old Lynn O'Neill as carnival queen The crowning was carried out by Daphne Rowed, last year's queen

Miss O'Neill won over two other contestants, Karen Steel and Coraleine MacLachlan

SATURDAY EVENTS

At 10:00 a.m Saturday, the downhill events were held at Whistler and at 2:00 p.m. the Cross Country was held at Pyramid At 7:30 p.m the final night of the Jasper Ice Carnival was held which was highlighted with the crowning of the new Queen

Arriving in Jasper by Ski Train early Saturday were a number of skiers from Edmonton who spent a very enjoyable week-end skiing in Blue mont Basin.

JUMPING

Sunday, following Church Services, the town of Jasper met at Whistler at 12:30 noon to witness the Jumping events. This was the real thrills the spectators were waiting for and the competitors certainly gave a wonderful display of Jumping

At 4:00 p.m. the presentation banquet was held in Reeve's Hall and was sponsored by the Pepsi-Cola Company

Reports

GRAIN SALE

There have recently been a number of important announcements from Parliament which affect Alberta particularly The big one for our farmers have been the announcement of major sales of grain to China, Russia and probably Czechoslovakia The biggest of course the 200 million bushels of barley Most of this total will come from Alberta points.

To give you some idea of the extent that this will stimulate our economy—It is estimated that loading this grain will keep all facilities of the West Coast going full blast till next August These sales should help to move grain out of our country elevators and greatly improve the delivery position of our farmers. It will also put grain into a country where Russia is rife and this is something that we would want to do.

The other important announcement is that of the final payment on oats The oats pool has been the best in years and will average 16 cents per bushel. Payments will total $2 million and out of this $2 million will come to Alberta Announcements can be expected shortly in regard to the interim payment on wheat.

To discuss Farmers picnic

A very important meeting of the F.U.A. is to be held on March 7 at 8:00 p.m. to discuss the Annual Farmers Day picnic which it is hoped will be held in conjunction with Edson's 50th Anniversary this year.

All members are requested to attend this meeting

Dairy Branch Congratulates Firm

New processes improve flavor, keeping quality

By D. H. McCallum

Dairy Commissioner for Alberta

During the past few years, there has been a growing trend toward centralization in processing fluid milk. This move, utilizing new equipment has resulted in improved flavor and longer shelf life in bottled milk for the consumer's table.

High temperature short time pasteurization together with vacuum treatment is a comparatively new process in the dairy industry, but already many of the larger Alberta dairy plants have installed this equipment

When Valley Dairies Limited with head offices in Edmonton decided to install HTST equipment in their new modern plant at Evansburg they plans included the consolidation of the fluid milk processing from their branches at Sangudo and Edson Pasteurization and distribution of fluid milk had been carried out at these points for many years.

Equipment designed to handle the combined production of the approved patrons at Edson Sangudo and Evansburg was therefore selected Following processing and packaging in both glass and paper the finished product is returned to the outside branches for distribution

These changes were completed and the new operation commenced in June 1960 Since then additional changes including the use of hooded caps on glass bottles and red flavor and longer shelf life is bottled milk for the consumer's table.

The Dairy Branch, Department of Agriculture takes this opportunity of commending the Valley Dairies Limited for this forward step We feel that with a good quality of raw milk and the proper attention to processing details the consumers in these areas should receive top quality products

What's Alberta's tourist appeal?

How would you like us as Editor paid weekend to go as an Alberta tourist in re Change for a snappy slogan that would describe the appeal of the Province to tourists'

The prize is being offered by the Alberta Tourist Association in an effort to obtain a suitable slogan to further the work of promoting the province's big tourist industry

Slogans, should be sent to Mr Herb Webster, Secretary Alberta Tourist Association 816 Centre St S Calgary

The closing date is April 30 and entry should be marked "Slogan Contest" The competition is open to all residents of Alberta.

The Association is looking for a slogan that will be representative of the entire province, not one particular portion of it All entries will become the property of the A. T. A There is no entry fee The slogan should not exceed ten words The A. T. A reserves the right to vary wording of a suitable slogan

The award of an expense-paid stay at an Alberta resort may be claimed by the winner at any time in the coming season with exception of the months of July and August.

The Judges will be representatives of independent advertising agencies.

Mrs Claude Shipp has gone to Lacombe to visit her daughter Velma and family for a week.

Premature publicity

There are many rumors of expansion and industrial development in Central Alberta Many rumors have basis in fact, some have been created by promoters who seek to promote a scheme of their own others are merely irresponsible reporting All it all they help to keep interest in Central Alberta and thus are encouraged.

But premature publicity can do much to undo the good stability of industry entering the area, as was learned in a town south of Red Deer a couple of years ago. The local newspaper got wind of the plans and spread the good news that the Iron Curtain far and wide The industry's competitors got wind of the plans and then established in another centre where conditions could be kept.

GREEN ACRES

By DICK BOCKMAN

LIGHTER HOGS MEAN HIGHER GRADES

A recent survey in central Alberta showed that too many farmers are losing money by marketing hogs with too much finish and too much weight Many of the animals are not only overweight but are also over finished with shoulder and loin fat far in excess of that required for a top grade carcass

Once a pig has reached 180 to 200 pounds any extra weight goes mostly into fat under the skin and over the back instead of into lean meat It pays to accept the fat and market your pigs in good "growing condition" at weights ranging between 160 and 200 pounds The present weight range for grade "A" dressed hogs is 120 to 170 pounds Other factors which influence the grade on animal status are type (and lay heavy or with bulgin ribs) width and degree of finish

Alberta hogs have always graded poorly In fact in recent years the percentage of grade "A" pigs has not only been well below the average for Canada but lower than that of any other province

During periods of high income and high prices for cash crops, Alberta swine producers may be able to enjoy the luxury of producing fat hogs Under less favorable conditions however they can not afford to lose $7.00 a pig the difference between an "A" and a "C" animal of the same weight, and still stay in business.

You can improve your hog grades by combining these basic principles, good breed ing stock balanced rations (using protein concentrates of the recommended rates for weaning and growing meat and marketing the animals at thru weights, of 160 to 200 pounds If you want help in getting a good bacon type boar contact this office

A GOOD INVESTMENT

We've recently received poultry advertising the spring hatch sales So in spite of the present weather, spring cannot be far away

For those who will be buying a beef bull this spring it might be well to consider the difference in returns from an ordinary bull and a superior bull costing a few dollars more

A good bull bought now will produce heifers which will have most of their calves in the last half of the 1961 calving season These are expected to be years of improving cattle prices following the lower level of cattle prices expected from late 1961 to 1965

And as a good bull bought now will not only produce better calves in the near future but he will sire better cows which will be producing during the years ahead

Some interesting figures to support this have been worked out at Purdue University They found that through fast gaining, less feed was required per hundred pounds of gain and higher market prices a superior bull, on 30 cows can return [illegible] feed saved about $3000 more than an ordinary bull This is based on 34 per cent calves If the calves are only worth 20 cents, a superior bull can return about $1800 more than an inferior animal in the same period of time

If you want help in obtaining a good bull and if you would like to take advantage of the 25 per cent assistance paid by the Department of Agriculture, toward the cost of a good bull contact this office in Stony Plain

GRAIN VARIETIES

The revised edition of "Grain Varieties for Alberta" is now available to farmers throughout Alberta

The leaflet lists the recommended varieties of cereals and flax for all soil and climatic zones in the province. A brief description of each variety is included, making this publication a handy reference for any grain producer.

A new feature of the revised edition is an outline of the Canada Seed Act and what it does to protect the seed buyer Promotion of a better understanding of the functions of the Seed Act, its enforcement and its value to the farmer are its objectives

"Grain Varieties for Alberta" is available from this office.

ELEPHANT BRAND FERTILIZER PAID FOR THIS BALER

It's true, through the proper use of Elephant Brand fertilizer you can make the extra money to buy a baler, remodel the kitchen or carry out any number of things that will increase the enjoyment of farm living.

RAISING BEEF CATTLE?

You make more money when you fertilize grassland with Elephant Brand because you grow better quality forage; each acre produces more, and cattle can be turned on to pasture earlier. You can make extra profits of $18.00 per acre and even more by fertilizing your grassland.

Here is an example of how fertilizer increases profit from grassland.

Increased pounds of beef per acre from grassland fertilized with ELEPHANT BRAND	100 lbs.
Value of increase (Beef valued at 20 cents per pound)	$20.00
Approximate cost of buying and applying 100 lbs. of Nitrogenfix per acre	$ 7.00
EXTRA PROFIT PER ACRE	$13.00

ELEPHANT BRAND PLUS VALUES

- Reduces Rim
- Free Flowing
- Pelletized
- All fertilizers highly water soluble
- Strong, weather resistant one ply bags

The Magic Key — For young people, today more than ever, education is the key to success in life.

EDUCATION: A POTENT KEY

Education is a key that opens many doors, but too many students in Canada today are losing the key before they find a lock to open.

The week beginning on March 5th is National Education Week. Unlike many weeks that come and go throughout the year, there is a good reason on this occasion for Canadians to sit down and do some thinking about the Canadian Conference on Education's slogan for 1961: "Stay in School."

Our society has arrived at a point where it is having less and less need for untrained minds. The machine has replaced the pick and shovel. Automation has moved into our factories and offices. Today employers have little interest in unqualified help, but are more and more interested in men and women who have trained minds . . . individuals capable of responsibility and initiative.

Today a grade 12 education, which not too many years ago allowed an individual to feel educated, is now only an ordinary achievement. Students who want to play a reasonable part in the affairs of their community and nation must be prepared to go on to specialized training at a University or an advanced technical school.

In almost every field we are becoming a society of specialists. There is less and less room for individuals to make a success out of their lives without specializing . . . without as a minimum a complete secondary education.

The Western World is being challenged as never before by the Communist states which are concentrating on education as an elite few, but are doing it on a massive scale at state expense. We in Canada today are moving in more and more state help in education, but the decision on which direction individual education will go is left to the student . . . he makes a free choice.

Unemployment is becoming a great national problem. Students thinking of giving up school or university before graduation would do well to study recent Unemployment Insurance Commission statistics. Back in 1955, two out of every three unemployed had not come beyond grade eight in school. It is also interesting to note that those with only two years of a seven story school education were not much better off than those who had only a grade eight education. Surely by now or within a few years, those with only grade twelve will be almost in the same boat as those with grade eight education were five years ago. Our society is moving ahead swiftly. Those who are prepared for the technical era will reap the rewards.

We realize the temptation that lead young people to quit before high school. Earning money and wanting to feel grown up may seem more attractive than getting a good education.

But those future dropouts on them sticking to their education. It will pay off both for themselves their nation and our way of life. Today our society needs and manages capable of being highly trained to man our complex offices and factories to staff our schools and colleges, and even to represent us in our councils legislatures and parliament. We must encourage our young people to "Stay in School" so they then can share the rewards of a greater tomorrow. Education is the key to personal success and national prosperity.

THE SECOND COLUMN

A weary looking man came in and sat down at the bar.

What will it be?" the bartender asked.

A Martini.

The bartender mixed it up and set the drink in front of him. The man proceeded to drink the Martini and the olive, the pit, and chew around the edge of the cocktail glass and throw the stem away. He ordered another and pointed the same procedure. Finally he looked over at the bartender, who had been watching him all of this time.

I bet you think I'm crazy," he leered.

Well sure am," answered the bartender. "You're throwing away the best part."

A good husband is one who will wash up when asked and dry when told.

Teacher — What is the Order of the Bath

No answer

Teacher — "Come, some of you must know what the Order of the Bath is."

Pupil — Well as our house is so first then my turn to bath and then the dog bath.

Men were having a fishing tale telling stories in a restaurant when a Kent Deviand came in placed an order

I cried city of the men happened to the other ... more about dog stories."

Wives suffer from just as many aliases as husbands do. The same one.

FROM THE LEGISLATIVE PRESS GALLERY

It is a four point program designed ... to avoid off-loading educational expenditures ... and stabilize costs in future years", said Mr. ... Calgary and Medicine Hat will not ... in the near future as well need by the Hooke ... new provincial buildings, in ... the Alberta government Telephone ... will be placed on the tax rolls. Grants ... the full extent of the tax will be paid by the Province of Power lines and pipelines will also be on the tax rolls. Exempted from this classification are Rural Electrification Associations sometimes, Rural Telephone Associated lines and municipal water and ... systems. Industry will be taxed ... per cent for land and ... per cent on equipment ... The proposed taxation is cut in half and ... will result in a considerable saving for ... Mr. Hooke said municipality ... will continue to collect this tax. (4) Education will be placed on the same basis as hospitalization. The hospital program calls for a 4 mill tax rate allocated to a Provincial pool.

Mr. Hooke said legislation will be introduced to establish a uniform education tax ... municipalities at a maximum of 32 mills. The Government will pay 100 per cent ... the cost over the 32 mill level under the foundation education program to be announced ... date, by Education Minister A. O. Aalborg. This portion of the program is expected to ... cover all approved capital construction cost. Other exemptions from tax under the proposal are all assessment, municipal and ... hospitals, all farm buildings, and all ... provincial educational buildings.

Outside the Legislature, Mr. Hooke said that if municipalities work on the basis of this program, and they certainly should be able to, there is no reason why tax relief can't be handed on to home owners. Other ... has pointed out that municipalities have had to set back on capital programs due to rising education costs. It's quite possible that municipalities will want to use part of the ... tax saving to catch up on those programs or to help pay off municipal debt.

Education, drug prices, the national oil policy, criticism of the Federal Government and other request for a Legislative Hansard were main features of other debate during the week.

Education Minister A. O. Aalborg announced he would make a statement before the end of the session concerning Government action on the recommendations contained in the report of the Cameron Royal Commission on Education. The Minister said his department and educational organizations throughout the Province had given the Cameron report extensive study and the ... reactions were being compiled. Some of the recommendations had already been implemented, while others were being prepared for implementation.

Ernest Watkins (PC-Calgary Glenmore) opened the Throne Speech debate with condemnation for some government proposals in the Speech. He said he created with interest full details of the new program of educational finance and the broader tax base on real property. He moved a non confidence motion in the Social Credit Government for failing to co-operate with the Government of Canada in such fields as crop ... scheme urban development students' ... debt, a if the University vocational training and rural rehabilitation and development. His motion was seconded by F. L. Gushue, (Conservative Banff-Cochrane), but the two stood ... when they attempted to force a division and landing vote on the question. The Social Credit majority laughed at the attempt and ... at the motion on a voice vote.

Earl Vanley (Red Deer-Lacombe) said he was greatly relieved by Mr. Aalborg's statement on the Cameron Commission report. He said the nature of the majority and minority reports contained in it represent a crossroad in the field of education. He said the decisions made as a result of the 300 recommendations in the report will be the most important for some time to come. Mr. Vanley who had been Education Minister for the Government until 1958, asked how much ... will be accepted from the Legislature in formulating the policies.

Ed Gerhart (SC-Edmonton NW) expressed the opinion that teachers should work longer hours until five PM with the extra hour used for teaching slow students, marking papers, preparing records, attending staff meetings or extra curricular activities.

Rod Ralph McKinnon (IC-Strathcona West) defended the teachers and said that problems in education are the responsibility of society as a whole. He advocated a fourth ... in education for responsibility.

The Legislature gave unanimous approval to a private members' motion calling for a federal inquiry into the price of drugs and the costs of manufacturing and marketing them to determine if the prices charged consumers are just and fair. Debaters spoke of the motion connected with the subject because the price of drugs touches everyone. The motion was moved and seconded by two ... Social Credit MLAs, Albert Ludwig ... and Ernest A. Fleming.

Lionel Watkins (PC-Calgary Glenmore) ... opposed pressure upon his motion calling for support of the assembly for the Federal Government's National oil policy and such ... support from the government members. At the same time Industry and Development Minister A. R. Patrick lend an attack on the Federal Government for the delay in coming up with such a policy. He pointed out that Alberta had suggested such a policy two years ago. The delay resulted in unnecessary economic losses to Alberta and Canada as a whole.

Mr. Watkins moved another motion calling for a verbatim record of debates and ... of the Legislature. This is the seventh year in succession the subject has been debated. From the tone of debate by ... many members, it will suffer the same fate as in the past. Neither of these two motions had come to a vote as the first ... of the Legislative sitting ended.

Welfare Minister Jorgenson reported 21 ... for Senior Citizens were in operation with an average occupancy of only 87.8 per ... cent.

Highways Minister Taylor called for an investigation into electrical equipment prices ... criticized the cost of warning light ... systems at railway crossings.

Double shift can cut down taxes

EDMONTON — Education Minister Aubrey G. Aalborg told parents of school children he is ... to accept 'double shifts' in schools ... if it put up to them as an alternative to higher school taxes.

He was commenting on a meeting earlier between government officials and representatives of Alberta's nine cities. One of the cities' main requests was for more aid toward the cost of education. One of the suggestions at the meeting was that costs be cut by operating schools in two shifts a day.

Mr. Aalborg said it would be "quite possible" to operate schools in shifts, but under present circumstances he doubts if this would be acceptable to parents.

He noted that Edmonton schools operated shifts in the lower grades a few years ago when accommodation was short, and that the reaction from parents was unfavorable.

If parents were to look upon it as a choice between double shifts or higher school costs he said, they might find it acceptable as a means of keeping education costs to a reasonable level.

In three years the median salaries of full-time teaching staff at 16 Canadian universities and colleges have risen 36 per cent. The 1958-60 figure is seven per cent over 1956-58.

CRIPPLES BY CHOICE

By R. S. Reid, Kindersley Clarion, Kindersley, Sask

It has been a tragedy in every age ... it is a greater tragedy in ours that so many of our most promising young people voluntarily cripple themselves. Their ambitions for life there urge to be independent and self reliant there appetite for adventure — the very qualities which fit them to earn a place among our most useful and successful citizens — lead them, instead to throw away their greatest chance of fulfilling that destiny. Eager to become a part of the adult world they leave school before they have acquired the education that would enable them to make use of their natural gifts.

The tragedy is greater today because our modern, technological world has no little use for the half-taught — and such a desperate need for men and women with full well-rounded education. Perhaps the most important evidence of this need is to be seen in the distressing state of international affairs but there is evidence nearer home, that is important enough to merit the attention of any young man or woman who is thinking of leaving school.

Figures recently released by the national employment service clearly show that a high school education is a must for any person who wants to be sure of holding a job in our modern society. Most young people must be aware by this time that the world is deeply concerned about the rapid growth of unemployment in the nation. What they may not know is that persons with less than grade nine education form the greater part of the growing total of the unemployed. Automation ... tion ... and ... tion has created more jobs than it eliminates, but the jobs ... are filled only ... persons ... The criteria ... are unable to step into the new jobs it creates because they lack the education as a basis for training in the new work.

Why do young people leave school? In patience with discipline. How often we get ... person to them that there is no discipline more harsh than that imposed by an empty purse" But some young folk have learned that lesson and are eager to leave school for that very reason. Friends who have already taken the fatal step flaunt glamorous clothes and flashy cars.

How do you make the ... and ... perspective ... to ... ... that the ... and ... job which provides apparent affluence for a single person will be far from adequate when ... and ... ... further into the adult world ... requires a wife and child ... and that without an adequate education ... there is little chance of working up to ... it ... ... ?

Are the urge to leave school arise from the do ... for the ... of ... ? How do you explain that merely holding a job will not rate that in the adult world? How can we show young people that it is the educated person who is admired and respected in the world beyond the classroom?

Somewhere the answer to those questions ... to be found for on those answers depends ... not only the future happiness of thousands of young Canadians but the future of the nation and the world in which we all must live.

Letters to the Editor

We reprint the following important letter from Mr. Greenwich, again this week. The letter originally read to the Edson Council became mangled between writer and ... typewriters. Mr. Greenwich's suggestions bear repetition on their merit in any event.

Dear Sir:

I wish to give you an opinion of mine on what I deem a plan for Edson's near future.

We are all aware that now ... let attractions will be a strong factor right there as well as we are on the right road to this ... I will only say here let us keep it in mind.

Agriculture in the district as a whole will be governed largely by the general growth ... spring the prosperity of the district forward and buy local farm produce and you are helping yourself. Just one more little remark here in case of War one bomb on Highway 16, one bomb on the CNR and you will need us won't you

Keep your heating bills to a ... if we will bring your business ... so here as the big game floor ...

Coal may come back in our time but we can not wait for ... I am dealing with a ... near future

As you plan for the town you must make daring decisions, now! Very daring

Your water supply is far more critical than the sewer ... I will stress here, why the decisions of the day fail to ... days are the most crucial ...

The day has come when you must act if this town is to become the city it has the right to be

Water is your bottle neck the McLeod River with its tributaries has all the potential if the flow is regulated

Since you cannot swing the cost alone you must play your cards right

Card one your forest can be marketed only to the full if a modern factory stands at Tolerton producing boxes paper will paper will board card board pressed board CTC which is made out of wood too inferior for poly ... and mainly poplar. Such a factory will give you the Trump card to protect your forest, to cut the cull profitably and the right to demand mature to thin out the thick stands and make waste which you do it and give you a better forest in 50 years than you have today and don't you think your Forestry Department needs a goal? Just look at the scrapper How much longer at this rate

Who will help us get it? for forest in 50 years than will help in a big way now ... sees the point

The business people of Edson will do without a vacation and drive the old car longer ... save here for the big goal of a delightful future

Calgary Power will help ... once it surveys the promising potential of raw resources and a city to be with a market

The Department of Agriculture in Ottawa will help once it sees the point of a real potential of modern rural re habitations

And the Department of Labor can be gotten a hold of by its scruff and made to understand that so long as we pay bounty for loafing we benefit the Chinese but a with sound economics will the man with an axe in the bush nearer to find and develop

We local farmers will help The poorest of us will be glad to pay for the future with raw wood.

And if you run me the point and take your hands out of your pockets God will help you

Let us get under enough to have research for the scientist and for other industries too in conjunction with us to ... ...

WITH THE CHURCHES

THROUGH THE
Study Window

By Rev. C. C. Armstrong

Hitler's are those who believe that fear of the consequences is an effective deterrent to evil-doing. They assert that fear of hurting prevents murders from being any more frequent; that fear of nuclear weapons launched against them prevents unscrupulous and brutal governments was ing unjustified wars and the like. This is the philosophy of terrorism and there is no question that fear of possible consequences does govern the behaviour of people both in individuals and as nations.

It is much easier to be philosophical about fear when one feels safe and secure than when one does not. So long as it is possible to debate the value of fear, then the door of courage and of hope is not yet slammed shut. It is entirely possible for fear to precipitate rather than deter and cause the very thing it is intended to prevent. There were more crimes of violence in the days when crimes were violently punished than there are now. There is very real danger that somebody will push the panic button.

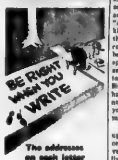
People may feel that to us is the basic governing emotional factor—fear—controls human behaviour. They can list the number of things that we fear, and it includes everything from fallen hair to fallen bombs, and may be inspired on occasion that are reasonable or utterly foolish. But under moral and confusion and uncertainty only adds to our fears. Ignorance and blind leadge serve equally well, over coming one kind of fear but increasing other kinds, and blissful ignorance may be replaced by agonized knowledge

Jesus, with his incompara ble insight into human nature, speaks to us of fear and of courage. There are some things we are to fear, and other we are not to fear "And do not fear those who kill the body but cannot kill the soul; rather fear him who can destroy both soul and body in hell. Are not two sparrows sold for a penny and not one of them will fall to the ground without your Father. But even the hairs of your head are all numbered Fear not, therefore; you are of more value than many sparrows."

Doubtless fear depends upon the value we place up on human beings. If we value our own lives and the lives of others the fear of destruction of human life will act as a deterrent But if we value neither our lives nor those of others, then fear will not have the same result If we don't value our own life, but do value the lives of others, then things we would otherwise fear may actually challenge us to overcome those fearsome things

If we place a high value on the body and a low value on the soul, our reaction to frightening things will not be that of those who place a low value on the body and a high value on the soul

Thus the presence or absence of "nuclear deterrent" is of secondary importance to the cause of peace If we consider that God is only an indifferent and helpless by stander in human affairs, we will have one kind of fear If we believe that God in an agony of love, gives Himself for our salvation then our fears will be no less real but will be transformed into wonder love and praise



The addressee on each letter and parcel should show

- the full name of the person who is to get it.
- the number, apartment number, street address, rural route number or post office box number
- City, town or village, and postal zone number, where necessary.
- Your name and complete return address in the upper left corner.

AS I SEE IT

Reverend R. HURD — Pastor

Less than one hundred years ago, Daniel Webster, one of America's greatest statesmen uttered this solemn warning "If we abide by the principles taught in the Bible, our country will go on prospering; but if we take our posterity neglect it's instructions and authority no man can tell how suddenly a catastrophe may overwhelm us and bury our glory in profound obscurity."

In being asked what was the chief cause of the depression, Congressman Clyde Kelly replied, "Spiritual bank ruptcy We have been war kripping the Golden Calf The results are seen all around us."

Had there been the universal acceptance of the principle of Christian justice and charity there would be today neither economic nor spiritual depression. The world forgot Christ in the rush for money The only God that many of us know seems to be the almighty dollar" In order to be the exception. "How do you account for this state of affairs?" the Senator replied "There are too many dusty covered Bibles, prayerless homes, deserted churches without even the semblance of a prayer meeting There is a wide spread spiritual ignorance and desecration of the Lord's Day These form part of the religious background of the past decade

As for today God has never changed, and so for every man in business whose principle it is to have a part in shaping the policies of our government, I say to you that the greatest need in the world today is a wider acceptance of and a greater devotion to, the fundamentals of Christianity."

The Bible says. "Be not deceived, God is not mocked, for whatsoever a man soweth, that shall he also reap. For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting" (Gal 6 7, 8).

Lutherans call area minister

A meeting of the Hinton, Edson and Jasper Lutheran Churches was held Sunday, February 26 with visiting minister, Rev. A. Gehring of Stony Plain acting as chairman Main business of the meeting was to call a minister for this area since the one they had called previously had declined.

It was the decision of the meeting to call a candidate rather than try to call a minister already in the field It was also felt the minister who comes to fill the present vacancy should reside in Edson closer to Edmonton church headquarters

Members of the three congregations at the meeting also decided that the consists town be changed since it is contrary to the church

Your rules of the road

Physical Qualifications

The law requires any one applying for a license, or who holds a learner's permit or operator's license, to report any disease or physical disability which may affect their driving ability, to the Department.

The Operator's License Examination

There is no fee charged in the Province of Alberta for the operator's license examination.

Before a license may be granted every applicant for an operator's license, must when so required, pass an examination which includes the following tests;

(A) VISION — Applicant's vision will be tested to find if they are well enough at a distance to drive safely. If it is found that correction is need ed to improve vision enough to pass the test, the applicant will be required to obtain the best possible correction

(B) KNOWLEDGE OF TRAFFIC LAWS — In this test applicants will be required to answer questions on Alberta Traffic Laws, and safe driving practices.

(C) ROAD TEST — Applicants must supply vehicles for the road test A licensed driver must accompany the applicant in the vehicle brought to the examination Centre, unless the applicant is in possession of a valid operator's license other than a learner's permit The accompanying driver should report, with the applicant, to the driver examiner During the driving demonstration, the applicant will not be asked to do any thing unlawful No attempt will be made to confuse or harry an applicant. The applicant must present a vehicle which is in safe operating condition It must be equipped with the following:Horn, Rear view Mirror, Windshield Wiper Foot Brake, Emergency Brake or Parking Brake, Headlights, Muffler, Tail Light, License Plate Light, Brake Light, Speedometer

No test will be given if the required equipment is missing or not in good working order

This part of the examination is planned to give the examiner an opportunity to check the applicant's driving ability as well as his observance of the traffic laws. It includes correct turns, proper signals, correct use of traffic lanes, parallel parking, starting and stopping, showing respect for the rights of pedestrians and other motorists, and general ability to operate the vehicle with reasonable skill and confidence

Normally, no passenger other than the driver and the examiner will be permitted in a vehicle during the driving test However, the Chief Examiner or a Supervising Examiner may be present to observe the manner in which a test is conducted

Additional Examination in Special Cases.

If it appears that an applicant does not possess adequate vision, physical or mental requirements, he may be required to furnish medical or other evidence including reactions test to establish his fitness to operate a motor vehicle safely.

Re Examination

Any licensed operator in the Province of Alberta may be required to appear before a Driver Examiner at any time if there is reason to believe that such a person may not be qualified to operate motor vehicles with safety to himself and others Failure to appear for an examination within a reasonable time after being requested to do so, may result in license suspension.

PHYSICAL QUALIFICATION

The law requires any one applying for a license, or who holds a learner's permit or operator's license, to report any disease or physical disability which may affect their driving ability to the Department.

GARDENING TIPS

By IRENE CAPT

A garden must be planned for the future There should be a design for the entire property To make a plan on paper is not half as complicated as you may think and it has great value

First get the dimensions of the property If you don't have a tape on hand, pace off the distances. Mark them down on a sheet of paper each quarter inch representing one foot. Mark also the outlines of the house and any other buildings plus driveways and paths.

This done, the first consideration should be the trees. If you already have trees mark an irregular circle to indicate the spread of branches. Then mark circles for new trees and shrubs, plotting a position for each one Here are a few points to keep in mind.

Keep the town free of flies or bees and specimens The ordinary town or city lot is too small for this type of landscaping for when trees and shrubs are fully grown your lot will look very small It will be dwarfed! So arrange them perhaps in small groups at the border and corners of the property. Arrange trees and shrubs with dense foliage or evergreens to hide unsightly objects and views. Select specimens considering their durability, year round appearance, rate of growth and future size Save sunny areas for flowers and vegetables. Try to have at least one vista, that is long pleasant view from living room or street Consider the directions and amount of shade from buildings and trees.

And last but not least, do not buy plants until you know exactly where to place them, remembering that they may outlive the occupants of the house The earlier you begin good ideas on paper, the better garden you will have

Opti-Mrs to sell Easter baskets

At the last meeting of the Opti Mrs which was held in the United Church basement plans were made for the sell ing of Easter baskets

Last year the Opti Mrs sold their Easter baskets before Easter and so this year they will be at your door on March 27 and 28 with the baskets which will be priced at $1 00 for a small basket.

If you would like to place your order ahead of time phone Mrs F Rossano at PA3 2761 or Mrs R Rosene at PA3 3089 Some of the baskets will be on sale in the Simpson Sears Order Office

Quite a bit of indigestion is caused by people having to eat their words.

16 GRANDE FINALE

The Kinsmen Club of Edson gratefully acknowledges the contributions and help extended by many individual persons of the Edson District whose support has made Kincycles of 1961 possible.

Yearbook to be done here

The Edson High Student Union held a special meeting Wednesday, March 1 in the High School auditorium Th purpose of the meeting was to discuss the 1962 El year book which will be printed in Edson this year by the Ed son Printers

The executive stated tha the book will consist of fou er pages with a maximum of pictures and a minimum of writing This will cut down on the space used up by writ ing which was evident in pre vious years

Also, it will reduce the price greatly, because it is being made here in Edson and the extra charges usual ved for the payment of mail ing from the United State will be excluded

Edson Junior Hitch tripes DV

The Edson Junior Pitch hockey team visited Peerless Valley last Friday to defeat the Drayton Club by a nar row score of 8-5

The game was played hard and fast, with one player tal lying up a total of eight pen alties, while another received a game misconduct for hit ting a referee.

Scoring the goals, for Ed son were E Mc and Mc 2-1, Hooper 2 A Kotak 1 and P Dumore 1 Assistee were J Mey with 2 and T Worton with 1.

The players were transport ed to Drayton Valley by Mr Owen Mc Oliver and their coach Red Lanigan.

Fun - filled dance Mar 10

The Edson High Student Union will be holding another one of their fun-filled dances on Friday March 10, at the High School auditorium com mencing at 9 p m

The executive has arranged to have The Mudlanes from Edmonton, to provide the "rocking" music for this dance

The Students Union have sponsored many successful a treats for this year, and have succeeded in bringing the an ticipation out of debt of which there was a $300.00 d first at the beginning of the 1960.

So let's see you out there having a great time and supporting your High School Student Body.

Eligible list for post office being compiled

While no vacancies exist at the present in the Postal Ser vice at Edson an eligible list is being established.

Application forms for this competition may be picked up at the Edson Post Office and should be filled with the Civil Service Commission, Edmon ton

Further information may be obtained at the Post Office

Junior: "Daddy what's a crossing girl?"

Dad: "Why, errah, a girl who works in a sweater fac tory." And after a moment s pause "Say, where did you get that question?"

Junior: "Where did you get that answer?"

FIELD COMMISSIONER WILLIAM JOHNSTON presents instructors Laurence Radcliffe, Joe McKnight and John McEwen with their Basic A Cards.

Mrs C Hellenson was ad mitted to St John's Hospital Monday, Feb 20th

Ray Thomas celebrated his birthday Tuesday Feb 21st, and received a TV lamp from the family in honor of the occasion He sends a word of appreciation to all who remembered him during his recent stay in Hospital, with special mention to a favorite nephew A C Bunnell of Clear Water B C

Mrs Chester Durston is a patient in St John's Hospital as of Monday Feb 20th

Recent visitors at the home of Mr and Mrs Frank Smith include Mrs. Bob McLennan, Mr and Mrs Jimmy McLen an and Mrs Cliff Marchand Mr and Mrs Herb Cappis and family were guests of honor at a surprise party at the home of Mr and Mrs H Heinz Sr. Saturday night 25 guests enjoyed an evening of dancing and card party fun The Cappis family who will be leaving the district soon were presented with a gift of money from their many friends attending the party

Weekend guests at the home of Mr and Mrs Allan Shantz included Mr and Mrs George Wagnolt and family Mr Kaye of Wildwood, and Sylvia Shantz.

Leonard Smith made a trip to Edmonton last weekend where he expected to enter University hospital to under go treatment for an injury suffered at work but was for ced to return home as no bed was available.

The current outbreak of flu is making life miserable for everybody concerned Don't ignore it folks, because it won't go away without a bit of persuasion We know we tried it.

Donald Heintz celebrated his 10th birthday, Monday Feb 20th

The Durston twins Betty and Bernie celebrated their birthday, Feb 21st

Regular Scouts light bulb sales planned

The Boy Scout light bulb sale on Monday February 27, was very successful and we would like to take this op portunity to thank all those people who have helped to make it so

In an attempt to build up a fund to buy much needed equipment which is essential in making scouting a success, and to meet our provincial as sessments the Scouts have planned sales of light bulbs at regular intervals throughout the year

We hope that the people who have bought bulbs from us now will continue to take advantage of this service and that others will also begin to do so

Quite a bit of indigestion is caused by people having to eat their words

On the Edson Grande Prairie Trail in 1911

By HARVEY A. SWITZER

[Editor's Note: This article by Mr. Switzer won first prize last summer in the Pioneer Writing Competition of the Historical Society of Alberta. During Edson's 50th year we hope to publish Pioneer Stories from time to time.]

During the year 1911 the Department of Interior decided to carry out an aggressive campaign to induce settlement in the great Peace River country. Heavy advertising was done in newspapers and periodicals, brochures distributed through boards of trade, and colonization agents placed in strategic spots in the central and northern United States and in the older settled parts of Canada. Furthermore, the Grand Trunk Pacific Railway which was then pushing its trans-continental line westward had surveyed a branch line from Edson via what is now Whitecourt northwesterly into Grande Prairie, and was advertising Edson far and wide, as the "Gateway to the Last Great West". The government also commenced the cutting out of a colonization road from Edson to Grande Prairie, a distance of about two hundred and fifty miles.

AN ARCHWAY MARKED JULY FIRST IN EDSON IN 1911

The old route, over which a very few settlers had previously gone into the country, ran from Edmonton north to Athabasca Landing, then westerly along Lesser Slave Lake and on to Peace River Crossing and then south via Dunvegan. This was a distance of six hundred miles and practically impassable in the summer months. The great lure was free virgin land, or at least the government was willing to let you a quarter section of it one hundred and sixty acres, against your ten dollars that you could add five on it for three years. In addition you could increase your acreage by purchasing South Africa War Veteran's scrip and also Half Breed scrip on the open market and applying it to Crown lands.

The writer, who only the previous summer had come out from old Ontario to Weyburn, Saskatchewan, as a young graduate pharmacist of only twenty-one summers, again felt the call of the West. Forming a partnership with a doctor, H. H. (Doc) Shore and an Elmer Davidson — a well experienced man of many accomplishments, having been lumberman, farmer, threshingman, etc — we entrained for Edmonton and arrived in Strathcona late in February. We took the hotel bus, which was horse drawn, over the low level bridge and started at the Yale Hotel over night. The next morning we took the G.T.P. train for Edson and had quite a slow trip out, as westward from Entwistle it was still in the hands of the construction department.

Arriving in Edson, we put up at the old Boston Hotel where accommodation was rather primitive, the sleeping quarters consisting of a double row of single cots, about forty or more in all. David sons were down to Entwistle, eight miles further west, which was then the end of the steel and a rip roaring, wide open Frontier camp.

This place later became the location for the Alberta Coal Branch. There he purchased a sleigh and a team of huge oxen, one a dark red and the other blue and white, which he named was Paul Bunyan's "Blue Ox" of storied fame in the lumber woods of Michigan and Minnesota. In Edson we secured a site for a small cache in which we could leave our trunks with such personal belongings as we did not wish to take on the trail. We gathered an outfit together, consisting of baled hay and grain for the oxen, a small stove, food for our selves, mostly staples, flour, beans, rice, baking powder, salt, sugar, tea and coffee and of salt pork, commonly called "sow belly" cooking utensils and some medicines, and for aid supplies and tools.

We left Edson on March 1 1911, being the first outfit to leave for Grande Prairie. Just as we were leaving, some one snapped a picture of us, and we were more or less "immortalized" by the sale of thousands of post cards of the picture and it later became one of the illustrations in a book which was written by an Anglican missionary stationed at Edson. We had been assured by the local board of trade that although the trail was not quite all cut out, it undoubtedly would be by the time that we got up there and that we should encounter no particular difficulties.

We encountered many varied experiences on that trail but space will permit of the setting down of only a few of these here. Travelling by oxen is a rather slow and tedious business, we usually walked except for the one driving and probably covered not more than twenty miles a day. Each night we cooked up a meal, fed our oxen or put spruce boughs to make a bed at the rear end of our sleigh, set a couple of poles up leaning on the sleigh, threw a tarpaulin over them to make an improvised tent and slept there for the night.

The temperature, usually went down well towards zero during the night and sometimes even below so it was not too pleasant when we were not insured to it. Water for cooking was melted snow and that winter the rabbits were almost as thick as flies, with their trails criss crossing all over the woods. We could pick out what we fondly thought was some new clean snow to melt for our coffee or other requirements, but when it was melted we found at least a few rabbit berries floating around on the top. We would then pitch it out and get some more but with the same results, so after a few trials, we stoically skimmed them off and used the water. The bread soon ran out and flapjacks and bannock took its place. Sometimes these did not turn out too well being somewhat under cooked and they would be facetiously referred to as "dough gods". However, the cold bracing air and hard exercise gave us wonderful appetites so no one suffered or complained. Even the doctor who on the start had been picking out the bits of fat from the side of bacon which we had then, was munching down the fat now hotly without a murmur.

Some forty odd miles out of Edson, where the high land makes its first break down to the beaches of the Athabasca Valley, we encountered a very steep declivity, later known as "Brush Neck Hill". In order to negotiate this in safety we wrapped several log chains around the runners of our sleigh. We then chopped down a jackpine tree about thirty feet tall, cut off all the branches about fifteen inches from the trunk so that they would dig in well and chisel ed the top of it to the rear of our loaded sleigh on as to hold it back from over running the oxen. We continued on across the Athabasca on the low end on across the Little Smoky River.

A couple of days later we met the road foreman, Riley, who with his crew was hurrying back to Edson before the ice would go out, as there was as yet no ferry on the river. He assured us how ever that foreman Woodward was cutting through from the other end and that if we would camp at the end of the cutting when we reached it we would have only a few days to wait as there were only a very few miles left to be cut. We learned later however, that Woodward with his crew was hurrying out just as fast in the other direction.

When we arrived at the end of the cutting, we found a five half breed named Lavoie and a North Carolinian school teacher who had purchased supplies from the camp and stayed behind and whom we promptly named "Sam McGee". We learned later that he had stayed around there for a few months panning some gold out of the streams and going down to Edson with his sam pan, he had induced several citizens to put up the money for a gold staking venture.

The next day an old snow dough, of the trail of Ninety Eight, pulled into our camp with a sleigh and team of small oxen. A day or two later three Americans arrived with two sleighs and a bunch of loose oxen. They were from Montana, one being a sheepherder, one a cowboy, and the other a very affable gentleman of unknown talents and called B. B. Smith. Some of us hired Larocque to make a trip up to Sturgeon Lake to see if we could arrange to purchase hay for our livestock. At Sturgeon Lake the Hudson's Bay Company and Revillon Freres each maintained a trading post. There was also a Roman Catholic mission, school and church and numerous Indian log dwellings. He returned in about a week and reported that there was no hay at all to be had and further that there was about sixty miles of bush to cut through before we reach the river. We did not believe him at that time, but found out later that it was too true.

Several more landseekers arrived within the next week with various outfits and then the government road crew under A. H. McQuarrie arrived on the scene. He organized a government road crew of all those who were able and willing to cut trail. A cook sleigh was supplied with a stove and supplies with a cook in charge. This sleigh also carried the workers' bunnage for war bags containing our blankets and a change of clothing. This sleigh kept right along with us as we progressed several our mid day meal and supper where we halted for the night. Along at this point we worked through a belt of very heavy snow there being more than two feet in the sheltered woods. This being now late in March the snow was fairly soft although crusted on top by the bright sunshine and each step we took it would support our foot until we reached up in our blankets to our boughs and slept soundly until we heard the cook's call early next morning. The rest of the landseekers fashioned out of their bunnage with the animals and outfits. The same routine went on day after day. We picked up the dog sled trail from Lac Ste. Anne to Sturgeon Lake and followed it for many miles. This ran along the westerly side of Horse River (Washa) across numerous very deep ravines where the creeks ran down to the river, but early in the summer the route was resurveyed and changed to the east side of the river where the terrain was much flatter.

Several amusing incidents occurred during the cutting operations. There was no large timber most of the rivers being poplar, with the change next night. We then changed our beds in the morning, spread on a bed of spruce boughs and slept soundly until we heard the cook's call early next morning. The rest of the landseekers fashioned out of their bunnage with the animals and outfits. The same routine went on day after day. We picked up the dog sled trail from Lac Ste. Anne to Sturgeon Lake and followed it for many miles. This ran along the westerly side of Horse River (Washa) across numerous very deep ravines where the creeks ran down to the river, but early in the summer the route was resurveyed and changed to the east side of the river where the terrain was much flatter.

Several amusing incidents occurred during the cutting operations. There was no large timber most of the rivers being poplar, with the largest probably six or eight inches at the butt. Nevertheless we would move or by less cussing usually hear the cry of "timber" ring out on the clear air time of the party had a dollar watch which stopped every few hours, and several times each day he would draw it from his pocket look at it intently and shout "What time is it" One night while drying out our clothing one of the party had built his fire at the base of a spruce tree which was covered with a considerable amount of gum and hung his pants to dry from a branch. When the fire got going well the spruce gum caught alight, the fire went up the tree with a roar and the pants ballooned out like a balloon. Later the owner was seen raking among the ashes and leaves to recover the pocket knife, razor, etc which had been in the pockets.

Social assistance change effective June 1st

A new concept has been introduced in Alberta's welfare program, the Honorable R. D. Jorgenson, Minister of Public Welfare announced today.

An amendment to the Public Welfare Act effective June 1st, 1961 [illegible] program of social assistance whereby the Department [illegible] assistance according to the need of an individual.

A Social Allowance may be paid to a person who has been of late or by reason of physical or mental ill health or physical or mental incapacity that is likely to continue for more than ninety days unable to earn an income sufficient to pay for the basic necessities of himself and his dependents, or any, or to a person who, being a mother having the custody of and personally caring for her dependent child or children is unable to earn an income sufficient to pay for the basic necessities of herself and her dependents.

The plan will have two major effects. It will greatly simplify the four present provincial programs of Mothers' Allowance, Widows' Pension, Disabled Persons' Pension and Supplementary Allowance into the one new program. It will also relieve municipal welfare authorities of those cases who were formerly their responsibilities but who are now be eligible for social allowance.

[illegible] Department [illegible] welfare [illegible] Under the [illegible] Social Allowance Act [illegible] Ministry [illegible] social welfare [illegible] Act [illegible] Social Allowance [illegible] under the [illegible] Allowance Act [illegible]

[illegible] persons on receipt of [illegible] letter from the Department [illegible] and who will be affected by the amendment will be visited by a worker from their Regional Office to explain the changes. They should not be concerned how [illegible] as they assured there will be no obligation for them to change from their present program with its present benefits.

THIS LOAD OF PULP coming out of Camp 20 would appear to be the straw that broke the camel's back. Owner Trifon Diachuk, said "There is nothing to worry about, what goes up must come down." Nevertheless it was a tricky job getting the truck eased back down onto it's four wheels.

HOUSEHOLD HINTS

Recardless how particular a housemaker is in caring for her home she may find herself plagued by an infestation of insects in the cupboards. It can happen to any one but usually means mutual torture until the situation is remedied.

Although insects infest a great variety of foods much can be done to prevent their occurance and spread in the home. Infestation may occur during packaging and warehouse storing of food. The trouble arises when a package is forgotten or remains unnoticed for months in the back of a cupboard. Another place to watch for infestation is in residues of foods accumulated behind bins or under drawers.

This problem is noticed when small moths or beetles are found moving about in the kitchen than in other rooms of the house. It is important to examine all stored foods including dog foods approximated pepper and cheese.

Flour meal cereal, dried fruits cured meats and spices should be bought in small lots to avoid having to store them for long periods. Cold storage will hinder the development of the food infecting insects. Glass jars with rubber seal tops are excellent for storage.

If your cupboards have become infested empty them and clean thoroughly. Then treat the cupboards with a household insecticide such as DDT for most insects and chlordane for cockroaches and ants. Follow the directions on the insecticide and observe the cautions. DDT will kill insecticides are poisonous. Destroy severely infested food. Lightly infested food or those suspected of being infested may be heated in the oven for 15 minutes at 140 degrees. If or exposed to below zero temperatures for at least 24 hours.

Shocking event

Terrible things can happen at the National Employment Services offices across the land.

Those who doubt it obviously cannot have heard about the awful experience whereby a constituent of the Hon. George Nowlan, the Minister of National Revenue Mr Nowlan addressing his colleagues in the House of Commons reported as follows on a letter he had recently received:

"This person felt he had no one he could be started 'Dear George.' He said he started working last spring worked all summer and last fall. Then he said:

Last week I went to the unemployment insurance office and asked for my unemployment benefits. What do you suppose they did to me, George? They offered me a job! He said, 'George why did they play this dirty trick on me? You have to do something about it.' This is one factor in the unemployment situation."

Clearly the country is in a bad way when such "dirty tricks" can be played on an unsuspecting citizens.

H. A. Switzer heads 50th anniversary committee

Mr. H. A. Switzer was elected chairman of a co-ordinating committee to promote Edson's 50th Anniversary celebrations this year at a meeting called by Mayor W. R. Brunelle in the town hall on Monday evening.

The well attended meeting also elected P. Serfish as secretary of the co-ordinating group, A. G. Mahon as treasurer, M. B. Burleigh and Mrs. R. K. Mahon as vice chairmen.

Named to the public relations committee were W. Owens, J. Griffiths and D. McCuaig, chairman of the promotional and ways and means committee named was Dr. I. H. Lewis.

Sports and track committee men named included H. Switzer, R. Seidanuk and J. Oliver. Church liaison officer named was Rev. C. C. Armstrong.

Town Council representative to the committee is Councillor P. W. Wells. Canadian Railways representation is to be H. E. Ol.

Works committee members named include L. Collin, J. Mundell and R. Radomski. It was felt that Mrs. R. K. Mahon should be given power to add enough members to promote an Edson pageant.

Among the projects for the anniversary year discussed in-

cluded a pageant depicting the Edson story similar to the one that has received such wide recognition at Jasper, the July First sports, farmers' picnic, the two day rodeo, shack rat races, Labor Day sports, the Legion Bear Lake regatta and so on.

The meeting wound up with a plea to all groups and organizations to submit their plans to touch with the central 50th Anniversary committee so helping to plan this year's celebration.

Next meeting of the planning committee is Monday March 6 in the Town Hall.

Airman arrives from Germany

LAC and Mrs. Raymond Morrison and wee son Ken, arrived from Germany on Thursday to spend a month's leave with Ray's parents, Mr. and Mrs. J. R. Morrison and sister Gail.

Ray who has just completed four years service in Germany with the RCAF will be stationed in Edmonton after their holiday here.

Red Cross help near at hand in local disasters

Before it was asked for and only an hour or so after the tragic school bus accident at Lamont last fall Red Cross blood was on the way from Edmonton to help save the lives of some of the youngsters involved.

In Alberta will persons who were victims of 100 minor disasters throughout the province were helped by Red Cross. The help was in the form of food, clothing and bedding.

Most of the help was needed following fires and several local families were helped in clothing people in the Edson district.

To help make this work possible the Edson Red Cross group are planning a blitz type of canvass. Mrs. A. Kraiasama and Mrs. R. Mills are organizing a house to house canvass in Edson. Mrs. J. Smith heads a committee to call at Glenwood homes.

Volunteers to help in this work are still needed and anyone willing to help are requested to contact any of the above Red Cross workers.

Keep fit fans active

Putting on two months might! Perhaps joining Edson's keep fit classes is one of the answers.

Several business and professional men are meeting regularly to partake of tumbling calesthenics weight lifting and so on.

Anyone interested get in touch with T. Fowler or enquire at Murray's Drug

CWL WHIST

Per the week ending Feb. 25 Mrs. Binette and Mrs. Grant were high in Unit 1 with a score of 164. In Unit 2 Mrs. Fell and Mrs. Hester were high with a score of 144.

BUSHED

The swamper's gone, the cat's broke down, — the sawyer wants to go to town,

The shidder slopped and hurt his back, I'd sooner say his head got cracked.

Last night the cholker men went home, his wife was snored in sixty stones;

And the cook she swears she won't come back, while she got pack rats in the shack;

I bought a sled horse good and tame. It worked one day and then went lame;

The guy I got to drive the truck keeps bogging down and getting stuck.

I swear I'll have to fix the road, before he hauls another load,

The creek dammed up the other day, and darn near washed the road away,

The culvert moats' been too small, but it bothed big enough last fall,

And now the pulpmill's getting sore, we're cutting low; they're wastin' money,

My foreman's pulling for the north, says I ain't purin' what he's worth,

I sometimes think I should go too, looks like there ain't much else to do;

But the ranger's now on my top, 'cause last year slashin' isn't lopped.

Pat the Sealer is the worst He's cut me down right from the first,

Thin loggin' racket's gettin' tough, but some days tell a lot of guff;

To make you think the bunk gets rich, when he's darn near ready for the ditch.

A voting button?

By C. E. MORTIMORE

Suppose we could all vote today for or against a law by pressing a button on the television set.

Suppose that every major action of a government had to be tested by a lightning plebiscite.

The voters would have a glorious time rejecting everything that cost them more $$ in the sense was that thirsty municipal ratepayers reject new schools.

The vote-indecisive panel in Ottawa would flash a red **candle like the Northern Lights**, as the people threw out such money-eating measures as the army navy air force the CBC and Parliament abolished taxes, and voted themselves pensions.

Then—after the boom was over the taxpayer would begin. The people would rush to their mortgages and vote those crafty thieves back a **gain—or some of them.**

* * *

No politician (and especially, no statesman) would be able to govern if his decisions were subject to change at any moment by popular whim.

But a nation wide referendum device would be useful in telling the government how the voters felt

And if you asked the voter

CONTRACTORS

Edsonites to be among the first to see "The Canadians"

Coinciding with other release dates in other parts of Canada Edson audiences will view the World Premiere of "The Canadians" showing at the Nova Theater, March 10 to 14. All the raw human emotions and visceral courage of men carving out a nation make this a great show.

"The Canadians" exploding across the angry Snake River flinging their fiery challenge at the Mount Mellon Canter, couldn't stop.

Filmed in the wasteland of Saskatchewan that saw it happen the movie story Robert Ryan, as Gannon, who brought back the victory they said a man could win with Thomas Edison's dictum "Genius is one per cent inspiration and ninety nine per cent perspiration."

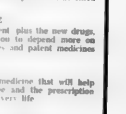
Yet Gannon was not a genius in the sense that he was a dreamer, a man who always endured, but never outlived, and introducing Teresa Wright as famous Opera Star as the white square captured first by the Indians and then by a murdering band of Americans.

All the suspense and high adventure of the northern frontier days are captured in the cinemascope-deluxe color. Appropriately enough for Edson, the 1900 year has been chosen to see this Canadian epic on its release date.

YOUR HEALTH

A message from Randall Murray

"Your Pharmacist"



LAST YEAR ABOUT 500 NEW MEDICINES WERE INTRODUCED

As soon as each one was clinically proved we stocked it in our prescription department. We intend to continue getting any new drugs as fast as they are available

WE CAN COMPOUND ANY PRESCRIPTION

Even if from another town any physician's prescription will be filled according to his exact specifications

YOUR PHYSICIAN NOW CAN HELP YOU MORE

Improved techniques of diagnosis and treatment plus the new drugs, are so important that we sincerely advise you to depend more on your physician's advice. Most home remedies and patent medicines are relics of a vanishing past

WHEN YOU ARE SICK

Let your physician prescribe the particular medicine that will help you most. The moderate charge for his fee and the prescription can save you sickness time and perhaps your very life

The recommendation of the

Edson couple exchange vows at Edson United

The Edson United Church was decorated with bowers, trees and tuneful cluster, on the pews where June Edwards Rosen daughter of Mr and Mrs Viggo Rosen became the bride of Ronald Beaudoin son of Mr and Mrs. Melvin Beaudoin of Edson on Saturday, Feb 18 at 4 p.m. Rev. C. C. Armstrong performed the wedding rites and Mrs. H. Mathers was the soloist

The bride given in marriage by her father looked lovely in a floor length dress of white velvet, featuring a buttons neckline V back, pearl sleeves and buttons to below waistline which was made by her mother Her only jewellery was an Alaska blank diamond earring and necklace set gift of the groom She carried a bouquet of red roses mounted on a white Bible

The bride attendants were Eileen Rosen Anita Beaudoin and Rita MacDonald, who were ballerina length dresses of velvet like the bride's dress, with matching accessories They carried colonial bouquets

The groom's attendants were Lucien Boisjolie Hector Melnyk of Edmonton and Jim Beaudoin The ushers were Fred Maurin and Ronald Wadley

For the reception Mrs Rosen chose as her ensemble a pale green brocade sheath with matching accessories and white chrysanthemums encourage For her own wedding Mrs Rosanna wore a brown wool sheath with matching accessories and white chrysanthemums corsage

EASTER HOLIDAY IN HAWAII

An economical way to get a two week holiday in Hawaii in a group headed by Mrs Mary Gavin of Edson

TOUR PRICE

$455.00

EDSON RETURN

There are many things to do and see - - or lie on the beach

Here are some suggestions:

Surf boarding
Water skiing
Helicopter sightseeing
Catamaran rides
Moonlight cruises
Golf
Fashion shows
Visit Pearl Harbour by boat
Includes at least one of the outer islands - they are all quite different
Attend a Luau or Hawaiian style feast
Rent a car for convenience or to visit some scheduled beach rates are surprisingly reasonable
Visit a koa wood factory
Shop Hawaii is now a noted fashion centre
Visit a Pineapple cannery
Sunday afternoon Band Concert in Kapiolani Park
Visit Lei making Chinatown
Visit Iolani Palace the Academy of Arts the Bishop Museum and the Aquarium
Attend the church of your choice - in some churches part of the sermon is in Hawaiian
Eating out at the large choice of exotic cosmopolitan restaurants
Night clubbing your choice of South Sea Oriental or American entertainment
Lunch at the Waioli Tea Room or the Willows
Japanese Tea House Party
Attend the Hukilau at Old Lani Bay

Your tour escort or our representatives in Hawaii Inter Island Trade Winds Tours can assist you in many different ways see them at any of the following offices

OUTRIGGER ARCADE
(between Moana and Royal Hawaiian Hotels)

INTER ISLAND TRADE WINDS TOUR BUILDING
207 Lewers Street or 2217 Kalakaua Ave

About Your Tour Hostess

Mrs. Mary Gavin has a Joie de vivre that is contagious. Mother of a grown family she has been a school teacher and conducted a business as a registered pharmacist before retiring from active business she has travelled extensively and we consider she is an ideal tour leader. With Mrs Gavin as a group visiting Hawaii will have back impressions that will become in time very pleasant memories.

NEW CONCEPT FOR SEWER PROBLEM

The Edson Leader
The Voice of Edson Constituency
Established 1911 — 50 Years Old with Edson
Vol 9 Edson, Alberta, Thursday, March 9, 1961 No. 10

Proposal recommended as long range as well as saving $61,000

A totally new concept for the disposal of Edson's sewage was presented to Edson Town Council at its regular meeting Tuesday evening. The possibility of a saving about $61,000 by means of the new proposal made Council prick its collective ears up.

The presentation was made by Dr. D. R. Stanley of the firm of Stanley, Grimble, Roblin Ltd., who had been asked by the Council to make an additional survey of the sewage disposal problem faced by Edson from a long-range viewpoint.

1961 KINCYCLES QUEEN THELMA RADCLIFFE has her crown placed on her head by 1960 Queen Betty Martin on Saturday night at the arena while Kinsman President Randall Murray looks on. Seated in the back of the cutter are (left to right) Princesses Patsy O'Hara, Sharon Street and Corinne Field. Thelma was sponsored by the Civil Servants Association, Patsy by the Kinsons, Sharon by the Opti-Mrs and Corrine by the Elks and Royal Purple. Leader Photo

Kincycles of '61 sets another achievement record

The hundreds of people who attended the two nights of the Kincycles of '61 in the local arena Friday and Saturday evenings, and for the matinee Saturday afternoon, were unanimous in their praise of the local effort on behalf of the more than 100 children who gained in grace and poise from figure skating

Sponsored by the Kinsmen Club in co-operation with Mrs. Em Herring, who acted as instructor the affair was in the best traditions of Edson carnivals through the years. The colorful costumes made up by the mothers and the Kinette club made the ice spectacle a worthwhile show in themselves. R. E. Gardener's backdrop scenery and the lighting by the Kinsmen added the right setting.

Theme of the show was "Around the World on Ice" and the various numbers de- [illegible] picted parts of call around the globe.

First there were three lit- [illegible] tle highland lassies depicting Scotland; then a group of lit- [illegible] tle Dutch girls for Holland, the land of rock and roll — the USA — was carried by Audrey Richardson; six little girls formed a cha cha line for South of the Border down Mexico way.

The lone boy of the club Wayne Callaghan, was well er in a stube depicting Ger many; while most of the smal ler girls came onto the ice as little Chinese coolies. Miss Robyn Stanton was Miss Canada to represent her na tive land.

Following the intermission Linda Street and Darlene

Board giving recap on questionaire

Members of the school board and administration staff have been classifying the interesting remarks on the questionaires returned re cardiac the elementary school reshuffle proposal.

While the against outnum ber the fors 860 to 370, there were 110 undecided and 21 spoiled.

The informative opinions appeared especially on the favorable questionaires will make an interesting cross section of opinion on ad ministration of elementary schools in the Division.

It is expected an analysis will be ready in time for next week's Leader

Anniversary committee does further planning

At the meeting of the PA on 50th Anniversary recently ning committee held in the Town Hall Monday evening chaired by H. A Sutter further report from the pa gnant committee succeeded that probably Edson's story could be best depicted on an inside platform.

Messrs Garber and Smith ch reported progress on track and field meet plans. The PTA hope to hold their Farm ev [illegible] grounds. An exam contest is also being planned.

The suggestion that a 50th Anniversary banquet be held to honor old timers, Mayors and other pioneers on the an niversary date of September 21st was put forward as well.

All organizations in town are to be written shortly that they have one member of their executive [illegible] to the [illegible] committee.

The next meeting will be held March 27.

How long does it last?

By G. E. MORTIMORE

The telephone aroused me from bed where I had gone early in the evening, hoping to get rid of a cold.

I can't stand hearing a telephone ring—period, so I leaped down the stairs two or three at a time ... a curious performance for a man who had just decided that he was too tired to do any work.

Usually the telephone stops ringing and goes blank just as I reach the bottom step and I am left wondering who it was on the telephone — an irritating riddle with no end ever.

I didn't want it to happen this time. So I covered the distance from the landing to the telephone in one leap and snatched up the receiver as I fell the floor — a sensible piece of work for an invalid

I had hoped it might turn out to be a wrong number. No such luck. I knew this lady's voice. She was a friend

"You sound terrible," she said

"Oh it's nothing," I answered modestly. "Not nearly as bad as it sounds ... just a touch of laryngitis. Just a cold. But you don't sound too well yourself"

"Yes, but you need to take care of a cold," she said.

"You're right," I acknowledged and tried to wrap the shreds of my pyjama coat around me. I believe in getting the maximum possible mileage out of garments — especially the kind of garments that usually stay in the house. Besides, I never seem to be able to find my new pyjama coat — the one I bought four years ago.

"If you don't keep yourself warm, a cold can develop in to something worse," my friend insisted

"There's no doubt of it," I said, and tried to cover into the telephone mouth, in cut down the draft. I had a decision to make. Should I twist the tatters of the pyjama coat around to protect the hideous, or gamble on gathering enough cloth into one bundle to shelter the lungs?

"Mike didn't look after his cold, and look what happened to him," she said.

"Her! No, I don't remember her" I had made up my mind now, about the coat. It wasn't fair to play favorites. The lungs need the kidneys would each get a share "What happened to Mike?" I asked.

"Pneumonia."

"Gosh."

"He died of it"

"I'm sorry to hear that," I said trying to sound as sweet as I could, while my teeth were chattering.

"So that shows you," she said, in a tone of severe reproof

"I hope my coughing and wheezing isn't getting on your nerves," I said.

"Not at all. Are you taking anything for it?"

"No, but "

"Well get something And go straight to bed. Go on"

"If you insist." I said "Good bye" And I dragged myself up the stairs coughing and coughing like fool convinced me that I was really sick.

How long does pneumonia last — anybody know?

From a Cottage Window

By ALICE HOLLINGTON

If you can't decide which course of action to pursue,
And you've reached a point where there are two roads facing you
There's a way of finding out which path to go along:
A simple way of knowing which is right and which is wrong.
If it hurts or injures others then it can't be right.
So if you are in the dark and seeking for a light,
Remember that if something causes someone else distress,
It can never bring luck or lead to happiness.

PATIENCE STRONG

We are looking forward this month of March 1961, to the Easter story It is a beautiful story of discovery that Christ lives and we are never alone in our world of indecisions or troubles When doors close in our face and people turn away from us and hurtings lose their glow of shining hope, Christ's living presence in our lives takes away the fear of defeat

Many ask what is the use? And at it seems at times when life tumbles in on us We are bound to say then, Goodwill is a wonderful thing but it won't work Kindness is a supreme virtue, but it won't cause anything great to happen Brotherhood is a lovely dream of mankind but it is only a dream, we say We are like people who walk on streets that have no solid foundation, our houses do not shelter us, nor the food we eat nourish us. All we are able to see is the columns of smoke rising from the smaller pots of our despair, hiding the bright stars of promise that Christ is not just a memory

Here we are seeking to live and to help live, in a world of tension and bewilderment, caused by violence hatred and hate The story of the Resurrection has renewed significance for our troubled times. The most potent forces are not hate, greed and violence but God's Will

Here you over thought about the disappointments and discouragement of the disciples, during those long days of Christ's life on earth Not a single disciple believed He would live again after the disaster of Calvary Their last act of devotion was to prepare His body for burial Then out of the supreme gloom, He walked back into their lives again Death had not changed Him, nor had His compassion rooted out His love ended The profound significant fact that gladdened the hearts of the disciples was not that Christ had survived death but that He had trumpeted over death Christianity did not but of Eternal purpose to hold the world together

We are poor Christians today, if we cannot feel this means a religion of deepest steadying power as we make our pilgrimage through the years of our lives Millions will kneel to greet the Easter dawn around the world again this year, to hear the glorious assurance, that truth is more powerful than error, that principle is more eternal than expediency, that giving is more divine than getting and that sharing is more lasting than saving

"Verily I say unto thee, in asmuch as thou hast done it unto one of the least of these my brethren thou hast done it unto Me."

The heart of the Easter festival beats with everything that makes life worth living if we will only cooperate; that may be postponed but never conquered and that things happening in this world today cannot defeat God's Will

After the physician checked "Have you been living a normal life?"

"Yes, doctor"

"Well, you're going to have to cut it out for awhile."

City woman wins Hinton Optimist bingo

The Hinton Optimist Club Newspaper Bingo came to its official close last Saturday as the two week period for reporting further full "cards" came to an end.

Lone holder of the full card was Mrs J Ostachek of 10216 10th Street, Edmonton, who is now the proud owner of a washer and dryer unit

Mrs Ostachek was feeling very happy when notified she was the winner and was expecting to make good use of her prize as she had not owned a washer dryer before

In case of the Rhein camera for selling the winning ticket was Mrs Ted Wootton of Edson Printers one of the three Edson agents selling tickets

Mr. Em Herring, the impresario of the Kinsmen show

Only 32 mills?

We have lived in vain if [illegible] that no mill rate is going to drop this year. The School Division last year was 40 mill; 141 mills for Edson taxpayers to plan on for the present calendar year.

On the surface all seems that we should have every reputation might note how fortunate we should this year. But until the mill rate is set by the government committee of the local level are spelled out there will be uncertainty.

Local administrators — and what interpretation the government will put on it necessary mills which will have to be borne by local taxpayers. In a new school "drill" on all the governmental set-up should be kept without evil and its built-in virtue or present expense.

The mill rate of the [illegible] is not a matter of opinion [illegible] have been held in Edmonton [illegible] and property in running [illegible] be allowed to continue.

The head of the government's proposal to establish a mill rate [illegible] in the province is a good one in that the principle will save the burden [illegible] who have districts going, the mill rate has fallen on them.

As Municipal Affairs Minister the Hon. A. J. Hooke pointed out in the Legislature this new proposal does not create any new tax [illegible]. What it gives to the municipalities most still come from Albertans some where else. Taxes on gasoline and power lines will still come out of the people pockets. The utilities companies still exist, it is under their profit. So who pays? The same people only in a different way.

The temptation to leave the mill rate at 65 for 61 can still be there though. Edson is facing a period of expenditure $122 000 for sewer this year, for example. Many old avenues in Edson have been short-hanged [illegible] ratepayers as the school expenditure mounts. However ratepayers will [illegible] that the Council will watch carefully to see that every dollar is spent wisely. Presumably we can depend on the Department of Education to look over the School Board's shoulder when they are setting their budget. The taxpayers must do the same with the Council. The would seem to be true this year as an unprecedented number of citizens are joining up for [illegible] Council meeting.

What a way to save

[illegible] Council [illegible] now it is still [illegible] But it's the same way that Boadle [illegible] Instead of [illegible] and the boys [illegible] some thereof with [illegible] hundred.

After paying all the municipal debts for about as long [illegible] the councillors and the Council must now set on the same [illegible] to pay for the street [illegible] and [illegible] [illegible] [illegible]

'Potential Unlimited' theme of H & S conference

"Potential Unlimited" is the theme chosen for the 20th Convention of the Alberta Federation of Home and School Associations, which will open Tuesday, next March 21st convention through Friday, March 24th, at the Banff School of Fine Arts.

Guest speakers are to be Dr W. H. Baker, Director of the Centre for Community Studies University of Saskatchewan who will give the banquet address on the subject of 'Community Development and Student Potential' and Dr J. G. Woodsworth University of Alberta. Calgary who will address an earlier session on the Task of the Teacher in Developing Student Potential.

Mr Ian L. Wilkinson, Director of Adult Education, Department of Education, will speak on the Alberta Federation of Home and School Association, and Mr Lloyd Hobbs, Director of Fine Arts, Banff School of Fine Arts will speak on the Arts and Education.

Mrs Ian L. Wilkinson, provincial president of the Federation, will be in charge of the business sessions. Mrs Wilkinson will be assisted by Mrs Ralph Hobbs, provincial secretary.

Provincial chairmen will report on the activities of their committees. Mrs Ian Hobbs, provincial chairman of Fine Arts, will report on the Festival of the Arts.

Other speakers are to be invited to present.

Information arrangements are under the chairmanship of Mr Charles Linn Leth bridge. Mrs Vic Pitcher of the Alberta Home and School Association is in charge of local arrangements. Mr Stuart Cowie of Banff, Program Convenor, Mrs William Woods, Calgary, Entertainment and Mrs Wayne Mathis, Lethbridge, Resolutions Mrs George Gatbell Fort Macleod.

Position and resolutions as well as a display table at last year's convention will be dealt with by the delegates. Resolutions embrace concern over matters such as accreditation of schools, vocational training, training of teachers and social workers, the plebiscite presently required to pass a fluoridation by-law, teaching of foreign languages at an earlier age.

A policy resolution submitted by the Federation's Board of Directors would request the Department of Education to implement the local compulsion recommendation that all youth 21 years of age and under be entitled to 12 years of education at public expense in any province for which they may be eligible in schools operated by either school boards or the province.

CARD OF THANKS

My sincere thanks to all the wonderful people who voted and sold tickets for me. A special thanks to the ticket boys for sponsoring me.

Surprise baby shower held

A group of friends met at the home of Mrs Steve Kapty on Wednesday, March 1 to surprise her with a baby shower for little Faith Melodie the new member of the family born at the University Hospital on Feb 1st.

The entertainment consisted of contests and games. Each guest wrote a lovely poem in honor of the new arrival, which will be cherished by the mother for years to come. Mrs Edie Strasbourg received consolation prizes as the best poet of the evening.

After a delicious lunch was served by the ladies, the gifts were presented to Mrs. Kapty in a beautifully decorated box. An appropriate "thank you" was made to each one present as each gift was opened. An enjoyable evening was had by all who attended.

There will be a dance in the Ironton Hall Saturday evening, March 11, from 9 p.m. till midnight. Come on out folks and enjoy yourselves.

Easter Seal Campaign spent largely locally

The 1961 Easter Seal Campaign has been launched. Perhaps many of you have received your Easter Seals and have mailed your cheques in by now or perhaps you may have set them aside to be handed after church. We wish to urge you to look after them now.

The Easter Seal Campaign may be vague in the minds of many therefore we wish to clarify what the money raised through the campaign do. The Alberta Council for Crippled Children and Adults administers the funds raised for its work. In 1960 $111,450.85 was received through sales of Easter Seals in Alberta. The administration costs consisting of office maintenance and one full time employee took 7.73 per cent of the total.

Campsite costs consisting of supplies, postage, seals, advertising etc., with 90% paid canvassers or promoters, comprised 16.08 per cent of the total. The Crippled Children and Adults included (1) Direct case work through the clinic hospital in Calgary, (2) Support of Alberta Crippled Children's Camp Association; (3) Co-ordinating activities and (4) Office of Rehabilitation Services comprised of 76.49 per cent of total funds available from Easter Seals.

Two organizations contribute to are the Child Care's Aid Society in Calgary and the Alberta Children's Camp Council. All money received by the Children's Hospital Aid Society goes to the Alberta Children's Hospital in Calgary which serves all crippled children in Alberta.

This society comprises of a group of housewives who

Grain Varieties

The 1961 edition of Varieties of Grain for Alberta is now available at this office. Based on tests conducted over a period of years across the province, the pamphlet outlines those grains which have proven best for each district. To be sure that you are getting the most from your grain land, be sure to grow a recommended variety. If you haven't changed your seed in many years, it is quite likely that a better variety is available to you.

Forage Varieties

More improved forage varieties are coming on the scene each year. Soon it will be just as unlikely that you would simply ask for alfalfa as it is that you would buy barley without knowing the variety.

Each recommended forage variety is better than commercial forage seed and it pays to use such improved varieties. Climax Timothy is considerably superior to Commercial Timothy and this is true for all types of forage seed. A leaflet outlining these improved varieties is available at this office.

Mowing Trees

We are often asked about the transplanting of large trees. In landscaping the new office building at the Lacombe Farm, several 15 foot white spruce trees were moved in early spring as soon as the frost was out of the ground sufficiently to permit digging. A tractor with a front-end loader was used to lift and move the trees, carrying a ball of earth around the roots about 3 and one half feet wide and 3 feet deep. This seemed to be big enough to retain most roots to allow the trees to continue growing.

Pollination of Legumes

Anyone producing clover or alfalfa seed needs to have a thorough understanding of the manner in which pollination is carried out. The activity of honey and wild bees is vital to seed production. It is the dependence of alfalfa fields to be small, and the preference of honey bees for sweet clover necessitates keeping alsike a good distance from it.

A complete outline of pollination activities of bees, and the importance of this to seed growers and beekeepers, is contained in the new booklet "Pollination of legumes" available at this office. Summaries are also provided for a crossmix between sweetgrass and beekeepers.

WITH THE CHURCHES

AS I SEE IT

Reverend E. HURD — Pastor

There is no incident that more forcefully illustrates man's pride than that connected with the painting of Leonardo DaVin's great masterpiece. "The Last Supper". Long and in vain had the artist sought for a model for his Christ. "I must find a young man of pure life," he declared before. I can get that look in the face I want." At length his attention was called to a young man who sang in the choir of the old churches of Rome. Pietro Bandonelli by name. He was not only a young man of beautiful countenance but his life was as beautiful as his face. The moment he looked upon this pure, sweet countenance the artist cried out for joy "At last I have found the face I wanted." So Pietro Bandonelli sat as the model for his picture of Christ. Year passed on and still the great painting, The Last Supper" was not finished. The eleven faithful apostles had all been sketched on the canvas, and the artist was hunting for a model for his Judas. I must find a man whose face has hardened and distorted" he said a decided man his features stamped with the ravages on by wicked living and a wicked heart can show. Thus he wandered long in search of his Judas until one day in the streets of Rome he came upon a wretched creature, a beggar in rags with a face of such hard villainous stamp that even the artist was repulsed. But he knew that at last he had found his Judas. So it came about that the beggar, with the repulsive countenance sat as a model for Judas. As he was dismissing him DaVinci said "I have not yet asked your name, but I will now." "Pietro Bandonelli replied the man looking at him un flinchingly "I also sat to you as the model for your Christ." Astonished over whelmed by this startling declaration DaVinci would not at first believe it but the person was at hand and he had finally to admit that Pietro Bandonelli he whose fair, sweet face had been the inspiration for his great masterpiece, the face of Christ had now become so disfigured by the sins of a lifetime that no trace was left of that marvelous beauty which had been the admiration of man. "Sin when it is finished bringeth forth death."

THROUGH THE Study Window

By Rev. C. C. Armstrong

When I was a boy I disliked stories which had a moral attached. They struck me then as a form of spiritual compulsion wherein the utmost value was sold upon the merits of some idea he would otherwise not willingly accept. Now I find myself in the position of telling moralistic tales. It seems to be an occupational disease, easy to diagnose but hard to cure.

The story for to-day is a true one, and from it a moral is to be drawn. Two men went into a city, and decided upon a meeting place, but did so rather vaguely, after the man left out men who are more used to meeting with their women folk than with their own kith. On arrival in the city they parked their car and departed one to his morning and the other to his business affairs after telling each other where they would be but being rather hazy about their meeting place.

The scheduled time of reunion arrived and one man got patiently then impatient then fret his partner to arrive and finally bemoaned him self as streets looking for his missing companion. The other man waited patiently then impatiently at which he thought was the agreed location.

Finally the first man returned to the place where they had last been together which was at the parking area and there sure enough he found his companion. Neither one of them had really done a thorough job of trying to locate the other and it was only when they returned to the place where they had separated that they found each other. After their emotional reorganize had returned to normal they began to realize that they had both been responsible for a monumental mess of etiquette that had wasted their time and spoiled their day. So not returning to the place where they had been together

I know not nothing to find the moral of this tale but let me stop reading right here. But if there be any lately enough to continue let it be pointed out that in some ways at least this is rather typical of our attitude to God in "our earthly pilgrimage and warfare we have often a rather vague and hazy notion about God and sometimes we lose touch with Him and are all confused when we start out again to look for Him But do we really do a thorough job of looking for Him or wander rather aimlessly Very often it is the latter

Children who are brought up to attend church and Sunday school very often wander away in the teen-ages and have little to do with the church until after they are married and have children Then they come once again and for the sake of their children seek to find a way to God But they continue to be very vague and aimless believing that religious upbringing is a good thing for children" in afraid of saying that religious upbringing is a good thing for adults or better still "religion is for all of life from the cradle to the grave"

When we agree to meet with God it should not be as a vague basis of somewhere and "Sometime" There are times when we must say, with faith

Surely God is in this place" And Now is the time for me to come to a decision. Scripture tells of us this was Noah "Choose you this day whom you will serve" Joshua tells us how all the men his thoughts let him to trust let the world for sake his soul and the unrighteous man his thoughts let him return to the Lord that he may have mercy on him and to our God for he will abundantly pardon

Why is the Volkswagen bow-legged?

Conventional cars have a rigid rear axle built like a weight lifter's bar bell. When one wheel hits a bump, everything bounces. On rough roads your car will seem to keep control.

The new VW engine is pretty old-fashioned and sprung with torsion bars. Instead, it keeps its road problems to itself. Each rear wheel rides with complete safety at top speed. Volkswagen don't rock or sway. Have you noticed how they speed around curves?

I wonder a VW. You won't see any worse or really-need, you can trust it anywhere. It can look at even from top to bottom, and have a quick drive over a rough road.

VOLKSWAGEN CANADA LTD.

Funeral at Brandon for tragic drowning victim

Funeral services were held last Friday at Brandon, Man. for five year old Robert Woodward, whose tragic death from drowning occurred Monday, Feb. 27.

Little Robert had just moved to Brandon with his mother Mrs. Marie Woodward (nee Williamson) and his sister Eileen. He is survived by his paternal grandparents in New Foundland, his maternal grandparents Mr. and Mrs. T. E. Williamson, of Edson, and his maternal great grandparents Mr and Mrs. R Rice of Edson.

The little boy was seen on the Assiniboine River at the site of the construction of a new bridge When his dog returned home alone near supper time Mrs. Woodward notified police and the search for the lad began.

About 10:45 that night a police sergeant found a small hole in the ice near the bridge pier. Probing the hole the police found the boy's body just under the edge of the hole.

The edges were rotten and it is believed the red-headed blue-eyed youngster had the ice give away under his weight. The lad would have been six on March 2nd

Sewer Proposal recommended

Continued from page 1

growing problem of sanitary sewage disposal

Other schemes considered have always included the present plant for part of the sewage and this prospect has left the Council rather uneasy as they realize it might only be postponing some drastic alteration to the system in a relatively short time while the ratepayers might be stuck with years more debt for an unsatisfactory system.

With reference to financing Dr Blanky's presentation said created $115,000 might be borrowed from Central Mortgage and Housing Corporation and $57,100 from the Provincial Municipal Finance Corporation If the project is completed within three years the Federal Government has an offer that would cancel 25 per cent of the loan from CMHC or $28 750 of the $115 000 This would leave a capital debt of $143,00.

The annual cost of retiring this debt over 25 years including interest would be $9,750 Revenue to meet the annual cost could come from added sewer charges and local improvement assessment on First Avenue, as well as from a possible general mill rate increase by Stanley pointed out

30 rinks entered in Edson ladies bonspiel

Edson Ladies interested in curling are taking a weekend holiday from household duties starting at 6:00 a.m. Friday when the annual Ladies Bonspiel begins. There are 30 rinks entered with curling around the clock.

Prizes are on display in the window of the H A N Store and may be seen there during the weekend.

The banquet will be in the United Church basement at 5:30 p.m Saturday with entertainment after the banquet and before the next draw A special feature of the bonspiel will be the giving of a key chain made in Edson to every lady in the rink with a fob made of Edson clay to commemorate Edson's 50th Anniversary.

Figure skating trials awards made Sunday

A special figure skating event was held Sunday March 5, at the Edson arena. The contestants were all local talent and the winners of the events were Senior singles Darlene Woypitka bronze cup was presented by the Kinsmen Club of Edson.

Senior pairs Lynda Street and Darlene Woypitka; their cup being donated by the Optimist club Junior Singles Wendy Walker whose trophy came from Embert's Flowers Junior pairs Judy McNaughton and Doreen Kohler who receives her trophy from Mrs Laura Mahon.

Judges for the event were Mrs Laura Mahon Mr Walter Kanas, and Mrs. Em Herring

THANKS

I wish to thank the Optimist Mrs for sponsoring me as Queen Candidate the people who sold tickets and the people who voted for me.

Drayton News

Mr. and Mrs. Fred Iwanchuk and little daughter were surprise visitors at Mr. and Mrs. Mike Iwanchuk's on Friday evening.

Our deepest sympathy to Mr. and Mrs. Paul Seig on the death of his father

Mrs. Dolenz and children visited with Mr and Mrs Nick Pawlak on Sunday

Mr and Mrs. Joe Bronz and Jean visited Mr Wm Plaster boak last Sunday

Mrs. A. Hnde, Kenneth and Freddie were visitors at the home of Mr. and Mrs. Nick Paschak on Sunday.

Mr and Mrs. Joe Romanuk and Joe drove to Dunsmuir on Saturday.

Mrs G. Woolston returned from Edmonton Tuesday evening.

Mr. and Mrs. R. Wurthing and family were home Sunday.

Mrs. John Pulisho and Mrs. W. Dobie and children were Edson visitors on Saturday.

Mr. Nick Romanuk was home visiting his folks last Wednesday.

Mr. and Mrs. John Groshko and children visited Mr. and Mrs. G. Sland on Sunday

Mr and Mrs. Mike Pulisho and girls called at Mr. and Mrs G. Woolston's last Sunday.

Mr and Mrs. John Pulisho and girls were visiting with Mr. and Mrs. Walter Dobie on Sunday.

Mr. and Mrs. Sigurd Fauchon and children visited with Mr and Mrs. G Winkston Sunday evening.

Mrs. Sam Stelter left for Edmonton on Saturday to be with her husband Mr Sam Stelter who is seriously ill in an Edmonton hospital. Mr. and Mrs. Walter Dobie are old timers in this district.

Mrs. A. Hnde called on Mr. and Mrs. G. Woolston and Mr and Mrs. Walter Dobie Friday afternoon.

Everyone in the district were happy to see the snow plow coming around last week as the snow drifts were really deep in some spots. Thanks again to the grader man, from us all.

We were all sorry to hear that Mrs. L. Sae was on the sick list and we wish her a very speedy recovery.

FHA members hear details on community pastures

A district meeting and social evening sponsored by F.U.A. Districts 5 and 6, was held Saturday, March 4th in Peers School auditorium attending an attendance of around 70 Guest speakers, Honorable Norman Willmore and Director of Lands Ivy Wood, gave information on the formation of community pastures Should the community wish to form such pastures the Lands and Forests Department will lend out an expert and organizer to assist in details. Planning Rank residents have requested a community pasture covering three quarters of a township.

Acreage fee for pasture use is approximately $1.80 per cow and calf and $1.00 per month per steer The project will be self liquidating as money received from cattle will go toward the rent of the fencing The Government helps pay the rent of materials and voluntary labor should cut the initial cost considerably. The Government will also help to procure pure bred bulls, or as we understand.

Present at this meeting also were United Grain Growers officials, Mr Stillings, Mr Smith and Mr Plummer who presented their views concerning the suggested reopening of the Peers Elevator They informed the meeting that the opening is not possible

All persons interested in reopening the Peers Co-op elevator are asked to contact Joe Fairbairn of McLeod Valley, in person or by mail.

Mrs. John Groshk and child ren Mrs. A Hnshl, and Fred der visited Mrs. Mike Pulisho Tuesday.

MRS. MARION ATKINSON DISTRICT HOME ECONOMIST 1959 - 60 Edmonton Alberta Phone 16440

Draperies

Several columns ago, we discussed paint and color schemes, now, on to another topic that may arise with Fall. Shining Rank residents have requested a community pasture covering three quarters of a township.

Acreage fee for pasture use is approximately $1.80 per cow and calf and $1.00 per month per steer The project will be self liquidating as money received from cattle will go toward the rent of the fencing The Government helps pay the rent of materials and voluntary labor should cut the initial cost considerably. The Government will also help to procure pure bred bulls, or as we understand.

Present at this meeting also were United Grain Growers officials, Mr Stillings, Mr Smith and Mr Plummer who presented their views concerning the suggested reopening of the Peers Co-op elevator are asked to contact Joe Fairbairn of McLeod Valley, in person or by mail.

Did You Know?

THAT WE

10. Pick-up and deliver (town only, if requested).

Do your business with your jeweler the man who knows the products he sells and services.

Gelmici Jewellery

JUST ARRIVED
A new shipment of Sewing Jewellery

small rooms. Large rooms benefit from heavier materials somewhat larger patterns and colors that contrast with the walls. Bench textured walls need heavy textured materials while smooth surfaced and floor fabrics are more pleasing with smooth walls

4 Use plenty of material even if you have to select less expensive fabrics In the cheaper printed fabrics be sure the printing is on the grain Allow extra yardage when a pattern is used to evenly spaced patterns will require much more yardage than regularly spaced patterns or plain materials

5 Read labels. Will the fabric shrink or stretch? Will it dry clean or wash satisfactorily Is it sun fast?

6 Take measurements very carefully Write them down to take with you when you go shopping

with The Mary E. Gavin 16 day Tour

Tour Itinerary IT/LT/35

SATURDAY, APRIL 1 — Today you will leave Edmonton via Canadian National Railways Super Continental for a thrilling trip through the ever wonderful Canadian Rockies.

SUNDAY, APRIL 2 — Arrive in Vancouver at 11.45 a.m. where you will change at the same station to the Great Northern Railway, leaving at 12.50 p.m. for the scenic route south to Seattle, arriving at 4.45 p.m. Arrangements will be made for you to be transferred to the Seattle-Tacoma International Airport, where you will board Pan American's swift, new jet clipper for the short, direct flight to Honolulu. You will step out of the warm, fragrant Hawaiian air, receive the traditional flower lei, presented with a friendly "kiss of welcome" Your special limousine will take you to your hotel on the famed Waikiki Beach.

MONDAY, APRIL 3 — Just relax and enjoy this beautiful paradise. Swim, surf-fish. You will want to get acquainted with the beach across from your hotel, and also with the many facilities provided by the hotel.

TUESDAY, APRIL 4 — Today, you will leave in the morning for a full day's tour of the Island, including the Buddhist Temple, the incomparable drive over the Nuuanu Pali, Halemuma Drive with outstanding beach views. Sugar cane fields, pineapple plantations, Pearl Harbour. Take your camera, the driver will stop when ever you would like to take pictures.

WEDNESDAY, APRIL 5 — Today, arrangements have been made for you to visit one of the world's largest pineapple factories, the Hawaiian Pineapple Company. Transportation will be provided to and from the hotel.

THURSDAY, APRIL 6 — Plan today to attend the Kodak Hula Show, a perfect opportunity for photographers, and a wonderful show providing Polynesian entertainment.

FRIDAY, APRIL 7 — A free day for your own interest. Ask your tour conductor for suggestions.

SATURDAY, APRIL 8 — This is the day for the world famous Hawaii Calls Broadcast. Special tables will be reserved for a delicious buffet luncheon, and you will watch an entertaining program, with the Waikiki surf in the background.

SUNDAY, APRIL 9 — A day to just relax and enjoy this wonderful paradise. Attend the church of your choice. In some churches, part of the sermon is still in Hawaiian.

MONDAY, APRIL 10 thru FRIDAY, APRIL 14 — During this period you can just loaf and relax. A visit is not complete without making an outer island tour. We strongly suggest a visit to one other fascinating and interesting outer islands of the Hawaiian group —

1 The Golden Isle Tour
Two days in Kauai — $71.10
2 The National Park Tour
Three days in Maui and Hawaii — $110.20

If you wish a day trip and would like a very comprehensive idea of all the eight islands we suggest a full day of spectacular sightseeing by passenger twin engined aircraft which are fully certified, safety wise — departures daily — $75.00

SATURDAY, APRIL 15 — Better put the finishing touches to your suntan, for this evening you must regretfully say "ALOHA" to the islands. You will be transferred from your hotel to the airport by limousine, for the evening departure on the Pan American jet clipper, for your smooth trip back to the mainland.

SUNDAY, APRIL 16 — Arrive in Seattle in the early morning. On arrival your tour conductor will make arrangements for your transfer to the Seattle Railway Station, for departure at 8.00 a.m. on the Great Northern Railway, for Vancouver, arriving that noon. You have the option of remaining in Vancouver if you wish, but if you decide to return directly to Edson, you will leave at 6.00 p.m. on the Canadian National Railway, Super Continental.

MONDAY, APRIL 17 — Arrive in Edson in the early afternoon. You will always remember your holidays on Hawaii!

RESERVATIONS should be made immediately with Mrs. Gavin or J. McNamara Agency, accompanied by a deposit of $40.00. It is also possible to pay as little as 10% down and the balance over 24 months.

Extension of stay may be booked in advance

Travel Documents: Canadian citizens do not require passports and visas, but should have with them definite identification.

Baggage and Personal Accident Insurance are strongly recommended and are available at moderate cost through J. McNamara Agency. Baggage allowance on the plane is 44 lbs. tourist class.

School Board decides to shelve elementary school reorganization

A proposal that raised more hackles around town than any other in recent years was shelved by a special committee of the School Divisional Board last Thursday evening. Last fall feelers were put out by the administrators to get citizen approval of a regrouping of classes in the two Edson elementary schools.

Reaction to the proposal was immediate by parents and others who do not normally take an interest in how our schools are run. Upshot was a petition signed by five or six hundred people asking that the people's wishes be considered before any action was taken.

In deference to the expressed wishes of the citizenery a questionnaire was sent out from the schools and was also available from the school divisional office. Results of the questionnaire showed 560 being against the proposal, 378 in favor, 115 undecided and 21 voting both ways.

An announcement by the School Division elsewhere in this issue outlines the Board's shelving of the proposal.

M.D. Meade becomes member Canadian College of Teachers

Mr. M. D. Meade, principal of the Edson High School has recently received word from Ottawa that his application for membership in The Canadian College of Teachers has been accepted.

Two years ago The Canadian Teachers' Federation initiated the formation of an organization to parallel the "learned societies" of the other professions, such as The Royal College of Physicians and Surgeons of the medical profession.

Besides holding the necessary university degrees a successful applicant must have made a distinctive contribution to educational, professional, and community growth that has brought credit to the teaching profession."

Mr. Meade holds degrees in Arts and Education from the University of Alberta. He is co-author of the Language textbooks presently in use in the province of Alberta. His contribution to educational leadership in the province also includes membership for the past few years on the Department of Education's senior high school English curriculum Committee; also chairmanship of the Examinations in English 30 (grade XII).

The successful applicant has worked for four years on the Edson Town Council and for an even longer period on the executive of the Edson Chamber of Commerce is well known to people of this community. Mr. Meade is also Edson's representative on the executive of The Yellowhead Route Association.

After two years, a Member may apply for elevation to the status of Fellow of the Canadian College of Teachers.

Dr. M. F. LaZerte, formerly Dean of The Faculty of Edmonton, Alberta, is one of the two representatives for Western Canada on the executive of the new society.

M. D. MEADE

Funeral services Friday for Mrs. Helen Pattinson

Funeral services will be held for Mrs. Helen Pattinson, 69, from Edson United Church at 2 p.m. Friday March 17. The Rev. C. C. Armstrong will be conducting the services.

Mrs. Pattinson passed away in Edmonton after being in failing health for some time. A long time resident of Edson, she was predeceased by her husband Christopher, in January, 1956.

Mrs. Pattinson was born in Hawkeon Scotland and came to Canada in 1908. She married in Vancouver in 1913. The Pattinsons came to live at Lanaer on the Coal Branch in 1927 and moved to Edson in 1937. A member of the Old Timers Association she was also active in the Eastern Star.

She is survived by one son Jack of Edson, a daughter Mrs. G. (Pilla) Graff of Innisfail, B.C. and six grandchildren. A brother, W. Shearer of Cumberland, B.C., three sisters Mrs. J. (Elizabeth) Bond and Mrs. R. (Alexandra) Thomson of Cumberland, and Mrs. T. (Jean) Cessford of Courtney, B.C.

One son, William died while serving with the RCAF in 1942.

Edson Funeral Home are in charge of arrangements.

Wells family recovering from injuries and burns

Members of the George Wells family of Peers are recovering following hospitalization from burns and injuries suffered when their home was destroyed in a flash fire Sunday afternoon.

Mrs. Wells received burns and a broken arm, daughter Linda, 17, serious leg burns and Melvin Trueman, 17, of Stony Plain, is still hospitalized. Mrs. Wells and Linda have been released from St. John's Hospital.

The home and contents were a total loss. The four children have been staying with neighbors and the community have pitched in as only rural people know how.

FIVE ESCAPE

Four children and a visitor escaped unharmed from the flaming dwelling when burn ed to the ground destroying nearly everything the Wells family owned.

Mr. Wells and a son, Clifford, 17, were on their way to Edson where the boy attends school at the time.

A spilled bottle of high-test gasoline touched off the explosion and flash fire which blew out kitchen windows in the large two-story farm home.

Richard Dunn 28, said he was visiting the Wells family Sunday afternoon and a short ers was roasting in the oven in preparation for supper.

BOTTLE SPILLS

He said that he and four of the children were in the living room and the three who were burned were in the kitchen when the bottle of gasoline dropped off the table and spilled onto the floor. Linda was busy mopping up the gasoline and Dunn was carrying a pail from the house when the explosion occurred.

"The force of the explosion pushed me out of the door and I saw the whole house burst into flames." Dunn said. Linda, Melvin and Mrs. Wells came running out of the back door and it looked as if their clothing was on fire."

Dunn said Mrs. Wells tried to re-enter the house to rescue her children but slipped and fell on a step, breaking her arm.

Dunn ran to the front of the building where the four smaller children Ronald 13, Diane 15, Karen 12 and Sherry 5 had run out of the front door. Dunn made sure none of the children tried to re-enter the house for their clothing and other personal property.

DRIVEN TO PEERS

In Dunn's car the three injured were rushed to Peers

WITH THE CHURCHES

AS I SEE IT

Reverend E. HURD — Pastor

Recently the public press reported that a so called religious body voted to drop the name Christian from the name of their church paper. The sponsor of the resolution is reported as saying "We are not repudiating Christianity But some of us feel we have moved beyond to a religion of humanity."

For sheer folly, the statement is in a class by itself How anyone can honestly equate Christianity and humanism, or even think that the former is the seed plot of the latter is hard to explain, except that the god of this age blinds the minds of the unbelieving.

Of course the cult has as a matter of fact, long since repudiated Christianity Christianity rests on belief in the supernatural, it is committed to the deity of Christ; it holds to the necessity and the provision of the atonement of Christ through the shedding of His blood; it believes in the bodily resurrection of the Lord. in short, it accepts the teaching of the Holy Bible, the Word of God

The believer in Christ rejoices that he has been delivered from the vexation, disappointment and disillusionment of the changing opinions of men. In the revelation of the truth of the Word of God, he has found that which satisfies his mind and his heart. In communion with His living Lord he has found life. In the power of the indwelling Spirit he has discovered strength and victory.

He needs no further argument; the feeble attempts of even good men to discover the meaning of life apart from historic Christianity leave him cold and unimpressed While his own apprehension of the truth must always be a progressive experience, both in mind and in daily living, he nevertheless thanks God that he already has the truth, the Word of God

Lutherans reveal plans for Churches, including Edson

Dr. William C. Eifert, executive secretary for the Alberta-British Columbia District of the Lutheran Church-Canada, announced plans today for extensions of church facilities in the province during 1961. He revealed that applications from congregations throughout the district indicate that more than half a million dollars will be requested for new churches, Christian education units, and new churches also this year.

In the city of Edmonton alone, the first units for two new churches will be built this year. Gethsemane Lutheran Church, in the Londonderry area, and Bethel Lutheran Church, in the Ottewell sub division, are the two Edmonton projects. Other Alberta churches involved in the program include Grace Lutheran Church, Calgary; Mt. Calvary Lutheran Church in Red Deer; St. John Lutheran Church in Vegreville, and Grace Lutheran Church in Edson.

Dr Eifert pointed out that this type of growth is typical of the entire church. The Alberta British Columbia District, one of the three which form the Lutheran Church of Canada, is also one of the 32 districts of the Lutheran Church, Missouri Synod. Dr. Eifert said that the 32 districts of this church body have estimated their requirements for new church sites and new buildings for the mission congregations at $27,160,000.00 in the next 24 months.

BE RIGHT

WHEN YOU WRAP
Wrapping parcels for postal delivery is easy. A few simple rules ensure safe, timely arrival.
- Use corrugated cardboard or strong cartons.
- Wrap with heavy wrapping paper
- Tie securely with strong cord.
- Print the complete postal address, or ask on the front of the parcel.
- Put your complete return address in the upper left hand corner of the parcel. Put a copy of your address inside the parcel.
- For insured postage have the parcel weighed at the Post Office.

See the yellow pages of your telephone directories for complete postal information

Be right when you wrap—if speeds delivery.

CANADA POST OFFICE

Notice to all Parents and other interested adults

Recently, many of the parents and other adults of this community answered a questionnaire prepared by the Edson Divisional School Board designed to solicit your opinions regarding the proposed reorganization of the elementary schools of Edson for September, 1961

The results of this survey were as follows:

In favor of the reorganization	378
Against the reorganization	340
Undecided	119
Spoiled questionnaires	21

The members of the Divisional School Board still unanimously approve of the proposed reorganization in principle for reasons of anticipated efficiency and economy To them it still presents the opportunity for an improved academic education for all Edson children

However, in the light of the findings of the survey, the Board decided at its recent meeting to shelve the matter, and wishes to inform the public that the school organization as it now exists will continue unchanged in September, 1961.

The Board also wishes to commend all persons who took the time and effort to complete questionaires, and particularly those who offered constructive suggestions. Your response was appreciated.

Respectfully,
The Board, Edson School Division No. 21

11c

Negotiations underway

Division meets with Coal Branch delegation

School facilities on the Coal Branch still are necessary as a delegation from the Branch met with the School Divisional Board at their regular meeting on March 3. The delegation requested a portable school for Bryan and continuation of the Cadomin school in the Legion building.

Present at the meeting were Trustees A. L. Pannk, H. Nikoloyuk, J. H. Lawton, G. Mosuna, M. N. MacLeod, and A. W. Leonard, Superintendent of Schools A. D Jardine, Assistant Superintendent, A. Kratzmann, Superintendent of Works F. O'Hara, and Secretary-Treasurer, D. E. Blundell

The chairman called the meeting to order at 10:30 a.m. and on completion of the Oath of Office for Mr. Panuk who was re-elected to a further term of three years, extended the Board's congratulations on his re-election.

Business Van

The Board was advised that the 1946 G.M.C. van operating north of Wildwood has now broken down and is beyond repair without considerable expense. It was moved that the Board purchase a 48 passenger van as a replacement

Zone 3 Convention

Members in attendance at the Alberta School Trustees' Association Zone 2 Conference held on March 1 and 2 1961 in Edmonton reported on various aspects and discussions, which took place. All members reported that it was constructive and educational and the Minister of Education's banquet speech on the new taxation structure and grant regulations was very informative and the Board is awaiting for the clarification The chairman of the Board, Mr. A. W. Leonard, was congratulated by the members on being elected 1st Vice President of Zone 3.

Coal Branch Local Board Delegation

Messrs M. Pyra and H. Shirey of the Coal Branch Local Board interviewed the Board and presented a petition from the residents of the Coal Branch area regarding their existing schools. The Brief outlined the need for replacement the existing Robb School with a portable to be built at the Bryan School site.

This building has already been included in by-law No 13. The residents of the Cadomin area petitioned the Board to continue using the Cadomin Legion Hall for classrooms and such approval was given subject to the renovations being made as contained in the Brief. The chairman commended the delegation for their presentation of the Brief and the amount of study which went into its completion.

Teachers Salary Negotiations

The Teacher Economic Committee composed of Messrs J Appleyard, A. G Cliff and R H Tubb interviewed the Board as to the Teachers' Salary Schedule for the 1961-62 school term. It was the general feeling of all those present that a Committee of the Board and the teachers should meet on

Council make grant to anniversary committee

Edson Council decided to vote a grant of $500 to start off the celebration of Edson's 50th Anniversary at its regular meeting on March 7.

Present were Mayor W. R. Brunelle, Councillors Kertman, Mills, Rewek, Scott and Wells.

The submission by Town Planner of proposed development by Rudi Reichel in Plan 2756HW was tabled for report from Mr Makale, the town planner.

The request of T. Lands for transfer Lots 1 to 6, Block 25, Plan 2756HW was tabled for report from Town Planner.

The Council withdrew requirement for placing of lane in Block 5, and west of proposed Hotel site, in view of Edson Hotel Company's proposal to extend structure. The Secretary was directed to indicate the Council's wish to see parking provided on hotel site.

Council granted its approval to site plan for proposed RCMP barracks at Lots 13 to 16, Block 30, as submitted by District Architect, Department of Public Works.

Letter from Edson Tri-Service Rodeo and Exhibition Association requesting Council to declare partial Civic holiday August 4 was reviewed by Council. Council was addressed by Mr. J. Griffiths of the Tri-Service Rodeo Assn

By-law No. 897 providing for the proclaiming of a civic holiday for the full day of Friday, August 4 was passed.

It was moved by Councillor Wells that motion No. 16, of the meeting of February 21 be rescinded and that the Secretary be instructed to suggest to Town of Vermilion that proposal to modify Town and Village Act with regard to Bylaws to be placed before Municipal Convention in form of a resolution

Letter from Trans-Canada Highway System Association requesting grant from Town was read. The request was rejected as the Town and Village Act does not permit such grants.

The Council went on record as approving and endorsing National Health Week March 12 to 18 as sponsored by the Health League of Canada and Mayor Brunelle was requested to publish a suitable proclamation

Letter from Department of Municipal Affairs indicating no amendment was possible in 1961 to permit participation of towns in providing employee life insurance was read. The Secretary was directed to prepare a resolution request ing amendment to Town and Village Act to permit Municipal participation in life insurance scheme. Such resolution to be placed before the Union of Alberta Municipalities convention.

A letter from Regional Controller, Department of Transport, indicating possible financial assistance for development air strip intention to visit Edson was read. The letter was tabled and a meeting is to be requested.

By law No. 898, providing for the establishment of the Edson Emergency Measures Organization and for the repeal of By-law No. 723 was given two readings and will be submitted to the government for approval

By law No. 899, providing for the licensing and control of dogs, and repealing By law No. 788, was given three readings. Licensed and unlicensed dogs at large will now be picked up.

The Secretary was directed to give an appropriate By-law to provide for the imposition of a frontage assessment, as local improvement, for proposed construction of curb and gutter on Main Street 6th to 10th Avenues, in conjunction with paving toward advertising this project on a basis of Council initiative.

Alberta Gas Trunk Line Co Ltd is to be advised that Council is prepared to make trans fer of lands under lease and option to the Company on absolutely upon the Company giving an undertaking that it will land back in the Town at purchase price if development not proceeded with before the end of 1961. This is to facilitate the Company's require ments for mortgage purposes

Alberta Gas Trunk Line Co Ltd. is to be advised the Town is prepared to make applications for cancellation of lots and lane in block 4 to facilitate unit transfer of portion of block by description.

The Secretary was authorized to proceed toward purchase of twelve inch cast iron main to be placed in 2nd Avenue from 49th Street to end of 49th Street to have material available for construction when weather permits.

Council approved the site plan as submitted by Alberta Gas Trunk Line Co. Ltd., for proposed construction in block 6.

The following accounts were passed for payment: Tina Anderson, 30.40; John W Ernst 102.36; Jonas Palm, 88.62; William Okeshire 117.35; Jim Mc Monaghan 87.21; Harold Armstrong, 109.24; Kurt W Engel 85.08; William MacNeil 139.98 11 Victor Harrison 36.64; Peter Rosenack 87.83; Eric Stoplord 35.00 H G-bb 35.10; Fred Armstrong 29.10; James R McNaughton, 107.45; Northern Transport Ltd 11 01; Edson Welding Co Ltd 2.70; Edson Tire Service Ltd 2.30; Scurry Service 2.75; Waterbee Motors Ltd 8.80; Marlow Motors Ltd 12.40; Hutchinson Sunset Service 30.19; Edson Motor Co Ltd 97.80; Linden Motors 110.85; Voshell Co Ltd 81.47; Mabon Electric Ltd 109.50; Cashway Stores Ltd 10.20; Edson General Supply Ltd 92.72; Moore Creek Lumber Co., 109.50; H. A. Scotter and Co. Ltd., 6.60; Murray's Super Drug Ltd 7.49; Edson Medical Centre, 36.50; The City of Edmonton, 113.16; The Signal Publishing Co., 87.13; Pattinson Insurance Ltd., 97.20; Hurroughs Adding Machine of Canada Ltd. 250 00; Municipal Supplies Ltd., 8.95; MacLaren Hunter Publishing Co 6.00; Medical Services (Alberta) Incorporated, 162.00; Alberta Government Telephones, 29.00; Northwestern Utilities Ltd., 87.64; Westrel Products Ltd., 222.11; Imperial Oil Ltd., 17.05.

Council granted its approval to the attendance of Deputy Chief William Cash at the fire office training school, part 2.

ELEPHANT BRAND FERTILIZER PAID FOR THIS TRACTOR

This is how we illustrate a basic principle — "It doesn't cost, it pays to use fertilizer." Fertilizer can provide the money for those many things you need to make the job easier or your family living better.

You make more money in two different ways when you fertilize with Elephant Brand. You grow better grade crops which sell for higher prices; you get greater profit from each bushel because it has cost you less to produce each bushel.

GROWING WHEAT?
You can make extra profits of $9.75 per acre and even more by fertilizing your wheat crop.

Here is an example of how fertilizer increases profit from wheat.

Increased yield per acre with ELEPHANT BRAND	10 bus.
Value of increase (Wheat valued at $1.25 per bushel)	$12.50
Approximate cost of fertilizer (100 lbs. per acre of 11-48-0 on summerfallow.)*	$ 2.75
EXTRA PROFIT PER ACRE	$ 9.75

*Most, on stubble, when properly fertilized can show equally profitable returns

ELEPHANT BRAND PLUS VALUES
- Uniform Size
- Free Flowing
- Palletized
- All fertilizers highly water soluble
- Strong, weather-resistant new slip bags
- Fast, reliable service assured by adequate dealer stock

Ask your dealer for your copy of the ELEPHANT BRAND NEWS BULLETIN

It pays to choose from the Elephant Brand line

BIRDSFOOT TREFOIL
Recent articles in farm magazines about birdsfoot trefoil have interested a lot of farmers. Unfortunately this legume, which is interesting because it does not seem to cause bloat, has little to recommend its use in Alberta.

Research by the University and the Experimental farms has found the following about this legume

1. It is difficult to establish a good stand of birdsfoot trefoil.

2. It is not sufficiently winter hardy and winter killing is common here

3. Birdsfoot trefoil does not yield nearly as well as alfalfa or red clover or other legumes adapted to this area

It would seem from available information that Birdsfoot Trefoil might have a place in some parts of Eastern Canada, but is of little value here in Alberta

LOWER HOG PRICES NEXT YEAR
On the basis of a survey conducted last December, it is estimated that 108,000 sows will be farrowed during the first half of 1963. B. T. English, Agricultural Statistician, reports that, if these intentions are carried out, there will be 19 per cent more pigs on farms by June 1st than there were a year ago.

Compared with spring farrowing in 1962, farrowings in Canada this year will be up 16 per cent, 21 per cent in the west and 13 per cent in the east. While this is a substantial increase, it is still 10 per cent below the number farrowed in the spring of 1959.

According to economists working at the Ontario Agricultural College, hog prices will reward a seasonal advance to a peak of about $30 at Toronto in June and July. Heavier marketing next fall however, will bring prices down some $5 or $6 below this level. The great danger is that over production and low prices could occur in 1964.

CROSSBRED SOWS
There is good evidence that crossbred sows can result in greater efficiency of production and greater returns for the producer.

At the University of Alberta, crossbred sows farrowed and weaned more pigs with larger individual litter weights both at birth and at eight weeks of age than the Yorkshire sows bred to the same boar. Forty-six litters from Lacombe and Yorkshire crossbred gilts and sows were compared to 26 purebred Yorkshire litters.

Compared to the Yorkshires the offspring of the Lacombe and Yorkshire crossbred sows were 2 to 4 pounds heavier at birth showed a tendency towards better survival, were 7 pounds heavier at eight weeks of age and went to market 14 days earlier. In addition, the offspring of the crossbreds had superior carcasses.

Comparisons of the offspring of different sires with the Yorkshire and Yorkwith breeds, indicate the necessity of careful selection and testing of the sire, no matter what breed is used. Unfortunately the experiments did not determine whether the carcass superiority was an indication of hybrid vigor or merely that the particular crossbred sows mated were superior to the group of Yorkshires in the test.

In view of experimental results the mating of crossbred sows with top quality purebred R.O.P. admixtures for the production of top quality pigs can be recommended

Local hospital praises Red Cross blood

People in a position to know the Sisters of St John's Hospital really appreciate the availability of blood from the Red Cross bank in the city. Sister Superior Rosemary had the following to say when asked about the service

"In our hospital we give blood transfusions when necessary. As this does not happen every week and blood may be stored for a maximum of ten days, it would be a waste of good blood to ask donors to give blood in advance

"In the past relatives of a patient have been requested to go about halfway to Edmonton where they will be met by Red Cross personnel bringing blood out to Edson. On other occasions R.C.M. Police of the Edson detachment have very kindly performed this service for us.

"Arrangements are being made to use Universal Donors so that they can be called in as emergencies but we will still be in need of supplies and equipment from the Canadian Red Cross in Edmonton. We depend on the Canadian Red Cross Society for assistance to save your life."

Others the offspring of the Lacombe and Yorkshire crossbred sows were 2 to 4 pounds heavier at birth showed a tendency towards better survival, were 7 pounds heavier at eight weeks of age and went to market 14 days earlier. In addition, the offspring of the crossbreds had superior carcasses.

Comparisons of the offspring of different sires with the Yorkshire and Yorkwith breeds, indicate the necessity of careful selection and testing of the sire, no matter what breed is used. Speaking final eliminations Saturday, Mar. 2.

The final elimination for the Odd Fellow and Rebekah Ladies "United Nations Pilgrimage for Youth" will be held at 8:00 p.m. in the Edson High School Auditorium Saturday March 23

The winner will be one of the ten Alberta Students who will have the privilege of being included in a group of young people from Canada and the United States going on a tour by bus from Alberta to New York to observe the United Nations at work. All expenses will be paid by the Odd Fellow and Rebekah Lodges.

In the past Edson students have placed high in the run petition Marlene Wells was king in 1960 and Darlene Wells winning in 1960. This year Edson's hopes are pinned squarely on the shoulders of Simon Heritze our candidate in the contest

It is hoped a large number of interested Edson adults will support the young people in this interested educational contest. Other contestants will be from Hinton Jasper and Niton. There is no charge for those attending

CARD OF THANKS
I would like to thank the Civil Servants, the Kinsmen the people who voted for me, those who sold tickets and especially my campaign manager

Too long in power

As seen from reports from the daily press in Edmonton concerning the lobsided government majority in the Legislature the symptoms of a government too long in power are apparent for all to see. Mr. Manning doesn't think much of newspapers and Mr. Hook thinks an opposition member asking questions about tax rates is stupid.

We out in the sticks depend on the daily press (plus the special correspondent we weekly newspapers have in the press gallery) for what is said and done in the Legislature. A provincial hansard has repeatedly been turned down. Verbatim reports from a government body are the best way for an ordinary citizen to be in a position to size up what goes on. The best way that is except for citizens who are able to spend time attending in the public gallery.

The infamous "what's another million" credited to the late Hon. C. D. Howe in the federal government stemmed from impatience with critics of an old government that had been too long in office and had forgotten that the real power comes from the people. The present government in Edmonton has been in power too long from this point of view as well. We understand the Social Credit caucus debate has been lively, but debate within a party is always held behind closed doors. The lone Liberal from Lac La Biche doesn't know what goes on in caucus, nor do the rest of the people in the province. The Legislature is the only public place where the reasons for government legislation can be publicly debated.

Therefore the people must depend on newspapers for enlightenment. This is naturally distasteful to a political party that has always been sensitive to newspaper publicity. One of the early proposals of Alberta's Social Credit administration was that before newspapers could print a political story it would have to be cleared with a provincial censor. The infamous "Press Act" was declared ultra vires by the courts. Hitler and Mussolini fixed the courts then put their censorious hand on the press. Freedom of speech by an opposition member is equally dangerous to a power sated administration. We wonder if the people of Lac la Biche can't be shown where they should only elect people who are always right and who don't ask stupid questions.

LETTERS TO THE EDITOR

Dear Editor

Was I correct in reading in your paper that the present council is endeavouring to secure the power to issue or to refrain from issuing (at their own discretion and for the sole purpose of protecting local enterprises) licenses to businesses which might be considering starting up in Edson?

Would this protection be to protect existing businesses from competition, what else? Anyone knows competition has been and is one of the spices of life.

If such a power was left to the discretion of Council what assurance would we have that the line would never be poorly drawn to reflect bad judgement as to who should have opportunity to do business in Edson and who shouldn't? What proof could we be given that such a power would never lead to a protection racket?

Why not enter Edson in the race for all the businesses it can get. Action is seen where there is competition and a competitive town must certainly draws the trade.

Marjory Hook

[Editor's Note: We believe our correspondent is referring to the motion in Council minutes two weeks ago where support for Vermilion's petition along this line was concurred in. Upon getting further information the Council reversed its stand and decided not to support the Vermilion move. Council minutes in this week's issue. This newspaper believes that business competition should be subject to as little government control as possible whether it be municipal provincial or federal.]

In Victoria, B.C., Times Publisher Stuart Keate was fined $1K for speeding on the Island Highway explained to the court "Your honor, I was on my way to a meeting of the Associated Chambers of Commerce of Vancouver Island, where I was to speak in support of a resolution to favor retaining highway speed limits at 80 m.ph."

I often pause and wonder
At fate's peculiar ways
Pot nearly all our farmers earn
Were born on holidays.

FROM THE LEGISLATIVE PRESS GALLERY

Most areas will have decrease

By RUSS SHEPPARD

All towns in Alberta would have received a tax benefit ranging from 1 mill to 16 mills, says Municipal Affairs Minister A. J. Hooke, if the new municipal finance program had been in effect for the current year. Mr. Hooke gave in detail the number of communities in the Province that would have gained benefit from the program which will see a 22 mill tax on equalized assessment throughout Alberta for school costs. The Province will pay the remainder of the school costs to an approved level which will give a good standard of education.

Mr. Hooke said that, of the 158 villages in the Province, all but one would have received mill rate decreases ranging from 1 to 16 mills. The one village, Wembly, would have a slight increase. With the counties, only Vulcan would have experienced an increase of 1½ mills, while the remainder had decreases up to 10 mills.

Increased of not more than 2 mills would have been necessary in the Municipal Districts of Willow Creek, Wagle, Lamont, Smoky and Sturgeon, while the other 32 MD's would have had decreases varying to 12 mills.

Of the 51 Local improvement districts, 15 would have been increased, while all the rest would have had decreases ranging up to 12 mills. The reason for the large number of Local Improvement districts showing increases is that many ID's contain large areas of territory lying outside the boundaries of organized school districts, these areas not having been subject to educational tax at all even though arrangements have been made by the Department of Education to educate children living in them. The special areas would have benefited about 5 mills.

As for the cities, Mr. Hooke said seven of them would have been able to decrease educational mill rates from 1 to 9 mills, while two others, Calgary and Medicine Hat, would have increases, the Calgary increase being 6 mills and the Medicine Hat increase 42% of one mill.

Concluding his statement, Mr. Hooke said "It must be pointed out in all of these calculations that, while figures are correct, no allowance has been made for a mill or two as is sometimes allowed to take care of discounts and non-collections." The numbers of towns, villages, etc. mentioned were as of December 31st 1960.

☆

Mike Maccagno (Lab-Lac La Biche) opened debate on the Government's $36 million dollar budget saying he had expected some dynamic departure in the budget from the routine of spending more money and more taxes. He also said he had thought that the Government would see the necessity of keeping the purchasing power in the hands of the people instead we have a further increase in the gasoline tax and taxes on power, telephone and pipe lines. Those latter three he said, will result in increased power and utility rates at a time when Albertans can less afford them. Mr Maccagno contended that Utility companies should operate at a much lower rate than the 7% per cent which they have taken to be a guaranteed rate of return. He called on the Utility companies to do their part in holding the line. The Lac La Biche member was critized by Mr. Hooke for saying, when he introduced the program that he anticipated the Power and Utility companies would pass the new tax on to the consumer.

Arthur Dixon (SC-Calgary) voiced what he termed "the feelings of some" that farmers should carry some of the burden of gasoline taxes. He said that originally taxfree gas for farmers was urged for small farmers. Instead some farmers with three or more trucks are using tax free gas. He suggested tax free gas be limited for use in one truck per farm. Mr. Dixon also voiced the opinion that the diesel oil tax should not have been increased again.

Health Minister Dr. J. D. Ross, speaking on the budget debate, reviewed the program of construction that will see gross expenditures of 74 million dollars in the coming fiscal year. He spoke of plans for a new Cancer Institute in Edmonton as present facilities are becoming obsolete. The Institute would assist in the world-wide search for the cause of cancer and eventually the cure might be assisted.

Outlining plans for auxiliary hospitals to be located throughout Alberta at a cost of 10 million dollars over the next four years, Dr Ross said the hospitals will not be used as dumping grounds for elderly people whose families no longer recognize their responsibility in caring for them. Admissions to the hospital will be on a basis of those who are treatable and can't be cured for at home; transfers from active hospitals and those requiring treatment over periods ranging from 6 to 12 months.

Dr. Ross also reported that 5-thousand alcohic cases had been handled by the Alcoholism Foundation since 1953 with a record of 50 per cent success; 18-hundred cases of poisoning had been recorded and treated at hospitals under the new Poison Control Services, with 16 deaths recorded, and 48 emergency air ambulance flights had been ordered last year carrying 50 patients, most of them from Northern areas.

The elimination of four rural seats and the addition of two city seats is recommended in the report of the Special Redistribution Committee tabled in the Legislature by chairman of the six man committee, Minister without Portfolio Fred C. Colborne (SC-Calgary). If adopted, the change would drop representation in the Legislature from 65 to 61 members.

Three of the four rural ridings eliminated are in the east central area of the Province and the other in southern Alberta. The metropolitan areas of Edmonton and Calgary would each receive an additional member with the new constituencies being named Edmonton-Jasper Place and Calgary-Queen's Park. Metropolitan Edmonton will have 10 MLA's under the plan and Calgary 8.

Mr. Colborne said the actual ridings eliminated in the east-central area cannot be named because a general redrafting of constituency boundaries makes a complete change. No constituency names have been lost, but ridings in the area now have a combination name such as Vegreville-Bruce, Willingdon-Two Hills, and Sedgewick-Coronation. In the south, the riding of Gleichen is actually eliminated, being divided among three other constituencies but the name appears as Drumheller-Gleichen. By combining and redrafting boundaries the Olds and Didsbury ridings become Olds-Didsbury and a new constituency name of Three Hills is added.

If the recommendations are approved by the Legislature, they will not be proclaimed until the next Provincial election is called. At that time nominating conventions will determine which rural members now sitting in the House will be eliminated.

☆

The new Alberta Tartan was on display in the Legislature in the form of ties and on curling rats. Industry and Development Minister Russ Patrick presented members with a tie each and also presented Welfare Minister R. D. Jorgenson with a tam. It seems Mr Jorgenson, who has no need for a brush or comb, had been commenting about the rout air in the Legislative chamber. The Minister wore the tam in the house each day following the presentation.

THE COFFEE POT

Our coffee pot has burst its seams,
In one last drastic stand
And spilled its percolated fame
All down the white stove front
With our friends its heard our dreams,
Seen the good times come and go
And filled the air with fragrance rare,
'Twas sad to see it smatter so.

—Tidbits

teen corner

MAD's THE WORD FOR Teen and Herd

Edson teen dancing to the Madisons all seemed to be enjoying themselves and making sure nobody missed a dance on Friday night. Love that band!

We hear that a good number of Edson teen are travelling to Hinton for the Teen conference that is coming in the near future . for those that are going we hope that they have fun and they have their registration forms in early Hinton Teen Club has really lined up a program and all sorts of enjoyable events are in store so we'll see you all there.

The candidates for Outstanding Teen ager and Teen Queen are all aushirl with the excitement of the coming events May the best contestant win and the losers lose gracefully Edson's outstanding Teen ager and Teen Queen will be announced the night of the Queen's Ball on March 24.

Careers night in Edson High is just around the corner and Edson Teen are all deciding which of the many vocations they should attend to help them decide, or to give them a little more information, on their chosen careers.

We see that those two girls are still at it and still having just as great a time as they have ever had and that everyone is still looking on and wondering how they manage to have so much fun all the time when actually all they are doing is laughing at one another.

We hear many of the grade twelvers saying that work is getting a little harder and that they are going to have to start cracking the books to keep up with their studies and not have it all piled up at the end of the year

We see that a certain steady couple on the teen scene are still pretty steadily and that they are having their usual amount of fun and kidding that they always have

SATURDAY, MAY 13 — The DCBP will hold a tea and bake sale in the Elks Hall from 2 p.m. to 5 p.m

SUNDAY, MAY 14 — CWT will hold a show in the Nova Theatre.

Looking forward Teen Conference at Hinton

The Alberta Teen Conference which is held every year in a different town or city in Northern Alberta will be held this year at Hinton on April 6, 7, 8 and 9.

Many of the local teens will be going up, and as this is always a real affair, this year should be no exception So if you at all intend register now and we'll see you there

Teachers discuss 50th Anniversary

A regular meeting of the Edson A.T.A. Sub-local was held on March 8. After discussing plans for their forthcoming Institute and Concert the teachers planned the school participation in Edson's 50th Anniversary celebration

They agreed to the proposal that there be senior public and town rural contests. It was decided that prizes should be given to those having the best essay and poster in each grade with the poster competition starting at grade four.

The teachers offer to sponsor the contest for the best essay which they feel should be given to all grades Mr Meade and Mr Garber volunteered to organize the contests

THANKS

We wish to express our sincere appreciation for the kind messages of sympathy and acts of kindness during our recent bereavement

Mrs Kolbe and Family

Many specialists to attend H. S. Careers' Night event

The biennial Careers' Night for senior high school students and their parents has been set this year for Tuesday night March 21st at 8:00 p.m. The battery of speakers has been further increased this year to give the widest possible coverage and the greatest possible assistance to parents and pupils seeking information about the multitude of occupations open to those with high school training.

Each session will be repeated, so that it will be possible for those attending to attend a minimum of two speakers. If parents and pupils wish to "divide their forces," they could attend even more than two.

The following are the professions or occupations to be covered, and the speakers who will deal with them:

University Training Mr A. Vander Well, Student Counsellor Services, University of Alberta.

Teaching Ms. S A Earl Professor Faculty of Education University of Alberta.

Commercial Education and Opportunities Mr A D McTavish McTavish Business College, Edmonton

Armed Forces Lt D B Dow, School Relations, Officer Royal Canadian Navy Edmonton.

Technological Training Mr R H Cunningham Supervisor of Industrial Arts Department of Education

Trade Training Mr S Wallace Supervisor of Apprenticeship Department of Labor Edmonton.

Nursing Miss M I Quirk Director of Nursing Recruitment Calgary

Social Service Mr Gustus Downey, Council of Community Service Edmonton

Occupations in General Mr G L Peers Assistant Supervisor of Guidance Department of Education

RCMP banding Provincial Civil Service and Federal Civil Service Local men well versed in these fields of work will be available to answer questions for anyone interested.

Coffee will be served before the sessions by the Edson Home and School Association. The business meeting of the H & S will be held in the auditorium after the speakers have dispersed to the classrooms.

An added careers' event this year will be the holding of open house by the Sisters of St John's Hospital and the Hospital Auxiliary at four o'clock on Wednesday afternoon, March 22nd All graduate pupils and their parents are invited to attend. M D M

For the week ending March 11 Unit 1 Mrs. Bill Tayler and Mrs Paul Delaine had 149, Unit 2 Mrs Yvodell and Mrs Joe Wynne had 150

We have a feeling something should be done about our science education when a small son confuses cubic silver with a fast buck

Red Cross active in Edson area

The Red Cross is represented in Edson by an active group of women volunteer workers who are organized to give and whenever necessary, and they receive many calls for help each year.

On the average ten or more homes in the Edson area are destroyed by fire each year, leaving families destitute In such cases the local Red Cross provides clothing, bedding, dishes, furniture and food to the fullest possible extent.

The vital work of the Red Cross Blood Transfusion Service depends upon donor clinics for their blood supply, and responsibility for the organization and operation of the Edson Blood Donor Clinic rests upon the Edson Red Cross workers Arranging of appointments, providing the necessary assistants, serving lunch to blood donors and numerous other details of the Blood Clinic make it one of their major activities, and one of great importance to all citizens.

Clothing is a main item with the Edson Red Cross organization, as it is often called upon to provide baby clothes for infants leaving the hospital, for needy parents unable to provide warm winter clothing for their children, and for men passing through Edson in search for work.

Christmas proves a busy season each year, and the women of the local Red Cross are happy to help in providing some cheer in needy homes, with the giving of toys, hampers and clothing

At a recent monthly meeting of the Edson Red Cross, Mrs. T Hendricks was returned for a third term as President. Mrs. A. Overton was elected Vice President and Mrs Kendall Secretary-Treasurer Directors are Mrs. R. Whidden Mrs S Phillips, Mrs. M. Korbel, Mrs. V. Riendeau, Mrs. LaPine and Mrs. Redbourne.

Slaughter of big game deplored in Edson area

Sportsmen! Are you aware of the appalling waste of one of our wildlife resources, namely big game, through crippling and killing animals on the roads and highways in the Edson area?

In the month of February past, five adult moose were reported killed and in the first seven days of this month reports of three animals killed have already come in. Three doubtlessly were many more crippled or killed and not reported.

Your Fish and Wildlife Officers, here, as of the opinion that most of this slaughter could be avoided, and wishes to extend an appeal to drivers, using our roads and highways at night, asking them to exercise extreme caution, as at this time of year the use of salts in clearing snow and ice on roads attract the salt hungry animals.

The danger to human life and property is also very great, having regard that the average adult moose weighs in the neighbourhood of 600 pounds and being a long legged animal our modern cars tend, on impact, to go under it, resulting in a smashed windshield, increasing the danger to the occupants.

Fortunately, so far no has been reported, there have been very few injuries sustained by people, although property damages are usually heavy. At the same time, sad dem is the animal killed outright on impact and invariably it is callously left suffering until it finally dies there or staggers into the bush to die.

The humane thing to do is to put it out of its misery by finishing this, to see that it is done. Then the practical thing to do is report it, as soon as possible, to facilitate saving the meat. The "Game Act" requires your reporting such accidents, forthwith, to the nearest law enforcement office.

This office appreciates that accidents involving game animals can and do happen, even when all reasonable precautions are observed, and assures you that on observing the precautions and discharging your duty with respect to reporting it as soon as possible to the authorities, no disciplinary action need be taken.

Conservation is the responsibility of every citizen and cooperation with the civil servants, charged with the management of your wildlife resources, thereby actively helping to ensure the continued harvest and recreation derived from big game hunting, would result in management in the true sense of the word —wise use of game.

Holiday hours at Post Office

The following hours will apply to the Edson Post Office for Good Friday and Easter Monday:

Good Friday, March 31: The Post Office will be open for regular business except Savings Bank and Money Orders from 9:00 a.m. to 11:00 a.m.

Easter Monday, April 3: The Post Office will be open for regular business from 2:30 a.m. to 12:30 p.m.

Social evening enjoyed by oldtimers

The Edson and District Oldtimers Association held a very pleasant social evening in the Elks' Hall last Friday with Mr. H. Stotzer acting as Master of ceremonies.

A re-broadcast of the tape recording of the Search for Talent show held recently in the school auditorium was played through the courtesy of the Optimists with representatives Messrs Kratzmann and Serdish in charge of same This was followed by community singing which was well received, with Mr. F. Wells at the piano Dancing followed with Mr. J. Layden, accompanied by Mr. Tom Robinson on the accordian, relieving Mr. Wells.

Later in the evening a very tasty lunch was served by the ladies in the basement and renewing of acquaintances and social enjoyment brought a very enjoyable evening to a close.

ROSEVEAR

Mr and Mrs. C Stotzer and David, Mrs. S. Stotzer and Donald went to Edmonton over the weekend to visit Mr. S. Stotzer who is a patient in the University Hospital [illegible]

Mr. and Mrs. Sam Klute were Edmonton visitors over the weekend.

Mr Ernst Klute is home again from Jasper where he had been working

Mr Andy Zinngo had the misfortune to break his leg and was confined to hospital for a few days. No is home again but will have to have the cast on for about six weeks.

Mr. and Mrs. Helmut Mentz, Mr. and Mrs. Gene Bason, Mr. and Mrs. L. Pesenti and families were weekend visitors at the home of Mr. and Mrs. F. Preer.

A fair crowd attended the dance that was held in the Rosevear School last Friday, which everyone enjoyed.

Mr. George Hall and his gang have been brushing on the road between Peers and Rosevear taking a few of the bad curves out.

WINNER OF THE SENIOR SOLO Darlene Woywitka and runner-up Robyn Stanton pose with the cup that was presented by the Kinsmen Club of Edson.

MR. BERT HERRING PRESENTS Wendy Walker with her trophy, donated by Embert's Flowers, which she won in the Junior solo events.

BEING PRESENTED WITH CUP donated by the Opti-Mrs Club of Edson is Darlene Woywitka and Linda Street winners of the senior pair competitions, by Mrs. J. Woywitka the Sunday following the carnival in the Edson Arena.

PRESENTING JUDY M NAUGHTON AND DOREEN KEHLER with a trophy donated by herself, Mrs. Laura Mahon congratulates the little girls on their win in the Junior pairs.

Increased tax in Park follows new Provincial 'equalization'

Residents of Jasper and Banff probably will be paying higher property taxes as a result of the provincial government's new education financing plan, Municipal Affairs Department officials stated last Monday.

Under the new scheme, all municipalities will be assessed 32 mills on an equalized assessment as their share of the total cost of education in the province.

Jasper residents have been paying about 20 mills for education while those in Banff last year paid only 12 1/2. Officials of the Municipal Affairs department say both towns probably will have to levy around 25 mills on actual assessment in order to raise the equivalent of 32 mills on equalized assessment.

However, a spokesman said, residents of the two towns of Jasper and Banff National Parks will not be too badly off. Both receive provincial grants aimed at "softening the blow" during the initial year of the new program.

Many residents of Jasper wonder if we really belong to Alberta. They state that after travelling some 47 miles from the BC border they emerge from the Park Gates and the first thing they see is a large sign which reads "Welcome to Alberta." After reading the new educational financing program, some would say that the sign was just erected in the wrong place by some 47 miles.

Student named PC vice president

Lawrence Chapman, who is in his second year university, was named a vice president of the Progressive Conservative Student Federation at a recent election of officers.

President of the federation is Gerry Dipet of Lacombe. Membership is composed of students at the university and is a very active political group.

Lawrence is the son of Mr. and Mrs. Harold Chapman of Edson.

Working with a grammar lesson, the teacher asked: "Willie, what is it when I say 'I love you, you love me, he loves me.?" Replied Willie: "That's one of those triangles where somebody gets shot."

Former Wolf Creek man dies

Many friends in Wolf Creek and surrounding Districts were sorry to hear of the passing away of Ted Fink in a Calgary Hospital and extend their sympathy to the bereaved family.

Mr Fink is survived by his mother and son have three sisters in the southern part of the province, a brother in Ontario and a brother in BC.

Miss Iris Allen visited at the home of her parents recently. She is employed in Edmonton.

ANNOUNCEMENT

Mr and Mrs Alphonse Roullard of Edson announce the engagement of their daughter Yvette to Mr Bruce Lindstrom, son of Mr. and Mrs Bert Lindstrom of Hinton. The wedding to take place Saturday, April 22.

Funeral services for late Thomas Booker in City

Funeral services were held Tuesday in Edmonton for the late Thomas Edgar Booker 62 who died in Vancouver last week. A resident of Edson for several years following the last war Mr Booker was well known here where he conducted a photographic studio.

He had been living at Gibsons, B.C., with Mrs. Booker until his final illness. A long time resident of Edmonton his body was returned to the city for burial.

A veteran of both World Wars I and II, Mr Booker retired as officer commanding the Army Cadet Corps during his residence here and was responsible for installing the elements of military discipline into the lives of many a young Edson lad.

Active politically, he ran as conservative candidate for the Edson constituency two provincial elections ago.

He is survived by his wife Gladys, two sons Donald of Grayton Valley and Keith of Namaimo B.C., one daughter, Mrs T J Rowland of Holkirk, Alberta; and nine grandchildren.

I'm looking forward to my 30th birthday.

You're facing in the wrong direction.

Record grant made for Cancer research

A record total of $1,216,069, 19 universities and research institutes in various parts of the country it was announced recently by Rt. Rev J A MacLellan, D P. President of the Alberta Division, Canadian Cancer Society.

A further $100,810 has been earmarked for fellowships which pays for advanced study by students and scientists interested in cancer research and $28 430 for the training of radiation physicists. More than 80 per cent of the amount of cancer research projects will be provided the Institute by the Canadian Cancer Society the balance coming from the federal and provincial governments in the form of matching grants.

Commenting on the awards Dr R M Taylor who is chief executive officer of both the Institute and the Society, noted with satisfaction that the total allocated represented an increase of $210 851 or almost 20 per cent more than spent by the Institute last year.

"It shows" he said, "that the Canadian people are in full accord with a stepped-up program of cancer research because it is from the study that the great bulk of the money comes by direct contribution. The amount we have been able to designate for this purpose satisfies me that for the most part the public realizes that the defeat of cancer lies in research.

Pinfit slipcover for perfect fit

The first rays of Spring sunshine often make it all too apparent that the most vigorous cleaning campaign won't completely remedy the worn upholstery on our living room furniture.

When the budget balks at the cost of replacing furniture then bright new home sewn slipcovers must be relied on to save the day — and the appearance of our living rooms.

Luckily, slipcovers aren't half as hard to make as they look. Directions given in sewing books are usually clear, and will produce professional-looking results. Help in selecting the most suitable fabric can be obtained at local sewing centers, where the necessary accessories to do the work can be found.

The first slipcovering short cut is to purchase all materials at the same time: fabric, trimmings, zipper or dome fasteners, thread and pins, and dressmaker's chalk. The latter is important for the pin-fitting technique.

Remember to measure chairs or chesterfield carefully before purchasing slip-covering fabric. For instance, a floral pattern or design that requires matching may increase the fabric needed by two or more yards.

A fool-proof method devised by local sewing center experts to determine the fabric required is to first pin-fit and cut slipcover sections from factory cotton or old sheets. Then, two pieces of string are placed in parallel lines along the floor, with the distance between them equal to the width of the material chosen. Then by placing the cotton slipcover pieces inside the area, the exact amount of fabric required can be quickly determined.

Pin fitting instructions are as follows: cut sections rough-ly to size using the cotton patterns as a working guide. Pin sections to the chair or sofa along the seam line, working with fabric right side out. Pin sections together, placing pins lengthwise. A basting thread will help keep gathers evenly spaced at the front of the arm and around the curve of the back.

Mark seam lines with dressmaker's chalk; then trim all seams even to within one inch. Take the pieces of fabric off the chair and remove pins. If you are using fringe or corded trim, stitch this along the right side of the fabric on the chalk lines. Then turn pieces wrong side out, and using the fringe's stitching line as a guide, stitch sections together. This technique will ensure smooth seams and good fit.

Make openings where required and insert zipper or sew dome fasteners on firmly.

PEERS NEWS

The sympathy of the community is extended to Mrs. A. Kolbe and family of Edson in the death of her husband. Mr. Kolbe was one of the original old timers of this district.

The Variety Show sponsored by the W. A. of the United Church will be held on Friday, April 7 in the Rainbow Hall. All types of talent as well as short skits will be on the program. Admission is 75c for adults, 50c for students and 25c for children. Proceeds are to be used for the installation of electric power in the church.

The community was shocked by the flash fire at the George Wells home on Sunday afternoon. Injured in the fire was Mrs. Wells with fractured arm and facial burns, Linda with burns on her face and legs. Most seriously injured was a visitor, Melvin Reubens of Stony Plain. The house and the entire contents was a complete loss. Get well wishes are extended by the district to the injured.

McLeod Valley Gram Club will hold their regular meeting at the home of Bill Tresoo on Friday, March 17 at 8 p.m.

Mr. and Mrs. Rudy Tischer and Miss Beverly Tischer and Doug Hope of Edmonton spent the weekend visiting friends and relatives in the district.

Mr. and Mrs. Glen Dirk of Valleyview are visiting at her mother's, Mrs. E. Forsythe.

Mr. and Mrs. J. O'Neill made a business trip to the city last week.

The Peers 4-H Clothing Club will host Aston 4-H Club on Friday, March 17 at 8 p.m. in the Peers auditorium. Mothers are especially invited to attend this meetings.

A bingo will be held on Tuesday, March 28 at 8:30 p.m. in the Peers School. Admission is $1.00 for ten games and 50c each for extra cards. A first class slate of prizes are being offered. This event is being sponsored by the Home and School.

Edson Young People have fun

The Christian Reform Young People along with the Baptist Church Young People held a toboggan Party at the h. Fox chosen farm on Frid. March 10.

The party was enjoyed by fifty odd young people and after the tobogganing they returned to the church for lunch.

The Sunday evening service was conducted by the church young people who supplied special vocal and instrumental music, with Pastor Hard bringing the message. The program was thoroughly enjoyed by all.

FOR THE BEST IN DRAMA SEE GENERAL MOTORS PRESENTS WEEKLY. CHECK LOCAL T.V. LISTINGS FOR TIME AND CHANNEL

Competitions to have 50th Anniversary theme for students and citizens

An announcement from the Edson schools is being distributed this week heralding for competitions to publicize Edson's 50th Anniversary Year. Included are essay competitions, poster competitions and Town crest competition. The latter is open to all citizens.

ESSAY CONTEST

Essays may be written on any of the following topics at each grade level from 7 to 12: 1 Edson, 1961. 2 My First Impression of Edson. 3 Edson's Future. 4 An Interesting Incident Recorded in the History of Edson.

With regard to the fourth topic the committee is charged to feel that to report could do justice to the whole history of Edson in 500 words or fewer. Pupils are therefore asked to "limit the subject" by choosing an interesting appropriate title out of the whole story of Edson since 1911.

POSTER CONTEST

A poster competition along the same general lines as the essay competition will also be conducted, but will extend from grade 4 to grade 12.

Again, competition will be by grades — with this exception, that there will be only one class for senior high school pupils.

Subject: Any aspect of Edson's past or current history: historical events, industries, recreation, education, cultural activities, etc. The deadline is May 8.

TOWN CREST COMPETITION

Edson has no town crest. The Edson Sub-local of the A.T.A. has offered to sponsor a competition to remedy this oversight, and will be responsible for the prizes.

Since the best crest possible is wanted for future use, this competition will be "wide open". Any pupil of the Edson schools or any boys fide citizen of the town of Edson may enter a suggested crest.

As a coloured crest would not necessarily reproduce satisfactorily in black and white, contestants are asked to submit their entries in black and white only. The form in which such a crest would most commonly be used, on letterheads, etc.

Dimensions permitted as to minimum and maximum will be the same as those for the general competitions — an area, from 12 x 18" to 24 x 36". Cuts of any desired size can be reproduced later by a professional photographer.

It is not necessary that the design include any words, but if the contestant wishes to include a slogan this should not exceed three words.

Judgment of the prizes has not yet been decided, but there will be a first, second, and third, and these will be sufficient to reward the winners for a considerable number of hours of effort.

As in the other poster competition the contestant's name should be placed on the reverse side of the drawing.

TRACK MEET

Although no exact date has been set, a track meet for pupils from grade 4 to grade 12 will be held sometime in the current school term.

The meet will include all the regular track and field events in the near future a formula for the classification of pupils according to age, height and weight will be distributed.

Other schools in the Edson Superintendent will be invited to send "their best" to compete against the winners in the eliminations held in the Edson area schools.

The date for the invitation Meet will be sometime in early June. The eliminations in the Edson town schools will be held approximately a week

COULD YOU WALK AWAY FROM A WRECK?

End of the road! Not for the driver of this car. He walked away from this wreck with only a minor cut over one eye. He was wearing a seat belt. "How do seat belts save lives? First, let's take a look at what happens to you when your car is in an accident.

Stated in simple terms, your car stops suddenly but you don't. One of two things can happen to you: you can be ejected from the car, and this occurs more frequently than you might think, in which case it has been shown, your chances of serious injury are five times greater.

Consider that your car forms a shell around you, and that shell will protect you rather than kill you. By wearing a safety belt you are prevented from striking the sides of the car.

Racing drivers always wear seat belts. So do test drivers, stunt drivers and many truck drivers. Donald Campbell, son of a fast and famous father, recently crashed in his Bluebird car at the fantastic speed of 305 miles per hour. No other human has ever survived a car crash at such high speed. Donald Campbell's life was saved by the safety belt he was wearing.

Seat belts will not trap you in the car. They can be released instantly — Seat belts are not uncomfortable to wear — Seat belts do not crumple clothing — Seat belts are available in a range of colors.

Busy meeting held by Auxiliary

The meeting of the Hospital Auxiliary was held Monday, March 6 in the Edson Health Unit. There were three visitors and five new members present.

Show "Twinkle in God's Eye" will be shown on Sunday, April 30 at the Nora Theatre.

The ladies of the Hospital Auxiliary will serve lunch to the high school students and their parents on Career Day which will be held at St. John's Hospital on March 22.

Plans are being made for Flowerette Nightingale Day to be held on May 10, when open house is held at the hospital. The Sisters enjoy having everyone come to have tea and tour the hospital.

Mrs. Herring from Emhorty's Flowers Shop gave a very interesting demonstration on arranging flowers and making corsages. The flowers were raffled and won by Mrs. Stan Malanchuk and Mrs. Peterson. The proceeds go to the Auxiliary. Lunch was served.

Wells family recovering

Continued from page 1

where they were given first aid treatment by a district nurse, Mrs. M. Rochiek.

They in another vehicle then motored west driven 25 miles to Edson Hospital.

At the scene the Wells children stood helpless as their home burned to the ground destroying their school books, clothing, and all the family's furniture.

Neil — "Do you know why the little red door was so blue?"

Wife — "No."

Neil — "Because his father was in the pen-painting business."

To present brief to Minister of Highways

HINTON —

Continuing in their efforts to have a year-round, all-weather highway constructed between Hinton and the Peace River country, Hinton Chamber of Commerce under tourist committee chairman Dexter Champion, have prepared a brief which will be presented to the Hon. Gordon Taylor, minister of highways, in the near future. The brief will ask that an immediate survey be made for a road of standard grade width and load carrying capacity between Highway 16 and Highway 2. The road to leave Highway 16 in the vicinity of Hinton and converge with Highway 2 at or near Grande Prairie.

The proposed road would cut 60 or more miles from the present forestry road which meets Highway 2 at Goodwin, Alberta. There is now quite a good road 40 miles south from Grande Prairie and a passable road 75 miles north of Hinton to the Muskeg. In view of this the Chamber feels it is not unfair to ask for the survey.

The proposed pulp mill at Hinton will be a big boost to the economy of the area, and the Chamber feels that the proposed road would make use of the road as their source of supply is south of the new town site, extending to the north boundary of the North Western Pulp & Power lease. When in, there is a large undeveloped oil field in the area that would be served by the highway — oil is high quality coal fields in which UK Steel has shown so much interest. The problem now is to get these resources to market.

Alberta receives a large revenue from her tourist industry and it is felt by her Chambers of Commerce that a more direct route from the South Western States to Alaska would relieve American traffic and leave a great deal of American money in Alberta that is now left in our sister province in the west. It would also give residents of the vast Peace River country an opportunity to make use of Canada's Grande Prairie would make use of the road as their source of supply is south of the new town site, extending to the north boundary of the North Western Pulp & Power lease. When in, there is a large undeveloped oil field in the area that would be served by the highway — oil is high quality coal fields in which UK Steel has shown so much interest. The problem now is to get these resources to market.

The brief was presented to the Grande Prairie Chamber of Commerce by Mr. Champion who made the trip over the present forestry road at the weekend. There it will be endorsed and returned where it will be presented to the Jasper and Edmonton Chambers for endorsation before being presented to Mr. Taylor.

Draperies

Several columns ago, we discussed paint and redecorating hints, so to another topic that may arise with spring cleaning — new draperies.

Material — It pays to buy the best yardage possible. Don't skimp on the width. It is better to use plenty of less expensive material than to make narrow skimpy, draperies with expensive fabric.

The style, texture and design of your draperies must be closely related to the style of your home, decoration and other furnishings.

Buying Guides — 1. If you have a small room, avoid large patterns. If you have a pattern in the rug, wallpaper or slip covers, select a plain fabric for the draperies. Too much pattern makes the room seem smaller and creates confusion. Enough plain surface is needed for rest enough pattern for interest.

2. Let the background of the fabric blend with or match the background of the wall to create unity. A room looks smaller when draperies or curtains contrast with the walls. It looks larger if there is little contrast between drapes and walls.

3. Avoid using a shiny fabric. Choose a tailored print or a drapery fabric that drapes well. Lightweight, fine textured small pattern rayon or plain fabrics are in good proportion to small rooms. Large rooms benefit from heavier materials, somewhat larger patterns and colors that contrast with the walls. Brush textured walls need heavy textured materials, while smooth-surfaced and finer fabrics are more pleasing with smooth walls.

4. Use plenty of material even if you have to select less expensive fabrics. In the cheaper printed fabrics be sure the printing is on the grain. Allow extra yardage when a pattern is used. Evenly spaced patterns will require much more yardage than regularly spaced patterns or plain material.

5. Read labels. Will the fabric shrink or stretch? Will it dry clean or wash satisfactorily. Is it sun fast?

Wife to state husband: Normally I wouldn't dream of opening a letter addressed to you but this one was marked "private."

Evergreen school active for Education Week

In a special effort to make children realize the value of education guest speakers were invited to the school and the resulting talks containing much down to earth advice were quite obviously enjoyed by an eager young audience.

Guest speaker Mr. Dean Coulson spoke very capably about the newspaper business and the necessity of knowledge and education in order to be successful in this field of occupation.

Mr. Frank Brock spoke on behalf of the Town Council. He mentioned the broader value of education as a deterrent to communism and the promotion of better world relations and understanding. He also mentioned the general values of education in every day living.

Mr. Art Kratzman enlightened the children in his very stimulating manner about the similarities and differences between Canada and Austria. His talk was centered around education, geography and products of the farmer boy.

Mr. W. D. H. Clark spoke on behalf of the Forestry Division of Edson. As many youngsters displayed interest in the work of the Forestry Mr. Clark outlined the work and responsibilities of the Forest Ranger. He also explained that although their work and duties are not always easy or pleasant to perform that much pleasure can be derived from scenery, wild life and freedom of the outdoors which is part of the Ranger's life.

The Grade VI classes had an opportunity to visit the Weather Station and the Alberta Government Telephone building. Many children saw instruments and machines which they had never seen before and from class discussions it is obvious that they gained knowledge from the form of practical experience.

A special thank you to Messrs. Clayton Brock, Kratzmann Clark and Miss Lorrie Yalum of the weather office and Messrs. Walker and Gordon of the AGT.

INDIAN AFFAIRS BRANCH

Refer to file Number
167-6-1 788
167-6-1 705-1

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION

SEALED TENDERS addressed to the Director, Indian Affairs Branch, Department of Citizenship and Immigration, Ottawa, Canada, will be received until 3:00 p.m. (E.S.T.) on April 6th 1961

for the construction by contract of

A Water Supply System and Alterations to Existing Sewage Disposal System at Fort Vermilion Indian Residential School, Fort Vermilion Indian Agency, Alberta. Plan Index No. 1798.

Contractors shall tender in complete accordance with the drawings specifications and tendering documents supplied by the Department for that purpose

The drawings, specifications and other documents will be exhibited at the following points from March 13th, 1961 until March 30th, 1961 inclusive:

1. L. C. Hunter, Esq., Regional Supervisor of Indian Agencies, Room 716 Federal Building, 10763 Street and 99th Avenue, Edmonton, Alberta
2. R. A. Nisbet, Esq Superintendent of Indian Agency, Fort Vermilion Alberta

General Instructions to Tenderers Drawings and Specifications are obtainable at the above offices upon deposit of Fifty Dollars ($50.00) for each set of documents in the form of a certified cheque made payable to the Receiver General of Canada This deposit will be refunded upon return of the drawings and specifications in good condition to the issuer, within two months from the date on which tenders closed.

To prevent consideration, tenders must be submitted on the tender forms provided and must be accompanied by a certified cheque drawn on a chartered bank in Canada payable to the Receiver General of Canada or a bid bond in an amount equal to ten per cent (10%) of the tender prize or Bearer Bonds of Canada or of the Canadian National Railway Company and its constituent companies.

The Department reserves the right to reject any or all tenders, and the lowest tender will not necessarily be accepted

H. M. JONES,

AUCTION SALE

Having Received Instructions from

John Classen

I will Sell By Public Auction at his farm 28 miles from Whitecourt, or 16 miles from Peers, on Highway 32, or ½ mile North of the

Haddock Store

SATURDAY, MARCH 25

Commencing at 10:30 a.m., the following

15 CATTLE

1 black milk cow just fresh, 1 black milk cow to freshen by sale date, 1 Part Jersey, to freshen by sale date 2 Range Cows with calves at foot, 1 Black Cow, to freshen in May, 2 two-year-old Black Heifers, 4 Yearling Heifers. 3 Yearling Steers

MACHINERY

HGS Oliver Clevtrac in good working order, Ferguson Tractor, Deere Barn Cultivator, Ferguson Plow 22" Case Threshing Machine, 3 14 Corkshirt Plow, 7 Tandem Disc, 16' Single Disc, 9' Land Packer, 20 Run Double Disc Massey Harris Seed Drill with power lift, 7 Pivot and Wood Binder, 2 Sections of Lever Harrows, Side Delivery Hay Rake, Hay Loader, Truck Wagon and Rack, Heavy Duty two-bowl Trailer, Corkshirt Panning Mill, very good, High Capacity Grain Grinder, Two 300 gallon Fuel Tanks with hose

SHEEP AND HOGS

21 Ewes to start lambing March 21st 8 Weaner Pigs, 6 Breed Gilts, to start farrowing April 10th, 1 Boar, 5 months, Some Feeder Pigs

GRAIN

200 Bushels of Oats; 200 Bushels of Barley; 20 Bushels of w' ut.

HOUSEHOLD

O'Keefe a... Servit Process Range, very good. Coal and Wood Asses lbs., or 2 100 lb Propane Tanks, Chrome Kitchen Suite, very good, 3 unidentified and Chairs, Easy Rocking Chair, Mantel Radio, Combination Radio and Record Player 4-piece Bedroom Suite, very nice, 3 piece Bedroom Suite very good Singer Sewing Machine, Coffield Electric Washer, good condition, Large Child's Crib; Plate Glass Mirror, 32 x 30, Card and Wood Range, Pots, Pans and Dishes and many other household articles

MISCELLANEOUS

2 Sets of Taps and Dies, Forge Post Drill, Vise and other Blacksmith Tools 2 Sets of Socket Wrenches ½ and ¾ drive, 60 ft. Steel Engine, 110 Volt Lighting Plant, 30-inch Power Lawn Mower like new, Garden Cultivator 3 ton Hydraulic Bumper Jack Pump Jack, Stock Watering Tank Tank Heater, 160' 3 ply rope, 1 2" x 14 inch Bore, 300 Chain 1/4 Breaker, One 12 Gauge Pump Gun One 22 Repeater Rifle, Approx. 1,000 feet of 2" Barn Flooring, 1 500 feet of Poplar Siding, A large assortment of other small articles too numerous to mention

Terms: Cash

Please be on time as there are a lot of chattels to be sold

Free Lunch will be served

DOUG McKEEN

Auctioneer Lic. No. 28, Phone 21 or 108, Sangudo, Alberta

91 year old resident passes in sleep here

Edson and district were saddened to learn that one of its oldest pioneers had lost its resident Mr. Xavier Kolbe, 91 passed away quietly in his sleep at the Hospital on March 9.

Born in Germany in 1870 and married there Mr Kolbe and his wife immigrated to Canada in 1910 and settled in Alberta. After many years

MR. A. KOLBE

working in the mining towns of the Coal Branch, and on the Transcontinental railway, they came on homestead in the Fort Edmonton area of Edmonton. There they remained where they settled in Edmonton.

When Parkland Lodge, the senior citizens' residence was opened last September, Mr. and Mrs. Kolbe were among the first to take up residence and it was there in January, a host of friends gathered to honor them on their 62nd wedding anniversary and Mr Kolbe's ninety first birthday.

Funeral services were held from the Edson Funeral Home Chapel with Fr. Mahone of Hinton officiating at interment in the Edmonton cemetery. Mr Kolbe is survived by his loving wife Martha, one son William of Edson and predeceased by one daughter Mrs. Elsie Elizabeth Graham in 1952. He is also survived by six grandchildren.

Pallbearers were selected from Louis, wife and family Edson Brow and Harry Anuela and Fredie Carrithers Richard Ward and Curtis Erma and Armand Mr and Mrs. Louis Jay Martin and Ruth Lypkie and family, Mr and Mrs. Fred Ostrenko and Rita, Mr and Mrs. Tinker Weisner family and C. Andrew and family.

Donations to the Cancer fund in memory of Mr Kolbe were received from Alfred Eleanor and family Mildred Keith and family, Oscar and Lydia

Optimists announce 2nd annual Fiddlers contest

A few time ago Vern Eskil acted to secure the services of which is now burned and so once of EDSON began the pace was set. This year local fiddlers will be plac[illegible] 12:30 for Step Edson celebrat[illegible] with Vern her infancy as [illegible] pioneers.

April 28 is the date picked by the optimist committee chaired by Louis Jay. In keeping with the anniversary theme they intend to bring out the best effort that members of the club can put forth in their search for fiddling talent.

Prizes this year will be bu[illegible] for in entire without first further afield.

As an added fillip to the pro[illegible] the committee have [illegible]

Too Late To Classify

FIDDLERS WANTED [illegible] and old any style any [illegible] The first 20 applicants will be accepted for the [illegible] performance at the [illegible] Fiddlers contest Hyde box 300 Edson. Good prizes and fun hurry hurry don't delay. You might have to wait till next May!

NEWSSTAND

SUMMER START FOR 'COURT MILL

District residents noted with interest the announcement by Hon. Norman Willmore that Albertawest Forest Products Limited plans to start construction on a pulp mill at Whitecourt this summer. No details were given other than that the mill would cost in the neighborhood of $25 million.

First question locally is how close to the pulp reserve now held by Northwestern Pulp and Power Ltd of Hinton the 3,000 square mile tract granted to the Whitecourt mill will come. Obviously it will touch on immediate Edson district areas if the tract is south and west of Whitecourt.

Work on the huge plant if started this summer, is expected to be completed to the point where the mill can be in production by 1963. Cutting for the woodyard would have to begin well ahead of the expected operational date for the mill judging by the experience of how the Hinton mill came into production.

Differing from the Hinton mill, which produces long fibre, high grade bleached unfinished kraft pulp, the announcement states that the mill will produce 300 tons of newsprint daily. Newsprint from the mill will be for the Canadian and United States market.

1200 persons are expected to be eventually employed at the height of the plant's operation. Residents of the area north east of here, it is expected could now find a market for their pulp without having to haul over Highway 16, on which load limits threaten to make hauling uneconomic.

CFRN-TV applying for satellite transmitters at Edson & Carrot Creek

Confirmation that Bunwapta Broadcasting Co Ltd. is applying to the Board of Broadcast Governors for licenses to operate television transmitter satellites at Edson and Carrot Creek, was given today by G.R.A Rice, president and general manager of the Broadcasting Company

This will provide for the transmission of all television programs carried by CFRN-TV, Edmonton. The satellite service, if approved by BBG, will insure good reception for all television viewers in Edson and its immediate environs, according to plans by the "private" TV outlet.

In making the announcement, Mr Rice said that engineering plans on the satellite development were approved by the Department of Transport, and then forwarded by DOT to the BBG for consideration. A hearing on the application is scheduled in Ottawa on April 11.

If approval is obtained for the extension of CFRN-TV service to Edson, 125 miles west of Edmonton, construction of the relay station at Carrot Creek and the satellite at Edson will begin this spring. Locations for the satellites have already been obtained.

Mr Rice pointed out that the desire to provide such a free television service in the Edson district was in line with both standard company policy of serving the greatest number of northern Albertans with the best type of CFRN-Edmonton operations, ever since the company was found ed.

The Carrot Creek transmitter will operate on Channel 8 and the Edson transmitter will operate on channel 12 Mr. Rice also stated that if the application be fore BBG will have the support of the Edson Chamber of Commerce and the Edson Town Council as well as private citizens.

167 POUNDS OF COUGAR holds no terror for Judy Worton just outside the Leader Office. Shot by Ronald and George Dickson seven miles south of Hinton, the big female cat had killed an elk and was up a tree. It took two shots, one between the eyes before the big animal fell to the ground.

Sees small man as supplier in lumber industry Hon. N. Willmore tells house

An essential change in the role of the small lumberman in Alberta was predicted in the Legislature last Friday by Lands and Forests Minister Norman Willmore, MLA for Edson.

Speaking during budget debate the minister said a system of integrated lumbering which would make the small man in the business a supplier rather than a lumber processor could cause a resurgence in the industry.

Lumber suffered from both the general recession and from competition with other products last year, he said. Successful lumbering now calls for complete use of wood, including scraps the small operator must throw away and new uses for slash and "marginal timber."

Mr Willmore discussed also the building of access roads and firefighting trails covered in the budget estimates.

COST DOWN

The cost of fighting fires last year was down more than $1,000,000 from the previous season but since weather and other uncontrollable factors are involved in forest fires there is no reason for a let-up in prevention, he said.

He said there has been effective and effective suppression of fires but two little protestation. This requires aircraft lookout stations, radio and forestry roads which the people of Alberta must provide.

The Lands and Forests budget for 1961-62 is estimated at $6,803,800.

Mr Willmore noted that the parks budget had again increased and said the expenditures was worth while for "one of the most popular programs in the whole government." Some 1,300 persons visited provincial parks last year, he said.

Alberta's program for surveying all provincial lakes with a view to planning recreation potential is unique in Canada, he said. "Scores and scores of possible lakeside and picnic areas" have been set aside already as a result.

MAY BENEFIT

The Eastern Rocky Mountain Forest Board is expanding its research activities from which the entire province may eventually benefit.

It is one of water resources is one of the most essential elements in the department's plan he observed.

He defined multiple use areas as those exploiting several resources but only to the extent that an individual resource is not impaired by the others.

"It just isn't good enough to pay lip service to the multiple use theory. These areas have to be managed to the best advantage of all resources."

Mr Willmore also discussed the possibility of bringing the 1968 Winter Olympics to Alberta. The suggestion has to be made by a city he said and Calgary with its proximity to Banff Lake Louise, Was a logical choice.

Fire victim doing well

Mrs G. Wells is reported to be ready for release from hospital where she has been following the tragic fire which destroyed the Wells home at Peers Sunday March 12. Daughter Linda had been previously released from hospital.

The community of Peers are getting behind the Wells in their efforts to get a home together and a committee set up has contributions to help may be left at Chris and Pearl's Store in Peers.

Public invited to hear finals

Semi finalists from Hinton and Jasper will be competing with the Edson young orator in the IOOF and Rebekah sponsored oratorical contest being held in the high school auditorium, Edson, on Saturday evening, March 25, at 8 p.m.

It is hoped that enough parents and high school students will turn out to show that Edson is interested in how the young people fare. There is no charge.

Miss Susan McCrae is the semi finalist representing Edson.

The winner will be one of ten Alberta students, who will have the privilege of being included in a group of young people from Canada and the United States going on a tour by bus to observe the United Nations at work in New York.

Calling all pulp cutters for meeting

All members and men members of the Edson and District Pulp Association are reminded of a meeting in the Lyons Hall Wednesday March 29 at 8 p.m.

A good turnout is hoped for as such matters as load limits for trucks are to be thoroughly discussed. As well as future activities of the association.

Sewer lagoons work funds short town finds

(The following article condensed from National Civic Review appeared in The Readers Digest last August. We reprint the article because it gives the history of how ponding for sewage disposal have become so popular in the last few years. The lagoon systems described are similar to those being recommended by Edson's engineers.)

Since 1956, governmental officials from Washington, technicians from virtually every state in the Union, and even visiting scientists from Europe and Latin America have been journeying to the little town of Fayette, Mo. to take a long and incredulous look at a pond. Fayette's 2100 citizens are justifiable proud of their 15 acre lagoon it has unfailingly provided them with seemingly miraculous benefits, and it has been officially selected by the U. S. Public Health Service for a five year study.

Day and Night for the last four years all the sewage from the town of Fayette has poured into this three foot deep pond. Although no chemical or mechanical means has ever been used to purify the sewage, the pond has remained odorless and clear blue green in color. The effluent, as shown by daily analysis, achieves a high degree of purification. Frogs and turtles live in the water and bass and green sunfish there for refuge.

The secret of the Fayette pond lies in the recent rediscovery of one of nature's wonders a method of purifying sewage that is simple, safe and inexpensive. "With our modern technology," says one public health official "we tend to think that we can purify sewage only with cost ly and complicated mechanical installations. The fact is, nature can do everything, except certain kinds of synthetic industrial waste."

Nature's agents are worms, snails, bacteria and algae. When sewage enters a "sewage stabilization lagoon," the solids drop to the bottom where they are promptly disposed of by worms, and snails. The remaining sewage is then attacked by bacteria and one of the most powerful of all purifying agents, oxygen which algae, under the stimulus of sunshine, produce in surprising quantity.

This natural phenomenon was stumbled upon largely by accident in 1928 when the town of Fresendan, N. D. installed a new sewer system. Unable to raise additional funds for a mechanized sewage treatment plant, the town began to pour its sewage into a hastily dug basin at the edge of town. A couple of months later, town officials and state inspectors were astonished to find that the new age had mysteriously achieved a higher degree of purification than could have been produced by a conventional mechanical plant.

For 29 years, though the pond continued to function successfully, the discovery was dismissed on the ground that "nothing that simple can really do the job." Then in 1942 the town of Haddock, N. D., installed a pond, and within three years another half dozen Dakota towns followed suit.

Not until 1951, however — when Glen J. Stapleton, U.S. Public Health Service regional engineer for seven Midwest era states, made a careful study of the North Dakota ponds — did the pond movement begin to gain national momentum. As a result of his enthusiastic recommendations, the USPHS established the country's first experimental station on the Fayette pond.

Since 1957 the U.S. government, along with its old for other approved types of municipal sewage plants, has been offering up to 30 per cent of the construction cost of an approved pond, with a maximum grant of $250,000 per pond. As a result, in the three years ending in 1959, 400 municipal ponds were built or scheduled for construction. Another 110 were built by municipalities ineligible for federal aid because of their financial ability to assume full cost. The National Park Service and Bureau of Indian Affairs are now making wide use of such ponds. The U.S. armed forces have built about 30 at installations at home and abroad. In addition, produce houses, poultry growers, meat packers, laundries and other "browned" industries are now discovering that sewage ponds can treat industrial wastes just as they do human waste.

Construction consists ordinarily of bulldozing a thick eight foot high dike around a leveled floor. Depending on the value of the land, the USPHS estimates that a pond costs only 25 to 60 percent as much as the cheapest mechanized plant of comparable capacity. The Fayette pond, for example, cost only $60,000, as opposed to the $200,000 which the town would have had to spend for a mechanized plant. As for maintenance, the Fayette pond is handled entirely by one part time worker. Once a day he inspects the inflow pump, and once a week he oils it; once every three weeks he cuts the grass grown on the dikes to prevent muskrat; once a month he pulls out any weeds that may have grown in the pond to prevent mosquitoes from breeding there.

"Our maintenance," says Fayette's mayor, "costs about $250 a year — instead of the $6000 a year we would have to pay to maintain a mech anized plant."

This rock bottom upkeep is prompting an increasing number of towns to build sewage ponds, the cost of which can be speedily amortized by the enormous saving in maintenance. The result an early drop in per capita sewage bill.

Most public health officials agree that sewage ponds are ideal for small town one (provided the town has a reasonable sewer system) There is, of course, a limit on the size of a community which can effectively employ a pond But the pond at Grand Forks, N.D., for example, still services 40,000 people And four ponds in Auckland New Zealand, can service a total of 201,000. The ponds work even where they may be covered with ice and snow for six months of the year the purification is carried on by anaerobic bacteria rather than by aerobic bacteria and oxygen. There are some 300 ponds in very frigid areas as Montana, Saskatchewan, Brit ish Columbia and Manitoba.

Until recently state health departments specified one acre of pond for each 100 people Now they have raised their limits — up to 200 people per acre in northern areas, 400 in southern areas. "We still don't know what the safe loading are for these ponds," says Jack Smith, executive secretary of Missouri's Water Pollution Board "but chances are they are considerably higher than the limits now set."

The only serious public controversy that has arisen concerns odor. Opponents of the method insist that the ponds smell. When the Fayette pond was built, four years ago, a USPHS technician was put on 24-hour call; the townspeople were told to summon him if they ever detected the slightest odor He has never been summoned.

Actually a pond will give off odor only under unusual circumstances A quick spring thaw may cause the ice on the pond to release gases which have accumulated during the winter Or a pond may be incorrectly constructed or badly located A pond should be from three to seven feet deep, rectangular or rectangular in shape, and constructed in an area where the earth has a normal amount of clay in it to prevent excess seepage And it must be situated where it will get both sunshine and wind sunshine to produce oxygen, wind to keep the water circulating so that the oxygen will be dispersed throughout the pond.

In deference to the fears people have about sewage ponds, most states recommend that they be located at least a quarter of a mile from the nearest dwelling. Yet USPHS biologist Dr. Joseph Neel reports numerous instances in which ponds have been built within 100 yards of a home church, school office building, factory or drive-in theatre, with no problem of either odor or pollution.

Sanitation authorities agree that the pond method is likely to play an increasingly important role in area ige disposal Says Glen Stapleton the USPHS engineer who made the original study in North Dakota "These ponds are making adequate sewage treatment possible in countless areas which heretofore have been unable to afford this basic public-health facility. They are also helping to solve one of our most critical national problems — the conservation of billions of gallons of water which previously were being polluted by human or industrial waste."

JACKPOT NOW $180

From a Cottage Window

By ALICE HOLLINGTON

If it's in your power to warm a heart or ease a strain
Do not put it off until you pass this way again.
Next time, you may say, and that may be your real intent—
But next time often ends in never, though quite truly meant.
You may not have a second chance to do that certain thing—
That late another's life some happiness will bring.
Though you may expect to meet again some other day—
It may be just too late, the gift to give, the word to say.
It's always best to do the thing that you intend to.
There's no time like the present, is a saying that is true.
Later you may be prevented or you may forget.
So do it now and you will have nothing left to regret.

—PATIENCE STRONG

The news of the world today is seldom good and as we read the papers or listen to the radio we are daily confronted with the confusion, strain, dis-

order, pressure and the fear that reduce political affairs. Violence frames the picture of the world with news and accounts of fires, floods, plane crashes and disaster of all types on land, sea or in the air.

Is it small wonder that we may not have another chance to do the thing we may have intended? We do not live in the enchanted land of story books but we could easily be a fairy god mother or father if we would obey the ever present impulse of making the sun to shine into someone else's life.

You will never find that enchanted valley, with the silvery, gentle river flowing through it Nor see the tall trees losing its shadowy bends, where wily trout hide, amidst the scenery fly You will never meet the people who should have lived there, raising their crops in the fertile fields, where fluffy flocks and herds grazed on the abundant grasses and drink from the murmuring river. The people there never heard of war or wickedness and no one hated or envied anyone else. Everyone in the beautiful valley was happy with all having plenty of everything.

We have grown up over the long years and we have learned the enchanted valley of childhood's dreaming lies over the hills of the moon If we remember to not despair and to practice the art of making the sun to shine even through dark clouds edge the horizon of the ancient promise "While the earth remaineth seedtime and harvest, and cold and heat, and summer and winter — we shall not cease." Is the right one.

We know that winter must depart and the growth of green on spring-tested hills and valley will bring a song of quickening tempo into our hearts.

Lives of teachers often remind us

We can make their lives sublime,
If at Home & School they find us
On their side most of the time.

Watchers should be used for fire prevention

Carelessness of workmen using burning oily rags to thaw out frozen water valves was found to be the cause of a recent fire which destroyed an Edmonton district manufacturing plant according to a report issued by the Alberta Fire Commissioner's Office

The thawing operation was carried out adjacent to a plywood partition at the plant side. After workmen left the scene the fire erupted behind the partition and gained sufficient headway to destroy the structure before fire fighting units arrived

Cause of recent fires which damaged the British American Oil Company gas plant at Nevis and an apartment block project in Calgary were also attributed to careless handling of portable torches, the report stated

The Fire Commissioner's Office points out that work parties using heating or flame devices should work under the supervision of a safety supervisor or building foreman It is his responsibility to personally check upon completion of the task, to see that no fire could result from the use of blow torches or other thawing material.

Officials feel that negligence is involved when high value property can be destroyed by fire as a result of action of service crews who work unsupervised Failure by the plant administrators to exercise responsible supervision must be considered more than careless ness, particularly when human lives are endangered as well as potential property loss.

Thursday, March 30, 1961 — EDSON LEADER — 3

To whom it may concern

In the interest of those persons whose life may be concerned with someone who has an alcoholic problem and to those willing to find someone can Alcoholism there will be an Alcoholics Anonymous Public Meeting held here in Edson in the near future.

To seek counsel regarding an alcoholic problem, intent, active, personal or relative, or as a vanguard to the ominous tragedy awaiting the unconcerned, is not weakness, rather it is strength in desire for preparedness, or proof of willingness and desire for sobriety. The unhappiest person in the world is the chronic Alcoholic who has an unastered yearning to enjoy life as he once knew it, but cannot picture life without alcohol. He has a heartbreaking obsession that by some miracle of control he will be able to do so The miracle does not seem to come forth through controlled consumption or by will power.

We have found a solution in this scourge of humanity through the fellowship of A.A. through a sincere desire to quit drinking, through the admission of a need for help

protests of ourselves and through honesty with ourselves

Those of us in A.A. (some 380,000) who have recovered and are maintaining our sobriety through this fellowship feel that the Alcoholic drinks because of a compulsion arising from an emotional state and that in order to find a solution to our problem we must go much deeper, and in far greater depths than a determination to quit

Alcoholics Anonymous is a non-profit non sectarian, non-political organization We have no issue with temperance or intemperance We consider that alcoholism is a disease incurable, nevertheless it can be arrested we thousands are living proof of this So, in service only, if you are being adversely affected by the problems of alcohol into or any manner why not investigate or seek what counsel we have to offer We prefer to attract rather than promote our way of life We do not feel in any way that we have given up anything by the discontinuance of the consumption of alcohol rather that we have found tremendous with out it.

What's a communist?

The other night at the Council meeting we heard one irate ratepayer tell the assessment court that it was communist tactics to charge so much taxes on his house.

Recently Hon. Gordon Taylor implied the New Party was communistic in its approach to assessing dues from union members.

Last fall in Edson the Hon. Norman Willmore said the Conservative party was getting more communistic all the time. Imagine the fury party going communist.

The late Senator Joe McCarthy in the States used to smear everyone who didn't agree with him and his reactionary republicanism as being communists.

This editor became politically conscious during 1933-36 when labels meant something. There was no doubt about who was what during the Spanish civil war for instance Fascists included Franco, the brown shirted Nazis of Germany, the black shirted fascisti of Italy, the black shirted Mosley crowd of England and then later when the war came Churchill decided the green shirted social creditors of the Hargrave school were fascists too. The fascists were the dictatorship parties of the extreme right.

Back in the hungry thirties there was no doubt who the leftists were. The international Communitern was Bolshevik communism and not too thinly disguised Russian generals in Spain were cold bloodedly sending idealistic fools from the democracies to their deaths in battles that only tested the strength of the right and the left. Most Canadians of that period who fought for the communists were Labor Progressives (communists) with the odd pinko socialist thrown in. The odd Canadian fought for the fascists too. During the war we ran into an RCAF group Captain who had been a pilot for Franco.

But the distinctions in political thinking were sharply left or right a few years ago. In between in Canadian politics were the CCF and socialists who advocated partial socialism (the post office, the railways and large industry, etc.) they were midway left. Then the Liberal party claimed to be "left of centre" and the Conservatives accepted the "right of centre" role without too much complaint. Social Creditors were supposed to be a little further right.

So far communist now.

☆

Lady, if you'll give us a sackle my little brother will imitate a chicken."

"What will he do?" asked the lady, "cackle like a hen?"

"Naw," replied the boy in disgust. "He wouldn't do a cheap imitation like that — he'll eat a worm."

☆

A charming Southern belle named Tandie was being court ed by a wealthy slavin young banker. When queried by a friend about the prospects of a matrimonial alliance Tandie said flatly: "If that stuffed shirt proposes, I'll give him nothing but a deaf ear.

But less than a week later Tandie was wearing the young banker's diamond. Her friend commented, "I thought you said you'd be deaf to any proposal from him."

"Yes, I did," Tandie admitted, looking at the great, gaudy diamond in the engagement ring. "But I didn't say I'd be stone deaf."

Meeting told women drivers best

According to a news release from Jack Livingstone, for publicity chairman for the Canadian Industrial Traffic League, "Women drivers are best."

Speaking to the monthly meeting of the Canadian Industrial Traffic League at the Airlines Hotel March 10th Mr F Walter Blake, general manager of the Alberta Motor Association said, "although the driving records of women are much superior to that of men there is reason to believe that women cause more accidents by being over ly cautious than do men." The worst group," he said "are male drivers under 25."

Alberta has 180,000 women and out of a total of 309,000 automobiles, by far the highest proportion of automobile owners in the world. Speaking of the services of the AMA he said that 75 per cent of the student drivers today are women and he attributed this to the trend to two car families. That women have become all important in automobile design is understood he said as engineers, advantages in safety and reliability were no longer of the same importance to the car buyer.

Formerly holiday travel was concentrated in July and August but this is no longer true. The Edmonton office of the AMA handled twenty Mexican tour requests a day during January as well as 150 Hawaiian tour requests. Five lawyers are on the staff of the AMA for service to members, he added.

FROM THE LEGISLATIVE PRESS GALLERY

Rep. by pop. not poss - - Colborne

By RUSS SHEPPARD

The concept that representation by population should be the basis for representation to the Legislature is impractical and virtually impossible says Minister Without Portfolio, Fred C. Colborne. He says that representation on such a basis has never been achieved in North America. Mr. Colborne was chairman of the Special Committee appointed to study and recommend on representation to the Legislature and Provincial constituency boundaries in Alberta. The Committee tabled a report in the Legislature March 7th recommending a reduction of constituencies or MLAs from 65 to 63. The proposals would add one additional member to each of the Edmonton and Calgary metropolitan areas and eliminate four rural ridings.

Formally presenting the report to the Legislature, Mr Colborne said that the Chambers of Commerce and the Conservative Party in submissions to the Committee had called for representation by population. He said the Committee was able to persuade the groups that they were mistaken in their concept of representation. Replying to editorial criticism that "there is no true democracy unless there is representation by population, Mr. Colborne proceeded to quote in detail Federal and Provincial constituencies which showed that rural ridings are larger in area but smaller in population generally in all areas. He noted that in Manitoba representation by population is prevented by legislation.

Keith Everitt (SC-St. Albert) was critical of the Committee for removing over 2 thousand voters from his riding in that of Redwater

Alex Gordey (SC-Vegreville) and Jack Hillman (SC-Sedgewick) were both critical of the major changes in the east central part of the Province where a wholesale realignment of constituency boundaries was carried out. The changes result in the constituency of Vegreville becoming Vegreville-Irma and Sedgewick becoming Sedgewick-Coronation. Mr. Hillman said a representative for the Sedgewick-Coronation riding would have to have the agility of a jack rabbit and the wisdom of a Solomon to serve the constituency properly.

William Patterson (SC-Lac St. Anne) commended the Committee for taking into consideration problems of his constituency's boundaries in its recommendations. Mr. Patterson cited, following these statements, that members can make further suggestions on boundaries when legislation to implement the report is before the Legislature.

Premier Manning spoke for about two hours during the budget debate reviewing the recent Federal Provincial fiscal conference. He said Alberta was agreed in principle with the new program of Federal-Provincial taxation. At the outset Alberta will tax 16 per cent on income tax, 9 per cent on corporation tax and 50 per cent of the succession tax. Alberta is guaranteed, as are other Provinces, of not receiving less revenue from the plan than they are from the present tax agreement.

HEALTH AND WELFARE BASIC

Mr Manning said Alberta had suggested an alternative plan calling for a "basic national standard of health, education and welfare." He said these matters were our first line of defence. "If we don't properly provide for the education of our children and the health and welfare of society as a whole, we will decay and perish." The premier emphasized the need for everyone to co-operate in controlling the ever-rising costs that are pricing the country out of export markets.

The most heated debate of the session developed during consideration of a motion entered by Michael Maccagno (Lib-Lac La Biche) calling for a Government white paper detailing the new taxation program. On several occasions the Liberal member had asked for details on the subject. Municipal Affairs Minister A. J. Hooke spoke for an hour reviewing part of his two hour speech of two weeks previous. At that time the Minister had outlined the broad principles of the plan. During his debate Mr. Hooke referred to Mr Maccagno's questions as dumb and stupid. Reference to "stupid" was made several times. After Mr. Hooke had concluded his remarks, Mr. Maccagno said the Minister had made a lot of noise but had still failed to answer the questions on details of the plan.

Premier Manning, speaking on the motion, said the white paper could be taken as the government's final stand on the program and this was not desired. He said we have had complete co-operation from the groups concerned in preparing this program. It is one of the most important matters to come before the Legislature. We are prepared to consider any worthwhile suggestions to improve the program and want to keep it flexible.

LIBERAL CALLED "STUPID"

The day following Mr. Hooke's use of the term "stupid," Mr. Maccagno said he had talked to municipal, school board and utility company officials and all were seeking details of the tax plan. "Calling me stupid," said Mr. Maccagno "is fine and dandy but you are also insulting the people I have spoken to with the same brush." Mr. Hooke arose to say he had said "no one can be that stupid" not to understand the plan. Mr. Maccagno retorted "spoken like a smart politician."

The Legislature has given unanimous support to a resolution calling on the Federal Government to enter negotiations with the Government of the United States with a view to finalizing an agreement for the immediate upgrading and paving of the Alaska Highway in Canada. A. L. Fimrite (SC-Spirit River), mover of the motion, said that unless the project is undertaken on a cost sharing basis between the two governments, we will not see the Alaska Highway completed in our time. He suggested a completion date for the more than 13-hundred mile project be 1957 — the centennial year for both Canada and Alaska.

The Dominion Curling Champions, Ken Watson, skip; Ron Aston, third; Ray Warner, second and Wally Ursulak, lead were honored in the Legislature for bringing the championship to Alberta for the eighth time in thirty-two years of competition. Premier Manning presented each of the team with large colored framed pictures of Alberta scenes, while Speaker Rev. Peter Dawson presented the men with curling tums made of the new Alberta Tartan.

Included among bills introduced this week is one to amend the Dental Association Act. It contains a definition of dentistry and outlaws amateur dentistry even if done at no charge.

Procedures for expropriating land and determining compensation for land are outlined in a new bill which replaces several other Acts covering the subject. It is intended to make procedures uniform and reduce variation now contained in the other Acts.

Answers to questions by Henry Ruste (SC-Wainwright) brought the reply that 4 million 944 thousand dollars have been committed to curb, sidewalk, and street paving in towns, villages and hamlets throughout the Province under this phase of the Government's five year program. Street paving totals 100 miles. 86 centres have signed agreements with the Government under the program.

The Bill designed to outlaw "trading stamps" is progressing through the Legislature. It has passed second reading and, although not specifying trading stamps, it is designed to give power under the Licensing Act to handle the situation. Loss of income is among the penalties.

Welfare Minister E. D. Jorgenson says never has the pensioner received more for 50-dollars than is received in the homes for senior citizens. The Government has already opened 31 of the homes with the ultimate objective of 50 homes. Mr Jorgenson was replying to criticisms of the homes. He said further there is nothing anywhere under the sun to equal this program.

Horner announces PFAA awards in L.I.D.'s 78&95

By Dr. Hugh Horner, MP

There has been considerable delay in having the awards in our area for P.F.A.A. made. Much of this delay has been caused by the fact that most of the eligible areas are partial townships. It should be pointed out however, that under the old Act, none of these areas would have been eligible at all. Because of the changes we have made incorporating the new system of SA and SB Blocks to follow a hail storm with P.F.A.A. entitlement.

The following are the townships and sections which are eligible.

Twp. 56-15 W5th. Category 5-6, which is $2.00 per acre for half the cultivated acreage. Sections 9-16, 21-28, 33-34 and 36.

Twp. 56-16 W5th. Category 5-6. Sections 4-9, 15-36, 25-27-33, 34.

Twp. 54-8 W5th. Category 5-6. Sections 26-35.

Twp. 53-15 W5th. Category 5-6, which is $2.00 per acre for half the cultivated acreage. Sections 7, 18-36.

Twp. 53-16 W5th. Category 5-6. This entire township is eligible with the exception of Section 7.

Twp. 54-13 W5th. Category 5-6. This township is eligible with the exception of 5 and 14.

Twp. 54-14 W5th. Category 5-6. Sections 2-36, 25 and 26.

There are some interested late and adjoining townships for which application for inspection had not been initiated by applied for by the municipality or county and these are now being done.

As soon as awards have been made, we will make them available.

SEEN ON THE MAIN DRAG

— We're still wondering what the sign on the car, occupied by two young people meant that read "We're NOT waiting for Spring — we're doing it NOW!!"

— Mr Bull of Moose Creek telling a friend how much he enjoyed the impromptu birthday dinner tendered himself by eight thoughtful people in the Blue Jay recently. Follow just the usual the group made up a theatre party.

The streets are drying up slowly with the help of an alert Town Staff opening up ditches and storm sewers. While the runoff is probably less than average, don't remember when the Town got so dried up in such a few days either.

—The old stam is changing too. The Industrial Building demolition of the old part in the centre now gives an an idea how attractive the whole facade promises to be. The building's going to be on the municipal tax rolls from here on in too.

—Brent Peterson of ABC Wire out this week looking at their new building on Second East. The firm expects to move from its 4th Avenue location shortly.

Solicitor Lorne Kroetch back from a sojourn to old Mexico sporting a tan that anyone could be proud of any time of the year.

Auxiliary Cabaret well attended

One of the best Cabaret Nights we've held of the Ladies on St Patrick's Night March 17. With a fun filled crowd in attendance delicious buffet supper was served by the Ladies Auxiliary convened by Mrs Harold Gold to which a big thank you goes to all the Ladies who donated.

The committee would like to thank all the wonderful people who attended to help them come closer to the goal they are striving for namely the Crosleigh in Edson for the men of Edson and district who gave their all for us

COMING EVENTS

FIRST AND THIRD MONDAY of every month the Opti Mists meet in the Opti mist hope centre.

The first meeting being a business meeting and the second meeting a project getting day girls between the ages of 12 and 16 are welcome.

FRIDAY, MARCH 30 — Ladies of the Christian Reformed Church will sponsor a banner of handicraft in the Parish Hall from 7.30 to 10 p.m. Entertainment lunch Everyone welcome.

THURSDAY, MARCH 29 — Whist in Glenwood Hall at 8:00 p.m.

THURSDAY, MAR. 29 — Square dancing in the A. H. Dubin school auditorium at 8:30 p.m.

WEDNESDAY, APRIL 4 — Ladies of the Royal Purple invite you to tea at the Pibroch Hall from 2.30 to 5.00 p.m. Proceeds in aid of Save the Children Fund.

MONDAY, APRIL 2 — The Ladies Auxiliary to the Canadian Legion Edson Branch No 31 will hold their regular meeting in the club rooms at 8:00 p.m.

WEDNESDAY, APRIL 11 — Annual General meeting of the Edson Golf Club will be held in the Commodore Hotel Banquet Room at 7.30 p.m. (This is not a supper meeting) All members and prospective members are asked to attend.

FRIDAY, APRIL 13 — The Kinettes are sponsoring a public dance in the Edson Legion Hall Music by Hinton's Playboy orchestra. "The Rhythmineers" Everyone Welcome.

FRIDAY, APRIL 16 — The Kinettes are sponsoring a public dance at the Legion Hall Everyone Welcome

SATURDAY, APRIL 21 — Rummage sale in the former Martin Shoe Repair store Sponsored by the WA of the United Church

SATURDAY, MAY 6 — St Catherine's WA will hold a Spring Bazaar and Tea and Sale fair in the Parish Hall from 2.30 to 5

SUNDAY, MAY 13 — The OORP will hold a tea and bake sale in the Elks Hall from 2 p.m. to 5 p.m.

SUNDAY, MAY 16 — CWL will hold a show in the Nova Theatre.

IN MEMORIAM

In memory of Mrs Elizabeth Hinchey, who passed away March 29, 1949

One year has passed and gone
What would we give for her hands to clasp
Her patient face to see
Or hear her voice
To see her smile
As in the days that used to be
—Ever remembered by Betty and Jack Smith

GARDENING TIPS

By BRAD CAPT

For anyone interested in growing his own flowers and vegetables, it is time right now to have seed sowing material ready. This includes flats, growing medium and seeds.

As for growing medium soil is not satisfactory if it has not been disinfected. Damping off is a very common disease caused by fungs and attacking particularly seedlings and cut tops.

To avoid the trouble of treating the soil prior to sowing, I suggest the use of fine washed sand, or peat moss well pulverized or vermiculite. A mixture of half sand (washed) and half pulverized peat moss is about the best medium in which to start your plants from seed. Transplant seed flings into a well balanced soil when the true leaves of the plant have grown. These leaves are not to be confounded with seed leaves or cotyledons which are the first to appear.

For quick results, sow seed on a damp starting medium, cover lightly, no more than the diameter of a seed, and wrap polythylene around flats to preserve moisture. Remove plastic film and place flats in the light when seeds are well sprouted. Germination periods vary with different seeds. The average is about six to fifteen days, while it takes sometimes as much as a year for certain shrub trees. Because of a long or germination period and slow growth initially the month of March is the time to plant seed of snapdragons, stocks, cabbages, brussel sprouts, cauliflower, celery, etc. Do not overlook the production of herbs or dill, sage, marjoram, sweet fennel, parsley and chives. Chives are hardy perennials, which can be used in the kitchen for flavouring soups and salads and in the garden as a border.

For more information as to germination of seeds not mentioned here, consult your seedman.

Development board to hear experts

Guests from the towns of Hardisty, Viking, Wainwright and Hanna will attend the first quarterly meeting of the Industrial Development Board of Alberta at the Alberta Research Council Building March 23 and 24. The first day of the sessions will be open to the public.

The Industrial Development Board is composed of representatives of Lloydminster, Vermilion, Edmonton, Edson, Wetaskiwin, Camrose, Stettler, Ponoka, Red Deer, Calgary, Brooks, Medicine Hat and Lethbridge, along with members of the Alberta Government and the Research Council.

Among the speakers at the session will be Dr. D. B. Hanley, Edmonton engineering consultant on water resources of the Province, C. Jackson, statistician, Department of Mines and Minerals, on the future of oil in Alberta; Mr. P. Martin, executive director of the Edmonton and District Planning Commission, George Perks, District Industrial Agent for the CPR, Mr. A. Fitzpatrick, engineer with the Research Council on productivity.

Mayor W. R. Brunelle will represent Edson at this meeting.

Pears 4-H News

The Pears 4-H Clothing Club held their Pears Notes meeting on March 17 at 8:00 p.m. in the Pears School.

Dorothy was in the chair for the business meeting but Marie took the chair for the program made up of a talk on manners. At a restaurant by Linda. A talk on "Being a Hostess by Anna and a demonstration on "Posture exercise" by Wilma and Elaine and the demonstration on "a 4-H Girl's Housedress" by Dorothy and Rina.

The girls sang their theme song and everyone sang in the singsong period. Pat discussed "Project Books" and Mrs. Young grouped the girls for a busi session. An enjoyable lunch was served to end the evening.

Pruning Trees and Shrubs

With spring just around the corner, we are many requests for information about pruning. And it's worth being concerned about, because pruning can mean healthier trees, greater vigor, better appearance, and an flowering varieties, more blossoms.

The objective in pruning should always be to encourage the natural shape of the tree or bush. Trees and late-flowering shrubs should be pruned early in the spring before the buds break, while the early flowering bushes such as lilac and honeysuckle should not be pruned until after they have bloomed. The reason for the discrepancy between early and late flowering shrubs, is that the former's buds were set last summer and would, therefore be removed during the pruning in the case of late flowering bushes the buds are formed on this year's wood.

Pruning entails cutting out and removing all dead, diseased and damaged wood in spacious surroundings, trees only require the minimum of pruning. Pruning is justifiable to balance the main branches on the trunk and to remove cross branches which by rubbing often injure bark.

Neglected shrubs, the removal of worn out or crowded stems, especially in the older bushes will enable the sunlight to penetrate to the centre of the bush and will also provide it with more moisture. Heading back the branches is only necessary and when dealing with formal shapes such as hedges, where the natural shape of the shrub is not to be preserved.

During pruning, the branches should always be cut flush with the trunk or "parent" branch so that the cut will heal over properly. A sharp or open wound is an invitation to insects and disease. Cuts over 1½ to 2 inches should be covered. Recommended coverings include Bordeaux paste, made from linseed oil and Bordeaux powder, asphalt base compounds, common shellac, pine tar and both paraffin and grafting wax.

Controlling Barley Diseases

Don't follow barley with barley suggests Dr W. P. Campbell plant disease specialist.

During the plant disease survey of the past season he found barley leaf disease much worse where barley was the main crop than where it appeared low frequently in the rotation for by grown for two or three successive years will cause trouble he says.

Rotations must be used to control both leaf diseases and root rot. The more serious of our barley leaf diseases do not attack other cereals, but for root rot control we must have oats in the rotation. The root rot that attacks barley damages wheat and rye as well.

The covered smut picture is improved, but more attention should be given to barley and oats. There are still in dications that many farmers are not treating these grains before seeding. Seed treatment benefits are not confined to reduction of losses from smut. The seedlings are also protected and a better stand results.

For loose smut prevention disease-free seed must be used. During the past two years there has been less loose smut in Alberta. Hot, dry weather during the flowering period offered less chance of infection. If the weather is wet and dull, infection is retarded and the spores have a better chance to enter the floret and produce infection.

All Number Calling aim of telephone system

In the years ahead as AGT joins other Canadian and American Telephone companies in providing new communications services for our business population, both telephone employees and the public will be hearing a lot about All Number Calling. Under this new dialing plan, termed ANC for short, telephone users place their calls by dialing seven numbers instead of the letters and numbers now sometimes they have been using.

For example, let's take a fictitious number in Banff.

A telephone number such as PI2 - 2225 would be listed in the Telephone Directory as 742 - 2225 and customers dialing that way. In short, they would dial that number exactly as they always did using the same holes in the dial the only difference being that they would dial ALL NUMBERS.

At present eight centres in Alberta are already on ANC. Camrose, Drayton Valley, Edmonton International Airport, Fort Saskatchewan, Hanna, Leduc, Calmar and Devon, each of them representing a step in an orderly transition to All Number Calling which will gradually take place throughout Alberta within the next few years.

In all instances, the new numbering plan will be introduced as economically as possible and in such a way that the subscriber will not be greatly inconvenienced. Wherever the telephone user is to be converted to dial operation it will be on the ANC basis. The conversion of present 2-3 area letter-five number exchanges will be on a gradual basis. After January 1, 1961 whenever a directory listing is changed which involves a circuit change or change of telephone number the new number will consist of seven digits. All new subscribers will of course be given seven digit numbers in the City of Edmonton after April 16, 1961 whenever a change of listing for whatever reason is necessary the subscriber's number will be changed on the next issue of the City Telephone Directory to a seven digit number. This means that the change of listing will be made whether or not the telephone number is changed. For example if a subscriber changed his address but not his telephone number, the number as shown in the next issue of the directory would be listed as seven digits.

Under our present letter and number system, we have about 540 usable central office prefixes. All Number Calling will increase possible combinations to 800 or 200 more than we have now in Alberta.

The "whom room" is particularly important to us when we consider the future needs for additional telephone numbers required by Direct Dialing. DDD calls for a uniform continent wide numbering plan. Our country, along with USA and Puerto Rico, is divided into numbering plan areas, with each having its own three-figure area code number. For instance the Area Code for Alberta is 403, Manitoba 204, Colorado 303 and other provinces and states have similar area code numbers. Within each of these areas, no two telephone numbers can be alike and each telephone number must require seven pulls of the dial.

If some time in the future we should run out of central office prefixes in Edmonton, for instance, it would be necessary to divide this province into two areas with two different number codes. ANC with its greater number of central office codes can prevent a development such as this. It makes it possible for us to keep these calling areas larger thus making it much more convenient for our customers.

All Number Calling also has other advantages for the customer.

ANC will eliminate confusion between the letter "zero" and the letter "o" and between the figure "1" and the letter "l".

A recent traffic study indicated that when we call, made by telephone, whose prefix contained the letter "O" or the letter "1" 13 per cent of the dialed calls reached by distance. Dialing errors are 2½ times greater if the "O" is part of the prefix than if it is part of the line number.

ANC will eliminate the difficulty in the spelling and pronunciation of central office names.

The new plan will eliminate objections to some central offices names which occur in certain localities.

ANC will make for greater speed in dials when it becomes possible to remove letters from the dial.

It will permit AGT to offer wider use of new services, such as an dialing to PBX stations and direct dialing to mobile stations. These services will require additional telephone numbers in great amounts.

All in all ANC offers many advantages to our customers — and one of the most important is that it will likely be late in a revision that we are "fresh out of" telephone numbers.

10 KILLER ON YOUR FARM

SAFETY FIRST ON TRACTORS

Once again it's spring planting time and farm tractors will claim their annual toll of human lives. Last year 38 people were killed in Alberta alone, by this No. 1 Killer of the Farmyard. Don't You become a statistic . . . realize your danger and drive tractor safely!

Tips on Touring

By Carol Lane

Women's Travel Authority

We women are not supposed to be good at figures but here's one statute that should make us take notice. In several check it was discovered that faulty brakes ... [illegible] ... Alc for 19 [illegible] ... traffic fatalities ... [illegible] ... ment Labor.

Protect yourself and your family by following these tips on tire care, passed on to me by automotive experts.

1 Keep your tire pressure at the correct level — never underinflate. Check them before any long trips.

2 Have wheel alignment and balance checked at least once a year.

3 Every few months have tires checked inside and out for damage such as cuts, abrasions, uneven tread wear, etc.

4 Have the tires rotated every 5,000 miles.

5. Never drive on slick worn tires.

6 If you do a lot of high way driving, buy special high speed tires.

7 Save extra speed for passing.

8. Take it easy on rough roads.

9 Never ride the shoulder of the road.

10 If you tend to rub the tires against the curb when parking, have metal feelers put on your car.

MARLBORO

The Marlboro Community Hall is being finished with the $2,200 grant we received from the Alberta Recreational Grant. Mahon Electric did the wiring and a carpenter from Edson the other week. Marble Propane will do the heating also.

Mr. Dewey Miller has returned from a stay on his trap line.

Mr. Helmstedt is a visitor in Edmonton hospital.

Mr. Imperial Oilfarmer has spent a few days at home with Thursday.

Mr. and Mrs. Bert Eldridge have moved back to the Imperial Landing.

Mrs. Jack Lambert was an Edmonton visitor.

Mr. Archie Miller got home from an Edmonton hospital last week.

Father Naphan conducted the Easter service here last Sunday with a large crowd in attendance. Nora Cook and Ben Cailliboux sang the hymn with Audrey Johnson at the organ.

Mr. and Mrs. Jerome Calliboux have moved into the old bachelor cabin.

Fiddlers Contest

Watch this ad each week. Each copy of The Leader will tell part of the story of this gala event.

Thanks to the many who phoned guessing what this ad space was for. No one was right! So the Optimists are donating the $2.00 to the Red Cross.

What kind of medical protection do you enjoy?

Centuries ago, Babylonians believed that hostile demons lurked everywhere and that protection from illness or madness could be obtained by the use of magic amulets, talismans and other kindred charms. Images of the gods, swines' teeth, claws and even little stones strung on a thread or chain were especially favored.

Today, the comprehensive pre-paid medical care provided by Medical Services (Alberta) Incorporated, means freedom from worry and protection against costly illnesses for Albertans. Enjoyed by over 483,000 people in this Province, it offers the greatest protection for all members of the family at the lowest possible cost. M.S.I. includes such services as home, office and hospital calls, diagnosis, treatment, surgery and many others. There is no age limit, or exclusion for chronic or pre-existing ailments.

Can you afford to be without this protection?

Plan "A" for groups of three or more of one employer. Plan "C" for individuals.

For further information on M.S.I. phone today, or send in the attached coupon. There is no obligation.

LAST WEEK

Mrs Bill Toshinok and in fant son are guests at the home of Mr and Mrs Ken Thomas. Mrs Thomas and Mrs Toshinok are sisters. The Toshinoks make their home in Red Pass B.C.

Congratulations to Kinsyl er Queen of 1961 Miss Thel ma Radcliffe daughter of Mr and Mrs Bert Radcliffe of Peers.

A crew of log cutters ex perienced a thrill recently when a rat unearthed a bear's den inhabited by a mother and three cubs The rat outs the shallow den and scuttled the family by breaking three gh It was a rude awakening for all concerned; or so we surmise.

Mr and Mrs McLennan of Prince George, B.C., is enjoy ing a holiday in the district

Congratulations to Mr and Mrs M Cressman on the oc casion of their wedding an niversaries Friday, March 17

Mr and Mrs H R Thomas Mr and Mrs M H Thomas Mr and Mrs. Pat Brasely and Mr and Mrs. Terry O'Toole celebrated their Wedding Anniversaries Friday March 10th.

Mr. and Mrs. Melvin Heintz and family spent Sunday vis iting relatives in the district

Mr and Mrs Martin Sax ter and son Jamie spent the week-end at the home of Mr and Mrs Harold Thomas.

Mr. and Mrs. Malcolm Cressman called at the hom e of Mr and Mrs H Thomas Sunday afternoon.

Claude Hellekson called at the home of Mr and Mrs. Ray Thomas Sunday afternoon.

CORRECTION: Mrs Hellek son was not admitted to the city hospital as appeared in last week's Eastside Doin's.

Mrs C.A. Durston visited her daughter Mrs. L. Rad cliffe recently

Mr and Mrs Alan Forbes returned to their home here after spending the winter near Wolf Creek where Alan was employed in pulp camp.

Klinsia Thomas and her cousin Jimmy were guests of honor at a birthday party at the home of Mr. and Mrs Ray Thomas, Wed March 8th Since it is is bad taste to dis cuss a lady's age we will say that Jimmy is 6 years old and Klinsia was eleven when Jim was born.

Mr and Mrs. Allan Shantz celebrated their Wedding Anniversary Wed March 8th and had as their guests the ladies of Carrot Creek WI Mr Shantz and Mr Tom King enjoyed an afternoon visit while WI meeting was taking place Congratulations Allan and Jessie may you enjoy many more happy anniversaries

Birthday greetings to Allan Shantz as of Tuesday March 14th

We don't like it but that's life Road bans are going in to effect in the too near fut ure while hundreds of yards of pulpwood patiently awaits transportation to the mill.

THIS WEEK

Mandy Thomas spent the past weekend at the home of her friend Gerry Radcliffe

Three year old Lee young est son of Mr and Mrs L Radcliffe was admitted to St Johns Hospital Monday of last week suffering what ap peared to be a severe attack of pneumonia.

A local pulp hauler experi enced thrills and chills but luckily no spills when his brakes gave way on the Obed Hill last weekend It seems a very necessary bolt had part company with the rest of the brake mechanism leaving the truck and its cumbersome cargo entirely free wheeling Luckily the driver had the left lane entirely to himself so all he had to do was pass the loaded trucks ahead and trust to luck.

Lloyd Williams, a former Edmonton man now making his home in Red Pass B.C. called at the R Thomas home Sunday and revived the good old days when Lloyd made his annual forays and R.C. was her to hoot with. Both ing partner Dad also called other members of the family were especially happy to visit with Lloyd, whom they hadn't seen in years.

Miss Joyce Silk celebrated her 13th birthday sunday March 19th.

Due to the illness of Mrs Miller, Mrs Edee Silk resumed teaching at Niton Central Mon day of this week. Mrs Silk plans to accept a regular posi tion at Niton after the Easter holidays when Mrs Dee takes leave of absence.

We called at the home of Mr. and Mrs. George Hall Sun day a m and enjoyed a short visit with Mr. Hall

Lynn Thomas celebrated her 14th birthday March 18th Members of the family and neighbors enlisted Lynn's par ty Sunday evening

Mr and Mrs. Herb Coppolo accompanied by Mr and Mrs Herb Heintz Jr. attended the annual convention of the Nor thern Alberta Dairy Pool and banquet in the Marlborough Ho tel, Edmonton on Thursday March 16

A pair of comparatore new comers to the district were apparently unaware of the fact that a public road is every body's property, so armed with rifles they scuttled a group of bobcats(cats) out for an even ing slide on a favorite hill The RCMP were notified and chief ten warned against playing on this particular stretch of road Earlier a shot gun had been fired to frighten away a group of children and a spot light was held on them to make certain they took the hint

The Ladies of Carrot Creek WI are holding a Bake Sale in the hall Friday April 7 to raise money for a television set for Parkland Lodge

A dance will be held on the same date sponsored by Car rot Creek Community Associa tion Net proceeds to be do nated toward this worthy cause. The dance and bake sale were to be undertaken by the Hall Club but due to several factors it was decided to call on the ladies' Club who will conduct the Bake Sale and send their contribution as a separate donation

C of C selling memberships

Executive members of the Edson Chamber of Commerce are now canvassing for the annual membership drive.

If no one call calls can be obtained from any executive member or direct from Treas urer G. Robinson in the Imperial Bank.

Teachers of inspectorate hold successful institute

Some 160 teachers of the Edson Inspectorate gathered at the Edson high school on Friday last for their annual Institute. During registration, which was in the hands of Messrs Garber and Langston, the teachers of the Edson town sub-local served coffee and doughnuts to visiting teachers.

Mayor Brunelle welcomed the teachers, pointing out to them the challenge that confronts every in structor in today's classrooms, a challenge that is, not only practical but ideological. There is no use hiding from ourselves said his worship, that we are in competition with the countries behind the iron curtain and that if we lose out in this compe tition the results for our Christian democracy will be nothing short of drastic.

Mr K G P Wade president of the Principals' As sociation, introduced the various speakers and con sultants who would be participating in the sessions throughout the day

Superintendent A. Jardine then introduced Mr A. B. Evenson, Associate Director of Curriculum for the province of Alberta Mr Evenson ad dressed the full assembly of teachers on the New Mathe matics, pointing out that in the course of the next few years he firmly believes that, be ginning with the primary grades, a new approach in the teaching of mathematics will develop from grade 1 to 12. The speaker predicted that the total achievement during these twelve years will amaze even the most optimistic — to say nothing of the skeptics.

Following Mr Evenson's ad dress, questions came in rapid-fire fashion from the audience In conclusion, the speaker pointed out that he had been attempting to indicate in an hour the substance of a course which he will give over a period of six weeks at the next summer session.

Following the noon hour quiet was done by the Catholic Women's League. Speaker following the luncheon was As sistant Superintendent A Redman who regaled his audience with humorous and touching experiences which he had enjoyed during his three years in the Edson school division. In closing he gave teachers some sure-fire advice on how to and fet not superintendent

During the afternoon the teachers divided into four groups. Mr Evenson address ed the science teachers of grades 9 to 12 indicating how the courses for these grades will be probably articulated when all new courses and text books have come into being during the next two years. He also predicted that radical departures may be in the mak ing in the sciences, but as there are in mathematics

Mr L. C. Mix co-ordinator of Social Studies in Strathcona Composite High School, Ed monton spoke to teachers from grade 7 to 12 on "How to Keep a Proper Balance in the Social Studies Program" His remarks were particularly timely inasmuch as there is concern in many quarters that certain parts of the social sciences, such as history or geography, may be getting in sufficient attention. A ques tion period followed

Primary teachers grades 1 to 3, gathered in the Boys' green auditorium to witness a display of physical education procedures conducted by Mr W Kondruk of Niton

Teachers from grades 4 to 6 were treated to a similar dis play in the high school gym nasium the demonstration be ing in the capable hands of Mr B Hughes of Jasper

Beginning at 3:40 a short A.T.A. general meeting was held

Following the Institute 16 rinks of teachers took part in a bonspiel Winning skips were Mrs B Higgins, Hinton Mrs M Osborne, Edson; J Dickson, Hinton and J. Pysar Edson.

New Alberta map is convenient for motorists

A wealth of useful travel and holiday information is contained in the 1961 version of the official Alberta highway map issued by the Alberta Government Travel Bureau.

The face of the map shows locations of all roadside campsites, of many points of interest; customs entry points, airports routed markings to denote community population, glaciers, major topographic sites, provincial parks; and many other matters of concern to tourists and traveller

The issue sports a "new look" that will find favor with all members of the travelling public. It is near by twice the size of previous official map issues, although the use of an accordian fold eliminates any inconvenience that might arise from handling a map 33 inches wide and 39 inches long. The accordian fold permits easy arrangement by panel of map sections for ease and quick refolding back to standard 4 and a half by 9 and a half inch size

The reverse side of the map issued in three different markings, uses full color photographs of Alberta holiday attractions

The road map items features fine color pictures of Waterton Lakes National Park, the Lombreck Falls campsite a stretch of Alberta's divided 4 lane highway and a striking photo of the Banff Gondola Lift with Banff in the background. There as a mileage chart listing mileages between 89 communities, a section of facilities available at 44 provincial parks, brief commentary of 25 points of interest pinpointed on the face of the map, and general visitor information There are cut away maps of the three mountain national parks, the cities of Edmonton, Calgary, Lethbridge and Medicine Hat Routes of the Alaska and the Mackenzie Highway are also shown in separate panels

All national parks are represented in color photographs on the reverse side of the "Alberta Vacation Information" map folder Notes on customs regulations, national reversation facilities, Alberta points of interest fishing and hunting regulations, tourist accommodation and other such information are listed

Information of a general nature is found in the map folder "Alberta at a Glance" Color photograph of the Alberta Legislative Building and Mr Edith Cavell in Jasper Nation al Park grace the cover while other photographs used in this issue depict the province's water resources, highway system, agriculture, oil development and the University of Alberta campus Information sections are included on communications, water resources education, power resources agriculture climate, fuel resources and other such data

Alberta motorists can obtain a copy of the new road map by writing the Alberta Travel Bureau, Legislative Building Edmonton

Alberta's forests yielded last year more than 370 million board feet of timber

HATTONFORD

Looks like spring is here, people have reported seeing robins and blackbirds, even the skunks are out. Last week the Dickson Bros. of Foley Timber shot a cougar, the Nilson Central Students were quite thrilled at being able to see the animal Let's hope the bears are barks and able to get the other marauder before something more valuable than an elk is attacked

The WI whist party and bake sale held on Friday March 17 was certainly very poorly attended, regardless of the fact that the proceeds were for the Hospital Auxiliary Prizes were won by Mrs. Ted Caudel Ladies 1st, Mrs. H Lawton consolation Mr Michael Ford cent- 1st Mr Ann Wigley, consolations

Mrs. Mrs Veda Jr was a patient in the Edson Hospital last week and came home last Sunday We all wish her speedy recovery

Mr and Mrs H Lawton and family visited their daughter and son-in-law Mr and Mrs. Peterborough at Carrot Creek on Sunday

Mr and Mrs. H Chestnut from Edson visited with Mr and Mrs Wiseman on Monday

Road ban within Park anticipated in notice

J. LESPERR

A notice went out March 17 by Superintendent J. H. Atkinson anticipated that a road ban would be imposed on the Jasper-Banff and Jasper-Edmonton highways with in the part

According to the notice it was thought that by Wednesday, March 22, a load limit of 10,000 pounds maximum gross weight of vehicle and load will have to be imposed

Mr H Wiseman, Mr Wm Lawton, Mr D Cundell, Mr C Straus and Mr H Ford were business visitors to Edson on Monday

Commercial concerns, are urged to make arrangements for deliveries to be made before that date The ban would be imposed with only 24 hours notice.

On some maps, the dot marking your community may be overshadowed by larger Alberta centres. But on the gas company system map every dot is the same size — for every community is equal in this one important respect: large city, or tiny hamlet, they are all communities where the gas company has the responsibility of providing "The best possible gas service at the lowest possible cost." To this end, the gas company agent serving your community, the company departments, the engineers and other company personnel are dedicated!

J. LOBAIRO is your Northwestern Utilities Local Agent in Edson serving the communities of Edson and Hinwood, assisted by Mr. D. Aspenlieder

"Serving Albertans with Natural Gas Since 1923"

Drayton Valley - Home of 1961 amateur boxing finals

Drayton Valley in the heart of the Pembina Oil Field, the largest production field in Canada and the largest oil field area on the North American continent located 80 miles southwest of Edmonton, will play host to the Canadian Amateur Boxing Finals, on May 12 and 13

Considering that the population of Drayton Valley was only 75 when oil was discovered in 1953 and that it is now a progressive well established town of 1,000 people shows to some extent what is possible for an enterprising community to have in facilities for such a major athletic event

The people of Drayton Valley are used to planning for big business and the plans for the two day May event are well under way Amateur boxers their trainers managers will be received from all points in the Dominion for two days of competition

The Army is furnishing banks and comfortable facilities for the contestants and are also lending their talents in assisting with the organizational arrangements Drayton Valley's large curling rink, equipped with bleachers to seat 1300 people will be the focal point of interest and the spectator's comfort will be of prime consideration

The Drayton Valley Athletic Association and Recreational Department has requested and received the cooperation of the service club and fraternal organizations as well as the town officials

Women vote for men

By O. S. MORTIMORE

Yes I admit to vote for the man and not the party she said But how can you do that how can a member he would be but how handsome you think he is the clothes he wears and how he gets his hair cut

What as well she said All matters she I suspect But why the results from a man And I know you're going to say that's the reason why women never should have been allowed the vote

"You said it I didn't

Thursday, March 23, 1961 — EDSON LEADER — 11

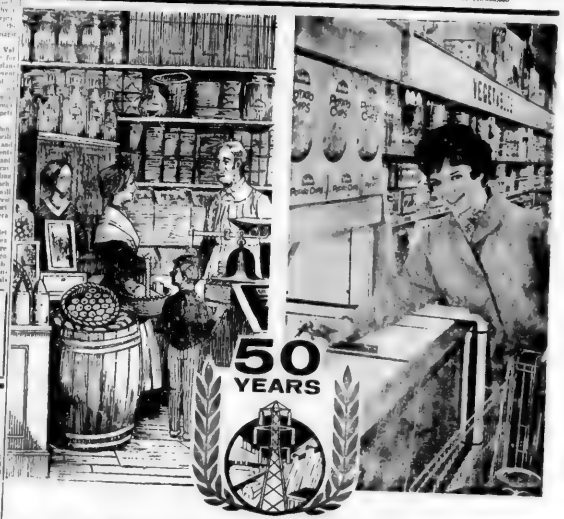
[illegible] bad [illegible] she said

"What has his name got to with it? He didn't obtain himself Ah female logic" I mumbled

That just won't the kind of matter that deserves to be elected, she said with an air of finality And she wouldn't add any more to the subject, except a smile

When it comes down to a decision that's the man elections really are settled And for all I know it's the best way

Value of lumber and forest products on Alberta last year was $18 500,000



CALGARY POWER LTD.

SERVING THE PROVINCE OF ALBERTA

It was called the General store — the place where you could buy a little bit of everything. It was a friendly place, where townfolk gathered to sit and visit awhile around the big pot-bellied stove. But the array of foods was so limited, it was a hard job for the homemaker to plan varied menus for her family.

Today, thanks to inventive minds and the magic of electricity, the attractive, brightly-lit supermarket beckons every homemaker.

Taking a stroll through the frozen food section is an exciting, mouth-watering experience. Gourmet foods of world-famous restaurants too far away to visit are here, ready to be heated and served at your own family table. From frozen breakfast juices to fresh-frozen fruits for dinner desserts, Calgary Power's extensive electrification program makes meal planning interesting and easy. Electricity is helping to make life healthier and happier for town and farm families across Alberta.

Careers night program draws out the parents

The annual careers night, held at the Edson High School auditorium on March 21 at 8 p.m. proved to be a very successful event, with quite a number of students from grades 10, 11, and 12 accompanied by their parents turning out.

A slate of speakers from various such as teaching, medicine, Armed Forces, Civil Service, and the RCMP, to mention a few, were in attendance.

These speakers gave very interesting talks, answering the questions of the students, and none showing films to help the student to decide on his or her future.

We would like to extend a hearty "thanks" from the students to these people who did spend the time and effort to [illegible]

come and attend this function.

NIGHT AT HOSPITAL

As part of careers night, St. John's Hospital held an "open house" for the High School students.

The students were first treated to a lunch followed by a tour of the hospital in which they were [illegible] operating room, the X-ray room, and all the parts that go to make up a hospital. Following the tour the students were shown a film on student nursing.

This proved very educational and provided the students interested with all the facts pertaining to nursing as a career. From the students to the Hospital staff, Merci in [illegible]

TOWN OF EDSON

NOTICE OF LOCAL IMPROVEMENT

TAKE NOTICE that the Council of the TOWN OF EDSON intends to undertake as local improvements the construction of concrete curb and gutter and that a portion of the cost thereof is to be charged as a special improvement assessment against all properties abutting on the streets wherein the said curb and gutter is to be constructed as shown by the attached list and the cost thereof is to be charged against the said abutting properties at an annual unit rate per foot of frontage of TWENTY CENTS (20¢) per foot to be payable for a period of 15 years.

AND FURTHER take notice that unless a majority of the owners of the lands that may be assessed there for representing at least one half (½) the value thereof petition the Council against the said local improvements within two (2) weeks after the last publication of this notice the local improvements may be undertaken and the cost thereof assessed in the system of assessment aforesaid

DATED at the TOWN OF EDSON in the Province of Alberta this 22nd day of March A.D. 1961

DATE of last publication of this notice March 30th 1961.

	Total amount by Special assessment						$570.00

NOTE: It may not be possible to carry out construction of paving on area north of 10th Ave for local reasons and consequently this portion of proposed work is shown under separate item 3 and 4

MAD'S

THE WORD FOR

Teen and Herd

With all the excitement of the recent ball there is not too much else goin. The teens are sure doing a beautiful job of the auditorium and everyone that is helping is working very hard and very long hours. Keep it up "Teens" everyone is sure to notice the wonderful job that you are doing.

Our Teen Queen candidates all looked very lovely for the tea which was held on Wednesday night and all were a little nervous at the prospect of having such a class affair which they all admitted after words wasn't as bad as they thought it was going to be. We sure did have plenty of smart looking girls around Ed son and it takes a little "do" like same to bring out the best in them.

Our Kinsmen president and all the candidates escorts for the dance seemed to all be jobed into a little Vauxhall but when you counted them you realized that there was only nine and all according to the line three in the front and six in the back. They all seemed to be having a wonderful time and all they were really doing was ordering flowers for the Ball.

Careers night was well attended at the school and I think that it helped several of the teenagers that I talked to and it certainly was good for them if it didn't help them decide their careers just yet. By the looks of things spring is on its way and looking at the girls already starting to look a little "springy" It isn't coming too soon.

The mud doesn't seem to be bothering the local teens that are driving cars but watch out there people let's show everyone that we know our manners and be a little careful when we are going through the mud at the intersections so that we are not covering the pedestrians standing on the corner with mud

There are 130,262 square miles of forest land in Alberta

Drosten News

Jasper Park's scenic beauty film background

The superb scenic background of the Canadian Rockies principally around Jasper form the locale for a film now being released Wings of Chance," a color adventure drama of the daring bush pilots.

The film is scheduled for a showing at the Nova Theatre, Edson, for six days, Thursday through to Wednesday, March 23 to 28.

Two of Hollywood's brightest young stars Jon Hinson and Frances Rafferty, head the cast of performers in the picture which was photographed in picturesque [illegible] with the co-operation of the Canadian Government and the assistance of the famed Royal Mounted Police and the [illegible] Royal Air Force Search and Rescue group.

The story of a pilot trapped in an uncharted wilderness, and staking his life on the frail wings of a wild bird is unfolds on the screen with the cameras capturing the tremendous and beautiful vistas, scenery that has made Canada the bright mecca of tourists from all over the world.

Caught by the motion picture camera is the sportsmanship of parachutists, with galloping breakneck, mouse, curious and dangerous wandering through the woods At Jasper alone, several scenes of much of the film's action, there are thirty foot streams and falls, lakes to fish with cluster of six varieties of whitefish

Glacier peaks lift their snow crowned heads far above the clouds, below the beautiful alpine valleys, with sparkling lakes, and crystal streams tumble into almost bottomless canyons

Framed in this spectacular setting is the tightly woven screen drama of "Wings of Chance" which stars Hinson, Brown and Fran [illegible] and top features Richard Tretter and Patrick Wayne. Released by Unity International, the Tiger Production was directed by Edward Dew and produced by Larry Matanski

Many RCAF's entire facilities were used to insure complete authenticity of search and rescue scenes. Besides furnishing the maintenance crew and technical expert these aircraft and squadrons prominent play important parts in the filming.

Local girl shower guest

Mrs. Mary Lou Anderson, guest of honor at a miscellaneous shower held at the home of Mrs. Dale Thorpe on Thursday evening.

Twenty-five guests enjoyed an evening of lunch and music [illegible] by Mrs. Frances Cornish, after which Mary Lou was presented with a basket of gifts for which she thanked the ladies.

A delicious lunch was served [illegible] the evening to a [illegible]

WITH THE CHURCHES

Study Window

By Rev. C. C. Armstrong

The Anglican Church of Canada, and the United Church of Canada have provided a "study guide on church union" entitled "Growth in Understanding." It has been prepared under the auspices of "The Committee on Christian Unity and the Church Union" of the Anglican Church of Canada and "The Commission on Union of the United Church of Canada." Together with the booklet there is offered a prayer for Christian Unity.

The study guide has been sent forth "with a fervent prayer that it may be used sympathetically as a means of promoting a deeper understanding amongst our Church people of the whole movement towards reunion that is taking place around the world, especially in areas where we are totally involved. It is hoped that we will realize the many places where we already possess agreement in fundamentals and at the same time the differences that separate out from communion.

"This Guide is intended for joint study by members of both Communions under common pastoral leadership. It is especially enjoined for joint study in Deanery and Presbyery. Some of the subjects dealt with are of necessity technical and should be studied under proper guidance."

In all likelihood this Guide will be studied more carefully by some than by others; either because they are afraid of it or perhaps a bit repelled. It is better that they should be afraid or repelled rather than be indifferent.

Before the two communions undertake to study the Guide jointly they will wish to undertake some preliminary study within the confines of their own deanery or presbytery. What is the meaning of unity, general leadership and what will be needed to get such leadership in such a joint study. What will be the most effective way of promoting study at the level of the local congregation and parish? Should it first be tested carefully in each local group before any joint study is undertaken?

Undoubtedly somewhere in the course of study the questions will be raised. Then you increase and grow in an understanding and each of each other but also of each Communion as Orthodox, Roman Baptist and others.

One could go on for some considerable time posing questions It is better to conclude with a prayer rather than with a series of questions. The following prayer is recommended for use regularly in Church Christian Unity.

O Lord Jesus Christ who didst at unto thine Apostle Peter I leave with you my peace I give unto you. Regard not our sins but the faith of thine Church and grant unto it that peace and unity which is agreeable to the will of thine love and renewed God for ever and ever. Amen.

AS I SEE IT

Reverend E. HURD — Pastor

Frequently I am reminded that this column comes into the hands of those who desperately need God's strength and power in their daily struggles and by the loneliness which follows the homegoing of a loved one others face the fear of declining health and possible dependance. Still others bear burdens because of an unloved member of the family a trying situation in the home or some grave financial need

Often for the Christian the greatest trial is not the sorrow or the pain of life but the sense of loneliness which accompanies it. We are created to be social beings and we need to be with others. Even the greatest introvert who seems to be a recluse has a need for human companionship. Why is it then that so many of us are content to live in loneliness, indifference and even hostility to those around us? The Edelweiss Club at the New Year

Suggests waiving park entrance fee

Lands and Forests Minister Norman Willmore told the Legislature the $2 National Park entrance fee at Banff-Lake Louise, Jasper and Waterton should be waived for Albertans

His suggestion during budget debate was made because Albertans are doing so much more for the people in the parks than others in Canada or American tourists.

And in building schools, hospitals and other institutions along with health services and highways to the parks are priority. Alberta contributions that have enabled those living on the parks to enjoy low mill rates, he said

Provincial parks in Alberta are free to all while fishing licenses cost only $1 to anyone who cares to buy one he said. As a result of this some concessions should be made to those living in Alberta he felt

Frank Lissner (L.Ba — Banff-Cochrane) told the House that Mr. Willmore had overlooked the extra revenue the national parks provide for the province

Banff-Lake Louise alone he said paid Alberta $772,[illegible] during the 1,057,38 f[illegible] year which the province received only $240,000 on all [illegible] visitors resident

The parks [illegible] Canada and the United States, he added, and these people pour money into the province from many sources

Mr. Gamer had risen to speak immediately following the minister's remark but was told by the Speaker Mr. Dawson he had already spoken twice during the bill [illegible] late and could not have another turn

Mr. Dawson then permitted House business to continue and Mr. Gamer left the House abruptly

Several minutes later Mr. Dawson recalled the Banff-Cochrane member and said he had made an error and [illegible] Mr. Gamer could speak again

It was at this point that the [illegible] Minister of Lands and Forests rose and made

One we could answer right

We got a long distance call from Edmonton Saturday afternoon. The man's voice on the line asked if we knew what time services were in the United Church on Sunday

We didn't off hand, but a quick look in the church page of The Leader gave us the answer

Sensing a story we asked why the query. Was he coming out to go to church in Edson? Was he going to be here anyway? Our caller demurred and we're wondering if the United Church had an extra seat filled on Sunday

TWO MEN WERE SERIOUSLY INJURED in a car-truck collision 5.7 miles east of Edson on Highway 16 at about 8.30, Friday, March 27. The truck belonged to Edmonton Tire Service and the 1957 Lincoln convertible was owned and driven by Bill Long of Shiatowah, Oklahoma. Dugan suffered a fractured leg and pelvis and internal injuries and Long suffered a fractured left arm and cuts and lacerations to the face. Both men were taken to the St. John's Hospital in Edson. Dugan was later transferred by ambulance to the Misericordia Hospital in Edmonton, where it is reported that they don't expect any complications. Dugan was taken out of the truck after the roof had been pried open because the impact of the collision had bent the frame of the truck making opening of the doors impossible. The loaded truck was east bound and the car was west bound when the collision occurred. The impact badly damaged both vehicles.

Federal Minister to open 50th Anniversary Rodeo

Confirmation that the Hon George Hees Minister of Trade and Commerce in the Federal Government will be on hand to open the big Edson Rodeo as part of Edson's 50th Anniversary celebration has been relayed to the Rodeo Committee by Dr Hugh Horner.

The Edson Rodeo is scheduled for August 4 and 5 this year and promises to be bigger and better than ever. Professional riders from the Cowboy's Protective Association will be putting on the arena show again this year.

Mr Hees was asked by the Tri Service Rodeo committee to officiate at the opening and partake in the Rodeo parade due to his national and international reputation for being the most personable cabinet minister Canada has probably ever had

Other plans to make Edson's 1961 Rodeo truly a memorable one are going ahead and will be announced as arrangements are made

Council says okay to rate decrease

As if they wouldn't Council at its last meeting said it was fine if Calgary Power Limited went ahead with their plans for giving householders a 25 per cent decrease in their light bills over 20 kilowatts.

The power company is planning to bill householders for 1½ cents per kilowatt instead of two two cents in their next billing.

Reason for the drop in rate is that consumption in Edson has been rising and has put the town as a whole in a lower rate structure according to the company's policy

Technically the Council have to okay to the rate change before the company can get permission of the Board of Public Utilities Commissioners to put the new rate into effect.

Stanchells make the news this Spring

Mrs Mary Stanchell in formed the Leader this week that her horse did not run in the Irish Sweepstakes However she received a consolation prize of 20 pounds sterling. Congrats Mary.

Her daughter Jane who is in Grade 7 recently received word that she had won an Art Scholarship from Art Instruction in Minneapolis June will not be able to take advantage of this course until she is 15 years or older.

The pansies **Mrs. Stanchell found in her flower garden** is a further proof that spring here or just around the corner.

Lay off dogs

Williamson asks Council

Truman Williamson didn't tell the Council they were going to the dogs last meeting but made an impassioned plea on behalf of dog lovers for the new dog catcher to discriminate a little

"It's unhumane to tie dogs up," Mr. Williamson maintained, "and besides what's the use of having a license if your dog has to stay tied up all the time," he told Council. **The one man delegation pointed out that dogs are a means of protection to persons and property and are especially useful with children.**

After the reading of a clipping from the daily press Mr Williamson deplored the shipment of stray dogs from Pakistan to be canned as food for the Koreans Mr Williamson told Council that he intended to present a petition from at least 20 dog lovers protesting the current drive on dogs on the loose in Edson

Lumberman found dead

John O. Carlson, 56, a retired bush worker, was found dead in his shack, two miles west of Edson near Highway 16 on Sunday March 26.

Mr Carlson had suffered from indifferent health for some time Coroner Dr J C Crawford ruled death was instantaneous as a result of a self inflicted gunshot wound

Funeral Arrangements are being made by Comley-McKinley Edson Ltd and interment is to be made in the Glenwood cemetery Funeral is to be held on March 30.

Legs amputated after fall under freight

Robert Barnett approximately 40 a transient laborer from Vancouver, who was on his way through to Edmonton was found under the CNR east Friday night at 4.00 by CNR conductor Edwin Gosnill

Barnett was presumably trying to catch a freight with a pack on his back when he slipped and fell under neath the car Both legs were badly smashed He was immediately taken to the University Hospital in Edmonton where his legs were amputated one above the knee and one below the knee He is missing one hand from a previous accident

Dr P. W Cohn accompanied him to the University Hospital where he is now reported as off the critical list.

Letter from Cadomin Development and Tourist Association requesting permission to place advertising signs within Town Limits was read It was moved that permission not be granted to place a sign in Town However it was requested to Cadomin Development and Tourist Association that it approach the Provincial Government with a request to place a general sign at the fire route turn off advertising Coal Branch features

By Law No 911 providing for a grant of Fifty Dollars to the Beulah Home in Edmonton was given three readings and passed

The Director of Town and Rural Planning is to be advised the Council does not approve of a proposed extablishment Dairy Drive-In Lot 1 Block 7, As proposed by Rudi Reichel

It was moved by Councillor Scott that submission of Tenders for transfer of Lots 1

Some premises closed Monday

Some establishments such as the banks will be closed for Easter Monday. To compensate they will be open Saturday morning from 9 to 11

The Post Office will be open from 8:30 to 11:30 Monday Individual businesses around town will generally remain open as for an o quick survey reveals.

Edson Teens going to Hinton for conference

The Alberta Teen Conference to be held in Hinton this year is shaping up steadily drawing near

It is sponsored by the Hinton organization and will be held Thursday Friday Saturday and Sunday April 6, 7, 8, and 9

Many of the Edson teens will be going up and those who do you will be seeing some of the boys from Edson who will appear on the Variety show to be held on Thursday from 8.30 8.00 p.m.

So if you haven't already registered hurry while you still have a chance to attend

GARDENING TIPS

by RENE CAPT

Keeping in mind that we are living in a sixty day frost free country we must take advantage of every break the weather provides to prepare our garden as early as possible in the spring. Working the ground as much as it will be possible has to be worked and walked upon without having the soil sticking to tools and shoes.

Add a good top dressing of well rotted manure or compost. If these are not available use dried sheep manure and bone meal both available at Lion and Work the top dressing well into the ground. At this time leave the soil in chunks and level only when ready to plant

The lawn should be cleaned of all the trash accumulated over the winter. Then a close mowing is advisable to cut the top dead grass. Rake the clippings away unless using the rake a little in the ground to aerate the surface. Top dress with organic matters and bone meal. Do not use soluble fertilizers at this time as the frost is still close to the surface and any precipitation would wash fertilizers away with run off water

Also pruning of roses and other deciduous plants should be completed well before they leaf out. Do it now

Do not be in too much of a hurry to remove winter protection. Warm days followed by bitter cold nights, wind, and sunny days again are a combination that is hard on newly unmulched plants. If the mulching is very thick remove it little at a time, but take it all away before new shoots have made much growth.

Car Blocks 'A' Grades

(The following article was quoted in the Alberta Motor Association Magazine. It should be noted that A's in the article would read H's in the Alberta school system.)

Do you want your teenager to get A's? They don't get them on automobile! That's the report of a survey conducted among 1,455 junior and senior high school students at Niles Township High School in Skokie, Illinois.

The grades of all students suffered to some extent when they are allowed to drive the car, survey showed but the ones hardest hit were those who had been in the top quarter of their classes. When bright students become car owners 87 per cent of them drop sharply in scholastic standing. The same thing happens when they are allowed extensive use of the family car.

The amount of time Junior is allowed to drive the car has direct effect on his grades. Naturally students using the car several nights a week have less time for study and most of those students who were allowed to use a car for social purposes seven nights a week fell per cent note in the bottom quarter of their classes school officials.

CARD OF THANKS

I wish to express my sincere appreciation to the Kin and Ken Club for sponsoring me as Teen Queen of Edson.

MARLBORO

Dwn Johnson of Colonsay Sask., is visiting his brother here. They haven't seen each other for several years

Mr. Martin Desjarlais is in St. John's Hospital

Marcella White was taken to Edmonton last Monday for further treatment in hospital there

A meeting of the Marlboro Community Association will be held in the newly finished hall on Wednesday, April 5 at 8.30 p.m. All members are urged to be present

Bessie Prince and Helen Belcourt have both returned home

Mr. and Mrs. G. Hopkins wish to announce the engagement of their daughter Elmer Kathleen to Henry Carl Hansen, son of Mr. and Mrs. Carl Hansen of Elnora.

The wedding will take place April 22 at the Edson United Church.

To whom it may concern

Recovery from the illness of alcoholism is possible This we know It has been proven over and over again

There are conditions however The alcoholic must recognize himself as a problem drinker He must recognize that he can not recover from alcoholism by himself any more than he can expect to recover from TB cancer or any other illness by his own unaided efforts He must not only recognize the need for help but must also seek help He must be honest with himself

Help is as near as the telephone There are in Alberta two major resources for help in recovery from alcoholism the Alcoholism Foundation of Alberta and Alcoholics Anonymous Each of these organizations has as its most immediate objective, to help suffering alcoholics recover from their illness, to restore sobriety health, happiness, productiveness the capacity of function again as useful members of the community

In all the cities, and in many towns, including Edson Hinton and Jasper, there are AA groups They are usually listed in the telephone book, but if not frequently there is someone who knows where help is available a minister, priest, doctor or police will gladly inform you.

Members of Alcoholics Anonymous the recovered or recovering alcoholics them selves They are men and women who know from bitter experience the misery, shame guilt and remorse that often ever whelm the active alcoholic They say of themselves Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism ". They have been phenomenally successful in groups across Canada and abroad

These program for recovery is contained in the suggested twelve steps to recovery They say of themselves, and there is reason to believe it true, that "Rarely have we seen a person fail, who has followed our path."

There will be a public meeting in Edson early in May to which everyone is cordially invited to attend The date, time and place will be announced later

National Scouts' Association to publish boys' magazine

Provincial Field Commissioner William Johnson announced at a recent meeting at Edson of the Yellowhead District Council that the Boy Scouts Association is planning the format of a boys' magazine to begin publication next year.

The name of the magazine will be "The Canadian Boy" and it will fill a need which has been noticed again and again on the Canadian scene a magazine devoted completely to the interests of boys Mr. Johnson said that the magazine will carry advertising which should make it self sufficient after a few years.

It is planned that it will contain articles of current and lasting interest, how to do it projects and many other features as well as "comics," a course." The subscription rates for boy scouts will be 50 cents per year.

At the meeting, held on Saturday March 25 at 2:00 p.m. in the Anglican Church Parish Hall an Edson boat, Bowman Mr. I. C. Booth, who has been active in boys' hockey was elected unanimously to the position of Vice President of the District Council

The meeting also heard a report on the Provincial Council's Annual Meeting from delegate Dexter Champion of Hinton The meeting was held on Calgary and Mr Champion reported that he met people from all parts of the province. with one delegation coming from as far away as Peace River

He said that this was the largest meeting ever held in the history of scouting in Alberta and this as well as the increase in membership since 1961 end, sets the tremendous progress that has been made in scouting in Alberta

At the request of the Edson Lions Club Mr. [illegible] said that a boxing tournament will be held in Edmonton April 8 and 9. The tournament will be held at Edmonton and competitors will be coming from Edson, Hinton, Jasper, Grande Cache, Whitecourt, Wildwood, as well as from several towns and villages in the area

At the close of the meeting the Edson Cub Scout Troop extended an invitation to the council members to visit them at their scout camp near the Wolf Creek. The next meeting will be held at Jasper on May 27.

ANNOUNCEMENT

Mr and Mrs Alfred Marvin are happy to announce the engagement of their only daughter Elizabeth Minnie (Betty) to Mr Donald Allen Deacon, son of Mr and Mrs. Richard A. Deacon of Edmonton The wedding to take place Saturday, June 10 in St. Catherine's Anglican Church Edson

Drayton Valley - Home of 1961 amateur boxing finals

Drayton Valley, in the heart of the Pembina Oil Field, the largest production field in Canada and the largest oil field area on the North American continent located 80 miles southwest of Edmonton, will play host to the Canadian Amateur Boxing Finals on May 12 and 13.

Considering that the population of Drayton Valley was only 75 when oil was discovered in 1953 and that it is now a prosperous, well established town of 4 000 people shows to some extent why it is possible for an enterprising community to have the facilities for such a major athletic event.

The people of Drayton Valley are used to planning big business and the plans for the two day May event are well under way. Amateur boxers, their trainers and managers, will be registering from all points in the Dominion for two days of competition.

The Army is furnishing bunks and comfortable facilities for the contestants and are also lending their talents in assisting with the organizational arrangements Drayton Valley's large curling rink, equipped with blocks to seat 1200 people, will be the focal point of interest and the spectator's comforts will be of prime consideration.

The Drayton Valley Athletic Association and Recreational Department has requested and received the cooperation of the service clubs and fraternal organizations as well as the town officials and citizens in making this affair the biggest and best yet.

Transportation facilities from Edmonton will be increased to take care of the expected crowd and those furnishing their own trans-

portation will find that highway 16, west from Edmonton connecting with highway 27, south to Drayton Valley is completely paved

THOSE SHARP SALESMEN

So long as people are willing to listen to them and to part with their hard-earned money for what are often very doubtful values the itinerant salesman will continue to pursue his way through our community.

To say that all itinerant salesmen are dishonest or that their products are inferior would not be correct but the buyer should face up to the fact that unless he or she is sure that the goods offered are properly represented, that they can be bought more cheaply and more efficiently through the salesman than they can through the regular channels, and that they are backed up by a responsible service organization they had better beware.

There are a few simple things that you can do—right in front of the salesman that will enable you to better estimate the value of the goods he is selling. First you should make sure that he has a sample and that the sample is the same as the article you will receive when you have paid your money. If he cannot give you a guarantee that this is so why should you go any further with the discussion? After you are thus assured, it is wise to ascertain that the brand or trade-name is a recognized mark of quality.

Many of the articles you are asked to buy are expected to last for years and you must be certain that the quality is there before you make the purchase. Obviously you cannot ascertain this by trial—so you must then rely on some other known fact—such as a trade name that is a recognized mark of quality, a sales and service organization that may be expected to stand behind the product, or a guarantee that you KNOW will hold water.

After all this is known, you should phone up your local dealer of the type of article offered by the salesman and ascertain whether he has comparable goods available and at what price. Another good source for making this type of check is the mail order catalogue. Make no bones about it. If the salesman's value will stand up to challenge he will have nothing to fear by comparison. If on the other hand he is misrepresenting his goods to you, you had better find out before you are fleeced of some of your hard-earned cash.

This applies not only to those who sell goods but to those who offer services, such as roofing and chimney repairs.

Sound Advice . . .

A gentleman of 80 looks back on his life, and has some advice for boys of today.

It consists of a few simply stated truths, yet, because they are in danger of being lost sight of in the world as we know it, it merits the widest circulation.

I advise them," he writes "not to burn their bridge behind them, always prepare for a rainy day, and remember that a dollar saved is a dollar earned.

A good education is priceless. When you take your place in the world of men, you will be at an advantage with a high school diploma or a university degree.

Learn a trade. In this age of automation, it's the man with the know-how who will hold a steady job.

Never lose faith in the democratic system. Because it means freedom . . . but don't misuse it."

Sound advice, this, all of it, offering the promise of a rewarding future to those who follow it.

THE SECOND COLUMN

Help in a hurry is a slogan of the Canadian Red Cross in time of disaster the Red Cross is on the job whether the need is across the street, across the nation or across the world.

☆

A Russian well bound came over to this country and met an American dog.

"How are things in Russia?" asked the latter.

"Oh, fine, fine," said the Russian dog. "We have fine dog houses and all the red meat we can eat each day."

"Then what are you doing over here?" asked the American pup.

"Heck," said the Red dog, "a fella likes to bark once in a while."

☆

Little Jimmy's fourth birthday was drawing near. When his parents asked him what he would like for a present, he said he wanted a dog.

"Why Jimmy," said his mother, "you don't need a dog. You already have a nice blue plush one."

Frowning, the little fellow replied: "That's not the kind I want one with fleas."

☆

Three small boys were bragging about their fathers. The first boy said: "My dad writes a few lines on a paper, calls it a poem, sends it away in the mail, and gets ten dollars for it."

"My dad" spoke up the second, "makes some dots on a piece of paper, calls it a song, sends it away and gets 25 dollars for it."

"That's nothing," declared the third lad. "My father makes a few scribbles, gets up in the pulpit and reads them—and it takes four men to bring in the money!"

☆

Pipe in mouth, a man was ensconced in his living room chair when his wife piped up and said: "Will, do you realize that next Tuesday is our 25th wedding anniversary?"

"Hmmmmmphffft," grunted the husband.

"I thought," said the wife, "that we ought to kill them two chickens of ours."

"Now, Sarah," said the husband, "you can't blame them for what happened a quarter of a century ago."

☆

A doctor went hunting and came home complaining that he hadn't killed anything.

"That's what you get," said his wife, "for neglecting your practice."

☆

"I ran into someone on the street today," the man told his wife, "who said that that whistle had embedded fifty thousand from his firm and run off to Mexico with his best friend's wife."

"Goodness gracious," said the little woman, "whoever is going to take his Sunday school class tomorrow?"

☆

"Did you blow your train, sir?"

"No, I didn't like its looks so I chased it out of the station."

☆

We can remember away back when you got all A's on your report card, you were called a grind. Nowadays we see by some school reports you are called a well motivated achiever in college level of percentiles. Of course, the little fellow next door is more elemental and would call you a square.

FROM THE LEGISLATIVE PRESS GALLERY

Advocate two price system

By RUSS SHEPPARD

The plight of farmers being caught in the cost price squeeze and not receiving a fair share of the national income produced the first heated debate in the Legislature last week. Discussion centered on a resolution introduced by M. Hetke (SC Aradia) requesting and seconded by Chester Sayers (SC Camrose) calling for a two-price system for the sale of Canadian wheat. The mover and seconder saw no reason why such a system couldn't work with a fair minimum price for domestic sales and a lower price for sale on the World Market at a competitive price.

Mr. Kelly said agriculture is the oldest and most important industry but farmers are not receiving a fair share of the national income. He quoted a number of examples of the farmer not receiving proper payment for his produce the example was that the label on a can of tomatoes cost three times what the farmer was paid for the tomatoes.

Charlie Johnston (SC Calgary) said agriculture was the only industry not protected by tariffs.

Premier E. C. Manning, like many other speakers was critical of the Conservative government. He said that when the Diefenbaker administration came in the opposition they gave it a two price system for wheat, but now that they are in office they suddenly find many difficulties in instituting the system. "For years farmers have produced for starving nations so they could purchase our products and relieve the hunger and privation that exists.

Karl Amsley (Mtn. Mt. Cedar) said he was not too optimistic that the two price system would work. Agriculture Minister Halmrast said that farmers are seriously concerned about being caught in the cost-price squeeze. Farmers are looking around for the answer, according to Mr. Halmrast, and feel the two-price system would be of benefit. Henry Ruste (SC Wainwright) and Joe Servaes (SC Dunvegan) pointed to low farm income. Mr. Servaes spoke of a farmer with a 48-thousand dollar investment in his farm getting only an 18-hundred dollar net return in a year. The farmer could invest the money outside agriculture and do better. Mr. Ruste pointed to the salaries of teachers and others and questioned, "Is it any wonder young people leave the farm?"

Glenn Johnson (SC Pincher) said the problems of agriculture would be solved if the Bank of Canada was ordered to print a ton of money to cover the situation.

The Legislature gave itemized study of departmental estimates during the week without any major problems arising but discussion covered a wide range of topics.

CIVIL DEFENCE NEEDS PUSHING

Editorials in newspapers, the CBC and statements by two University of Alberta professors brought strong criticism from Agriculture Minister Leonard Halmrast who is also Minister for Civil Defence and also from Premier Manning. During considerations of appropriations of 579 thousand dollars for civil defence, Mr. Halmrast said newspapers had ridiculed civil defence as being utter confusion, while two University professors had advocated coexistence and said that if nuclear war occurred, we would all be burned up. Mr. Halmrast said "you know who else preaches co-existence." Premier Manning said there is no defence against a direct hit but there is defence against radiation fallout. The impression is being conveyed, he said, that there is no defence against fallout. In Russia, where they preach co-existence, steps have been taken to provide protection from nuclear fallout for two-thirds of the people. The Premier also charged the CBC with being the worst offender in belittling CD efforts. Ernest Watkins (PC Calgary) noted the House was united in feeling the need for civil defence.

During consideration of expenditures totalling almost 70 million dollars for education, the Minister A. O. Aalborg said a new school for handicapped children was being planned and it would be located in south west Edmonton near the School for the Deaf. The new school would serve the physically handicapped and the emotionally disturbed. Debate centered on the new education basic classes program with the Minister saying there are still a number of unknowns in the program and details could not be itemized at this time. He said formulae would be sent to school boards shortly after April 1st, and in a short time school boards would be given a quarter of the requisition to carry on operations.

Miquel Normandeau (Lab-Lac La Biche) charged that Mr. Aalborg was going ahead with a program about which he isn't sure. Ernest Watkins (PC-Calgary) said the Government was in the process of walking through the woods in darkness and won't know until the end of the year where we have they will come out. Karl Amsley (Ind-SC Leduc) said he was disturbed and disappointed in the lack of detail and suggested school boards would have to impose additional requisitions to meet increased education costs.

This week also saw a second demand from Ernest Watkins (PC-Calgary) for Education Minister Aalborg to resign. Mr. Watkins defended a plan calling for courses in Junior and Senior High Schools designed to develop the natural talents and abilities of students and also to equip them to follow academic, clerical or vocational courses according to abilities and interest.

EDUCATIONAL OUTLOOK WISHY WASHY

Mr. Watkins spoke of the Lamerton Royal commission report on Education, saying it was "wishy washy and unclear as to what it proposed." He said it was written by a committee and with no clear cut leadership from Edmonton. He said it compared unfavorably with the Royal commission report on Education in B.C. and Manitoba and he felt not at Alberta for delaying action on that report. He charged that Mr. Aalborg was bound up on committees to such an extent that he couldn't make decisions and in this was failing in his duty to the people and the legislature. He asked the Minister to resign. Earlier in the session Mr. Watkins had made the same request and the Minister had replied he would be glad to do so if it would solve the problems. On this last occasion Mr. Aalborg was not in the House, having gone to Banff to address a meeting of the Federation of Home and School Associations. Premier Manning went to his Minister's defence, saying the criticisms were unfair and anyone who wants public recognition is sure to obtain some of he stands up to condemn education.

Experimental and tests undertaken with the Athabasca oil sands in the McMurray area of Northeastern Alberta have proven oil can be produced from the sands at a competitive price with well produced oil." Replying to questions during consideration of estimates for the Department of Mines and Minerals, Mr. Manning made the comment quoted but he added "we are in no rush because of the present oil market situation." Questioned concerning the prospects of separating the oil, Mr. Manning said "In our view it is a proper peaceful use of atomic energy but the blast has been delayed in view of the ban on atomic devices."

77 bills have been introduced in the House this session leaving a large amount of work to be done as the Legislature must give close to final study to each. This has practically eliminated any hope members have had of finishing the session before Easter.

Enduring Trails

An old bush trail can never die
You still may make it out
Though years and years have wandered by
With fire, flood and drought
The wind may blow the dead trees down
To block it for a space,
But later it will reappear
You still may clearly trace
The trails old timers took when first
They made their dwellings here
All transient of the bygone years
Its memories made dear

E. G. CLARK
Poem

GEORGE AUDLEY, SECRETARY ALBERTA CIVIL SERVICE ASSOCIATION (centre) is shown here presenting a cheque for $3,500, by Walter Bater, Provincial Easter Seal Chairman. Looking on is Danny Gunderman, 6, Edmonton, this year's Northern Alberta Easter Seal "Timmy." As returns start coming in for the 1961 Easter Seal campaign, W. O. Bates, Campaign Chairman for the province of Alberta announced that contributions by both large business firms and individual donors are extremely heartening. Although less than half of the clubs throughout Alberta have been heard from at this early date, Mr. Bates said "early indications are that the Easter Seal Campaign is well ahead of any other previous year." A total of 15 clubs and associations have now distributed over three hundred thousand Easter Seals throughout the Province. This year's objective of the Easter Seal Campaign to help all crippled and handicapped children throughout Alberta is $150,000.

EVERYONE HEROES

By G. E. MORTIMORE

Many people think of them as heroes as everyday heroes. They tell stories in which they appear in the role of knights battling against dragons and infidels and p vies. Their enemies are the dragon, the Customer, Sickness, Debt, Husband, Wife, Child and Inanimate Object.

And there I was half way down the stairs when Joe dropped his end and I had to hear the whole weight. Two hundred and fifty pounds. Well, he picked it up again but by that time my arms were just about torn loose from their sockets. Then it was three more flights of stairs down and two more flights up to the new place.

If it's a women listening she is expected to make favorable sounds of approval and admiration.

A man is required to be amazed at the feat of strength or brain power whatever it is.

"Well there was this big truck booming down the hill at me. Right in the middle of the road was a boy on a bicycle. On the other side was a parked car, away out on the road I couldn't stop."

"Goodness, what did you do?" she asks, but as if she really wanted to find out.

Then Ye Into oversight and stamped on 'er and the old bucket whistled through the gap like a goose heading for the nesting grounds."

"Gosh, terrific" says the girl, who in fact has quit listening and wondering to herself what time that appointment with the hair dresser was.

But you can see the men bristling with pride at the vision of himself that he not just conjured up for a mere listener in his own mind he has already edited out the awkward details, such as the fact that he was going too fast not looking at the road ahead, and a no-liner of unknowns in the program and details could not be itemized at this time. He said formulae would be sent to school boards shortly after April 1st, and in a short time school boards would be given a quarter of the requisition to carry on operations.

Miquel Normandeau (Lab-Lac La Biche) charged that Mr. Aalborg was going ahead with a program about which he isn't sure. Ernest Watkins (PC-Calgary) said the Government was in the process of walking through the woods in darkness and won't know until the end of the year where we have they will come out. Karl Amsley (Ind-SC Leduc) said he was disturbed and disappointed in the lack of detail and suggested school boards would have to impose additional requisitions to meet increased education costs.

This week also saw a second demand from Ernest Watkins (PC-Calgary) for Education Minister Aalborg to resign. Entries starting to come from fiddlers

Quite a number of district fiddlers have indicated they are interested in the second annual fiddlers' contest again being sponsored by the Edson Optimist Club, to help Edson celebrate its 50th Anniversary.

According to Louis Jo who is chairmaning this year's deal no effort is being spared to bring the biggest and best program that can be put on. A show that the Optimist hope will be unequalled for quality and performance anywhere in the West.

The date April the 28th at 8 p.m. is one to mark on your calendars. You cannot afford to miss this fine entertainment.

Many firsts are planned for this excited including the personal appearance of Johnny Forrest, a renowned Scottish entertainer who has been seen on television and radio shows in both Eastern and Western Canada.

Sorry to hear that Mrs Myrl Hart is a patient in the Royal Alex, Edmonton.

Showing Sunday, April 1st at the Nova Theatre

GREEN ACRES

By DICK BOCKING

For Gardeners

The use of a polyethylene mulch in gardens has resul ted in much higher yields and earlier maturity 30 inch 2 mil clear polyethylene seems to be the best material for this purpose Better weed control is obtained by using black plastic but maturity is not so early and yield not so great as with the clear plastic

Once the soil is prepared for planting, the plastic is laid over it and anchored by placing the edges in a 2 inch trench. The trench is filled with soil and the soil is tram ped

To plant corn, small slits are made every 12 inches down the centre of the plas tic 2 or 3 seeds are placed in the soil, with the weakest plants removed when the corn is 2 or 3 inches tall fol low ing only one strong plant.

The procedure is the same for other garden crops, ex cept that spacing varies For tomatoes, beans are cut every 30 inches for lettuce and many of the small early vege tables six inches or less be tween plants is sufficient.

Controlling Weeds

A good weed-control pro gram needs planning, and a year round effort 2,4-D and other sprays are a great boon to farmers but unfortunately many people think of them as a one-shot treatment that solves all weed problems This is not the case.

It is estimated that weeds cost the average farmer $1,- 000 per year March of this total loss is unnecessary. A good weed program would make the difference

Such a program should start with the use of clean seed of a suitable variety The right variety can be checked by calling at this of fice, while cleaning can best be done by the Municipal Seed Cleaning Plant If you are too far from the plant, do a very careful job with your own equipment

In this connection it's in teresting to note that tests at Lacombe has shown that large seeds will produce plants yielding considerably higher than medium or small seeds Also, much more smut is found in smaller seeds So it is well to keep the largest seeds and feed the rest

When cleaning seed it's well to treat it at the same time, in order to protect the plants from smut and other seed borne diseases If you have a wire-worm problem, seed treatments are available, but only over-all protection against this pest as well as disease

Soil fertility is another as pect of weed control Fertile soil will give seedlings that early push they need to get ahead and stay ahead of the weeds Commercial fertilizers are important here, because they are placed in such a way as to be available to the plant but not the weeds A good crop rotation which includes grasses and legumes is one of the very important weed con trol methods Late seedin g of an early barley such as Cadwal is a very valuable tool in cleaning up weedy fields

It's wise to watch screen ings carefully This is often a source of new and serious weed infestations

For efficient weed control all machinery must be in good working order It is not too early to check plow shears, cultivators, weed sprayers and other implements The sprayer particularly must be carefully checked if chemicals are to do their part of the weed control job

So there are some of the more important aspects of a good weed control program You will note that no men tion has been made of com mercialism There is no need for this expensive practice if the points mentioned above are included in your weed control program The only reasonable use for commercial ism in for the particular pro blem men, as quackgrass which cannot be subdued in any other way.

Boy Scouts change organizational name

Under a bill passed in the House of Commons on Tues day March 7 the Canadian General Council of the Boy Scouts Association became a legal entity in Canada Although also to the one shown as well as to the public in general that the Boy Scouts of Canada are endeavouring, without depart ing from the principles of Scouting as laid down by Ba den Powell in 1908 to con tribute to those things we in Canada like to regard as dis tinctly Canadian

The change of name to Boy Scouts of Canada will emphas ize the fact that it is a Cana dian Movement, which has taken a form of what has been happen ing in the boy scout movement in Canada in the years since the last war.

The former name was es tablished when this association was an offset, a branch of the Boy Scout Association incor porated by royal charter in London, England in 1912 since that time Canadian boy scout movement has become an independent body within the international boy scout fraternity The retention of the old name could have led to contradictions and misun derstandings as it did not in dicate the independence of the Canadian body.

It is particularly appropri ate for the Centenary of Scout ing to come at this time because on January 27 the boy scout head quarters moved into a new building in Ottawa which has been long desired of and worked for This building, will enable the association to ex pand the services which it now provides to the country's boys and young men.

COMING EVENTS

FIRST AND THIRD MON DAY of every month the Edson Square Dancers Club must keep centre The first meeting being a business meeting and the second meeting a project meeting Any girls between the ages of 12 and 18 are welcome

THURSDAY, MARCH 30 — Whist in Glenwood Hall at 8:00 p.m.

THURSDAY, MAR. 30 — Square dancing in the A. H. Pipkin school auditorium at 9:30 p.m.

SATURDAY, APRIL 1 — Bake sale sponsored by the Rebekahs to be held in the Simpson Sears Office from 2 to 5.

MONDAY, APRIL 3 — The Ladies Auxiliary to the Cana dian Legion, Edson Branch No 81 will hold their regular meeting in the club room at 8:00 p.m.

WEDNESDAY, APRIL 5 — Ladies of the Royal Purple invite you to tea at the Elks Hall from 2:30 to 5:00 p.m. Proceeds to aid of Save the Children Fund

SUNDAY, APRIL 9 — Movie sponsored by the Rob ekahs at the Nova Theatre at 2 p.m. Silver collection

WEDNESDAY, APRIL 12 — Annual General meeting of the Edson Golf Club will be held in the Commodore Hotel Banquet Room at 7:30 p.m (This is not a supper meeting) All members and prospective members are asked to attend

FRIDAY, APRIL 14 — Bin go in the Glenwood Community Hall commencing at 8 o' clock

FRIDAY, APRIL 14 — The Kinettes are sponsoring a public dance in the Edson Legion Hall Music by Hanley, 9 piece orchestra "The Highlanders" Everyone Wel come

SATURDAY, APRIL 22 — Rummage sale in the former Martin Shoe Repair store Sponsored by the WA of the United Church.

SATURDAY, MAY 6 — St Catherine's, WA will hold a Spring Bazaar and Tea and Bake Sale in the Parish Hall from 3:30 to 5

ELEPHANT BRAND FERTILIZER PAID FOR THIS TRUCK

This is an example of what can be bought with profits from the use of fertilizer. The money could have been used for a new car, home im provements or any one of the hundred things that make for better living.

You make more money in two different ways when you fertilize with Elephant Brand. You grow better grade crops which sell for higher prices; you get greater profit from each bushel because it has cost you less to produce each bushel.

GROWING OATS?

You can make extra profits of $6.25 per acre and even more by fertilizing your oat crop.

Here is an example of how fertilizer increases profit from oats.

Increased yield per acre with ELEPHANT BRAND	10 bus.
Value of increase (Oats valued at 50 cents per bushel)	$9.00
Approximate cost of fertilizer (60 lbs. per acre of 11-48-0 on summerfallow)*	$2.75
EXTRA PROFIT PER ACRE	$6.25

*Oats on stubble, when properly fertilized can show equally profitable returns

ELEPHANT BRAND PLUS VALUES
- Uniform size
- Free Flowing
- Pelletized
- All fertilizers highly water soluble
- Strong, weather resistant one ply bags
- Fast, reliable service assured by adequate dealer stock

WITH THE CHURCHES

AS I SEE IT

Reverend E HURD — Pastor

As the Easter season ap proaches I have two big pur poses in my mind WHY man he said about the death and resurrection of Jesus Christ that has not already been said? and what is there about these memorable events that applies to Christ ians in 1961?

The answer to the first question is "nothing" and the answer to the second is "ev erything" There is nothing that can be said that has not already been said and yet everything about the resur rection of Christ is meaning ful to Christians today young and old

I cannot go into all of the important and wonderful im plications that Easter has for us to suppose we just con centrate on one thought

As we know after Jesus came from the dead He ap peared before His disciples On one of these occasions He talked to Peter (The same Peter who had denied Him before His crucifixion and who was miserably re pentant because of it) Jesus said to Peter " loved thou me" — John 21:15)

Now, Jesus knew that Pet er loved Him so why did He ask that question? Perhaps He wanted Peter to know something very important! He wanted Peter to know that love for Him must come first And Jesus Christ wants you — you Christian of 1961 to know the same thing

The first great essential in a Christian is love for Christ Himself Wisdom will not do Eloquence will not do You may get a real thrill out of working for Christ — or you may have a "passion for souls" but that is not en ough Nothing less than a passion for Christ Himself will fit you for service for Him. A great missionary once said, "I have one passion, and that is He" When we love Christ with all our hearts then and not un til then — are we ready to do His work You will notice that in the above Scripture portion "loved thou Me" comes before "feed my lambs."

Christian people have such a habit of taking a point blank "here" when faced with some of these propositions that I run one more of you now doing just that "How can I love Christ that way?"

Well how do you suppose Peter learned to love Him? Was it through hearing re port about Him? Looking at some sketch that an early artist made of Him? Talking about Him? Of course not Peter learned to love Jesus because he got to know Him by spending time with Him, by being close to Him.

Some of you know what it is to be in love How did you fall for him (or her) listening to nice things about him? Spending time with those who knew him? How sense You spent time with him (or her), didn't you?

I am sure you get the point And remember it is possible to know Jesus Christ as Saviour and still not know Him and love Him, not in the way we're talking about We he some of us need to back up a bit in our Christian ex perience and learn to love our Lord Jesus Christ. You will be reminded of all this and for you in the next few days Drink it in Take it see nously as though it were it very first time you had heard it, and listen as He asks you the question He asked Peter, "Lovest thou Me?"

JOHNNY FORREST, SCOTTISH ENTERTAINER — His lively humourous Scottish numbers; accordian and vocal, has pro vided large number of happy hours to all that had the fortune of seeing him. He started his career in Scotland with a national Scottish touring group at the age of twelve Coming to Canada four years ago he has appeared on numbers of television shows, radio broadcasts, social functions on the East as well as on Western Canada and night clubs. At pres ent he is appearing with the Spotlight Parade, a group tour ing Northern Alberta. He is scheduled to entertain at the Optimist sponsored Paddlers contest on the High School Audi torium, April 20 at 8 p.m.

Jasper - Edson MP heads social security committee

OTTAWA A wide range of new social security measures for Canadians was proposed by the annual meeting of the Progressive Conservative party here recently.

Without debate, delegates approved a report of a party committee headed by Dr. Hugh Horner calling on the Progressive Conservative government to:

Take immediate action to provide a national scheme of portable pensions.

Increase old age security payments, the automatic pensions of $50 monthly going to

MAD'S THE WORD FOR Teen and Herd

The excitement is over and the judges picked Bertha Parboiled as Edson's Teen Queen for '61 and we imagine that they had a very tough time as all the girls were lovely and they certainly all seemed to be just the one

We have a very happy and very pretty little girl to represent us at the Alberta Teen Conference at Hinton over the Easter Holidays Darlene O' Hara sold more tickets than anyone else and is going to represent Edson as the Most Outstanding Teenager at the conference

Everyone seems to be talking over the Teen Conference lately and that seems to be about all from what I gather there is going to be a mail many Edson teen in Hinton

The Queen's Ball did not have a very good attendance of adults this year and we honestly can't say that we blame them as the music would cramp anybody's style Everyone likes Rock n roll but I think that all the adults who attended the Queen's Ball would have liked it a bit better if they had turned the volume down a little

It seems funny too to see all our prospective teen Queens really cracking it up when they were dressed to the teens and looking like they were going to a formal It kind of messes you up a bit too, doesn't it girls ? ? ?

The suspense at the dance was wonderful and our Kateen President Bruce Mahon could hardly wait to announce the Queen at the dance and was going to start at 11 30 but 1 hour that he got a lot of static so he waited, but I think that it was pretty hard keeping that secret all to himself

The Week's Weather

and senior services should command premium in an hourly ing

"It is therefore recognized that such pensions should be made portable."

PAST ACTION URGED

The government, the committee said, should "take immediate steps, in consultation with labor, management, agriculture, fishermen and other interested groups, to make portable pensions a reality as soon as possible without interfering on the rights of the individual to negotiate in the

Just how the government will react to the new social security measures advocated today isn't immediately clear Cabinet members were withholding comment

Prime Minister Diefenbaker told he wanted the ideas of the party rank and file and promised to give them "the most serious consideration."

MONDAY, APRIL 3 Hospital Auxiliary meeting in the Health Unit Office at 8:00 p.m

From a Cottage Window

By ALICE HOLLINGTON

As we see the signs of Easter time, the lily in its glory,
And hear the Alleluiahs, and the Holy Easter Story,
May spring be blessed with loveliness, and happiness for you,
And the promise of our Risen Lord be with you all year through.

These last few days before the great and glorious rele bration of the rising of Christ are filled with mysterious promise Birds appear from the southland bringing with them their presence the sureness of spring and warm sunshine We are beginning now to watch the tiny green sprouts and looking at packages of seeds, imagining just how each flower will look in its summer bed The older one becomes the more dreaming one does about the dawn of spring and what the days ahead will bring.

As the message of Easter rings out around the world, there's joy and gladness and in many parts of the world, spring flowers are already blooming in readiness for Easter morning In our own Alberta we must be content with growing blooms inside at this time of the year But almost every family joins the Easter parade wearing gay and color ful costumes and this year we have such an array of colors to choose from, there need be no dullness on Easter day even though the surrounding countryside has not yet an iota green gown.

There will be much travelling again this year as families from Canadians — and to the Peace of Mind of everyone.

Lest your the companies writing fire, automobile and casualty insurance paid out more than $50 Million Dollars in claims across Canada — real evidence that insurance indeed means Peace of Mind.

Insurance means

For the Employer Insurance is enabling Canadian business and industry to provide employees with a higher level of job security than ever before. Assurance that money will be available for repair or replacement if disaster strikes a place of business contributes to steady employment for all

IRON STAINS AWAY
Some stains on the sole plate of an iron may be removed by running the hot iron over fine table salt sprinkled on newspaper If this is not successful slip a concentrated solution of pipe furnace cleaner and rub the stains vigorously until they are removed. Then rinse thoroughly with a clean wet cloth If an iron is very badly stained, send it to the manufacturer's service department to be re-buffed

TOWN OF EDSON

NOTE: It may not be possible to carry out construction work in area north of 10th Ave for local reasons at present, this portion of proposed work is the only saleable item on Lots 3 and 4

Good sense in hospital visits

From The Montreal Gazette

The Montreal Hospital Council has issued a statement on hospital visiting. And a very sensible statement it is. The Council is trying to discourage the prospect of necessary or justified visits to the sick but they are trying to bring some common sense into hospital visiting. After all, the sick are sick, it should not take too much common sense to realize that. But it is surprising how few visitors to hospitals exercise common sense. They weary the sick and may become a hazard to their well being and recovery.

Under modern practice, the sick are spending less time in hospital than before. Hospitals do not now have the spare to accommodate pat ients in long convalescence. This means that a greater number of those in hospital are really sick.

They might be cheered by seeing a familiar face, for a few minutes. But a thoughtless crowding of visitors can reduce them to exhaustion. Indeed some visitors seem to wait for the scene of exhaustion before they make up their minds to leave.

The fact that many visitors to the sick are well intentioned does not diminish the injurious effects their call may have. There is sometimes the simple assumption that if somebody is in hospital he must be "cheered up" by his friends, in order that he might not feel forgotten by the visitors, well intentioned though they may be, find their way into the wards, and rooms.

In the first place, they are likely to stay for too long. A visit of 20 minutes is quite long enough. It should be for shorter if a patient is evidently weak. But if there is a number of visitors and they call soon after one another they may still exhaust the patient even if each stays only 20 minutes.

There is the question of spreading germs. It is amazing how thoughtless some visitors are in passing colds, when they have strong colds. The soiled hand kerchief is produced and all must flourished in the patient's face. Or there is coughing and sneezing.

A sick person, already weak and with his resistance to infection lowered is far more likely to fall victim to any infections brought to him. The patient's interest is to get well not to get still another illness.

By the same tabe sthe visitor himself may take more visitors away from a hospital. This warning is made by the chairman of the Montreal Hospital Council Dr. J. H. Boutin, the medical director of Notre Dame Hospital.

He explains that since the general use of antibiotics microbes have acquired a new virulence. Those who go to hospitals as visitors should have a very good reason for going, and should not stay too long. They could become spreaders of infectious.

Children under 16 should not visit patients in hospital. For their own good they should be left at home.

Anyone who has visited patients in hospital must remember having seen visitors crowded around some bed, with noise and loud talking and smoking, so that not only the patient is being visited but any other patient nearby, was under serious strain. The Montreal Hospital Council hopes to limit visitors to two per patient and to ban smoking.

There will be no restriction on visitors to private patients, where no other patient would be disturbed. But here, no less, visitors must exercise restraint and good sense. A private room crowded with noisy visitors is often as distressing a spectacle as any other in fact the private patient may be more victimized by visitors than other patients whose interests may be under more control.

The aims of the Montreal Hospital Council are to be understood and respected. The Council is not trying to cut off visitors. But it is asking visitors to be more sensible and considerate. If you are thinking of visiting a hospital patient, be sure that you ought to go. And if you do be sure that the patient will not be the worse for your having called.

Give the sick every chance to get well. That's the only thing that really matters. And that is what should be everybody's mind.

ANNOUNCEMENT

Mr and Mrs. Bill Wilson Jr. would like to announce the birth of a son James Stanley, 7 pounds, 8 ounces, on March 18th, in the University Hospital Edmonton

Mrs. J. Smith wins $170

Mrs. Betty Smith was the lucky winner of the Glenwood bingo jackpot of $170 on last Friday.

Making the most of your windows

Nothing is so important to the appearance of a room as its window treatment. This is true whether your home has the large picture windows so popular today or the smaller often oddly proportioned windows found in homes built a generation ago.

Your window treatment can help make a room formal or informal, contemporary or period, elegant or rustic, colonial. It can dramatize your window area, or minimize it.

If you have a large glass area to curtain budget problems invariably ensue. Fortunately there are many interesting treatments you can apply to inexpensive fabrics, sheering or muslin, to give your curtains a luxury look. For instance local sewing experts can show you how unusual braids or ball fringes available at low cost can give a luxury appearance to the least expensive fabric.

If you have patterned shapes or vines in your room, get an extra yard of the fabric and applique some of its design motifs on your curtains. Or, if you have a plain curtain fabric, you can add interest with a contrasting border of the same or a contrasting fabric.

An unusual yet homemaker pleasing decorative effect can be achieved by using a plain fabric and making the curtains of three widths of cloth pieced at 60 cents a yard. This is also excellent for curtains chinese designs in gold and black paint to make a spectacular room. Another budget-based housewife designed an early Canadian period room, used her sewing machine to embroider gay woollen motifs on plain fabric curtains for colorful bold plaid curtains.

If yours is an older home with small or off centre windows use curtains to establish eye-pleasing proportions. For instance draping an extra wall can hide the fact that a window is set dangerously close side. Also to make a small window look larger, put a 6 inch board to the wall in you want your window to appear and mount it a few inches or more above your window. Attach your drapery track to the board when curtains are hung from it the window will appear larger. To cover the board and the space between it and the upper window frame make a valance using your drapery fabric stiffened with buckram (or you may prefer to use a painted or padded wooden valance board.

To make windows appear wider, mount your fixtures on wooden blocks placed at either side of the window so that curtains cover the wall instead of the window.

Happily making your own curtains isn't half the job it was in Grandmother's day. modern manufacturers of curtain accessories have done much of the work for us. Elaborate pinch pleat or shirred headings can be produced by amateurs, thanks to special ready made tapes which can be used by anyone who can stitch a straight seam.

Spring has sprung

By F. CHORNEY

Spring has sprung and all that sort of thing.

Theoretically, it's the time when a young man's fancy is supposed to turn to thoughts that in really he has been thinking about all winter anyway. It's just intensified a little in the spring.

But what about the young married man or old married man for that matter? What of him? Are his thoughts expected to turn to the same things as the other young men not encumbered? If they do and he does he's likely to get a fat lip for his trouble or even maybe a small note from his wife's lawyer.

Even if his thoughts turn lightly in the right direction that in, toward the hearth he's not likely to be too welcome. Because in sprung a young woman's fancy lightly turns to thoughts of housecleaning and painting the spare bedroom. It's pretty hard to get very romantic with a wife who is shouting orders to you as you lurch around the living room with a 320 pound chesterfield on your back. Is there any answer to it all? — Yes.

Married or unmarried, young or old, run like heck from the house, find a nice shady spot under a tree, open a case of beer and stay there until the whole silly spring business is over.

Queens Ball enjoyed by good crowd

After weeks of preparation and anxiety the Edson Kinteen organization have successfully staged their Annual Queen's Ball.

The highlight of the evening was the crowning of the Queen the winner who's crowned out to be Miss Bertha Fairhelm.

Also the winner of The Most Outstanding Teen-ager of 1961 was announced the award for that honor going to Miss Pat Jane Williams.

The Kin-Teen organization obtained Hank Smith and the "Mailmen" to provide the entertainment for the evening and the evening started the Dance proved to be successful.

A vote of congratulations goes out to not only the winners but also the other candidates who competed for the honors.

FROM THIS BEVY OF BELLES nine judges had to pick Edson a Teen Queen for 1961 and as can be seen the judging was difficult but they finally chose Miss Bertha Fairhelm (second from left, sitting). Pictured (1 to r back row) are Misses Phyllis Seibel, Diane Wyshowski, Darlene Woywitka, Carrie Anne Zeidell, Pat O'Hara (sitting 1 to r) Joan Overton, Sharon Johnson, Bertha Fairhelm and Pat Caskan.

Teen Conference plans well in hand

HINTON—

A group of interested persons representing various clubs, Lodges and organizations concerned with youth groups in Hinton gathered last Thursday evening, for a meeting with members of Hin-Teen Club and their advisors, the Optimist Club.

The meeting was called to discuss what plans had been made to date for the Y.M. conference to be held in Hinton April 6, 7, 8 and 9th and to assure the Hin Teen representatives of the interest and cooperation they could expect from the organizations represented.

Chairman Dick McLaren congratulated Teen Club executive and members on their undertaking and said that the Optimist Club members who had acted as sponsors in an advisory capacity for the past three months had been impressed with their capability.

Allan McGillis Hin Teen vice president and chairman of the following committee reported that a house to house canvass of valley homes had been made and billets for 160 visiting teenagers had been secured. It was felt at that time that accommodation for 180 would be sufficient. He said that it stated on the entry forms sent to all registered teen clubs in Alberta that billet and motels would be used. Motels for any teen-ager unregistered for the conference.

HOW TO CARE FOR EBONY

A coat of paste wax once or twice a year will keep ebony floorlers, from drying out and will help them retain their natural lustre. The same care works for ebony keys—but dusters, the ivory keys to avoid getting wax on them and chapsticks. Other out of town teens only wanted to attend the wind-up ball on Saturday night. She said that all registered teenagers would have identification badges.

As their part in helping with the conference various ladies of the town of Hinton would see to the cutting and clearing tables for the banquets said Gloria Sel[illegible] of the various committees. The social also for hostesses at the Queen's Ball which was to be held as were the ban[illegible] parts in the Athabasca Valley Hotel.

Vey Shoop of the entertainment committee reported that an impressive array of entertainment had been lined up including platter parties with [illegible] and Edson talent supplying [illegible] variety show. Guest speakers at the banquets would include local speakers and it was hoped Ruffie Mider[illegible] would also be able to attend.

The Friday activities are to be televised on CHCT-TV while either CHED or CJCA announcers will be in Hinton.

As the program for each day starts at 10 a.m. and runs through till late at night the visitors would actually only be in their billets over night. It was suggested that an outdoor[illegible] of the conference be with [illegible] all homes billeting boys and girls.

Asked about entertaining the boys for donations be received with the conference Mayor said that the club [illegible] with the [illegible] would offer free N.H.L. & P. to pay for half the bar [illegible] for dinner [illegible] business [illegible].

Donna Lyseyy secretary treasurer of the Hin Teens speaking for the delegations committee said that many of the clubs who had registered had indicated that they would be bringing their own advisors.

CONDITIONS OF SALE

The sale will be subject to the following terms and conditions:

The department reserves the right to withdraw any of the lands from the sale or to include any other lands therein.

Lands sold shall be subject to reservations for existing authorized roads or roads hereafter surveyed, provided applications for such roads hereafter is made by the provincial authorities prior to the issue of patent. The areas of lands sold are subject to adjustment in accordance with the revised plans of survey.

Purchasers of timbered lands must take a permit subject to the usual dues and fees before cutting any timber except for their own use.

Sand or gravel must not be removed from the lands sold until a permit has been obtained from the proper authorities and payment made of the required fees and dues.

The sales will only convey the surface rights of the land and will be subject to the usual reservations in favour of the Crown.

The sale shall convey to the purchaser only those improvements upon the land which are the property of the Crown at the date of sale. All such improvements are fixtures and shall remain on the land and be the property of the Crown and shall not be removed or destroyed until final payment of the land has been made

If any improvements are stated in this notice to be the property of anyone other than the Crown then the preceding paragraph shall not apply. The improvements may be sold at the sale but no representations are made and no warranty of any kind is given as to owner-ship or otherwise.

TERMS OF PAYMENT

The area in excess of forty acres Payment in full of the purchase price shall be paid at the time of the sale or one fifth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in nine equal successive annual instalments with interest at the rate of 3½% per annum which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid Any instalment not paid when due will be subject to interest at the rate of 4½% per annum

In areas of forty acres or less Payment in full of the purchase price shall be paid at the time of the sale or one fourth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in three equal successive annual instalments with interest at the rate of 3½% per annum which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid Any instalment not paid when due will be subject to interest at the rate of 4½% per annum

Upon a parcel of land being sold the purchaser shall immediately pay the Clerk of Sale the full amount of the purchase price or pay the amount of the first instalment and in addition make payment in full for the improvements which are listed hereon otherwise the parcel will at once be put up again

Further particulars covering the terms and conditions of the sale may be obtained by corresponding with the Director of Lands Department of Lands and Forests Edmonton

Purchasers bidders should satisfy themselves as to the quality etc pertaining to the lands.

The Clerk of Sale shall have the right to settle any disputes concerning the interpretation of these terms and conditions, and the manner of conducting the sale

By Order,
V A Wood,
Director of Lands.

Department of Lands and Forests,
EDMONTON, Alberta.

Your MP Reports

Dr. Hugh Horner

Recently there has been much said about the new federal mail policy I would like to state the facts as I see them

Prior to 1957 Feed Mills operated without license from the Wheat Board for most part and bought grain at will and at negotiated prices

In 1958 and 1959 the Wheat Board tried to enforce quota regulations Most mills got around this by using a feed bot or farm as a buyer for them

In the Agricultural Committee the following facts were ascertained

1 The Wheat Board could not enforce their regulations

2 The amount of grain published was less than 1 per cent

3 We in Western Canada were suffering for lack of adequate feed industry

4 There were two groups of mills operating The one licensed and buying through the Wheat Board A very small number The others were non licensed mills buying at will

To bring some sense out of this the Wheat Board amended their regulations to

1 License all mills

2 Allow them to buy oil grains at negotiated prices for in province consumption

We must in Western Canada become more concerned with the finished product We must finish more of our products here and use our own grain up We have for too long been sending feedgrains without any culture Can be moved Write Box 2002 Hinton 9tf

Bob Crossley wins speaking contest

Two of the three Hinton entries in the United Na [illegible] speaking contests were declared winners by three [illegible] judges, following the contest finals in Edson [illegible] Saturday evening.

Bob Crossley, second place winner in last year's finals received the highest number of votes from the three Edmonton judges to win a three week trip to the United Nations headquarters in New York this summer.

Only a few point behind Bob was Cathy Young, also of Hinton with third place going to Sylvia Brodie of Jasper. Second and third awards are honorary only as only the first place winner is entitled to the trip.

The meeting which was attended by approximately 170 persons was chaired by Mrs. George Ashat of Jasper. Contestants in the order in which they spoke were Cathy Young Hinton, Geraldine Radcliffe Peers, Elizabeth Melnyk Hinton, Bob Crossley Hinton, Pat Grams Peers, Susan McCabe Edson, Monica Thomas Carrot Creek, Sylvia Brodie Jasper.

Judges were Mrs. Elsie Park Jasper, Mr. Wm. Brown and Mr. E. H. Jewell. The contest was sponsored in this area by the Edson and Jasper Oddfellows and Rebekah Lodges. Hinton contestants were coached by members of the Kiwanis Club.

Following the contest members of the Edson Rebekah Lodge entertained the speakers, their parents and the judges in the Oddfellows Hall.

This is the first time that the area winners have been from outside Edson. The 1959

BOB CROSSLEY

winner was Marsden Wells when the finals were held in Jasper. Last year the finals were held in Hinton with Darlene Woyenka of Edson winning over Bob Crossley.

Vehicle sinks in Wildhorse lake

Two members of the Alberta Forest Service escaped an icy bath last Tuesday when their government station wagon dropped through the ice on Wildhorse Lake.

Biologist R. Patterson from Edmonton and Bob and Lorne officer Bob Woods and [illegible] ran and some fast scrambling as their vehicle disappeared into about 12 feet of water 2 or 400 feet from shore.

Mr. Woodward said most of the ice is over a foot deep and added but they were unfortunate enough to hit a soft spot. The vehicle will be lifted out of the lake as soon as possible.

Pulp cutters and truckers alarmed at load limit cut

More than a hundred pulp cutters, truckers and small contractors turned out for a meeting in the Legion Hall last Wednesday night to discuss the crisis which appears to be facing the local people in the pulp business.

With profits marginal or non-existent now, disaster would befall those engaged in the industry on a small scale if only three cords could be hauled on single axle, 900 tire trucks. The meeting got off a resolution asking that the Highways Department permit at least four cords on trucks with these specifications.

The meeting called by the Alberta Pulp Cutters Association was chaired by its President D W Miller of Marlboro assisted by Secretary Harold Judd and Vice President Ed Petty. The price paid for pulp by the mill at Hinton was discussed and a delegation was elected to approach the Woodlands Department of the mill with a view to negotiate better terms.

One speaker at the meeting pointed out that 137 thousand cords of pulp had been hauled along Highway 16 from Hinton east during the past cutting season. 40 thousand cords of this was from strip wood (company camps), 24 thousand from settlers and 73 thousand from the larger contractors.

The speaker pointed out that 60 per cent of the wages from this single log industry were spent in the Edson district and could not understand why Edson business people were not alarmed at the present loss of this revenue.

Several members stressed the problems of the trucker under present operating conditions. "Chances are," said Peter Aschenmoser, "we could spend 40 years, under those conditions and still wind up broke with no money and a broken down truck."

F. Dixon pointed out that the problem was one to be worked out between pulp cutter, trucker, the company and the Government through the Highways Department.

Local educationalist wins fellowship at Chicago

Confirmation that he has been awarded a fellowship at the University of Chicago has been received by Assistant Superintendent of Schools Arthur Kratzmann.

Valued at $5000 per annum the associateship will terminate in two years with the conferring of the degree of Doctor of Philosophy in Educational Administration.

Mr Kratzmann is the sole Canadian qualifying for this advanced study in this year's competitions. Over 200 hundred applicants applied for the eight associateships available.

Presently spending his third year with Edson School Division, Mr. Kratzmann has been active in community affairs, most notably the Optimist Club. This year he is serving as Lieutenant Governor of Optimist International for the organization's District 18.

The award winner received his high school and basic teacher training in Brisbane, Australia; his Bachelor of Education degree from the University of Alberta.

He has taught in Australian and Saskatchewan elementary schools for 12 years and lectured at the University of Saskatchewan for one year.

He first came to Canada as a member of the Royal Australian Air Force during World War II. Was trained as a pilot. It was during his training with the air force that he met Mrs. Kratzmann a native of Saskatchewan, and was married in 1944.

The Kratzmanns returned to Australia for three years, but emigrated to Canada in 1948. They have two sons, David, 15 and Terry 14. The family will move to Chicago and live in university apartments.

A. KRATZMANN, B.Ed., M.Ed.

FRIEND OF MAN

Truman Williamson hasn't started his campaign to get the pressure off man's best friend yet, he informed The Leader this week. All he needs is a little encouragement.

Former Edson men running

Two former young men from Edson, Pat Hangerbers of Hinton and Guy Dompnier of Evansburg have thrown their hat in the ring for the position of District Deputy of Zone 7 Kinsmen Clubs of Alberta.

Thanga will be Pat with Pat and Guy's the Guy would seem to be appropriate cute pulpy slogan.

Both are past presidents of their respective Kinsmen Clubs.

Cougar now just a skin

One enterprising Chamber of Commerce suggested that we get a hold of the cougar shot at Niton recently, have it stuffed and start a wild life museum.

Unfortunately the Dickson brothers made the cougar into a skin too soon.

Another suggestion is that we stuff a C of C member and start a museum with him!

The Week's Weather

FLORAL TRIBUTES

Inadvertently omitted from tributes to the late August Bailie are acknowledged from Mr and Mrs George and Ena Bellman.

Main Street bumps filled

Town crews were out this week filling the winter sinks in the paving on Main Street. It's a real corker how a small sink in the fall gets to be a real spring breaker before the winter is over.

Edson skindivers find Edith cold

The waters of Lake Edith in Jasper Park are a shade cold members of the local skin diving fraternity report after a trip to the Park on Friday.

Those taking the plunge included Dave Andreas, Fred Armstrong, Randall Murray, Alvin Lyons, Billy Marlow and Buddy Workman.

Members of the Edson club helped bring up a car from a lake on the other side of Hinton a couple of days ago we hear as well.

The activity of the Edson club coincides with activities by other clubs in the province now that spring has sprung.

Fire danger high with dry grass

Two minor brush and grass fires this week have emphasized the need for caution members of the Edson Fire Department say.

Fire destroyed the home of Mr. and Mrs. Doug Miller north of Town recently as well. Mrs. Miller, who was alone at the time, escaped from the burning building by climbing through a window.

THIS SHOT OF A CURLER'S DREAM was realized by Sec Andrews. They saw the full house building up and it became a reality when teammates Vic Kaye, Jimmy Mitchell and Gordy Graham when the opposing skip missed the draw shot he was trying for. The they played against the Red McKinnon rink in their club playoffs. unique game was played at Jasper a couple of weeks ago.

Kids now and away back when

By FERN ICE

We of the older generation love to sit back and pass [illegible] content on our young folk and smugly announce, "kids aren't what they were when we was [illegible]" but if we think back to our youth and recall some of our pranks it am certain we can dig up a few memories that prove we weren't above pulling the odd boner ourselves.

I still never forget the day the entire family piled into our old Model T and chugged off to Calgary to pick up new [illegible] of transportation. A car with a gear-shift, no less. Old Molly had been a faithful servant but was definitely on her last mile so much as we hated her she had to be replaced.

Finally she wheezed into a likely looking car lot, coughed and died. A charming salesman dashed out, shook hands with Dad, complimented Mom on her lovely hat, patted the younger kids on the head and the ground work was laid for the big deal sure to follow.

We began looking at cars. First the new models, next the not so new, and finally the ones Dad figured he could afford. After much talk and a few more pats the deal was made. We had a car complete with rear-shelf side curtains, a spare tire and a tire patching kit.

We piled in and started the 23 mile trip back to the old field town we'd fled home. Dad drove, well considering the enthusiasm of his passengers and the unreliable back seat wheel from more. Mr. Ferguson, brother and myself watched his every move in hopes of learning the magic Ide Pie controls of that 1927 Star of his. As the reason he had purchased it that we could have our first driving lesson the following week. Also it was five weeks before I got behind the wheel of that glorious thing. Needless to say I was born with the magic [illegible] care of engine would ever bother to see. Yes I even got out of gear in the [illegible] solemn I was dirt [illegible] that old Low second hitch [illegible] second high. Below the clutch shift into [illegible] clutch slowly as you give it the gas. This went through my poor head each [illegible] tuesday.

Finally I was out and about and ready for my first driving lesson. The Star was parked in front of the house so out I went climbed in and started the motor. No one was looking but as I recently pulled it into low, feed it a bit of gas and slowly engaged the clutch [illegible] I was mobile. Second and finally high with nary a hitch. Hooray! I could drive the car.

I was proud as punch and the folks were loud in their praise of their intelligent daughter. Soon I was out on the highway and running errands to the store.

After a few successful trips they allowed me to take the less fortunate teen agers on joy rides and picnics.

I felt very important and not a bit conceited, I am forced to admit. So like kids of today I began showing off. I would cruise along behind other drivers for a short time then with an arrogant blast of the horn shoot past and spray them with dust and gravel.

This went on for some time until the day I attempted to dislodge a young fellow who was riding on the running board by zig zagging across the road. On about the fifth try, a front wheel flew off, as did my clinging passenger. The wheel sailed off the road down into the creek, while the lad received multiple scratches from shinny tummy down on the gravel.

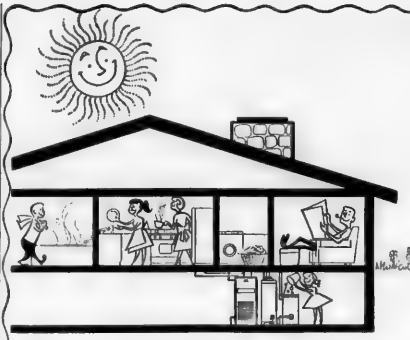
Cable cousin squealed on me and that ended my career as a driver for a year or so.

The next near disaster that almost he fell was the time my brother and cousin watered a donkey driller's moonshine and I drove out of town with the lights out to save their bacon and ran smack dab into a wagon load of Indians. No one was injured, but I could take no credit for that bit of good fortune.

I am not proud of these pranks but it just goes to prove we weren't as perfect as we like to believe or make out kids, believe.

Had our cars been able to travel 90 miles an hour, we would have opened them up and tried to coax an extra 10 out of the [illegible]. We had the roads to ourselves more or less and in those days it was only the [illegible] teenager who was frowned with the family car. The few who were abused the privilege every bit a badly as do our present day peers.

We as parents should climb down off our pontifications high horse and try to understand our kids instead of hold up ourselves as a shining example and expecting them to believe that children were models of perfection until they come along.



LOOK WHAT GAS DID FOR US TODAY!

We **heated** our **home** plus **hot water** for 3 baths, 3 piles of dirty dishes and 3 loads of dirty clothes. We **dried** all these **clothes automatically** in our **GAS dryer**. We also **cooked** 3 hot **meals** with food **refrigerated** by **GAS** — for 2 adults and 3 children and **burned** 6 pounds of **garbage** in our **GAS incinerator** — all for less than the price of **one package of cigarettes.**"

Council's Court of revision rejects mill's presentation

HINTON—

Two major appeals against assessments on the North Western Pulp and Power Limited presented to the Court of Revision comprised of members of the Hinton Council were rejected. The Court was held in the Council chambers March 21 and a decision on the major items handed down April 4.

The Pulp Mill were appealing against the assessment on their property on four grounds. An appeal against the assessment on the Athabasca Valley Hotel was also not concurred in.

Appeals against assessment on a couple of pieces of residential property were concurred in at a March 14 Court and lowered assessments approved.

Members of the Court of Revision in attendance were Messrs W. A. Switzer, W. Nowrie, L. A. Veale, J. D. Clark and H. Felsher. W. A. Switzer presided as chairman.

Messrs A. Duncan and P. Cardery, Assessors with the Department of Municipal Affairs, were in attendance.

Mr. Bruce Mantle, Q.C. was in attendance at the meeting representing the interests of the town in the capacity of solicitor.

North Western Pulp and Power Limited appealing the assessment on the property located on the S.W. ¼ and the South ½ of the N.E. ¼ Section 23, Township 51, Range 25, West of the 5th.

Grounds for this appeal were as follows: 1. Land, buildings and improvements have been wrongly assessed. 2. Land buildings and improvements have been assessed too high. 3. The assessment is contrary to the provisions of the relevant statutes. The assessment is contrary to the rules and regulations prescribed by the Minister of Municipal Affairs relating to assessments.

North Western Pulp and Power Limited was represented by Mr. H. K. Collinge Vice President and Resident Manager of the Company and Mr. Howard Emery, Solicitor.

Mr. Emery called upon Mr. Collinge to outline the reasons for the Company's appeal. Mr. Collinge advised that in his opinion the assessment was too high by an amount of some six million dollars and that the proper assessment in his opinion, might be in the order of some three million dollars. Mr. Collinge submitted statements of his Company's revenues and expenditures covering operations for the years 1957 through 1960, together with forecasts for the year 1961. The chief basis of Mr. Collinge's appeal was one of revenue or functional obsolescence.

Mr. Emery, the solicitor for North Western Pulp & Power Limited, requested the Court to reserve decision pending the submission by the company of a written statement of the grounds of appeal.

The Chairman advised that this would be acceptable to the Court providing the writ ten statement could be made available on or before March 28th 1961. On being assured by Mr. Emery, the Chairman then moved that decision on the appeal be reserved pending the receipt of the written statement of appeal to be considered by the Court of Revision at a meeting on March 29th, at 9:00 o'clock p.m. in the Council chambers. Carried.

The appeal of the St. Regis Paper Company of Canada Limited, dealing with Lot 1 Plan 1271 M.C. was presented at this time. Mr. H. K. Collinge and Mr. Emery appearing on behalf of the Company.

Mr. Collinge stated that in his opinion the improvement assessment was too high and presented a list of facts and figures pertaining to the over all percentage of occupancy of the hotel, hotel revenues and hotel expenditures. Mr. Collinge stated that for the year 1960 the average rate of occupancy of the hotel was 33 per cent. He suggested that there should be a reduction for economic obsolescence and that the assessment for improvements might be some what in the order of $250,000 instead of the existing $315,000.

Mr. Duncan the assessor advised that the assessment had been arrived at on a cost factor of $770,000 which was the construction cost supplied by the owner and then an economic obsolescence allowance of 25 per cent had been made to arrive at the assessment.

Again, Mr. Emery requested permission to file a written statement of appeal with the Court and requested that decision be deferred until the written appeal was submitted.

It was moved by Mr. Switzer that the decision be reserved pending a written submission to be presented on Tuesday March 28th 1961 and confirmed by the Court of Revision at a hearing on that date at 9 o'clock p.m. Carried.

The Court of Revision then dealt with two appeals that had been heard at the meeting of the Court of Revision on March 14th in which decisions were reserved pending an additional check by the assessor covering the following properties.

Mr. A. Sander, Lot 21, Block 18 Plan 1800 K.S. The assessor advised that there had been a mechanical error in the previous assessment and he recommended that the assessment be reduced to $2,800.

Moved by J. D. Clark that the improvement assessment on Lot 21, Block 18 Plan 1800 K.S. be reduced to $2,000. Carried.

H. Beckman, Lot 16 Block 32 Plan 3478 K.S. Mr. Duncan the assessor stated that an upside assessment had not been made on this property by the assessor in the first instance. He had made a reassessment of the property on instruction from the Court of Revision and he recommended that the improvement assessment on this property be reduced to $2,800.

Moved by L. A. Veale, that the improvement assessment of H. Beckman on Lot 16 Block 32 Plan 3478 K.S. be reduced to $2,850. Carried.

The Chairman then declared the Court of Revision adjourned.

POST EASTER RESOLUTIONS

Watch those attitudes

Towns have personalities just like people. Some towns are friendly and strangers feel at home right away in them. Others are cliquish and it takes months or even years of residence to feel that you are a part of the community.

We admit to being prejudiced, but we have always thought that Edson just glowed with friendliness, hustle and activity, and a place where people would want to put the trunks up in the attic for the rest of their lives.

This was confirmed to our satisfaction this week by a visitor, a traveller over a lot of the province in his daily work. He was impressed with the number of cars on Main Street and the number of people who said hello as we wended our way down the Main Stem. This friendliness has always been a matter of pride with this editor and it's the reason Edson is our favorite town.

Our town hasn't always been so busy and it is logical to expect that there is more activity in our area that will make us even busier looking. However, we are continually being looked over by prospective businesses and industry and a careless word by anyone in an official capacity or position of apparent responsibility can queer the point of view of a stranger.

It's up to us to encourage the secondary industry and other businesses that will create employment we must remember to turn ourselves into one man lumberjack. It is unassuming our favorite town.

One boy we heard recently about a reverse bond of was a student at an Alberta town who when asked about any developments in his town scratched his head and said: Off hand I can't think of any. And then I don't think we need any." Then added "We're digging the cemetery." Retorted the visitor "If all the rest of the town is like you perhaps you should it and be in it."

It we can't think of anything else about Edson we can always say we've got better weather than some of you. No hurricanes or stuff like that there. Our winters are warmer than Edmonton and it's cooler in summer. It never hurts to look at the best side

THE SECOND COLUMN

Two residents of the back woods country greeted each other one morning.

"Say", queried the first, "what did you give your mule when he had heaves?"

"Turpentine," offered the other helpfully.

Two weeks later they met again.

"What did you say you gave your mule when he was sick?" again asked the first.

"Turpentine," answered the helpful one.

"Well I gave it to mine and it killed him."

"Killed mine too," said his pal.

☆

Then there was the bachelor who said one of the little boys on our block may be the first man to land on the moon and if there is anybody living up there it's a pity we can't warn them.

☆

"How many cows do you [illegible]?"

"About ten."

"How do they cost you?"

"Twenty cents apiece."

"My, that's two dollars a day. How long have you been [illegible]?"

"About ten years."

"Lawsy mercies de [illegible] for thirty [illegible] of dairy."

"Yes."

"Do you see that office [illegible] on the corner?"

"Yes."

"I never smoked in your life you might earn that building."

"Do you smoke?"

"No, never did."

"Do you own that building?"

"No."

"Well, I do."

Mrs. P. Brown of Whitecourt visited her son and daughter in law Mr and Mrs. Morley Johnson over Easter weekend.

FROM THE LEGISLATIVE PRESS GALLERY

Two million for Entwistle Bridge

By RUSS SHEPPARD

Royal assent was given to Alberta's 326 million dollar budget for the fiscal year starting April 1st before the Legislature prorogued for Easter weekend Lieut Governor J. Percy Page entered the House for the first time since officially opening the Legislature February 16th, giving assent to the Appropriations Bill covering the expenditures and thirty other pieces of legislation.

The budget has removed a generally smooth passage through committee study of the House, with the 70-million dollar Highways Department estimates the last to be considered. Highways Minister Gordon Taylor told the members that his program includes 320 miles of final coat of black topping of highways, 320 miles of stabilized base course and 200 miles of grade work.

$1½ million dollars has been appropriated for bypass construction for Number 2 Highway at Red River. The bypass road will include construction of a bridge and also a railway overpass. Mr. Taylor told members that no construction was planned this year on Number 2 highway south of Leduc. On Number 16 highway at Entwistle a new 2 million dollar high level bridge will be built over the Pembina River.

Mr Taylor also said that a problem in the Province of Quebec in the completion of gravel stretch is being carried out to try and develope a substitute but it is hard to find anything to compare with gravel. "We have been carrying out tests for three years with a combination of coal shark and asphalt" said Mr Taylor "The tests are encouraging but we will not proceed for another year before a decision is made concerning using it as a base in place of gravel."

Concerning increased speed limits on the four lane divided highways, Mr Taylor said there are no plans for a change and said he would need indications from the people before increased speeds were considered. The Minister reviewed safety checks taken on four lane divided highways since speed limits were increased to 60 miles an hour by day and 50 by night two years ago. Surveys indicate the safety record improved but we will need a longer period of time to prove that the trend will remain.

BEST SAFETY RECORD

Mr. Taylor pointed to Canadian statistics showing Alberta had the best safety record on the basis of number of vehicles per capita. He said the driver who drives in the speed limit is not dangerous. It is those who drive beyond the limit or fail to control their vehicles who are responsible for accidents.

Amendments to the Vehicles and Highway Traffic Act introduced in the Legislature tighten up regulations concerning school buses at railway crossings. A bus carrying students cannot cross when lights are flashing, bells are ringing or a train is visible and buses travelling while empty must stop at all crossings.

Another amendment will add authorities of Municipal speed limit bylaws to the list of moving offences which must be recorded on a driving license Under the Act, any driver having three such endorsements on his license must take a driving test.

The report of the one-man commission appointed to study the business affairs of the Lamont School Division has been tabled in the Legislature recommending that the Principal of the Chipman Centralized School be replaced as early as possible. Ray O Hagen, the one man commissioner in his report, deals with the strained relations between the Principal Mr Harry Shinkbank and his staff. It also reviews efforts of parents, school board members and staff of the Chipman School to oust Mr Shavchuk, and lists of recommendations by the divisional board to dismiss the Principal and then his being reinstated at the request of the Alberta Teachers' Ass'n. Mr Hagen said in his report that, after studying representation, evidence weighs heavily in favor of replacement of the Principal as early as possible. The report also recommends the appointment of bus routes, serious consideration toward tightening of regulations concerning the sale of bus route, serious consideration toward formation of a county system of government for the Lamont area; that the Department of Education closely supervise the meetings and business administration practices and also calls on members of the Lamont Board to reconcile their differences and make positive efforts toward realistic administration.

The study of the business affairs of the Lamont Division arose out of petitions by parents following the Lamont School bus disaster of last November 20th that claimed the lives of 17 students. Nearly all the students came from the Chipman district. Parents had said they send their children by bus to Lamont because they didn't like the way the Chipman school was run.

WILDLIFE DAMAGE

A Wildlife Crop Damage Insurance program will be introduced in Alberta under legislation introduced to the House by Lands and Forests Minister Norman Willmore. Farmers can purchase policies at a premium of fifteen cents per acre with maximum insurance of 10 dollars per acre for damage by wildlife. Mr. Willmore said the premium would be used to pay for administration costs, with the Alberta Hail Insurance Board selling the policies and paying out damage claims. The total insurance fund would be built by charging an extra dollar for hunting licenses issued in the Province Mr Willmore said between 150 and 200 thousand licences are sold each year, which would result in an annual contribution to the fund by hunters of up to 200 thousand dollars a year

An upward revision of pensions and allowances under the Compensation Act is provided in amendments before the Legislature. The Special Committee appointed last session has presented its recommending Widows' Pensions be increased from 60 to 75 dollars a month and that dependant children's allowances be increased from 20 to 40 dollars a month. The increases would be effective as soon as the legislation receive Royal Assent and will apply to all persons receiving those pensions.

Premier Manning has called a special meeting of the Agriculture Committee of the Legislature to meet Tuesday morning, April 4th to receive representation from Municipalities concerning the new Education Foundation program. The premier said four or five municipalities have requested such a hearing and they have been notified to appear

In making the announcement Mr Manning said "I sincerely hope that those making representation will concentrate their suggestions on recommendations to improve the program and assist in its speedy implementation." He said that it is urgent that the program be proceeded without delay to stabilize taxation and place it on a broader base throughout the Province. Also that the interest of the taxpayers requires adoption of the program to protect them from tremendous local fluctuations and excessive tax rates. Where so stabilize taxation on a Province-wide basis the situation will become more serious and harder to rectify. We may now by a year or two late," said Mr. Manning. "The Edmonton Foundation program based on a 23 mill uniform rate plus Provincial grants will provide a sound foundation program which will not impair standards of education in the least. There can be no argument with the basic principles of the program but we can understand the local rates concern of the municipalities" he said

'BOUT A MILE DOWN THAT WAY

No use taking chances. A private school operating in one of Canada's smaller communities says in its prospectus. "Students arriving in (Name of Town) for the first time should inquire at the railway or bus station for direction as to where to go to find the School."

If the student can find his way through that sentence he'll find his way through the town.

East District Doin's

By FERN ICE

Robert Hill spent a few days at the home of his sister and brother-in-law, Mr. and Mrs. Ken Thomas, prior to his departure for Eastern Canada, April 7, where he will become a member of the RCAF. Robert joined the Air Force in January but was forced to endure a three month waiting period before beginning training. We wish him every success in his new life as a member of the Royal Canadian Air Force

Holiday visitors at the Heintz home included, Mr. and Mrs. Bruce Scully and family of Calgary, and Mr and Mrs. Bill Hallis and family of Edmonton.

Tom Sills had his holiday cancelled ahead of time by the cares of a fire in the Shining Bank area that required attention to assess a lower claim. He was required to pin point the blaze and Mr Sills was elected.

Mr and Mrs. H. Cuppis and family enjoyed Sunday dinner at the Sills home.

Mrs Phelan of Whitecourt spent the Easter weekend at the home of her sister and brother-in-law Mr and Mrs C. A. Durston

Mrs Hetherson enjoyed the company of her sister during the holidays.

Blue birds, robins, and bluebirds are concrete proof that spring is here Side roads are drying up faster than usual or perhaps spring breakup will not create such a hardship after all

Our district was well represented at the farm sale of Mr and Mrs Klassen, Saturday, March 25.

Local folk are beating a path to Entwistle and the new bridge site in hope of finding work, but to date not many have met with any success.

Several farmers are partially over the fact that pipe line crews have neglected to clean fences torn down to allow machines to carry on their work. With stock free to roam and go as will this neglect is creating serious problems for all concerned.

Irene Parfienuik of Tomahawk and Donna Lee of Carver Creek are chosen candidates for the PTA Queen division II.

Neighbors were pleased to see the Joe Morris family moving back to their home after spending the winter in Whitecourt. The Morris children will resume school at Sutton Central after the Easter holidays.

Mr and Mrs. Pat Bassaly and Patrice spent Good Friday and part of Saturday at the home of Mr. and Mrs. Harold Thomas Lynne Thomas returned with the Bassalys to spend the holidays with her sisters in Edmonton.

The farm of Mr. and Mrs. Ken Thomas was the scene of much activity, Friday p.m. when a smoldering hay bail flared up setting fire to a hay crusher. Passers by marveled at the success of the burning operations, little did they realize the fire was not confined solely to. Assisted by Alan and Vernon Parker and Sonny Hill, the fire was brought under control with no damage done, but no one could leave the scene to call for help. A stiff south wester did little to discourage the blaze.

Excessive wind this spring creation a serious fire hazard as we will do well to remember the old saying. "Fire is a good slave but a poor master".

Our new neighbor, Mr Berg has been busily looking around his farm recently Mr Berg dated purchased the H Proctor farm

Jack Heinz suffered a pair of very sore eyes last week due to a welders flash

Claude Hetherson spent a short visit at the home of daughter and son in law Mr. and Mrs Bob Bradford and called on friends in the district.

A benefit dance held in Peers last weekend for fire victims Mr and Mrs George Wells and family was well attended.

Don't forget the Bake sale and dance in Carrot Creek Friday, April 7, proceeds from which will be donated to help with the purchase of a TV set for Parkland Lodge, the District's Senior Citizen's home

Calgary Power is slowly but surely wending its way up the hill south of Peers corner Transformers were installed Friday so all that is needed to finish the job is wire on the earlier installed poles

A special meeting of Carrot Creek PTA Local 371 will take place Monday, April 10 in Carrot Creek Hall at 8.30 p.m. Discussion to consist of the proposed purchase of the Peers grain elevator and the forming of a co-operative association to operate same for the benefit of all district farmers

A meeting of Carrot Creek Community Association will be held the note evening April 10. in the hall

The proposed Picnic grounds at Pierpont Lake is a topic of interest to all district residents and the topic will be thoroughly discussed at the PTA meeting in Carrot Creek hall Monday, April 10

Doctoring a safety hat cuts protection

"Doctoring" a safety hat can be an invitation to an appointment with the doctor. This was pointed out by Wilson P Hevlena, safety director Great Lakes Steel, following the results of tests conducted in co-operation with the Old Metallurgical Laboratory.

"A bit of imagination" had been used on two hats that safety supervisors found being worn by the workers in one, slits had been cut in the side for goggles. In the other, two small holes only 1/32 of an inch had been drilled in the back.

"Apparently this was done to improve the ventilation, although it is not very appreciated how this would help," Mr Hevlena said. "What did he do to the safety hat? It sloughs out the safety factor to half Before the hat was tampered with, it would withstand a sudden transmission. But what will it stand now?

"The hats were tested on the tensile strength machine at the Old Metallurgical Laboratory. These were hats that had been tampered with, the other two were safety hats provided by the company.

"The hats with slits in the sides for goggles withstood a maximum pressure of 250 pounds on the side and 500 pounds on the top. The hat with two holes drilled in the back withstood a maximum pressure of 500 pounds on the top

"On the other hand, the approved safety hats issued by the company withstood a maximum pressure of 1,000 pounds on the side and 1000 pounds on the top. That's proof that imagination is out of place when it comes to safety hats. Don't take a chance; don't tamper with your safety hat." —SaferOregon, February-March 1961

PEERS NEWS

The Variety Show sponsored by the W.A. of United Church will be held in the Rainbow Hall on Friday April 7th.

McLeod Valley 4-H Grain Club met at the home of Lance at North Rosevear on Saturday April 8th Everyone welcome

Mr and Mrs. Elmer Griffin and Hugh Steele left to spend the holiday weekend at the home of her parents Mr and Mrs B N Radcliffe

Mrs Lu Radcliffe is visiting at the home of her daughter Mrs. G Roberts at Shining Bank

The community gathered at the home of Mr and Mrs F. W Jackson Shining Bank on the occasion of their 25th wedding anniversary. They received many lovely gifts from those attending the delicious dinner set and set of silver ware Mr and Mrs F. A Radcliffe were also presented with a gift at the same time on occasion of their 10th wedding anniversary

Mrs Bess Larsen is recuperating at the home of her daughter Mrs Sumner Boe now following her discharge from the Royal Alexander Hospital Edmonton

Am pleased to report Mrs Georgie Wells is improving from injuries she received in the recent fire of their home

IDB asks more use of Alberta made materials

The use of more Alberta made Building materials in construction projects, after being taken by provincial municipal and civic governments was called for in a resolution passed at a recent meeting of the Alberta Industrial Development Board

The board requested the cooperation of all public bodies in considering the use of Alberta made products equal to specified materials in quality and price. They felt that projects constructed with public funds should support Alberta industry thus bolster ing the provincial economy. It was felt there were too many public construction projects using non Alberta materials even though similar products may be manufactured in Alberta at the present time

The Board also called upon Department of Industry and Development to expand the provincial Bureau of Statistics studies program and initiate a cyclic market studies. Members felt that in formation of this nature would assist greatly in encouraging new development and expansion

Another resolution supported the promotion of a trade and industry conference which is tentatively scheduled to be held in Edmonton or Calgary probably in May. Provincial and industrialists from Alberta would be encouraged to participate in the conference to which Federal trade officials would be invited to provide first hand information about the Federal Government's program and plans for maintaining economic growth in Canada, particularly in the fields of industrial development and export trade A similar meeting held recently in Manitoba attracted more than 800 businessmen

At their Tuesday conference the industrial representatives from Alberta's cities and municipalities towns heard several addresses on topics related to industrial development

Dr D R Stanley of the Noranda Grimshe Robbie Limited spoke on Water resources and waste treatment, J Gregory of the Research Council of Alberta explained the role of that body in industrial development and P Marlyn executive director of the Edmonton District Planning Commission chose "Planning for the Future" as his theme

Possible developments in Alberta's oil and gas picture were outlined to the group by L Jackman economist with the Provincial Department of Mines and Minerals G Parks, IPR Industrial Agent at Calgary spoke on the part play ed by the railroads in industrial development

Other reports were provided by A Fitzpatrick of the Research Council staff, D Bryant Jr, Statistician Department of Industry and Development, J Gregory of the Research Council of Alberta explained the role of that body in industrial development and P Marlyn executive director of the Edmonton District Planning Commission chose "Planning for the Future" as his theme

IF HEARING LOSS IS YOUR PROBLEM, ATTEND THE BELTONE FREE CLINIC IN YOUR DISTRICT ON THE DATE BELOW

Beltone HEARING projects you into a new world of sound, social activity and participation. Amazingly light and comfortable, be it hearing glasses or "behind the Ear" for those optically good. Jasper winds up 64 rink bonspiel

Jasper has wound up its most successful bonspiel. It has ever had. This spiel attracted a total of 64 rinks from all parts of British Columbia, Alberta and Saskatchewan.

Concluding the big spiel was a smorgasbord at the Whistler Mountain Ski Hill Chalet, which everyone claimed as highly successful with the exception of the mud and mire that your car would sink in to. All in all though, there were no serious complaints.

The young Lloydminster ship, Wes Montgomery, was a double winner in the spiel when it wound up on Sunday by taking both the Grand Challenge and the Grand Aggregate

Montgomery overcame an early lead to defeat Izzy Worobec a rink in the final of the Grand Challenge but had to go an extra end to beat "Cold-draw" Worton. He went right back on the ice to edge Jasper's Bill Leverth in the final which settled the Grand Aggregate. Leverth won the Kong Edward Hotel (Edmonton) trophy, the second pr mary over Lloyd Blandi's rink from Jasper.

Ken Reeves of Whitecourt defeated Don Robinson rink from Jasper to win the George Andrew trophy and the "C" event

D. Mitchell of Edmonton edged out J. Bunn's rink of Jasper to take the Slarky Trophy

Ke at both the new Jasper Arena and the Jasper Curling Club was used to the four day spiel with the finals being played at the Curling Rink The ice in the arena was last used on Friday night and the hockey boys then got busy and made it ready for a hockey game against the Barrhead Bluejays

Sar Andrew, president of the Jasper Club presided while Sandy Robinson and Bill Lee orth handled the draw

Following this spiel a local mixed got under way and to date of writing is not yet finished Following this mixed an open mixed will be held for the weekend of April 1st if enough entries are received Results of these spiels will be published later

To whom it may concern!

Can you remember every thing that you did at the party last night or are there blank spots?

Don't laugh if friends say you stood on a table with glass in hand and sang a song, but can't remember doing it

You might have had a memory blackout—one of the first signs of alcoholism.

Are you taking a drink the morning after the party to help shake off that awful hangover? This is another sign that you are on your way to becoming an alcoholic

Of all the signs of alcohol on the following five are some most easily recognized: Memory blackout, loss of control, solitary drinking, and long drinking bouts.

You needn't become uncommon to have a memory blank out It's an interval of amnesia lasting from one to several hours that leaves a sobered up drinker without any recollection of what happened during some part of a drinking bout

If you have experienced any of the above signs of alcohol con dering your drinking and honestly wish to do something about it contact the local Alcoholics Anonymous Group in Edson There are two meetings held weekly in Edson On Wednesday at 8:30 p.m and on Sunday at 8:00 p.m For further information phone PA3 3024

When you come to A A you'll find anonymity and connection with A.A. is respected. You are the only person entitled to break your anonymity

A public meeting will be held in Edson in the Nova Theatre on Sunday, May 7th at 2:30 p.m, by the Edson Alcoholics Anonymous Group, to try and help the public, the families and friends of the still suffering alcoholic, to better understand the problem of alcohol

Insurance means PEACE of MIND

For the Homeowner Today, insurance is making it possible for more Canadian families than ever before to enjoy the security of home ownership.

Without the protection of insurance against fire and other disasters, probably few of today's new homes could ever have been started. Knowledge that a home and its contents are adequately insured against sudden loss replaces worry with Peace of Mind.

Last year, the companies writing fire, automobile and casualty insurance paid out more than 500 Million Dollars in claims across Canada — real evidence that insurance indeed means Peace of Mind.

GREEN ACRES
By DICK BOCKING

Green Acres Reducing Hog Losses

The Alberta swine industry lost more than 4½ million dollars on pigs born between June and November last year. Of the 605 000 deaths recorded during that period approximately 33 per cent occurred before weaning and 13 per cent after weaning

The cold hard facts of the matter show that this loss of income could have been reduced by at least 50 per cent Dr E. E. Ballantyne, Director of Alberta's Veterinary Services, while making this statement pointed out that inadequate management and poor feeding practices were responsible for a very large percentage of these losses

The diagnostic service and vital statistic records, submitted by veterinarians and the records, kept by the Veterinary Laboratory, showed that pneumonia, enteritis and nutritional problems such as anemia, vitamin deficiencies and too much fibre (oat hulls) were the main cause of pre weaning deaths

After weaning deaths were mainly due to the same basic factors with pneumonia again high on the list Other infectious diseases responsible for losses in older pigs included erysipelas, hristis, oedema glasser's disease, round worms and mange

All these diseases are caused by circumstances over which the pig producer has considerable control In the case of pneumonia, pigs can stand a lot of dry cold but a combination of dampness and cold is fatal to their disease resistance Erysipelas, the most common infectious disease after weaning, can be controlled by a routine vaccination program Proper sanitation and a definite swine parasite control program carried on in conjunction with good feeding and management practices will eliminate most of the losses from enteritis, oedema, both before and after weaning

Dr Ballantyne stressed that too much emphasis can not be placed upon disease prevention and control in the swine industry This primarily, must in fact, be an integral part of any successful livestock enterprise.

Information

A wealth of information is available, free of charge, from the Alberta Department of Agriculture to farmers and homemakers in this province

There are well over 200 pamphlets and leaflets on which you will find detailed information, based on years of research covering practically every topic which concerns Alberta's farming public Some of these topics may be broadly classified under the headings of agricultural engineering, horticulture, beekeeping, dairying, beef cattle, sheep swine poultry field crops, soil surveys, pests control and weeds.

For a list of the publications write or call at this office

Wild Oats

The importance of cultural methods for the elimination of wild oats must not be minimized by the development of new chemicals for wild oat control. These herbicides should be regarded as power ful supplementary weapons rather than as the beginning and end of wild oat control Delaying seeding and post seeding cultivation are still the two principle methods for dealing with the serious wild oat problem in this province

Delayed seeding necessitates killing the soil early in the spring, to a depth of less than four inches and then allowing the wild oats to germinate and grow Usually maximum growth is not reached until the first week in June At this time the infested area should be cultivated again and reseed at once to an early maturing crop such as Gateway or Olli barley. A heavier than normal seeding rate and the use of a recommended fertilizer will do much to establish a good stand of grain to compete against the wild oats

Pre seeding cultivation aids destroying the wild oats with a rodweeder or harrows after the crop has been seeded Seeding should be done a little deeper than usual and cultivations begun when the grain sprouts are half an inch high This is usually from four to eight days after seeding.

Other recommended cultural practices include cutting and removing the crop before the wild oats are ripe enough to shatter When this is done the stubble should be tilled as soon as possible and as often as necessary Greenfeed crops should be cut before the wild oats head out Wild oats which have headed out prior to cutting will mature in the sheaf and be spread during feeding Fall seeding crops such as fall rye, can be used to advantage in a clean up rotation. Forage crops used in a rotation crop rotation or seeded separately and left down for a few years will also do a great deal to reduce wild oat infestations

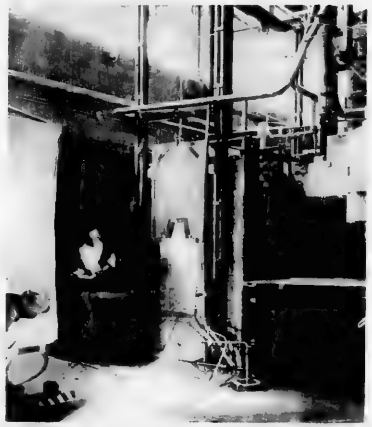
On the Edson Grande Prairie Trail in 1911

By HARVEY A. SWITZER

(In our March 2 issue we reprinted part of the article by Mr Switzer with which he won first prize last summer in the Pioneer Writing Competition sponsored by the Historical Society of Alberta. Mr. Switzer's trip to Grande Prairie began in 1911 and in the first part we left him at the approach to Sturgeon Lake).

When we finally were through to the end of the old cutline, several miles south of Sturgeon Lake, the crew was disbanded. It was now well on into April and as none of the outfits had sufficient fodder along with them, many of the animals had died enroute. Most of those which survived, except those able to travel, were driven onto the flats of the Little Smoky where they was considerable frozen grass, filling but not very nourishing. We had lost our blow as and put the rest on the river with the others.

We built a cache of poplar logs and placed it in our sleigh and all our gear, with the exception of what we would carry on our backs for the rest of the journey. This included our blankets, frying pan, tin plate and cup cutlery, some grub and a hand axe. About the time we were ready to start off, along came a spanking team of horses with John Black, Deputy Minister of Public Works, Jim Cartwell, "The Apostle of the North" and Read Enzer over McQuarrie. The team was driven by a young man named Robertson, then an employee. Most of those which survived, except those able to travel, were driven onto the flats of the Little Smoky where there



ALBERTA INDUSTRIES large and small, are featured in a new motion picture recently released by Northwestern Utilities, Limited. Typical of such industries is the Peace River Glass Company plant at Fort Saskatchewan. In the above picture taken from the film, molten glass is being drawn from a gas-fired furnace, a first step in the manufacture of glass fiber products. The 16 mm film, titled "The Turn of a Valve" depicts the gas company's operations over the area it serves and emphasizes the role of industry in the development of Alberta. Prints are available from the company for showings to interested organizations. Edson Chamber of Commerce had the opportunity to see this excellent film at a recent meeting.

Gas company offers added development help

A record year in addition of industries to place additional services in the area of sale and industrial development has been announced by Northwestern Utilities general manager, M. E. Slowey.

In a release to the press Mr. Slowey stated that R. N. Dalby who has been appointed to the general manager's post, has been appointed manager of the Sales and Industrial Development Department.

R. N. Campbell has been appointed Supervisor of Industrial Applications Engineer.

In a letter addressed to the mayors in the communities served by Northwestern Mr. Stewart stated that his company is in a position to be helpful in towns and villages [illegible] industries and residents.

Jasper splits week-end series with Barrhead

JASPER—

The Jasper Totems, although losing the first game of a two game series by a score of 10-6 to Barrhead managed to tie-up an 8-7 win over the same team on Sunday.

Both games were fast and showed good hockey with the Sunday game being much the cleaner type of hockey. Saturday's game was marred with two injuries to Barrhead players and a total of 11 penalties while Sunday's game remained penalty free. Lorvin for Jasper had three penalties Saturday with Warner from Barrhead getting the gate twice.

The ice had been put back into shape for hockey after the big annual Jasper Bonspiel with many of the players performing the work to [illegible] the curling rinks [illegible] and flooding.

South of Barrhead pulled a little better than the half trick by scoring four goals in Saturday's game. Nichols of Jasper was top scorer for the Jasper team putting in two of their counters.

F. Lorain for the Jasper team was top scorer on Sunday getting the hat trick for three goals. All other scorers for this game were singles.

Players for Barrhead Sled in Konerslein Seven, Smith Wagner Hachmaski Braun Orr, Baron Gayford Gare Staples Stanin and Swierville.

For Jasper Brumberger, Chesney, McLeod, Johnson Anderson, Fasco, Bugalda, Nichol, F. Lorain, D. Lorain, Wheele, Desjardins, and Bill Donner.

Referee- A. Anderson and T. McIntire Timekeeper D. Cornforth.

Do it Yourself

Dear Bushed, kind sir excuse us please; Your story brushes to heart
We needs must sympathize with you, oh dear when shall we start?
The logging rackets gettin' tough, on this we all agree,
When pack rats raid the cook shack and flush the powers that be
A worn out cat, a stove up nag and roads that bog a truck;
Those fellows should work overtime and earn their daily chuck.
That mean old ranger should be shot, that crooked scaler too.
They really put you on the spot; my how they pick on you
We'll tell you what you ought to do, you poor mistreated elf,
Just fire the whole confounded crew and do the job yourself.

FERN

ELEPHANT BRAND FERTILIZER PAID FOR THIS CAR

This is not an exaggeration. By the proper and effective use of Elephant Brand fertilizer, thousands of farmers have been able to buy something they wanted, such as a new car or new farm equipment.

You make more money in two different ways when you fertilize with Elephant Brand. You grow better grade crops which sell for higher prices; you get greater profit from each bushel because it has cost you less to produce each bushel.

GROWING BARLEY?

You can make extra profits of $9.25 per acre and even more by fertilizing your barley crop.

Here is an example of how fertilizer increases profit from barley.

Increased yield per acre with ELEPHANT BRAND	16 bus.
Value of increase (Barley valued at 75 cents per bushel)	$12.00
Approximate cost of fertilizer (50 lbs. per acre of 11-48-0 on summerfallow)*	$2.75
EXTRA PROFIT PER ACRE	$9.25

*Barley on stubble, when properly fertilized can show equally profitable return.

ELEPHANT BRAND PLUS VALUES

- Uniform size
- Free flowing
- Palatized
- All fertilizers highly water soluble
- Strong, weather-resistant one-slip bags
- Fast, reliable service assured by adequate dealer stock

The beginning and the end

By JACK LIVINGSTONE

CONTINUED — (By this time the chips had been blown out of the lumber one digester had scraped the knotters, passed over the breastwash screen and were moving into the lumber ten chlorine bleaching tower.)

On January 6th, the order master and other copies of the Kutia order were received at Hinton shipping date soon as possible. Specifications— Viscosity minimum 10 maximum 12". Packaging requirements — steel straps instead of wire ties, in groups of three bales each two straps over flaps and one strap at right angles."

Within the hour arrangements had been made by operations, technical to modify bleaching procedures in order to produce the required product. In this case the hypo additions remained the same but the Cuaste Buffer was completely cut off in order to lower the PH to around 9 (PH measures alkalinity or acidity. Obviously moderately low PH is desirable for fibre). Past experience had indicated that a reduction of acidity was usually reflected in a lower viscosity. It was felt that a 9 PH would be about right for the viscosity required.

Shortly after viscosity tests were run by the technical department first at number 25 washer, to make sure the viscosity was dropping and finally at number 35 washer. By this time the end product had been determined, each man had done his work and when the laboratory reported the viscosity reading was 10.6 preparations began to receive the pulp at the dry end of the machine. Men were moved from the machine room down to the warehouse. Strapping equipment was drawn from stores and the graders were alerted to watch for an increase in color at about 10 p.m.

At quarter to six all was ready and further samples were drawn from production by the technical staff. At five minutes to six the color jumped two points on the Gardner meter and the grade improved from 2 to 1. "It's here" the grader reported. As soon as the new grade and color had been confirmed on the first set of fifty bales the baling machines were cut off, and in the warehouse the men moved in to begin strapping the bales together. Each strap on the lacerator was three bales rather than five and quickly the strong holders were taken off each bale as the straps were passed around and drawn up to 1200 lbs. tension by the pneumatic strapper.

As each set was completed it was picked up and placed in the ready car. The shipping clerk noted each bale number carefully on a work sheet headed Special run car 1. Later the graders would phone down the air dry of each group as well as the Gardner Brightness, and this information could be noted on the sheet.

Within three hours the car was completed. The time machines were placed back in service and the extra crew in the warehouse had put away their strapping materials and gone home. Shortly after that the grader noticed a drop in color, reflecting the return to normal bleaching conditions. Some eight hours earlier in the bleach plant. The grade soon returned again to clearness. Samples two and the card out to the graders shack was changed accordingly. That at the end of the sand, right on schedule."

In the morning the cold beer were picked up as [illegible] other report to the information, already there was [illegible] the other shortage, due to at least resistance to shearing and the freeness of various beating times. In the case of this one special car the final viscosity of 11.0 [illegible] with satisfaction and the railroad was assigned to Kutia Paper Co. at Richmond South Carolina at Dealer 1 Hotel was 198.8 F. Box 1101 1961 Cincinnati Sun beyond Rule 81.10 per ton dried. Price $130.00 per air dry ton Carload No. 1 com[illegible] order and passed into the traffic department. Each group of air dry on the sheet was added together and an invoice made out in duplicate [illegible] Sales and trade, acre checked [illegible] one of these old bills of traffic [illegible] and passed to the traffic clerk for his attention. Since 1 car, the cabin [illegible] were checked, and found correct, the bill of lading was prepared for the rail [illegible] Export Co. [illegible] was then added to the point [illegible] and a copy of the invoice was directed to the attention of the American Customs people at the point of entry into the United States. As soon as the shipping papers had been completed and signed by all interested parties, and the customs cleared [illegible] a copy of the bill of lading as soon as all information had been recorded on sales ledgers, purchase ledgers, freight charge records, routing reports and order production records the car was on its way.

At eleven a.m. the next morning the conductor of extra 1342 west looked at his switch list made routing notation with his hands to the Fraser and car CN was cut out of a group of other cars and was on its way to North Carolina.

We eat with our eyes. Color plays an important role in the appetite appeal of foods. The reds, yellow and greens of vegetables bring a rainbow to the table. Fruits add a color note, too, and accent the browns and white of other foods.

Colored table coverings, china and glassware can all help to make the meal setting "pretty as a picture". That is, of course, if the table setting complements the colors of the food so that there is harmony and not discord.

Fortunately it's not difficult to choose a combination of foods that look attractive together and taste good. It would be a mistake to let the urge for artistry destroy the balance of flavors by after nutritional balance, the first emphasis in meal planning must go to good cooking and the combination of flavors. But appeal for the variety of food included in the menu depends largely on the appearance of that food.

Reds add zip. Red adds a zing note to a meal. Cranberries, apples, strawberries and cherries are a pure red. Tomatoes, pimento and most kinds of paprika are an orange-red. Reds, plums and raspberries have a purple-red tone. And then there are yellows from citrus and food color also. Both may be used to add a touch of red as well.

In meal planning the value of the reds should be considered if dieting is to be avoided. The color of beets and beetless dish as badly on a plate or when worn as part of a costume of used together in the decoration of a room.

Use Blue on the Table. If you want to use blue in your color scheme, let the table decorations bear this color. There are very few blue foods and foods tinted blue are [illegible] are not very appetite [illegible]

Green Is Delicious. Fortunately for menu color planning, there are many green vegetables. What a difference green peas, beans, broccoli or cabbage make in meal. Pork chops with mashed potatoes, peas and cauliflower look well together but the pork chops or tomatoes for [illegible] Add some parsley to potatoes [illegible] proved. Then, did you think of paprika to the potatoes and steamed apples or tomatoes. The salad or a red cabbage for the meal. The appetite appeal is urgent.

Yellows are Really Added. Yellow and gold are natural companions. The yellow beets, carrots and cauliflower are familiar and we all enjoy them. But then, for real [illegible] remember to use the yellows once in a while in combination with a pleasing contrast in color.

Picture pretty meals are easy to plan and serve. Don't forget the color appeal in your menus for [illegible]

Next week the car leaves Canada and we see the rail [illegible] foods [illegible] have troubles.

Gardening book for the prairies

The 1961 edition of the Prairie Gardens is now available to residents of the Prairie Provinces.

This booklet, published by the Winnipeg Horticultural Society, contains articles by a number of horticultural authorities from Alberta Saskatchewan and Manitoba.

Articles in this new edition include such topics as The Modern Home Landscape, Home Ground Plans, Ever greens, Perennials, Annual Flowers, Bulbs, for Outdoors, Roses and Windbreaks.

Copies of the Prairie Garden are available, for $1.00 each from the Agricultural Secretary Department of Extension, University of Alberta, Edmonton Alberta.

Students at Jasper cause MP concern

OTTAWA — Transport Minister Balcer has been asked to tell the Commons what steps are taken by the CNR to "protect the moral good and welfare" of the 300 students employs at Jasper Park Lodge each summer.

The question is one of five about Jasper student employees placed by Douglas Fisher (CCF Port Arthur) on the Commons order paper Thursday. The questions will come up in the House next Wednesday but do not necessarily have to be answered at that time.

Outside the House Mr Fisher said the situation which prompted his questions is dynamite." Jasper is the CNR's swank tourist resort in the Alberta Rockies.

The questions are:

1. Did the CNR recruit and use the services of any college or high school students at Jasper Park Lodge in 1960.

2. If so how many students of each sex from what province, for what occupations and trades?

3. What were the factors used in selecting the students including their order of importance on such possible factors as academic standing, the ratio of need and the age of the students?

4. Were any provisions made to give guidance to the students in their studies?

5. What provisions were made to protect the moral good and welfare of these students in their off duty hours within the property of the CNR?

COMING EVENTS

FIRST AND THIRD MONDAY of every month the Spirit Mets meet in the Opti mist boys centre. The first meeting being a business meeting and the second meeting a project meeting. Any girls between the ages of 13 and 18 are welcome.

SUNDAY, APRIL 9 — Movie sponsored by the Rebekahs at the Silver Theatre at 1 p.m. has been cancelled until further notice.

WEDNESDAY, APRIL 12 — Annual General meeting of the Edson Golf Club will be held in the Commodore Hotel banquet room at 7:30 p.m. This is not a supper meeting. All members and prospective members are asked to attend.

THURSDAY, APRIL 13 — St Catherine's W A will meet at the home of Mrs. Florence Romaine at 8 o'clock.

FRIDAY, APRIL 14 — Bingo in the Glenwood Community Hall commencing at 8 o'clock.

FRIDAY, APRIL 14 — The Kinettes are sponsoring a public dance in the Edson Legion Hall. Music by Hinton's 6 piece orchestra. "The Rhythmaires." Everyone Welcome.

SATURDAY, APRIL 22 — Rummage sale in the former Martin Shoe Repair store. Sponsored by the W A of the United Church.

TUESDAY, MAY 2 — Meeting of the Glenwood Community Club in the Hall. All are urged to attend this meeting.

SATURDAY, MAY 6 — St. Catherine's WA will hold a Spring Dance and Tea and Bake Sale in the Parish Hall from 2:30 to 5.

SATURDAY, MAY 6 — The Home & School Assn. will sponsor a presentation of live drama by the Jasper Players at the High School auditorium.

WEDNESDAY, MAY 10 — Mother's Day Tea and Bake Sale in Glenwood Community Hall.

MARLBORO

Mr and Mrs Clarence Franklin had the Vance Shilep family from Kinuso visiting them at Easter weekend.

Mrs Ascend Wahl had Mrs Mertons and a friend from Edmonton as visitors over the Easter weekend. They also visited Lindrks and Mrs. Mollie Wahl.

Charlie McKinnon has gone to the trap line for spring trapping.

Mr and Mrs Ray Johnson spent Easter in Edmonton where she attended the wedding of her sister Evelyn.

Mr and Mrs D W Miller spend Easter at their son Ka in Bentley Alberta.

Miss Shirley Plante and a friend Jim Angus of Westlock spent Easter at her folks here. Mr and Mrs Tommy Plante and Family.

Mrs Agnes Wahl and Mrs Lloyd Belcourt were Edson town visitors over the Easter weekend.

IN MEMORIAM

In loving memory of a dear husband and dad Walter Haubi who passed away April 8 1960

Sweet are the memories, all easily kept.
Of one we loved and will never forget.
Though absent, he is ever near
Still missed and ever dear.
Ever remembered by his loving Wife Freddie Ken ny, Margaret, Johnnie, Rose Marie and Vaudine

IN MEMORIAM

In loving memory of our brother Art Simmonds who passed away April 3rd 1957 At home on the beautiful hills of God
In the Valley of Rest so far Sometime somewhere when our work is done
With Joy we shall meet him there

Ever remembered and always missed by Mona Lee and Children

Trans Mountain staffs hold interesting spiel

Trans Mountain Pipe Line staff were hosts to rinks from Jasper Gateway Stony Plain and Edmonton at a banquet held in the Edson Curling Rink on Saturday, March 25.

The "Bullpeg Trophy" was won again for the second year by a Stony Plain rink skipped by A Lesher M Barbour 3rd D Samuel 2nd and F Pryce lead. The winners were presented with individual curling trophies and hand tooled belts.

Second prize of silex coffee makers were won by the B Andrews rink J Glover 3rd J McKnight 2nd and G Samuelson lead.

Third prize of pens was won by a rink skipped by J Baxter M Harmsen, B Tracey and B Davis. Fourth prize of nail trimmers was won by a rink skipped by J Mondrel D Ward B Hambe and J Gray.

Not to let the men get ahead of them the Stony Plain ladies rink skipped by J Rich and J Lothaire L Price and R Daniel also walked off with individual curling trophies and cups and saucers.

Second prize of large ash trays went to H Wiggleworth D Mayer J Oliver and B Andrews. Third prize of small ashtrays were won by D Wiekstrand M McBride A Samuelson and J Ward.

The arbitrary were made by Mrs. Jean Oliver at the Edson Curling Centre of Edson city and the trophy stands by J Oliver of Edson.

The big curling day was topped off by the Edson ladies serving a lovely chicken supper. All partaking of the event hope for a repeat next year.

Premier accepts honorary post at Drayton boxing

The sponsoring body for the Canadian Amateur Boxing Championships the Drayton Valley Athletic Association received some very good news over the weekend when publicity chairman Pete Mc Jannet announced that the Honorable E C Manning Premier of Alberta had accepted the position of Honorary Chairman for the Dominion Tournament to be held in Drayton Valley May 12 and 13, this year.

In accepting the position Mr. Manning said. "I will be pleased to grant the use of my name as an honorary patron and chairman of the Provincial Tournament and I do hope that this tournament held in your local recreation building will meet with every success. I would be pleased to attend and officiate at the ceremonies in Drayton Valley at that time, however due to previous commitments I do not feel that I will be able to accept your kind invitation."

Entry forms for the "Championship Tournament are being sent across Canada this week. Early entries will be most dearly appreciated by sponsoring body. At this time it is hoped that the response will be good and that a majority of the provinces will take part in the great Dominion Tournament.

Entries are being received including manufacturers, other service organizations, trade associations, etc. have also started CQ programs.

Approximately eight hundred awards were made on February 23 by the Freedoms Foundation. Jim Collier said.

Kiwanis receive citizenship award for CQ survey

JASPER—

Kiwanis International has won Rs fourth top award in the annual Freedoms Foundation citizenship contest, it was announced by Jim Collier President of the Kiwanis Club of Jasper. The high honor, specified as the Distinguished Service Award came to Kiwanis on February 23. It was presented at the annual Freedoms Foundation awards ceremony at Valley Forge.

The award was made for Kiwanis' CQ (Citizenship Quotient) project which encouraged citizens to determine the extent and kind of their individual citizenship activity (citizenship quotient) and to take steps to correct any deficiencies noted. Results has won a top award in all but two of the twelve annual Freedoms Foundation citizenship contests.

According to Jim Collier, "The Freedoms Foundation Award has long enjoyed the same stature in the community services field as the "Oscar" in the motion picture field and the "Emmy" in the television field."

About twelve hundred Kiwanis clubs in the United States and Canada are currently operating CQ programs, and several hundred organizations of other types.

Visitors at Easter keep Parkland lively

Easter has come and gone, and was enlivened considerably by a large number of visitors taking advantage of the season to say hello to their friends in the Lodge.

Mrs. Martha Kolbe has returned after a long siege in hospital and was warmly welcomed back by all members of the big family who were pleasantly surprised to find her so well.

Mr. H. Columbe, too came home from hospital and is busy learning to use his left hand until the right is mobile again.

Mrs. Herring and Mr Donkin should be out of hospital this week and then our gang will be complete again.

Everyone is looking forward to greeting their many friends at the Silver Tea being held by the auxiliary in the Lodge on Sunday afternoon, April 23. The public is cordially invited to attend and make this a gala occasion.

Mr and Mrs. P O Matting ly are at present visiting in Edmonton for a couple of weeks, tending all their spring lever early in the year.

Four more guests have taken up residence since last report and the competition is getting exciting, touched all the time from the ratsky pests in the environment.

Drostan News

Mr and Mrs. Mike Iwan ow ds motor Edmonton visitors last Tuesday.

Only a small crowd attended the school drive at Drostan Hall last week.

Mr Albert Fitzpatrick was an Edmonton visitor on Tuesday and his mother Mrs. L. Vaugeois returned with him to spend Easter with him and his family and with his sister, Mrs. Mildred and family.

Mr Jack Hildreth and Paul were Edmonton visitors on Wednesday.

Mr and Mrs. Mike Ivanow ich have Mrs. Ivanowich's sister, Mrs. Les Pupon and husband and children for Easter.

Mr and Mrs. Frank Stone and family drove out from Edmonton on Thursday evening to spend the weekend with Frank's sister Mrs John Hawkins and family.

Mr and Mrs. Leonard and Mrs. Frank Stone and Betty Anne were surprise visitors at Mr. and Mrs. Jack Hawkins on Saturday afternoon.

Mrs. L. Verpaelst and Mr and Mrs. Nick Melnyk and Lan dy were visiting with Dr. and Mrs. K. J. Roberts on Saturday afternoon.

Dr and Mrs. K F Robins and little grandson stopped off at the Hauhs and Melnyk homes enroute to Leduc to spend Easter Sunday with their daughter Mrs. Fred Haugh and husband.

Mr and Mrs. Mike Pulish and girls Mr and Mrs. Hjalmar Worthing and family Mr and Mrs. Ben Hauhs were all home on Easter Sunday.

Mr and Mrs. H. Wandzin spent Easter Sunday with the Hauhs family

Mrs. Mary Drobchenko from Edmonton came home to spend Easter with her folks and other relations and friends in the district.

Farmers talk over elevator purchase project

A group of district farmers attended a meeting in Peers Monday April 3, concerning the proposed purchase of the Peers grain elevator. Although much discussion proved the building to be in good condition and well worth the price asked.

It is the hope of all concerned that a Co-operative Association can be formed to operate the elevator for the good of district farmers.

A tentative survey of properties where holders will be made throughout the district in order to raise necessary funds for the purchase of the elevator.

A meeting has been scheduled for Saturday, April 15 with a Co-Op representative and a B of G man in attendance. This meeting will be held in the Peers Ratepayers Hall. Watch for posters for time of meeting.

MAD'S THE WORD FOR Teen and Herd

It was time to see exactly what had hit the Easter holidays and we are pleased to report to you that it was a very successful one. Everyone seemed to be enjoying themselves and it was all over too soon.

We saw our Teen Queen very busy trying to get everything organized so that she can attend the Hinton conference and make a good showing for the Edson Teen Beat our Teen Queen isn't the only one who has been busy making those plans and trying to round out their real shorts to take them through the four day conference.

All the teens were out in full force to start off their Easter holidays with a bang and we think that there were several parties in town at which all the teens report ed to have had a real time.

We hear via the wire that Jim Guthrie is leaving us to go back to school in St Paul and we think that he is going to be missed among the young set set

Hinton teens are all very busy making final arrangements for the teen conference and from what we hear they are going all out in a big way and really outdoing themselves to make everything just as enjoyable as possible for the boys that will be living it up in Hinton

Well a reminder to the Teen set, let us all know what it is you want to do and what you like to do. We have been a real go ing group for years but when you get there for the Alberta Teen Conference who not be the best behaved teens that a conference has ever seen. After all we are proud of Edson and our parents are proud of us and let's keep it that way. But on the otherhand I think that Edson teens can show friends from the local teens and the residents of Glenwood how to have fun without too much booze.

Noticed Fred Dubue out for an Easter treat and seem ed to be in an emotic. Sun ali looking up old friends and such

You know we think we saw an acting party going Ken and Sharon were out picking up pop bottles so they will have a little extra spending money when they get to Hinton

Now that's the way to do it about it. They seemed to be having more fun than we think picking up pop bottles as but then they go about everything with that kind of an attitude

Well did you ever think two girls are still at it and they don't seem to mind it at all. Honestly I thought the teenage girls were supposed to stop playing at 16 and these people are a little older than that

While we're on the subject of teenage girls there is a couple of them that should know better that are still playing hide and seek. Let us for asking but how many shirts did you have in your trunk?

Tips on Touring

By Carol Love
Woman's Travel Authority

Edmonton and traffic safety experts make mod erate, super high ways the safest possible high speed roads. Just the last word in safety is up to you.

Here are some pointers on safe super highway driving.

Stay alert! Sustained high speed saturated sounds and fixed staring ahead can hypnotize a motorist make his mind wander his attention go dull. Remember that at 60 miles an hour you cover 88 feet in one second. It takes 300 feet or 3½ seconds to stop. A second's distraction can be dangerous.

To help stay alert, play the radio talk to your passengers, check the rear and side view mirror and the instrument panel.

Stop every two hours. Walk around. If you feel sleepy splash cold water on your face and if you stop pull off the road completely. If you need help for repairs raise the hood tie a handkerchief on the antenna or left door handle. Then wait patiently inside the car. Let police or highway patrol

Never have a superhigh car check your speedometer to be sure you have shown down. You are used to speed and you must readjust your thinking and driving to the lower speed of the local road

Glenwood canvass for Red Cross very successful

The Glenwood Community Club under the capable leadership of Mrs. Betty Smith and six members of the club canvassed Glenwood for the recent Red Cross campaign. A total of $38.78 was raised.

A sincere thanks is extended to the Community Club and the residents of Glenwood for their cooperation in this campaign.

H & S Founders Day draws interested crowd

JASPER

The annual Founder's Day concert of the Jasper Elementary and School Association was held in the High School Auditorium on Friday, March 24. Pupils, and adults, performed to a well filled house and provided an evening of lively and varied enjoyment.

In the absence of the president Capt J R Kenny who was attending the Home and School conventions in Banff the program was introduced by Mrs M Peterson who gave a short talk on the aims of the Home and School

They followed an amusing act play by the grade 3 teenage girls entitled "Lazy Days in Advance" Mrs John Hall's grade 1 class then performed a square dance with catchy thirties girls and boys and boys honoring their partners curtsing and pronounced ing in a polished manner

Piano solos by Lloyd Hitch cock and Gwen Ann Hawkins were rendered with skill. Very much appreciated were the Highland dancing numbers done in resplendent costumes including the Highland Fling by Heather Wilson, Sword Dances by Dorothy Ann Hawkins and Heather Wilson and Irish Jigs by Marilyn Hawkins and Heather Wilson.

Dr. Hugh Horner Reports

WORLD TRADE

Report on New World Organization being formed — To be Called Organization for Economic and Co-operation Development

An interesting measure approved by Parliament recently, was Canada's entry into an organization of countries for economic and co-operative development of the member countries This is a newly established body which will perhaps, eventually take the place of part two of NATO—the economic development of NATO countries It is to have a membership of at least 20 countries and the main aims of the organization will be to achieve the highest sustainable economical growth in the member countries while maintaining financial stability. Of to contribute to the economic development of developed countries and Of promote expansion of world trade on a multilateral, non-discriminatory basis

This organization has on its horizon of replacing the Colombo Plan or GATT but is being greater co-operation among member countries regarding trade world finance and assistance to under developed countries such as North Africa It is patterned after the lines of European Economic Development which was organized along with the Marshall plan and aided the growth in the development of Europe after the war All countries which belong to the "inner 6" trading group are members of the organization, which includes Spain, Portugal, the United States, Canada and Ireland and a few other countries

All members on signing their participation into the organization agree that they will keep each other informed and furnished with information with in a d to overall agricultural conditions of the countries, the examination of the trends in supply and demand in the member countries and the best distribution of products in the organization

The Canadian Parliament was the first of 20 governments to approve and ratify this organization The Secretary General of the organization is Mr Kraisonen a former finance minister in the Danish Government A man considered well able to co-ordinate the numerous plans with various countries and bring about a greater exchange of ideas between Europe and the North American continent and perhaps greater aid to some of the less fortunate countries

While the organization functions is essentially of a consultative nature it should bring about a review of the economical and financial situations of member countries as in proved economical assistance programs, and perhaps assist in the co-operation of member states in a number of other fields including tourism manpower maritime transport energy and industry

All parties — Government Liberal and CCF approved of Canada's entry into the new organization and all speakers in the debate wished it every success in bringing about greater liaison between member countries

American coin

Mr H Behrum brought a clipping and picture into the paper office last week concerning an old friend of his which was of general interest The picture was of an old coin which when cleaned up revealed an 1817 American fifty cent piece with 13 stars for the number of states then in existence surrounding the Liberty head

It was found by Clarence Shay of the Clarendale sanitation department at the town dump It will never be known how long it has been there but the coin under its grime was in near perfect condition by the time Mr Shay had been of fered $25 for it

"Accidents Need Not Happen" theme for 1961

Though she doesn't know it, this little lady is playing with danger. For the moment she looks run in, in hands as young as hers, as deadly as a loaded pistol.

Because of the risk this child is courting are all the many tragic happenings they need never have happened. In the words of the safety slogan, simple safety measures on the part of adults could prevent the thousands of accidents that yearly bring tragedy to homes around the world.

It is in recognition of accidents as a growing health problem throughout the world that the World Health Organization has chosen "Accidents Need Not Happen" as the theme for the celebration April 7 of the 13th anniversary of its founding.

WHO and its 100 Full and four Associate Member States are working to reduce the hazards to health that accidents are doing their best to eliminate, each locality a tragedy, of all description represents — The global campaign against accidents needs intensive participation of official support, however. It needs the help of all parents, indeed of all men and women everywhere who would reduce this dreadful toll on human life and well being. It needs your the most earnest and hearty help

Heart Fund canvass up

Revenue from Heart Fund Valentines in country districts showed a 20 per cent increase this year according to R. T. Banks head of the Provincial Campaign. A total of $6180 has been raised from this source and returns are still coming in.

Mr Banks appealed to the public to complete their mailing of Heart Valentines as soon as possible so that the campaign which began in February may be concluded.

The provincial objective for Heart Valentines is $27,000 of which almost $20,000 has been raised Mr Banks expects that Alberta's overall objective of $65,000 will be reached when all returns are received.

"Over 70 per cent of Heart receipts are spent in heart research" states Mr Banks "and approximately 15 per cent on public and professional education."

"Campaign and operational expenses total 10 and 5 per cent respectively" says Mr Banks

Edson Locals

Mr and Mrs Gary Kennedy have returned from a three week holiday in the west coast and Seattle visiting friends and relatives

Mr and Mrs Wenderborn of Dawson Creek are visiting Mr and Mrs Joe Labalbe Dave's pals are sure glad to see him

Mr and Mrs Edwards of Wetaskiwin spent the long weekend at the home of Mr and Mrs G Edwards.

Cpl and Mrs Denny Kilpatrick and family of Wainwright were here for the Easter weekend visiting friends and relatives

Mr and Mrs Allan Mazwell and family were visiting relatives and friends over the weekend

Mr and Mrs Eric Stopford left for a week's holiday in Banff. Miss Linda Willie joined them in Calgary the following day Linda for a trip to Eugene Oregon where they will visit with Mrs Stopford's sister

Frank and Freddie Christofells of Edmonton are spending the Easter holidays with their aunt and uncles Miss Frances Art and Ts Christofell

Mr and Mrs Ray Phillips and family of Turner Valley spent the Easter weekend at the home of Mr and Mrs A McEvoy

Mr and Mrs D Blake and girls of Calgary spent the Easter holidays with Mrs Blake's brother and family Mr and Mrs D M Easton

Mr and Mrs Vance Shippy and family are spending the Easter holidays with Vance's parents Mr and Mrs Claude Shippy

Housing project gets green light from Council

The green light was given to Edson's first housing project backed by Central Housing and Mortgage Corporation loans at a special meeting of the Council Monday evening.

Approval of land sale to the company, Alberta Mechanical Contractors and Associates, was given following meetings with the Council's building and plans committee chaired by Councillor Jon Scott.

Gist of the agreement was that lots one to eight in block 140, and lots 12 to 20 in block 141, would be sold to the company for one dollar per lot plus the cost of servicing which is estimated to be $490 per lot.

The gross sum involved in the land deal of $8,380 was subject to the payment of ten per cent upon the signing of the agreement and the payment of the balance on the completion of the water and sewer installations, and subject to certain other conditions.

The mayor and secretary were authorized to make transfer of title upon payment of the ten per cent ($838). Roads and lanes in the project area are to be undertaken by the Town at "such times as conditions warrant."

The sale price of the lots is similar to that entered into with Alberta Gas Trunk Line last month and totals the $838 price usually charged for serviced Town lots.

Items from the regular meeting of Council held Tuesday, April 3 included:

Present were Mayor W. R. Brunelle and Councillors W. F. Kertzman, L. A. Hinton, W. Mills, F. Brosak and J. Scott.

Mayor Brunelle expressed the good wishes of Council to Councillor Wells on his being hospitalized.

It was moved that Council grant its approval to the St. John's Hospital Auxiliary holding a tag day May 12.

It was moved that Council grant its approval to the St. John's Ambulance Association holding a tag day and caravan in Edson, August 12 or 13.

It was moved that Council grant its approval to the issuance of a retail trade license to Mr Ruby Gauthier, Ruby's Bike Repair, for operation shoe repair and findings in boots and shoes at premises Lot 1, Block 8.

It was moved that the Mayor and Secretary be authorized to make transfer of title to the Alberta Gas Trunk Line Company Ltd. of Lots 4 to 8 (incl) and the west half of Lot 9 in Block 141, Lots 3 and the west half of Lot 4 Lots 6, 7, 8 and Lots 19 to 20 (incl) and the west half of Lot 12 in Block 142; Lot 14 and the east half of Lot 15 in Block 143 That the Secretary be directed to proceed with application for cancellation of Lots and lane in Block 4 Mr. L. Krowich addressed Council on behalf of the Alberta Mechanical Contractor Ltd submitting proposal for acquisition of Lots in the north one-half of Block 141 and the south one-half of Block 140 as well as reservation on other lots

It was moved that the proposals of Alberta Mechanical Contractors Limited with

No word yet on TV satellite application

A phone call to CFRN-TV this morning drew the reply that no word on that company's application for a satellite at Edson and Carrot Creek had been handed down from the Board of Broadcast Governors in Ottawa

During the hearing on the application on April 11 the CBC said it would delay its plan to set up a television satellite if privately-owned CFRN-TV wins approval of its current bid to establish a satellite station here.

G R A Rice, president of CFRN-TV suggested that the Edson plan was "a rather late thought by the CBC" Mr. Rice said that there was no reason why his station would later on oppose a CBC application for service to this area.

There is no doubt but that the priority for Edson district in getting a CBC satellite would be lowered if the CFRN application is approved Approval is expected "towards the end of the month" this newspaper was informed

Tree farm for MacKay area east of Edson announced

The Honorable Norman Willmore, Minister of Lands and Forests this week has announced the signing of an agreement between the Alberta government and Muttart Enterprises Limited, establishing this province's first tree farm.

Mr. M. D. Muttart, well known Alberta business man and prominent lumber merchant recently expressed a wish to develop such a project and indicated he was prepared to underwrite its establishment and operation if suitable lands could be obtained. Consequently the Department of Lands and Forests made available 1280 acres in the vicinity of Nojak, about 25 miles east of Edson on Highway 16.

Mr Muttart is provided with option to purchase these lands as an operation headquarters site if certain required improvements are made by him within three years An addition 17 square miles of land, adjacent to the operation site, is being leased for 21 years to permit proper development of the long term project

Existing commercial timber of the whole area will, if harvested, be subject to current rates of forestry dues. Fire guarding charges and ground rental fees will also be levied by the government.

Mr. Muttart's proposal is received with enthusiasm by the government's forestry staff His investment will permit provincial foresters and others to observe wood production experiments on a recognized tree farm where project scope will extend all the way from soil preparation and seeding to forest harvest and regeneration.

Experiments will be conducted on different types of soil using native and exotic tree species and the latest technical aspects of tree farm management. Patterns tested at the Muttart farm will give a lead to others in Alberta who might wish to enter this field of Agriculture and commerce

Improvements this presently planned for the Muttart tree farm will provide both a substantial experimental site and an attractive botanical museum to progress in the realm of wood management Its location near a major highway is expected to create considerable public interest.

Sustained yield forestry practices are everywhere required to support the world's dwindling native timber resources. Optimum wood use methods are being studied in many other regions and successful tree farming can become an economic agricultural pursuit if proper planning and technology is applied

The Muttart proposal provides a principal step in Alberta's progress toward better and more integrated wood uses and the development of profitable wood utilization from many farm units with timber areas

Ask citizens petition for curb and gutter

Edson Council hope to make a start on a curb and gutter program for the residential areas of town this year

Except for those streets notified of the Council's intention, residents, wishing to have the program extended to their block should push up a petition form at the Town office.

Normally all the citizens on a street would have to be in favor of the improvement before Council would get the project going.

An advertisement with the details appears on page 15 of this issue.

Local Scouts spend night out at camp

Two weeks ago, seventeen Boy Scouts spent an interesting two days at an overnight camp near Wolf Creek. Four Scouts had left Friday night to find a good campsite. They left trail signs to guide the rest of the Scouts to come.

The boys spent most of their time building shelters and camp gadgets. Others went ice-fishing or exploring. All of them ate a great deal.

For many Boy Scouts this was their first overnight trip and after building a campfire at which many ghost stories and bear stories were told, they spent a rather nervous but warm night.

The Scouts built seven shelters and slept in twos and threes. All pitched in and built a large council house in which they held meetings.

Sunday morning everyone got up bright and cheerful at nine sharp. First on the list was breakfast, which consisted of bacon and eggs, hot chocolate, coffee and for many, beans. After breakfast, the Scouts cleaned camp, gathered firewood for the rest of the day and rested up or played games.

At twelve sharp they ate dinner and rested till twenty-forty five. Then some of the Scouts went on a hike. These Scouts identified different trails and looked for new camp sites to be used in the future.

The most interesting thing they found on the hike was a creek with a beaver dam in which a large beaver lodge was situated. One of the Scouts tried to get in and almost succeeded, however, ice blocked the passage.

Later in the day, two members of the Yellowhead District Council, Derek Paike and Dexter Champion, spent an enjoyable half hour at the camp. The boys were very pleased to show off their accomplishments.

At six o'clock a truck was brought out and all the Scouts headed back to town, tired but happy.

COMING EVENTS

FIRST AND THIRD MONDAY of every month the Opti-Mists meet in the Opti-mist boys centre. The first meeting being a business meeting and the second meeting a project meeting. Any girls between the ages of 12 and 18 are welcome.

THURSDAY, APRIL 13 — St. Catherine's W.A. will meet at the home of Mrs. Florence Romano at 8 o'clock.

FRIDAY, APRIL 14 — Bingo in the Glenwood Community Hall commencing at 8 o'clock.

FRIDAY, APRIL 14 — The Kinettes are sponsoring a public dance in the Edson Legion Hall. Music by Blue's 6 piece orchestra. "The Northerners." Everyone Welcome.

SUNDAY, APRIL 16 — Hinton Badminton Club will be guests of the Edson Club. Play starts at 7:30 p.m.

MONDAY, APRIL 17 — At 6:30 in the Legion Hall a Congregational Supper and Social Evening. Edson United Church will commemorate its Fiftieth Anniversary on April 16 and 17. The Rev. H. Bennett Meiners, who was here 25 years ago, will be guest minister on this occasion. There will be special services at 11:00 a.m. and 7:30 p.m. on Sunday, April 16.

TUESDAY, APRIL 18 — Edson Curling Club annual meeting, banquet and social at 8:30 p.m. in Legion Hall. Members and guests are urged to attend.

SATURDAY, APRIL 22 — Rummage sale in the former BHBHE Blue Bayou store. Sponsored by the W.A. of the United Church.

TUESDAY, MAY 2 — Meeting of the Glenwood Community Club in the Hall. All are urged to attend this meeting.

SATURDAY, MAY 6 — St. Catherine's WA will hold a Spring Bazaar and Tea and Bake Sale in the Parish Hall from 3:30 to 5.

SATURDAY, MAY 6 — The Home & School Assn. will sponsor a presentation of five drama by the Jasper Players at the Rich School auditorium.

SUNDAY, MAY 7 — The Edson Alcoholics Anonymous Group will hold a public meeting in the Nova Theatre at 2:30 p.m.

WEDNESDAY, MAY 10 — Mother's Day Tea and Bake Sale in Glenwood Community Hall.

SATURDAY, MAY 13 — The OOHP will hold a tea and bake sale in the Elks Hall from 2 til 5 p.m.

Hobby: breaking home in the fading hours of the dawn to find his spouse right there at the front door to greet him. "Well," she snorted. "So you've decided that home is the best place after all!"

"I don't know about that," he replied. "But it's the only place open."

LEADER PERSONALITIES

TYPICAL OF THE PEOPLE in the organization which gets out your Leader with the news of Edson and District each week is Ralph Thomas. Ralph has been with The Leader since December 1956 and is our chief linotype expert. Some idea of the complexity of the machine used in the production of a newspaper can be gained by looking at this picture.

The invention of the linotype machine in 1885 made possible the "setting" of type on a line and one operator is able to set what it took seven or eight men to do previously. From the linotypes (we have two) the type goes to the "composing stones" and we hope to get a picture of the lads in this department if we can get them still long enough.

Arrange repairs for CCCH roof

A meeting of Carrot Creek Community Association was held Monday, April 10 in the hall, with 14 members attending.

Business consisted of the payment of some outstanding bills, plans for a dance to take place Friday, April 28, and arrangements for the repairing of the hall roof damaged during a recent wind storm. Dick Henault was hired to take on the repair job.

The Annual Meeting will take place Wednesday, April 19 at the hall at 8:30 p.m. This meeting has been arranged to discuss the future of the hall and it is hoped all interested persons will be on hand to take part in these discussions; the election of officers and any business brought up at the meeting.

Kindergarten children visit fire and police department

Previous to Easter holidays Mrs. Stelter's Kindergarten class was busy working on a "Community Helpers" project.

During this study the class visited the Edson Fire Hall where Assistant Fire Chief Bill Cash showed the children the fire truck explaining various parts of it. He then dressed in fireman's clothes and demonstrated the use of the gas mask and various equipment.

The class then visited the Police Station where Chief John MacDonald took them on a tour of the station. He then showed the police gone, files of wanted criminals and demonstrated the use of the police radio.

Your MP
Dr. Hugh Horner Reports
Canadian Cuba Trade Relations

There has been much discussion in and out of Parliament with regard to our position in reference to Cuba. The Prime Minister summed it up by saying we would continue to trade normally with Cuba except for strategic materials, and that we would not bootleg American goods.

The American delegation is the recent American - Canadian Parliamentary meeting in Ottawa came up to Cuba to quite annoyed with us. When it was shown to them that our total trade with Cuba was actually declining while their own was increasing, were shocked. All spoke against the ignorant attitude of the major American press which had conveyed the idea to the American people and to them that we were in effect, deliberately helping Cuba out.

Americans are still allowed to export food and necessities such as medical supplies and their exports for one month are more than equivalent to our total exports for the year.

However, we must continue to provide food and strategic goods to Cuba. We took no part in sweets leading to their embargo and as a sovereign independent country, will continue to set our own policies, taking into account our relations with our other friends in the world markets.

☆

Recently introduced into the House of Commons by the Minister of Agriculture the Honorable Alvin Hamilton, was the resolution preceding the Agricultural Rehabilitation and Development Act. The main purpose of the resolution is the improvement of the economic position of those farmers whose land is presently classified as a marginal or submarginal. It will also improve the position of farmers generally.

This is part of our Nation at Agricultural Progress and the objective is to give agriculture their fair share of the national income. The resolution will implement the conclusion of the Senate Land Use Committee. There major types of joint programs are considered.

1. Projects for the alternative uses of land that are presently classified as marginal or of low productivity.

2. Projects for the development of income and employment opportunities, for rural agricultural areas.

3. Projects for the development and conservation of the water and soil resources of Canada.

We have asked over the years that Prairie Farm Rehabilitation Programs be extended to cover our area and the third type of project will do this.

Alternative Land Use for marginal agricultural land must be speeded up. The conversion of land to forest woodlot, to grass and to produce what is best suited to the area can mean a lot to some of our areas.

Rural Development other than land will provide new income opportunities to people in rural areas. Local industry recreation and technical training are among the ways and means that this will be done. Here the Federal Government would provide guidance in assessing their own areas and in developing new industries.

Conservation of water and soil will be the third major project and will mean an extension into our constituency by PFRA. We all know how important this is. I am hopeful that this will help us with our cleaning of flood problems and with the conservation of our soil.

ROSEVEAR

Mr. and Mrs. Nick Wilbert and Paul and Mrs. Lena Verpaalst were visitors at the Maurer home on Good Friday.

Miss Margaret Klute came home from Edmonton to spend the Easter holidays with her parents.

Mr. and Mrs. Emil Stelter and family from Smith, Mrs. Hilda Stelter and family from Edmonton and Mr. John Stelter from Toronto were home visiting with Mrs. S. Stelter for a couple of days last week.

Mr. and Mrs. Emil Gatchel and Rita were Edmonton visitors for three days last week.

Mr. and Mrs. G. Stelter and boys and Mrs. Stelter went to Edmonton over the weekend to visit Mr. S. Stelter.

Mr. and Mrs. A. Maurer were out from Edmonton visiting the Maurer family over the weekend.

There was a good turnout for the PUA Picnic Meeting held at the home of Mr. and Mrs. F. Maurer on Saturday, April 8 with members attending from each local. They decided to hold the annual Farmers Day Picnic at the McLeod Valley Picnic Grounds. The next Picnic Meeting will be held at the home of Mr. and Mrs. M. Schairer on Saturday, May 6 at 8 p.m.

GARDENING TIPS

by Eileen Kuen

From what I hear every day, many amateur gardeners are too anxious to do well and end up doing the wrong things. Examples: Someone has put manure at the bottom of his flats, put about half an inch of soil over it and put seeds in to it. What happens is that, when the tiny tender roots

of the seedlings reach the layer of manure they get burned out. The practice of layering manure at bottom and soil over is right only for beds, where green manure is used to produce heat naturally to keep the top soil warm. The manure is replaced every year, the old one being used in the open garden.

Someone else has seeds sown in his flats and kept them in a cool place in the basement. Germination is impossible at 40 degrees. The optimum temperature is about 60 degrees. Good practice is to keep sown flats in a warm and shaded place. Move them to light and a cooler spot when all is evenly germinated.

The only safe practice is to use peat moss, sand or vermiculite as a germination medium as mentioned before. These media permit even germination, strong root system and eliminate danger of damping off. Transplant into a good loam when the leaves appear. Do not use fertilizer or manure at this stage.

As a reminder, gladiolus bulbs should be started inside in April if we want early blooms. It takes about four months to obtain blooms from the time the bulbs are set in soil. The use of four inch peat pots is ideal to set your bulbs in, as you can plant gladioli outside in mid May with pot and all, thus avoiding a set back due to the shock of transplanting. Sweet peas should also be started inside this month. We suggest to start them in 2¼ inch square peat pots as we had excellent results (see last) using this method.

Eliminate all dogs?

No reasonable person would try to justify the existence of large numbers of stray dogs loose in town. They are no one's responsibility and create a considerable nuisance. Nor should the existence of vicious dogs which are a menace to life and limb be tolerated.

We find it hard to believe that Edson Council in amending the Town's dog by-law meant that its dog catcher should eliminate every family pet in town that happens to stash out into an alley or boulevard for a few minutes.

This week this editor's attention was personally drawn to an action by our dog catcher who picked up a dog from among a group of kiddies playing on the dry boulevard in front of their homes. Despite the protests of several of the little girls, he gruffly bundled the dog (a small one) into the back of his half ton vehicle and drove off followed by crying, almost hysterical children.

While this editor was personally involved in this particular action (it was our dog) we have gradually been coming to a boil over reports on the dog situation we have been getting. Three responsible citizens have told us of incidents where they have caught the dog catcher trying to entice their family dog out onto the alley where he could be flipped into the booby hatch.

Individual initiative is widely praised in our free enterprise economy, but we do not think dog catching should be one of these fields. The result is that the friendliest, least offensive animals are among the first to get caught. Any dog catcher would rather get his money from a dog that isn't liable to bite him.

The dog by-law provides that any dog, licensed or unlicensed, running at large can be impounded. We do not think the Council meant the impoundation of every dog in town when they strengthened the by-law.

One of the advantages of living in a small town is that your children with their dogs are never far from a rural beauty spot. One of the nicest sights in this editor's books is the sight of a group of kiddies contentedly at play with their dog romping in among them

Two "weeks" in one

There being only 52 weeks in the year and several of them being taken up with holy week at Easter and Christmas week toward the end of the year, there is bound to be some doubling up.

Next week, April 16 to 22, is Canadian Library Week and it's also Chamber of Commerce Week!

Edson has a fine and growing Public Library thanks to the hours and hours of effort put into it by several ladies and gentlemen in our community. Its use could be expanded and its facilities extended with more interest, but we would like to say thanks this coming week to all those who provide us with voluntary library service

Today books are not alone as media of communication but books have been, and remain, indispensable. It is the aim of Canadian Library Week to remind us of these basic truths.

The work of the men and women who are members of Chambers of Commerce all across the Western World take on a function with their voluntary association for the community betterment that is peculiar to the democracies

Chambers and Boards of Trade in their demi-semi official capacities perform a service to towns and districts that merits the support of all thinking people.

LETTERS TO THE EDITOR

Dear Sir:

We have been living away from Edson for three years and, having a great fondness for the old town, we enjoy reading the "local rag" when it arrives. It is also quite thrilling to go "home" to see well known faces along the street and to be greeted by old friends.

Of course we are following with interest the events during Edson's 50th Anniversary year. During our recent visit, we heard one enterprising lady suggest that it might be a good idea to have a competition with a prize for the tidiest and most beautiful yard. For myself, I would like nothing better than to see Edson with clean paved streets and curbs.

That day will come, and soon two boys' Drill, home owners could help to make the town the nicest in Alberta if they would clean up, paint up, and remove some of those unsightly old sheds, surely they can't all be necessary?

People do seem to be taking more pride in lawns and flowers, and there are countless lovely homes, some spoiled completely by the mess in the back yard.

Interested Onlooker

THE SECOND COLUMN

An American hunter had come to Alberta for some big game hunting and the friend who had made arrangements to take him on a good boat kept telling him about the remarkable memory all the Indian guide he had engaged for the trip. When he met the Indian guide, the American asked him, "What did you have for breakfast on September 6, 1939?"

"Eggs," replied the Indian.

"Hmph," snorted the American, "everybody has eggs for breakfast. That doesn't prove anything."

Three years later, the American returned to Alberta for another hunting trip and encountered the same Indian guide. Raising his hand, the American said, "Hey."

"Scrambled," replied the Indian.

☆

Trucker: "I hear the boss is pretty sick with that Asiatic flu. What are they doing for him?"

Dispatcher: "The doctor prescribed a jigger of whisky and two aspirins every night."

Trucker: "Does it seem to be doing him any good?"

Dispatcher: "Well, his wife told me this morning that he's three days behind on the aspirin and three years ahead on the whiskey."

☆

A tourist was lost on a narrow mountain road When he saw a man walking toward him, he hailed the old fellow. "Can you tell me the way to Potter Creek," the tourist asked

"No I can't," the aged one answered after a moments thought.

The tourist drove on down the road, but suddenly heard shouts behind him Turning, he saw that the old man had been joined by another, and they were motioning him back Carefully he backed up the crooked road

"This is my yard, Bill," said the old man, "He don't know either"

FROM THE LEGISLATIVE PRESS GALLERY

32 mill program to proceed

By RUSS SHEPPARD

The Alberta Government will proceed with its Education Foundation Program and appoint a five man committee of the Cabinet to work with municipalities on the application and principles of the program. Premier Manning made the statement in the Legislature following hearings by the Agriculture Committee that sat morning, afternoon and evening on Tuesday and on Wednesday morning and afternoon.

Thirteen submissions were made to the committee, nine of them asking that the program be delayed for one year. Among those asking for the delay were the Edmonton Public School Board, Calgary City Council, the Calgary, Lethbridge and Medicine Hat School Boards, the Alberta Federation of Home and School Associations and the Alberta Teachers' Association. The City of Edmonton did not ask for a delay but called for greater financial assistance from the Province The Banff School Division and the Banff Advisory Council wanted the program thrown out and the Catholic School Trustees approved of the plan but stipulated that the constitutional rights of separate school supporters be recognized and retained.

PER STUDENT COSTS

Those asking for a delay in the program said it needs a great deal more study to make it a workable plan. The Calgary School Board said the per student cost established by the Province is 100-dollars and compared this with actual costs in Calgary. H. W. Hiltz, Board Chairman said the per student costs are 377-dollars for elementary students, 305 dollars for junior high students and 470-dollars per student for senior high students. Mr. Hiltz and others contended the Edmonton Foundation Program is asking school boards to cut costs when they haven't the faintest hope of doing so because they are under teacher salary contract and are committed in school construction programs. It was also contended that the new program would leave education standards static, while other claims were heard that it would lower standards. The ATA suggested income Tax as the best way of raising money for education rather than the government's proposal of a 32 mill uniform rate, plus government grants on approved education costs.

The Federation of Home and School Associations in calling for a delay suggested a commission be appointed to enquire into the financing of education in Alberta. President of the Association, Mrs. R. V. Hillis, Calgary told the government program places the emphasis on cost rather than on quality of education.

The Banff School District, through spokesman W. J. Robertson, said the program fails far short of supplying the necessary funds to operate schools in Banff. He said the plan would result in the tripling of taxes in Banff, Jasper and Waterton Parks and would boost them by seven times at Lake Louise. Cyril Shaw, Chairman of the Banff Advisory Council, wanted national parks exempted from the program because of the adverse effect on taxes.

ASSESSMENT AS REVENUE

Speaking in the Legislature following the Agriculture Committee hearings and in reply to a question from Ernest Wanless (PC Calgary Glenmore), Premier Manning said that with few exceptions there were no major criticisms of the basic principles of the program The major points of criticism were the effect and application of the program. Mr. Manning said "It is the view of the Government that it is a matter of adjustment that can be done as the program is applied One recommendation is to proceed with the program with the assurance that every municipality will be given the opportunity to meet with a committee of Cabinet and the Departments concerned to go into the application and principles of the program Nothing is to be gained in delaying the program for a year because at that time there would be further representations similar to those made at this time. It is in the best interests of the people to proceed with the program and to do so without impairing the standards of education." The Premier then announced that the Cabinet Committee would be composed of Education Minister A. O. Aalborg, Provincial Treasurer E. W Hinman Municipal Affairs Minister A. J. Hugh, Provincial Secretary and Minister of Industry and Development A. R. Patrick and Minister Without Portfolio Fred C' Colborne

Fifty recommendations covering the operation of school buses are contained in a report tabled in the Legislature by Education Minister A. Aalborg. The report is the culmination from the Lawrence committee appointed to study school bus operations following the Lamont School bus disaster of November 20th that claimed 17 lives.

SCHOOL BUSSING, WET WEATHER

The report recommends that bus drivers be required to open the bus door and the left hand window at all railway crossings and that the driver observe all traffic regulations whether or not the bus is carrying passengers. It is also recommended that the bus door be left open while the vehicle is travelling across the railway crossing. All municipalities are urged to have grades at railway crossings brought up to standard and a survey of all public and private crossings be made with a view to closing all those not actually needed.

The Lawrence committee also calls for an enquiry by the Board of Railway Transport Commissioners as to why railway crossing signals should cost 18-thousand dollars and why they are available only in the United States. The report also calls for revolving amber lights on the roofs of locomotives and rail cars, steps to improve the visibility of trains, a contest be conducted to determine an inexpensive crossing warning signal and visible and audible warning systems at railway crossings controlled by a radio beam transmitted from a locomotive.

The Department of Education is urged to encourage the establishment of bus patrols and appoint an officer to supervise the work of bus system-employed transportation supervisors. The report also lays down the qualifications of an "A" license for drivers trained and tested in school buses, as well as safety regulations as to equipment required on buses, medical and character examinations of drivers, and that school bus licenses be required of drivers of kindergarten buses.

Commenting on the crossing where the Lamont tragedy occurred, the Lawrence Commission said the grade was above the 5 per cent standard. The visibility was further impaired by the dip in the road. Almost every brief received by the committee recommended special licenses for school bus operators. The report concluded by saying that naturally the recommendations had been influenced by the Lamont tragedy and that it had endeavoured to keep in mind that, excluding the Lamont collision, the school bus safety record in this Province was reasonably good.

DENTURISTS BILL THREATS

The Private Bills committee of the Legislature took up two full days and an evening hearing representations for and against a Private Bill to incorporate the Alberta Public Denturists Society Purpose of the bill is to permit the denturists or dental mechanics to deal directly with the public in repairing, constructing and fitting dental plates. The dental profession has been unalterably opposed to the proposal in past years and again this year strenuously opposed the bill saying it would lower standards, drive dentists elsewhere and make the dental profession less successful in attracting recruits to dental courses at the University of Alberta, in a submission to the committee, said that if the bill were passed, resignations from the Faculty would result. The Faculty was accused of threatening the Legislature and told such threats were opposed to the ethics of the profession.

Mystery Bingo draws good crowd of fans

The Canadian Legion Mystery bingo held in the Legion Hall on Thursday March 30 proved to be another smashing success. All seats were filled at the tables in which the bingo committee thoughtfully provided for the players and all chairs were occupied.

The following people were lucky Mrs G Edwards, $10; Mrs J McCallum $5. Mr F. Methot $50 Mrs B. Langridge $20 Mrs A. Berglund $20 Bert Pearce, $5 Mrs. Proctor $10; Mrs. W Wilson Jr $5. Conner's Danger Signs. The Canadian Cancer Society lists three Seven Danger Signals as possible signs of early cancer: (1) Unusual bleeding or discharge (2) A lump or thickening in the breast or elsewhere (3) A sore that does not heal (4) Persistent changes in bowel or bladder habits (5) Per sistent hoarseness or cough (6) Persistent indigestion or difficulty in swallowing (7) Change in a wart or mole. These signs do not always mean cancer but if you see them, see your doctor. If they are caused by cancer, early treatment is essential

WITH THE CHURCHES

AS I SEE IT

By Reverend R. HURD — Pastor

There is one appointment which every man must keep —an appointment with God at the end of the road Death does not end all. There is no immediate judgement which follows. This will determine unalterably where the soul will mind for eternity. The Scriptures make it plain that both the lost and saved are conscious in another realm immediately after physical life is ended.

The story is told of a preacher of the Gospel who was one day speaking to an ungodly crowd about heaven. After word a scoffer exclaimed: "I don't believe a word you've said. When we die, we die like dogs, and are buried, and that is the end of us." "Was that what your mother believed?" the evangelist inquired. "No, my mother loved her Bible and cried over it many nights because I would not accept it." The preacher then asked him, "Is your mother still alive?" "No," said the man "she has been dead some time now" "Oh," replied the preacher imitating the sarcastic tone of the unbeliever, "she died just like an old dog then, and was buried. Too bad. — that was the end of her."

"What!" said the man, livid with rage. "You say my mother died like an old dog." "No," was the answer "You say so. I say she died like a saint and is with God in heaven. You see sir, you do not really believe what you have been saying."

The doubter was silenced. Death does not end all. The termination of physical life and the coming judgement are rightfully a constant source of four to the unbelieving, but they should not trouble the child of God, for "There is therefore now no condemnation to them which are in Christ Jesus" Romans 8:1.

After you keep your unsaved able appointment with God, where will you live for eternity? It is appointed unto men once to die, but after this the Judgement. Hebrews 9:27.

Easter Rally at Christian Faith Mission

A blessed time of fellowship was held on Easter Sunday at Christian Faith Mission when the believers from Wildwood came to Edson for three services.

Special speakers at the afternoon service was Miss Wilhemsen, a returned mission ary from the Union of South Africa. She has spent 26 years in Africa, and her talk was very interesting and we rejoiced to hear how the Lord moved among the native people there, both to save and to

Following this, a dedication service for children was held. The two daughters, Faith Anne, and Grace Lorraine, of Rev. and Mrs. Carl Sessmon, were dedicated to the Lord. also Faith Melodie, infant daughter of Mr. and Mrs. Steve Kapty.

The ladies of the congregation provided a lovely buffet meal at noon and again at evening, which was enjoyed by everyone

The evening service was conducted by Mr Tony Payne from Wildwood

An offering of fifty dollars was given in the afternoon service to be sent to the New Valley Camp at Canmore

Following the Easter Rally, Rev Peter Thiessen, the pastor, left for Edmonton where he will spend three weeks teaching a class of believers on "The Gifts of the Spirit."

GREEN ACRES

By DICK BOCKING

DANGER

Have you heard a man casually say that his eight or ten twelve year old can drive a tractor as well as a man? Have you ever seen a tractor with one or more small children riding as passengers? Of course you have. We all have. But what we don't often realize is that both situations are ideal for tragedy —and quite possibly death.

Every year, many children are maimed or killed by being allowed to operate a tractor under normal conditions. But he is not mature enough to be able to handle emergencies when they arise—as they often do when operating a tractor. Incidentally, it is against the law for anyone under 16 to drive any vehicle including a tractor, on main or secondary highways.

It is often difficult to refuse a ride on the tractor to a youngster. Not long ago a little girl fell off a tractor on which she was a passenger and was killed. It happened instantly. Tractors are one man machines.

Drowning also takes the lives of many farm boys and girls.

Unprotected farm dugouts form water troughs, and other rural water hazards have taken a heavy and unnecessary toll of young lives in Alberta. A little forethought and a few precautions could have prevented untold grief and heartaches in many a home in this province. Would it not be sane to fill all water hazards in the vicinity of farm buildings, in such a way that they are childsafe? Surely no one would say this is too high a price to pay for innocent toddler's life.

"An accident only occurs when we perform an unsafe act."

DEHORNING CALVES

Horns are a useless devorn tion They can cause injury to both man and beast, and they cost the cattle owners money right up to the time he ships them, when a two dollar horn tax is slapped on them

It is a well known fact that the answer to getting our calf dehorned is to get the job done early. The best time is by two weeks of age with the use of caustic paste, caustic pencil or the electric dehorner Some people may recommend other methods and may use them That's fine, as long as they use them Dehorning by two weeks of age may not be practical for everyone Our next best is to shoot for dehorning by two to two and one-half months.

Dehorning older animals is not much fun, but it can be done To help, we have available at the office both large and small dehorners which any farmer can borrow free of charge.

Don't let those horns go any longer!

The beginning and the end

By JACK LIVINGSTONE
PART THREE

The train dispatcher in Edmonton received the "O.S." from the operator at Hinton "Extra 6242 east arrived at 10:30 a.m. and departed at 12:46 p.m. lifted fourteen cars pulp Winnipeg and east." Later that day in Winnipeg a list was received from the agent in Hinton, showing the car number and the destination of each carload of pulp from North Western. At midnight First 604, speed freight whistled off from Calder yard with a full consist of eighty loads and twenty empties. In Winnipeg, the clerk dutifully noted the night orey of loads from Hinton were now moving east as a "through speed."

The next of the represen tatives of F. E. Macartney and Sons, Customs Brokers Sanner, Minn., received the invoices for eight carloads of wood pulp destined among other points to the Kota Paper in in Richmond, North Carolina.

Two days later all the cars had crossed the border with one exception. Canadian Customs had sentenced Hinton export documents from the Customs Immigrant Agent at International Falls, certifying that the car had left Canada and had mailed one copy of the export document back to Hinton. On the American side F. E. Macartney had personally delivered the certified copy of the commercial invoice to the American Customs and had been present while the carload was inspected and cleared for movement into the United States.

By the end of the day it was apparent car CN 544822 for Richmond was no longer among the group of cars it had started from Hinton with A new was dispatched in the Traffic Department at Hinton in accordance with that Company instructions advising of the delay

In the meantime the central car service office of the Canadian National at Winnipeg had received a report that speed 2-604 CN 544822 pulp en Hinton destined Kota Paper Company was set off at Touchwood, Saskatchewan with a Burned Journal. The Train Dispatcher at Saskatoon had already dispatched the road repair car to Managar Car With in twelve hours the car was on its way again and in the central car service office, in Winnipeg filed this this message to the mill at Hinton Traffic Department, North Western Pulp and Power Ltd Hinton, Alberta. — CN 544822 set off Touchwood January 10th burned Journal repaired and lifted January 11th first 604 10 30 a.m.

And from New York a "Telex" Message To J Livingstone from J Becker — Kota advises, very short of pulp can you suggest car suitable for diversion now destined Sordsport or Pepperell.

Next week a diversion, delivery and a good smoke

Vermilion scraps closing by-law

Vermilion business firms' debate between a group of retail merchants who wish to keep the stores open on Tuesday nights, until nine, with all day Wednesday closing, and another group which wants to retain the six o clock closing on Tuesday and half day shopping Wednesday, took a new and unexpected turn at this week's meeting of the Chamber of Commerce.

The "new dimension" was injected into the frems with the reading of a letter from the town council, telling the Chamber that at a meeting on April 6th, the Council had resinded the by law covering hours of business in the town's retail section

The Council's action means literally that any retail business in Vermilion can now operate any hours or days it so wishes without contravening any town by-law

—Vermilion Standard

Both pleading is one way— but they never passed footer Plus they do care.

Entries coming in for Optimist Fiddlers Contest

By LOUIS JOY

The [illegible] Annual Fiddlers Contest 1961 in conjunction with Edson's 50th Anniversary promises to bring you a show that will be long remembered for its outstanding musical quality. Entries for the festival are coming in from many places in Alberta and the 2½ to 3 hour show is just jam packed with fun for young and old.

Johnny Forrest the guest star and entertainer will thrill you with his lively versions of many tunes old and new, accompanied by his snappy accordian playing and dressed in the fine Scottish Kilts you know so well.

Photographer Al Grant will be on hand to take pictures, both in color and in black and white which you can later purchase from him for a moderate fee for placing in your Anniversary Program which has been specially designed and planned as a souvenir of both the show and Edson's 50th Anniversary Year.

Added to all this stage decoration will be done by Commercial Artist, Art Jones, a new comer to Edson, and the MC chores will be handled by Arthur Kratzmann who has capably done this job for us in the past.

Yes, it will be a full two hours of fun and entertainment and I would go on and give you many more highlights but that darn editor keeps cutting me short on space, he says other people have news too — so — Here's seeing you there where? Why, the Fiddlers Contest on Friday at 8:00 p.m. sharp in the High School Auditorium April 28th, of course.

Cancer fund canvassers to call Wednesday

April is Cancer Crusade Month across Canada. The I.O.D.E. Ladies have once more volunteered to do the Local Campaign in Edson.

On April 19th Wednesday of next week, canvassers will be calling on you. Receive them kindly as you have in past years.

With your help we hope to have a successful crusade to rally Cancer once on, day in and day out the canvassers call on you once a year for your donation.

Help us to help you fight cancer with a donation to carry on this work of welfare, education and research for Cancer.

MINI-TEEN'S NEIGHBORS TO THE EAST were well represented at the weekend Conference with Edson Kin-Teens not only taking the conference in, but providing some of the variety at the Friday Variety Show as well. Here are some of the early-comers registering for a weekend of fun, left to right: Ken Antonenko and Sharon Johnson from Edson with registrars Allan McGillis and Donna Loughey.

Easter Seal Campaign reaches half-way mark

W. O Bates, Chairman for the Easter Seal Committee for the Province of Alberta, announced recently the campaign has now reached half its objective of $150 000. Clubs reporting are as follows

Kinsmis Club of South Edmonton	[illegible]
Kinsmis Club of Jasper National Park	720 00
Kinsmis Club of Banff	[illegible]
Kinsmis Club of Lethbridge	3,700.00
Rotary Club of Peace River	1,605.82
Rotary Club of Grande Prairie	1,520.77
Rotary Club of Drumheller	2,015.80
Lions Club of Red Deer	3,100.95
Lions Club of Camrose	2,135.85
Lions Club of Stettler	1,604.00
A.C.T. Medicine Hat	3,468.75
A.C.T. Edmonton	6,411.76
Hospital Aid Society, Calgary	14,807.97
TOTAL	$69,543.39

The final goal of $150 000 is yet ahead but pink envelopes containing dollars from hundreds of supporters to the crippled and handicapped children's appeal are coming in surely and steadily. The success of the campaign is important as this is the only appeal made annually to assist thousands of handicapped and crippled children throughout Alberta.

Easter Seals provide medical treatment, regular diagnostic and follow up clinics specially trained orthopaedic nurses and social workers to help crippled children and their families; summer camps; crutches, wheel chairs, braces; artificial appliances and therapeutic equipment; transportation; and research projects into the causes and prevention of crippling diseases.

"These are just some of the reasons" Mr. Bates stated in making the announcement "it is important for all of us to support the Easter Seal campaign. You can do this by buying the Easter Seals that have been mailed to you."

POSING BESIDE THE PICTURES THAT won her an Art scholarship from Art Institution in Minneapolis, Jane Stanchell and her younger brother Randy were very proud of the pictures that they brought into The Leader office last week. Jane is unable to take advantage of her scholarship until she is fifteen years or older but is planning to make good use of it

Families urged to practice fire drill

Loss of life from fire is through much of the fire prevention by government agencies municipal fire departments and international agencies is given to publicizing the need for exceptional precautions in the home.

Recently we read about the fatal burning of a two year old child in Alberta. The child's clothing became ignited when playing too close to the kitchen stove.

Recently in a local community a gasoline container broke causing serious burns to three persons of a family of seven. The explosion and flash fire from the bath tub gasoline demolished the home in a matter of minutes and it is a miracle that all were not killed.

Last year in Alberta a total of 41 lives were lost. 27 of them in homes. No one will deny that almost daily reminders by every possible means media are necessary to alert us to the many dangers that can cause loss of life from fire in the home.

The general manager of the International Fire Protection Association has recently issued a bulletin explaining that death fire tragedies occur most frequently in the home and a large percentage of the victims are children. It is well to record the most frequent causes of fire that result in loss of life in homes. These are [illegible] Smoking and smoker [illegible] are the leading [illegible] A study of the home fire statistics that the danger period is between 8 pm and 8 am with most [illegible] casualties occurring [illegible] More than 80 per cent of home fire victims die from being trapped in the burning building and very often the

City speaker to address Edson C of C

A special speaker from Edmonton Don Marlett Executive Secretary of the Edmonton Chamber of Commerce will address the regular meeting of the Edson Chamber at 8:30 p.m. Wednesday evening April 19 in the Commodore banquet room.

It is expected that several members of the city Chamber will accompany Mr Marlett out to Edson for the meeting. Get your tickets early from any member of the executive.

[illegible] reasons for being trapped in [illegible] lack of home fire drill plan and where practice of escape routes is not a habit.

All the above leads to the important conclusion that every family ought to be prepared for a fire emergency. Parents must talk over the family escape routes and a fire drill plan. This fire drill plan should be practiced regularly with all members of the family.

We can not force people to take action on this important subject because but it is certain that we can not hope to see any reduction of the tragic waste from home fire until this becomes [illegible] practice.

Sunday visitors at the home of Mr and Mrs Jack Carter included Mr and Mrs Matt Kass and children, Happy and Allen Ice and Yours truly.

Mrs Silk, Gordon and Doris drove in the lower Sunday to visit Mr Silk.

We enjoyed coffee at the N.B. home Sunday evening

Joanne Morris enjoyed a holiday in Washington, as a guest of friends from Whitecourt who drove down during the Easter holidays.

The Bake Sale and Dance held in Carrot Creek Friday night was well attended and a good time was enjoyed by all.

Several Ewels attended a farewell party Monday of last week at the home of Mr and Mrs Jim Ice for Mr and Mrs Herb Cooper and family, who left Wednesday for their new home near Lacombe.

Mr and Mrs Terry O'Toole and family spent the weekend in the home of Mr and Mrs Harold Thomas. Terry was feasted his birthday Saturday.

Mrs. Thomas returned to the city with the O'Tooles to spend a short holiday with her daughters and families

Mr Fairbairn called recently and advised us that Mr Grosbeck Director of the Farmers Union and Co-op Development Association will be among those attending the P.U.A. Sub-District Convention scheduled for Friday April 28th at Carrot Creek Hall

Mrs E Peterson, Mr and Mrs Reschuk, Mr and Mrs. Setzer Sr. Mr and Mrs Petz Setzer and family were among those who took in the dance at Carrot Creek Sorry we had no chance to visit folks

Miss Beth Miller appeared on the very successful Variety show in Drayton Friday evening The show sponsored by the Peers United Church group was well attended and thoroughly enjoyed

We learned recently that Mr and Mrs. George Griggs formerly of Carrot Creek and Edson are the proud grand parents of a bouncing baby girl.

While on the subject — who ever heard of a baby bouncing or a bouncing baby It just doesn't make sense, come to think about it

Mr and Mrs Bevan and family, who had made their home for some time on the old Bentley farm have moved to Wildwood

Mr W Karl enjoyed a few days in Edmonton last week and called on Otto Kuhn who is a patient in a city hospital

We notice David Wilde drove his a Volkswagen lately and Lem and Rogers a snappy Ford product

In answer to many queries concerning the current P.T.A. Queen contest we wish to advise that proceeds from the sale of "Queen" tickets will go toward the Junior P.T.A. camp at Gold Pre Lake When completed this camp will provide both educational and recreational facilities for young and old. Situated on a net work of roads it is easily accessible from all parts of the province

CALGARY POWER LTD.

SERVING THE PROVINCE OF ALBERTA

Does the picture on the left look familiar? Not any more thank goodness! Blue Monday was certainly a suitable name for washdays fifty years ago. Do you remember the boilers of water set to heat on the coal and wood stove? The job it was filling the wash tubs, the back-breaking labour of washing with a washboard or hand-powered tub? It was not only a messy business but hard work too.

Today — just a flick of a switch fills your automatic washer. Clothes are washed easily, more efficiently with no effort on your part. Damp clothes are transferred to your automatic electric dryer . . . damp dried for easy ironing . . . or fluffy dried, ready to be folded and put away. Electricity — the modern miracle — works for you not only on washdays but in every way, every day.

Chow with Bachelor Bill

By PERM ICE

How a man who never rais ed a chicken could always be depended upon to serve chic ken every Sunday, was a mis tery to Butch and Spike But theirs not to reason why Bill could and did cook up the finest mess of chicken a boy could wish for on the young country were regular callers at Bill's bachelor quarters

When they could be trusted to keep a secret, Bachelor Bill, who was getting lazy anyway, decided to divulge his source of supply. Acting on the be lief that what you don't know won't hurt you, Bill wasted his chance and sneaked into his next door neighbor's chicken run and came away with Sun day dinner tucked firmly un der a restraining arm As he told the boys It was merely a matter of waiting for the psy chological moment Due to his neighbor and family making regular Saturday trips to town, Bill was assured of his favorite Sunday repast.

It was only a matter of time until Bill had the boys stuall ed to deal with the problem of supply, so all he had to do was prepare the fricbed fowl

With someone to do the foot work things soon reached the point where chicken every Sunday was not enough so the old gourmet began demanding that they raid the roosts two or three times a week

This posed a problem know ing what to expect if their par ents ever caught on, the cous ins began racking their brains for a way out of the mess brought on by a love of ad venture, an unquenchable ap petite and too much rievour agement from an unscrupulous old man

Finally they worked out a plan shortly before school opened for the fall term, Butch and Spike suggested a bang up feed

Bill endorsed the scheme with whole hearted enthusi asm hitched his driving mare to the buggy and headed off to town to beg a few extras

When he returned some two hours later there on the table reposed a fat juicy bird, a goose no less all ready for the roasting pan

With many words of praise accompanied by a great show of anticipation Bill put the goose in the oven prepared vegetables to be cooked later, and even produced a pie a sll no doubt from some kind lady along the road

Then to kill time while the goose was attaining its ror cularly perfection Bill engaged his guests in a session of crib bage

Time dragged despite the game, but eventually the feast was set And what a meal it was but alas, it was the cousins last with Bachelor Bill

As mentioned earlier Bill didn't have a chicken on the farm but his bountiful grow and a rancher had for some time been listed among his most cherished possessions

MARLBORO

A meeting was held in the newly finished Marlboro Hall on Tuesday evening. The usual business took place Mr Isbester of Edmonton spoke briefly Mr Wynne of Edson was also in attendance There was a very poor attend ance

Mr and Mrs Archie Miller attended a wedding on Wed nesday at Blue Ridge

Mr. and Mrs. Ray Donahue visited her father, Mark Hay man and brother Bob and family.

Mrs June Hayman took ill and was rushed to Edmonton where she has had an opera tion She is reported doing well and will soon be home

Mr and Mrs. Raymond Lavoy and children returned home in Edmonton

HATTONFORD

Congratulations to Mr and Mrs Lawrence Brooks who married March 31st in Wild wood Lawrence is the young est son of Mr and Mrs John Brooks of the Windfield dist rict

Mrs P Nosby and family from Whitecourt spent a few days of the Easter holidays visiting her parents Mr and Mrs B Wuerman

Mr and Mrs P Wright and Sharon Candlet from Portage Boile, Alberta spent the Ea ter weekend visiting wit Mrs Wright's mother Mr. B Candlet Sharon spent her holiday with her parents Mr and Mrs T Candlet.

Mr and Mrs E. Strauss and boys were business visitors to Edson on Monday Mr and Mrs Wuerman and Muriel also Mrs P Setzer and child ren were Edson visitors on Tuesday

Spring is quite evident now, and no muddy roads to worry about this year quite a mark ed advantage for this district and credit to the road cr ws who have at least achieved an all weather road for us We are work going on at the gra vel stock pile, so let's hope for even a better road in future

Mr and Mrs H Ford moved into their new home before Easter

Mr B Wuerman and family were pleasantly surprised on Easter Monday by having a visit from Mr and Mrs Wm Haas of Regina Mrs Haas is Mr Wuerman's youngest sis ter whom he had never met before Mr Wuerman's family were all able to be home for the occasion, with the excep tion of Mr Ray Wuerman of Edmonton Mr Haas entertain ed by showing movies of their family and other members of Mr Wuerman's family as well as scenes of Last Mountain Lake Qu'appelle Valley, and other places of Mr Wuerman's boyhood days in Saskatchewan

Former Pastor here returning for anniversary

Twenty five years ago Rev N B McIntyre was resident minister of Edson United church Now he is returning to help commemorate the 50th Anniversary, April 16 and 17

The occasion will be mark ed by special services of wor ship, morning and evening, on April 16th There will al so be a congregational supper and social evening on Mon day, April 17th

The first church, work had commenced in 1910 and the first church building was dedicated on March 30th, 1911 and by October of that year Rev W J Wheler was inducted as the first ordain ed minister

The expanding work of the church has resulted in en largements additions and improvements to keep pace with the growing needs of a developing community

The supper meeting will be featured by a variety pro gram highlighting some of major events of the "50 Gold en Years."

Edson Dancing School to present dance recital

A wonderful program of entertainment to help celebrate Edson's 50th Anniversary is now underway for young and old alike. Tots to teenagers of the Edson Dancing School will be performing at their best.

A major part of the program will be the presentation of "Snow White and the Seven Dwarfs." You'll see Snow White herself adaptly danced by little Miss Janice Robertson as well as the whole hilarious seven dwarfs themselves.

Mr Rabbit is as funny as can be and snappy and tappy, the happy little Elves will be there too. The wicked Queen sends shivers down our spines as she brews the apple that is supposed to put Snow White to sleep forever. Sharon Street and Joanne Labelle dance the part of the Queen most vividly. The blue fairy, the robin redbreast, fireflies and all of Snow White's animal friends are eagerly awaiting the "Big Show."

A "variety special" also promises a wide variety of entertainment. Here we will be taking a world tour and visit such places as China, where we will be taken through the Chinese gardens hand ballet sequences.

The Highland Flingers and the Sword Dancers will represent Scotland. Little Irish washerwomen and sailors on deck. You'll visit the Isle of Capri, danced by Carol Winthung and Gary Radcliffe as well as Paris where little Kathy Baker dances the ballet can can.

A fine display of acrobatics and tumbling will undoubtedly be enjoyed by all. Here students will be jumping through hoops and performing stunts at their best.

Remember the evening of Friday and Saturday, May 19 and 20 in the High School Auditorium starting at 8.00 o'clock sharp.

Tickets will soon go on sale for the big event and can be obtained from most school children. Best of luck kids and here's hoping this event tops them all.

Proceeds will be turned over to the Edson Schools

Watch for further parties to in coming editions of The Leader.

MAD'S THE WORD FOR Teen and Herd

All the teens came back from the Teen Conference very much impressed and telling of the good time they had while they were there. From what we hear Edson teens were on good behavior for the whole conference — but there always has to be a couple of clowns in the crowd that do a little bit of mischief, but even they were not too bad.

Saw a couple of cars going through Edson packed to the brim with teenagers with various slogans all over them such as "Hinton or Bust" other was the car we noticed that if it had one more teenager in with one more antenne it would have bust!

Hinton had a Model T all decorated up and transporting the visiting teens to the various places they were billeted. We gather that all the Hinton Teen made very good hosts and that everyone had a very good time but that there was not a horrible pile of teens at the conference.

All the girls on the teen scene have been wondering whether to break out with the spring clothes or to go on a 50-50 deal with two outfits ready for morning, wearing the suitable, depending on whether it is snowing or shining. But we got news for all you people out there in news paperland — we live in a Banana belt compared to other places in the province.

That certain boy that promised to clean up the yard during the last two weeks is thankful for our weather though, he has managed to have it snowing or raining every morning and the yard isn't cleaned up yet.

Graduation plans are being started again this year and everyone is talking about making it a two day affair and we have in past years instead of making it all in one.

Naturally a discussion of the coming graduation was all up taken to start the high school girls off on a "What are you planning on wearing" conversation. You know it's the funniest thing — but most girls can readily tell you as they must have had it planned for a long time.

You know who was home during the Easter holidays, you'll never guess, but Linda Olson came home for a few days and looking up all her old buddies she hasn't seen for a long time.

This year's yearbook is now in full swing and from what we understand they are away

Drostan News

Mrs Nick Milisek and family were Edmonton visitors for 2 days last week.

Mr and Mrs Cliff Taylor and family from Ponoka drove up and spent the Easter week with Cliff's folks and other relations and friends in this district.

Mr and Mrs Mike Iwaniuk and family were kid mountain visitors last Friday.

Mr and Mrs Joe Rancuk returned from Edmonton on Friday to spend their Easter at home.

Mr and Mrs Steve Elenbick from Chipman came home for their Easter to visit with Annie's folks, Mr and Mrs Joe Romanish.

Mr and Mrs Louie Bandin and children also Mr and Mrs F. Maurer were all Edmonton visitors on thursday.

Only very few attended the whist drive in the Union hall on Sat evening.

The dance at the North Rauvecar school sponsored by the 4-H Grain Club was really enjoyed by all. A real large crowd came out to enjoy themselves.

Mrs R Worthing and child and Mrs Alva Bell and Mrs. Ken Hauhi were all home on Sunday.

Mr and Mrs Mike Pulisho and girls were visiting with Mr and Mrs. G Pulisho on Sunday.

Mr Pete Grosbko spent Easter with his sister Mrs Mike Pulisho and family.

Mr and Mrs Paul Roman left and drove from Edmonton spent their Easter at Mr and Mrs Joe Romanish's.

Mr and Mrs D Panchuk Messrs. Fred, Mervour Peter Panchuk, Mrs John Bahorlec and Nester. Mr and Mrs Mike Iwaniuk and family also Mr Jim and John Bahorlec, Mrs Hauhi and Fred die were all visiting with Mr and Mrs. Joe Romanish on Sunday evening.

Mr and Mrs. Elmer Tasker were Edmonton visitors last month.

Mr Joe Romanish returned to Edmonton on Monday to the Aberhart hospital where he has operated on this week. We all wish you a speedy recovery Mr Romanish.

Scholarships available again

A number of scholarships for $300 each are again being offered by the Ladies' Auxiliary to the Canadian Legion Alberta Provincial Command. It was announced this week.

Preference will be given to post-secondary university students who are children of deceased service personnel non-sinners veterans with Overseas service other veterans and children of men now in the Regular forces.

Further details may be obtained from members of the Edson Ladies' Auxiliary to the Canadian Legion.

ahead of themselves this year and are not going to go to the hole on the look which will be nice for a change.

Perhaps attended a reunion of Alberta debutantes who met in 1960's number convention held four short we understand. They had a real good time down in Calgary.

All the students in P.S. High School are hard at their exams that we hear, so [illegible] with regards to PM at the Anniversary. They are [illegible]

POSING FOR THE LEADER camera Noreen Roome shows us one of the steps in the solo that she does in a number called China Gardens during the Dancing School presentation. It is reported that the way things are shaping up that it ought to be a real good show.

WATER POLICE NEXT

By G. E. MORTIMORE

One of these days a speed boat driver is going to get a nasty shock. He is going to glance behind and see a water policeman dangling him in a police boat with a siren and a red light on top.

The policeman will pull the boat-driver over and write him out a ticket.

In this way, the age of the water-cowboy will come to an end.

There will be no more touring along the shore of a small lake at 45 knots, chopping waterfowl to pieces, half drowning child swimmers, swamping people's lines and deafening people with the noise.

ENJOY THEM NOW

Sad to say, all these picturesque folk ways are going to fall into disuse, quite soon. So you had better enjoy them, water cowboys, while you still have a chance.

Of course, the federal government will need a little more prodding, before it begins a program of strict control, or gives provincial governments authority to do the job.

Only a few more people need to be run down—just a handful of swimmers, decapitated by feeble minded youths at the wheel of 100 horsepower boats. This must be done to dramatize the situation.

The speedboat drivers will soon attend to this chore and provide the necessary blood shed. Since power boats are increasing by thousands, each year and anyone can drive them, with not even a prime facie ability, some people think.

This will be regulating boats, too.

C.W.L. WHIST

High score for the 1st week was Mrs. J. Wynne and Mrs. Yendall with 143. Mrs. Ed McNaughton and Mrs. Joe Lann also scored 140.

THROUGH THE Study Window

By Rev. C. C. Armstrong

Fifty years ago on March 26th our spiritual forefathers met together in a new church building and worships together as it was dedicated. Later in the year the first ordained minister, the Rev. W. J. Whelan, began his pastorate.

Other churches too, have come into the community and witnessed to the Christian faith some of these combined together, to form, in 1925, the United Church of Canada. Others have maintained a separate identity, and still are known by those names which march far back into the even furies. All have some marks of distinction of difference with all praises the name of Christ as Saviour and Lord.

The contribution of the church, through the record of its life which we call history, can be traced. We are grateful to those who remind us that the church is something more than a creature of the present but that it has a past, a present and a future and yet so timeless. At this time, and in this connection, it should like to pay a tribute to Mr Harvey Miller, because of his recognition of the value of the historical perspective that is not only remembered but also written down.

You will find elsewhere in this paper a brief news article of interest to you in coming event of the return of Rev. J. D. McInnes to help commemorate the Golden Jubilee of Edson United church. He was here some twenty five years ago, and even in such an age as ours, where people move about like gypsies, there will be quite a number who will remember him, and help to welcome him back.

Other groups within the community during the course of the year will have special events to commemorate the year, for this year also marks the fiftieth anniversary of the town. We know that there are still amongst us men and women who were present from the very beginning in their homes in their churches, and in their daily work they have laid the foundations upon which we build. We should publicly and thankfully acknowledge the contribution which they have made. Every event intended to commemorate, in some way, this Golden Jubilee year is worthy of our support in every way possible.

Just this morning the Russians achieved a tremendous scientific and technological achievement of incredible skill, courage and resourcefulness. A human being has projected into space, and gone where no other human body has ever been. Nothing can take away from the men who accomplished this feat the glory and honor that is right fully theirs.

But scientific achievement must still stand humbly before the things that are infinite and Eternal in man travelling by train with his family, to establish a new home where love can provide with faith and work less of a miracle. But a single man travelling at incredible speed and yet in need of spiritual understanding? or is the man with the face turned to God the only one who can truly penetrate the depths of space and behold God face to face? Which is the greater pioneer?

Big names in sporting world to appear here

Sports enthusiasts in the Edson area will be pleased to know that they have an opportunity to meet some of the names in the sporting world at a sportsman dinner to be held on May 10 at 7 p.m. in the Legion Hall.

Probable sports celebrities who have indicated they hope to attend include Bobby Mitchell of the Edmonton Eskimos, Giles Hall of the Chicago Black Hawks, Bud Poile of the Edmonton Flyers, Alex Gerrard, curling champion of the world, Harry Veld, stock contractor for the Edson Rodeo.

As more sports celebrities make known their duties to attend their pursuits and short write-up will appear in the Leader.

Robin Hood Flour trophies will be awarded to the four most valuable players in grades 3 and 4, 5 and 6, 7 and 8 and bantams during the dinner.

The dinner itself is being sponsored by the Tri-Service Rodeo Association. Tickets will be available from the association executive for $5. They will be door prizes in addition to a bountiful turkey supper put on by the Kinettes.

Some seating space will be limited to 200 guests. Tickets should be obtained early.

To whom it may concern

Nearly two thousand years ago a man walked on that earth of ours performing miracles The lame were made to walk again the lords to see others were brought back to sanity and some from the grave that! This man had compassion on the lonely, the heart broken and those who suffered under burdens that seemed too heavy for them to bear

The alcoholic has a burden he suffers from an emotional conflict within himself He feels inferior and without help he cannot face up to the every day problems of life He is a lonely and very sick man, and his only retreat is to be found in alcohol If one should doubt these statements you have only to sit on our own streets, our police court, across the country, to see the same stories of broken homes, suicides, etc.

The alcoholic men and women are very sick people Going on the wagon, changing brands, cutting down on drinking using pills, need ing the straight jacket, terms in jails never help this sickness man or woman

But there is a way to help this alcoholic person help themselves We in Alcoholic Anonymous feel that we have found a way of life that looms us sober one day at a time Yes, we alcoholics are fortunate to be living in a day when there is A.A Before A A came into being there was little hope for any of us Now we have a way to build anew from human wreckage by following the suggested steps in A A we find we can stay sober one happy by helping the alcoholic who is still suffering

The Edson Alcoholics Anonymous group hold two meetings a week, on Sunday at 8:00 p.m and on Wednesday at 8:30 p.m For further information regarding these meetings phone 3 3084

The Edson A A Group will hold a public meeting in the Nova Theatre on Sunday May 7th at 2:30 p.m It is hoped that by holding this meeting we will be able to better acquaint the public with the alcoholic problem, and that friends and family of the still suffering alcoholic will as a result of this meeting be able to pass the word along to them

$ $

$12,500 in a YEAR for the RIGHT MAN

We don't want to mislead you into thinking that making $30 000 in a year is as easy as falling off a log — but we do pay our men from $12, 500 to $25 000 in a year and we want the same kind of a man in the Edson area

Here are our requirements age over 40, willing to accept responsibility, ability to make auto trips to surrounding territory to call on our customers.

We don't expect you to get in the field do but we will make it worth your while right from the start! This is a full time job if you make it such It is stimulating and filled with big rewards for honest effort

Sound worthwhile? Then tell us about yourself your background and your earning requirements Let me hear from you immediately I have a highly interesting offer for you S Stephens, Vice President Texas Refinery Corp Box 711 Fort Worth 1, Texas

Say thanks for desks

WEMBLY, Alberta It isn't often every researchers learn their efforts are appreciated

But Wembley first graders made sure when brand new desks were installed, that the county school commissioners were properly thanked — in big, carefully printed words of gratitude

Among the numerous child ish letters received by County Secretary R B. Bowen and passed around the contact table at the committee's Wednesday session were these

Dear County School Commissioner — Thank you for the new desk I like it It feels good (signed) Barney Guimet "

"Dear School Committee Thank you for the new desk I take good care of the desk I like it like you (signed) Bernice Bungun.

"Dear School Committee I am going to keep my new desk in order Thank you (signed) Duayne Brzikowski "

"Dear School Committee Thank you for the new desk I like it The color is nice (signed) Yvonne Gaud "

Mr and Mrs J Tyler from Grayton Valley visited Mrs Nova Theatre on Sunday May 7th at 2:30 p.m It is hoped that by holding this meeting we will be able to better acquaint the public with the alcoholic problem, and that friends and family of the still suffering alcoholic will as a result of this meeting be able to pass the word along to them

TOWN OF EDSON

NOTICE

Re: Curb and Gutter

Your Council is of the opinion that most property owners would like to have a curb and gutter constructed on the street abutting their property and that the general appearance of the Town and its streets would be substantially improved by the placing of curbs

Such work may be carried out under a local improvement By-law whereby the owners of the abutting property would pay a local improvement tax — the rate being arrived at on a basis of the construction costs, plus the costs of borrowing spread over the term of the loan As an unit mode preconcrete curb and gutter to cost $2.00 per foot and the interest rate to be approximately 5½%, the annual frontage tax on a 20 year basis would be approximately 17c per front foot or a total cost of $170.00 over twenty years for the average 50 foot lot whereas the cash cost would be only $100.00

Council has examined its capital money repayments and its other essential services priorities such water and sewer for the next ten years and it is evident that if money may not be available through the normal channels or at reasonable rates of interest to carry out curb and gutter construction in addition to these other essential services

Therefore Council suggests that if the owners over one block or several blocks as a unit were desirous of having curb and gutter constructed they should make the provisions of the Town and Local Improvement Act Town to undertake the work on a basis of the owner preparing for the cost of the project where it abuts on the owners property

The Council of course would reserve the right of deciding where and when the construction would be carried out

Forms of petition may be obtained at the Town office

FIRE PERMITS

IN PEMBINA-EDSON AGRICULTURAL SERVICE BOARD AREA

In order for farmers to obtain Fire Permits to burn at the proper time in Tps mships 51 to 55 inclusive and Ranges 7 to East half of Range 14 inclusive

They should contact the Forestry office at Nojack phone 3 or by writing to Department of Lands and Forests, Mac Ka, Alberta, or word may be left at Department of Municipal Affairs office, Evan-burg

If you intend to burn this year make sure you have a fireguard around the burning area before applying for a Fire Permit, then notify the above offices as soon as possible that you wish to burn

These applications will be inspected as soon as it is possible and will speed up the procedure of farmers being able to obtain Fire Permits at the proper time

District saddened by drowning of two boys

200 men search bush and river when call sounded

Shortly after a call of assistance from the RCMP Detachment on Sunday, April 16, more than 200 volunteer searchers from Edson and District hurried to the farm home of Mr. Christian Van Woudenberg, 6 miles north of Edson on the north road, to look for two little Edson boys Allan Peter Jager, 3 and Andrew John Jager, 5, sons of Mr. and Mrs. Albert Jager of Edson.

After a thorough search through the surrounding bush the bodies of the youngsters were found in about three feet of water in the Edson River just back of the farm home, at 9:30 p.m., where it is thought that they had dropped through the rotting ice when attempting to walk across.

The boys were first missed about 5 p.m. Sunday, after their father and grandfather had been visiting in the home shortly after their arrival and they noticed that the young stars were no longer in the farmyard.

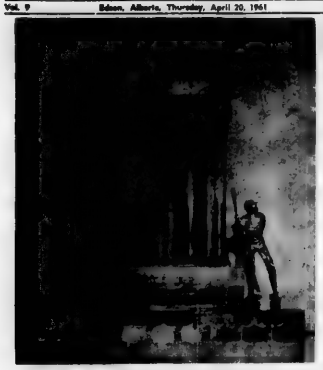
Funeral services were held Wednesday, April 19 at 2 p.m. from the Christian Reformed Church in Edson with the Rev John Kruis, of Peers and the Rev Louis Tammings, of Bev erly officiating. Interment was made in the Glenwood Cemetery.

Heartfelt condolences were expressed to the family silently and personally by a community who shared the tragic loss.

Edson Funeral Home was in charge of the arrangements

The boys are survived by their Loving Parents, three brothers, Egbert Christian and Paul, one sister, Gertrude, all at home, their Paternal Grand father, Mr Egbert Jager of Telkwa, B.C., and their Mater nal Grandparents Mr and Mrs. Christian Van Wouden berg of Edson

Floral Tributes were receiv ed from Loving Family, The Maris Families, Abe and Cor nie Deelbydes and Children, The Carine Family Edwin and Maxine Trydal, Mr. and Mrs. P. Quinette, Barkstad Family, Cy Smith and Family, Jim Mc Naughton and Family, Chal dragon Family; Edson Dry Cleaners and Edson Funeral Home.



Memorial Trophy for High School

The beautiful Donald Gourley Memorial Trophy secured through the memorial funds contributed at the time of Don's death. The plaque on the trophy reads:

DONALD GEORGE GOURLEY, B.Sc. M.E., M.B.A.
1935 - 1959
MEMORIAL AWARD
Athletic and Scholastic Achievement
EDSON HIGH SCHOOL

A further statement posted in the high school amplifies the above by pointing out that the Award will be made annually to the high school boy who best combines scholastic standing, athletic aptitude, and good sportsmanship, and that during the life of the fund a replica of this trophy will be presented annually for permanent possession by the winner.

(The degrees indicated are Bachelor of Science in Mechanical Engineering, and Master of Business Administration.)

Says load limits must be enforced

Load limits for various size loads on Alberta highways must be observed, Highways Minister Gordon Taylor told an area delegation in Edmonton last Wednesday.

The delegation had com prised representatives from the Hinton pulp mill, members of the pulp cutters association and members of the Edson Chamber of Commerce.

Special consideration had been sought for truckers hauling pulp over Highway 16 to the mill. The pulp cutters had asked for a four cord limit from the present three cord limit for single axle trucks with 900 tires.

Mr. Taylor told the delega tion that any overloading past certain standards had definite ly been proven damaging to highways, even when the ground is frozen.

The Minister also pointed out that condoning overloads for one industry in one area could only lead to requests for overloads in other parts of the province.

Fast thinking thwarts thief

A man walked through the front door of Mahon Electric Thursday noon, picked up a $99 transistor radio and ran down Main street.

Peter Zabacy chased him down Main, caught a ride and cut him off at the intersection of 3rd and Main. Peter reports that the thief didn't say a word, just reached in his coat coat and handed over the ra dio.

The incident has been re ported to the police and the theft is being investigated.

Roaring twenties theme of curling windup

"The best yet" was the comment of Curling Club members and guests who took in the big wind-up banquet on Tuesday evening. Just over 180 took in the highly successful affair that took the theme of "the roaring twenties".

Starting with a cocktail hour and smorgashord style supper the meeting that followed was short and to the point with the main business being the election of a new slate of officers.

Executive for the 1961-62 season is comprised of: Cliff Ernst, president, Al Grant, past president; John Walker, vice president; Cliff Bakstad, secretary; Ed Deskin, treas urer. Directors are Bill Kupk, Paul O'Hara, John Fraser, Tom Burgess, Bart Kneller, Albert Taylor and Murray Geier.

At an earlier meeting the ladies executive had been elected as follows. Mrs. Daisy Pumplet, president, Mrs Ed Deskin, vice president; Mrs Ken Perkins, treasurer, Mrs Tom Fowler Jr., secretary. Mrs. Bill Cash, zone convenor; draw commitee. Mrs. Joe Kutyn and Mrs. Dan Lebarsky

A film on the McDonald Brier playoffs was enjoyed

The program was very ably MC'd by Al Grant who, with other members of the entertainment group was dressed in the striped blazers and flat straw hats so popular in the twenties. The scene of activ ities was Dirty Joe Speakeasy with Joe Kutyn as proprietor

The ever popular Norman Epp and Neil Horne kept up their reputation of side split ting entertainers as they open ed the program with a num ber called "Fits and Starts" They were followed by two Hinton entertainers Carl Wal son and Scotty Stevens who were outstanding in a number of vocal selections

The next act was a group of dancing girls of the flapper era, very ably portrayed by members of the Ladies Curling Club. They included Mes dames Nellie Field, Ann Ku lyn, Syb Kunyk, Janice Mar low, Noreen Wilson Hazel Eriksson, Tiny Gosnette and Lois Blundell

Mrs. Nellie Field brought the house down with her ver sion of Betty Boop singing "Mow, He's Making Eyes At Me" with Al Grant making the eyes.

Past president Al Grant was presented with a gift by mem bers of the Ladies Curling Club. Mrs Grant was present ed with a bouquet of flowers.

Dancing to the music of The Trumps from Hinton rounded out an enjoyable ev ening.

Citizenship Court here Thursday, May 4th

Administering the oath of allegiance and presentation of citizenship papers to about 19 district residents will take place in the Court Room above the dairy on Thursday, May 4, at 2 p.m.

Until recently papers and the oath have been administer ed by District Court judges at special sittings. Under the new reforms introduced by the Federal Department of Citizen ship and Immigration a special commissioner has been appoint ed to handle this important function.

Two representatives of the Department were in Edson this week to interview Mayor W. R. Brunelle and Chamber of Com merce President P. Jacobs to see if some local organization would undertake a community welcome committee for the new citizens.

Further details of the ar rangements are to be worked out.

Edson is the centre for all those desiring papers for the area and from Drumheller to Jasper. Forms and informa tion can be obtained from lo cal RCMP detachment offices.

Mayor praises C of C in the community

The observance of Chamber of Commerce Week in this town will give all citizens an opportunity to see how keen, work pays off in building a better community, stated Mayor W. R. Brunelle this week.

The Edson Chamber of Com merce, he continued, is a vol untary organization of citizens enabling "us all to work to gether to build a better com munity to improve business, and to develop better citizen ship in our community, our province and our country."

Mayor Brunelle said he hoped all citizens would lend their interest, support and co operation in making other years of Chamber of Com merce Week successful in every way.

The Week's Weather

As reported by the Edson weather office:

Date	High	Low	Precip.
April 13	39.7	14.7	.04
14	49.6	7.8	trace
15	54.5	4.8	
16	52.6	27.5	
17	49.8	28.2	trace
18	49.7	8.0	
19	52.0	26.6	

RCMP have several lights

The Edson RCMP Detachment have several lights which were used during the search Sunday morning which were not picked up by their owners.

The Detachment would like to express their appreciation for the turn out of so many men in the call for assistance Sunday morning during the tragic loss of the two little Ed son boys.

GARDENING TIPS

By EDNA CAPP

Last week I have mentioned pest pots as ideal for starting Gladioli and Sweet Peas. Let us examine the concepts which have practical significance to amateurs and commercial growers, alike in the many use of peat pots.

The first idea is the saving of time and labor. Peat pots eliminate the necessity of pot removal at transplanting operation, saving considerable time particularly in the handling of small plants whether vegetable or ornamental. Time and labor are saved from the gathering, storing, cleaning and steel lining of clay pots or other permanent containers.

Another advantage is a shock free transplanting. Peat potted plants are planted "pot and all" with no checking of root growth as observed with other methods. Shock free transplanting results in great or, earlier blooms, growth and yield. Plants are also protected in the early stage, when most needed, against natural hazards as excess or deficiency of moisture and feed, and damage caused by disease and insects.

A third idea is the improvement of quality. A pot well made of peat is a near-per fect environment for the development or roots. Water is retained and uniformly available. Nutrients are also provided. Air penetration is good providing the necessary oxygen for root development.

The ease of handling is an other advantage. Peat pots are very light, do not shatter and provide uniformity of growth which is one of their greatest assets.

The use of peat pots is relatively a new method. But in the few short years of use, they have been recognized and acclaimed throughout the world. Next week I shall comment on their proper handling and give other advantages.

CARD OF THANKS

We would like to express our deep appreciation to the RCMP, Forestry men and all the citizens who came so quickly and in such great numbers during our family grievance Sunday evening.

We would also like to thank all our friends and neighbors for their messages of sympathy during our bereavement.

Seeding Forage

Time and money is lost if the job of seeding forage seed is not done right. Shallow seeding has long been advocated for grasses and legumes, and the recommendation still holds. At the Lacombe experimental farm, tests have been made to find the best depth of seeding.

Brome and alfalfa were the crops worked with. The seeds were sown on the surface and at depths of one half inch, one inch, two inches, and three inches. The half inch seeding depth for alfalfa produced the largest number of seedlings, but yields in the field favored seeding at the one inch depth. Both surface and two inch seedings of alfalfa were inferior.

Brome also did well when sown one inch deep although it seemed less affected by depth of seeding than did the alfalfa. With brome, the greatest number of seedlings was produced from the one inch sown seeds and better yields also resulted from this seeding depth.

Weather undoubtedly has an effect on the success of forage seeding. In the hot dry weather of early July, seed sown near the surface in 1950 did not germinate until the rains came. Seed planted a little deeper in the moist soil germinated and grew promptly. Fewer plants were obtained at these depths but higher yields resulted.

In 1960, the soil moisture was more favorable but depth of seeding results were similar. It was noted also, the increased yields resulted from the one inch seeding of both alfalfa and brome carried over into the second year.

On the basis of these tests, neither surface seeding nor deep seeding is advisable. The one inch seeding would seem most suitable for both alfalfa and brome. Sowing in firm, moist soil aids in the desired depth of seeding and promotes rapid germination.

E. Kent Hobbs

The fastest and easiest way of preventing cannibalism is by debeaking all the birds. This practice has proved to be more satisfactory and effective than most other methods in common use.

The exact cause of cannibalism is not known. It appears to be a bad habit brought on by a feed deficiency or anything that makes the birds nervous, irritable or bored.

Many poultrymen, because they do not actually see the birds pecking one another, think that the results of cannibalism have been brought about by other factors. Pecking is generally done quickly and it is very seldom that a cannibalistic bird is caught in the act.

Signs of cannibalism in chicks and turkey poults include bleeding toes. In older birds damaged ales and slit lower lids, featherless backs, blood around the vent, protruding and damaged vents and dead birds with their insides picked out are indications of this vice.

Among the more common methods of checking cannibalism are painting the windows of the house red, hanging up cabbage or raw meat, painting the vent area with an anti-pick ointment, putting charcoal in the mash, and adding the addition of 30 per cent whole oats to the ration and the addition of salt to the drinking water at the rate of one tablespoon per gallon for half a day. All these methods have met with varying degrees of success, depending upon the circumstances.

In addition to debeaking the birds, good management plays an important role in the prevention of cannibalism. Healthy birds must have a well balanced ration and access to an insoluable type of grit such as granite grit or crushed gravel. Overcrowding, overheating, lice and mites all encourage cannibalism. Nest boxes should be as dark as possible. Either community nest boxes should be used or the others should be facing away from the windows.

A GENERAL MOTORS VALUE

CHEVROLET HAS EXTRAS ORDINARY CARS can't begin to match!

EXTRA QUALITY
Body by Fisher
A heritage of quality exclusively yours in General Motors cars. this extra quality is assured by the famous Fisher coach emblem on the lower door sill . . . signature of a job well done — a body built as only Fisher can build it.

EXTRA SMOOTH RIDE
Smooth? Extra Smooth. In fact, here is the one great ride in its field! We call it "precisioned" — for what better way to describe the floating-on-air quality of the ride — the like of which just hasn't been known before in the world of motoring. Yes, there's extra smoothness here — try it — treat yourself to a Chevrolet ride.

EXTRA DOLLAR STRETCHING ECONOMY
Drive a Chevrolet for one year — and you'll know what we mean by extra economy. Sure, your initial price is low — but that's just the start! As you drive, you realize that Chevy bumpers power with economy — that its stylish ways are practical, too — that Chevrolet, and Chevrolet alone, is designed your way, year — including the year that you'll trade it!

EXTRA SPARKLING PERFORMANCE
There's extra go — extra gumption — and you know it the moment you touch your toe to the accelerator. Make your choice for performance and economy from a wide range of power teams.

EXTRA SAFETY
Extras where they count! Safety Master Brakes — Safety Plate Glass in every window — Clean-sweep Windshield Wipers — Precision Balanced Wheels — Foot-operated Parking Brake. All for Safety-plus!

EXTRA CUSHIONED QUIET
You're cuddled in an insulated hush! Refined in the extra comfort of Chevrolet, virtually vibration-free quarters. Metal to metal contact has almost been eliminated and sound waves are smothered in an insulating blanket.

EXTRA CONVENIENCE
In a car you want to enjoy yourself — Chevrolet makes it easy! Power accessories — operated ventipanes, one key to and a box-bowling trunk! These are just few of Chevrolet's convenience extras. Let your dealer tell you more about the delightful surprises in store.

EXTRA ROOM
You just have to sit in this amazing car to realize all the extra room. Outside, Chevrolet is neater, trimmer. Inside, everything has been done to give you extra roominess. Louvered transmission tunnel. Chest-high seats. Extra headroom. And, genuine bi-and-out room!

YOU CAN'T BUY ANY CAR FOR LESS UNLESS IT'S A LOT LESS CAR

EDITORIAL PAGE

A tragic incident

The tragic drowning of the two little Jager boys Sunday evening saddened the whole community. Accidental death at any time or age is a tragedy, but the hearts of all went out to the family in their loss.

The large numbers of men who responded to the call for searchers when the alarm was given demonstrates anew the spirit that small towners exhibit in times of emergency.

Bird in the hand

The bird in the hand locally with regard to the prospect that this district will get better TV would seem to indicate the horse to back is the CFRN-TV application.

This very thing has been done by the Edson Chamber of Commerce and several private individuals. We are also satisfied that the average viewer who can manage to acquire a TV set would prefer commercials in among "Gunsmoke" and "Matt Dillon" to commercials worked in around ballet dancers.

The pre-emption by CFRN-TV to the Board of Broadcast Governors was clouded by a CBC spokesman telling the enquiry in Ottawa that CBC might get around to looking at a satellite for Edson district about the fall of 1963.

The fact is that private enterprize is ready to put a satellite into Edson district now. All that is needed is an okay from the broadcast board. This newspaper sees no reason why the application should be denied.

Plans for CBC outlets two years from now leave us cold and we think most of the people in this area feel much the same

Trees are an asset

As we drove around town last week we were struck by the sight of several of the best trees standing in municipal debris from the clearing for the new office and warehouse building for Alberta Gas Trunk Lines on Second Avenue East.

We would like to make a bet that whoever was responsible for leaving the most symetrical of the spruce trees standing in what will be an industrial site came from the Prairies. To a prairie person cutting down a beautiful tree is a crime

We have noted with satisfaction that on quite a few of the newer home sites the better trees are being marked for saving before the bulldozers arrive.

Only God can make a tree but a cat skinner can make short work of it without prior planning.

Discussing taxation

The government of Alberta has decided to increase the tax on gasoline form 10 cents to 12 cents a gallon. The new rate went into effect on April 1. The odd bits will have to be trained to breath through her nose from now on!

The demand for more services and more expenditures by the provincial government is responsible for the increase. The expenditures on highways alone for the current year has been placed at over $70 million. If we are to have modern highways and more schools they must be paid for. And those who use the highways should carry the burden of costs.

While there has been criticism of the gasoline tax no cause we much prefer it to a general sales tax. Alberta and Manitoba are the only Canadian provinces in which no sales tax is imposed. Ontario will have a 5 per cent sales tax commencing with September 1st next. The sales tax in British Columbia is 3 per cent, in Saskatchewan 3 per cent, Quebec 2 per cent, New Brunswick and Nova Scotia 3 per cent, Prince Edward Island 4 per cent, and Newfoundland 3 per cent

This newspaper has always opposed a general sales tax because it hits the low income people the hardest

LETTERS TO THE EDITOR

Dear Madam:

In recent years with violence and law-breaking flaring in all walks of life, teenagers especially have been subject to criticism.

The theme many people use when speaking of them is "Look at those teenage hoodlums. In my day they wouldn't have been tolerated. We respected our elders."

On many occasions we hear severe criticism against teenagers for being in possession of liquor. I agree that alcoholic beverages never enhance anyone's personality, but let's honestly ask ourselves, where do we begin when we think about entertaining.

Mind you, I'm not advocating it for teenagers, but I am advocating that adults become less reliant on "Dutch courage" and set an example for the Juniors they themselves expect the youngsters to patronize.

The recent teen convention certainly enlightened my outlook on teenagers. It was a most pleasing experience to have been associated with those teenage citizens. The ideas, the co-operation and mostly the wholesome outlook on life was especially easy to appreciate (digest).

Thanks teenagers, for a very enlightening and enjoyable weekend.

Hinton

THE SECOND COLUMN

June Husband: Do you know, my darling, that you snore dreadfully?

June Bride: Is that so? Well, you're the first man that ever told me so.

☆

The visiting minister reached an Alberta village on a bitterly cold winter night. Arrangements for his bed and board had been made at Farmer Cornstowel's. Being very tired and weary after a long walk from the station his reverence retired early. He asked only that a glass of milk be taken up to him after he had got between the sheets.

"Look here, Jane," said Farmer Cornstowel to his wife, "they tell me that he's a strict teetotaller, but I'm thinking an inch and a half of whisky in his milk wouldn't do the old man any harm."

Jane agreed and so up she went to the room with the tin vigorously stilt.

The minister took it from her, tasted it, smacked his lips and then swallowed it at a gulp. Putting down the glass he remarked "God bless us, what a cow!"

☆

"My friends," said the reformer, addressing one of those VIP, to be joyful" meetings so popular in the northern city, "I am willing to wager that there is not one woman in this vast audience who hasn't at some time in her life resorted to a lie."

"I haven't," shouted a little old maid at the back of the hall.

"Hut, madam," cautioned the speaker, "perhaps in your goodness, you do not understand what is meant by lies."

"Lies! Oh, dear me, I thought you said guys."

FROM THE LEGISLATIVE PRESS GALLERY

107 bills get discussion

By RUSS SHEPPARD

At 5 o'clock Wednesday, April 12th the Alberta Legislative Assembly was a shambles. The second session of the 10th Alberta Legislature had prorogued a few minutes earlier. Then the Press Gallery handed its traditional shower of paper down on the members. The traditional paper shower symbolizes the throwing back of the words spoken by the members during Legislative sittings. This is the moment the government caretakers' staff dreads for the pigeon-like clean-up must follow!

Lieut. Governor J. Percy Page prorogued the house after giving royal assent to the bills approved by it. This session of the Legislature had lasted 39 sitting days compared with 43 last year. This had actually seemed a harder working session with 107 bills requiring consideration and two major controversial issues developing. These issues were the Education Foundation program and the bill to certify dental mechanics.

"FOUNDATION" NOT CLARIFIED

Lengthy debate developed over the Education Foundation program with such words as "stupid" and "dumb" being hurled at Mike Maccagno, Liberal member of the Opposition who pressed insistently for details of the program. Later, the Agricultural Committee held hearings on the program and heard 13 presentations, nine of them asking that the program be delayed for a year while details were worked out. The program calls for a 20-mill uniform rate based on equalized assessment, coupled with a government contribution of almost 55-million dollars. Edmonton asked for a greater amount from the Province.

Premier Manning, in announcing that the Government would proceed with the program, also said a five-man Cabinet committee would be appointed to work with Municipalities in the application of the program. He said it is in the best interests of the people to proceed as a means of stabilizing the costs of education. There were no major criticisms of this basic principle.

TO DEAL WITH PUBLIC

The Dental Mechanics' Bill is designed to permit dental mechanics to deal directly with the public in fitting, making and repairing dental plates on presentation of an oral prescription of health from a doctor or dentist. The dental profession was accused of threatening the Legislature in its presentation opposed to the bill, while the President of the Alberta Dental Association, Dr. G. C. Swann of Calgary, was accused of slanderous statements in news reports from Calgary. The Bill was finally approved, with amendments, certifying the mechanics but removing the incorporation of the group into a society.

Premier Manning during the closing debate said he sincerely regretted the unfortunate controversy that the bill had occasioned. He suggested that the step proposed by the bill is a symbol of the evolution of this age. "Rightly or wrongly," said the Premier "there has been growing public pressure for a group of personnel to do the work not requiring the skill of the highly professional man." Mr. Manning noted that the first time this similar bill came to the House was in 1936 and that it had been turned down on several occasions.

The last time it was before the Legislature was in 1956. It had been the Government's hope that during the past two years the conflicting interests would get together. Mr Manning said: "I regret this was not done and that is why the legislation is again before the House."

Ernest Watkins, who was opposed to the Bill, reminded that the Government should have given leadership in resolving the problem. Health Minister Dr J D. Ross said that his Department will continue to work with the profession in the interest of the people.

Liberal M.L.A for Lac La Biche, Mike Maccagno, said he intended originally to oppose the dental mechanics' bill and to side with the dentists but the attitude of the Dental Association made him change his mind. He said that the Dental Association must learn to live with the people of Alberta. He also said that following last week's hearings on the subject he was approached by one member of the dental profession who stated he was disappointed with the way Mr. Maccagno had acted and that he would report him to the Liberal Association. Mr. Maccagno replied: "Go ahead. All they can do is fire me." Premier Manning interjected: "Instead, you got a promotion." Mr. Maccagno was named Acting Leader of the Alberta Liberal party at a week-end meeting.

RECORD BUDGET

A record 338-million dollar budget was approved this session, the major expenditures being 70-million for highways, almost 70-million for education and 60-million for health.

Legislation providing for the taxing of power, telephone and pipe lines came in for considerable debate with criticism voiced that it would result in increases in utility rates. The much talked of Wildlife Crop Damage Insurance program finally came into being with farmers wishing the insurances paying premiums of 50 cents an acre and hunters an additional dollar for hunting licences.

The Redistribution Bill, reducing membership in the legislature from 65 to 63 members was approved with a few rural members objecting.

Two reports arising out of the Lamont School bus disaster were tabled in the House. One, an investigation into the affairs of the Lamont School Division, called for the replacement of the Principal of the Chipman School and also for better business administration of the Lamont Division Board. The second report recommended a stiffening of school bus safety regulations and improvement of railway crossing grades and signal systems

The Compensation Act was also amended increasing widows' and dependant children's pensions and increasing other allowances.

To every motorist and trucker in the Province the most important Legislative action was possibly the increase in gasoline tax by 2 cents a gallon to a total of 12 cents and a similar increase in the diesel oil tax to a total of 14 cents.

Amendments to the Farm Purchase Credit Act were introduced by Agriculture Minister Halmarot to increase from 6 to 10 million dollars the amount in the Loan fund. Under the Act young farmers can purchase land with a Government loan of 10 thousand dollars or 50 per cent of the purchase price, whichever is the smaller.

At the conclusion of the Session, the 65 members of the Legislature picked up cheques for sessional indemnity and expense totalling 339 thousand, 600 dollars and 8 cents. Each receives an indemnity of 2 thousand dollars, another 15 hundered dollars for expenses. In addition, out-of-town members receive 15 dollars a day for hotel expenses and mileage from their homes to Edmonton and back, at a rate of 5 cents a mile.

Chamber Week in Edson

This week, April 17 to 22 is Chamber of Commerce Week across Canada. There is likely no other organization in Canada that is so dedicated to improving the lot of communities, towns, cities as a whole that is because the Chambers and Boards of Trade are made up of business men and women and others interested in bettering their communities — people with an optimistic view of the future who are working for present improvements as well as long term projects for improving their home town and district.

One local man who is sold on Chamber of Commerce, summed up the situation very aptly when he said that an individual seeking to improve a local situation had very little chance of getting an audience with local or provincial government. If that government knew the individual was endorsed by or was representing the Chamber of Commerce the chances of success in his hearing were much more probable.

MEMBERS OF THE PROVINCIAL TOC ALPHA GROUP which was formed in Edson at a meeting held on Monday, Comrose April 4th, are pictured above. The new organization is the result of a youth conference on alcohol held at the C.L.B.I. on April 3rd and 4th. Kneeling, left to right, are Lee Samuelson, Wotaskiwin, president; Sharon Humperper, Didsbury, secretary, and Robert Worbets, Lamont, vice-president. Executive members, standing left to right, are Derek Bennett, Peace River; Sharon Stone, Benalto; Lois Murphy, Stettler; Loreen Fast, Jasper Place; Melanie Wall, Nanton; Ralph Zieladorf, Calgary, and Gordon Crawford of Edson.

Edson lad elected to "Toc Alpha" executive

The first organization of its kind in Alberta, a "Toc Alpha" youth group, pledged to support total abstinence from the use of alcohol, was formed in Camrose at a Youth Conference on Alcohol which was held in the Canadian Lutheran Bible Institute on April 3rd and 4th. The only delegate to the Alpha organization in Canada is in the province of Ontario

The first executive of the new organization was elected on the afternoon of the 4th. President is Lee Samuelson of Wetaskiwin. Robert Worbets of Lamont is vice president, and the secretary is Sharon Humperper of Didsbury. Executive members include Derek Bennett of Peace River, Sharon Stone of Benalto, Lois Murphy, Stettler, Loreen Fast, Jasper Place, Melanie Wall, Nanton, Ralph Zieladorf, Calgary and Gord on Crawford of Edson.

A total of 105 young people from as far south as Nanton and as far north as Peace River attended the conference. Nanton was the best represented community, with no less than 16 delegates. All the delegates were residents at the C.L.B.I. during their stay in Camrose.

The students spent two days in studying the alcohol situation getting basic facts, and as a result they decided to form the "Toc Alpha" organization. "Toc" is a semaphore word for the letter "T" and "Alpha" is the first letter of the Greek alphabet, corresponding with the English letter "A". "T" refers to Teen-ager and Total Abstainer

The Conference was held in conjunction with the Annual Convention of the Associated Temperance Forces in Alberta, which is the Toc Alpha sponsor. Leaders of the Conference were: Chairman Rev. Kenneth Kennedy and A.T.P.A. Youth Director Jack H. Purdie.

Special speakers for the conference were Tom Kent of Toronto, executive director of the Toc Alpha Youth Movement of Toronto, William Wilson of Vancouver, executive and Education Director of the Alcohol Research and Education Council; and Mrs W. S Watson of Vancouver who is the National President of the W.C.T.U.

Because of the outstanding success of this initial conference it was decided to make this an annual event.

Tips on Touring

By Carol Lane
Woman's Travel Authority

Wise women watching their budgets know that some careful cutting can lead to false and foolish economy

How many of these fruitless attempts at cutting our costs do you recognize?

1. Trying to lower the interest on the installment plan. Drive around town for half an hour hunting for a free spacy or meter with time left on it. Saved! a few cents parking charge. Lost: time, fuel, and wear and tear of stop-go driving (far worse than cruising).

2. Drive miles to get cut rate gasoline. Saved a few cents. Lost the fuel used for the trip, plus possible harm from fuel of unknown quality plus the service and car check you get from a dealer with a well known brand.

3. Stretch the period between oil changes and lubrication. Saved a few dollars a year. Lost performance, power and efficiency, plus possible permanent damage to the engine

Your modern car is a beautifully made machine, as well as a big investment. You bust it and cheat yourself if you cut corners. Read economy causes with proper care

Poster winners chosen by Cancer Society group

Mr T D Baker president of the Edmonton and District Canadian Cancer Society, recently announced the prize winners of the annual school poster contest which was sponsored and conducted by the Society

The prize winners are as follows

In Grades VII and VIII 1st Prize, Teddy Rotylak, Washa tenian, 2nd, Miss Frances Waugh R.C.A.F Station, Cold Lake. 3rd, Gary Hayek, RCAF Station, Cold Lake. 4th Miss Susan Campbell, RCAF Station, Cold Lake.

In Grades IX and X Mary Eunice Urebyshyn, Chisholm Mills, Patrie Conroy, St. Paul, Peter MacLeavick, Edmonton Stanley Jordan, Rumsey.

In Grades XI and XII, Miss Elva Engleman, Beverly Mae Sharron Raby, Beverly, Ping Pon, Bruce, Nark Scown, Fort Saskatchewan.

The contest, which covers the whole of Alberta, was designed so that students from grades 7 to 12 could depict on poster form, facts about cancer Simplicity of design was the keynote in the contest, but the art work was forceful enough to let people read and understand the message on each at a glance

The above mentioned winning posters in the local contest will be sent to the Society's headquarters in Calgary where the provincial grand prize winners will be named The winners of the provincial prizes will not be known until late May.

This year the prizes will take the form of new 1961 silver dollars.

The judges for the contest were Murray MacFarland, Chairman, P. S Hesson, and W. S. Prudhi, all of Edmonton

JOHN R. MEAKINS

New athletics supervisor is named

John R. Meakins, has been named supervisor of the new province established Athletics and Outdoor Recreation Division of the Alberta Recreation and Cultural Development Branch A native Edmontonian, Mr Meakins is well known as a former member if the Calgary Stampeder Football Club and as a player assistant coach in United States college football

Receiving his elementary education at Edmonton, Mr Meakins attended Montana State University on a football scholarship During his three year attendance at Montana State, Mr. Meakins also played with the Calgary Stampeder Football team during the regular season

Transferring to University of Alabama he was named assistant coach of the team under the direction of well known United States college football coach Paul Bryant Mr Meakins graduated in 1959 with a Bachelor of Education degree from that college and during 1960 received his Master's degree, majoring in school administration and Health, Physical Education and Recreation

In the role of supervisor of the Athletics and Outdoor Recreation Division of the Branch, Mr Meakins will be responsible for promoting athletic clinics throughout the Province on a wider scale than was previously possible Track, field and similar sports will be emphasized more than the established sports which are self operating Recreational activities of interest to all ages and occupations will be the main theme of the widespread program.

HATTONFORD

Mr E Strauss and Michael Ford were Edson visitors on Thursday of last week.

Soapy smell in drawer

By G. E. MORTIMORE

There is a flowery smell when you open the top drawer of the desk. Old, sweet letters in there? No, it's just soap In fact the drawer contains a load of household gear razor, shaving cream, toothbrush and tooth powder, shoeshine equipment, a spoon and (who knows why?) a comic printed card confronting membership in the "Since I Got Rich My Friends Know More Stupid" Club.

The lady visitor sits back in that chair and scans the desk and his occupant with some amusement. "Do you live here?" she asks.

Well, what can you say? "Sure, I live here some of the time."

It's a surprise to see how much domestic stuff has collected. How did it all happen? One day you rush out of the house so fast as you can go, intent on making straight for town Then you realize that you have forgotten to shave Nothing for it but to buy a razor and shaving soap Word gets around that you have a razor in the drawer All her a while it becomes a sort of communal razor, often borrowed and put back by friends who have left home in a hurry

Why a toothbrush? Again, a hasty departure from the house, and a sudden rush of conscience about tooth decay Nobody borrows this, at least

There are similar reasons why the other stuff is there, too Is this collection of gear a symbol of disloyalty to your own home?

Well, it's foolish to jump to large psychological conclusions about these things Many men carry domestic stuff around with them Some have razors in their cars. One well-known citizen used to have an electric razor that plugged into his car, and often drove one armed to work while shaving.

And then there was Mort Carty, who used to keep his toothbrush in a restaurant.

It takes only a few seconds for these thoughts to pass through your mind. But the lady was asking you a question. What would be a good answer?

"Sure, I live anywhere," you say grandiloquently. "You know the old saying — home is where you hang your hood."

But you just say that to yourself — not out loud There is no use trying to be too smart.

Designate 121 forest management units for perpetuation of woods

An international forest management program designed to provide a continuous source of raw forests products on a sustained yield basis has been undertaken by the Alberta Department of Lands and Forests Brenhtally, as a result of the plan, the province's 156,000 square miles of forest area will be divided into 121 management units of varying size

The organization of actual units is the second phase of a long range program begun in 1949 with the commencement of an extensive program of aerial photography, field reconnaissance and base mapping.

All of the province's 255,000 square miles were photographed in 1956 a forest inventory was prepared, covering 142,000 square miles of forested land, and from this it was decided

growth without ordeal — all Yours!

Just about everything on your home grounds can spell new magnificence with the formula fertilizer Gard-N-Mak lately developed and now produced by a Toronto firm It is a fertilizer in stick form, and it takes its nourishment direct ly to the roots, where it really counts, and, where, decompose ing slowly, it feeds your plant for months.

There are four different formulas, each offering a different proportion of Nitrogen, Phosphoric and Potash You simply tuck the sticks in the soil surrounding your little hospitals, or, your state ly old trees when without fail and, shortly it is all yours true magnificence. Lake Aims Blue and bunny Champagne."

The brochure accompanying each wonderful package details the simple use of Gard-N Stick and each package as well spells it's own message of exploit here's how and what to do " home rame prepid size 49c for a 20 pack — others, larger, come at 89c for a 12 pack.

Sure results You may not have the quality of plants and shrubs you'll see in Butchart's famous Victoria Gardens but isn't it nice to know available Gard-N-Stick will supply you magnificence for all the growth there is around your home?

Is to implement a unit management plan

NOW IN OPERATION

Two management areas, of 1,800 square miles and 600 square miles, are now in operation at the east end of Lesser Slave Lake and at Mackay, 25 miles east of Edson respectively In these areas totalling 2 600 square miles, will be implemented in the Lesser Slave Lake area during the current year.

In addition to providing a continuous source of supply through controlled timber cutting the plan will serve to stabilize the economy of communities dependent upon forestry for their livelihood The values of watershed protection, fish and wildlife conservation and potential recreational facilities development are also taken into

Members of the Forest Service Branch of the Department of Lands and Forests have been working on the program since its establishment in 1950 All forest areas of the province were analyzed to determine which sections should come under management programs Present forest cover and conditions and possibility of future agricultural or commercial development were among the items considered in defining a permanent forest area

PHOTOGRAPHED SURVEYED

When a management area is proposed aerial photographs are taken and field surveys are undertaken during summer months to determine age class distribution of all trees volume estimates and regeneration conditions Volume is based on number of cubic feet of marketable timber

During the winter months the aerial photographs and field survey reports are interpreted Timber in the area is classified according to density height species maturity and productivity rating

All information is transferred onto latest scale maps and with the aid of special instruments and electronic computers the potential volume is calculated Several formulae are employed to determine the amount of timber which can be marketed annually to maintain a continuous supply In determining the allowable cut foresters also take into consideration the amount of fire depletion, loss through decay insect and animal damage, and other such data of each management area

The description of management units and allowable cuts are passed on to field personnel who implement the plans

BETTER CONTROL

An immediate effect of the program is the provision for more efficient control of the type and amount of timber extracted from an area Professional foresters now locate salvable timber and cutting rights are offered through a bidding system Until recently commercial operators located timber and applied for the desired permits

Field work has been completed to date in 25,000 square miles of forests. Officials anticipate that in five years 80,000 square miles of timber will have been analyzed and some 80 management units will be in operation.

Costs of the program is estimated at $20 per square mile including aerial photography, field work and office calculations. Approximately one-third of the cost is shared by the Federal Government.

DATE:

Friday, April 28th

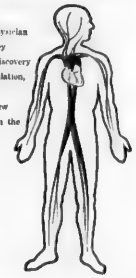
MILESTONES IN MEDICAL HISTORY

In 1629, the English physician William Harvey reported his discovery of blood circulation, leading to a tremendous new development in the field of medicine.



In 1948, a group of public spirited Alberta citizens in co-operation with the Medical Profession formed M.S.I. to bring comprehensive pre-paid medical care to Albertans. A non-profit organization, designed to provide the greatest protection at the lowest cost, its services are today enjoyed by over 453,000 Albertans.

By budgeting for your medical expenses through M.S.I. you can enjoy freedom from worry . . . security in the knowledge of pre-paid medical care. There is no age limit to have M.S.I., nor exclusion for chronic or pre-existing ailments.

M.S.I. services include home, office and hospital calls, diagnosis, treatment, surgery and many others.

Plan "A" for groups of three or more of one employer. Plan "C" for individuals.

For further information on M.S.I. phone today or send in the attached coupon. There's no obligation.

Hinton Rock School formed for climbers

HINTON —

Fourteen persons gathered in the basement of the clinic of North Western Pulp & Power on the evening of April 11th to attend the first session of Rock School given by Will Pfisterer, Austrian mountain guide.

Rock School is the term used for the course on fundamentals of mountain climbing in the fall, as ice School will be held, in which students of climbing will learn the fundamentals of glacial travelling.

In the first session Mr Pfisterer displayed and explained all the equipment used by advanced climbers in rock, ice and snow. These items include various types of pitons, clampons, ice axes, rope, expansive sack, mountain boots and even an Alpine hat "to look the part."

At the end of his lecture, Mr Pfisterer showed 35mm. slides taken during the well known Logan Expedition, of which Mr. Pfisterer was one of the chief guides.

In the second session, to be held on April 19th Mr Pfisterer will instruct on the three or four kinds of knots used in mountain climbing in addition to explaining belaying, rappelling, walking and climbing on different slopes and types of terrain.

All sessions from then on will be outdoors on the Hinton Range These sessions will consist of preliminary safe climbing practices on rock areas, slabs and side hill, as well as the use of hands on climbing, travelling, rappelling belaying, use of pitons and rescue from a crevasse The course will end with a small basic climb.

The group in Jasper who have been taking Rock School were awarded interest in joining with the Hinton Rock School graduates in forming a local branch of the Alpine Club of Canada. The nearest branch of the Alpine Club is now in Edmonton.

The total cost of Rock School is $12.00 Anyone interested in joining should attend the meeting at 7:30 p.m. Wednesday, April 19th in the basement of the clinic of North Western Pulp & Power.

Pleasing people

By O E MORTIMORE

In some offices there is a steady, gloomy and grudging spirit. Look around, and you can often trace it to an emotional Typhoid Mary who is spreading the infection of pessimism and bad temper to everyone.

The culprit may be the boss, or someone at a lower level who comes in contact with numbers of employees.

And then there are happy offices. You can feel the warmth as soon as you go in the door. Those lucky organizations — government or commercial — have agreeable people in key places.

Their spirit filters down to the lowest level For exam ple

Aboard a ferry boat not long ago, I saw a steaming girl moving among the passengers with a green button held between thumb and forefinger

It was a button from a woman's coat She had parked it from the floor, and was trying to find its owner I saw her approach several women passengers, and hold the button against their coats, for comparison

How many people would have bothered? This was one of the small acts that provide a clue to character It meant kindness in petty things and thought for other people's welfare

Whether or not the girl found the owner of the button, she pleased the people who understood what she was doing That is the way to build a good public relations "image" by small, spontaneous acts of service

And she was a good adver tisement for the people who had hired her The behavior of minor employees tells you a lot about the boss

WINS BINGO JACKPOT

Mrs Theresa Madden end ed a long "no-winning spell" at bingo at the Canadian Le gion last Saturday night when she won the jackpot of $185. Our congratulations, Mrs. Madden.

Bingo players, you could win $100 this Saturday as that is the amount of the new jackpot

Mr and Mrs Sid Smith ce lebrated their 20th Wedding Anniversary April 19th. Their first grand-daughter, was one year old April 19th The wee girl is the daughter of Mr and Mrs George Smith.

Hubby sneaking home in the fading hours of the dawn to find his spouse right there at the front door to greet him. "Well," she snarled, "do you've decided that home is the best place after all?"

"I don't know about that," he replied "But it's the only place open"

Canadians becoming "a nation of dental cripples"

Canadians are rapidly becoming "a nation of dental cripples," medical writer Sidney Katz warns in the current MacLean's.

More than 80 percent of school children in Canada have open cavities needing treatment, 70 percent have crooked teeth, 60 percent have some teeth missing and 20 percent have gingivitis, Katz reports, adding: "With children living on a diet of soft foods and nibbling sweets, the rate of tooth destruction is bound to increase."

The condition of adults, teeth is just as bad, he says. "Despite the $160 million we're spending on dentistry each year, a backlog of $600 million worth of work re mains."

He says Canada has 6,000 dentists and needs about three times that number. some municipalities have no dentists at all One explana tion why Canadians are so lax about dental services is that the public "grossly underestimates the hazards of bad teeth.

"You won't die if a tooth becomes decayed and has to be extracted, but continued neglect of the mouth can lead to pain, discomfort, general illness and, in some cases, death."

Katz quotes Charles H. Mayo, the famous clinician, as saying: "Life might well be prolonged ten years through dentistry alone."

With the Churches

AS I SEE IT

Rev-and E. HURD — Pastor

Unfortunately, the spirit of the age is against both discipline and resourcefulness. Too much of our national economy and private life foster such questions as what is there in it for me? Who will take care of me?

In our quest for security we are in danger of failing to learn to grasp opportunity. We tend to sacrifice challenge for comfort, work for welfare duty for dole. Important as humanitarian actions are, they can be carried so far as to crush incentive, initiative and resourceful

Too frequently this same undisciplined and unlearning alive spirit characterizes the Christian. Such workers will crack up under pressure. A few years ago a missionary leader wrote:

"Frankly, it is the convict ion of many of us that the greatest contribution which Christian institutions in the homeland can make—lies in the cultivation of a spirit of discipline and of submission to the Lord and to those on der whom they serve. With out being unduly pessimistic about present day trends in evangelical circles we sense times feel that there is a very superficial emphasis in many quarters, with the result that the young people tend to think more of what they can get rather than what they can give. They cannot be frequently reminded that the Christian life is the life of a soldier, and that it necessar ily involves discipline and hardship."

If some of our young people do not measure up, the blame belongs to all of us who shared, or should have shared in their training. The home, the church, the school in short, all that have a part in their education bear the responsibility. This it is should begin early. It is did result indeed to try to inculcate discipline when the young person has known little of it. Thank God, He can break, and melt and mold but we dare to believe that He desires some of this trait for to take place much sooner than it does

Fiddlers have something to sell - - - entertainment

It is often difficult to sell people goods or services. However the job becomes a much easier for the salesman when he has something good to sell.

The Optimists of Edson have this. They are selling tickets to the Fiddlers Contest and without doubt really have a show that will be without precedent in Edson's long history. The present program as planned has talent spelled with a capital T. The entry providing for the show are calculated to give you as much as possible for your admission fee. The show, we are certain, will be one to make Edson proud to be celebrating her 50th anniversary.

And now as to the proceeds of the show. These funds go to aid in Boys work. What boys? you may ask. Any or all boys who care to take part in the many activities the Optimists sponsor. These activities are many and diversified baseball, hockey, athletics, Boy Scouts, music lessons, radio and the Boys' Cruise and many others.

Help us to help the boys for these lads one day will be the leaders and citizens who will keep our traditions and growth as a nation strong and free.

Remembed a man never stands so tall as when he stoops to help a boy. Do your part, get your ticket early and support this great and good cause.

Niton 4-H Clothing news

A 4-H business meeting was held at Niton Central School on March 23. For this meeting Mrs. Atkinson, our District Home Economist was our guest. Mrs. Atkinson gave us some very helpful hints on sewing. After she gave a demonstration on setting in a zipper.

A business meeting was held on April 13 at Niton School. Discussions were held on things to do for Achievement Day. It was decided to have a tea for the mothers on Mother's Day.

A recent sewing meeting on April 7, was held at Mrs. Hewlett's home. Some of the first year girls had nearly completed the dickie. Not too many of the second year girls attended, but their dresses are being started.

The next sewing meeting will be held at Mrs. Nencheny's. All 4-H girls are asked to attend.

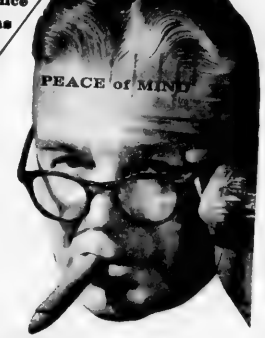
Insurance means



For Trade and Industry: Few people today would be able to risk the hundreds of millions of dollars needed for factories and equipment if insurance were not available to protect their investment.
Few would dare to take the risks of transporting their product to market without insurance. Few merchants and dealers could take the chance of stocking merchandise if there were no recourse against overwhelming disaster.
Back of practically all our trade and commerce is the Peace of Mind which comes from insurance. Last year, the companies writing fire, automobile and casualty insurance paid out more than 500 Million Dollars in claims across Canada — real evidence that insurance indeed means Peace of Mind.
THE CANADA INSURANCE FEDERATION
on behalf of more than 200 companies registered writing Fire, Automobile and Casualty Insurance.

Edmonton Toastmaster wins area speaking contest at Hinton

HINTON—

Heinz Feldberg, a member of the Northern Lights Club No. 489 in Edmonton was winner of the Area 1 Toastmaster speech contest held last Saturday evening in the Athabasca Valley Hotel. The subject of Mr. Feldberg's address, "ballet is for the birds" was treated in a humorous vein that had his audience chuckling for most of its six minutes duration.

Runner-up in the contest was also a member of the Northern Lights Club, Mr. Tom Wilson, who gave a thought provoking address on "a more sensible finance system."

The speech contest, which was presided over by Wally Wale of the hosting Hinton club, highlighted an evening of entertainment that was enjoyed by over 180 people. Beginning with a cocktail hour and banquet the meeting was called to order by Mr. Eric Marrison, president of the Hinton Toastmasters who introduced chairman Cora Primeau, governor of Area 1. The invocation was given by Dean Cooke followed by a toast to the Queen led by Lloyd Stafford.

Following the introduction of the head table guests Major W. A. Switzer welcomed the visitors on behalf of the town and stressed the importance of members of the community learning to express themselves. Speaking on behalf of North Western Pulp and Power Mr. Desbiens Smith expressed regret that a mill tour was impossible at this time for the visiting Toastmasters but extended an invitation to visit the mill anytime they were in Hinton in the future.

Mr John (Jack) McIntosh, one of the visitors from an Edmonton Club, gave the toast to the ladies which was answered by Mrs. Gerry Golden. A short table topic session was then conducted by Hugh Elliott of the Northern Lights club. Some of the speakers were a little surprised at being selected to talk but like true Toastmasters they rose to the occasion. These impromptu short addresses and those that followed, while being more or less taken as a matter of course by Toastmaster members, were quite enlightening to guests who were impressed at the apparent ease with which the members spoke on a variety of subject.

Guest speaker for the evening was Mr. Fraser Pallister. The theme of Mr Pallister's address was the fact that children are not taught self expression in their formal education. Many people, finish they are lacking in this talent in their later life, turn to Toastmasters for help. Toastmisters are the only club that can boast more ex members than members and be proud of it, because it is an indication that these ex members have gotten the help they were seeking in finding a way to express themselves, in their everyday life. Mr. Pallister who is a past District Governor of District 42, held that the goal of modern educationalists should be to teach students to speak clearly, coherently and intelligently so that there would be no need for Toastmaster Clubs.

President Eric Marrison thanked Mr Pallister for his speech on behalf of the members and guests.

The speaking contest was held after the banquet and before the dancing started. Besides the winner and the runner up, other speakers and their topics were Cliff Kennedy of Edmonton Toastmisters No. 1452 speaking on "Are we losing the art of conversation," Charlie Cochrane of Edmonton Toastmisters speaking on "Are Canadian sports a racket," Bill Haymond of Hinton Toastmasters speaking on "Were the good old days real ly so good." Dick McLaren of Hinton Toastmasters speaking on "The onslaught of pressured advertising. All of the speakers were very good and the same judges had difficulty in selecting the winner.

From these finals the winner, Mr. Feldberg will go to Saskatoon in May to represent Area 1 in the District 42 speech finals. In the event that he would be unable to attend the finals the runner up Mr. Wilson would represent the Area.

Mr. for the dance was Toastmaster Jim Mare of Edmonton who kept the crowd up and mixing with a variety of dances. Some of the prizes must have come from a horticultural society from the looks of them.

During and following the dancing a number of ladies mentioned that they would like to see a Toastmistress Club formed. There has been some talk of this ever since the Toastmasters were organized but to date nothing has been done about it. It could very easily be that Saturday evening's program will add the necessary incentive needed to form the feminine counter part of Toastmasters in Hinton.

Boiler explosion causes mill shutdown

HINTON—

An explosion occurred in the boiler of North Western Pulp & Power Ltd. at 11 p. m. Wednesday, April 12. Cause of the explosion is unknown at this time. No one was injured.

Experts were called in from Combustion Engineering, Alberta Welding and the Provincial Boiler Inspector's Office. In addition, repair work is being carried out by company and operational personnel.

The plant is expected to be operating again by Friday, April 21st.

Library work important community service field

"Canadian Library Week" will be celebrated this year with developments in all fields and in all countries. The slogan Reading is the Key which has been adopted for Canadian Library Week is very apt

Good books, readable and good libraries are indeed the key for a better informed and enlightened public.

Since 1907 the Provincial Government has recognized the importance of books in the cultural life of Alberta and has given its support and financial assistance to public libraries. A succession of public Libraries Acts has led to the establishment of 144 libraries over Alberta.

However, there is a need for more and better libraries in many parts of the Province, particularly in our rural areas, where the provision of good libraries service is not as widespread. The present Library Act makes possible the establishment of improved library facilities for rural Alberta, and the increased support and financial assistance offered to our rural residents by the Provincial Government recognizes their need for better libraries.

Today, more books than ever are being published, and more and better libraries are essential if we are to keep abreast with developments in all fields, and in all countries.

The car for people who like boats
A Volkswagen will cost you a thousand dollars more over conventional cars, and will do much more. You'll save enough to buy a boat and trailer. Or a trip to Europe, or the best part of a backyard pool.
The car you'll get to go with it is designed and built to meet the needs and to the comfort of the average family. Big enough for two adults, three growing kids and luggage. Small enough to park where other cars can't.
Because we don't believe in costly style changes, we can build more quality into the car. A VW doesn't date and it doesn't deteriorate. It just keeps running around, year after year, looking as up-to-the minute as the cars in the showroom.
You can expect to get 30 miles from a gallon of gas under normal driving conditions. You'll never need anti-freeze in the water. Because there isn't any.
You can cruise all day in the sun, or downtown for hours in a jam. The Volkswagen can't boil over because its engine is air cooled. It's far from wasted fuel when Volkswagen owners get 40,000 miles without a major repair.
If you'd like to buy a boat for anything what for a thousand dollars, see your Volkswagen dealer. He'll show you the car that will ease your standard of living

Trade between nations is at an all time high. West Germany is one of Canada's best customers. And every Volkswagen sold in this country helps Canada to sell Germany more Canadian goods.

School Division to hold budget meeting April 26

A date for a budget meeting of Edson School Divisional Board was set for April 26 when the Board met in Edson for its regular meeting on April 12.

In addition to finalizing the budget a meeting with representatives of the Highway Traffic Board is scheduled for this date as well. The school authorities have this meeting each year to discuss van routes and safety measures within the Division.

Present at the meeting were Messrs. A. L. Pasnak, J. Nikolaiuk, J. H. Lawton, G. Monsma, M. N. McLeod, and A. W. Leonard, Superintendent of Schools A. D. Jardine, Assistant Superintendent A. R. Kratzmann, Superintendent of Works P. O'Hara, Secretary Treasurer D. S. Blundell and Teacher Representative B. A. Binnie.

Purchase of Trailer. The committee reported that they had inspected a number of trailers which could have been used as a teacherage and recommended that this purchase be tabled until July of this year in order that the circumstances may be more adequately evaluated. A trailer for the use of the repair staff is presently under investigation and a further report will be given at the next meeting.

Purchase of Van. Moved and carried unanimously that the Board borrow the sum of $8 397.00 with repayment over a five year period and that a 48 passenger van be purchased for the Wildwood area to replace the 1940 Chevrolet van which is no longer mechanically fit to operate.

Assistant Secretary Treasurer moved that with regret the Board accept the resignation of Mr. J. Eshoe, Assistant Secretary Treasurer, and that the mail for applications be advertised immediately and that a committee be set up with power to accept and appoint an applicant.

Entrance Woodshed. The secretary-Treasurer opened and read the tenders received for the Entrance Woodshed as follows: Mr. Gordon Watt, $25.00; Mr. Carl Luger, $25.00 Moved that the high tender of $33.00 be accepted subject to the building being removed from the school site.

Assistant Superintendent: Moved that very regretfully the Board accept the resignation of Mr. A. Kratzmann from the position of Assistant Superintendent and on behalf of the Board wished him every success in his future endeavours on behalf of Education It was also moved that the position be considered and advertised immediately in order to secure a replacement.

Hinton Custodian. The Board read and discussed the 18 custodian applications for the Crescent Valley School at Hinton, Alberta. After considering each and every application it was moved that Martin P. Petersen, Hinton, Alberta be appointed as custodian for the Crescent Valley School effective April 1, 1961 and at a salary of $231.01.

Other Matters Discussed were: sale of Mercoal one room school, trustees salary negotiations to date, using the 1940 Wildwood van as a travelling library, administrative salaries, report of the Assistant Superintendent of Schools, retaining a solicitor for the Division, report of the Superintendent of Works, van loans, Hinton training arrangements, correspondence, Superintendents report, paint tenders with the decision deferred, business of individual trustees, fees charged for School Auditorium, meeting with the Teacher Economic Committee.

A special meeting will be held in the Edson Board Room, April 26 at 2:00 p.m. The next regular meeting will be held May 17, at 10:00 a.m. in the Edson Board Room.

LEADER PERSONALITIES

THE COMPOSING ROOM MAKEUP STONE is the next step in getting the news into readable form after the type has been "set" as we showed in last week's Leader staff personality. Jake Boos at the page form has been with the paper for four years and his quick grasp of the week's news as it builds up in type is the next step in getting the material into large steel forms for taking to the press room. Next department is the press room where the actual printing takes place.

H & S sponsor family play

The Edson Home and School Association is sponsoring a play, "The White Sheep of the Family," the cast consisting of Jasper players

Bring the whole family out to this enjoyable comedy to be held at the High School Auditorium on May 6, 1961 at 8.15 p.m

Swimming pool to be completed in April

HINTON—

All the effort, time and money expended towards the construction of the swimming pool in the past two years by the citizens organizations and businesses of Hinton will finally bear fruit by the end of this month when the pool reaches completion. The apron and the change house, had two major jobs to be finished, are almost completed, and twelve men are working steadily to meet the April 30th deadline As soon as the summer sun is high enough in the sky to make outdoor swimming pleasant, the citizens of Hinton will be using their pool.

On May 17th, two students from the University of Alberta will arrive to take over the duties of supervising the pool, giving swimming lessons to children and doing lifeguard service. One, Joe Lovsin is already known to many local people He will be employed as pool superintendent His assistant will be Rod Esper

At this time the administration of the pool will be turned over to the town although a formal opening and official presentation to the town will take place at a later date

East District Doin's

By FERN ICE

Several folk enjoyed a windy Monday in Edson, and we do mean windy. Saw one gentleman who had reason to thank his lucky stars, when the plywood covered detour in front of the Treasury Bank collapsed minutes ago by an uncomfortable margin

The sympathy of our community is extended parents and relatives of the two children who lost their lives Sunday, in a drowning tragedy three miles north of Edson

Mr. and Mrs. Smith and family, residents of Edmonton who recently purchased land in the district, called on their new neighbors Sunday afternoon, and enjoyed coffee with Harold and Minnie Thomas

Three young riders tried to unlimber their saddle broncs last weekend, and three bit the dust. As we always say, better stick to the old automobile, it hasn't a mind of it's own

Had a letter from Mr and Mrs. Herb Capps and learned that they are getting settled in their new home near La combe The Lappis send a message to all of their friends, thanking one and all for the supper parties, social evenings given in their behalf and all assistance given them during their moving operations

Mr and Mrs Frank Smith are spending every available moment on their new house and hope to have it ready to move into before too long

Mrs. Harold Thomas enjoyed last week in Edmonton at the homes of her daughters and their families

Edson was that bee hive of activity Thursday afternoon due to the lunch held in the commodore banquet room A three way tie between Glenn and Melvin Hellekson and Harry are away to Calder ton on a holiday

Jogging out from under our fourth or fifth Easter snow storm we have come to the conclusion calibrum wasn't such a bad idea at that

A poor old drummer grouse that has been making himself heard the past two weeks, must have gotten his wires twisted too, according to the fables when the drummer (grouse) starts sending out his signals spring is here Likely as not the poor old rooster is burned under a feed of snow

It has been ten days since the wire was strung and local residents really began to think the power was just around the corner, but alas they are still waiting. It seems now that the power company has to get permission to cross the pipe line with the electric wires Let's take this in it we can — the pipe line is buried so many feet under ground the high tension wires are so many feet in the air ah well, rules and regulations, so have patience folk, it is too late to bark out now

The Farmers' Day picnic will take place June 6th and according to latest report the dance will be held in Carrot Creek Hall The crowning of the F.U.A. Queen will not be a feature of the picnic as has been in the past This will take place in Edmonton, and to compete candidates are required to sell 20 books of tickets. Proceeds from the sale of tickets will go toward the completion of the Gold Eye Lake Junior F.U.A. Camp

Did you know that Twelve Foot Davis was just a little "Fellah" there enough He got his big name because of a 12 foot strip between two prospectors who had measured their claims with a fisherman's rule that must have been what happened! Anyway Davis mined this 12 foot strip and took out $20,000 in gold
